

CLAIMING HIS RESISTING MATE

Chapter 11 – She Is Enthralling Woman

REESE'S POV

The table was set in the small room with few dishes on. We settled on the chairs where Azrael sat beside me while Haley and Eliseo sat across us. Haley served the dishes. The smell of Miso Honey Roast Lamb was sweet and I could feel myself getting hungry.

“I hope you don’t mind salad”

“It’s totally fine” I smiled at Haley.

“Try this lamb dish, I hope you will like my husband’s recipe” she served the piece of lamb on my plate. Azrael already started to eat, I guess he couldn’t wait. This

I nodded and it was a small piece. The roasted lamb was perfectly mixed with all sweet, salty and creamy flavors. The little spice up flavor at the end which gave the dish perfect finishing. I never thought the first thing I will have from his father is the great tasty lamb dish.

“It’s really good,” I said, smiling.

“I am glad you like it,” Eliseo nodded. He seemed muscular and a tough type but his words are warmer than his physical appearance.

The dinner went well with small chatting and eating a good meal. They didn’t ask about me at all. They talked about their daily routine and how Eliseo runs

around collecting ingredients trying to learn new recipes. After the dinner I was offered wine which I gladly accepted. Eliseo and Azrael were making a bonfire in the yard while Haley and I sat on the balcony.

“This place is peaceful” I said gazing at the bonfire.

“Yes” Haley nodded “after such a long journey of life, I finally had the life I wanted to live. Away from all those pack problems, engaging in fight and worrying what will happen next”

I glanced at her “you seemed to be so happy”

Haley smiled “of course, I have always dreamt of this small and simple life. To be happy with what I have. And I know I am living it”

I admired her. She is free and open minded. Her warm character is something no one could resist. Azrael said it correctly, I couldn't resist them even if I want to.

“Reese”

“Yes?” I turned to look at her.

“You seemed to be distant from John. Has anything happened between you two?”

I was speechless, I have no words to reply. Whatever happened between us is something I could never forgive myself. How can I say this to her?

“Azrael.... he....” I paused, I know what I am going to say will hurt everyone but I have no other choice. “He kidnapped me, he is forcing me to stay with him”

She gasped “he really?” Then she shakes her head slightly “do you want to leave him again Reese?”

I was flabbergasted again. I was least expecting her to ask this question. She knows everything and of course hurting her son will hurt her too.

“I...”

“Reese, before you make any kind of decision let me tell you something” she sipped her wine. “I know you had a lover for whom you rejected my son. If we were ordinary people, it wouldn’t be that hurtful. But we werewolves have another rule. When a mate rejects it will be the most disastrous feeling, you and I know it clearly. You are a smart girl, you know what I am trying to say. I have seen my son mentally wounded. He had gone through an upsetting period. I don’t want him to feel the same thing again. Watching him void of emotions, lacking energy and glued in the past was not something as a mother I want see”

“I understand, ” I said while my gaze continued towards Azrael. I have hurt him so much, how am I going to heal it with my current status?

“Why do you want to leave him?” Haley demanded. I can feel her gaze with confusion. I dragged my gaze from my mate to her.

I could hardly nod my head “Because I am ruined” emotional sentiments hit me so hard that I couldn’t hold back my tears. “I know I hurt him, not only him but you and all those who were closely related to him. Alpha Cassius doesn’t like me. I know he doesn’t want me to stay in the pack, but I can’t leave because Azrael doesn’t want it. He even forced me to swear to Moon Goddess not to leave the pack. He was aware I would plan for the run” I let out a nervous chuckle “and yet I couldn’t help but get angry, on myself, on the deeds I had done in the past. For leaving him, hurting him, rejecting him. I did everything without thinking the consequences, I went on and on only for the selfish heart I bore in my chest-”

“Oh dear....” She held my hand when I sobbed. I was trying to be strong, holding back all the emotions showing the rage of facade, trying to deceive not only him but myself too. My chest was filling up with regrets, almost breaking the every courage I have to hold.

“I am sorry” I sobbed “my past deeds are too severe to think of a beautiful future with him. Whatever I have already ruined, I have nothing purity left in me to offer him. I don’t deserve to be with him, this body of mine is too dirty to give him, everything is just-”

“Shhh... don’t talk anymore” Haley stopped me. “Don’t think so low dear. Everyone is selfish, no one is free from it. Take John as an example, he is selfish to keep you by his side, I am selfish to see him happy, and you are selfish because you think your past deeds will affect your present. But have you ever asked yourself where from this ‘selfish’ came from?”

I looked at her with a blurry vision “what?”

She gave a small smile “to be honest, it’s only in mind. We think it is selfish that’s why it’s named like that. Tell me if you leave again forcefully, from your point you will feel you are saving him, but will he think the same? Will he understand your reason for leaving when his mindset is totally differ from yours? You want to save him from the hurt, but you will add new wound which may destroy him completely this time”

I gasped “no....” I shook my head.

“You like him, I can see it clearly. Why you are pushing yourself further from him. Moon Goddess wants you two to tie the knot. If not you two would have gone your separate ways. John wouldn’t have waited after the cruel rejection and found another woman for himself. But he didn’t, he stayed single all the whole. May be in heart he know he will find you again. And see his believes

come true, and here you are sitting next to me, with all those teary eyes” she chuckled.

“Everyone has their past as a lesson but we couldn’t drag it into our present. Past was happened to learn and the present is where we live while the future is what we will create again. Whatever happened was for a reason, you two met it’s also for a reason, remember this. Both of your fate has already been decided, neither of you has the power to change it. You should just follow the lead of life, that’s all you could do” she glanced up “I have seen my son, he is happy because you are here. Do you think he is not aware of your condition?”

I sighed. She is right, even if I try hard I couldn’t change my past. Azrael knows it well, still he wants me as his mate. I have given up on him once, hurting him in the worst way possible. Since I got this chance to heal his sound, I should take this chance. My leaving will hurt him more, that way neither I nor he could be happy. I gritted my teeth. If this is what my fate decides then fine, I will take the lead. Fuck other things.

“I was impulsive” I say, “please forgive my impetuous act. I know my apology wouldn’t heal the sound I caused but I want to try at least”

Haley smiled “what I want is my son to be happy. He is happy with you Reese, and please don’t hurt him again”

“I understand, ” I nodded.

“Thank you” she smiled. We both looked at each other with a smile.

“What are you two doing?” We looked at the sound only to find Azrael looking at us with an uncanny face.

“Not everything should be told” Haley answered him. I chuckled at her words and wiped my eyes.

“What?” Azrael frowned.

“What? Do you need to butt in everything we say John, give us ladies some privacy” his mom rolled her eyes.

“She is my mate’s mom,” he argued.

“But she is a girl” this time Azrael rolled his eyes and groaned.

“Whatever” he focused his gaze on me “come with me”

“Where?” I asked as I got up.

“Do you always need to ask your question?”

“Fine, I won’t ask,” I said as I walked towards him. He held my hand and led me out of the balcony.

“Have fun,” Haley yelled behind us. I couldn’t help but chuckle. She is such an enthralling woman. I have hearts for her.

Chapter 12 – His Dominating Claim

REESE’S POV

We walked through the forest, the silence of the night was what greeted us. It was dark and deep yet there’s more of a story holding instead. Azrael held my hand and guided me thoroughly.

“What was mom saying?”

I smiled to myself remembering the answer Haley gave him “are you that interested in our talk? Don’t you remember what your mom said?”

“I am aware of it, I still want to know”

“Go ask your mother then. I guess she will reply you better than I could”

“Why are you so obstinate? Can’t you give a simple answer?” He asked. His tone was laced with irritation. Hmm... He is losing patience. But I want to test how long he can hold himself.

“And why are you always so curious? It was womanly talk but you have to interfere like this?”

“I am not interested, what I want to know is the reason which made you cry” I halted on my steps.

“What?” I turned to look at him.

He faced me with a resolute expression “you heard me. I am not asking to repeat the whole story. I want to know which part made you cry”

“It was nothing” I answered. I was not expecting him to see me cry. He didn’t say anything in front of his mom, but he still noticed it. What a sharp-eyed man!

“You can conceal all you want, there are other ways to find things out”

I gasped “what are you planning to do? Don’t tell me you are thinking anything funny”

“If you are unwilling I have to use another way of course. After All everything is fair in love”

I rolled my eyes “don’t use such cheesy line, you sound weird”

“Just tell me what I want to know to save both of us from the trouble” This man is so persistent.

“I told you it’s nothing” he didn’t say anything yet stared down at me with a challenging look. It was a kind of look with hidden words try-me-if-you-can.

“Fine, it was about me. Satisfied?” I forced a tight smile.

“What about you?”

I groaned with annoyance “what’s with you? You have to know everything? Can’t we just share a little secret? Did you bring me here to inquire about all these?”

He looked unconvincing, wanted to say more but when he noticed irritation on my face he sighed “fine, I will let go of it. Just tell me why you were crying? Did mom say anything to you?”

“No, she is warm and kind hearted”

“Then why were you crying?”

