Chapter 381: Astral Beast Wave 9!

In the round table conference, a man who was seated at the center glanced at Zhao Tian at the corner of his eyes.

Joshua Brown, who is the Secretary general of the UNO muttered under his lips 'So he is Zhao Tian.'

Zhao Tian could feel everyone's gaze on him and sighed in his heart.

Joshua brown stood up and coughed slightly "Now that everyone is here, let's start..."

"You must be all aware of the dire situation we are in right now."

flick As he said, a hologram image was displayed on the whiteboard behind them, showing the world map.

"As you can see, the places marked in red are the Astral beast contaminated area and it's constantly spreading."

Wang Hui gritted his teeth, seeing that most of the red is in the China region.

"China, Mongolia, Russia, Korea and Japan. It's a surprise that most of them can swim through the whole ocean and reach Japan quickly."

And then a video played on the screen showing how the astral beasts are fighting with the cultivators.

"Just an hour ago, one of the media helicopters was blown away by some flying astral beasts."

"So with this, we can confirm there are also flying astral beasts."

"The danger is spreading and the cultivators are also trying their best to stop them."

"But still..."

Then the video of the astral beasts absolutely demolishing the cultivators appeared.

The leader of the Celestial Dawn Society faction, Riku Takahashi, stood up and said "Those astral beasts don't seem normal at all."

"They are so ferocious and are very angry. They are on a rampage... and causing havoc like mindless beasts."

"Normal astral beasts are not like this."

Joshua Brown frowned upon hearing this and turned his gaze to Zhao Tian who was sitting there silently.

"Mr.Zhao Tian, what do you think about this?"

Zhao Tian gave a faint nod and uttered "Yeah, they don't seem normal."

"It seems like a powerful astral beast is controlling all astral beasts and leading them to the human world."

"Because after the barriers got destroyed around Zhenzhu, the astral beasts directly came towards the Human world to attack."

The Ombudsman squinted his eyes and nodded "Yeah..."

Joshua Brown nodded his head "So, they are controlled by a strong astral beast. Mr. Zhao Tian, what do you think is the power of the astral beast that is controlling other astral beasts?"

"Monarch Astral Stage."

Brenden Smith who was sitting there, scoffed "If only Zhenzhu took good care of the barriers from the start, such situations would not have happened."

"Because of their mistake, now the whole world is suffering."

Zhao Tian frowned slightly upon hearing this and Joshua Brown facepalmed himself. 'This guy...'

Zhao Tian then understood why Brenden Smith seemed to hate him, the Lycan Syndicate of the Western Nations must be allied with the American president. So, no wonder...

"The Zhenzhu people even destroyed the Lycan Syndicate because they are jealous of their constant growth."

Everyone in the room was surprised that he asked it openly. They knew Lycan Syndicate was destroyed and they all had one guess and that was Zhenzhu, but they never pointed it out openly.

Looking at Brenden Smith, Zhao Tian nodded his head. "Yeah, I am the one who destroyed Lycan Syndicate."

Brenden Smith was surprised that he admitted it and said, "If only they were here... they could have also helped us."

Joshua brown intervened seeing that it was getting heated "Mr.Smith, since they are no longer here, we don't need to talk about that."

"And... we were also aware of what kind of experiments were they doing by killing people and using nuclear bombs."

Brenden Smith was taken aback that Joshua Brown knew about that.

So he changed the topic "Whatever, it's all Zhenzhu's fault... it is their damn Queen's- *thoom*"

Brenden Smith's face was crushed to the table and the table splinted into two as he fell on the floor.

"Urghhhh!!!" He groaned in pain, feeling his face being crushed on the floor and at this time, a middle-aged man who was far back at the conference dashed towards Zhao Tian.

Zhao Tian who was sitting in his seat turned his head and a cold glint passed through his eyes 'Ombudsman of America?'

"Mr.Pesident!"

swoosh *BOOM* But before the man could reach Zhao Tian, he was blasted away by Zhao Tian's energy and crashed onto the board in front.

The wall was shattered into pieces and all the presidents stood up from their seats in dread.

Joshua Brown shook his head helplessly and glanced at Brenden Smith who was already unconscious on the floor.

He turned around and eyed his assistant. The man in black quickly came and took Brenden Smith.

The Ombudsman of America shrugged away the debris and stood up, glaring at Zhao Tian, who was casually sitting in his seat.

"You shouldn't fight here."

Hearing Joshua Brown's words, the Ombudsman shot a cold glance at Zhao Tian before leaving the room following the assistant.

Joshua brown then turned to look at everyone and said, "Because of health concerns, Mr.Smith won't be continuing the meeting with us."

Health concerns? Everyone looked at Zhao Tian and again sat on their seats because Brenden Smith was not an important matter right now.

Joshua Brown nodded his head "So, let ou continue our discussions."

"Why don't we just nuke the place where the astral beasts are right now?"

"Do you know how many people would die in that nuclear explosion?"

"If we want to save all of humanity, we have to sacrifice some people for greater good."

"And why does it have to be my country?"

"No, the Nuclear bombs will have a long lasting effect, even affecting the future generations and the places would be a barren land."

The discussions continued as everyone kept debating if there was any other instant measure to kill all the beasts.

After a while, Zhao Tian stood up from his seat and prepared to leave.

Seeing him standing, everyone went silent, and Joshua Brown asked in concern, "Mr.Zhao Tian, what happened?"

Zhao Tian turned to look at everyone and replied, "You are all just wasting time by debating like this. In the meantime, I could have killed some astral beasts."

"I am leaving..."

Chapter 382: Astral Beast Wave 10!

swish Zhao Tian, who was dashing through the air frowned slightly and disappeared into the artifact.

As he appeared inside the artifact, he glanced at the women who were sitting on the couches waiting for him.

With a soft smile, he looked at everyone and asked, "Is everyone ready?"

The women enthusiastically nodded their heads "Yes.."

Ning Xue stood up and hugged Zhao Tian "I am already in that place."

"Good..."

swoosh Zhao Tian and Ning Xue disappeared from there and reappeared in the night sky.

Zhao Tian glanced down at the hordes of beasts rampaging through the abandoned city, their forms shining under the dim moonlight.

Ning Xue had already come here when Zhao Tian went to Germany so she can instantly teleport Zhao Tian from Germany to China.

Ning Xue placed a tender kiss on Zhao Tian's cheek and said, "I will go and bring the others."

"En."

A little later, all the women appeared in the sky looking down at the ocean of astral beasts.

Zhao Suyin was amused "Ooh, so these are astral beasts heh."

Zahra Ashante was pumped up and stretched her muscles "It's gonna be a feast."

She then turned to look at Yu Hua and asked playfully "How about this Hua? The one with the most kills wins."

Upon hearing this, Yu Hua smirked and a long golden sword materialized in her hand "Bet."

Zahra Ashante showed an equal grin and a pair of sharp green daggers appeared in her hands.

