

Starting as a Son-in-law to Establish an immortal Family

Chapter 211 - 113: Sister Miaoge, Offended!_3

Chapter 211: Chapter 113: Sister Miaoge, Offended!_3

“Mmm~”

As Lu Changsheng was pondering how to face Lu Miaoge when she woke up, he heard her soft moan again.

The sound was tender and contained a slight hint of inhibited endurance.

In that moment, Lu Changsheng immediately realized that Lu Miaoge was very likely awake.

Lu Changsheng wanted to speak up, but for a moment, he didn't know what to say.

Looking at Lu Miaoge with her beautiful eyes tightly shut and suppressing her voice, Lu Changsheng suddenly understood.

In this situation, it wasn't just him who felt awkward.

Lu Miaoge felt awkward too.

She didn't know how to face him either.

After all, Lu Miaoge's personality was gentle and aloof.

Her heartfelt confessions earlier had been prompted by the face of impending death.

Now, having revived and under these circumstances, it naturally made Lu Miaoge uncertain how to react.

Like an ostrich, she continued to pretend to be unconscious, trying hard not to make any sound.

Understanding the gist of the situation, and seeing Lu Miaoge like this, Lu Changsheng thought of a way to alleviate the awkwardness.

His palm gently caressed Lu Miaoge's back, smooth as white jade and flawless as if the injuries had never existed.

At this moment, the injured skin on her back had healed completely, smooth like jade, leaving no trace of wounds.

Then, Lu Changsheng gently embraced Lu Miaoge.

Burying his head into her slender, jade-like neck, he inhaled the faint fragrance of her hair.

In these conditions, Lu Miaoge still kept her beautiful eyes firmly shut.

But her pale cheeks were flushed to the tips of her ears, her breathing somewhat rapid.

The words spoken before dying.

The situation at the moment.

Made Lu Miaoge feel so embarrassed and ashamed, she wished she hadn't woken up, that she had just died instead.

But then she thought of Lu Changsheng's worried and caring look.

Right now, the treatment he was giving her was solely to save her life.

She could distinctly feel the continuous flow of vitality entering her body through this method, healing her injuries.

And her injuries had been contained; it was just that she still felt incredibly weak.

Knowing that Lu Changsheng's actions definitely involved significant sacrifice.

Otherwise, with the severity of her injuries, she would have been beyond saving.

"Mmm~"

As her thoughts scattered, with Lu Changsheng's treatment speeding up, Lu Miaoge gradually found it harder to suppress her body's instincts, clinging tightly to the sheets, biting her lips.

Hoping for Lu Changsheng to finish the treatment soon so he would leave.

Otherwise, she really didn't know how to confront Lu Changsheng.

After all, she had a fondness for Lu Changsheng, but her feelings weren't yet deep.

Usually, she somewhat regarded him as a younger brother.

Moreover, nominally, Lu Changsheng was her brother-in-law.

To be in such a state with her brother-in-law...

Lu Changsheng, of course, had no idea what Lu Miaoge was thinking.

He continued tirelessly, growing more vigorous in his efforts.

After all, Lu Miaoge's condition was indeed still weak, and needed stabilizing through treatment.

He was also observing Lu Miaoge's condition, gauging her limits, careful not to take his teasing too far.

After all, such matters had to be taken one step at a time.

Time ticked away.

"How much longer will this last, if I don't wake up, will Changsheng keep going like this?"

"But isn't it said in the book..."

Lu Miaoge gasped for air, her entire body felt slack like mud under the treatment.

Unaware of how much longer Lu Changsheng would take.

She thought to herself that she should have spoken up when she woke up.

Now numb and limp, she didn't even have the strength to talk.

At that moment, seeing Lu Miaoge sweating profusely and her feet arched in tension, Lu Changsheng knew her condition was temporarily stable and he let out a low growl, ending the treatment.

Afterward, he collapsed as if completely drained of energy, falling into unconsciousness.

"Changsheng?"

Lu Miaoge came back to her senses from the lingering aftermath and saw Lu Changsheng lying motionless. She couldn't help but call out to him twice.

But seeing that Lu Changsheng gave no response, her heart couldn't help but race, her mind in turmoil.

She worried that Lu Changsheng might have harmed himself in the process of saving her.

“Pop~”

Lu Miaoge pursed her lips slightly, and propped herself up a bit to look at Lu Changsheng.

She immediately saw Lu Changsheng’s handsome face, which was exhausted and pale.

“Changsheng?”

Lu Miaoge called out with concern, wanting to check on Lu Changsheng’s condition.

And just at that moment, Lu Changsheng opened his tired eyes.

“Sister Miaoge, you’re awake.

That’s great...”

Lu Changsheng looked at Lu Miaoge and showed a weak but happy smile.

“Changsheng, are you all right?”

Lu Miaoge asked concernedly.

“I’m fine, just a bit drained, cough cough...”

Lu Changsheng spoke softly, “Sister Miaoge, I’m sorry, at that time... cough, cough, cough... I wasn’t thinking about much, I just wanted to save you, so....”

After a moment of silence,

Lu Miaoge, with a complex look in her eyes, bit her lip gently, and said softly, “Changsheng, don’t blame yourself, thank you for saving me.”

“Sister Miaoge, I will take responsibility... cough, cough, when the time comes, I will ask the Family Head for your hand in marriage... Would you like to marry me...?”

Lu Changsheng continued, his face weak but filled with hope.

“Marry, a proposal.”

Upon hearing this, Lu Miaoge’s mind was in chaos.

She didn't quite know how to reply for a while.

The pace of this change in their relationship was too rapid.

It took her a moment to adjust, to come back to her senses from the current situation.

"Sister Miaoge, don't you want to?"

Lu Changsheng said somewhat disheartened.

"Changsheng, can you give me some time?"

Lu Miaoge, holding one of Lu Changsheng's hands, looked into his eyes tenderly.

"Cough, cough... okay..."

Lu Changsheng nodded gently.

He knew that Lu Miaoge must be feeling very confused right now.

The deed was already done; there was no need to rush at this moment.

"Changsheng, are you sure you're all right?"

"To save me, you must have paid a significant price, right?"

Lu Miaoge said, with a face full of concern.

Lu Changsheng looked as if he had something to say but couldn't bring himself to say it.

After a moment of silence, he said, "I'm... I'm fine, I just need some rest."

"Changsheng, please tell me the truth."

Seeing Lu Changsheng looking like this, how could Lu Miaoge possibly believe that he was fine?

"Sister Miaoge, you should know that I have some secrets. This time it was a type of dual cultivation secret technique," Lu Changsheng confessed quietly.

"Mhm, I know, I do not blame you."

"Changsheng, everyone has their secrets, I realized early on you were different from ordinary cultivators."

“Don’t worry, I will definitely keep your secret safe,” Lu Miaoge immediately asserted, her pale face turning serious as she raised her hand as if to swear.

“I naturally trust you, Sister Miaoge. What I mean is, this type of healing belongs to a kind of dual cultivation technique.”

“If I wish to recover slowly, I must use another kind of dual cultivation secret technique....”

Lu Changsheng said with a wry smile.

After hearing his words, Lu Miaoge blushed deeply, her embarrassment reaching her ears.

But considering their current situation, she bit her lip and nodded.

Afterward, Lu Changsheng passed on the Tender Embrace Technique to Lu Miaoge.

PS: The second chapter will be a bit late, but it will come.

Chapter 212 - 114: 70 Kids Draw Lottery, Profound Origin Bead!_1

Chapter 212: Chapter 114: 70 Kids Draw Lottery, Profound Origin Bead!_1

Spiritual Talisman Shop, third floor.

Inside the bedroom, a man and a woman embraced in sleep.

Scattered beside the bed were a green bamboo-leaf brocade robe and blood-stained white clothes, undergarments, and a lotus corset...

Lu Miaoge woke up.

Looking at Lu Changsheng, who was still hugging her in his sleep, the events of the past few days flashed through her mind.

Her already pale cheeks instantly flushed with color, red as blood.

She even felt as if she was dreaming.

At first, it was Lu Changsheng healing her wounds.

