

Hidden Billionaire Chapter 885 - A Powerful Maid

C885 A Powerful Maid

Wu Tian only realized the seriousness of the situation after running out to take a look.

At this time, the three enemies had already encircled him along three paths.

There was only one choice left for Wu Tian. He could only run forward desperately along the remaining path.

The few people behind followed him leisurely, as if they were playing a game of cat and mouse. They were in no hurry at all.

"Di Gu, since you want to stretch your body so much, why don't I give this opportunity to you!"

Tian Ling said slowly. The three of them had already gathered together. She felt funny as she watched Wu Tian run away.

Tian Ling loved to watch her enemy run for his life. The despair on his face, combined with his desire to survive, would give her a unique sense of success.

"That's what I want!"

Di Gu had a bad temper. Now that he finally had the chance, he naturally wasn't willing to let it go.

He chased after Wu Tian with small strides. Although his steps weren't big, it was very fast.

Wu Tian's path seemed to be a dead end, and the shops in front of him were becoming fewer and fewer.

As he went deeper in, he could not even see a few customers.

Wu Tian suddenly realized that things were not going well and felt like he was caught in a trap.

The reason why the enemies left a path for him to escape was probably because they wanted Wu Tian to run to this place.

The enemy is probably planning to take action directly ...

"This is bad!" Quickly run, run back and call for help, I'll hold on here! "

Wu Tian knew that it would be hard for him to escape death, but this maid might not be the enemy's target, so if he placed this hope on her, there might be a way.

"President Wu!" How could this be possible!? Miss has told us that we are to treat you and Miss the same, and protecting you is also my duty! "

The maid's willpower was beyond Wu Tian's imagination. She did not plan to run at all, and there was no sign of fear on her face.

"Now is not the time to talk about this! I don't have the time to bullshit with you. If you don't run away now, you might die here! "

Wu Tian said anxiously. He was truly a bit angry. The enemies were not good people, they might be the same group of people that attacked him last time.

Naturally, they would kill without batting an eye. By then, the maid probably wouldn't have the chance to escape again.

They were still arguing, but Di Gu had already rushed in front of them.

Ye Zichen kicked towards Wu Tian, but luckily, Wu Tian was quick to react, so he dodged to the side in a flash.

Di Gu did not stop. He did not plan to kill Wu Tian directly because it would be less fun for him to do so.

Wu Tian fell due to the impact, so he quickly got up and prepared to face it head on.

However, just as he was about to make a move, Wu Tian suddenly felt an intense pain in his chest.

Perhaps the movement just now had caused his wounds to tear ...

Wu Tian clenched his teeth and almost couldn't hold his own strength. However, in the face of a great enemy, even if he couldn't take it, he still had to carry it.

"Give me your life!"

Di Gu growled, then he focused all his strength on his fist and threw a punch.

Wu Tian wanted to dodge again, but he found that he could no longer use any strength from head to toe.

Aiya, am I going to be finished here today!?

This was the first time Wu Tian felt true despair. He felt that there was really no hope for him.

It was also at this moment that a figure appeared in front of Wu Tian. Di Gu's punch did not even touch a hair on Wu Tian's body.

Wu Tian looked at the maid in front of him in surprise. He didn't dare to believe it.

He only hoped that she could escape. After all, she wasn't a member of Wu Group company. If something were to happen to her here, Wu Tian felt that he wouldn't be able to explain himself to Blanche.

Besides this, Wu Tian was also shocked by other things. Never in his wildest dreams did he expect this maid to be so powerful. She placed both of her hands on her chest and pushed all the strength out of her body.

She withstood Di Gu's punch.

Just the power from the explosion of the fist wind had already created a strong gale in the surrounding air.

The power of this fist could not be underestimated, at least, it was more than ten times stronger than the previous one.

But what was the background of this maid? She could actually catch that fist.

Di Gu was even more surprised than Wu Tian. He could not believe that the beautiful girl in front of him could be on par with him.

He quickly retracted his fist and took a step back. Then, he used his eyes to size up the girl before him.

"So there are experts here!"

Although the maid was very powerful, this punch was not without any damage to her. A little blood started to flow from the corner of her mouth.

The power just now was too great, and even the maid was unable to completely block it.

"Are you alright?"

Wu Tian quickly stood up and held the servant girl, afraid that she would pretend to be calm.

However, this maid wasn't as weak as Wu Tian had imagined. Her body swayed a few times before she regained her balance. She was hunched over, as if gathering her strength.

"President Wu, stand at the back. I'll deal with this enemy!"

When the maid said that she wanted to protect Wu Tian, it seemed that she wasn't joking, but it was true.

She might really have the ability to do so ...

With that, Di Gu immediately charged towards the servant girl with an evil grin. The two of them immediately started fighting.

Both sides were actually evenly matched. Di Gu was already very angry, so this attack could be said to be using all his strength. However, he didn't expect it to have no effect on the maid at all.

His speed was fast, and so was this female platoon.

He was strong, but so was the maid.

The battle between the two almost made the surrounding people dizzy. Wu Tian couldn't believe that this was real.

Even the two companions were stunned when they saw this scene.

"Di Yin, go help!"

Although Tian Ling was surprised by the situation, she immediately made the decision to not waste time in a place like this.

There were three of them, but Wu Tian and the others only had two. Since they had the advantage in numbers, they had to hurry up and subdue Wu Tian.

Hidden Billionaire Chapter 886 - Successful Escape

C886 Successful Escape

Di Gu seemed to feel the movements of his companion. He first made a feint and then separated from the maid.