Zhao Ying chuckled seeing them "See, how they are showing off the weapons Tian'er gave to them from the warehouse."

Ling Huang, Ling Xin, Ling Meiying, Ling Chen, Hun Xiang and Chi Miya were also there.

Among his women, they are the ones who are in the Monarch Astral Stage and have some experience fighting in the Black Pagoda.

Zhao Tian smiled faintly "You can attack freely, they should be easy for you... Don't get hurt."

"Yes, Tian'er... wohoo..."

"Haha..."

"Time to use my POWAA!!"

All of them quickly hurled towards the swarm of astral beasts to flex their powers in front of Zhao Tian.

Zhao Tian chuckled in his heart and formed a big ice rectangle that was floating in the air.

...

swish Zhao Tian appeared in the air carrying Fei Lingxi in his arms, who had a deep blush on her face, embarrassed by the situation.

She then turned her eyes to Chi Shui, Ning Yueli, Ning Ziyu, Mei Xiu, Fei Ziyu, and Shi Yixian who were standing on top of the floating ice block.

Chi Shui clapped her hands with a smile on her face "My Sister is amazing..."

Ning Yueli laughed loudly "Bahahaha, Sister Ying is killing them so easily..."

Zhao Tian let out a soft chuckle and placed Fei Lingxi on the ice block.

"Thank you Master."

Mei Xiu grabbed Zhao Tian and hugged him "Tiannnn... I also want to fight."

Zhao Tian hugged her back "Dear teacher, for that you should cultivate a little and learn to control the astral energy."

"Only then we can remove the seal step by step for you to reach the Monarch Astral stage..."

"Waaahhh, cultivation is hard."

Chi Shui nodded her head "En, it is hard to control that energy precisely."

Zhao Tian reached out and patted her head "Don't worry, if you continue your training... you can surely do it."

Feeling his pat, Chi Shui blushed and nodded her head "Yes, Brother Tian."

Meanwhile, Ning Yueli raised her chest proudly "It is quite easy for me though, hehe."

With a chuckle, Zhao Tian pinched her cheek "Of course, easy for my genius."

"Hehe.."

...

swoosh Zhao Tian was flying above the horde of astral beasts searching for astral beasts that would be harder for his women to deal with.

"Help... me."

Amidst this, he heard a faint mutter and was surprised "Someone is calling for help?"

He looked down at the demolished buildings and he couldn't see a single human being.

Hm? However, he suddenly felt a presence at the top of an intact building and frowned "There is someone."

swoosh He quickly flew towards the building and saw a woman with office clothes lying on the roof.

Her dress is torn as she is almost naked and there is a deep cut on her abdomen with crimson blood gushing out of her body.

She seems exhausted and is taking her last breath.

Zhao Tian quickly landed beside her and knelt on the ground, taking her body in his arms.

He used his light energy to heal her injuries and her complexion gradually improved.

Only then did Zhao Tian take a good look at the black-haired woman and her beautiful face.

Soon, the lady's eyes fluttered open and she glanced at Zhao Tian's handsome face.

Mesmerized by his looks, she mumbled in a daze "Ahhh, Am I in heaven? I... such a beautiful man."

Huh? Zhao Tian was dumbfounded and couldn't help but chuckle "Lady, you are still on earth."

H-Huh? The woman's eyes trembled in shock and she raised her hand, cupping his cheeks "T-Then you saved me?"

Tears streamed down her cheeks and she hurriedly wrapped her arms around his neck, hugging him "Thank you so muchhhhh wahh."

"Uh..." Sighing in his heart, Zhao Tian hugged her back and a wide smile appeared on Qian Shi's lips as she hugged him so tightly.

She softly caressed her face on his neck, inhaling his scent 'So... this is how you smell, my darling, you smell so nice... Haaaaa.'

She took a deep breath, relishing the scent and warmth of his body.

'This is how your skin feels like...'

Her eyes squinted and without him noticing, she sliced some bit of his hair and stored it in her space ring.@@novelbin@@

"Thank you so much, Mister...." She cried, rubbing her body onto his and Zhao Tian patted her head, comforting her.

A little later, she retracted from the hug and looked down at her boobs, which were exposed. "Ahhhhh."

She hurriedly closed them with her hands and Zhao Tian took a pair of Shirt and Pant from his storage ring.

"Here, you can wear this."

Zhao Tian turned around and Qian Shi looked at the clothes with stars in her eyes 'My darling's clothes, MWAHHHUGUEEBEDEDEN@IN@D'

'My plan worked... hehe.'

After wearing those clothes, she smiled happily and Zhao Tian turned to face her "Shall we leave?"

"En."

...

swoooooosshhh At this time, the night sky split into two as if the space fabric itself were torn by some unimaginable force.

The fractures started to expand along the sky like forming a long line, creating a massive rift in the sky that eventually tore apart.

A single golden eyes peeked out from the rift in space looking down at the earth filled with Astral beasts.

Chapter 383: Astral Beast Wave 11!

Zhao Tian turned his head and the woman began to wear the shirt and pants she gave him.

Qian Shi had a wide grin on her face as she happily wore Zhao Tian's clothes 'Muhehehehehe, Not only did I get to hug him, I also got his hair... and more than that, I got his clothes.'

'My plan is success. I will cherish this forever.'

She took a good sniff of the clothes and nodded her head in happiness 'Umu, umu.'

After wearing the clothes, she turned her head and smiled "How do I look?"

Zhao Tian was quite surprised: 'She is so energetic for a woman who was at death's door a few minutes ago.'

With a nod, he spoke "You look good. So, shall we leave?"

Qian Shi nodded her head, a happy smile plastered on her face.

Zhao Tian walked close to her and gently grabbed her body, taking her in his arms.

'MUEWIHDIUHDHUDUH@DO@EOBBDB X XB XH WXBN XU!@HX'

A wave of happiness washed over Qian Shi's heart and she felt her mind flying to the heavens.

'Haah, A princess carry scene.'

She delicately entwined her arms around his neck and looked at his face "We can go..."

woosh Zhao Tian dashed into the air and Qian Shi's black hair fluttered in the gentle breeze.

Looking at her, Zhao Tian asked "You don't seem surprised that I can fly... and you were not shocked even when I healed you."

Qian Shi nodded her head "I... actually overslept in my cabinet during the emergency alert. I think everyone rushed in panic and went ahead of me, leaving me alone."

"The time I woke up, I didn't see anyone but I heard some weird screams."

"When I looked out of the window, all I saw were these weird beasts roaming on the roads."

"I quickly took my mobile phone and called for help from the police."

"But the police said that the situation is really dire and they can't really help me who is in the middle of these beasts."

"And when I looked at the news, I saw about these cultivators and these astral beasts."

"Some beasts broke into the building and tried to kill me."

"But I somehow survived these beasts and ran to the roof, thinking no beast would come there."

