

Hidden Billionaire Chapter 768 - People from the Wu Family

C768 People from the Wu Family

When Wu Tian came, he asked Su Cancan for the bewitching incense.

Although the bottle was only the size of a fingernail, the liquid inside could easily confuse a large group of people.

But there was no need to worry, Wu Tian had a Soulshake Pill in his mouth. This was the antidote that was specifically used to remove the bewitching incense.

As long as it remained in his mouth, it would not be affected by the sleeping incense.

After Wu Tian finished all of this, he immediately rushed towards the masked woman. He wasn't in a hurry to fight with her. As long as the effects of the medicine worked, he could easily defeat her.

The two of them kept fighting back and forth for a while. The masked woman's speed had indeed slowed down. Wu Tian was instantly happy and quickly increased his attack speed.

The masked woman also noticed this and glanced at Wu Tian strangely. She realized that she was gradually losing her hold on his attack. There must be a problem.

Although the masked woman's speed had decreased, it was still way out of Wu Tian's control. She stuck to Wu Tian like a snake, and it was unknown when her head came over to Wu Tian's back, reached out to grab Wu Tian's head, then kissed him.

Wu Tian was stunned. He was still reaching out to grab the mad woman behind him, but he didn't have the strength to do so.

The masked woman searched with her tongue, then she pinched Wu Tian's chin and took out the Spirit-Sobering Pill in his mouth.

How did she know?! Wu Tian couldn't believe it at all, but without the Soulwake Pill, he immediately felt a heavy sense of sleepiness coming towards him, and his eyelids got heavier and heavier.

No, I can't fall down yet! Wu Tian mustered up his courage and continued to tangle with the masked woman. He saw her put the Spirit-Sobering Pill into his mouth and walk to Wu Tian's back in a relaxed manner.

Wu Tian didn't react as quickly as before. Although his body reacted, before he could turn around, the masked woman had already placed a knife on the back of his neck. His eyes darkened and he lost consciousness.

After an unknown amount of time, Wu Tian vaguely felt that his body was a bit cold. He slowly opened his eyes and wanted to stretch his limbs, but he found that he was only left with a pair of underpants, and then was tied to the bed in a big word.

There was even something stuck in his mouth that he did not know what, making him unable to make a sound.

Wu Tian yelled as he desperately twisted his body, hoping that he could break free.

Not far in front of him, the masked woman held a whip in her hand. There were a few silver barbs on the edge of the thick whip, which looked very frightening.

"I've woken up. The game that I've been waiting for is finally about to begin." The masked woman brandished her whip and simply produced a whip in the air, like a firecracker.

"Aren't you curious what I want to do? Also, what did Chang Zairong promise me? I'll tell you right now, I'm the right protector of Tianying Sect, you can call me Wu Yingqiu. "

Wu Tian's struggle suddenly stopped, he had seen this name before when he was organizing the information on Wu Family.

He had thought that Wu Yingqiu was like Wu Zaibin and Wu Zaiyao, a distant relative. He had left his family long ago, so even though he hadn't seen her, he didn't pay much attention to her.

However, at this time, the masked woman suddenly laughed and said her name was Wu Yingqiu. Wu Tian couldn't accept such a shocking thing.

"I know what you're thinking, and whether you're guessing whether or not I'm someone from Wu Family. I'm very sure to tell you this, my chief, but I'm actually that Wu Yingqiu. Moreover, I'm also the right protector of Tianying Sect."

As Wu Yingqiu spoke, she took off the mask she had been wearing and revealed the face underneath.

When Wu Tian saw this, he felt sick.

He immediately understood why Wu Yingqiu always wore that mask.

Wu Yingqiu's face was covered with a large wound, which opened her mouth wide.

Her upper and lower lip seemed to have been cut off, and it was frightening to see her teeth baring their gums like that.

"How is it? Are you disappointed? Why am I like this?" Wu Yingqiu pulled up her mask again and a whip landed on Wu Tian's body.

This whip was indeed powerful. With this strike, a bloody mark appeared on Wu Tian's body. The barbs on the whip even sliced off quite a bit of flesh.

Wu Tian didn't say anything. Of course, he could feel the pain, but he really couldn't understand what happened to Wu Yingqiu to turn out like this.

"All of this is because of your Wu Family! The condition that Chang Zairong agreed to give me is very simple, it is that I can use my method to kill everyone of Wu Family according to my will! "

Wu Yingqiu burst out laughing. She had already twisted her body. In the blink of an eye, a few more whips had hit Wu Tian's body.

"If it weren't for me, would I have become like this? All of you must die! "

Wu Yingqiu's gaze was filled with viciousness, a determination that left no room for compromise.

"All of this. I will let you, the great Patriarch of Wu Family, personally experience it. "

Saying that, a voice thought, the iron door in the room was knocked open, and a lazy voice came from outside the room.

"I'm so tired. Wu Tian, come back with me."

Su Wenxin walked in, yawning and dressed in pajamas.

Her appearance stunned both Wu Tian and Wu Yingqiu.

"Why are you ..." Wu Yingqiu looked outside and saw that her men were all lying on the ground. They hadn't even made a sound before they were all beaten down by the man in front of her.

Wu Tian was elated. He almost cried. He didn't expect Master Su Wenxin to show up at this time. It was so touching.

Honestly speaking, Wu Tian thought that he was going to have a bad day today and become like Wu Yingqiu.

"Are you the Right Protector? Where's that old woman? Is she dead?" Su Wenxin looked Wu Yingqiu up and down with an expression of indifference.
