Chapter 31: Assassination attempt!

Zhao Tian stood up on the road, brushing away the dust and small shards of glass from his clothes. A smile appeared on his face as he glanced at the man dashing towards him "That was a surprise. My first time in an assassination."

The man was clad from head to toe in pitch-black emanating an aura of killing. His face was hidden by a mask, showing just a pair of fierce eyes and he had a sharp blade.

Chi Miya, who was overwhelmed with fear and anxiety, felt her entire body shake uncontrollably. "Miya, get up!" Huh? She turned her eyes around and saw the assassin rushing towards them. "Tia-

swoosh As the assassin raised his hand aiming his strike to stab the blade at Zhao Tian, he swiftly caught the wrist and twisted it. *crack* In a split second, a sharp sound of bone cracking echoed through the air and the assassin's right arm had been utterly twisted, and contorted in a strange way, rendering the arm unusable.

W-What the? The assassin trembled in shock and pain as he gritted his teeth, without wasting a single moment he quickly slid his left hand in to take the next weapon. Being highly skilled in their craft, these assassins were not ones to retreat in the face of such excruciating pain.

crack *twirk* But Zhao Tian gripping his wrist again twisted the assassin's hand and skillfully manipulated his hand, swiftly directing the blade towards the assassin's neck himself, and *scleeschhh* did a precise slash.

"Arhghhh!" With a sudden, guttural cry, the sharp edge of the blade seamlessly sliced through the assassin's neck instantly killing him, and *thud* the assassin's body collapsed on the road.

Chi Miya's eyes quivered in horror as she saw the lifeless body of the assassin falling onto the road. She slowly raised her head and saw Zhao Tian standing there with cold eyes "T-Tian?"

swoosh She blinked her eyes and he disappeared from sight. H-H-Huh? In a state of panic, she anxiously looked around trying to see him.

woosh Hearing a sound, she turned around only to witness the chilling sight of yet another assassin lunging towards her with a sharp blade. *gik* In that very instant, a wave of terror surged through her, causing every strand of her hair to stand on end, as she helplessly watched the blade inching to her.

However, just as despair began to consume her, Zhao Tian appeared before her and grabbed the assassin's face in a firm grip.

Wha- The assassin's eyes widened in astonishment at Zhao Tian's speed as he appeared out of nowhere. *boom* He blasted the assassin's head on the road with his hand. *splash* *boom* The impact left a huge crack on the road's surface as the assassin's head mashed to a paste.

Chi Miya was terrified seeing the bloody pool and crawled back on the road looking at Zhao Tian, his eyes filled with murderous intent which even scared her to death. This is not the Tian she knows... "T-Tian?"

She again glanced at the huge cracks in the road as if the road was broken and her breath caught in her throat bewildered by the sheer magnitude of the impact. W-What power?

"I told you to get up. Miya!" She again heard his words and her body instinctively stood up out of fear. "T-Tian?"

bang *woosh* Hearing a bullet sound whizzing through the air, Zhao Tian swiftly moved standing in front of Chi Miya. Chi Miya was horrified to hear the bullet sound again and saw Zhao Tian standing in front of her.

gasp Her eyes dilated in shock and her heart palpated seeing Zhao Tian taking the bullet aimed at her. She quickly hugged him "T-Tian?" panicking something happened to him trying to save her.

clank But she heard a sound and instinctively turned her gaze downward as the bullet rolled on the road. E-Eh? Confusion clouded her thoughts as she looked at Zhao Tian, who stood before her unscathed. What the actual fuck?

"Miya, run to the woods. It will hinder the sniper to target you..." Chi Miya came out of her shock and her head was filled with a lot of questions.

As the sniper observed the situation, a frown formed on his face, "A cultivator? We were never told there was a cultivator with the target."

"T-Tian, what jus-"

"Shut up and do what the fuck I just said." Zhao Tian spoke and he saw three more assassins rushing toward them. Hearing his high-pitched voice, Chi Miya's body

shriveled and she quickly nodded running to the woods so the trees would hinder the sniper.

"Haah!" Chi Miya cautiously made her way down the treacherous mountain slope, gasping for air as she moved with deliberate steps, She navigated through the dense forest walking down the steep soil, hiding within the trees to avoid the sniper's focus.

"Ahhh!" However, her footing faltered on the treacherous incline of the mountain, causing her to lose balance and gradually slide down the steep slope.

