### C781 A Tough Guy

Although Su Cancan looked a bit embarrassed, she wasn't in a hurry. She was still very methodical.

She turned her head to look back, only to find that her back was already suspended in the air. Below the car was the ground.

If she fell, at least she would have a fracture. If he were to rub his face, it was possible that his face would be disfigured.

"You're nothing special, looking that handsome."

Wu Yingqiu grabbed Su Cancan by the collar and pushed her down.

It would be a pity not to ruin her pretty face.

Su Cancan quickly bent down, grabbed the handlebars on the edge of the roof, and flipped herself backward, kicking Wu Yingqiu away with her foot.

However, this kick didn't do much damage to Wu Yingqiu. She immediately rushed forward again.

However, her target this time was Su Cancan's finger. She wanted to stomp on it.

Having seen through Wu Yingqiu's thoughts, Su Cancan quickly used her hands to pull herself back onto the roof of the car.

"An insignificant skill." Su Cancan let out a cold snort. This time, she knew exactly what kind of opponent Wu Yingqiu was, so there was no need to hide like that.

The first thing she did was to put some distance between herself and Wu Yingqiu.

Su Cancan wasn't particularly good at hand-to-hand combat. She was from the Wudu Sect, so of course the most powerful thing would be her ability to use poison.

This time, however, the terrain was not that attractive to Su Cancan. A bit of poisonous fog and smoke, when used on the roof of a car, would have no effect on her.

"Are you afraid? "It seems like you don't have enough awareness." Wu Yingqiu did not know why she said so much, but when she saw Su Cancan's beautiful face, she felt a desire to completely destroy her.

Other than the people from Wu Family, this was probably the kind of person Wu Yingqiu hated the most.

"Your time of death has come." Su Cancan said coldly. She took out a palm-sized jar from her body. It looked very unremarkable.

However, there were two black snakes inside the cave. In the dark night, no one could detect their existence.

Wu Yingqiu also did not notice this point. She prepared to retreat and continue charging forward, but a gust of wind came from behind her, forcing her to give up on this idea.

At this moment, Wu Tian had completely aroused his fighting spirit. Although he was beaten badly, he didn't sustain any serious injuries.

Now that he had gotten the chance, Wu Tian was ready to pour out all of his anger.

However, Wu Yingqiu's reaction was too fast. She had already felt Wu Tian's attack. She twisted her body a few times and then dodged them all.

Wu Tian did not plan to just let it be. He attacked towards Wu Yingqiu without any regards for her safety. The other side was too nimble. It was like a mud fish that could not be caught.

Wu Yingqiu could even take the time to attack Wu Tian a few times, as a form of provocation.

This made Wu Tian even more infuriated. At this time, he had completely let go of his defense, and was only thinking of attacking her with his grand opening and closing techniques.

However, this thought did not last long before the other party had already jumped up and was about to kick Wu Tian's body. At this moment, a small black snake, like a lightning bolt, flew over. Due to the distance being too close and the snake's target being too small, Wu Yingqiu did not notice.

She felt as if something had crawled into her clothes.

While she was attacking, she couldn't care less. She just didn't expect her body to suddenly hurt. Wu Yingqiu felt as if her thigh had been bitten.

Originally, such a small wound was no big deal for her. With the single bite of the snake, she felt her wound become scorching hot. Almost in an instant, she felt that her leg had lost all strength.

For a moment, she could not hold on and fell crookedly onto the roof of the car.

"Damn it!" Wu Yingqiu immediately realized that she was poisoned. She wanted to catch the snake that was jumping up and down inside her clothes, but this thing was hidden inside her clothes and it was very difficult to pull it out.

Furthermore, Wu Tian and the others would not just stand there and watch Wu Yingqiu deal with this matter.

After regaining his senses, Wu Tian saw the opportunity and struck out his fist like a storm.

The situation was reversed in an instant. The originally arrogant Wu Yingqiu was easily defeated by Wu Tian, and she let out a painful scream.

When Zheng Taiwen heard the voice above, he felt something was wrong. He knew that Wu Yingqiu must have been killed and that he had no choice but to help.

He quickly braked and abruptly stopped the car.

Zheng Taiwen opened the car door, jumped onto the roof in a flash, and blocked Wu Tian's attack. He used his body to protect Wu Yingqiu. He turned around and glanced at her, only to see that her legs were already starting to turn black.