“Because I realized things. If you continue to question me, I will return to the house” I turned to leave but he stopped me. He was holding my hand which was forcing me to stay back.

“Alright, I won’t ask anymore. Let’s go”

We headed forward. In a short period of time Azrael took me to a scheduled place. There was a stream flowing through the rocks. The melody of the running water filled the area while the moon was glowing in the sky reflecting its contour in the mirror like water. I can see the pebbles under the water and fishes dancing. Even though it’s night time, the view was exquisite.

“It’s beautiful,” I sighed.

“I know”

“How did you find this place? You know about it all the time don’t you?” I asked.

Azrael gazed at the water, his eyes were settling peacefully “I found this place two years ago. I came to visit my parents after the rejection. I couldn’t sleep at night so I wandered around. Luckily I found this place and sat down for hours. This place gave me the space I needed, it helped me a lot”

His words saddened my heart. No matter how much I put efforts to encrust the bitter history of my past I couldn't. It would slap my face with a double force in return. I am regretful of my past and my deeds.

~But you never apologized to him~ Eve whispered in my mind. ~ if you are regretting rejecting him then why don't you voice out? Tell him the truth. Say your heart out~

She is right, I never apologized to him. All I did was argue with him. Haley made me realize what an idiotic mind I have, thinking about hurting him again even if my point was saving him from the trouble. I need to know his heart, his views. I have to tell him the truth.

Gathering all the courage I have in me I turned to face him. He was still looking at the river. My heavy chest becomes impossible to bear with every passing second.

"Azrael" I called softly. He craned his head glancing towards him. I looked deeply in his beautiful orbs "I know I hurt you. I was selfish in the past, thinking only about myself. I was so cruel that I even rejected my own mate. I thought I could have my happiness with Avan-"

"Don't fucking take his name" he growled.

I sighed "I am sorry, I was thinking I could find my happiness becoming Luna, but I forgot what's not mine will never be mine. I was drowned into the lust of power and forgot my own self. I know what I did is not a mistake, it hurt so many people. It's unforgivable. I couldn't change anything back, nor could I turn over the page anymore. I haven't saved myself for the one who's actually made for me. I tortured you, hurt you, almost destroyed you" tears blurred my eyes again.

"I thought I could stay alone but I was not expecting to see you again. My body, my mind, my heart all are ruined. I couldn't offer you anything, I don't

want you to be mocked by others, I want you to have someone who can give you everything you deserve. I don't deserve you, your care, your love – I don't deserve this. This filthy body of mine is not worthy of your touches. Can't you understand this simple thing?" I never wanted to look weak, especially not in front of him yet I couldn't stop my tears which were flowing on their own accord.

He reached out wiping my cheeks "is this why you were crying before?"

I just simply nodded.

"You decided everything for yourself but have you thought about what I want? No you didn't" I looked at him. Through my blurry vision I can perfectly see his handsome face.

"You wanted the rejection and I gave it to you. I thought you will be happy even if it hurts like hell. But now, it's already proved he was not yours. We met again because we belong to each other. You have to tie down these words in that little head of yours. I have given what you wanted at first and now I will take what I want. This time I won't ask for it, I will just take" his hard voice sends shivers down my spine. Each word of him coming out so hard and undeniable.

"No one can stop me this time, I won't allow anyone. Two years of fucking hell is enough to regret the decision. I am not making the same mistake again. You are mine, whether you want it or not, you are never escaping from me again"

Why did I find Avan was better than him? I was so foolish and blind. I was an idiot. My act of foolishness gave me a hard slap which I will never forget in this life. Now hearing him claiming me like this, my heart flattered sending uncountable butterflies in my stomach. At this moment, I realized this feeling is foreign to me, I never felt this before.

“I-” I couldn’t utter a single word when his lips came down, closing mine. This is the first time I am kissing him without any resistance, tasting his masculine lips which was sending the fierce electricity in my body. He wrapped his arm around my waist pulling me closer, pressing me to his hard body. My senses were destroyed, I couldn’t think clearly anymore. His tongue sought dominance while my body gave in easily. He roughly pushed his tongue rolling around my mouth claiming his territory like a king. I couldn’t deny it anymore. My body knew who it belonged to, my wolf was purring in delight. The taste of mate is so exciting and exhilarating.

“You are fucking mine” He growled separating our lips. My lips were swollen yet it’s tingling with his force and taste. I never thought being kissed like this would be so satisfying. This is how one felt with a mate, I was so foolish to miss this chance till now.

“Your wolf likes it, she knows her mate yet you stubborn woman deny it all the time. But know one thing, you don’t have any choice either, you have to die or live with me. And I am fucking satisfied with both”

I gasped at his words “what are you saying?”

“I meant every word darling and soon you will know it” he smirked.

I gulped down hard “what are you planning to do?”

His smirk only widened with my words ” I am going to have you” he pulled me harder than before towards him. “I WILL FUCK YOU SO HARD UNTILL ALL THE TRACES OF OTHER MALES WILL WASH AWAY ”

And I can feel my body frozen on the spot.

Chapter 13 – Alpha Cassius’s Threats

REESE'S POV

"I haven't seen you after the fight. Where have you been?" Adriana asked as soon as she saw me.

"Azrael took me to meet his parents"

"His parents?" Adriana looked so surprised. "Ay, John is fast" she let out a throaty chuckle.

"Why do you say that?" I frown.

"John is always confidential about his matters. His parents were the loyal members of Silver Shine. During the ruling era of Cassius's dad Alpha Zachariah, John's dad had great prestige, he held a certain position. After the tragic war, the elders left the throne for their younger generation"

My curiosity hit at the right moment "what happened? I mean any kind of war or something?"

"You can say that," Adriana nodded. "When Cassius was 15 the pack was under attack. Alpha Zachariah fought with his people, tried best to defeat the enemies. Even though he managed to save the pack, he couldn't return back safely. At that war Alpha Zachariah was badly wounded. After a few months he died" she sighed, shaking her head.

"It's such a tragedy" I whispered, "what about Luna?"

"Luna Cyrene was devastated with the death of her mate. She couldn't withstand it but died in agony of losing her mate. Such a wonderful couple, just left this world silently. Though I had not witnessed it personally, Cassius told me all this. He had to take the Alpha title. At such a young age, he took all the pack responsibility on himself. John's dad helped him in every way. After a few years John took over the beta position and has been handling it since. His

parents left the pack saying they want a peaceful life. It has been years but no one knows their address excluding Cassius and John themselves”

Every pack has their own story to tell. Alpha Cassius looked so dark, dangerous and threatening. What I was not expecting was this story hiding behind his cold exterior. For a 15 year boy to lose his parents was a tragedy. But Alpha Cassius wasn't moved by the emotional attachment yet he took care of the situation cleverly.

“Alpha Cassius is hard working. I must say you are really lucky to have him as a mate” I said to Adriana.

“I didn't know at first, I always thought he was the most arrogant male in the surface of earth,” she laughed. “Our relationship was not flowery with the situation we had. But with time it has improved and I am glad about it” Adriana replied.

“Look like you both started with headstrong demands” I uttered, which she nodded in agreement.

“Can't deny that. Actually, he belonged to the rival pack. When I found he was my mate, it was like a thunderbolt. My father was against him and wanted to draw his blood” she made a helpless face.

God, their story is more interesting. A rival love story? It was like I was reading a fantasy rival romance book. Looking at them when I first met, I was not expecting to hear such secrets.

“What about you?” I asked.

“Cassius was cruel, his pack was stronger than us and threatened dad to destroy it if I didn't go with him. I guessed he already knew about our bond. To save the whole pack I have to follow in the Silver Shine. The term was to be the hostage yet Cassius on the other hand had another plan” she smiled.

“Interesting” I shook my head.

“But let me tell you, whether it’s Cassius or John they are demanding, manipulative and adamant”

“Right, I can’t agree more,” I nodded. I have already gotten proof with John. At first he looked simple, cute and handsome. Now looking at his features it more felt like he is difficult, iron-willed and obstinate.

“Hmmm... How in the world we ended up-” Adriana’s words stopped in the middle when a childish voice interrupted suddenly.

“Mamma”

I turned to look only to find Alpha Cassius was walking towards us with a toddler in his arms. The cute baby boy has similar features like Alpha Cassius. Starting from the eye color to his skin tone, everything is equal. To be honest, this is a huge blow. I didn’t know Adriana already had a son. She looked young and....

Adriana’s face was full of smiles. She opened her arms and the baby boy threw his small arms towards her intending to jump out of his father’s caged arms. Alpha Cassius handed the baby to her with a smile.

“He was missing you”

Adriana rolled her eyes “don’t joke I just left a few minutes ago” she looked at her son “isn’t it Josue?” She kissed her son’s cheek making the little bundle giggle happily.

“Reese, he is Josue, and this little guy is three years old this year,” Adriana said, smiling.

“He is cute” I admired the little baby in her arms. I guess he will be just like his father when he grows up. Seeing him like that, my heart clenched. The

familiar pain rushed in washing all the peace I have collected recently. My unborn baby – who died unknowingly without any fault.

“Ah... what are you doing Josue?” Adriana’s surprising yelp had me look at her. Little Josue was patting his small hands over her breasts.