"Urgh..." As she slowly descended the slope *woosh* she heard whizzling noises of air.

She turned her head and her eyes caught sight of an assassin hurtling towards her, brandishing a gleaming blade in his hand. Reacting purely on instinct, she swiftly raised her arms in a desperate attempt to shield herself, overwhelmed by fear and the imminent danger that loomed as the blade drew closer.

swoosh Zhao Tian appeared, his leg extended in a powerful kick aimed directly at the assassin's face. *thud* *boomm* The force was so immense that it sent the assassin flying through the air, causing a trail of destruction as he crashed into three tall trees, shattering them into splinters. In a split second, the assassin's back was brutally snapped in half, resulting in instantaneous death.

Haa! Haa! Chi Miya struggled to catch her breath, her chest heaving up and down in a rapid rhythm. "T-Tian..." Her words stumbled as she tried to speak, and a wave of relief washed over her when she saw Tian standing before her, completely unscathed.

Zhao Tian's gaze shifted towards the sight of her torn dress, her hair in disarray, and the numerous small slashes marred across her body. With a heavy sigh escaping his lips he extended his hand "Let's go up first..."

Chi Miya gave a nod reaching out her hand and Zhao Tian tightly clutched her hand as they walked up to the road.

Reaching the top, Chi Miya's chest heaved with both relief and exhilaration. She placed her hands on her chest and she could feel her heart still beating rapidly, as she narrowly escaped death over four times in a single day.

"Urghh!" A painful growl left her lips feeling the numbing pain all over her body again. Feeling so tired, she sat on the road her breath still heavy.

Her eyes then glanced at an assassin who was rolling on the road in pain his arm and leg distorted in a different way. Zhao Tian noticed her gaze "He is the sniper. I captured him so we could find who wanted to kill you and why..."

The assassin who was writhing in pain heard his words. *Huff* *Huff* He gasped for air, his breaths coming in quick painful huffs as if he was deciding something, and rolled his tongue biting something lodged between his teeth.

Huh? Zhao Tian saw this and facepalmed himself "There goes the last evidence. I should have thought about this."

"W-What happened?" Chi Miya asked seeing his disappointment.

Zhao Tian spoke looking at the lifeless body of the last assassin he captured "He just killed himself before we could torture him. They are assassins they are not afraid of life."

Chi Miya's blue eyes looked around the dead bodies of the ruthless assassins scattered on the road, a mangled corpse with a shattered skull... another assassin lay with a severed head, the result of a brutal and precise strike.

"Tch!" She turned her eyes away, unable to bear witness to the grotesque display of blood and gore before her. She took a glimpse at Zhao Tian standing there "What are you?"

Chapter 32: To the hospital!

"Hm? What am I?" Zhao Tian asked casually, turning his eyes to her. Chi Mia frowned her eyebrows, "You just killed trained assassins as if it was nothing... stood a fucking sniping bullet and..."

Her gaze fell on the huge cracks on the road as if the road was split into two "You are saying that any man could do that? And you brought the sniper as a captive... fuck I don't know where he even was while sniping."

Zhao Tian couldn't help but burst into laughter upon hearing Chi Miya's questions, causing Chi Miya's frown to deepen even further. "Tell me Tian, what is happening here? I know you have great strength and agility...I heard from Shui'er but still... this is."

An air of confusion and curiosity hung in the atmosphere as Chi Miya anxiously awaited an explanation from Zhao Tian.

With a smile, Zhao Tian sat beside her on the road "Keeping that aside, do you know why they were trying to kill you? You seem frustrated there."

"I can't keep that aside." she spoke as she moved her body "Urghhh!" she again felt the wrenching pain all over her body and Zhao Tian frowned in concern looking at the slash wounds on her skin.

"We need to take you to the hospital first!" Upon hearing those words, Chi Miya's gaze shifted towards her thrashed Ferrari "In that Ferrari?"

A chuckle left Zhao Tian's lips as he stood up "I will carry you there." he said and bent down slowly taking her in his arms. Chi Miya bit her lip at the stinging pain and slowly moved her hands to gently wrap them around his neck. Her cheeks turned soft and red as she laid her head on his warm shoulder. "Hospital is an hour away from here. You are going to bring me like this?"

A slight smile appeared on Zhao Tian's lips "No, we are flying!"