"You've been poisoned!" Zheng Taiwen turned his head back. He knew Wu Tian, but he didn't have the ability to poison him.

The only possibility was the woman on the other side.

At this moment, Su Cancan was looking at the situation with a frosty expression. Since the team had already stopped, the security team got out of the cars one by one and surrounded Zheng Taiwen and Wu Yingqiu.

"Isn't this the person from Wudu Sect? Looks like Su Wenxin is indeed still at the S City." Zheng Taiwen smiled. He finally had some motivation.

If it was only two people like that, he really wouldn't have much interest in it.

Su Cancan didn't reply at all. If she could hear her master's name appearing in his mouth, she would know who he was.

Previously, Wu Tian had mentioned that there was such a person who seemed to have a personal relationship with her own master.

If that was the case, then he could be considered an enemy. She could only gain face by defeating him.

"Everyone be careful, let's go!"

Su Cancan and her seniors attacked together, but this time, what they attacked was not a fist or leg, but a black poisonous fog.

Following their descent, the surroundings were immediately enveloped in a pitch black fog.

Zheng Taiwen knew how amazing these things were, and it wasn't the first time he dealt with people from Wudu Sect. He quickly pulled up his clothes and blocked his nose and mouth.

### **C782 The Gap in Strength**

As for Wu Yingqiu, this guy was already unconscious due to his negligence, so Zheng Taiwen didn't have time to care about her.

As expected, the moment the poison mist disappeared, the other party would immediately start attacking.

During this process, he absolutely could not allow himself to bleed. The moment this black mist touched his wound, it would immediately invade his body.

Zheng Taiwen's guess was indeed not wrong. Just as he finished his preparations, he heard the sound of something tearing through the air, whistling through the black fog.

He quickly lowered his body and dodged the wave of hidden weapons.

However, things weren't over yet. Su Cancan and the others felt that their efforts had failed and immediately started a second wave of attacks.

In her hand, there was a pocket-sized crossbow.

Each of the crossbow bolts had a different color light scattering from them. This meant that this thing was extremely poisonous. If one did not want to die quickly, it was best not to touch it.

Zheng Taiwen heard the sound of the bowstring outside as the crossbow was fired. He knew that his opponent had this kind of weapon, and if he were to continue, he wouldn't be able to waste any time.

He simply stood still and took a horse stance. Then, with a loud roar, he sent the energy in his body away like an explosion.

A translucent shockwave easily dispersed the black mist and even created a gust of wind as if it wanted to knock Su Cancan off the roof.

Since Su Cancan was in such a state, her seniors were naturally in no better shape.

"This sort of play is really meaningless. It should be over soon." Zheng Taiwen's voice sounded like an evil ghost that had just returned from hell. It sounded like he was grinding his throat, which made people's ears hurt.

Su Cancan didn't know what was going on with Zheng Taiwen, but from Zheng Taiwen's body, there was a powerful fluctuation of energy. She clearly knew that it was not something she could deal with.

"Not good, retreat!" Su Cancan quickly shouted at her seniors while she also quickly pulled Wu Tian off the roof.

It was also at this time that Zheng Taiwen suddenly rushed over with his hand in the shape of a claw.

He was even faster than Wu Yingqiu, moving as fast as teleportation.

The moment he grabbed down, an ear-piercing sound of metal tearing was emitted from the roof of the car.

With just his own hands, he had actually broken the metal roof of the car.

Seeing that his attack failed, Zheng Taiwen raised his head and looked around as if he was looking for his prey.

After finding Su Cancan's figure, he rammed into her.

Su Cancan couldn't dodge in time and was sent flying like a cannonball dozens of meters away.

"Su Cancan!" Wu Tian shouted loudly when he saw this. However, at this time, he was also like a mudskipper crossing the river. He couldn't even protect himself anymore, how could he have the ability to save Su Cancan?

Zheng Taiwen easily grabbed Wu Tian's neck with one hand and carried him in front of himself.

"That face of yours really makes me feel disgusted. No matter how I look at it, I can't get to like it." Zheng Taiwen actually started to criticize Wu Tian. The strength in his hand was like a pair of pincer, fiercely pinching Wu Tian, making him unable to move at all.