“He must be hungry peaches,” Alpha Cassius said, looking at them.

“I just fed him an hour ago” Adriana whimpered in protest.

“But he is hungry again,” Alpha Cassius shrugged carelessly.

“This is all your fault” Adriana grunted as she got up from her seat. She glared at him before turning towards me, sending an apologetic smile “I am sorry, this little guy needed to be handled”

I chuckled “please go ahead”

She turned to her husband and whispered slowly “don’t be too rude” then she walked off.

The atmosphere felt dangerously cold under the presence of Alpha Cassius. His dislike towards me already had me sweating my palm. I shifted in my seat uncomfortably. Before I could get any excuse to leave he took the place where Adriana sat and gave me a cold look.

“Tell me what’s your intention?” His voice rumbled in my ear.

“What intention?” I looked up, meeting his eyes. I couldn’t understand what he was trying to say?

“Are you really dumb or just playing the act?” It was insulting, he knows how to get into the nerves. Adriana was right, he is really...

“I am sorry, I didn’t get the point” I mentally shook my head.

“Looks like you are dumb then” he added, throwing another insult on my face. Does this man enjoy humiliating me whenever he gets the chance?

I didn't reply yet and pondered over his words. I couldn't understand what he wanted to say, but I guess he has a plan for showing up here and sending Adriana out of the scene. God, this man is calculative, he even used his son to send Adriana off.

"You are here, do you know why am I allowing it?" He asked not waiting for my reply, he added another one "because John wants it. He is my close buddy and I don't like to see him hurt" he leaned back to his seat "You have hurt him enough, even if you are an eyesore I wouldn't kick you out of the pack, why?" He gave an arrogant smile "because John wants to have you here. His wish is something I couldn't refuse. Yet you need to remember this simple thing" he slapped the table with his hand making me flinch.

"If I see you hurting him again, that day will be the last day of your life. It won't take time to straggle your little neck after all" he got up "hope you understand my words and mark it on your head. I don't like repeating myself" throwing his cold aura he walked away.

I released my breath I never knew I was holding. This man is dangerous. I have seen many Alpha but this man is too high in the position. Even Savannah's mate was not this hard to get along. Every time he appears I feel like I have been pulled into a muddy water, choking me till every sense in my body stops working. I looked at his back and felt cold shivers down my spine.

~ this man is utterly dangerous ~ Eve whispered.

I nodded my head in agreement. Thanks to God he is not my mate. I couldn't handle such domination, I would embrace death before that. He is aware of the situation and knows the whole fucking history. He threatened me so openly like he was waiting for me to make the mistakes so he could wring my neck out of the body. Thinking of the scenery made me shiver. I shook my head. What the hell, this is the first time I am scared of an Alpha after Hardwick.

I couldn't help but wonder, how did Adriana get along with him so easily? Even if she is his mate, this man is minacious. Suddenly I want to kiss the Moon Goddess for not offering such a treacherous person as my mate.

Shading happy tears...

Chapter 14 – His Filthy Tease

REESE'S POV

Next morning I felt better. The way Alpha Cassius threatened me yesterday it was terrifying. To be honest I don't want to meet him at all. With that minacious expression and murderous aura, it will be better if I get the chance not to see him again. It was a hopeless thought. Since I am staying in his pack, how could I avoid meeting him?

"You look dejected," Azrael's voice heard from behind. I sighed. He suspected already. How does he always do that?

"It's nothing"

"Nothing? You know it well, who are you trying to fool here?"

I sighed again and made my turn to look at him. His perfect picture came into view and my heart fluttered. He always looks good. Who could have the heart to reject such a man?

~ you did once ~ Eve replied in mind. I made an invisible eye roll at her words. She knows when to bark, at the right time all the time. Pushing her back in mind I focused my attention towards him.

"I am not trying to do anything. I am just feeling bored"

He raised an eyebrow, an action I find sexy. He gave an unconvinced look. He was clearly prying to find the truth.

“What? You don’t believe me?” I questioned again, trying to distract his mind. “You can’t expect me to be happy staying in the room all the time. Have you forgotten? I was a rogue for two years?”

He walked towards me “you can go around the pack and check out things. I am not forcing you to stay here in this room, though I find that idea was quite helpful” he smirked.

“Do you want to lock me in the room now? Seriously?” I forced a tight smile.

“No, but I don’t mind trying out that idea sometimes. Besides in this room we could do lots of thing, that we both could enjoy to the utmost level”

“Don’t change the topic, I am not interested ” I gritted my teeth. This man is vulgar. His licentious words are worse, it always managed to act on my body and this traitorous body of mine would react.

“Why? I am setting the mood here yet, you are not interested?” He turned me around and pressed my back on his hard body. “Can’t you feel the hotness?” He leaned down whispering against my neck “I am so hard already” he pressed more. Our body was attached so tightly even the air couldn’t pass through.

“What funny thing are you thinking in this early morning?” I whispered back trying to control the raging body which was about to give into this wild temptation. I don’t know how he always manages to pull my body into reaction?

“It’s pleasurable” biting my earlobe, he sucked on it. “You are trying to avoid, to get away from the bond, for what we are fated”

“God you are....” My words are stuck in my throat and a moan escaped my mouth when his mouth ran down showering kisses and sucking on my neck. His arm held my waist securely. I clutched his arms to give my body support. I felt him pushing back his hips and pressing it again. His hardness poked my back and I let out another moan.

“You are so treacherous,” I groaned.

“And you are so beautiful, so mine” his words had my body shiver in an unknown way. Whenever he claims me as his, it makes me shake with delight. My wolf purrs and gets excited. We wanted to be claimed, by mate, our mate. I was so foolish not to see this in the past. I was totally blind.

His naughty hand slid down reaching for the hem of my dress. Pulling it up higher to my hips he slid his hand inside cupping my panty covered pussy which was already wet for him. I couldn't hold back the desire of my body and moaned delightfully at his touch.

“So ready darling?” He chuckled and slid the thin layer while inserting his one digit in my wet fold. My inner lips opened for him as he penetrated through my entrance. I gasped as I felt his fingers enter inside me so easily. My pussy was waiting for it and Eve and I both moaned in pleasure.

“You are so wet for me sweet, no matter how much you try to deny, this body of yours knows who's the owner of it. Who has the right to touch it, to make love to it. I will fucking wash off all the traces of other man. You can't remember anything but me” he let out a low growl as he started pounding inside me harshly. My body jumped up but his hold was so strong that it kept me in place. My thighs were parted and his hands were between my legs. I threw back my head leaning on his chest, a moaning mess.

“Oh.... God...”

“Does it feel good love? See how your wetness is costing my fingers” he whispered as he licked the side of my cheek. “Feel how your pussy is leaking its juices for me. Your little cunt is stretched so finely, wanting more thrust” he increased his pace with his words.

I opened my mouth to suck in cold air. His pace was hard and merciless, he knows how to make me cum hard and quickly. Instantly my body began to shake and I felt myself being clenched around his big digits thrusting inside. Just a few more strokes and I will be done.

“Ahmmm.... faster please” I almost begged.

“Are you close darling? Your sweet cunt is clenching my finger. Does it want to cum?” He asked with a dark chuckle.

Without thinking anything I hurriedly nodded my head. Fuck, I want to cum, I wanted him to make me cum. To fill my release, to feel the pleasure building inside. He gave two more thrust and I waited for my climax yet nothing happened. I felt his finger was not touching me and he moved away.

My mind blew. What the fuck? He just left? At this time? Abruptly turning around I threw a hard glare at him. What the fuck he was doing? He got me so high in pleasure, I was about to experience my pleasure peak yet he just moved back? Just like that?

“What?” He smiled tilting his head “why do you look so angry?”

“You did it intentionally” I gritted out angrily. Obnoxious! Ungrateful! Sleazy! My mind is corrupted with curses. He was testing me and my patience.

“Are you done cursing?” He crossed his arms over his chest making his muscles to give a good show for my eyes. “Even if you are frustrated, you need to calm down darling... it’s not like I am going anywhere. But looking at an expression of yours is more pleasurable. Thinking how much you crave for my touch” his mouth formed a smirk.

I clenched my fist. How could I believe he will play well when his mind is lewd? I fixed my dress again. I clenched my thighs as I could still feel the hot liquid wetting my panty. This is all his fault. He got me in a tough situation where he could back away yet I had to suffer. Thanks to this man I have to clean myself again. This is the most distasteful experience I have ever had.

“Are you still that aroused darling?” The bastard had the audacity to ask this. He stepped forward and reached out his hand to grab me but I saw it coming and moved away from his grasp.

“Don’t you dare to touch me” I snapped angrily. If he plays his act again then I have to suffer from another burn. Fuck, I couldn’t handle it. This man is vile, I couldn’t stand his trickery anymore.

Azrael frowned slightly “what did you say?”

“You heard me, don’t act like you didn’t. Now move, I need to use bathroom”

“Why? Do you want to wash your wetness?”