"I was hoping someone would come and save me and that's when I saw your video of killing the beasts."

"So I wondered if he will come and save me..."

"You really came."

Hearing her story, Zhao Tian frowned "I see..."@@novelbin@@

"yeah..."

...

woosh Zhao Tian quickly flew towards a safe place where many people were taking refuge, which was surrounded by cops and the military. There are even some cultivators there.

He landed near the tents and gently placed her on the ground. "You should be safe here."

Qian Shi nodded her head "Thank you, you are my hero."

Looking at Zhao Tian flying in the air, Qian Shi smiled softly and her appearance changed back to normal revealing her breathtaking face.

swish Following him, she also dashed into the air.

...

sleesh Zhao Ying twirled the yellow sword in her hand as it easily sliced through the beast, splitting it into two.

"Light chain!"

thriSSH Yellowish chains appeared from the ground as they quickly entrapped another astral beast, restricting its movements completely.

"Release!"

puchi The yellow chains pulled the astral beast from all sides and its body was splattered apart, gush of blood sputtered around.

Her eyes then turned to another group of astral beasts and a smile stretched across her lips "Sword of Execution."

Yellow runes appeared in the sky, lighting up the dark sky and a forty meter light sword appeared from the runes.

THOOOOMMM It crashed on the ground, destroying the buildings and all the astral beasts in its path without mercy.

Looking at the enormous crater purged on the ground, Zhao Ying smiled proudly and quickly took out her mobile phone.

"I will show this to Tian'er later."

click She took a photo of the devastation she had created.

"Woahh..." However, at this time, a gust of wind hit her face and her jaw dropped as she looked at the huge tornado of green wind swirling in front of her.

Her eyes squinted and her lips twitched as she looked at Zhao Suyin surfing on top of that tornado
"Mom?"

Zhao Suyin giggled in amusement "This is soooo fun. We should often release beasts and massacre them like this. So satisfying."

"670." Yu Hua muttered under her breath as her sword cleaved through the head of an astral beast.

sleesh *sleesh* She turned her head and looked at Zahra Ashante who was slaying the astral beasts "Bitch, how much..."

Zahra Ashante showed a smirk and replied "675."

-- Yu Hua's lips twitched in frustration and her gaze narrowed "No playing time anymore, I guess..."

A sharp white energy seeped out of her body and Zahra Ashanted felt her spine tingle.

"Ah, she released that damn monster... This bitch is scary sometimes.'

swoosh Zahra Ashante dashed into the air to kill the next astral beast with her daggers but her instincts screamed and stopped mid-air.

SLEESH *DOOOOMMMM* A gigantic white slash fell before her, instantly destroying all of the astral beasts in front of her.

"What the-" Zahra Ashante was dumbfounded, looking at the long, deep cleave splitting the ground into two, and turned her eyes to Yu Hua.

Yu Hua had a smug smile on her face and said sarcastically "You count how many beasts were that."

Zahra Ashante's nerves popped up in anger and she screamed as green energy began to whirl around her.

"See this whore!"

...

Zhao Tian landed on the ice block and Ning Yueli hugged him "Brother Tian..."

Zhao Tian let out a chuckle and patted her head "Hm... seems like everyone is fighting well."

"Yes, Bro-"

Huh? Zhao Tian squinted his eyes, looking at Ning Yueli's face as she suddenly stopped.

"Yueli?"

Confusion clouding his thoughts, he looked at the other women who were standing on the ice block and was taken aback.

They are all standing still without moving their bodies like statues.

What the fuck is happening?

He turned around and saw that even the astral beasts were frozen like statues and he realized.

"Time... stopped?"

Chapter 384: Astral Beast Wave 12!

"Time... stopped?"

Zhao Tian's blue eyes wavered and he hastily looked around, his mind swirling with various thoughts.

What the hell is happening?

Why has time stopped?

Am I imagining things?

As he tried to enter the artifact... he couldn't.

His eyes narrowed and he quickly dashed through the air into the time-stopped world.

Everything is frozen in motion, nothing is moving. The astral beasts and even the burning building... the fire is frozen in time.

swoosh He quickly hurled towards his women, who were fighting the astral beasts, and saw that they were also still in time.

Their attacks are also motionless in space.

Zhao Tian's head boiled in confusion and he was totally perplexed by the whole situation.

"Calm.. down..."

He took a deep breath to calm down his racing heart and walked towards Zhao Ying who was standing with the light sword in her hand.

"Ying'er..." He touched her cheek in hopes that she might wake up.

"Ying'er..." He shook her body gently but there was no reaction from her, leaving him even more confused.

"Am I in some illusion? But I didn't sense any attack from anyone... nor did I sense any malicious presence around me at that time."

"Maybe... it is like that time? When I was with my real mother, I was in some white place. something like that?"

As he was thinking, suddenly a blind light flashed on his face. *feen*

He hurriedly shielded his face with his hand from the light and slowly opened his eyes, his eyebrows squinting because of the blinding light.

As he opened his eyes, he took a good look and saw that the whole sky is glowing with rich golden energy.

Huh? What kind of energy is this?

He felt the space around him tremble and *treek* he heard faint noises echoing in the air.

As he turned his head, he saw the space fabric was getting torn by some pressure, and cracks appeared in the space.

It began to crack like glass and the web of cracks continued to develop and shatter into pieces.

But in the next instant, the shattered space fabric is quickly restored to its old state.

At this time, the golden sky split into two, as if reality itself were shredded by some unimaginable force.

The fractures started to expand along the sky like forming a long line, creating a massive rift in the sky that eventually tore apart.

A single golden eye peeked out from the rift in space, looking down at the earth, which was standing still in time.

As Zhao Tian gazed into the enormous golden eye, his pupils shrank in utter shock, and his breath caught in his throat.

His nerves screamed in fear and he realized that he was in front of an overpowered entity.

Looking into the golden eye, his mind wobbled and his thoughts disoriented in chaos.

Qian Shi who was floating in the air, trembled instinctively in front of a majestic presence.

She raised her hand and looked at her palm which was shaking violently in fear.

"Finally... I never thought I would get to see you once again in my life."

Her golden eyes gazed into the gigantic single golden eye in the golden sky and a mumble escaped her lips.

"The Eye of the Heaven."

"It's been some thousands of years since I met you."

She then turned her gaze to look at Zhao Tian, who was on the floor and she muttered "Take a good look, My darling..."

"This is the foe you are going to fight in the future and I am sure... you will see what's beyond this heavens and achieve Godhood."

"...Just like the First Honoured one."

Her gaze softened and uttered "As I thought... you are not restricted under the heavens, so you can move in this time-stopped world of heavens."

"Your star... is going to change, my darling."@@novelbin@@

"This... is a rare phenomenon anyone could rarely get to see. Haha, they can't get to see since they are stopped by time."

"A star's ascension."

"An ascension of a star from Middle Star to High Star."

"...by the heavens itself."