Chi Miya was confused "Flyi-AAAAHHHHHHHHHHHHHHHHHHHHHHHHHHHHHH!" she screamed at the top of her lungs as Zhao Tian dashed into the air.

"Wwhhhhhhhhhhaaaaaaaaaaaaat tttttttheeeeeeeee hhhheeeellllll!"

Chi Miya was taken aback, her eyes widening in disbelief, as she observed the ethereal clouds in close proximity, feeling the gentle caress of the wind against her skin. She was at a loss for words, utterly stunned. What the fuck? What the fuck just happened?

Confusion washed over her, leaving her questioning the reality of the moment. She frantically looked around, her heart pumping in anxiety. Zhao Tian sensed her grip on him intensify as if her hands were desperately clutching onto any semblance of stability. "Don't panic and stress yourself."

Chi Miya looked down and she was dumbfounded. She was actually flying. "The scenery is beautiful, isn't it?" As her eyes absorbed the breathtaking surroundings, a whisper reached her ears and she turned her eyes to look at Zhao Tian who was smiling at her.

"Now I desperately need answers!" she exclaimed. Zhao Tian just chuckled and explained to her about the secrets of the world.

...

Hearing all of that, Chi Miya blinked her eyes in shock struggling to process it. "T-Then there are a lot of people who have superpowers and fly like this in our world?" she stammered, her voice trembling with disbelief.

Zhao Tian rolled his eyes "Well, not everyone can fly... you can fly after reaching a certain level but still, an average cultivator is stronger than a human being."

Chi Miya contemplated in her mind hearing the things just Zhao Tian and she totally believes him because she was fucking flying right now.

Zhao Tian looked at the beauty in his hands as the wind ruffled her hair and her face shone in the dim moonlight "Now tell me about the assassins."

A deep sigh left Chi Miya's lips filled with frustration and sadness "I told you that my father's death was an accident right? But no... it is assassination."

"I was searching for clues at that time but I couldn't prove that because I don't have solid evidence."

"Hmm.. so you think after your father, they are targeting you?" Chi Miya gave a nod "Most likely..."

"And the assassins won't quit until they finish their target." Zhao Tian spoke as he raised an eyebrow "But who would hire assassins to kill your family? Do you have such enemies?"

Chi Miya shook her head "No.. I don't know who even is doing thi-" *click* Huh? Zhao Tian looked at her surprised "What's that sound? Did your bone snapped or something?"

Ehhhhhhh! Chi Miya's face quickly flushed crimson as she realized what it was "N-No way..." Seeing her reaction, Zhao Tian got curious "What happened?"

Chi Miya was embarrassed to say and she looked away shyly "M-My bra strap just broke..."

Bra strap? Zhao Tian chuckled seeing her face getting even red but the next thing caught him off guard. He saw her boobs slowly inflating up and increasing in size. What kind of sorcery is this?

As her breasts increased in size, her torn dress stretched further, exposing her cleavage and allowing Zhao Tian to catch a glimpse of her flawless skin and the plump shape of her boobs. Wow!

"Your boobs just got bigger!" gasp Chi Miya also realized and feeling utterly embarrassed by the situation, she couldn't help but yell out in distress "D-Don't look..." She struggled in his arms and frantically, covered his eyes with her trembling hands, hoping to conceal both embarrassment and breasts.

woosh "Oi...what are you doing?" Zhao Tian asked stopping midway while flying as she closed his eyes. Chi Miya buried her face in his shoulder in embarrassment as she slowly withdrew her hand from his face.

"But how did it get big suddenly? I am curious..." Hearing this, Chi Miya's eyes quivered as she timidly looked at him in the corner of her eyes "Y-You really wanna know?"

"Yeah..."

"I-I naturally have big b-breasts. So thinking that it would catch attention, I always use small cup bras to stuff them in and hide them."

Eh? Zhao Tian couldn't help but laugh in amusement hearing this. "D-Don't laugh please..." Chi Miya spoke meekly.

He again glimpsed at her boobs and smiled "They are pretty big." Chi Miya got flustered even more and screamed "I told you not to look..."

"How can I not? This is beautiful..."

"U-Um, Even though you compliment me Noooo..."

Zhao Tian teased even more looking at her breasts "Hmm? What do I see there? Is that a mole?..."

"Y-Y-You saw that?"

"Yeah, it is cute.."

"Nooooooooooooo"

"Haha!"

"Can I grab them?"