Such a vulgar mouth! I seriously wanted to slap that smirk off his face. He is teasing me yet used my body fully for that. I was so muddled with the desire, I failed to calculate his act. It’s all my fault. We both looked at each other with different expressions. He was smirking while I glared at him.

“Get away” I pushed his chest making him slightly move . Taking advantage, I ran towards the bathroom. Closing the door shut I leaned my back on the door.

“Are you planning to hide there? You know you can’t, right?” I heard him yell. I gave a dead ear to his words and discarded my clothes before entering the shower. The cold water drenched my body, it made me relax from the sexually frustrated hormones. Cleaning myself I turned off the shower and grabbed the robe hanging near the cabinet and wore it. When I walked out I saw him sitting on the bed trailing his slender fingers on the fabric.

“What are you still doing here? Don’t you have work to do?” I asked as I dried my hair with the fluffy towel.

“I was waiting for you”

“For what?”

“Since you said you are bored in the room, I think you needed a little exercise”

“I am thankful for the offer but I will refrain myself from following your lead” I replied with a mocking tone.

He chuckled “still frustrated darling? If you want, I can complete what I left incomplete”

“Thank you, but I am not interested anymore. I had enough with it” I walked towards the wardrobe to grab something to wear. I don’t know how and when he arranged several clothes for me with matching sets of lingeries. And surprisingly those clothes perfectly fit my size.

“Get ready, I will be waiting outside” I heard him say followed by the closing sound of the door. I turned my head to look at the locked door.

What is he planning now?

Chapter 15 – Plan For Mission Revenge

REESE’S POV

That damn man! weasel, brute, ogre, I couldn’t help but curse down in my mind. I had to stay in the shower longer than usual to get rid of the consequence of his actions on my body. Now I am seriously hating his guts and tricks.

“My, you look raged. What happened?” Adriana flashed her heart melting smile.

I shook my head “nothing”. It’s already frustrating to think of him and his actions. If I get a chance, I will definitely take revenge for this.

“You can hide if you want. But I could have helped you if I knew the situation. It’s about John isn’t it?” She grinned.

I sighed and silently nodded again.

“I knew it. So what happened? Did he do something again?”

“He is cruel. He used my body to tease me to the point of frustration. I thought he was....” I shook my head remembering the scene playing in my mind, “but he turned out be tricking me in his devil plan”

Adriana frowned “all these men are like this. They do that for enjoyment. They want to tease you and watch how you suffer”

“Have you experienced the same thing?” I was surprised.

“Hmm.... it’s once yet I still couldn’t forget it. Cassius meant to punish me with such a trick and let me tell you it worked too well” she said shaking her head “but if they think the trick could only work on us, then they are fools. Did they forget they have the same reaction too?” She chuckled.

“Don’t tell me you took revenge ”

“Of course. I had to show him that two can play the same game. I was not letting him go and have his way the way he wants. I had to take good advantage of it” she gave an evil smile. “no matter what, we are not weak to take their craps”

I nodded hurriedly “right”

“Do you want to take revenge?” She suddenly asked, making my eyes wide. Such a sweet pie, I was already looking forward to it and now with her suggestions I grinned. How can I leave the chance?

I grinned nodding my head. Finally, I can teach that man a little lesson. He is definitely going to pay for what he did.

“Well you need to play a little. You know the way he did that. Using seduction to cut the seduction is the best way to take revenge”

I pondered over the idea, I could do that but the real problem is Azrael won't hold back if I seduce him. Maybe I will end up under him again. What I want is for him to suffer the biting desire I did. He used his seduction to lure me. He knew what he was doing yet he used to tease. I hated the fact I loved how his hand touched me even if I refused to accept it, I couldn't help myself.

I shook my head. Pushing all those scenarios in the back of my mind, I focused on the current topic. “It won't be that easy. Even if I use the charm of seduction , with his fine ability I guess it will fail. I can't take that chance. My own plan will also my face”

Adriana chuckled, “I know. When I first thought of it, I knew Cassius would also do the same. But you know what?” She grinned “every problem has its solution. Even the cure id temporary, you can use it for your own advantages ”

My eyes widened “you mean...”

“Yes, I have something to help you take your revenge. We just need to plan it well and execute it. Come with me. I will show you the best way to execute the plan”

My heart burst with excitement. Finally, that damn man. Just wait and see you arrogant bastard. Since you seduced me to tease, I will show you what seduction really meant. Wait and watch. Holding the strong determination Adriana and I proceed for the plan for the mission of ‘Taking Azrael Down’.

I will see how you escape this Azrael.

JOHN'S POV

“Two rogues are discovered sneaking around the border area. It felt like they were trying to examine the situation around the territory. Before we could trace their exact location they disappeared” Jaxson placed the file on the table for Cassius to look at.

“Is that so?” Cassius raised an eyebrow as he glanced at the file. “It’s not a harmless act. They are spying on us”

“But who could that be? This never happened before. Even if there’s any situation like this, we could easily catch those rogues” Jaxson frowned. His face showed an unconvincing look.

“It’s Demon” I said to clear his doubt.

“Demon? The Alpha of Hell Hound Pack?” Jaxson looked surprised. “How come he is sending his people to spy on us?”

“He is after that green box,” Cassius said with a weighty expression. “Demon wants to get the thing in the green box. They are buying it all these years yet never get the chance. He will still try everything he could to get his hand on that box”

“Unbelievable, that bastard” Jaxson gritted his teeth.

“He even attacked us when Ethan and I went with the box for purification. Evedor showed up with the same intention of snatching it. The fight was fierce, yet thanks to Reese who showed up in right moment and changed the situation”

“You mean the woman you brought?” Jaxson asked.

I groaned “she is my mate, not just some woman Jaxson”

“Whatever is it, she was the rogue first John. Could you trust her because she gave a helping hand? She could have ulterior motives behind that” the expression on his face twisted with a unknown look “may be she could even be one of Dem-”

“Enough” I roared out, slapping on the table. “If you hold any grudges you can keep to yourself but I won’t allow you to utter such nonsense about her. Don’t forget who you are talking with” I glared at him. My wolf struggled to take over.

Jaxson looked shocked. He was the trainer in the pack and we have a good friendship. Even if so, I won’t allow anyone to disrespect my mate. No one has such a right.

“John calm down” Cassius’s calm tone reached me. I gritted my teeth trying to hold back my anger.

“Joxson, this matter of Reese, let John handle it. You shouldn’t forget it’s not your matter to butt in. Whether Reese is a rogue or a spy, John can take care of it. Besides, don’t assume things too fast and give a conclusion of its own. You are a trainer, how could you lose your moral like this?”

Jaxson was startled then clenched his jaw. My eyes were fixed on him watching his every move.

“It’s my fault Alpha. I shouldn’t have said that. If there’s nothing I have to get back to the field” Jaxson didn’t stay for a minute before walking out.

“You should control your anger too, John. He is still our man, you can’t manhandle him like that”

I rolled my eyes “like you could stand when someone is against Adriana ” I mocked and he gave me deadly glare. I let out a throaty chuckle giving him his own medicine.

After I walked out of the study it was already evening. Now it's time to go back to my mate. Her expression in the morning was too alluring. I didn't mean to tease her like that but looking at her flushed face, moaning her heart out, I couldn't help myself. I sighed, she must be sulking in the room. I wanted to make it up to her yet she refused to come with me. I had to leave her in the room. Now it looks like I need to mend my actions in the morning. Fuck, just thinking my cock is hard. Her pussy was so sweet, how it clenched around my finger giving what I wanted. I couldn't wait anymore. Tonight, I will fucking make her cum again and again, until she loses all the counts. I walked towards my room with an erotic intention but bumped with Zaniyah.

"Beta John" she smiled.

"What are you doing here?" I asked. She was the younger sister of Jaxson. She has the same mindset as her brother. Even if she is beautiful with her features yet her little arrogance always comes on the way.

"Luna called for something. I was not expecting you to meet here" her soft smile has the power to make anyone soften their heart.

I nodded "Well then I have to go now"

"Umm.... Beta John, I heard you brought a woman" I craned my head to look at her.

"What about that?" I frowned.

Zaniyah looked startled "I was wondering who she was? Is she somehow related to you? I was not in the pack, and everyone was whispering about it so it got me curious. Is she your sister?"

Sister? I want to laugh. I will kill myself if that happens. Fuck, the way she addressed sister, it felt really weird.

I shook my head "no, she is Reese, my mate"

“Oh” her face was expressionless. I don’t understand what’s the problem with her now?

“I will go now” didn’t waiting for for reply I walked towards my room. I couldn’t wait to meet my mate. I wonder what she’s doing.

When I walked inside the room I felt strange. It was silent and I smelled a flowery scent. I frowned and roamed my eyes around the room.

“Reese?” I called.

“Are you looking for me?” I heard her sweet alluring voice which instantly had my head snapped towards the voice. My eyes widened as I looked at her.

FUCK! WHAT’S THAT?

Chapter 16 – I learnt from the best

JOHN’S POV

TROUBLE!

That’s all I could think of right now. The woman in front of me, clad in sexy vibrant red giving a slight smirk – is the reason for my TROUBLE.