Then, he landed in front of his partner and kicked Di Yin instead.

"This is my fight, neither of you are going to interfere!"

Di Gu had always had a stubborn temper. Once he decided on something, no one could change it.

Hearing him say that, Di Yin frowned. He looked at Tian Ling and the two of them felt helpless.

Since Di Gu had said so, he could only let him go.

Unexpectedly, just as they were talking, the maid pulled Wu Tian's clothes with one hand without any hesitation and was about to escape.

Seeing this, Di Gu was immediately unhappy. He still wanted to beat up this maid.

He had lived for so many years, and this was the first time he had met a woman who could fight with him for so long.

Most importantly, the other party was not a person from the China.

This made Di Gu more interested, so he had to have a good time. After all, there weren't many opportunities like this.

"Why are you so amazing!"

Wu Tian's weight was at least over a hundred pounds, yet this maid had only used one hand to pick him up ...

"I'm Miss Blanche's personal maid and her number one guard!"

The maid didn't make too many introductions, but it was just a simple introduction, but it already made Wu Tian realize how powerful the maid was.

No matter what, Blanche was a princess of Char Country, and had been out for a long time, it was impossible for her to not have any bodyguards.

The maids by her side were probably the first protective umbrella around Blanche.

The person in front of her was one of the most outstanding personal guards.

"So that's how it is! We can't continue to fight with them, hurry up and retreat! "

Although Wu Tian felt very gratified, he knew that there was no benefit in continuing to fight.

Fortunately, this maid wasn't a fool. She quickly escaped with Wu Tian whenever she had the chance.

However, Di Gu was very close to them, so he couldn't shake them off no matter how hard he tried.

As for the other two-man team, they were also hanging not too far away. The ones that weren't too far away seemed to be preparing themselves at any moment.

Seeing this, Wu Tian was stuck in a deadlock. He quickly pressed a button on his watch.

This is for emergency use, unless it's a critical moment, Wu Tian won't use it.

However, once it was used, it meant that they had encountered a very big crisis.

Then all the members of the Security Team must all make their moves at this time.

Very quickly, on the roof of the Wu Group Tower, a few helicopters took off and flew towards the shopping mall that Wu Tian and the others were at.

"Let's think of a way to get to the roof! I'm already looking for someone to rescue us! If we can hold on for a while longer, we can escape. "

Wu Tian quickly gave some advice to the maid. It was meaningless for them to continue staying in this kind of place. The two of them saw the opportunity and quickly ran up the stairs.

However, the door to the rooftop was locked. Wu Tian didn't have time to care about that and immediately kicked it.

They kicked the lock off the door. The two of them rushed to the rooftop.

At this moment, the silhouettes of a few helicopters appeared on the rooftop.

Wu Tian let out a sigh of relief and ran towards his men with all his might.

Behind him, Di Gu also realized that something was wrong. If he didn't take action now, Wu Tian might really escape ...

At this time, the Security Team began to descend from the plane. They were dressed in fine exoskeletons, and they even had a large number of bows and crossbows on them.

The moment Di Gu came out, countless crossbow bolts flew towards him. Di Gu came out, countless crossbow bolts shot at him.

Tian Ling and Di Yin also realized that something was wrong and they rushed over desperately. However, Wu Tian and the rest had already caught the ropes hanging on the helicopter.

"Bye bye!"

Wu Tian waved at the people below. He didn't expect that the crisis would be over in this way.

However, this could be considered a good thing. Neither side had suffered any serious injuries, and even the citizens did not have any sacrifices.

Tian Ling watched Wu Tian ride away in the helicopter. He was so angry that the roots of his teeth were itching.

This matter was all Di Gu's fault. If he didn't ask the two of them not to interfere, how could he let Wu Tian seize this opportunity to escape?

"Should we chase or not!"

Di Yin was also flustered and exasperated. He did not think that he would be able to obtain the credit by making a wrong move and just disappeared into the sky like that.

In the end, he still didn't get anything.

"Chase, how are you going to chase? Are you able to fly, or can I fly?"

Actually, they knew exactly where Wu Tian would go, as he definitely went to the Wu Group Building.

However, Tiangaang Disha had warned them before that no matter what they did, they must not touch the Wu Group Building.

If they really brought the matter near the Wu Group Building, then the consequences would be much more serious than they had imagined.

Even though they had quite a lot of 11 Devils, in terms of strength, it still depended on their leader, Tiangaang Disha.

He alone had already reached the god-like level. Not only in terms of duels, but he could even deal with these ten people.

"Damn it! We let him go just like that, it's all your fault, otherwise we would have been done for already! "

Di Yin let out all the displeasure in his heart on Di Gu.

"What did you say? Can you blame me for that?"

Di Gu was unwilling to accept the responsibility, and the two of them looked like they were about to argue.

Seeing the two of them like this, Tian Ling suddenly felt very angry.

How could he have met such a partner ... If he had known this would happen, he would have gone to find other companions. Perhaps he would have settled this matter long ago.

Not as they were now, shooing each other.

"Shut up!"

Tian Ling looked coldly at the two of them. With an ashen face, she turned around and left.

She still didn't know how to explain this to Tian Wei, so she might get scolded.

Wu Tian finally let out a sigh of relief. He didn't think that he could actually run out.

Just now, he thought that he was on the verge of dying. If not for this powerful maid helping him, he would have long fallen into the hands of his enemies.

"You really came back to life, you really surprised me! What kind of cultivation method did you go through, how could you be so powerful!"

Wu Tian could not sense any signs of cultivation from the maid's body. This meant that the path she walked on was completely different from the way they walked on the China.