But then, it turned into her healing Lu Changsheng's wounds.

After that, it became the two of them healing through dual cultivation.

Thinking of the details of the dual cultivation process, and how Lu Changsheng had playfully tormented her, Lu Miaoge couldn't help but blush to the tips of her ears and touched her lower abdomen.

"Sigh..."

She let out a helpless sigh.

She could only say it was fortunate they were healing through dual cultivation.

Otherwise, she feared that in a few months' time upon her return, she would have to go back with a bulging belly.

Thinking of going back with a bulging belly, the gazes of her father, the Fourth Elder, and Lu Miaoyun, she dared not continue the thought.

Lu Miaoge no longer dwelled on the thought and slightly sat up.

Looking at the marks on her flawless body, her gaze towards Lu Changsheng was filled with a trace of resentment.

She couldn't help thinking, no wonder Lu Changsheng had so many wives and concubines.

If there were only one, how could she withstand such rough treatment?

Lu Miaoge took out a new set of clothes from her storage bag and dressed herself, restoring her usual ethereal and elegant appearance. [search the website to access chapters of novels early and in the highest quality.](#)

"Sister Miaoge."

At this moment, Lu Changsheng, hearing the movement, also woke up.

He wasn't pretending to be asleep.

This round of healing indeed left him extremely exhausted and weary.

"Changsheng, you're awake. How is your body feeling?"

Lu Miaoge pursed her lips and asked tenderly with a voice like a virtuous wife and loving mother.

“It’s not too bad, with a few more sessions of dual cultivation, I should be able to fully recover,” Lu Changsheng said, smiling and speaking frankly.

Dual cultivating with Xiao Qing wasn’t much help to him.

But dual cultivating with Lu Miaoge was indeed much more effective.

It was almost equivalent to half a month of arduous cultivation.

However, he couldn’t solely rely on this method for cultivation.

Occasionally using dual cultivation to advance was beneficial for both men and women.

But if it was too frequent, it could lead to an unstable foundation.

Lu Miaoge, hearing the words “dual cultivation,” couldn’t help but blush.

Although dual cultivation was beneficial for her as well.

She had experienced it over these days.

But she still found it somewhat difficult to let go.

“Sister Miaoge, what exactly happened with the attack you encountered?”

Lu Changsheng knew Lu Miaoge was a bit shy, so he got dressed and changed the subject.

“On my way here, I encountered four law cultivators at the late stage of energy refinement,” she responded softly.

“They all concealed their faces, but through their methods, it was obvious they came prepared, specifically targeting me,” she continued.

“However, I don’t know who they were or who they were acting under. It might be the Chen Family who sent them, but it’s also possible that other families were involved, trying to shift the disaster eastward and give the Chen Family trouble.”

Lu Miaoge spoke quietly.

Lu Changsheng nodded upon hearing her words.

If they concealed their faces and auras, it would be really difficult to identify them and find out who was behind the act.

After all, when the wall falls, everybody pushes.

The situation with the Lu Family, as Lu Miaoge described, other families could very likely be involved.

“Sister Miaoge, let’s leave this matter to be handled by the family,” Lu Changsheng said.

“Regarding your condition, you can announce to the outside world that your heart meridians were damaged, which might bring some unexpected benefits,” he suggested.

Under his treatment, Lu Miaoge’s body wasn’t damaged to the point of affecting her heart meridians, but she still needed to recover for a while.

Saying so would not only create a smokescreen but also help conceal the effects of his treatment.

“Alright, I will inform them as such when the time comes,” Lu Miaoge nodded slightly in response.

She continued, “By now, the Second Elder should also be aware. We should go and inform him, so as not to worry him.”

She had already become accustomed to sharing a room with Lu Changsheng.

But now that their relationship had progressed further, she was somewhat unsure how to act around him.

Sitting like this, she couldn’t help but be reminded of the events of the last few days, leaving her heart in turmoil.

“We should let him know,” Lu Changsheng agreed.

The incident involving Lu Miaohuan and Zheng Yongshan had reached Lu Miaoge’s ears.

Now that Lu Miaoge was seriously injured, the Second Elder would definitely have been informed.

“Changsheng, regarding the healing, I will keep it a secret and claim that you came across an elixir and a secret technique by chance. As for what has transpired between us, let’s not mention it to anyone for now, alright?” Lu Miaoge took a breath, her voice carrying a bit of a plea.

She could face Lu Changsheng normally.

But she wasn’t sure how to deal with what had happened between them, or how to face the Fourth Elder and Lu Miaoyun.

"Alright, I'll listen to you, Sister Miaoge. I definitely won't mention it to anyone," Lu Changsheng responded with a smile.

He was also aware that their relationship had taken quite a sudden leap forward these past few days.

The affection between them needed more time to grow.

Afterward, he cleaned up the traces left in the bedroom from the past days and went downstairs.

"First Master, Second Master," Zhang Shan greeted them respectfully as they descended from the upper floor.

He conveyed the information regarding the Second Elder and Lu Miaohuan's visit.

"Thank you, Uncle Zhang. Aunt Bai was a great help with Sister Miaoge's situation; this is a small token of my gratitude," Lu Changsheng said, taking out three superior grade talismans from the storage bag as a thank-you gift.

If it hadn't been for Zhang Shan's wife getting Lu Miaoge to him in time, he might not have had the chance to see her again.

"Second Master, you're too kind," Zhang Shan said, waving his hand in denial.

But seeing Lu Changsheng's insistence, Zhang Shan accepted the talismans.

After all, three superior grade talismans were not a small sum for him.

Chapter 213 - 114: Lottery Draw for 70 Kids, Profound Origin Bead!_2

Chapter 213: Chapter 114: Lottery Draw for 70 Kids, Profound Origin Bead!_2

Watching Lu Changsheng and Lu Miaoge leave side by side, looking like a golden boy and jade girl, Zhang Shan couldn't help but take a few more glances.

He always felt that today, the two bosses seemed to have become much closer, but he couldn't quite put his finger on where.

Regarding this, he didn't pay much attention, as it was none of his business.

...

Eastern District, Lu Family's large courtyard.

"Miaoge, I'm glad you're all right."

"Changsheng, I owe you a great debt this time. Rest assured, I will report this to the family and apply for a reward for you,"

the Second Elder said upon seeing the somewhat pale faces of Lu Miaoge and Lu Changsheng.

He couldn't help but inwardly remark that indeed, as the old ancestor had said, Lu Changsheng was a person of great destiny and had opportunities at his disposal.

If it weren't for Lu Changsheng this time, perhaps Lu Miaoge would have been in danger.

Lu Miaoge was not only talented but also a high-quality Talisman Master.

If something had actually happened to her, it would have been adding frost to snow for the Lu Family's current situation.

"You flatter me, Second Elder, this is what I should do,"

Lu Changsheng said with a bow.

Soon after, the Second Elder also expressed that he had already sent a message back to the Lu Family.

Moreover, he would ask the Enforcement Team of the Nine Dragons Market to investigate the perpetrator behind the scenes.

If an ordinary Loose Cultivator died, they'd be dead; no one would know or care.

But Lu Miaoge, as a descendant of the Lu Family of Qingzhu Mountain,

having encountered an assassination near the Nine Dragons Market and returning to the Marketplace severely wounded, the Marketplace would have to give an explanation.

After all, such an incident would also reflect poorly on the Marketplace itself.

Most Cultivators come to the Marketplace seeking stability.

If there are such bold Robber Cultivators who even ambush the descendants of Cultivation Families, it would naturally cause Loose Cultivators to feel uneasy and affect the Marketplace's traffic.

Meanwhile.

In an inn at the Nine Dragons Market,

"How could you fail at such a simple task?"

"Four of you, and yet you still couldn't kill a Seventh Level Energy Refinement Cultivator!"

Third Young Master of the Yu Family, Yu Ningyuan, said to the four people before him, his face dark with anger.

"Third Young Master, Lu Miaoge survived by using Talismans to escape near the Marketplace, so we didn't dare continue the pursuit,"

"And she had been hit by my Black Fiend Slash, with her life force beginning to fade, so her death seemed certain. I have no idea how she managed to survive!"