"Nooooooooooooo"

chuckle

...

Zhao Tian wrapped his shirt around her before they entered the hospital as Chi Miya was quite insecure about her big boobs and her cleavage.

Inside the hospital room, Zhao Tian's face lit up with a smile as he gazed at Chi Miya while the nurse attentively tended to her injuries, carefully cleaning and bandaging them.

The nurse couldn't help but keep stealing glances at the hot young man in front of him. "Ahhh!" Chi Miya screamed in a little pain as the nurse used extra force on her wound.

"U-Um, sorry Maam..." the nurse quickly apologized and again concentrated on treating Chi Miya. Looking at Chi Miya, the nurse has to admit that she is beautiful.

She again glanced at Zhao Tian and smiled "Is she your girlfriend? You look cute together." Chi Miya blushed hearing this and didn't say anything to clear the misunderstanding while Zhao Tian just chuckled.

As the nurse came out of the Hospital room, she wondered "Only if I was as beautiful as her, I could also get a hot boyfriend like him."

Zhao Tian stood up from his seat "I'll go and buy clothes for you first... and you need a new bra? What size should I buy?" He asked with a teasing smile.

Chi Miya's blush deepened as she averted her gaze "Buy me the C cup... I want to hide them." She discreetly looked at him "Y-You prefer them big or small."

"As long as I can hold them in my palm, I guess."

"O-Oh..." Chi Miya mused hearing his answer.

...

Walking out of the hospital, Zhao Tian took the phone from his pocket and saw it was quite damaged. "I have to buy a new mobile."

He dialed a number and as the call connected "Oldman!"

Chapter 33: Dressing her up!

With a smile on his face, Zhao Tian watched as Chi Miya made her way into the bathroom of the room, carrying a bag filled with clothes to change into.

But before entering the bathroom she turned her head "You won't peek in right?" Zhao Tian chuckled "You want me to?"

"Noooooo..." *click*

Zhao Tian shook his head and took the soft drink can he bought to drink. As he continued drinking, he leisurely scrolled through the contents on his mobile phone, taking intermittent sips.

After a little while, "T-Tian..." Zhao Tian heard Chi Miya's meek voice from the bathroom. "Hm? Miya?"

"C-Can you come here for a second..." Hearing her words, Zhao Tian raised an eyebrow "You mean, inside?"

"yeah"

With the drink in hand, Zhao Tian strolled over to the bathroom door and proceeded to open it. There he saw Chi Miya standing there showing her bareback, her lower half covered by a towel, while her breasts appeared to be supported by a bra, albeit with the strings conveniently unhooked.

Chi Miya blushed even more, her face turning a deep shade of pink, as she noticed that Zhao Tian was looking at her body. She felt a mixture of embarrassment "I-I can't hook my bra bringing my arms back as it hurts...so"

A smile appeared on Zhao Tian's lips as he walked toward her and pressed the chilling drink can on her bare back. *gik* A jolt of surprise shot through Chi Miya's body, causing her to tense up instantly, feeling the sudden coolness on her back "Y-You..." she yelled seeing him intentionally teasing her.

A chuckle left Zhao Tian's lips as he placed the drink aside. With a tender touch, he carefully combed her vibrant blue hair to the front and he could clearly see her cheeks getting red by embarrassment.

With a deliberate pace, he reached behind her and took the bra strings, slowly pulling them from the back. "Hnngh" A soft whimper escaped Chi Miya's lips, her chest constricted by the gentle pressure of the bra.

But she hastily closed her mouth as she realized she just let out a moan. Did he hear that? She timidly turned her head and saw him teasingly smiling at her "I-I hate you..."

"Haha!" Zhao Tian chuckled as he found it amusing her being cute. "Trying so hard to hide your boobs." He spoke hooking the bra. *click*

Chi Miya let out a sigh filled with embarrassment, her lips parting as she glanced downwards towards her chest, where her bra was tightly pressing against her breasts.

Feeling self-conscious, she turned around, meeting Zhao Tian's gaze, who also happened to notice the way her bra accentuated her endowed bust.

Chi Miya could feel his penetrating gaze fixated on her ample boobs causing her eyes to quiver in intense emotions. She glanced away and didn't try to hide them but she felt kinda proud seeing him glimpsing at her boobs. "U-Um, Tian, can you please help me wear the dress too?"

