

Hidden Billionaire Chapter 765 - Entering into a Deadlock

C765 Entering into a Deadlock

Azure Dragon quickly drove his car with Security Team to the scene of the crime.

Zhang Chi and the others were still guarding where they were, anxiously waiting for Wu Tian and the others to arrive.

When Zhang Chi saw the team stop beside them, he immediately ran over.

"Is it here?" Su Cancan asked straightforwardly. She got out of the car and quickly checked the surroundings. There was a bungalow nearby and most of it was in tatters.

"Yes, this is called Li Jia Village, a village in a city called S City."

Zhang Chi quickly answered on the side.

However, this matter made Wu Tian frown.

"What are you doing here?" After all, Zhang Chi was the General Manager of the Huaxing Branch, and Xi Chengwen was an artiste working for the company. After all, the two of them could be considered high-level talents.

"This... Xi Chengwen used to live in this place. When we passed by, she said that she wanted to eat the snacks at a stall here, so we came here. But it was really unexpected ... "

Zhang Chi regretted that he did not reject Xi Chengwen's request.

She had wanted to come to this place since a long time ago. It was just that Zhang Chi had not agreed to it all along.

Later on, Zhang Chi saw that Xi Chengwen's job was very hard, so he couldn't bear to refuse her.

"Enough, these things don't need to be said too much. Let's find someone first. "

Wu Tian waved his hand, while he followed Su Cancan and watched how they tracked the scent.

"When you were stopped, did you see what the enemy looked like?"

Azure Dragon took Zhang Chi aside and interrogated him in detail.

"Most of them are wearing masks. I really can't see their faces, but there seems to be some dragon or tiger tattoos on their arms."

Zhang Chi could only provide this much information.

Azure Dragon frowned. The area was too big. The people from the underground powers all had tattoos, so that alone was not enough.

"Also, the monsters in their tattoos have red eyes."

Zhang Chi thought hard for a while, then suddenly slapped his thigh and remembered a very important piece of news.

"Red Power!" With that said, Azure Dragon knew.

In the entire S City, only people with Red Power would have this kind of tattoo. It was said that it would appear very domineering, and could also be distinguished from other underground organizations.

The senior brother on Su Cancan's side brought his dog. He gave this dog a sniff of Xi Chengwen's stuff, and sure enough, he found some clues.

Dogman shouted in a certain direction towards the village within the city.

They immediately tensed up. It seemed that the enemy had not brought Xi Chengwen too far away from them.

At this moment, Wu Tian's phone suddenly rang.

It was a message from Loong Yun.

The content was a photo sent by a robber. Xi Chengwen had been turned into a dumpling and was trapped on a chair.

A knife was resting on her neck.

There was still one more sentence, and it was very clear.

"If you don't want her to die, then don't enter the Li family village."

After Wu Tian read the message, he shouted and called Su Cancan and the others back.

"What are you doing, leading blindly here!" Su Cancan was extremely anxious. She knew that time was of the essence.

"We can't go in. The enemy has spies. If we go in and search, they'll kill her."

Wu Tian said in pain. He didn't expect that the enemy would grab him by the throat. It seemed like they came too late.

"What?" Su Cancan took the phone and looked at the photo. She was so angry that her whole body was trembling, but she couldn't take a single step forward.

Ding dong.

Wu Tian's phone continued to ring.

The enemy made a new request, asking Wu Tian to pay a billion yuan in ransom. They couldn't call the police, and they couldn't enter the Lee family village. Otherwise, they would kill Xi Chengwen.

This money wasn't a big deal, but Wu Tian knew that even if he gave them the money, it wouldn't change anything.

With Xi Chengwen in their hands, there was nothing he could do.

"These bastards!" Su Cancan was so angry that she stomped her feet. There was nothing she could do.

With so many of them here, they were definitely being watched.

Earlier, Su Cancan had tried to sneak in a senior brother of hers, but after just a few steps, a message came from the robbers and they had no choice but to retreat.

"What should we do? Aren't you usually very smart? Hurry up and think of a way. We can't let Xi Chengwen get caught like this, can we?"

Su Cancan even started to vent her anger on Wu Tian.

"Don't worry, don't worry. Let me think about it. " Wu Tian didn't show any impatience. On the contrary, he was very calm. It was this calmness that made Su Cancan feel that Wu Tian didn't seem to be considering how to save someone.

None of them could do anything inappropriate in this place, or the enemy might kill her at any moment.

The most important point was that the enemy had urged Wu Tian to pay the one billion yuan ransom, but he didn't say that he would release Xi Chengwen after receiving the money.

On one hand, Loong Yun was negotiating with her enemies, but on the other side, Wu Tian could only contact his friends to help.

After Wei Jiaming received the news, he immediately started to move.

When he came to help Wu Tian, although he said that he didn't have Azure Dragon's ability to fight, but he had great talent as a detective.

Moreover, this guy had almost never shown himself, so he didn't need to be afraid of the enemies' suspicions.

"Delay with the enemy first. Tell them that we need time to prepare the funds." As Wu Tian instructed Loong Yun to continue the negotiations, he urged Wei Jiaming to hurry up and arrive at the scene.

Wei Jiaming did not directly enter the village. Instead, he walked on a very remote path and silently sneaked into the village.

As time passed, the enemies didn't seem to want to do this with Wu Tian. They also knew that it wasn't a good choice for them to drag on.

"They're threatening us already. If we don't hand over the ransom within three minutes, they'll kill her!"

The message from Loong Yun almost made Wu Tian despair.

How could he possibly have such a powerful method to save Xi Chengwen in such a short period of time?

It would take Wei Jiaming a while to find out where they were.

He made up his mind. Wu Tian clenched his teeth and sent a message to those robbers.

"I'll exchange for Xi Chengwen. You guys take her out, and I'll be your hostage."