A stocky middle-aged man said while bowing.

He also couldn't understand how Lu Miaoge had managed to survive.

"Hmph, a bunch of useless trash!"

The Third Young Master of the Yu Family huffed coldly.

He came here not only to poach Lu Changsheng,

but also had other motives.

That was to eliminate Lu Changsheng, Lu Miaoge, and several other Lu Family disciples as much as possible.

Not only could it severely damage the vitality of the Lu Family, but it would also infuriate them.

When these things came to light, the Lu Family would immediately suspect the Chen Family.

The Lu Family was already like a trapped beast, constantly in friction with the Chen Family.

Once these incidents emerged, the conflict would explode, leading to an all-out confrontation with the Chen Family.

But he hadn't expected that the four people he had arranged failed to kill Lu Miaoge, a Seventh Level Energy Refinement Cultivator.

And now that this incident had occurred, the Lu Family members would surely be on guard, making it harder to find another opportunity.

...

"System!"

After Lu Changsheng returned home,

he murmured inwardly and opened the system interface.

[Name: Lu Changsheng]

[Status: Son-in-law of Lu Family of Qingzhu Mountain]

[Cultivation Level: Seventh Level Energy Refinement]

[Lifespan: 27/155]

[Talent: Sixth Grade Spiritual Root]

[Cultivation Techniques: Hundred Refinements Treasure Body Art, Seven Luminaries Great Freedom Sword Scripture]

[Spells: Flame Bullet Technique, Wind Control Skill, Object Manipulating Technique, Aura Concealment Technique, Spiritual Eye Technique, Sound Transmitting Technique...]

[Skills: Talisman Making (Second Rank), Puppet (Second Rank)]

[Spiritual Pets: Nine Netherhound, Peach Blossom Gu]

[Offspring: 68/81 (View Details)]

"One hundred fifty-five, which means, saving that person cost me eight years of my lifespan,"

Lu Changsheng murmured as he checked his lifespan through the system.

He knew that saving someone using the Life Transference Technique and the Nirvana Art had cost him his own lifespan,

but didn't know exactly how many years had been consumed.

Now, seeing it on the system interface gave him a clear understanding.

"It seems that I really can't do this too often, otherwise no amount of lifespan would be enough,"

Lu Changsheng couldn't help but exhale deeply.

However, he wasn't overly concerned.

Mainly because he was still young and had a lot of lifespan left, so he wasn't in a rush.

"Already 68 children, I wonder if at 70 the system will give any more Child Money?"

Lu Changsheng thought to himself.

Given the current situation of the Lu Family, the urgency to improve his strength had intensified.

But to enhance one's strength—apart from relying on time to cultivate—the fastest method was through opportunities.

While others obtained chances through exploring relics and antecedents' caves, he naturally relied on having children and then receiving Child Money from the system.

...

In the blink of an eye, more than a month had passed.

Third floor of the Spiritual Talisman Shop.

On the table and chairs beside the bed lay neatly folded white swirling dresses, white undergarments, plain lotus bellybands, belts, and blue-green bamboo leaf robes...

"Changsheng, I'll leave the shop in your care."

Lu Miaoge, no longer paler, looked fresh and radiant; her graceful, alluring figure lay in Lu Changsheng's arms as she softly spoke.

When it came to matters of men and women, there was a first time, a second time, a third time...

At first, Lu Miaoge was somewhat reserved.

But after Lu Changsheng suggested dual cultivation for healing, which led to the second and third times, she gradually loosened up.

This time, however, she was about to leave, returning to Qingzhu Mountain.

So the two of them spent the whole night healing in the Spiritual Talisman Shop.

“Okay, I’ll take care of the shop,”

Lu Changsheng nodded in reply.

But in truth, he felt a bit helpless.

He had originally planned to return to Qingzhu Mountain with the Second Elder.

However, Lu Miaoge had to go back because of the assassination attempt,

so he was left to hold the fort here.

Chapter 214 - 114: 70 Children’s Draw, Profound Origin Bead!_3

Chapter 214: Chapter 114: 70 Children’s Draw, Profound Origin Bead!_3

Lu Miaoge gave Lu Changsheng a peck on the cheek and then threw back the covers.

A pair of slender, jade-like legs stretched out, and the crystal-clear, crescent-moon like feet touched the ground, presenting her beautifully curved figure as she quickly dressed.

She restored herself to the usual ethereal beauty, as pure as snow and as elegant as a celestial.

However, at this moment, the tenderness on her face made her seem less ethereal than usual.

“Changsheng, I will head there first.”

Lu Miaoge said gently.

“Alright, Sister Miaoge, be careful.”

Lu Changsheng nodded.

With the beautiful lady having departed, Lu Changsheng also got up, exhaled softly, and dressed himself.

He could feel that, although Lu Miaoge was close and intimate with him, she seemed to be indulging and appeasing him a bit.

Or rather, Lu Miaoge didn't entertain the idea of marrying him.

Therefore, she tried to accommodate him in other aspects, as a form of compensation.

“After all, we are missing a certain opportunity.”

“Or perhaps, the young lady has a hurdle in her heart she can't overcome.”

Lu Changsheng had a rough idea of why Lu Miaoge behaved this way.

One reason was the issue with the Fourth Elder and Lu Miaoyun, which Lu Miaoge didn't know how to face.

The other was having children.

Lu Miaoge still harbored the ambition of the path of cultivation.

Aiming for a slim chance at Foundation Establishment.

Having children would undoubtedly delay and affect her cultivation.

“Sigh, I don't necessarily need to have children either.”

Lu Changsheng shook his head.

As for having children, he also left it to personal choice.

If Lu Miaoge truly didn't want to, he wouldn't force her to do anything.

After all, he very much understood such matters for cultivators.

However, in his case, with many wives, concubines, and maids, children were plenty.

Any woman marrying him was likely influenced, feeling the need to have at least a couple of children.

“But now I have to stay here for half a year, the matter of having children will have to be put aside.”

Lu Changsheng sighed.

He thought of how he had sent back to Qingzhu Mountain all his maids with Spiritual Roots.

Now, in Nine Dragons Marketplace aside from Xiao Qing, the other maids did not possess Spiritual Roots.

Under such circumstances, his plans for superior progeny became somewhat challenging.

“Do I need to visit the White Jade Tower again?”

Lu Changsheng pondered to himself.

“It’s been a long time since I’ve performed a good deed, I’ll take it as doing something good.”

After considering, Lu Changsheng decided to make a trip to the White Jade Tower after all.

After all, his efforts at breeding superior offspring mustn’t cease.

Counting Lu Miaoge, he only had eleven wives, concubines, and maids with Spiritual Roots.

Meanwhile.

Red Leaf Valley.

“Senior, are you saying that you are willing to lend a hand to the Chen Family!”

Chen Family Patriarch Chen Shuisheng asked the petite youth before him, with respect.

“Indeed, I have an old grudge with someone from the Lu Family.”

“Hearing that there is a blood feud between your Chen Family and the Lu Family, and with the Lu Family Ancestor about to pass away, I’ve come to settle this grudge and, by the way, claim a share of the spoils.”

Meng Xiaochan said aloud.

“That would certainly be acceptable, may I know what conditions or requirements you have, Senior?”

Chen Shuisheng continued respectfully upon hearing this.

After all, despite his unimpressive appearance, the slim youth before him was a Foundation Establishment Great Cultivator.

....

In the blink of an eye, more than a month had passed.

Lu Changsheng had also added three maids in his courtyard at the Nine Dragons Market.

They were, of course, the unfortunate souls he had rescued from White Jade Tower.

All three possessed Spiritual Roots.

However, their Spiritual Roots were not high, only Ninth Grade Spiritual Roots.

It wasn't that Lu Changsheng had run out of Spirit Stones.

He thought that since he couldn't afford maids with Middle Grade Spiritual Roots anyway, he might as well save some money.

He also just wanted to see how much his Middle Grade Spiritual Root would influence his children's Spiritual Roots.

“Phew! With this pace, in half a year, I should be able to break through to the Eighth Level Energy Refinement.”

