CHAPTER 18: SKIPPING CLASS

The weekly test results came out very quickly

The class teacher, Mr. Pan, stood on the podium and saddened: "You are all seniors, you still think you are freshmen and sophomores, now if you don't study hard you will regret it for the rest of your life!

Well, this time our class is again the bottom of the section, especially a few dragging behind, directly pulled down our class average ah, a whole five points ah, know what this means? It means that you can squeeze out tens of thousands of people on the battlefield of the college entrance examination!

The teacher knows that some of you have money, but I also hope that the rich also have to study well ah, do not think that the rich can do whatever they want, the ancestral family fortune is full of people"

Pan teacher in the above said a lot and then mean: "Finally, I want to mention a person, this student's language attainment so that the entire grade teachers are shocked, eight hundred words essay written full of it is a miracle of zero points, and finally to say that he has been two consecutive years of the bottom of the first, no one has been able to break this record, the teacher also admired for it ah"

When Lao Pan said the penultimate first, the crowd looked at Huo Shi in unison

Huo Shi impatiently looked away, found the old Pan eyes smug snicker: "Teacher, I said, why bother to turn the corner, directly mention my name on the line ..." said directly stand up.

Said directly stood up, in front of all the eyes Kwai Kwai, went out

Lan Min and Du Ruan looked at each other also followed by out, An Chu looked at the teacher Pan, the next second stood up and followed out

"Hey ~ they... Against really against, this kind of students in the future can only be the scum of society scum" Pan teacher shaking with anger and then found An Chu also followed out

Angry pointing to the class students said, "This is the teacher's good assistant, study committee, really good"

Then pointed to a student: "Dai Fei Fei this study committee you to be I don't believe it, I still can't help them"

"Finally, I warn you once, don't associate with some people who are not good or bad, with these school scum will definitely end up harming themselves, there is already an Anchu misguided, the teacher does not want our class will be again"

Lower students: "....." If you have the ability to get angry at the bully to go ah, find the study committee what angry

"Teacher, I think the school scum is a group of children who are not good at learning, you say this about their character morality, is it a biased generalization?" Guan Xing Yuan said indifferently

"Humph, the teacher has walked more than you have eaten salt-, the words said naturally will not be false, and you, since you have returned from from abroad, then do not give the teacher what foreign humanitarian stuff" Pan teacher unpleasant road, they dare not mess with, soft persimmon is not good to pinch it

Guan Xinyuan smile more profound: "Good teacher"

This side, Huo time to walk outside, behind a few people followed up

"Huo brother Huo brother, wait for us, let's go together"

Huo Shi hmmm then turned around and saw An Chu, surprised: "An An how did you get out?"

The first time I saw him, I was surprised, "An An, how did you get out?" Lan Min and Du Ruan also had a face, they didn't want to be a good girl to make such an outlandish move.

An Chu's face flushed red, spoke: "Brother, I also feel that the teacher said bad"

"Then you can not, listen to my brother back to class, later but to God big people, how can mess up?" double standard Huo on line, himself already so but An An different

"I do not, brother, and I also do not like the teacher Pan" An Chu voice lowered

Blue Min rounded up: "See, brother Huo, I told you that old demon woman did not press good, every time deliberately said you"

"The old witch needs a person to maintain her image of not loving power and fame but teaching, planting flowers and nurturing people, and this is not Huo became the best target, all teachers are treating Huo carefully, only she is showing hatred, see how great? The actual fact is that you can find a lot of people who are not able to get a lot of information about the actual situation. Du Ruan is very clear to see

"I'm sorry, the old demon woman is too cruel..." Lan Min sighed

Huo Shi also obviously know this, want to light a cigarette, see An Chu in, silently put away

"But Huo, what did you write your essay ah, I remember this essay topic seems to be my most The topic of writing, how to get zero points?"

"Roll your duck," how do I know

The most important thing to remember is that I am the richest.

In a word, don't be richer than my brother, my brother used farmers' spring to plant a field.

The first thing you need to do is to get a good idea of what you are getting into.

