Chapter 401 - You Are The Person I Love The Most Now

Shi Fei, Xiao Tian, and Cai Yazhu headed toward Shi Fei's office and immediately sat on the couch.

"What bring you here, Mr. Qing?" because Xiao Tian was pretending to be Qing Feng, Shi Fei had no choice but to pretend that she was not close to Xiao Tian.

Actually, she desired to cuddle with Xiao Tian because it had been a long time since they did it in the office.

Since he worked as CEO in two companies, Xiao Tian was always busy and often moved from one company to another.

And every time he was in Stars Clothes company, all he did was work and work. Luckily Xiao Tian lived with them so she could still spend time together after work.

"Xiao Tian told me that he needs a model to promote his new clothing designs. That's why I came to Stars Clothes company with Miss Cai Yazhu." Even though he hadn't informed Shi Fei about it, Xiao Tian was sure that she would understand what he meant because Shi Fei was a clever lady.

And as Xiao Tian had guessed, Shi Fei immediately knew what he wanted. "Ah, yes. We are looking for a model to promote our clothing designs on YouTube and other social media."

"So, what do you think about hiring Miss Cai Yazhu as the model?" Xiao Tian inquired. "In my view, Miss Cai is a perfect model for this."

"All right. I also think that Miss Cai is a perfect model to promote our clothing designs on social media because Miss Cai Yazhu is pretty and has a perfect body." Of course, Shi Fei would accept Cai Yazhu as their model to promote their clothing designs because Xiao Tian was the one who brought Cai Yazhu to the company.

Not only that, before her reputation was ruined, Cai Yazhu was a rising star model, so Shi Fei was sure that Cai Yazhu could do her job well.

"Perfect!" Xiao Tian spoke before turning his head toward Cai Yazhu. "Lady Cai, director Shi said that you can become their model."

"Thank you, director Shi. I will try my best in promoting the company's clothing designs later." Cai Yazhu was delighted when she learned that Xiao Tian managed to get Shi Fei to hire her as a model to promote their clothing designs.

"Wait a second. I will take the contract agreement first." Shi Fei rose from the couch and walked toward her office desk. After she took the contract agreement, she gave it to Cai Yazhu. "Miss Cai, you can read the contract agreement first. If there is anything you don't understand, you can ask me."

Without waiting for another second, Cai Yazhu began reading the contract agreement. After reading it, she put the contract on the table and spoke, "I'm fine with the requirements written on the documents."

"Great!" Shi Fei replied. "If so, you can sign it now."

Because Cai Yazhu was fine with the requirements written on the contract, she signed the contracts without thinking twice.

Cai Yazhu could not help but smile happily because, with this, she could get money again. It had been a few days since she was unemployed because several companies didn't want to accept her as their model.

Cai Yazhu hoped after she promoted their clothing designs later, she would get job offers from other companies as well. That was why she would try her best in promoting their clothing designs on social media later because it could benefit her too.

Because he had fulfilled his promise to Cai Yazhu, Xiao Tian thought he should go back to Eternal Beauty company because he still had a lot of work there. "Lady Cai, because you have gotten the contract, let's go back because I still have work."

"All right." at this moment, Cai Yazhu was a little disappointed upon hearing his words because she still hadn't met Xiao Tian.

Of course, Xiao Tian knew about it, but because he still had a lot of work, he had to return to Eternal Beauty company.

It was not like he didn't care about her feelings, but he didn't want to waste his time with people who were not important to him. If it were his woman, it would be a different story.

At this moment, Shi Fei also noticed the expression on Cai Yazhu's face. However, she had no idea what made her like that.

When Xiao Tian and Cai Yazhu rose from the couch, Shi Fei immediately spoke, "Wait Mr. Qing. Can we talk just the two of us? There is something I want to ask about Eternal Beauty company."

Xiao Tian didn't immediately answer and only stared at Shi Fei. Even though Shi Fei didn't directly tell what she wanted, but Xiao Tian was able to guess it.