Inside the Spiritual Talisman Shop, Lu Changsheng, who had been meditating with his eyes closed, opened his eyes and let out a long breath.

Having such a cultivation speed was partly thanks to the assistance of the Tender Embrace Technique.

Another reason was that he continuously spent money and boosted his progress with Elixir Medicines.

But with this speed of cultivation, Lu Changsheng still wasn't satisfied.

After finishing his cultivation session, Lu Changsheng stood up and went to the Talisman Room, ready to draw talismans.

Although he had come to Nine Dragons Market to take charge, the number of talismans he had to draw every month had indeed increased.

He also had to spend quite some time each day drawing talismans.

Just as he had taken out the talisman-making materials and was about to start the talisman making process,

a system prompt rang out.

[Congratulations to the host for having seventy descendants, you have earned one lucky draw chance!]

“Hmm? Really twenty portions of Child Money?”

“In that case, by the looks of it, will the next one be at ninety or a hundred children?”

Hearing this system prompt, Lu Changsheng couldn't help but raise an eyebrow and speculate.

“However, this time, neither Jiang Louyue nor Yu Yao's children have Spiritual Roots.”

The next moment, Lu Changsheng shook his head slightly.

He clearly remembered who the mothers of his sixty-ninth and seventieth children were during this period.

But neither of the children had shown signs of Spiritual Root pulsations, indicating that they did not possess Spiritual Roots.

“System, draw the prize.”

Without giving it too much thought, Lu Changsheng silently uttered in his mind,

wondering if this time the lucky draw could bring him a pleasant surprise.

Immediately, the great spinning wheel of the system appeared.

“Begin the lucky draw!”

Lu Changsheng said without hesitation.

The spinning wheel was aglow with golden brilliance as it began to turn.

It then slowly came to rest on the ‘Treasure’ section of the lucky draw panel.

[Ding! Congratulations to the host for obtaining a rare treasure: Profound Origin Bead!]

[The reward has been sent to the System Space, and the host can check it at any time]

A pattern of a deep blue bead, along with the system prompt, appeared.

“A rare treasure, the Profound Origin Bead?”

Seeing the reward he had drawn this time, Lu Changsheng was somewhat curious.

He immediately looked towards the System Space.

To check out what this Profound Origin Bead was.

[Profound Origin Bead]

[Grade: Third Rank] search the website to access chapters of novels early and in the highest quality.

[Description: Born from the Profound Origin Waters, it can absorb nature's spiritual energy on its own, store Spiritual Energy, and after refinement, it is like a cultivator's second Qi Ocean Core. It allows an Energy Refinement Late Stage cultivator to be comparable to Foundation Establishment, and a Foundation Establishment Late Stage cultivator to be comparable to False Core!]

“Ss, it can absorb nature's spiritual energy on its own, and after refinement, it acts like a second Qi Ocean Core. Late Stage Energy Refinement comparable to Foundation Establishment? Late Stage Foundation Establishment comparable to False Core?”

Lu Changsheng, looking at the description of this rare treasure before him, was taken aback.

He had previously thought about whether he could draw something that would quickly enhance his strength.

But that was just wishful thinking, without much expectation.

To his surprise, the system had now awarded him a Third Rank rare treasure, the Profound Origin Bead.

After refinement, Late Stage Energy Refinement would be comparable to Foundation Establishment.

Late Stage Foundation Establishment comparable to False Core!

Such effects were truly astonishing!

Chapter 215 - 115: Danger! I must prepare for the worst!_1

Chapter 215: Chapter 115: Danger! I must prepare for the worst!_1

“

“Extract!”

“

Lu Changsheng's mental spirit stirred slightly as he extracted the Profound Origin Bead from the System Space.

Instantly, a chicken egg-sized, sapphire blue, lustrous jade bead appeared.

At the same time, detailed information about this Profound Origin Bead entered Lu Changsheng's mind.

“This Profound Origin Bead, simply put, is like a portable battery.”

“For Qi Refinement and Foundation Establishment Cultivators, it can charge and extend endurance, also amplifying spiritual power and mana.”

“But in the hands of a Nascent Soul Immortal, its effects are rather average; it can only serve as a common amplifying treasure.”

Lu Changsheng looked at the Profound Origin Bead in his hand, muttering to himself.

He had a more clear and direct understanding of the effects of this Profound Origin Bead.

“However, this effect is already very powerful; it's enough for me until I reach the Core Formation Stage!”

“Once I form my core, I can pass the Profound Origin Bead on to my children.”

“After all, unlike the Book of Malevolent Curses and Fates, it's not a one-off and can be passed down through generations.”

A smile appeared on Lu Changsheng's face.

In his view, this Profound Origin Bead was much better than the Book of Malevolent Curses and Fates.

Not only for individuals but also for the family and sect forces, it was an exceptional treasure.

Overall, most family forces may face times of scarcity.

And that's when the value of the Profound Origin Bead becomes evident.

It can stabilize a family with a semblance of Foundation Establishment, with a semblance of a False Core.

"I am now at the Seventh Level of Energy Refinement, and I wonder how much this Profound Origin Bead can enhance my own abilities."

Lu Changsheng did not ponder long, bit the tip of his tongue lightly, and sprayed a mouthful of blood onto the Profound Origin Bead.

In an instant, the treasure bead absorbed the blood, emitting a brilliant glow, transforming into a stream of light, and entered Lu Changsheng's body, traveling along the meridians to hover above the Qi Ocean Core.

Immediately, Lu Changsheng sat down cross-legged, closing his eyes to refine the Profound Origin Bead and make it perfectly compatible with himself.

...

A month later.

Third floor of the Spiritual Talisman Shop.

"It's truly a product of the system, a Third Rank treasure!"

"The amount of spiritual energy this Profound Origin Bead can store is about eight or nine times what I currently have!"

Lu Changsheng looked inward at his Dantian, gazing at the sapphire bead that had now turned into a blend of seven colors, his face full of joy.

After refining the Profound Origin Bead, he could distinctly feel the spiritual energy inside his 'second Dantian.'

Just like his own Qi Lake, the spiritual energy could circulate without any hindrances.

“With this Profound Origin Bead, I no longer have to worry about running out of spiritual energy.”

Lu Changsheng said joyfully.

Then, with a subtle motion of his mental spirit, his fingers came together, and a sword light began to form.

“Releasing spiritual power through spells, the force is roughly tripled due to spiritual pressure.”

“If I exert full force, this amplification could rise a few more times.”

Lu Changsheng gazed at the sword light in his hand, quietly sensing the changes in spiritual pressure.

“No wonder the Profound Origin Bead only allows those at the Energy Refinement Late Stage to compare with Foundation Establishment and those at the Foundation Establishment Late Stage to compare with the False Core.”

“With this second Dantian, the quantity of spiritual power I possess far exceeds that of Energy Refinement, almost comparing to Foundation Establishment.”

“However, in terms of quality, it still cannot compare with a Foundation Establishment Great Cultivator.”

“But my cultivation of the Seven Luminaries Great Freedom Sword Scripture, an Orthodox Level Cultivation Technique, means my foundation of spiritual power is already far superior to cultivators of the same level. By the time I peak in Energy Refinement, with the support of the Profound Origin Bead, I might not be weaker than a Foundation Establishment Great Cultivator.”

Lu Changsheng’s eyes narrowed slightly as he secretly thought.

However, he also just thought about it.

When he really reached the peak of Energy Refinement, he wouldn’t rely on a treasure to attempt to challenge a Foundation Establishment Great Cultivator.

Who engages in battling across ranks for no reason?

He wasn’t the protagonist Long Aotian.

And Lu Changsheng was very aware that he had a significant problem when it came to battling with spells.

He had too few spells at his disposal.

Aside from the Seven Luminaries Sword Light, Seven Luminaries Sword Shield, Seven Luminaries Sword Escape, he had only learned Flame Bullet Technique and Object Manipulating Technique, these common spells.

He had neither learned nor practiced slightly more advanced offensive spells; he could only rely on Talismans.

“This Profound Origin Bead not only helps in battle but also aids in other areas.”