"I'll kill you!" At this time, Wu Tian couldn't care so much anymore. He felt a lump of anger rising from his Dantian.

He reached out and grabbed Zheng Taiwen's hand. At this moment, he actually burst out with great power. In front of Zheng Taiwen, he forcibly opened up Zheng Taiwen's fingers, allowing his neck to regain its freedom.

Wu Tian found it hard to believe that he actually did it, and the one that did it was obviously Zheng Taiwen.

He was very clear about how powerful he was in his current state, but this Wu Tian had always been so weak. How could he suddenly unleash such a strong power at this moment?

However, Wu Tian didn't intend to give him time to ponder over it. He waved his fist and hit Zheng Taiwen's face. If he remembered correctly, this was probably the first time he had the advantage in a fight with Zheng Taiwen.

Zheng Taiwen was knocked down all of a sudden and his body fell heavily onto the ground.

Wu Tian hurriedly gave chase to Chen Sheng, but this time, Zheng Taiwen easily blocked his punch.

"Enough, you really pissed me off." Zheng Taiwen's powerful pressure immediately swept over. The power that Wu Tian had exploded out was like a child's in front of him as it was powerless.

Zheng Taiwen grabbed Wu Tian's fist and pulled him in front of himself. Zheng Taiwen's forehead hit Wu Tian's head heavily.

This collision was like Wu Tian using his head to hit a train. He only felt that stars were starting to appear in front of his eyes, making him unable to see clearly anymore.

Am I going to end up like this?

Wu Tian was unwilling to accept this, but at this moment, no one could hear his call.

"Master Su, where are you? Quickly come and save us."

Wu Tian couldn't help but recall Su Wenxin's figure. Last time, she saved Wu Tian like a Powerful weapon descending from the sky. This time, Wu Tian really hoped that she could appear again.

"Go to hell!" Zheng Taiwen's voice entered Wu Tian's ears. He didn't need to look to feel the strong wind from his fists coming towards his face.

Wu Tian didn't expect his ending to be like this. He started to think about everything that had happened.

It was just that he felt that he had let Su Cancan down and dragged her into this.

Just as Wu Tian was about to welcome his return, he felt something flying past him. With a "ding" sound, he forcibly interrupted Zheng Taiwen's punch.

Wu Tian quickly opened his eyes. He knew that his chance had come. He stood up and quickly moved aside.

He looked around hastily, but there was no one around at this time. However, something seemed to be floating in front of Zheng Taiwen.

Wu Tian took a closer look, he didn't expect it to be a metal ring floating in the air.

Its entire body was a golden yellow, and from time to time it would emit a metallic hiss.

"Originally, we were all living beings, there is no need for us to fight with each other here."

A voice came from a tree by the side of the road. Wu Tian and Zheng Taiwen both looked over and saw a person seemed to be meditating there.

## **Hidden Billionaire Chapter 783 - Comprehensive Confrontation**

### **C783 Comprehensive Confrontation**

Wu Tian didn't care who this person was, the key point was that he saved his life.

"Thank you, master, for your great kindness."

Wu Tian quickly cupped his hands in thanks. No matter what, Zheng Taiwen had yet to be defeated. He had to think of every possible way to gain an advantage.

"You f \* cker, I'll kill you!" At this time, Zheng Taiwen seemed to be a bit manic. He did not care about Wu Tian's situation and rushed towards the mysterious man with all his might.

He was very fast. In the blink of an eye, he had already arrived in front of that man.

However, before Zheng Taiwen could make his move, the metal hoop flew back and struck the back of Zheng Taiwen's head.

He immediately lost consciousness and his body softly fell to the ground.

Wu Tian was dumbfounded when he saw this scene. How did this guy do it, and what was that metal ring? Could it be the legendary flying sword?

His heart was instantly thrown into disarray, but Wu Tian did not forget what he should do. He hurried over to find Su Cancan and help her back.

Fortunately, she was only knocked unconscious. Now, with Wu Tian's help, she slowly regained consciousness.

The sudden reversal in the situation left everyone in disbelief.

Wu Tian quickly turned around to look for that mysterious person, but there was no one under the tree.

He just left that sentence in the air.

"Tonight's matters must be kept a secret."

As he spoke, he left just like he had appeared out of nowhere.

