

chapter 12

The next morning I woke up to and wanda is sleeping on my chest again. I decided not to move this time and instead I cuddled up to her and she wrapped her arm around my waist. I put my hand on her head and began to play with her hair. She slowly began to wake up and she opened her eyes and looked up at me. She instantly sprung up and I sighed in disappointment.

"Sorry I didn't mean to fall asleep"

"It's okay I didn't mind"

"I'm gonna go"

"Go where?"

"I don't know somewhere"

"Wanda stop" I say grabbing her hand gently.

"No y/n" she says but doesn't move her hand away.

I slowly walk towards her and until I'm right next to her.

"Tell me to stop and I will" I say before grabbing her other hand and pinning both her hands up against the wall and intertwined my hands with hers. She gently squeezed my hands and looked between my eyes and lips.

"If you don't tell me to stop I'm going to kiss you"

I lean into her and press my lips against hers. She doesn't pull away. She doesn't kiss back either. I take my hands of her and move away.

"I'm sorry I shouldn't ha....humpf"

I'm interrupted by her crashing her lips against mine like she can't get enough of me. I place my hands on her waist to her ass before grabbing her ass cheek earning a moan allowing me to slip my tongue into her mouth. I pick her up and push her back up against the wall and trail my kisses down to her neck finding her sweet spot causing her to moan at the sensation.

"You sound so good when you moan wanda"

"I y/n we shouldn't do this"

"Tell me to stop and I will"

"Stop"

I instantly put her down and untangle myself from her.

"Did I do something wrong?" I ask.

"No I just. Look let's just take things slow. I want to help you get your emotions under control and take this slow. This us right now were finally beginning to get into a good place I don't wanna mess it up"

"But this between us is good. That kiss was amazing"

"It was but I just I wanna take things slow."

"I can respect that. How about you have have look in my mind see what you can find?"

"Okay are you sure?"

"Let's get this over with"

She li s her hand to my head and red whisps leaves her finger tips. It hurts a little. I close my eyes trying to control my emotions but i can't anchor it.

"Y/n calm down. I need you to focus on something focus on one thing"

"I'm trying."

"Focus on something that makes you happy"

"Okay."

I think about wanda about her laugh and her beautiful emerald eyes. Her perfect jaw line, her messy hair in the morning. Her sexy accent. Everything about her.

"That's it whatever your thinking about is working. I can't see what your thinking about but I can see it makes you happy. Hold on to that. Let in your emotions."

"I'm scared"

"I know. You can't feel happy unless you let in the sad. But I promise you I'll be there to help you"

"You promise?"

"Yes y/n I promise"

"Okay"

I allow the feeling of happiness to enter and take over. I haven't felt happy in so long.

"I did it"

"You did it. Open your eyes"

"Okay" I open my eyes and wanda has cupped my face and is smiling at me.

"Thank you wanda"

"How are you feeling?"

"I'm okay. Can I kiss you?"

She smiles and blushes at me.

"Yes"

I press my lips against her in a so kiss. It wasn't a heated one like earlier. It was gentle and kind.

"Will you stay with me tonight?" Wanda asks me.

"In your room?"

"If that's okay. I want cuddles"

"I hate cuddling"

"Nevermind then"

"No wait. I Yes I would love to cuddle you"

"You don't have to"

"No I'm just. I'm bad at this stu okay. And I've never cuddled anyone before." I admit shamefully.

"I like the fact that I'm going to be the first person you cuddle. Come on let's go to bed Du us"

"Don't call me a Du us, Du us"