“Now when I make Talismans, I don’t have to worry about the consumption of spiritual energy, just my Mental Spirit.”

Lu Changsheng said happily.

He usually had to meditate to recover his spiritual energy after exhausting it while drawing Talismans.

But now with the Profound Origin Bead, he didn’t have to worry about depleting his spiritual energy anymore.

Moreover, after depleting the spiritual energy inside the Profound Origin Bead, it could absorb nature’s spiritual energy from the surroundings to slowly recover.

“I wonder if it’s almost time for the Immortal Sects Conference?”

At this point, Lu Changsheng suddenly remembered that in a few months, it would be time for Qingyun Sect’s Immortal Sect assessment.

He had previously promised to send Xia Zhaoyang to Qingyun Sect for the Immortal Sect assessment.

“Forget it, considering the current season, going out might be risky.”

“It would be the same if I had Hong Yi or Feiyu take Xia Zhaoyang there.”

Lu Changsheng thought it over and decided not to make the trip.

Although with his current strength and means, as long as he didn’t encounter a Foundation Establishment Great Cultivator, it was unlikely anything would happen to him.

But it was better to have one less matter to worry about.

Immediately, Lu Changsheng wrote several letters and went to the marketplace post station to have them delivered to Ruyi County City.

...

Time passed by, day after day.

In the blink of an eye, another month went by.

During this time, the three maids from White Jade Tower whom Lu Changsheng had recently taken in were all pregnant.

Lu Changsheng didn't pay much attention to the three maids; he just let nature take its course.

After all, such matters were neither urgent nor could they be hurried.

If he truly wanted to engage in frenzied procreation, he had the Five Aggregates Proliferation Method within the Yin Yang Harmony Technique, which could increase the probability of conception. .

"Second Master, that Fairy Su has come back to place another talisman order."

That day, as Lu Changsheng was on the third floor studying the history of cultivation, the voice of Shopkeeper Zhang Shan came from outside.

Chapter 216 - 115: Danger! I must prepare for the worst!_2

Chapter 216: Chapter 115: Danger! I must prepare for the worst!_2

"Alright, I'll come down now."

Lu Changsheng nodded when he heard this.

This Fairy Su, named Su Hongyu, was a major customer of the Spiritual Talisman Shop.

She had purchased quite a few talismans from the shop over the past few months.

So under such circumstances, it was necessary for him, the owner, to attend to her personally.

When he arrived at the reception hall on the first floor, he immediately saw a woman who appeared to be in her late twenties, with a beautiful face and dressed in a simple yet elegant purple palace dress.

"I've seen Fairy Su before."

Lu Changsheng greeted her with a smile, as warm as the spring breeze.

"Talisman Master Lu is here. I've come this time to place a pre-order for a batch of talismans..."

Su Hongyu spoke with a smile upon seeing Lu Changsheng, her voice warm and alluring.

She then handed over a talisman procurement list.

Clad in her simple and graceful palace dress, she looked elegant and decent, yet her every move radiated a seductive charm.

"No problem, it will take around half a month for the shop to prepare these talismans," Lu Changsheng said after glancing at the list.

"That's fine."

Su Hongyu, upon hearing his response, was quite straightforward and then signed the contract and paid the deposit.

After everything was settled, Fairy Su turned to Lu Changsheng, smiled gracefully, and said, "Talisman Master Lu, I've come across an ancient cave dwelling left by a predecessor outside and am currently looking for a few fellow cultivators to explore it together. Would you be interested?"

"Fairy Su's invitation honors me greatly, but I am not skilled in combat, so I will have to decline."

Lu Changsheng courteously declined as soon as he heard her invitation.

"To be honest, this cave dwelling has certain prohibitions that are difficult to break at the moment, which is why I need to find companions for the exploration," Su Hongyu explained.

"But if the cultivator's cultivation level is too high, I worry they might covet the treasures for themselves."

“Talisman Master Lu is not of high cultivation, and being a Lu Family disciple and the owner of the Spiritual Talisman Shop, you are obviously trustworthy, which is why I sincerely invited you.”

Su Hongyu twisted her slender waist slightly and crossed her legs in a somewhat seductive manner as she spoke.

“My abilities are limited, I will not take part, but thank you for the kind offer, Fairy Su.”

Lu Changsheng continued to refuse.

And at that moment, a sense of wariness rose in his heart.

Although he had conducted business with her several times, they hadn’t had much contact.

The sudden invitation to explore a cave dwelling made him suspicious.

Furthermore, as a man who had been through numerous battles and read countless books, Lu Changsheng could tell that the Su Hongyu before him seemed adept in bewitching techniques, aiming to seduce him with her demeanour and actions.

Combining this with the recent situation of the Lu Family, Lu Changsheng couldn’t help but overthink.

However, he didn’t care about such matters.

Even if it was a trap, as long as he didn’t take the bait, there would be no harm.

Besides, Lu Changsheng was truly uninterested in these kinds of adventures seeking ancient relics and cave dwellings.

With all that idle time, he would rather go home and have a couple more kids.

Not only would the system accompany the Child Money, but the kids could also enhance his Spiritual Root and strength.

“Since Talisman Master Lu is not interested, then I will have to look elsewhere,” Su Hongyu said with a tinge of disappointment, but without insisting and still smiling.

Half a month later.

Zhang Shan told Lu Changsheng that Fairy Su had come again. .

“Talisman Master Lu.”

Su Hongyu greeted Lu Changsheng with a smile.

This time she was wearing a luxurious golden magical robe.

The robe shimmered with Spiritual Light and was adorned with vivid and lifelike embroidery of a mythic bird.

Lu Changsheng could tell at a glance that it was at least a high-quality magical robe, if not a Supreme one.

Regarding her behavior, however, Lu Changsheng just felt she was not right in the head.

Wearing such a conspicuous garment could attract unwanted attention like a lamb ripe for the slaughter.

“Fairy Su, the talismans you ordered before have been prepared. Please take a look,” Lu Changsheng said without any further glances, taking out a pile of talismans from his Storage Bag.

“I naturally trust Talisman Master Lu,” Su Hongyu took the talismans, glanced at them, and smiled.

After paying the remaining amount of Spirit Stones, Su Hongyu continued, “I was wondering if you have any First Grade Prohibition-Breaking Talismans here?”

“Prohibition-Breaking Talismans?”

“The Prohibition-Breaking Talisman is a First Grade Supreme Talisman, very difficult to create.”

“I’m not sure how many you need, Fairy Su, but if it’s only one or two, I can request one of the Family Elders to draw them,” Lu Changsheng replied.

Prohibition-Breaking Talismans belonged to the category of First Grade Supreme Talismans, their difficulty akin to Second Rank Talismans.

Even for the Fourth Elder, the success rate of crafting them was not high.

Yet, for Lu Changsheng, it wasn’t really a problem.

However, as a business transaction, he couldn’t offer more than that.

“The more the better,” Su Hongyu said.

She continued with a charming smile, "Talisman Master Lu, I need the Prohibition-Breaking Talismans for the final stage of my previous cave dwelling exploration."

"It's a shame Talisman Master Lu did not come along last time; not only was it safe, but I also made quite a profit, allowing me to afford this new magical robe," Su Hongyu said, beaming.

"Congratulations then, Fairy Su!" Lu Changsheng said, his heart remaining undisturbed as he congratulated her with a smile.

He immediately added, "As for the Prohibition-Breaking Talisman, our shop can only provide one or two, anything more is truly beyond our ability."

Since Prohibition-Breaking Talismans had a low success rate, even the Fourth Elder couldn't make much profit from them.

They were essentially crafted for the sake of the shop's reputation and were sold only in small quantities.

Seeing that Lu Changsheng was still not tempted, Su Hongyu paid a deposit, chatted briefly, and then left.

"There's definitely something wrong; it's absolutely a trap!"

After Su Hongyu had left, Lu Changsheng went back to the third floor, feeling increasingly certain that Su Hongyu was up to something.

She was luring him away from the Marketplace.

"This Su Hongyu, her backers might even be the same people who tried to assassinate Sister Miaoge," Lu Changsheng thought to himself.