She moved, stepping towards me slowly, swaying her hips side to side giving the best view of her curves. The night dress she was wearing could barely reach her mid-thighs. Her red lips were a tempting attraction – it was like asking me to suck.

“Were you looking for me?” She tilted her head asking softly. Fuck, it sounds more like a purr in my ear. My cock hardened, wanting to break free from the bound of my pants.

I frowned “what are you doing? Dressing like this?”

“I was uncomfortable, so I chose this dress to wear for tonight. I feel good now. Do you like it too?” She moved back a little and twirled causing her dress to lift up a little. I could see her red thong. Fuck!

“What are you trying to do?” I asked again. My cock was aching to ravish her cunt. All I want is to grab her and throw her on the bed before tearing her clothes and fuck her hard. Make her scream my name and make her cum the entire night.

“I am not doing anything. Why do you think I will do anything?” She frowned.

I moved towards her “wearing such a sexy dress, are you planning to seduce me sweet. You always know that, two can play the game don’t you?” I reached out to pull her towards me.

She swiftly moved away “you are thinking too much. I have no intention of seducing. Do you always think of that thing all the time? You should clear your mind a little”

“You really know how to play darling. Teasing me to the point where I can’t control yet try to be innocent? Do you think I can’t see what you are doing?”

She flipped her hair “really? Since you know then why don’t you explain it to me?”

I smirked, “Is that your plan?” I moved again and was about to touch her when I felt something was wrong. My body lost its energy. Frowning, I sat on bed.

“What happened? You were about to explain my plan”

I looked up. She was smirking. Her eyes were telling, I had fallen in her trap. She was planning all of this, luring me in her plan.

“You-” my words stayed incomplete when she gave a push and I was lying on my bed flat on my back. I can’t move my body at all. But my senses are working well.

“Well, well. Look at you. The great Beta of the Silver Shine is so helpless in his own bedroom?” She smiled. “How awful! Others will think you lost your energy. Such a pity”

I smiled at her words “darling, you did a good job in planning. Since you are so eager for this, tell me why you went on for such tricks?”

“Shall I?” She climbed up straddling me. She sat on my stomach throwing hard glare. “I must say, you have such a gut to question me?”

“What did I do?” I asked again. Fuck, I could feel her pussy. Her thick piece of fabric couldn’t conceal her hotness.

“You” she pressed her slender finger on chest with an accusing look. Her sexy red lips moved as she spoke “teased the hell out of me and then left like nothing happened. How do you think you can get away so freely?”

My lips formed into a smirk “why are you accusing me this way? You liked it. The way you moaned, begging for more. Your pussy was clenching around my finger justifying your pure reaction”

“Don’t play your act” I could feel her gritting her teeth. “You left right at the moment. You wanted to play with me. I don’t take shits from anyone specially when in this seduction game” she hissed then smirked “since you have done the favor, I also needed to return the gratitude”

“What-” I stopped when she started to undo my shirt buttons. Opening my shirt she gave her sexy smirk again.

“Ah... such a hard body. Do you know I am so impressed with it” she ran her hand over my chest and I hissed. Her soft hand feels so good. “You have

such an amazing body, any woman could die for it” she traced lower tracing towards my pants.

“Are you among those women?” I asked her. owns all content.

She smiled, “I could do more for this....” She suddenly grabbed my cock and it jerked. I hissed again. This woman! Such a tease. If I could move my body, she would be screaming my name the whole fucking night.

“You are hard!” She exclaimed, gasping.

“Damn much” I whispered, closing my eyes when I felt her squeezing it slightly. “damn woman! You know how to tease”

She chuckled “I am just following your lead dear mate. I hope you are enjoying it”

Fuck! Fuck! Fuck! I cursed in my mind. She is taking revenge on what I did to her. I didn’t give much thought over that matter, even planning to apologize to her later. Yet this woman holds grudges with such strong determination.

I gazed at her “darling, you should know that after winning this round, you are gonna get hell of a hard time”

She gave a challenging look “oh, I am looking forward to that. Let’s talk about that later. Since you are in such a helpless position, and you are this hard” she brushed her hand over my hard cock which jerked again because of her touch.

“I should let you enjoy this seducing pleasure too” she whispered, biting her lips. This scene was so fucking sexy that I couldn’t control myself. I could feel myself in my pre cum position. Hell, her teasing just worsened the situation. I was trying hard to control myself when I felt her lips on my chest. I looked at her in surprise. I was expecting her to tease for revenge but I was not expecting her to plant a kiss like this.

“I told you, I should be a little merciful enough to let you enjoy the pleasure. After all I have to return the favor inch by inch” she kissed my chest then moved towards my nipples. She kissed biting them.

“Fuck” I groaned. My cock was throbbing hard in my pants. I felt her hand over it again. But this time she pulled down the zipper. Before I could say a word I saw her moving down, finally freeing my cock which stood rock hard. I have never been this hard for anyone. She was the only woman who has the power to make it hard like this.

She gasped, her wide eyes were glued on my cock. I smirked at her.

“Like what you see?” I teased, “look at what you did. Since you made it so hard, it won’t go down without you satisfying it” and it’s true. In this whole world, only she can make it satisfy. My wolf growled with agreement.

“Satisfy? Like this?” She smirked “sucked the tip”

“Fuck my sweet” I groaned again. “That’s so fucking good” even though I know she is doing all this to tease but I couldn’t bring myself to think over that matter. All I could feel was her sucking my cock.

“Feels good?”

“So fucking good” I growled when she sucked pushing my hard fat length in her mouth. “Ah ... just like that baby, suck it hard, make it faster. It won’t be that long”

She sucked my cock harder. My hard length could barely fill half in her mouth. But the pleasure was so satisfying. I fucking wanted to fuck her mouth hard and fast. I am grateful that the drug could only paralyze my hands and legs or I would’ve cursed loudly. She palmed my cock as she sucked harder. I felt like I was in a cloud floating, reaching higher and higher to its peak.

“Fuck baby, keep doing that. Your sweet mouth is a perfect fit for this cock. Just a few more strokes and I will extricate” I whispered, enjoying the feel of her hot mouth. She just sucked harder.

“Yes, there..... just a little more. I am cumi-” my words didn’t finish when I felt the movement stopped. Giving an unsatisfied growl I looked at her “what the-”

She smiled sweetly and got down from the bed “ah.... I am tired. I need to sleep now” she arched her body stretching her arms giving me a clear look of her perfect curves.

“You can’t leave at this moment darling. Just finished what you started” I growled almost begging.

“I am not doing anything you don’t know” she replied “did you forget, I told you I will be returning the favor inch by inch”

I groaned “just finish it”

“But you didn’t when you are on the power” she said with a pointed look.

“Alas! If you finished what you did then may be I would have what I started” she laughed “I have you the wonderful experience you made me feel”

I groaned again trying to move. I have to do something right now.

“Uh... na, na,.. too bad. You can’t move till the morning ” she chuckled. I gave her an annoyed look.

“You really planned well darling”

She smirked “I hope you enjoyed the pleasure dear mate. After all I learnt from the best” she chuckled and went inside the bathroom. Once the door shut down I felt helpless. My cock was still so hard and my position was not good either. And fuck I had to stay like all night.

FUCK! How the hell I am going to endure this fucking blue balls?

REESE'S POV

“Wow, look at you. You are glowing with a smile” I heard Adriana’s voice which made me crane my head to the side. Adriana looked all beautiful with her cream coloured dress, simple, elegant and priceless.

I couldn’t help but grin at her “well, you can say that. I am too happy”

She sniggered “I can see that. I have to guess, you are successful in taking revenge?”

“Yes” I giggled with a reply. “I couldn’t forget his expression. He came to the point of begging”

This time Adriana guffawed “didn’t I tell you already. Those incense sticks have a good effect when used carefully. You can use it again if the situation arises” she smirked. owns all content.

“Oh you, such an evil girl” I smiled “but I need to thank you for this, helping me out”

“Come one, don’t be emotional. After All these arrogant men needed to get some teachings if they are proud enough beyond the control”

I nodded in agreement. Last night Azrael looked so helpless, lying on bed half naked under my mercy. But the view of his gorgeous body was something I couldn’t erase from my mind. His hard toned chest followed by his abbs and hell that huge monster between his legs. It was so hard and strong. The thick length was hard to grab on and I had difficulty in my mouth. He was so huge, big and strong. Thinking about it my body suddenly shivered. I don’t want to

imagine what it would feel like having inside me. That will be unbeatable pleasure.

“Reese ” Adriana waved her hand in front of my face.

“What?” I shook off the erotic thoughts and focused on her.

“I have been calling you all the time, yet you are settled in your own thoughts. What were you thinking?”

I shook my head “nothing just random things” I lied.

She smirked, “Oops, is someone thinking about some incidents from the night before?”

Her smirk grew wider when I blushed. I couldn't help but feel his hardness in my mouth. Even though I did it to tease him, I felt how his cock tasted in my mouth. An unknown shiver ran down my spine reaching towards my famine part which pulled heat suddenly.

“Don't tell me you are seduced by your own plan” she laughed out “oh girl, you are hooked to him. I guess John will be happy to hear this little secret of yours?”