'It seems like I have no other choice.'

Actually, Xiao Tian wanted to immediately return to Eternal Beauty company because he had a lot of work. However, because his woman wanted to spend time with him, Xiao Tian had to postpone his work.

He loved Shi Fei very much so he didn't want to make her sad. Xiao Tian knew working was important, but in his view, making his woman happy was more important than working.

"All right." Xiao Tian replied before turning his head toward Cai Yazhu, "Lady Cai, you can look around the company first. Director Shi, please ask one of your employees to take her to see the company."

"All right." Shi Fei was thrilled when Xiao Tian agreed to spend time with her. Without waiting for another second, Shi Fei grabbed the telephone which was on her office desk, and called one of the employees.

At this moment, Cai Yazhu was delighted because with this, there was a chance that she could meet Xiao Tian. After the employee entered Shi Fei's office, she took Cai Yazhu to see the company.

And because Shi Fei didn't want other people to disturb them later, she immediately locked the door and without giving him a warning, she jumped into his arms. "Finally, I can spend time with you."

Xiao Tian's face broke into a soft smile when he saw her happy expression. Xiao Tian was thrilled when he learned that Shi Fei was pleased to spend time with him.

With this, he knew that Shi Fei loved him very much. This made Xiao Tian fall in love with her deeper than before.

Who didn't love it when their girlfriend loved spending time with them. While still carrying her, Xiao Tian walked toward the sofa and sat on it. And because he was with Shi Fei, Xiao Tian took off his mask and put it on the table.

"I love seeing you without wearing a mask more." because Xiao Tian wore a mask earlier, she could only see his lips, chin, and eyes. That was why she was delighted when Xiao Tian took off his mask.

Because Shi Fei loved spending time with him very much, Xiao Tian was curious about her feelings for him. "Fei, how much do you love me?"

"A lot. I love you very much, little brother." even though Shi Fei had no idea why Xiao Tian suddenly asked something like that, she answered instantly. "How much do you love me?"

Because Xiao Tian asked about her feeling for him, she also wanted to know how much he loved her.

"Me too. I love you very much." Shi Fei was always by his side when Xiao Tian had a lot of problems.

Even though until now she had done nothing, but Xiao Tian was delighted because unlike the other women that he loved, she didn't add a problem to him; instead she tried to help him.

For this reason, his love for her rose significantly. He even felt grateful to God for bringing them together.

Not only did she always try to make him happy, but Shi Fei also never gave him trouble. For this reason, Xiao Tian fell in love with her deeper than before.

"Really?" Shi Fei was thrilled by his words. "Among all women you love, what rank is my position in your heart?"

"First." Because Shi Fei kept trying to make him happy and always stayed by his side, she became the person he loved the most.

"Really?" Shi Fei didn't expect Xiao Tian would say that she was the person he loved the most.

Of course, this made Shi Fei thrilled because her dream had finally come true. She was thrilled when she found out that her efforts had not been in vain.

"Yes." Xiao Tian replied as he nodded his head. "You are the person I love the most now."

"So, because you said I'm the person you love the most, this means, you will marry me in the future, right?" the smile on her face never disappeared after hearing his words earlier.

She did not expect that today, she would hear the words that she had wanted to hear for a long time.

"Yes. I will marry you in the future." In the past, Xiao Tian only thought of making her his mistress, but after what she had done to him until now, he changed his mind.

Xiao Tian was sure that Shi Fei would be a good wife. That was why he planned to marry her in the future. Of course, if they were still together in the future.

"Hehe. I'm thrilled to hear that." after saying that, Shi Fei kissed his forehead and cheeks.

A soft smile spread across his face when he saw her smile.

I hope you will love me the same in the future. Xiao Tian thought to himself.

Because he loved her very much now, he began to fear losing her. That was why he prayed to God that they would still together in the future.