But it's a pity that I have limited strength.

Otherwise, I could follow her bait, turn the tables, and investigate the truth," he mused.

Chapter 217 - 115: Danger! I must prepare for the worst!_3

Chapter 217: Chapter 115: Danger! I must prepare for the worst!_3

But in the end, I am just a minor Qi Refinement cultivator; there is no need to take risks.

...

Time flies, and more than two months pass.

During this time, Lu Changsheng acquired three more Spiritual Root maids from the White Jade Tower.

He got two of them with child.

As for the maids without a Spiritual Root, after six of them became pregnant, Lu Changsheng controlled himself and did not impregnate any more.

After all, there has to be some maids to do chores and take care of the children on regular days.

In between, Su Hongyu also made two more visits.

However, she did not invite Lu Changsheng to explore the cave mansion again.

Instead, she expressed that she had gained a lot from the cave mansion, was very happy, and invited Lu Changsheng to a restaurant nearby to celebrate with a meal.

Since he was a major client and it was within the Marketplace, Lu Changsheng accepted the invitation.

When the wine was three parts in and their faces were peach-blossom like, Su Hongyu confided to Lu Changsheng about the difficulties she faced as a Loose Cultivator, bringing the two of them closer together.

The second visit was quite recent when she invited Lu Changsheng to a Loose Cultivator meeting.

She told Lu Changsheng that apart from trading items and expanding one's connections, there was another implicit purpose to the meeting.

It was for those Loose Cultivators who had little hope of reaching the Foundation Establishment Stage and wanted to find a partner to start a cultivation family, to meet and socialize at such a gathering.

She wished to invite Lu Changsheng to join and take part in the festivities.

Even though Lu Changsheng was indeed somewhat curious and interested in the gathering.

But having identified that the other party was fishing for something, naturally, Lu Changsheng would not agree and rejected the offer politely.

In the end, Su Hongyu could only leave with a look of deep, unspoken grievance, as if she was looking at a faithless lover.

However, the battle-hardened Lu Changsheng was unperturbed internally.

Don't think he hasn't been honed by the matters of men and women over the years.

However, it must be said, her appearance and figure, coupled with the seductive manner in her behavior, and the seeming willingness to express a degree of fondness, truly made her hard to refuse.

It's a pity she met with the battle-hardened, wary Lu Changsheng.

That day.

On the third floor of the Spiritual Talisman Shop, Lu Changsheng, who was meditating with eyes closed and surrounded by seven fierce strands of Sword Qi, suddenly opened his eyes.

"I have finally reached the Eighth Level Energy Refinement!"

Lu Changsheng looked at the seven-colored dan lake within his Qi Ocean Core, his face revealing joy.

This breakthrough came a bit faster than he had anticipated.

Aside from sufficient Elixir Medicines, it was also due to the improvement of the Spiritual Root, dual cultivation, and several other reasons.

"My breakthrough to the Eighth Level Energy Refinement has immediately increased the limit of the Profound Origin Bead; it truly is mysterious," Lu Changsheng thought, as he looked at the seven-colored revolving Treasure Bead above his Dantian.

Following his breakthrough in realm, the Profound Origin Bead also evolved, gaining an enhancement.

This enhancement could continue until the peak of the Foundation Establishment Stage.

That would be the limit to the amplification ability of the Profound Origin Bead.

"However, at this rate, it might take five to six years to break through to the Ninth Level Energy Refinement!"

The next moment, Lu Changsheng shook his head, estimating his own cultivation speed.

Even though this speed, for a Sixth Grade Spiritual Root, was already considered very fast.

But to Lu Changsheng, it still felt a bit slow.

After all, he had been in cultivation for less than ten years.

Six days later.

Lu Changsheng suddenly received a message from the Second Elder.

Telling him to get ready, they would set off for Qingzhu Mountain in three days.

As for the Spiritual Talisman Shop, he had arranged for someone to take care of it temporarily.

"Second Elder, what's going on?" Lu Changsheng immediately sensed something was amiss upon hearing the Second Elder's words.

According to the schedule, the Second Elder would not return for another half month.

Moreover, he had never been in such a hurry to go back.

"I've received a family transmission; many Lu Family disciples who were out for training have been attacked."

"Moreover, recently, the Chen Family directly assaulted the Great Elder in the mining area, gravely injuring him, so the family is recalling all personnel outside back to the clan!" the Second Elder said gravely.

"The Chen Family has taken action!?" Lu Changsheng was somewhat surprised to hear this.

He immediately realized that the conflict between the Chen Family and the Lu Family was about to erupt.

This was no longer just a minor skirmish or friction.

Multiple Lu Family disciples were attacked, and even the Great Elder who was in charge of the mining area was directly severely wounded.

This indicated that the Chen Family was ready to face the Lu Family head-on.

"That's right, the Chen Family keeps provoking us; although the Lu Family has retaliated, it hasn't been enough to deter them. They know our ancestor is in bad shape, that's why they dare to act like this!" the Second Elder said with a grim look.

The Lu Family had suffered a major loss more than a decade ago.

They had yet to fully recover from that incident.

This wave of attacks had killed many Lu Family disciples, adding to the Lu Family's troubles. [search the website](#) to access chapters of novels early and in the highest quality.

After all, the continuation of the bloodline is very important for a cultivation family.

"Changsheng, rest assured, our Lu Family has stood tall on Qingzhu Mountain for hundreds of years, we have our own heritage and do not fear the Chen Family," the Second Elder said, as if to relieve Lu Changsheng's worries.

"Second Elder, no matter what, I, Lu Changsheng, will stand or fall with the Lu Family!" Lu Changsheng didn't care whether the other party was trying to calm his heart.

The Lu Family was about to face a crisis, and he indeed could choose to hide away, living quietly in the Nine Dragons Market.

But his wives and children were all in the Lu Family; he must return this time.

"Good, good, good," the Second Elder said, looking relieved upon hearing this.

It is said that time is the test of truth, and only through hardships do people's true hearts reveal themselves.

Lu Changsheng had been with the Lu Family for only ten years.

Now that the Lu Family was facing a crisis, exhibiting such a firm stance naturally made him feel he hadn't misjudged the man, feeling extremely gratified.

He then told Lu Changsheng to prepare, and that he would send someone to temporarily take charge of the Spiritual Talisman Shop tomorrow.

After the Second Elder left, Lu Changsheng went to the third floor to check his Storage Bag.

And to see what preparations still needed to be made.

"First Grade Middle Grade Spirit Talismans, two hundred; First Grade Superior Talismans, one hundred and fifty-six; First Grade Supreme Talismans, one hundred and nineteen."

"Second Grade Lower Grade Spirit Talismans, fifty-seven; Second Grade Middle Grade Spirit Talismans, eight."

Chapter 218 - 115: Danger! I must prepare for the worst!_4

Chapter 218: Chapter 115: Danger! I must prepare for the worst!_4

“A Second Rank Puppet, two First Grade, Middle Grade Puppets, and four First Grade, Lower Grade Puppets.”

“Three Yin Thunder Child pellets, one set of Black Blood Needles.”

“Two bottles of top-grade First Rank healing medicine.”

“A bottle of Burst Qi Elixir, which can immediately restore half of the spiritual power and also increase the cultivation level upon consumption.”

“A bottle of Spiritual Divine Elixir, taking it clears the mind and strengthens the Mental Spirit!”

“As for magic artifacts, two top-grade items, and five superior-grade items, there seem to be nothing else to supplement.”

Lu Changsheng took inventory of his stock, pondering what else he might need to prepare.

But after a moment's thought, it seemed there was nothing else to supplement.

“In terms of Talismans, I have drawn them according to my needs: for attack, defense, trapping enemies, escaping, and healing; all are ready.”

“With the Spiritual Divine Elixir as a supplement, it's no problem to temporarily enhance my Mental Spirit and throw out a few hundred Talismans if necessary.”

“Moreover, now at the Eighth Level Energy Refinement, with the Profound Origin Bead, I dare not say I'm comparable to Foundation Establishment, but it wouldn't be an overstatement to claim invincibility below Foundation Establishment.”