As she said, she closed her eyes, intaking a deep breath, and sat in the air as the regal throne appeared below her.

"I hope... my mind won't get boggled because of the intense warp in space."

...

Zhao Tian who was standing on the floor, suddenly felt the space twirl around him and clutched his head in tremendous pain.

His eyebrows winced and as he was familiar with the space energy, he quickly realized "A space warp..."

"On a large scale... which is even making my brain ache. But... why the space is warping?"

When he uses teleportation, the space warps for a second, allowing him to easily travel to his artifact.

His body has gotten used to this space warp after all these days of using teleportation.

But his mind couldn't comprehend this high level of space warp.

However, suddenly his blue eyes glowed faintly, and in frustration, he punched at the air.

thrash But his punch cracked the space as it shattered like a glass and in the next instant, it was restored.

Closing his eyes, he extended his hand and instinctively grabbed into the air. His fingers clutched the space tightly and the space began to crack again because of his force.

He blinked his eyes as he gained some clarity and he felt the blank space around him.

'This is somewhat strange... this is....'

...

Meanwhile, inside Zhao Tian-

An angelic voice was heard "Is that the presence of Eye of the Heaven?"

"Y-Yes, I am also sensing it."

"Huh? What is that doing in a middle star?"

"Maybe that one-in-a-million phenomenon is occurring?"

"Ascension of a middle star?"

"That must be it."

"Do you think, it came searching for... Lord Vester?"

"No, the Eye of the Heaven can't detect Vester's presence because of his physique..."

"Yeah... then it is here for the Ascension..."

"Yeah, should be..."

"I hope he is okay."

Chapter 385: Astral beast Wave 13!

Zhao Tian's body trembled and his stomach churned up because of this weird space warp that he almost threw up.

He raised his gaze and looked at the golden eye peering down at the earth but it seemed like it was not noticing him.

His fingers gripped the space tightly and various thoughts ran through his mind "What the hell is this eye..."

The only conclusion he can think of is, "The rare phenomenon Zhilian was talking about... but what is actually happening?"@@novelbin@@

He gritted his teeth, feeling the space distortion around him, and closed his eyes.

'I don't know what the actual fuck is happening... but this is a good opportunity for me...'

'Feel it.. Feel the energy...'

His white eyelashes trembled as his fingers dug deeper into the space fabric, tearing it down as shards of broken space fabric splattered in the air.

But in the next instant, the broken fabrics are quickly restored but they continue to break under Zhao Tian's strength force.

Qian Shi who was sitting on the throne, trembled. "This must be straining for my darling..."

She looked down and was shocked to see his fingers tearing down the space itself to shreds "H-He... huh?"

"Not only is he stable in this situation... he is even comprehending this space energy?"

Her eyes crescented with affection as a smile stretched across her lips "That's my darling..."

Zhao Tian's body wavered and at this time, he suddenly felt the space distortion had stopped. Huh?

He opened his eyes and looked up at the enormous eye in the sky as the golden sky began to dim.

"It stopped."

He mumbled under his lips and noticed that the space rift was slowly getting back to normal.

The golden eye began to close and quickly, the rift also disappeared.

swoosh The golden sky lost its color and turned back to normal night sky.

Zhao Tian was even more confused "What happened just now?" he uttered looking at the sky filled with brightening stars and a single moon.

"The stars look a lot brighter than usual."

"Yes, Brother Tian." Ning Yueli uttered but she was surprised to see that Zhao Tian was not in front of her.

"E-Ehhhhh? Where is Brother Tian? He was here just a second ago."

Chi Shui was also dumbfounded to see that he was on the ice block.

"He teleported? Maybe he went back into the artifact?"

"It seems like Master teleported..." Fei Ziyu added and Mei Xiu nodded her head.

"Hah..." Zhao Ying slashed the sword as her light sword cleaved through another astral beast.

"What the-" As she turned her head, she was startled and jolted back in surprise, her heart skipping a beat.

"T-Tian'er..."

She let out a sigh of relief and calmed down her racing heart "Don't scare me like that, Tian'er..."

However, she doesn't have much time to think as another beast jumped to her.

"Light Shield."

A yellow energy condensed before her, blocking the claws of the astral beast and she thrust her sword, the sharp tip piercing through the skull of the astral beast.

Zhao Tian who was deep in his thoughts, waved his hand, and a dark glint passed through his eyes.

swish Dark flames burst out from his body and quickly incinerated all the astral beasts around the vicinity, killing them instantly.

Zhao Ying giggled seeing this but was confused to see the deep frown etched on his face.

"Tian'er..." She reached out and touched his cheek, her voice laced with concern.

Zhao Tian snapped out of his thoughts and looked at her "Ying'er..."

A smile appeared on his face and sighed "Nothing, Ying'er..."

BOOOOMMMMM Suddenly the dim atmosphere glowed bright golden and the buildings were obliterated.

"Golden Inferno!" Floating in the air, Ning Xue smirked looking at her Ultimate technique blowing away buildings and the astral beasts.

Her Golden flames cast a golden hue on her surroundings, lightening them.

Looking at her Zhao Ying giggled "It seems like Sister Xue is in full spirit."

Squinting his eyebrows, Zhao Tian called her "Xue'er, come here."

Hm? Ning Xue turned her head and looked at Zhao Tian. With a smile, she quickly flew towards him. "Tian, did you see that?"

Zhao Tian nodded his head with a chuckle "Yeah, I did."

She hugged him and Zhao Tian patted her head as he looked at the surroundings. "Xue'er... look after everyone for a while."

Among the women here, Ning Xue is the strongest. Even though the astral beasts here are all low level, something might happen so he is appointing Ning Xue to watch over them.

Ning Xue tilted her head "Eh? Where are you going, Tian? Did some country's president call you again?"

Zhao Tian shook his head "No, I am going to meet Shenyi. So look after them."

Ning Xue nodded her head with a smug "Of course, as the strongest sister, I will take care of them."

With a nod, ***swish*** Zhao Tian disappeared from there.

Zhao Ying's lips twitched "Strongest sister? That title is temporary for you. Soon, we will also have sex with Zhao Tian and climb up the cultivation."

Ning Xue showed her tongue and replied "That is for the future, but for now... I am the strongest."

"Then, in that case, Sister Shenyi is the strongest."

Ning Xue shook her head "Nuh uh, Shenyi is yet to have sex with Tian, so she is not his real woman. Hehe... I am still the strongest."

Zhao Ying gripped the light sword in her hand and her eyebrow twitched "Well, I shall accept for now. Hmph!"

Ning Xue nodded her head "En, now go and kill the beasts. I will oversee you."

Qian Shi who was in the air giggled to herself looking at Ning Xue and Zhao Ying "My sisters are all cute when they bicker like this."

"But you all have to know, among his woman I am the strongest and the most beautiful, hehe..."

"I, Qian Shi, the Goddess of Heavens is..."