Su Cancan looked at Zheng Taiwen lying on the ground and looked at Wu Tian in shock. "Did you do this?"

Wu Tian shook his head. Of course, he hoped to say that it was due to me, but his heart was completely lured away by that mysterious person.

"It wasn't me, it was an expert from just now ..."

Wu Tian didn't know how to describe that person. He had only used a single move to defeat Zheng Taiwen. He didn't even see him attack; only the metal ring was flying.

"Whatever. It's fine as long as we win." Su Cancan rubbed her head and shook her body. She walked over to Zheng Taiwen and kicked him twice in annoyance.

After that, she and the security team brought Wu Yingqiu and Zheng Taiwen to their car, while Old Master Wu Zhi was successfully saved.

On the way back, Wu Tian's feelings were mixed.

It wasn't just that mysterious person who opened Wu Tian's eyes. Also, Wu Tian's strength was too small within the China.

Even if he was compared with Zheng Taiwen, he wouldn't be able to fight back, let alone those experts that never appeared.

"We can't continue like this. We have to think of a way to increase our armed strength." Wu Tian looked at the security team. Everyone was squeezed into the same car. There were only seven or eight people.

It may be enough to protect one person, but it's not enough to protect the whole company.

"How are we going to expand our troops? It's not like we don't have the means to wield firearms ..." Su Cancan replied. She felt that Wu Tian might be treating them as useless.

"No, no, no, I will think of something, don't worry about it." Wu Tian had already made some plans, he knew what he should do when he got back.

After returning to the company, Wu Tian didn't even go to rest. He called for Wu Zaibin and had a long discussion with him.

Previously, Wu Tian told Wu Zaibin to go to Korea's Ministry of Land for negotiations and said that he wanted to buy the island. Wu Zaibin did indeed go, but their attitudes were very firm and they proposed a very high price.

"How much did they offer?" Wu Tian asked as he calculated the amount of money he could transfer.

Wu Zaibin was woken up in his sleep, but at this moment, he was still confused.

"They want 10 billion, but I don't agree. This price is too expensive."

Based on the current situation in Korea, this ten billion was truly an exorbitant price. It was possible that they wanted to get rich like this as well, which was why they were bidding so high.

Wu Tian frowned. It wasn't that he couldn't afford it, but he couldn't spend it like this. There were still a lot of things that needed money later on, so he couldn't waste it like this.

"I can only give him 5 billion at most. If they don't want to, then come back. At most, we won't want that island anymore." Wu Tian said very decisively, but he changed the topic.

"However, how is the high-tech research and development company that I asked you to set up doing?"

This was what Wu Tian really cared about, and it was also what Wu Tian was most worried about right now.

"We did manage to get that done, but it wasn't very smooth. There were only a few people from the same department." Wu Zaibin didn't expect Wu Tian to ask this question and felt a bit embarrassed.

He had been quite casual about this matter, so he hadn't paid too much attention to it. He had obviously sent out the recruitment notice, but whether or not there was anyone willing to come was entirely up to him.

"I don't care. You think of a way right now, find me the person with the strongest Korea. No matter what method you use, the reward can be raised to ten times!"

This time, Wu Tian really invested a lot. After hearing Wu Tian's words, Wu Zaibin didn't feel sleepy anymore. A salary of ten times was not something that ordinary people and companies could afford.

"Alright, I got it. I'll do it now."

After hanging up the video call, Wu Tian started to turn his gaze towards China.

The reason so many things had happened in this period of time was because of this General Chamber of Commerce's Chang Zairong. If it wasn't for him, Wu Tian and the rest wouldn't have nearly lost their lives.

"You're the one who doesn't care about righteousness. Since that's the case, don't blame me for being heartless." Wu Tian hit the table hard with his fist, while his eyes were filled with the light of revenge.

On the morning of the second day, a recording was suddenly sent to the inspection institute for S City as well as various major media outlets.

When everyone heard the content inside, they immediately burst into an uproar.

Because it was actually the recording of the meeting between Chang Zairong and Liang Zhenhai in the red light district of Korea Nation.

Wu Tian had hidden up there and secretly recorded the sound. However, he felt that it wasn't a good time recently, so he didn't take it out.

However, this time, Wu Tian didn't hide anything and directly went to war with the China's main chamber of commerce.