I glared at her “who's side you are?”

“Of course yours. But what can I do when your face is just like this red tomato, ripe enough to eat” she continued to tease.

I blushed hard this time. Adriana is such a tease. She knows when to switch positions and this damn girl is so evil. I must say she is the perfect match for Alpha Cassius. That dark Alpha with an evil mate. I shook my head.

“Stop teasing me like that. Remember, I will get something to hold onto to return the favor to you” I warned playfully.

“You hold grudges that much?” Adriana laughed.

I turned to look at the garden view. We are standing in the corridor where I can view the garden area. It was Adriana's favorite place to chill. She likes flowers and her peaceful time.

"Isn't it beautiful?" I heard her say.

I nodded "yes, no matter how much I see it, I couldn't get tired of it. Everytime it feels refreshing"

"The gardeners took good care of the plants and flowers. They are always working on it, never letting them die once. Years ago I felt this place was peaceful, it helped me calm down whenever I was sad or emotional. I like those red flowers, they blooming gives me energy. This may sound dramatic yet it's true, at least for me" she explained with a sigh.

"I believe you" I replied without any hesitation. "How's your relationship with Alpha Cassius?"

"It was not good" she chuckled, "well I never imagined myself to live here with him and have his child. Our relationship was like a thin line which could break at any time"

I looked at her, she smiled as her gaze never left the garden view. She continued to say "at first I was just like you, resisting, refusing and opposing whatever he used to say. I thought I could get away with it, to fight the mate bond we had. But I was wrong. In the end I couldn't. Cassius was too dominating, he wouldn't take no for anything. If I refused he would force me, if I resisted he would coerce me. I thought our relationship wouldn't have a good end but who knew I ended up falling for him. My vengeance took the shape of love and I fell hard.

"Are you happy with him?" I asked her, mesmerized by her words.

“If I am not then maybe Josue wouldn’t be here” Adriana laughed. I smiled but stopped when I saw a dark figure behind her. Without a word the figure suddenly grabbed Adriana and pulled her back.

Adriana gasped as her eyes widened.

“You were still blaming?” Alpha Cassius asked while caging her in his arm. His expression was serious like if said yes he would go wild.

Adriana chuckled “when did you come? So silently?”

“You haven’t answered me mate” Alpha Cassius holds her neck pulling her more to him. In their position she couldn’t help but surrender to him. I bit my lips trying not to gasp. Alpha Cassius is really ferocious like an untamed feral.

Adriana looked helpless “I wasn’t, why would you think that way?”

“You better not, refrain from having any idea of leaving me from this pretty little head of yours” he released her neck but still held her strongly. Adriana turned to look at him.

“You are so ferocious, we are not alone here” she whispered softly.

“I don’t care,” he replied, looking at her.

I stood there watching them. How did Adriana tame this ferocious beast? If Alpha Cassius comes near me I would flinch away. Adriana sighed and turned to me with an apologetic smile. I just smiled back at her helplessly. I felt like a third wheel in their moment. Just as I was thinking about turning around I felt an arm sneaking around my waist and pulled me back causing my back to hit the rock-hard chest.

“So here you are” I felt his hot breath fanning my ear.

“What are you doing?” I whispered in shock. I could understand Alpha Cassius to be a ferocious wild beast but for Azrael to behave his way, it was shocking.

“Do you think you can run away after the stunt you pulled last night?” He whispered.

“Shush.... we are not alone here” I scolded him.

“As if I care” he rolled his eyes and looked at the two people in front of us “I am taking my mate with me” he didn’t wait for their response as he turned around and dragged me with him. Behind me I heard Adriana’s chuckle then followed by her loud gaspe.

“What are you doing?” I asked as I followed him trying to match his long strides.

Azrael stopped and pulled me towards him before pushing me on the wall. He caged my body between the wall and his. His expression was serious and his irises were dark.

“What were you thinking before pulling such a stunt last night?”

I frowned “what do you mean by that? I didn’t do anything” I tried to look innocent.

He smirked “playing games again darling? It won’t be good for you”

“You are the one who started that. So you don’t get the right to accuse me of anything” I stated the fact.

“Ah, I almost forgot”

“Forgot what?”

“Something that will make us both happy. Since you say I have started the game, then it should be me who will finish the last round”

I couldn’t understand his words, “what are you saying?”

“You will see darling, but for you all you need to know is you are gonna get a long night, one you will never forget in your life nor I will ever let you” his

words felt like determination which I couldn't help but gasp. He is planning again isn't he?

"Azrael you-" he didn't let me finish when he claimed my lips for a passionate kiss.

"Mmmm..." I moaned when he sucked my lips, nipping it then tugging it with his teeth. He grabbed my waist lowering his hands and gripping my ass cheeks and pressed it on his hardness.

God... he is hard again.

I gasped and he took the chance pushing his tongue inside my mouth. He squeezed my butt hard making me moan while I grabbed his broad shoulders to support myself.. his kisses are so dominating that I couldn't help but feel my lower region start to pull with hotness. After that damn hot kiss he left my mouth with a satisfied smile.

I panted hard and pressed my head on his chest. He held me tightly in his arms.

"That's it, I couldn't hold back anymore" he whispered "Tonight I am going to have you. And there nothing you can do to stop me"

I just listened to him while catching my breath. He wouldn't let me go and I knew it better. Especially not after what he said just now.

Chapter 18 – He Won't Let it

REESE'S POV

Later at night Azrael took me out for dinner. This is the first time I am having dinner with Alpha Cassius and Adriana. I was not expecting it but he told me Adriana invited us to have a meal with them. Alpha Cassius was as serious as always. He was quietly drinking wine while having small talks with Azrael. While Adriana and I moved to the other side. The dinner was fine and delicious. Adriana gave a small treat and then the men went to sit on the yard while we sat in the room.

“What do you think they are talking about?” I asked frowning, looking at the two men outside.

“Who knows?” Adriana shrugged, “they are always like this. This scene has become the old fashion now”

I giggled “you are bored with it?”

“Couldn’t help it when I have to watch every now and then” she shrugged.

“I don’t know why but Alpha Cassius gives me creeps” I shook my head “I want to kiss Moon Goddess for not giving me mate like him or I would have gone crazy”

Adriana gave a heartfelt laugh “are you serious?”

“Hey, it’s true. Place yourself in my position then see what happens”

“Well, to be honest when I first met him and had that nemesis attitude, I would think the same. Cassius is always serious and arrogant. You can’t match a thing with him. And sometimes he is like a dominant king, wanting to take control over everything”

“How do you keep up with him? This must have frustrated you sometimes” I grabbed the pillow, placing it on my lap.

“Don’t ask me” she shook her head “there’s a time when I really want to kill him. I really can’t explain in words yet I can’t do anything because I don’t have

any choice either. Besides, I don't think that man will let me leave in any other way. I was like a captive in his cage"

I smiled "even though I have critics about his attitude, but I must say he loves you so much" my eyes traveled towards her neck only to see a deep red biting mark. Looks like Alpha Cassius gave a hard time to her. My face changed into smirk "and he couldn't keep his hands to himself either "

Adriana blushed at my comment. Her cheeks were red and she flipped her hair to cover her neck while she glared at the distant sitting man who was unknown about her glare.

I chuckled and decided to change the topic "I guess little Josue is more like daddy's boy. He always stick to his father"

Adriana nodded forcing her gaze towards me "Josue is just like his father. So stubborn and unwilling. If he wants something he would cry his heart out until he gets it. I don't understand when he grows up, who will be more dominant, him or his father? " she sighed. "I don't want to imagine such a scene right now. It would only frustrate me"

"Give him a little sister, so that you will have someone in your team too" I added chuckling.

Adriana blushed again "don't joke Reese. Handling Josue alone is already a hard task. I really don't want to put myself in danger" she shook her head.

I faked a concern "ay, ay little Josue will be sad"

Adriana rolled her eyes playfully. The two men walked in slowly after finishing their drink. Azrael walked to me and pulled me to him.

"It's time, let's go back darling" I bit my lips trying to fight the blush. His endearments are so smooth that it would touch directly into the deepest part.

“Yeah, it’s kind of late,” Alpha Cassius nodded as he sat beside his mate, throwing his arms over her shoulder.

“It’s only 10 in the evening,” Adriana said.

“It’s late love. Josue is already slept don’t you think-”

Adriana covered Alpha Cassius’s mouth, preventing him from speaking further, “you don’t have to explain,” she glared at him.

“Will meet you tomorrow ” I said to Adriana.

She smiled with a nod “good night”

“Good night” we headed out of the room.

Azrael led me outside the pack house. I frowned at him. What is he doing? He said it’s late yet he is taking me outside?

“Azrael, where are you taking me?” I asked when he didn’t stop.

“You will see soon. Now don’t ask anything and just walk with me”

His reply made me even confused. I don’t understand this man at all. There are only a few males outside the pack house. They are the night guard of the pack. They looked at us weirdly but since Azrael was the one leading, they didn’t dare to say a word and only looked at us walking. Soon we were out of the pack yard and he led me towards the forest. Darkness covered the whole area without any dim of light. The sound of wind blowing rustling through the leaves of the tree. I sighed when we were not stopping at all.