Chapter 386: Chat with Shenyi!

swoosh Zhao Tian appeared in the main hall of the mansion and sensed that Xia Shenyi was in her room.

He hurriedly climbed the stairs and walked to her room.

"Shenyi..." He pushed the door open and saw Xia Shenyi sleeping in her room, with the quilt covering her body.

Seeing her sleeping, Zhao Tian let out a sigh and he didn't want to disturb her sleep.

He walked to the bed and sat on the edge as he again remembered the things that had happened just now.

As he was contemplating, Zhao Tian felt some delicate fingers caressing his back, and he turned his head to look at Xia Shenyi who just got up.

Xia Shenyi let out a yawn and sat on the bed, her hair was all messed up. "Good morning, Tian..." she uttered stretching her arms.

Zhao Tian smiled warmly "Good morning, Shenyi..."@@novelbin@@

Xia Shenyi caressed the hair from her face and looked at Zhao Tian "What are you doing here, Tian?"

"*yawn* Didn't you say that you are bringing everyone to kill the astral beasts for some combat experience?"

Zhao Tian nodded his head "Yeah, but something happened, so I came to ask you, Shenyi..."

Xia Shenyi nodded her head and moved her ass, sitting beside him on the bed "What happened?"

Zhao Tian began to explain "While I was speaking with Yueli, suddenly the time stopped and everything came to a sudden halt."

Xia Shenyi who was half asleep, scratched her head in confusion "The time stopped?"

"Yeah, the time itself stopped and the space began to break around me... The whole sky turned to golden and a large golden eye appeared in the sky."

Xia Shenyi shook her head to gain some clarity and asked "So the time stopped and a large golden eye appeared in the sky."

"What are you telling, Tian? Or am I just high and hearing things wrong?"

Zhao Tian frowned as to how he could explain it better to her and an idea struck his mind.

"Shenyi..."

The room around them suddenly turned dark and Shenyi narrowed her eyes "You cast an illusion?"

Zhao Tian nodded his head. "I will show you the illusion of what I saw during that time from my POV."

"Oh, that's smart, let me see..."

Xia Shenyi looked at Ning Yueli's face in Zhao Tian's pov "Yes, Bro-"

Hm? Xia Shenyi's gaze narrowed as Ning Yueli suddenly stopped and saw the others were also standing still like statues.

"What is happening?" She muttered under her lips and saw Zhao Tian dashing through the air to see Zhao Ying.

He tries to wake her up but everything around them is halted in time.

"As you said, the time flow has stopped," she mumbled in disbelief.

Xia Shenyi was startled as she saw the space suddenly start rupturing apart and saw the sky shining golden.

Her eyebrows narrowed as she intently gazed at the illusion and her eyes shrank in shock looking at the golden eye appearing in the sky.

As she saw it from his pov, she could see how majestic... its presence was.

"W-What the.. hell is that?"

Through the illusion, she saw the space distorting and her eyes quivered in dread as she turned her gaze to Zhao Tian.

"H-How did you survive that?"

Zhao Tian shook his head "I don't know, it wasn't acting much on my body. And seeing that the time stop has affected everyone, except me... implies..."

Xia Shenyi continued his words " ...that this is something related to the heavens, as your physique is not restrained by the heavens."

Zhao Tian nodded his head "Right..."

The illusion stopped and Zhao Tian zoomed in on the golden eye "So any idea what this is?"

Xia Shenyi shook her head her mind spiraling in thoughts "No clue..."

At this time, he remembered his talk with Ning Zhilian and began to explain that too.

Xia Shenyi was dumbfounded after hearing the story "Wait, so all the astral beasts in the Zhenzhu are wandering in the human world now."

Zhao Tian nodded his head "And Zhilian said that the people from High Star who were with her ancestors predicted that if this barrier broke, a rare phenomenon would occur that would change this planet's fate."

"A rare phenomenon..." As Xia Shenyi muttered, she gasped in realization.

"T-Tian, it's that..." she said, her voice trembling.

"It's what?" Zhao Tian asked in confusion.

"Ascension."

"A star's ascension."

Xia Shenyi realized the gravity of the situation and was shocked to the core "H-Huh... but how... huh...."

Zhao Tian frowned looking at her face and asked "Shenyi explain it to me."

Xia Shenyi took a deep breath and spoke "Tian, when a middle star, which is close to the circle of the high star... abruptly gets filled with astral energy, there is a slight chance for it to ascend."

"So... I think, when the barriers broke, the astral energy that was concentrated within the Zhenzhu for a long number of years was poured into the whole planet, which triggered the ascension."

"Most of the people in the High Stars know about this rare phenomenon, as it is said in the records that something like this has happened a couple of times in history."

Zhao Tian narrowed his eyes and asked "Then... our planet is now in the circle of the High stars?"

Xia Shenyi nodded her head and again glanced at the golden eye on the illusion "The space distortion you felt must be because your star was pulled from the middle star circle and placed in the circle of High stars."

tap *tap* At this time, he heard hurried footsteps and Shi Yixian rushed to the doorstep "My Liege..."

Shi Yixian was startled to see the illusion filling the room "My Liege...."

Zhao Tian smiled seeing her "Yixian, come here..."

Shi Yixin entered and sat beside Zhao Tian on the bed "My Liege, this eye... huh, it seems familiar."

Zhao Tian was pleasantly surprised and asked "Yixian, you know about this?"

Shi Yixian's gaze trembled as vivid memories of a thousand years ago resurfaced in her mind.

"A woman's eyes... smiliar eye... Her name is Qian... something."

Chapter 387: Chat with Yixian and Shenyi!

Sitting next to Zhao Tian on the bed, Shi Yixian narrowed her eyes, as she stared at the massive golden eye depicted in the illusion before them.

"My Liege, this eye... huh, it seems familiar."

Zhao Tian was pleasantly surprised and turned to look at her "Yixiain, do you know about this?"

Shi Yixian's gaze trembled as vivid memories of a thousand years ago resurfaced in her mind.

Her gaze squinted as she tried to remember "Was it like four or five thousand years ago?"

Hearing her words, Zhao Tian was dumbfounded 'How long do these people live actually?'

Shi Yixian again glimpsed at the eye and nodded to herself "Yeah... In that competition, that happens once every thousand years."

Hm? Zhao Tian turned to look at Xia Shenyi "Is that the competition Freya and you joined two thousand years ago?"

Xia Shenyi gave a nod "En. The competition that is held in the astral realm every thousand years."

Zhao Tian then glanced at Shi Yixian and asked "And you saw this eye there, Yixian?"

With a shake of her head, Shi Yixian replied "No, My Liege... I didn't see a big eye like this, but I saw a woman..."

"I don't know why but seeing this eye reminds me of her golden eyes. Even her name... it starts with Qian or something..."

Zhao Tian's gaze narrowed looking at Shi Yixian 'It reminds her of a woman?'