Zhao Tian took the paper bag and pulled out a dress from it. He then looked again at the towel covering her lower body. "Are you wearing something or do you need my help for that too?"

Chi Miya replied, her voice filled with surprise and perhaps a hint of embarrassment "I-I am wearing my underwear." "Oh, that's good..." he nonchalantly grabbed hold of the towel that was hugging her body and whisked it away, leaving her exposed and vulnerable.

Huh? Chi Miya was startled by his sudden action and Zhao Tian's gaze fell upon her voluptuous thighs, adorned with soft and supple skin, as she stood before him, clad only in her underwear.

Chi Miya was flustered and she was so embarrassed but she couldn't do anything as she needed to remove the towel to wear the dress.

"D-Don't look at it too much..." she spoke with a deep blush on her face, as she tried to cover her bra and underwear with her hands, her body turning red.

Seeing her getting shy, Zhao Tian just smiled "It is black huh... if only you had said I would have bought a black one, now you are wearing two different colors."

"W-Who cares, no one is gonna see it anyway..."

Zhao Tian shook his head helplessly "Turn around and let me help you wear the dress." With a meek nod, Chi Miya turned showing her back to him.

As Zhao Tian unwrapped the dress, Chi Miya's next words took him by surprise. Chi Miya plucked up her courage and asked "Y-You wanna grab them?"

"Huh?"

She stumbled over her words, her voice hesitant "I-I mean, earlier you asked if you could grab them... a-and like you saved my life from those assassins, and if you really want you can g-grab them. I don't mind if it's you...only you." Blushing, she averted her gaze, her eyes trembling with anxiousness.

"I'd pass I guess."

Chi Miya was dumbfounded "W-Why? I am saying you can squeeze them then why not?"

Zhao Tian shook his head "I feel like taking advantage of you...and you are not my girlfriend or something."

Chi Miya got irritated hearing this as she felt he was not interested in her "Taking advantage? Nothing like that... I am saying, so just grab them..."

slap Zhao Tian playfully flicked the bra strap, causing it to snap against her skin with a sharp sting. "Ssshhhh!" Chi Miya winced and felt the pain radiating across her back. "W-What was that for?" she asked in frustration and she couldn't even move her hands to rub and alleviate the pain.

"You are injured. Just wear the dress." He said and turned her body beginning to help her dress. His gaze fell on her smooth belly and he couldn't help but tease her by teasing her belly button with his finger.

"I-It tickles..." Chi Miya retorted and Zhao Tian chuckled helping her put on the dress. After helping her Zhao Tian took the cool drink and exited the bathroom.

thud Seeing her leaving the bathroom, a sigh left Chi Miya's lips. She walked in front of the mirror and washed her face even though it was painful to move her hands.

She slowly took the towel brushing the wetness from her face. she again glimpsed at her beautiful face in the mirror "Did I overdid it there? Haah, ofcourse he would be weirded out if a woman he met days ago suddenly asked him to grab her breasts..."

"Or he just doesn't want to take advantage of me... I also blurted in the heat of the moment."

"Or maybe I am not attractive enough for him? He even rejected the Fei Ziyu's proposal and... Haaaah! I am so dumb."

This is what overthinking does.

...

Seeing Chi Miya coming out of the bathroom, Zhao Tian walked to her and took her hand, placing a green pill on her palm.

Chi Miya, with a look of confusion on her face, questioned "This is?" "That is a healing pill.. That will quickly heal your injuries."

"Ohh?" Chi Miya was amused but remembering something she glanced at the bandages on her arm. Understanding her concern, Zhao Tian spoke "Don't worry, it won't leave scars." "R-Really?" "Yeah!"

"That's good." Chi Miya let out a sigh of relief upon hearing those words, feeling a weight lift off her shoulders. After all, every woman desires to exude beauty, and the thought of having scars on her skin is something she fears.

"Ok then we are leaving. I have called someone." Zhao Tian spoke and Chi Miya gave a nod following him out of the room.

...

As they walked out of the Hospital, Zhao Tian looked at Li Jie waiting outside with a car. Zhao Tian walked towards him with a smile "Oldman."

Li Jie furrowed his brows, a deep frown settling on his face "What happened?"

Zhao Tian didn't explain anything over the phone "I will explain later."

Chapter 34: Oldman's home!

"So, where are we going?" Li Jie asked driving the car as he glimpsed at Zhao Tian who was sitting beside him on the co-passenger seat.

