

## Chapter 13

"Way to go, Tris, what were you thinking kissing him like that?" I called out to my wolf

"Tris?"

"Tris?"

"That's right, always bailing, you create a mess and then bail, leaving me to face the embarrassment and to clean it your mess" I groaned in frustration as thoughts of how I kissed Izaak kept flashing through my head.

"What if he actually makes out with someone else?" Tria finally crawled out, I wanted to be mad but as she dropped that bomb I went nuts,

"You don't think he will do you?" I asked her, checking nervously.

"You should have stopped him before he left" She yelled at me

"Hold on Tris, before you run into your little shell again, you keep forgetting something," I gulped and continued "I am just freaking nineteen, I won't be twenty till the following year and he is a freaking twenty-five grown-ass son of a — what I mean to say is you might be a strong wolf as you claim but without you, I am just an ordinary nineteen years old teenager, who shouldn't be sexually harassed by her husband and one more thing I am sure his wolf doesn't bail on him" I lashed out, I knew I said too much but maybe she

needed to know the way I feel,

"Tris? Are you there?" I called out and she was awfully quiet, did I hurt her feelings?

Bang!

My door flew open and I almost died of a heart attack, izaak walked in majestically and kept coming in closer and closer till there was little or no space at all between us.

"What do you want" I manage to allow words through my already parted lips.

"You are so shameless, you know that right?" he lashed out in a harsh and disgusting tone

For the first time since I got to his mansion, this is the first I got irritated by his attitude, I pulled out a finger and pushed him further away from me

"I asked a question, " What do you want, Alpha Izaak" I stood my ground not falling for the confused face he had on, which made him so cute and adorable.

He chuckled and stepped back a little. " You do not mind me, your husband, spending the night with the maids that serve you?" He blurted out with disgust written over his face.

"The truth, I do mind, the thought of you spending the night with someone else was infuriating, but at the same time I do not want to be sexually assaulted by my husband, if I want to have sex with you, I want to do it because I want to not because you see me like a sex object or because I have to do everything you say" I retorted, I stared straight into his

eyes and he was utterly speechless, he looked at me and without a further word he left my room and shut the door behind him

"What did I just do?"

"Did I seriously just\_\_\_\_" I kept mumbling to myself as I reminisced every word I had said to him, he was the freakibg ruthless Alpha and I just accused him of sexual assault?

Izaak's Pov

As I walked out of her room, I felt this coldness down my spine, as she glared at me as those words flowed out of her mouth, my knees grew weaker and my hands began to tremble.

She did lie to me and yes I wanted to punish her but when those words came out of her mouth, I felt weird somehow, being sexually harassed by one's mate.

"Izy!"

"Izy!"

"Jeez in the name of all Alpha, can you not sneak up on me like that ever again Rick!" I lashed out

"Yo! Man are you feeling okay?" He asks with seriousness written all over his face

"Why would you ask such a question?" I asked, reading the confusion on his face

"Because I didn't sneak up on you man, I kept calling out your name the moment you approached the hallway," He said to me

"Are you okay?" He asked as we entered my room.

"Rick!" I called out

"Yes, lzy, or wait Is it Alpha mode?" he asks, reading my face for a satisfying answer

"No, it's friend mode" I retorted, he smiled and I continued "Have you ever felt Intrigued by someone, you despise so much," I asked

He looked at me like I was going insane but he was Rick, he would always play along and soothe my curiosity.

"No, I haven't, I haven't really despised someone, who may I ask is Intriguing you, my friend, the Izzak I know doesn't get Intrigued that easily" He teased, giving me this wink that tells he wanted the full gist.

I wasn't sure if I wanted him I know I was accused of sexual assault by my very own wife, he continued to look at me, and this time he wasn't ready to leave unless I give him the answer he wants.

"It's Fiona" I retorted and he chuckled

"I knew it man, you like her" he teased

"Don't be absurd" I said pushing off my study table

"Can't you see yourself, man, you are overreacting, first you introduced her to all the Elders and you got jealous when

"What are you talking about?" I interrupted as he kept spilling nonsense

"Let me finish, and you kissed her before everyone in the hall in the most intense and aggressive way at that, you didn't even kiss Tiana that way" He concluded his speech with a smirk on his face

"And more so, you're being extremely defensive, you keep denying," He said, in the most annoying way ever.

I looked at him without saying a word, I wasn't sure if any of the things he said was true but my heartbeat keep increasing for reasons I don't know

"Hey Izaak" a cheerful familiar voice came through the door  
"Tiana!"