Zhao Tian got curious and asked "Yixian, What do you know about this woman?"

Shi Yixian nodded her head as she recalled her memories "She is the supreme leader of the... uh.. I forgot what it is... but she is one of the influential figures in the Astral Realm."

"She came to the competition as a guest. No one knows much about her..."

"During that tournament, I won it by representing my Empire..."

"She personally called me and even gifted a sword to me at that time."

"Even I have to admit, when I first saw her face... in appearance, she is so beautiful. She smiled at me and looked at me with a soft gaze as if she had known me for years."

"That's why... I remember her eyes."

"I see." Zhao Tian mumbled as he looked at the golden eyes stretched across in the golden sky.

'Is it just coincidence that she feels like it or does it have any connection with this supposed Qian woman?'

With gentle movements, Xia Shenyi moved her body on the bed and placed her head on Zhao Tian's lap "Well anyway... now one thing is clear."

"Till now, everyone knew that a middle star might ascend to a high star when the planet suddenly gets poured in astral energy."

"But this is the first time I have seen this, so till now this golden eye is the one that has been causing these ascensions."

"And seeing that this golden eye time stop ability didn't work on you, we can guess that this is something related to the heavens."

"So Heavens is the one doing these ascensions. Hmm, so it is doing its job by looking after the universe."

Zhao Tian patted her head and she hugged his waist, nuzzling her face on his stomach.

Upon hearing her words, Shi Yixian quickly grasped the situation and asked "My Liege, your middle star... ascended?"

Zhao Tian nodded his head "Yeah..." and he began to explain about the barrier's breakdown and what happened during the ascension.

Shi Yixian's eyebrows squinted and said "This could be a good thing and a bad thing."

Xia Shenyi who was on his lap added "Tian, from now on, you have to be careful while you are in this star."

"This star has just ascended so it will take a while for the cultivators in other high stars to notice this star and come here to check on it."

"There might be good cultivators who will help you or some people who want your star's resources, might be the space pirates or even Eldritchfiends."

"Zhenzhu won't be the strongest faction on this star and other cultivators in the high stars will surely invade here, so Zhenzhu's power will crumble."

"Ask Xue to be careful."

Zhao Tian nodded his head upon hearing this and Xia Shenyi continued, "If the apex six high stars get interested in your star, then your star will be in safe hands."

"The apex six high stars?"

Xia Shenyi nodded her head "Yeah, the apex six high stars. Among the high stars, they are the most powerful ones."

"Ebon Luohe Star, Qinghua Veil, Jade Eclipse Star, Elven Star, Stygian Halo and Longqing Ridge"

Zhao Tian was quite surprised upon hearing the names, as he felt three of the stars didn't feel like typical Chinese cultivation stars.

Xia Shenyi added "By the way, I am from the Jade Eclipse Star and if they find you, they will claim your star as their property but treat you well and protect you from threats."

"To be honest, that is the best because your star is within the High Star circle now... where most cultivators are in the Empyrean realm."

"The star is too weak, so they can only shelter under a strong star..."@@novelbin@@

Zhao Tian nodded his head upon hearing this and Shi Yixian added "I am sure the apex high stars will be interested in your star because it has been ascended to high star which is really rare."

With doubts in his mind, Zhao Tian asked "I am still a bit confused as to what extent did this eye teleport the star?"

"I saw the moon, so it teleported the Sun, moon, and all the planets in the solar system?"

Xia Shenyi nodded her head "That must be the case, since your star cannot survive without the moon, and sun it must have pulled the entire solar system."

"...and place them in the flow of another galaxy within the High star circle."

"Interesting..." Zhao Tian muttered under his lips.

Chapter 388: Astral Beast Wave 14

"Huh? You could comprehend the space energy even better now?"

Zhao Tian nodded his head "With this physique, I can easily learn things and adapt. So while I was having that spacial distortion, I tried to grasp the core of this space energy...."

"I already had some knowledge of it because of the constant teleportation and I often use my movement technique- Space ripple steps."

"Even though I couldn't fully grasp the energy, I can do this...."

As he extended his hand, his finger touched the space and the space began to bend a little as he applied pressure on his fingers.

Shi Yixian and Xia Shenyi were startled to see this "Tian, you are bending the space...."

They looked at the space bending intriguingly and saw Zhao Tian's hand trembling as the space also began to crack a little.

crack Like a spider web, cracks began to develop on the fabric of the space and not being able to push it any further, Zhao Tian retracted his hand

swish In the next instant, the cracks began to mend themselves and restored like new.

Xia Shenyi narrowed her eyes upon seeing this and muttered "That will be really useful."

Zhao Tian nodded his head "I can teleport anywhere within one kilometer."

"And once I apply this space energy to create a rune, I can do long-distance teleportations."

"That's amazing..." Xia Shenyi muttered under her lips and Zhao Tian pinched her cheek with a chuckle.

"I am still learning about this space energy, and if I learned to control this space energy proficiently... maybe I can even create black holes or something like that."

Xia Shenyi and Shi Yixian were taken aback as they knew the intensity of a black hole.

Smiling, Zhao Tian wrapped his arm around Shi Yixian and pulled her closer "Well, that is for the future...."

Shi Yixian smiled gently and rested her head on his shoulder "My Liege..."

Zhao Tian's eyes grew tender because Shi Yixian had been smiling a lot lately rather than her emotionless self.

...

Ning Xue who was floating in the air smiled faintly, looking down at her sisters, who were effortlessly killing the astral beasts.

Hm? However, at this time, her eyebrows frowned and she looked around at the surroundings "What is this? The astral energy in the air has increased?"

"It did increase after the barrier was broken but... now it has increased even more and a tremendous amount of astral energy is swirling in the air."

"What is happening?"

swoosh At this time, Zhao Tian appeared there and Ning Xue turned to look at him "Tian... something is wrong."

"Suddenly, the astral energy in the surroundings has gone denser."

Zhao Tian nodded his head and explained "Xue'er, remember Zhilian talked about the rare phenomenon, that happened just now."

Huh? Ning Xue was perplexed to hear this and Zhao Tian continued "This middle star has ascended into a high star. That was the rare phenomenon."

I-Into a high star? Ning Xue narrowed her eyes "Such things like that can happen?"

"Then when Big Sister said that when that rare phenomenon happens, our Zhenzhu no longer will be able to rule is...."

Zhao Tian let out a soft sigh "The cultivators from the other High stars will invade...."

gasp Ning Xue gasped in shock upon hearing this: "This is really bad."

Zhao Tian spoke "First we need to tell this to the government and explain it to the people."

"They need to know about the changes that are going to happen to this world."

...

Next day-

Sitting in the round conference room, Zhao Tian looked at the bewildered faces of all the people in the room.

The cultivators, presidents, and people in the UNO are terrified to the core after hearing Zhao Tian's words just now.

Joshua Brown, who is the Secretary General of the UNO, his gaze trembled "M-Mr.Zhao Tian, what you are saying is..."