"To your home!" Zhao Tian said and Li Jie raised an eyebrow "Well, Zuiye and Yueli also said that they wanted to meet you since its been a while... but." Glancing back at Chi Miya, who was seated in the rear, Li Jie hesitated.

"She will be also coming." Zhao Tian spoke and Li Jie inquired "How did she got those injuries."

"I will explain later Oldman."

...

Li Jie drove the car to his mansion "You guys go first. I'll come after parking the car." Zhao Tian and Chi Miya got out of the car walking towards the villa.

Chi Miya took a quick glance at Zhao Tian, her eyebrows furrowing slightly in doubt "Isn't he the President of your University?" Zhao Tian gave a nod "Yeah, he is..."

Opening the grand door both of them entered the house. *tap* Hearing footsteps, a beautiful milf with long black hair and purple eyes walked near the door "Father?"

However, upon catching sight of the handsome young man, she was surprised a beautiful smile instantly spreading across her lips "Tian!" she exclaimed in shock.

Zhao Tian's face broke into a gentle smile "Aunt Zuiye." Ning Zuiye quickly walked near him and tightly hugged him "It's been a while dear." Zhao Tian hugged her back "Yeah,

Aunt." Ning Zuiye's eyes glanced at the blue-haired woman beside him. She raised an eyebrow and whispered in his ear "Tian, you brought your girlfriend?"

"TIAN?! Brother Tian is here" Zhao Tian heard a beautiful scream across the house *tap* *tap* hurried footsteps were heard across the hall.

"BROTHER TIAN!" A gorgeous blonde-haired woman hurriedly came downstairs, yelling his name. "Yueli." Zhao Tian called her softly.

Ning Yueli hastily made her way towards him, her heart racing with excitement dashing towards him "Brother Tian, how are you." she asked as she playfully leaped onto him.

Zhao Tian swiftly enveloped Ning Yueli's delicate figure within his arms, a warm smile gracing his lips. "I am very good. What about you?" Ning Yueli retracted the hug and smiled "Now you are here, I am super happy." her voice brimming with pure joy and contentment.

She spoke and glimpsed at Chi Miya beside her. "She is?" Zhao Tian introduced her "She is Chi Miya, my friend."

Ning Yueli tilted her head, a quizzical expression forming on her face. "Chi? Maybe you are Chi Shui's sister from my class?" Ning Yueli is also a junior student in the University.

Chi Miya was pleasantly surprised "Yeah, I am." With a trace of worry in her voice, Ning Yueli asked "I heard Chi Shui got into a little accident. How is she?"

Chi Miya showed a smile "She is good right now."

At this time, Li Jie entered the hall and shook his head wryly. It is the usual one, when Zhao Tian arrives he becomes the spotlight in the home.

Zhao Tian spoke "Accompany Miya. I got some things to talk about with the old man." Ning Zuiye nodded her head with a smile "I'll also prepare the dinner, you can have your dinner with us here."

Ning Yueli, with a slight pout on her lips, spoke "No, you just came Brother Tian. I wanna spend some time with you."

Zhao Tian chuckled "Later, Yueli... This is important." Seeing this, Ning Zuiye pulled Ning Yueli "Come on, he said it is important right?"

...

Zhao Tian and Li Jie quickly went upstairs and closed the room door. "This room has good sound insulation, so what is that you wanna talk?" Li Jie settled comfortably onto the couch.

Zhao Tian sat opposite him leaning back comfortably on the couch "I will tell from the start..."

Upon hearing everything, Li Jie's face contorted into a frown "You killed all of them, Tian? Unbelievable." A sigh escaped Zhao Tian's lips rumble and the room trembled for a moment.

woosh Li Jie's eyes widened in astonishment as he beheld the mesmerizing blue aura enveloping Zhao Tian. *gasp* A gasp escaped his lips, betraying his disbelief as he uttered in a trembling voice, "A-Are you truly a cultivator?"

A wry smile appeared on Zhao Tian's lips "Just recently." Li Jie came out of his shock and squinted his eyes "You kept it a secret from me till now."

"Believe me oldman, I became a cultivator just weeks ago. You remember the time I asked you about cultivators and stuff..."

Li Jie let out a prolonged sigh, his mind consumed with thoughts as he tried to process the overwhelming shock that had just hit him. "Well, that was a shock. So you want my help to clear this incident."