“Azrael, don’t tell me you are planning for a serial killing. Your action is kind of scary now” I joked.

He chuckled “are you afraid darling?”

“Shouldn’t I?” holds this content.

“We are here” he said stopping and I almost bumped on his back. I tilted my head to look around, only to see a small house few steps away. And to be added there’s a lake too.

“What....?” I looked at the house which was lit up with beautiful lights. In the dark night, this house looked more beautiful.

“Do you like it?”

“A lake house?” I turned to look at him “yours?”

“No, Cassius’s” he replied “but I took it for tonight so you say it’s ours tonight” he smiled.

“Only tonight? But why did you do that?” I frowned at him. What is this man planning? Taking me here and asking for a small lake house from Alpha Cassius?

He stepped towards me “I guess you have a short memory my dear. Since you have been so forgetful, let me refresh your mind again” he didn’t let me speak yet cupping my face he kissed me hard which made my mind go blank. Such a powerful kiss, I don’t know how to endure it.

After the hard kiss he moved away “I told you tonight I will make you mine. After tonight you won’t be able to go out of my arms. Because tonight I will make sure you understand well enough who owns you, who has right on you, whom you belong to”

My heart was pounding so hard, I feared he could hear it. Now I understand why he looked so excited when he was leading me out of the pack house. He planned it all, for tonight.

“You asked for this place from Alpha Cassius? And he agreed?”

He smiled “he is like an old buddy darling. He won’t stop me from anything. And for such a small thing he would never deny”

I sighed and placed my hand over his which was still cupping my face “you know what you are doing right? I don’t want you to regret it in future. Before you take any decision I want to remind you again”

“You don’t have to say anything” he shook his head.

But how could I let him when my heart is still restless. I know I don’t deserve this gorgeous man in front of me, who is also my mate. My body, my heart and my mind is already ruined for him to take. How could I just behave like nothing happened.

I shook my head and moved away from him. I need to make sure he won’t have an ounce of doubt after this. I don’t want him to give into it because of the high sexual attraction between us.

“I know your perception is higher than mine and you have proved it all the time. But tonight before you could take any action I want to make sure, you won’t have any doubts or resentment in your heart. Azrael, I was selfish in the past. All I could think is.....” My voice choked and I couldn’t say anything. I wanted to say so many things yet, at this time it’s like everything is stuck in my throat not wanting to come out

Azrael stepped towards me and I stepped back. It was hard to hold back my emotions.

He growled “you can’t do that to me” his eyes darkened, “there’s no way I will let you push me away”

Before I could fire any protest he was already standing in front of me. He grabbed my waist and pulled to him, pressing our body hard. His hard toned body pressed on me and I felt myself shiver in delight. My world purred sweetly, liking the feeling of her mate. I placed my hand on his chest looking at him.

“I won’t allow you to refuse anymore, not tonight” he said aggressively. And before I had any chance to refuse he already claimed my lips. All my refusal was swallowed by his rough kiss.

Chapter 19 – Be Gentle Please

REESE’S POV

I moaned involuntarily into the kiss. It was not those sweet or gentle but rough and barbaric. I fear my lips will be swollen once it’s done. Azrael held me tightly to him, not letting me move. His hard toned body pressed to me like a second skin which tingle my famine core. After the bruising kiss he moved down sucking on my neck. Grazing my sensitive skin with his teeth.

“Ah... be gentle please” I moaned in pain.

“You will not stop me tonight, no matter what. There’s no way I will let you away from me. I have tolerated it for two years already and no more. Tonight I will eliminate all the memories of another man in your mind. Tonight I will show you what real pleasure is called like” he sucked on my skin. I held onto his shoulder to support myself. His rough action is just unbearable. I don’t know how long I could hold the energy of my legs.

“Azrael” I moaned again when I felt sharp pain on my skin. The pain was different from before. It felt more like his fangs grazing my skin.

“No.....” I couldn’t hold back the protest.

“You can’t stop me darling” he said and bit my neck hard. I scratched his arms to hear the pain. He marked me. I sighed out. Though mates normally don’t need to do that when they will stay together. But Azrael....

He moved to look into my eyes " your body is mine now" he smirked then traced the bruise on my neck with his slender fingers "you look beautiful with these marks on. I guess I need to give you time to time, so that everything fucking piece of shits will know you are mine" he growled.

"You don't have to do that," I said slowly.

"It's needed to be done" he shook his head, "I can't be assured about the relationship we have. You are always up for running away which I couldn't let happen. No matter what I need to secure my position in your life" he closed the distance of our face "you were blinded by some bastard in the past and let you go for which I had to suffer the hellfire in these two years. Do you think I am able to go through the same position? This time, it will be all and you have to stay by my side, whether you want or not" he stole a kiss from my lips much to my protest.

"Now, let's start with why we came here in the first place. Before we proceed for the mating, we need to do another thing" his expression was weighty as he looked at me.

"What do you mean?" I couldn't understand his words. What is he saying?

He didn't reply yet pulled out a small dragger. I eyed the object with a frown.

"Since we had crossed the rejection in the first place, our bond is not stable. Which I don't want, so tonight I have to make sure the mating will be successful without any interruption"

"What-" my words were left incomplete as he suddenly raised his other hand and cut his palm. I jumped in shock at his action. I watched as his blood was dripping on the ground but he didn't let me bark any other words as he grabbed my wrist and did the same. I winced when he cut my palm.

"Azrael, what are you doing?"

“This will secure our bond, today is a new moon” he gave a short answer and joined our palms together, mixing our blood to be one. “Now we are bounded by blood, connected to each other, there won’t be any separation anymore” he gave a satisfied smile. Now I understand. He planned it all. He was thinking about it, waiting for the safe turn. He is so demanding, he still thinks I will leave if there’s a chance and now he is taking the initiative to bind me to him forever. Those rejection won’t work when our blood is connected to each other.

I looked at my hand blankly. The cut in my palm healed itself. For a werewolf, it’s normal to have a faster healing process. Besides, he didn’t cut deep, just enough to draw blood out of it.

“Now let’s go” he said with a smile “we need to become one to complete the process”

“You planned all of this,” I said looking at him. “Even after whatever I said, you still planned this”

“It doesn’t matter anymore. Keep the past into the past Reese, let it be buried deep behind and we have to move on. We can’t look back to what we had, we can’t live on that. What you need to know is, you are mine and today I will make sure of it”

I squealed when he suddenly grabbed me and threw me over his shoulder and walked towards the lake house. My heartbeat was racing with each step he was taking towards the house. Soon, the door closed behind us and threw me on the large bed.

The house only has one room with a king sized bed. With few decorations filling the room. Azrael started to unbutton his shirt while his eyes were fixed on mine. He threw his shirt carelessly on the floor.

“Tonight, you can be as loud as you want, but no one will be here to hear that” he gets on the bed hovering over me. He grabbed my wrist and placed it above my head.

“How could you be so beautiful? Even if I want to move I can’t”

“You are rushing things, don’t you think so?” I tried to look serious.

“Lier” Even mocked.

He smiled “we both know, you want this darling. We have already come this far. Why are you denying now? I know you want me, your eyes mirroring everything in your heart”

I glared at him “you seemed to see through everything? Are you omnipotent?”

He laughed “no, but your face is too clear”

“You....”

He kissed me “you are so beautiful, just made for me” he said as he went down to my neck and sucked it. “And you taste so fucking good”

His hand reached down and ran over my body. Grabbing my breasts and kneading them. His face twisted in an unpleasant expression.

“Fuck, I hate this third wheeler” with a snap he tore my dress making me gasp.

“Why did you do that?” I glared at him.

“I will fucking buy you dozen like this, but right now I want you naked” he said and threw the torn cloth on the floor. I was only in my lace red lingerie.

“Did you wear this to seduce me darling?”

I glared “who wants to seduce you?”

“You did yesterday,” he reminded me.

Now it's embarrassing "you started it first"

"Now that we are even, I think we should take the initiative to finish what we started" he smirked "now let's start with this" he pulled down the material covering my breasts and sucked on the tip. I arched my back, closing my eyes. My nipples were hard and tightened. He was sucking on one and playing with another one. Rolling, pinching my bud which only aroused me.

"You taste so fucking good sweetheart" he groaned biting my nipple.

"Ah... you beast"

"I can't help it" he grinned "damn, you are beautiful and this tits are just perfect" All rights © .

I blushed at his comments. Does he need to say such a thing?

Again he kissed me bruising my lips. His hand ran down, lowering towards my hips. My core was already drenched with wetness. When his hand cupped my throbbing pussy and I moaned.

"You are so wet already" he whispered huskily, "is it for me?" He bit my earlobe.

"You .." I couldn't produce another word when I felt him tugging my panty, sliding it down through my legs and finally leaving my body. Now I am bare down there for his eyes. He removed my bra and threw it carelessly.

He cupped my pussy again "this is mine, and from today onwards it will only have my cock" he used his finger to part the lips touching my innermost part. I bit my lips trying to control the moan.