Zhao Tian nodded his head "I don't know if there are aliens out there, but there are surely many other planets like us, and cultivators who are more powerful than us are there."

Brendan Smith who was sitting there, narrowed his gaze "And you are saying that we are in this what? High Star circle?"

"You want us to believe this bullshit? Huh? Over the past years, our satellites have never detected any life forms around our solar system."

"Just because you are the strongest one here, do you think we would believe you?"

Joshua brown raised his voice "Mr. Smith, calm down..." as he didn't want to anger Zhao Tian.

At this time, one of the cultivators who was in Monarch Astral Stage stood up and said "Maybe what Mr. Tian is saying is actually true..."

Brenden Smith turned his head and roared, "Are you in cahoots with him? Huh?"

The cultivator shook his head "No, from yesterday.. the astral energy in the atmosphere has been increasing."

"So I think what Mr.Tian saying is correct, our star entered this High Star circle where planets get dense astral energy."@@novelbin@@

Hearing this, the other cultivators also began to voice their thoughts shocking the people in the room.

"Then... we are going to get invaded?"

tap *tap* At this time, someone hurriedly came to the room, and the door was swung open.

Some group of people entered the room wearing white lab coats and the people inside were hella confused seeing the scientist-looking guys "Who let you in?"

The man leading hurriedly walked in "I am Rick from the International Space Organization. Hearing all the presidents are here, we rushed to Germany to tell this information in person."

Joshua Brown was taken aback "From ISO? What are you doing here?"

Rick Alucard looked at the people and said "Our earth- no, our whole Solar System and our galaxy has been changed."

"We are no longer in the Milky Way galaxy."

"HUHH?!"

Everyone in the room was dumbfounded and stood up from their seats looking at the group of scientists.

"No longer in the Milky Way galaxy?"

"Then, we are really...."

Joshua Brown turned to Zhao Tian and saw the faint smile playing on his lips.

'So what he saying is..'

Chapter 389: Astral Beast Wave 15!

Brenden Smith rose from his chair, a bewildered expression on his face as he gazed at the assembled group of scientists "Huh? What do you mean we are no longer in our Milky Way galaxy?"

Rick Alucard glanced over at Brenden Smith and elaborated, "It means our planet- no, our solar system is not in the Milky way galaxy

"We can't see our neighborhood galaxies like Canis Major Dwarf Galaxy, Andromeda Galaxy, and Sagittarius Dwarf Elliptical Galaxy anymore."

"And the constellation stars around us have changed so drastically that we can't recognize any star around us in the sky."

Joshua Brown was shocked to the core and asked "T-Then what about the space station and satellites?"

Rick Alucard nodded his head "Mr. Brown, they are safe. We have somehow been teleported to an entire different galaxy along with our solar system."

"Scientists are theorizing that the phenomenon must be the work of some advanced extraterrestrial beings possessing sophisticated space warp technology."

"We are still researching them... We have also lost connection with some of our satellites too."

"Such confidential information couldn't be shared via phones or computers. So me and my team came there directly."

Joshua Brown clutched his forehead in pain, struggling how he was going to explain this to the public.

The revelation about the cultivators and astral beasts is already causing a huge uproar throughout the world and now this shit too.

As the huge shock sank in, everyone in the room took a deep breath to calm their hearts and think further about the situation.

By this time, they all understood that what Zhao Tian said was not a lie and that their planet had really entered the High Star circle.

click Hearing a notification sound, Zhao Tian took his mobile from the pockets and saw it was some message from Zhao Ying.

As he clicked on the message, he couldn't help but chuckle because Zhao Ying had sent a photo of the huge hole she created in the ground with her attack.

After replying to her message, he put the phone in his pocket again.

The world leaders' minds were in turmoil and they contemplated the implications of this newfound information. The world they thought they knew had suddenly expanded, and they were faced with an uncertain future.

Letting out a deep sigh, Joshua Brown turned his head to Zhao Tian "Mr. Tian, is there no way out of this?"

Zhao Tian shrugged casually "Do you think you can take our solar system back to the Milky Way galaxy?"

-- Eh? Joshua Brown was dumbfounded upon hearing this.

Rick Alucard glanced at Zhao Tian and smiled as he quickly ran close to him "Mr.Tian... I have seen you on TV and you killing the beasts."

Zhao Tian nodded his head with a smile and Joshua Brown asked again "So we can only wait for their invasion?"

Upon hearing this, Zhao Tian nodded his head and stood up "Yeah, we can only wait."

"Then I am taking my leave. Explain this to the public somehow."

Joshua Brown looked at the departing figure of Zhao Tian and let out a sigh.

Then he glanced at Rick Alucard and spoke "Mr.Rick... it is not by highly civilized aliens."

...@@novelbin@@

Zhao Tian came out of the building and saw that there were still many people and reporters waiting outside.

As soon as they caught sight of him, they all jumped to their feet in a rush of excitement, grabbing their cameras and eagerly snapping away at the sight of Zhao Tian.

click *click* "Mr.Tian."

The police and military also quickly came to surround him for guard and Zhao Tian muttered "Don't worry, I will be leaving..."

swish With that Zhao Tian disappeared from there, leaving the onlookers dumbfounded.

"E-Eh? He disappeared?"

"Did you take that on camera?"

"Yeah I took a video."

"Send that to our channel."

...

swish Zhao Tian appeared back inside the artifact and was greeted by the sight of Fei Ziyu patiently waiting for him in the cozy living room.

"Ziyu..."

Fei Ziyu hurriedly stood up and walked over to him "Master, I shall bring you to China."

"Before that..." Zhao Tian smiled faintly and gently clasped her waist as he pulled her closer, causing her to fall on his chest.

"M-Master..." Fei Ziyu was taken aback by the sudden tug from her master and instinctively rested her hands on his shoulders in response.

With a tender touch, Zhao Tian lifted Fei Ziyu's chin and leaned in to softly kiss her lips as Fei Ziyu inadvertently closed her eyes for the kiss.

smooch He sucked her delicate lips, tasting her velvety skin and Fei Ziyu reciprocated with the same passion.

A few moments passed before they broke the kiss, and a gentle smile graced Fei Ziyu's face, radiating warmth and happiness.

As Zhao Tian gazed at her radiant smile, his eyes filled with tender affection and he gently lifted his hand to stroke her velvety cheek with his fingertips.

Hm? Fei Ziyu looked at the tenderness in his eyes and happiness flooded her heart as she hugged him, her hands wrapping around his neck "Master..."

Chuckling, Zhao Tian leaned forward and placed a kiss on her forehead, filled with affection.

H-Huh? Fei Ziyu was taken aback and her cheeks flushed with embarrassment.. Even though he has kissed her so many times in the past, this is the first time he kissed her on the forehead, and she can feel his affection from the simple kiss.