From a young age, my brother is too rich and too bothered by his own family, the auction of 80 million vases, I thought I could bring fun to my brother, but my brother too underestimated his determination to see money as dirt, and later in a grief to smash the

I thought winning the lottery could bring happiness, but later found that the lottery is my family's, simply too painful ...

I thought countless millions of sports cars can bring happiness to my brother, but finally found that the happiness brought to my brother can only be as small as the eye of a needle, hey, my brother is too difficult, my brother grew up thinking why I was born in a family of great wealth, or the only one heir, what does this mean?

Means that the final billion billion family fortune can only be given to the brother's.

I went to the business office inadvertently, want to charge the phone bill

"Help me charge the phone bill"

"How much do you want to charge?"

"Full"

Hey, the poor salesman was directly stunned silly, the brother can only lonely out of the business hall, hey, rich lonely who can understand

The following omitted 500 words In a word, Huo brother trench untamed

"Why don't I give you guys extra lessons, anyway, they all skip school?" Anchu thought about opening his mouth

"Ah ~ An sister, but also make up?"

"Your pleasure know not?" Huo Shi knocked Lan Min's head

"The actual fact is that you'll be able to get a lot more than just a few of these.

"The first thing you need to do is to go abroad if you can't get into college.

Anchu also blinked: "In fact, it is possible not to make up classes, it is"

"Of course we have to make up, we are also people who have dreams of college" Blue Min hurriedly interrupted, associating with the last time his little uncle skinned to him and said that he could not take the exam to sell his body, otherwise he had to repeat until he was satisfied... Simply the tragic ah

"Want to come to my home to make up for it, my brother-in-law also wanted to find me a tutor to come, but I took advantage of the high efficiency of the people to refuse, this time to my home to make up for it and then take two pictures, let brother-in-law look at It's perfect," Lan Min was momentarily convinced by his own cleverness

An Chu did not directly agree but looked at Huo Shi, saw Huo Shi nodded, smiled and opened his mouth and said, "Good ~"

Blue Min's home is also a fine villa, not far from Huo Shi's home, just entered the door blue Min took a few pictures with his phone click click click click, sent a circle of friends, with a picture: "skipping class together to make up for it"

Blue Min took them to the study, then deliberately showed his little uncle for his college entrance exams prepared a variety of senior high school materials, a cabinet full of, and then spoke: "An sister, you look to take it"

An Chu nodded, and then looked for the most basic information, and when he saw a certain row of secret papers, his eyes paused for a moment

After Huo Shi looked at the information An Chu took, he was a little confused: "An An, this is a textbook ah"

An Chu lightly smiled: "Well, all the material content is from the textbook, only first understand the knowledge points in the textbook, in order to do in-depth questions"

An Chu's explanation is still interesting, at once the three people were engaged in it

Huo Shi needless to say, for Lan Min and Du Ruan said not dare to run away from the mind not dare to desert

At the same time, an international plane

"Do you think it's reliable to let Xiao Yuan and Xiao Chu get engaged?" Shao Lingli spoke

"Let the children get along first, if they agree to the best, and this is not your idea? Why are you torn up again?" Guan Yupeng said back

"The first thing you need to do is to get a good idea of what you want to do. I don't know if Xiaochu is doing well. I don't know if she will agree to this marriage? I just hope I don't mess up the marriage"

"Come on, don't dwell on it, we're going back to C City, aren't we?" The official Yupeng was asked a headache said

"I know, of course, An Yan Hua in a few months after the death of sister Yan remarried, regardless of how much sister Yan gave for him, sister Yan a heart of love wrongly paid, really you men are not a good thing" Shao Lingli looked at Guan Yupeng and said with disgust

"..... This how to pull on me again?"

"Are you not a man? Why can't it be about you?" Shao Lingli said angrily

"Your son is also a man" Guan Yupeng was speechless

"Can Xiaoyuan give you the same? Little Yuan has the addition of my excellent genes, and with my careful education over the years, naturally he will not be a scum"

"....." This double standard double