Zhao Tian gave a nod "I know the government is sensitive in matters regarding these cultivators. And seeing the corpses and the dent on the road... they would guess it is a cultivator."

"And that thrashed Ferrari is registered in the name of Chi Miya and if they somehow found out about me through her, many eyes would pry on me. I want to avoid that." It is okay if he is alone, but he has loved ones with him whom he doesn't wanna get hurt.

Li Jie reclined on the comfortable couch, allowing his mind to wander as he pondered the situation at hand. Deep in thought, he contemplated the potential solutions that lay before him. "I still have friends within the military and government and since it is a mountain highway that is rarely used... we can somehow cover it up."

"And as long as we remove the number plate they can't find out about the Ferrari... Haah I'll try my best."

Zhao Tian smiled "I know I can rely on you Oldman!"

Li Jie chuckled dryly "You rascal!"

Chapter 35: The Dinner table!

The old woman who was lying on the bed laughed "No way, Tian." Zhao Tian sitting on a chair spoke "No, I am actually serious, this old man tried to woo an old woman by setting her granddaughter as the teacher in the University."

Wtf? Li Jie was dumbfounded and he looked at his wife glaring at her. Feeling the need to diffuse the tension "Um, he is just joking you know?"

The old woman narrowed her eyes "Hoh, then why did you give her granddaughter the teacher post in our University?"

Li Jie panicked "You know Haoran, right? My friend? She is his wife... Her granddaughter was really in a pinch so I gave her a job in university?"

The old woman squinted her eyes "That's not very convincing..." Li Jie looked at her stupefied -_- What?

Zhao Tian just chuckled in his mind seeing the old man getting yelled. At this time, the door opened as Ning Zuiye entered the room "Dinner is ready, Tian, Dad. Mom, I will bring your dinner here."

The old woman shook her head "No food for Jie today, he is trying to cheat on me."

H-Huh? Ning Zuiye was startled and looked at her Father her eyes widening in surprise "At this age?" Li Jie was taken aback by the disgusted gaze of his daughter on him "N-No, that is a lie. Zuiye." he tried to speak.

"Jie, shut up. No food for you today."

Zhao Tian stood up from his seat and walked to Ning Zuiye casually wrapping his hand around her shoulder "What is for dinner, Aunt Zuiye?"

Ning Zuiye smiled and leaned on him softly pinching his cheek "You favorite dear, come let's go."

thud As they exited the room, Li Jie slowly stood up from his seat moving closer to the door. "Huh? Where are you going?" He heard his wife's voice.

"Um, restroom?"

"You can shit here."

Wtf?

"I mean sit."

Zhao Tian and Ning Zuiye made their way down the stairs at a leisurely pace and Ning Zuiye could feel Zhao Tian's warm hand resting gently on her shoulders, providing a sense of comfort "Why are you making Father receive punishments."

"Huh, why are you blaming me? Aunt."

"I know, you brat must have said something."

Zhao Tian just chuckled "Ahh!" Ning Zuiye's leg suddenly slipped because of the misplaced footing on the next stair but before she could lose her balance and fall Zhao Tian lowered his hand quickly grabbing her waist.

"You ok? Aunt."

Ning Zuiye gave a nod clutching to his arm "Yeah, Tian. sigh Seems like my old age is catching up to me."

"Is that a joke? You are still very beautiful and young," he said with a smile. Ning Zuiye's eyes softened, a cheek grin appearing on her cheeks as she playfully asked "You tryna rizz up this oldwoman?"

"Oh, come on I am just being honest." He spoke with a smile. He has a good relationship with Ning Zuiye often teasing her.

Ning Zuiye replied a playful glint in her eyes "Then will you make this old woman your girlfriend?"

Hearing her teasing, Zhao Tian played along with her "Why not? You are sexy."

Ning Zuiye couldn't help but giggle amused by the situation "Then take me downstairs." "Of course!" Zhao Tian pulled her taking her in his arms in a princess carry. Ning Zuiye let out a giggle, wrapping her arms around his neck.

"It is really fun to be with you, Tian!"

...

On the dinner table~

The clinking of cutlery and the sound of laughter fill the room, as they engage in lively conversations.

A smile appeared on Ning Zuiye's lips as she saw Zhao Tian enjoying the food she prepared. "Tian, ????how is it?"