Looking at her blushing face, Zhao Tian sighed in his heart and patted her head.

tap At this time, Xia Shenyi came there with an artifact in her hand "Tian."

Hm? Zhao Tian turned to look at Xia Shenyi and arched an eyebrow looking at the artifact.

It is like a floating beacon with intricate silver-blue metallic designs. It has sharp, curved edges and pointed tips. The central part is bulbous, adorned with swirling patterns and bands, resembling the body of a lantern.

"Shenyi... what is that for?"

Xia Shenyi nodded her head as she spoke "I remember seeing this artifact in the warehouse, so I took it. It actually detects enemies on a large scale."

"So I just thought, if you placed this outside, you would be alerted if the cultivators from High Star invaded here."

Zhao Tian was amused "Oh, that's great..."

Chapter 390: A new kind of beast!

sleesh With a contented smile, Ning Xue watched as the women skillfully dispatched the beasts with ease, impressed by their effortless grace and precision in battle.

"This will also be good training for them and they can defend themselves if they encounter any danger in the future."

As she was watching over them, a sudden presence caught her senses, and her eyebrow arched in amusement.

"Something powerful."

She turned her gaze in a direction and glanced at the top of the broken building
"Hm?"@@novelbin@@

gasp Her breath caught in her throat in dread, feeling a powerful gaze glaring deep at her soul and her body trembled in fear.

"I-I can't move my body?"

Her gaze narrowed and a golden glint passed through her eyes "Damn this..."

swoosh As astral energy bursts out of her body, she can again feel her limbs and clench her fist.

Huh? What was that I felt just now? I was paralyzed?

She raised her head to look at the building and saw a pair of pink eyes glancing down at her.

swish Ning Xue dashed through the air, inching close to check about the astral beast "Is this the powerful beast controlling all other astral beasts?"

sleesh *sleesh* But suddenly out of nowhere, a series of pink slashes hurled towards her and sensing this, Ning Xue quickly dodged them mid air.

Her eyebrow squinted in thought "I can't sense the beast's presence..."

This left her confused because she is at the pinnacle of the transient realm and is more powerful than the astral beasts in this middle star.

A wild guess appeared in her mind 'Maybe... someone from the high stars has already invaded this planet?'

swoosh Hearing the sound of something slicing through the air, she quickly turned her head and glanced at the image hurling toward her, leaving a pink trail.

Huh? A woman? Ning Xue's eyes wavered in shock, looking at the beautiful mature woman with long pink hair and pink eyes, with a hypnotizing smile dancing on her lips.

swish With a pink blur, Yao Lian appeared in front of Ning Xue and waved her hand, her claws outstretched.

Five pink slashes condensed from her claws and burst towards Ning Xue, cleaving through the air.

Ning Xue quickly reacted and golden flames swirled out of her body "Inferno tempest.."

A mutter escaped her lips and the air around her ignited in golden flames as a swirl of powerful flames appeared in the air.

thrasshhhh The roaring sound of flames filled the air as they surged forward in a vortex, engulfing the oncoming barrage of slashes and consuming them completely.

"Hoh? Bearer of an Empyrean flame, heh. That's quite rare."

Ning Xue took a moment to look at the woman floating in front of her. The woman is wearing pinkish white robes covering her whole body, with a playful smile on her lips and what caught her interest are the two bumps on her head.

Fox ears? Ning Xue suddenly remembered her old talks with Freya Everglade when she was so curious about these high stars.

Since Freya Everglade is an elf, Ning Xue's curiosity piqued and she asked Freya Everglade if there were any weird humans like her in other high stars.

At that time she said....

Ning Xue glanced at the fox woman and asked "I didn't expect that people from Yasheng star would visit our lowly middle star."

Hm? Yao Lian's eyes condensed and the playfulness in her voice disappeared. "How do you know about my star? I thought that people in this middle star are bums."

"Oh... well, seems like we can't really call this star a middle star anymore, it has evolved into a high star."

Ning Xue's eyebrows frowned 'Is she the only one here from their star? I can't sense anyone else. Another good thing is that she still hasn't stepped into the Empyrean realm.'

'She is still in the half-step Empyrean stage just like me, so I can take on her.'

Yao Lian gripped her fingers and her lips twitched in exasperation "I won't let you guys be alive for ruining my fun time..."

As she muttered, numerous pink orbs appeared around her, each sparkling with pink lightning as they floated around her.

swish All the orbs spread in different directions and seeing this Ning Xue was confused.

"From right."

She quickly moved dodging the pink orb and she didn't have time to react as she was instantly attacked by another orb from an unexpected angle.

sleesh She again dodged that orb but before she could make her next move, she was again attacked by a pink orb.

"Flame wall!"

With a burst of golden flames, an enormous wall appeared, bursting the pink lightning orbs around her.

swish Leaving a blur, Yao Lian appeared in front of Ning Xue and pink energy condensed in her palm as she thrust her palm at Ning Xue aiming to strike her with a powerful surge of energy.

Ning Xue hurriedly crossed her arms to parry her strike, but the next attack caused her eyes to shrink in shock.

Yao Lian's hand passed right through her hands and the fox woman's whole body passed through her as if she were a ghost.

Huh? Ning Xue hurriedly turned her head to look at Yao Lian and before she could react, Yao Lian thrust her palm at Ning Xue's back.

feeen A pink blast erupted from her palm and Ning Xue was blasted away, her body hurtling through the air, contorting and twisting as she was propelled away from the force of the blast.

"Urghhh!" Ning Xue let out a frustrated groan as she clenched her teeth, quickly adjusting her body to maintain her balance in the air. She glanced down at herself, noticing wisps of hot steam rising from her body.

"Ahh... my muscles are still tingling from that attack. So she can pass through objects, it seems..."

flick In the next instant, Yao Lian reappeared in front of Ning Xue and seeing this, Ning Xue's gaze narrowed 'And this speed as if she is teleporting...'

Yao Lian slashed her claws at her but Ning Xue narrowly dodged her slash and saw the playful smile on Yao Lian's lips.

'Hell fire chains...'

clankkk Chains forged of pure gold and ablaze with golden flames materialized out of thin air, forming a tight ring around Yao Lian, trapping her within their fiery grasp from every angle.

clank* *clank The blazing chains swiftly entrapped Yao Lian as they wrapped around his arm and legs restraining him from moving.

A smile stretched across Ning Xue's lips and Yao Lian's ears shivered, sensing an incoming attack.

sleesh A pair of sharp blades slashed through the air but the two blades passed through Yao Lian's body and at the same time, the Hell fire chains also loosened around her.

"What? What did this bitch do?" Zahra Ashante screamed because her dagger passed right through Yao Lian's body.

Yu Hua's eyes narrowed and she muttered "My blade went through her body...?"

Huh? But Ning Xue was confused seeing that her Hell Fire chains ability is still there active and she understood this fox woman's trick.

Yao Lian glanced at the two new women who just appeared and squinted her eyes.