“Also, with the Profound Origin Bead, if I fully exert the power of the Golden Light Brick Talisman Treasure, I can unleash seventy to eighty percent of its power, which even a normal Foundation Establishment Cultivator might not withstand.”

Lu Changsheng estimated his situation, feeling that even facing a Foundation Establishment Great Cultivator would not be a big problem.

However, from beginning to end, he never worried about himself.

What he always considered was how to ensure his wives and children were safe in times of danger.

“If Lu Family is indeed breached, at that time, with a Second Rank Puppet by my side, a Talisman Treasure in one hand, and a stack of Second Rank Talismans in the other, even Foundation Builders would probably make way.”

“After all, without deep hatred and enmity, who would be willing to fight to the death.”

Lu Changsheng thought to himself. Search the website to access chapters of novels early and in the highest quality.

“What a pity I have never seen Ancestor Chen; otherwise, I could have dealt with him directly using the Book of Malevolent Curses and Fates.”

“However, the current situation of the Lu Family isn’t something that can be resolved by killing just Ancestor Chen. The problem lies within the Lu Family itself.”

“Even without the Chen Family, the Yu Family, the Bai Family, and the Zheng Family, as well as other cultivation families, would take action.”

“After all, in the Cultivation World, weakness is the original sin; without strength, one simply can’t protect a Spiritual Vein Blessed Land.”

Lu Changsheng shook his head.

He knew that even if Ancestor Chen died, it would not signify that the crisis of the Lu Family had been resolved.

In the end, the crisis of the Lu Family stemmed from the imminent death of the Lu Family Ancestor.

And because the Lu Family had not produced a new Foundation Establishment Great Cultivator.

“It has been almost two years since Lu Yuanshan came back from the Purple Shadow Secret Realm.”

“But for so long, there has been no reaction from the Lu Family, no birth of a new Foundation Establishment Great Cultivator.”

“Did they come back with nothing, or did the final breakthrough fail?”

Lu Changsheng murmured to himself.

For an average Cultivator, even with both Foundation Establishment Elixirs and Foundation Establishment Spirit Objects, the chances of breakthrough are at most fifty to sixty percent.

But how many people can gather both Foundation Establishment Elixir and Foundation Establishment Spirit Objects?

Most Loose Cultivators rely on one or two Foundation Establishment Spirit Objects.

Many even take the risk without anything, gambling on a slim chance of breaking through.

A Cultivation Family like the Lu Family might have some foundation, but they can only guarantee two or three Foundation Establishment Spirit Objects.

“It’s meaningless to keep worrying about a new Foundation Establishment for the Lu Family now; I must prepare for the worst scenario.”

Lu Changsheng did not dwell on this matter.

He began to simulate scenarios in his mind: if the Lu Family Ancestor died and a Foundation Establishment Great Cultivator came to kill, how he would respond with his wives and children.

Whether to bring out the Talisman Treasure immediately or let the Puppets engage in combat while he supported with Talismans...

Or whether, when he brought out the Talisman Treasure, if he simultaneously unleashed the power of his nurtured Treasure Bones, would there be a chance to directly slay a Foundation Builder.

Lu Changsheng continually simulated and contemplated.

Unfortunately, no one knew Lu Changsheng’s thoughts at that time.

Otherwise, they would be utterly dumbfounded and overwhelmingly shocked.

Thinking that he seemed to be preparing to eliminate someone else’s Family.

Otherwise, why would he go to such lengths?

Most Cultivators seek benefits; who would fight a life-and-death battle without good reason?

After all, isn’t the purpose of cultivation to live well and more freely?

Chapter 219 - 116: Lu Changsheng, Do You Know What Happened to My Sister?_1

Chapter 219: Chapter 116: Lu Changsheng, Do You Know What Happened to My Sister?_1

Three days later.

Lu Changsheng took the Flying Boat of the Second Elder from Nine Dragons Market back to Qingzhu Mountain.

This time, Lu Changsheng didn't bring Xiao Qing.

One reason was that, compared to Qingzhu Mountain, Nine Dragons Market was now much safer.

Another was that the Flying Boat simply couldn't accommodate any more passengers.

Not only was it filled with people, but there was also someone riding an Iron Feather Eagle alongside the boat.

"Lu Changsheng, do you know what's wrong with my sister? The last time I saw her, I felt that something was odd."

Lu Miaohuan was also on the Flying Boat and inquired of Lu Changsheng through a transmitted message.

"What seemed odd?"

Lu Changsheng asked, keeping a straight face when he heard this.

"I'm not sure. I just felt that she has been acting strange since she got hurt last time."

Lu Miaohuan wrinkled her nose, unable to specify what exactly was off.

But as a sister, she could sense the changes in her older sister.

Then, out of curiosity, she asked, "By the way, Lu Changsheng, how did you treat my sister's injuries? I heard that she was seriously injured, at death's door."

"I happened to come across a life-saving Elixir Medicine before, and the Changchun Technique I practice is somewhat helpful in healing injuries,"

“So I barely managed to stabilize Miss’s condition.”

Lu Changsheng said without so much as flushing or skipping a heartbeat.

This was the story he and Lu Miaoge agreed upon.

Moreover, long ago he had announced that he had switched to practicing the “Changchun Technique.”

Given that he had always maintained the appearance of being in his twenties,

And with so many wives and concubines, constantly fathering children, it was quite normal for him to choose a cultivation technique that extended his life.

Hearing this, Lu Miaohuan didn’t think much of it.

She continued to talk with Lu Changsheng about various everyday matters and mentioned the current situation of the Lu Family.

Lu Changsheng had nothing better to do and engaged in casual conversation with the Second Miss.

The Spirit Boat flew swiftly across the sky.

Just then, abruptly.

“Whoosh, whoosh, whoosh—”

Four streaks of light soared into the sky, cutting through the air and shooting toward them.

Three of them blocked the path of the Flying Boat.

One aimed for the Iron Feather Eagle beside it.

“This is bad!”

The Second Elder’s face changed dramatically as he saw this, and he shouted angrily.

He stimulated the Flying Boat’s defensive array, creating a thick, earthy-yellow light barrier.

And he also brought out a blue triangular flag which buzzed and produced a light blue watery light barrier, enveloping the Flying Boat directly.

“Screech!”

However, the Iron Feather Eagle, unable to avoid the streaks of light, let out a mournful cry.

Blood splattered from its belly, and its wings flapped chaotically.

This caused Lu Yuanhua, who was riding on the eagle, to pale.

A jade bamboo staff appeared in the Second Elder's hands as he swept up Lu Yuanhua onto the Flying Boat, his face grave as he shouted loudly.

"Who are you rogues, daring to ambush the Lu Family of Qingzhu Mountain?"

His voice was cold and sonorous, dripping with authority.

On this return trip, he had been vigilant the entire time.

And although he had changed the original route, they still encountered an ambush.

"Hmph, it's precisely the Lu Family of Qingzhu Mountain that we are ambushing! Let's end this quickly!"

Four masked figures, maneuvering their Flying Artifacts, said in raspy voices.

They immediately drove their artifacts, casting spells and Talismans, attacking the Flying Boat.

"Yuanhua, you take control of the Flying Boat and hurry back to Qingzhu Mountain with everyone. Leave this to me!"

The Second Elder quickly instructed the Lu Family manager.

He then took out another Flying Artifact, stepped off the Flying Boat, and crushed a Talisman, turning it into a Golden Light Barrier around his body, wielding the bamboo staff to intercept the four assailants.

"Alright!"

Lu Yuanhua promptly took over control of the Flying Boat without further words.

He could tell at a glance that the four Robber Cultivators had come prepared.

All possessing the strength of the Energy Refinement Late Stage.

And among their group, aside from the Second Elder, only he was at the Seventh Level of Energy Refinement.

The rest only possessed Middle Stage Energy Refinement strength.

In such a situation, their side was clearly at a disadvantage.

“Second Elder, take care!”

After Lu Yuanhua took control of the Flying Boat, he immediately steered it, carrying everyone, and flew swiftly towards Qingzhu Mountain.