Zhao Tian glanced at her and smiled softly "It's great as ever, Aunt Zuiye." Ning Yueli also looked at her Mom in surprise "Yeah, Mom the food tastes a little better than other days."

Ning Zuiye chuckled as she cast a quick glance at Zhao Tian "I put in extra effort since Tian is here today!" she spoke as she took another spoonful of food to eat.

"Um, Mom... please put that effort daily."

Zhao Tian glimpsed at Chi Miya who was struggling to eat her food because of the injuries in her arms. "Need help?"

Chi Miya shook her head with a smile "N-No problem, Tian... it has healed quite a bit now." Zhao Tian gave a low-grade healing pill, so it will take a while to heal.

Zhao Tian sighed in his heart 'First I need to ask Shenyi to refine some high-grade pills.' He glanced at her and saw she was really holding onto the pain "You idiot!"

screech He gently extended his hand pulling the chair, bringing her closer to him. Chi Miya looked at him startled "Tian?"

Zhao Tian took a spoonful of food extending the spoon near to her mouth "Here..." Chi Miya hesitated and took subtle glances at Ning Zuiye and Ning Yueli who were looking at her with a frown.

She glimpsed at his blue eyes and saw him showing a little nod, she opened her lips and ate the food in his spoon. With a slight blush creeping onto her cheeks, she averted her gaze and chewed on the food, savoring each bite while a tinge of embarrassment lingered in the air.

Ning Yueli's eyebrow arched in surprise "Brother Tian, is she your girlfriend?" Ning Zhiye, too, leaned in closer, wanting to know the truth "Yeah, tell me Tian. She is your girlfriend?"

Ning Yueli narrowed her eyes "But Grandpa said that I can marry Brother Tian and I am his Fiancee."

Chi Miya was taken aback by the revelation "Y-You are his fiancee?" Ning Zuiye smiled gently "No problem, Yueli... you both can marry him."

Hearing this, Ning Yueli rolled her eyes "Hm... yeah, as long as Brother Tian is okay we both can marry him, right?"

Marrying him? Chi Miya felt a rush of emotions, unsure of how to respond. A part of her was flustered and wanted to speak up, but there was also a strange reluctance within

her. It was as if she secretly didn't mind the misunderstanding lingering, perhaps hoping for a different outcome.

She discreetly glanced at Zhao Tian her heart palpating anxiously, expecting his response. W-What will he say? Clear the misunderstanding?

Zhao Tian eating his food shook his head "No, Miya is actually a good friend of mine." Chi Miya, taken aback by his response, couldn't help but feel a pang of disappointment. I-I got friend-zoned? A slight sigh escaped her lips.

Ning Zuiye looked at Chi Miya's facial expression darkening into a somber expression, 'Seems like she is heartbroken.' Zhao Tian also saw her face and couldn't help but chuckle in his mind.

Ning Zuiye also noticed Zhao Tian enjoying teasing Chi Miya. She smiled wryly and pointed her spoon at him "Tian, it is bad to tease a woman and break her heart you know?"

With a smile, Zhao Tian winked his eye at her and Ning Zuiye couldn't help but giggle in amusement "You mischievous brat." she teased affectionately.

Ning Yueli spoke, "Then if she is not your girlfriend, I can marry Brother Tian." Ning Zuiye spoke with a shake of her head "We can see that in the future, now eat."

Ning Yueli sulked her lips "I am just appointing myself as his Fiancee, Brother Tian is handsome I am worried some other woman will take him away."

The exchange of playful banter continued, while Chi Miya couldn't help but feel a sense of sadness since she had indirectly been rejected. Just stop overthinking, woman.

ring At this time, Zhao Tian's mobile rang and he took the mobile from his pocket. Chi Miya slowly munching her food looked at his broken phone and her eyes widened cough the food choked on her throat and she coughed. B-Babe? Who is the babe?

Zhao Tian was surprised and helped her drink the water "Miya?" Chi Miya raised her hand reassuring "I am okay..."

Before the ring could finish, Zhao Tian attended the call and Zhao Ying spoke from that side 'Tian'er, it is time for dinner. Where are you?'

"I am at the old man's place now. I'll be late."

'Oh, Okay then... come quick babe~~'

"Yeah." click

Chi Miya's eyes quivered in surprise. 'Does he have a girlfriend?'

As I said, stop fucking overthinking!!

By the way, it was Zhao Ying who changed her contact name on Zhao Tian's phone.