"You can't stop it baby, just give in" his body slid down going lower. He grabbed my thighs, parted wider and looked at my famine core.

"It's glistening" he eyes feasted at the view and I blushed. This man is utterly perverted.

“As expected, your pussy is damn beautiful darling, it knows who’s it’s master. I can’t wait to eat it”

“Wait..... ahhhh....” I screamed when he sucked my pussy hard. My legs parted wide while his head was in between them. His tongue pushed inside my entrance pushing it hard penetrating it.

“Ohh.... God ...” I moaned. This feeling is too hard to describe. His skilled tongue is so hard, pushing me to the edges with each thrust.

“Please ... stop” I couldn’t bear his torture. God it’s pure hell. He knows how to suck me to make me cry.

“Damn, it’s leaking more juice. You like it baby? Give me what I want” he grinned then sucked my pussy again thrusting his tongue inside. His hand reached out, rubbing my clit trying to push me to the edges faster.

I grabbed his hair and he groaned. My hips rocked with his thrust and I moaned. My pussy clenched his tongue while he rubbed my clit vigorously.

“Oh God” I moaned loudly when the pressure started to build. My body shook and my legs were shaking. When my orgasm finally hit I let out a scream calling out his hand.

“Azrael”

Chapter 20 – Mating Her

JOHN’S POV

I looked up to see her panting, closing her eyes. Her pink pussy leaked more juices making my mouth watered again. God, she is so beautiful and her

pussy is clenching around my tongue trying to squeeze it hard. I couldn't help myself but suck her juices again. Reese held my hair again pushing her hips more into my mouth which I was happy to have. She tasted sweet, and I couldn't get enough of it.

"Ah... Azrael" she moaned. My cock twitched painfully in my pants. He want to go out and fuck her hard hard. But I couldn't I need satisfy myself before I fuck her. I rubbed her clit to make her cum again. She was a moaning mess pushing her hips more meeting my each thrust. Her walls clenched again squeezing my tongue and I groaned. It didn't take long for her to cum all over my mouth again. Feeling satisfied I got up and removed my pants, freeing my giant cock which was ready to pounce on her.

She eyed my cock with lust. I knew she wanted me, and in this whole world only I can satisfy her pussy. Tonight I will show her what this mating means. After tonight the only thing she will remember is my cock and how it made her cum over and over again.

"Did you like it?" I teased.

She blushed and looked away.

"Look how hard you made it? Since you are the reason behind it, don't you think you should take care of it?"

She looked at me then bit her lips, a kind of way that made my cock twitch. I hovered over her straddling her chest, not pushing any weight on her. Just enough to get my cock near her face. She stared at my huge cock in surprise.

"Come on, do it darling. You teased me yesterday with that sexy mouth of yours. And tonight it wants a real feast. You can't be that cruel to let it down right?"

She swallowed hard but her eyes were still on my cock. I couldn't wait anymore as I grabbed cock and pushed it into her mouth. As soon as her hot

lips sucked my tip I groaned in pleasure. This is so fucking hot. I couldn't wait anymore and pushed my cock in her mouth. She moaned but sucked it hard. My length was long so it could barely fit half in her mouth. I fucked her mouth with my cock thrusting in and out.

"Yes, baby, suck it. Show me how much you want it. Make me cum" I grabbed.

My cock twitched again and I can feel my pre cum leaking.

"Yes, such a hard baby" I fucked her harder groaning loudly enjoying the feel of her hot mouth and tongue rolling around my cock.

"Fuck" I caused and spilled inside her mouth. I pulled out and she choked.

"That was fucking good darling, you made it so hard" I said pointing to my still hard cock. She gasped loudly.

I chuckled "it won't get down until he gets what he wants. Fuck! your beautiful pussy is waiting get fucked"

I didn't let her say a word as I moved and grabbed her thighs again. Her legs parted and her pussy was in view. It was glistening with juices.

"God, I can't wait," I said and positioned myself in her entrance. My tip brushed her pussy and we both moaned.

"Fuck baby, you are so wet" I said as I thrust inside her. In one hard thrust I was inside her warmth.

She screamed at the force then moaned loudly.

"You are so good baby" I said as I started to fuck her. Thrusting in her hot cunt, pounding hard. Her pussy was taking my hard length, swallowing it hard.

"God.... so hot" I groaned, pushing deep and increasing my pace.

"Ahm..... Faster Azrael" Resse moaned.

I grabbed her legs and held it wide while thrusting inside her. We both groaned in pleasure. Her body was bouncing and her breasts jerked. This sight was something I could do anything to watch. I bent a little releasing her thighs and grabbed her breasts. She moaned loudly. My hips rocked in her with a hard thrust as I kneaded her breasts pinching her hard nipples. Her pussy clenched around my cock squeezing it hard.

“God, baby you are squeezing me so hard” I moved my hips and started to thrust harder. Her pussy clenched even harder.

“I can’t anymore,” she cried out.

“Just a little bit” I groaned and thrust in her pussy.

“Ahh.... I am cumming” she screamed.

“Fuck, cum baby” I said as I continued my thrust. I couldn’t stop myself.

“Azrael” she screamed, coating my cock with her milk. I groaned at the pleasure.

“So good baby, you feel so fucking good” I grunted and felt my cock was hardening. My balls are full and heavy. They are ready for her, after a few more hard thrusts I felt the satisfying release.

“Fuck Reese” I groaned as I spilled my seeds into her warmth. We panted as we looked at each other.

I left and kissed her forehead “you are so good” she looked tired, exhausted. Her eyelids are heavy. I pulled out of her pussy and lay down beside her. Pulling her closer to mine I whispered.

“Take some rest sweetheart. The night is just started” she made a soft sound as she snuggled in my arms. Her breathing become even as she rested her head on my shoulder. I sighed looking at her sleeping form. Our naked bodies

tangled with each other. Today I felt satisfied. Finally, I have her in my arms and in my life. The past two years was like a hell for me.

My wolf groaned with satisfaction. The rejection had us suffering in immense torment. For the past two years we lived in pain. I could forget anything about her past if it means she will be with me. Thinking that she had a relationship with another man always boiled my blood but now that man is dead which suppressed my rage somehow. I will never let anyone come between us. This time I won't let history repeat again. My mate will be with me no matter what. I looked at her again, her lips parted slightly as she snored. I chuckled, stealing a kiss from her. Mating her was so satisfying and now I don't think I can't stop myself anymore, I will have her whenever I get the chance.

REESE'S POV

I woke up feeling something tickling my core. I moaned when I felt something pushed in. Opening my eyes I saw a dark hair head between my legs. I sighed, closing my eyes.

"Mmmmm Azrael"

"You woke up darling? Perfect, let's enjoy it together. Without your moan it's not satisfactory" he said.

Looked at him again. He was sucking my pussy while his eyes were locked on mine. He reached out grabbing my breast and rolled my hard nipple between his fingers.

"Oh god" I moaned loudly. He left my pussy and slowly hovered over me. Cupping my face he kissed me hard pushing his tongue inside letting me taste myself. Before I knew it, I felt his hardness pressing against my wet core.

"Mmmmm" I moaned when his thick length pushed inside me stretching me for his size. Even though it was not my first time, but feeling his cock

stretching me, I felt discomfort. His cock is huge and thick. When he fully entered inside me it filled me leaving no space at all. owns all © content.
“Fuck, I couldn’t wait anymore” he cursed moving in and out. My pussy was sore because of his earlier action and now he is already fucking me again. I fear by the time he was done, I won’t be able to walk properly.

“You are so perfect darling, your pussy is swallowing my cock so good. It’s greedy to have my cock” he whispered huskily while continuing his ramming.

“Don’t talk like that”

“I can talk dirtier than this. Your sweet pussy doesn’t let my cock go. It want to keep holding my cock and costing it with its milk”

This man is shameless. What am I going to do with him?

I groaned out “Azrael”

He chuckled “are you tired baby? But we have just started. Next time I will fucking have you in each possible position” he grabbed my hips and slammed harder making my body jerk. I gasped with wide eyes.

“You are so beautiful with that look. Feel my cock inside you sweetheart. See how your pussy likes my thickness” he groaned.

I felt my pussy clenched around his cock.

“Ahh.... Yes, clench harder darling. Squeeze my cock as hard as you can”

“Azrael,” I moaned. He rocked his hips going faster and deeper. He placed his arm on each side of my whole pounding in me harder. I hold his arms to stabilize myself. His force was hard and my body jerked with his thrust.

“Fuck, I won’t last long” he groaned again.

I felt my pussy clenched hardee at his words tightening my core and finally had its release while I screamed his name.

“Azrael”

“That’s it” he grunted and gave a few more thrust before spilling his seeds inside me. We both panted hard after the wild sex. It was satisfying yet demanding.

“You are so good sweetheart” plopped on me, keeping his face between my breasts. I hold him in my arms.

“I don’t think I can control myself anymore” he mumbled “you are so fucking good. My cock is hard whenever you are this close to me. I want to have you with every chance I get”

“You sound so satisfied now”

He chuckled and looked up “there’s more to come darling, all you need is to get ready for it”