“I’ll hold them off, you three take the Flying Boat and quickly kill those Lu Family youngsters, especially that Lu Family Talisman Master!”

One of the four masked figures, the apparent leader with a raspy voice, instructed. Search the website to access chapters of novels early and in the highest quality.

He then charged at the Second Elder, “Lu Yunhan, I’m eager to see how you’re going to stop us!”

“You know me, but who sent you here?”

The Second Elder’s face was grim as he cast a green rainbow light from his jade bamboo staff, attempting to hold back the four.

But the speaking masked figure also slapped a giant palm, summoning a red pearl, with fiery light swirling around it. A fierce wind then arose, with flames engulfing the Second Elder.

Seeing this, the other three masked figures immediately brought out a Flying Boat.

They then boarded the Flying Boat and chased after Lu Changsheng and the others.

“Damn it!”

The Second Elder, recognizing the dire situation that they were fully prepared for the ambush, knew their target was the younger generation.

But at that moment, he had no way to protect everyone and could only watch unwillingly as the pursuers chased after his family’s Flying Boat.

“Could these four be the same four Robber Cultivators who previously ambushed Sister Miaoge?”

Lu Changsheng thought about what Lu Miaoge had said, that her severe injuries were caused by an ambush by four Robber Cultivators.

Now, there were also four assailants who clearly came prepared for the Lu Family, which made him suspect a connection.

However, whether they were the same four or not, at the very least, the situation now looked unfavorable from Lu Changsheng's perspective.

On the Flying Boat were seven people, apart from Lu Yuanhua who was at the Seventh Level of Energy Refinement.

The other Lu Family Disciples were just at Middle Stage of Energy Refinement.

With a thousand li yet to Qingzhu Mountain,

It seemed difficult for them to reach safety under the pursuit of three Late Stage Energy Refinement Cultivators.

"Boom, boom, boom—"

.

Chapter 220 - 116: Lu Changsheng, Do You Know What Happened to My Sister?_2

Chapter 220: Chapter 116: Lu Changsheng, Do You Know What Happened to My Sister?_2

Three masked figures in a flying boat pursued relentlessly.

Two of them commanded magic artifacts, unleashing spells, and bombarded the barrier of the flying boat steered by Lu Yuanhua, causing the boat's defensive light shield to dim gradually.

This kind of flying boat was just an ordinary one, used for traveling, and it did not have strong defenses.

"No, if this continues, the flying boat simply won't hold up!"

"Miaofeng, Miaocheng, you guys take turns controlling the boat, I'll draw one of them away!"

Seeing the situation, Lu Yuanhua's expression changed and he said through gritted teeth.

“Uncle Yuanhua, let me do it. I’ve got talismans from the Fourth Elder, and I might be able to use them to escape later.”

Lu Changsheng also spoke up.

With so many people around right now, he couldn’t conveniently reveal his true power. search the website to access chapters of novels early and in the highest quality.

But once he got to a secluded place, he would have no such concerns.

Just as long as he could draw one person away, with Lu Yuanhua present, the crisis for the Lu family members would be resolved.

“No, Changsheng, you’re our Lu family’s talisman master, you absolutely must not take risks!”

Hearing this, Lu Yuanhua didn’t even think before he immediately rejected the idea.

“They obviously came prepared, targeting our Lu family. If you, Uncle Yuanhua, were to leave, returning to Qingzhu Mountain in the flying boat would be difficult.”

“Moreover, even if you draw one away, facing two at the Energy Refinement Late Stage, we still might not be able to safely return to Qingzhu Mountain.”

Lu Changsheng said quickly.

In his opinion, it would be simpler to draw the enemy away now than revealing his strength later when they were cornered.

“Uncle Yuanhua, Changsheng makes sense, but Changsheng, you can’t take the risk either. Let me do it.”

At this moment, Lu Miao Cheng bit his lip and stood up.

Lu Changsheng was speechless.

He offered to go out because he was confident in his own strength.

You going out would be outright suicide.

Probably couldn’t even manage to draw them away.

However, Lu Miao Cheng stepping forward at this time made him see him in a new light.

“Brother Cheng, if you go, you’re just marching to your death.”

"I've already broken through to the Sixth-Level Energy Refinement a few days ago, and I have a flying artifact that allows for a brief flight. Don't argue with me about this."

Lu Changsheng didn't want to waste any more time.

He slapped his storage bag and a stack of talismans appeared in his hand, at least fifty or sixty of them.

He handed half of them to Lu Miaohuan who was beside him and said, "Miss Miaohuan, keep these talismans for self-defense."

After speaking, he activated a Golden Light Barrier Talisman and a Wind-Commanding Charm on himself, threw out the flying artifact, and jumped off the flying boat.

"Changsheng!"

"Lu Changsheng!"

"Changsheng, come back!"

Lu Yuanhua, Lu Miaohuan, and the others watched the scene with shock and alarm, calling out loudly, not expecting Lu Changsheng to be so decisive.

"Go, don't waste time!"

Lu Changsheng stood atop the circular flying artifact, his green robe billowing, enveloped by a layer of golden light, and without looking back, he shouted loudly.

Then he activated a dozen or so talismans, which transformed into Wind Blades, Cold Winds, Fire Clouds, and Vine Tendrils that rolled menacingly toward the pursuing flying boat.

Since he needed to draw one away, he had to stir up some enmity.

Otherwise, if the enemy didn't send anyone to chase him, it would be quite embarrassing.

Hearing Lu Changsheng's words and seeing his actions, Lu Yuanhua, Lu Miao Cheng, Lu Miaohuan, and the others were moved beyond words.

They felt as if the figure of Lu Changsheng in front of them was growing taller and larger.

Especially Lu Miaohuan, who looked at Lu Changsheng's tall and lean silhouette and at the talismans in her hands, felt a lump in her throat.

She had never expected the usually amiable, and even somewhat timid and cowardly Lu Changsheng, to be so brave at such a moment, making a sacrifice of himself.

And before doing so, he had given them half of the life-saving talismans.

“Go!”

Seeing Lu Changsheng's actions, Lu Yuanhua knew that now was not the time to hesitate or delay.

Their only course of action was to hurry back and call for help.

He steered the flying boat with all his might, escaping towards Qingzhu Mountain.

In his heart, he could only hope that Lu Changsheng would survive with the help of the talismans.

“Lu Changsheng? You've chosen to leap into hell when you could have taken the road to heaven!”

“Little do you know that our main target this time is none other than you!”

The three men chasing in the flying boat were pleasantly surprised to see Lu Changsheng voluntarily jump from the flying boat.

Their mission was mainly to assassinate Lu Changsheng, the Lu family's talisman master.

Only after him would come the other Lu family disciples.

Now seeing Lu Changsheng jumping from the boat, actively provoking them, they immediately felt elated.

“Let's kill him!”

After the masked figures defended against the talisman attacks, they immediately steered the flying boat, chasing after Lu Changsheng.

“This is bad, they're directly going after Lu Changsheng!”

Lu Miaohuan, seeing this scene, exclaimed with a sudden change in expression.

If one person chased after Lu Changsheng, he might stand a chance with the talismans, but now, all three were abandoning the pursuit of the others to go for Lu Changsheng, which put him in an almost certain death situation.

“Their main target is Changsheng, the talisman master.”

“It must be the Chen family, only the Chen family would target our Lu family like this!”

Lu Yuanhua looked in the direction where Lu Changsheng was escaping, his face very grim, and he said through clenched teeth.

But in this situation, they were completely helpless to assist.

Even if he went now, it would just mean his death.

...

Lu Changsheng with all his spiritual power, propelled the flying artifact to its limits, streaking through the sky like a shooting star, zipping through the mountains below.

After all, being in the air made him an easy target and was all too conspicuous.

In this desolate mountain range, it was perfect for killing and hiding a body.

“Huh? They’ve all come after me?”

“So their main target is me, or am I just a higher priority than the others?”

Lu Changsheng looked back at the flying boat behind him and was slightly surprised.

He hadn’t expected all three robber cultivators to give up chasing the others and come after him instead.