Chapter 402 - Qingyu, I Miss Tian So Much

6-8 minutes

"Oh right, why did Cai Yazhu show a sad expression after you said you wanted to leave?" Shi Fei thought the reason Xiao Tian brought Cai Yazhu to the company was that he wanted to hire her as their model.

If a contract was what she wanted, why was she sad when Xiao Tian wanted them to leave after getting a contract? This made Shi Fei curious and want to know about the reason.

"It's because she wants to meet me." Xiao Tian thought there was no point in lying to her. For this reason, he gave her an honest answer. "She wants to meet Xiao Tian."

"Hehe." Shi Fei covered her mouth and giggled. "As expected of my lover, you are sure popular. Even the former rising star model idolizes you. So, why don't you want to meet her as Xiao Tian?"

At this moment, Shi Fei didn't think that he was lying to her because she knew a lot of people idolizing him.

Not only was Xiao Tian good-looking, but he was also young and successful person, so she immediately believed it when he said that Cai Yazhu desired to meet him.

Of course, Shi Fei was not jealous; instead, she was proud of him because the former rising star was idolizing her lover.

"I don't want to waste time because I still have a lot of work." Even though Cai Yazhu was a gorgeous lady, but Xiao Tian didn't want to seduce her.

He had Liu Ning, who was prettier than her, and Shi Fei, who was sexier than her, so Xiao Tian didn't want to waste his time only to make her happy.

"Oh! Is that so? So, you don't mind wasting your time on me?" of course, Shi Fei was pleased by his words.

Even though she didn't mind with him having several women, but she didn't want Xiao Tian to seduce every pretty woman.

"Yes," Xiao Tian replied instantly. "You are my lover, so I don't mind wasting my time on you."

"What if I want to spend time with you for the whole day?" of course, Shi Fei was joking around because she knew Xiao Tian was busy.

Even though it was true that she didn't want to be separated from him, but she should not be selfish. Xiao Tian lived with them, so she could lovey-dovey with him later.

"I'm fine with it." Xiao Tian answered without thinking twice. "Do you want to go on a date today?"

"No." Shi Fei was pleased when she knew Xiao Tian said something like that without thinking twice because it meant, he really loved her.

Xiao Tian stroked her hair and a soft smile suddenly appeared on his face, "Thank you, Fei."

Actually, Xiao Tian had guessed that Shi Fei was joking around because she had never asked him to spend time with her every time he was busy.

Then Xiao Tian and Shi Fei talked for another ten minutes because they didn't want to make other people suspicious of them.

Not long after that, Cai Yazhu returned to Shi Fei's office. Luckily, Shi Fei had unlocked the door, or else, they would be suspicious of them.

"What's wrong, lady Cai?" even though Cai Yazhu tried to hide her disappointed expression, Xiao Tian was able to see it.

Of course, Xiao Tian knew the reason why she was disappointed, but because he didn't want to waste his time on her, he pretended as if he knew nothing.

"What do you mean, Mr. Qing? I'm fine. Nothing happened to me." Cai Yazhu was surprised upon hearing his words. She didn't expect Xiao Tian would find out that she was a little sad because she could not meet Xiao Tian.

Of course, Cai Yazhu immediately smiled and behaved as if she wasn't sad because she didn't want to give Shi Fei and Xiao Tian a bad impression.

When Xiao Tian and Cai Yazhu were about to leave, Shi Fei wanted to give him a good-bye kiss, but she knew it was impossible because Xiao Tian was pretending to be Qing Feng.

After Xiao Tian drove Cai Yazhu home, he traveled to Eternal Beauty company to work again. He worked for two hours before finally, he relaxed on the couch.

Time went by quickly and without realizing it, it was already 06:10 pm. At this time, Xiao Tian was still in his office. Because his body and mind were tired, he kept lying down on the couch.

Jiazuo district, near Xiao Tian's house.

Currently, Ye Xueyin and Ye Qingyu were walking toward their home with groceries in their hands. Since the supermarket was not far from their home, they decided not to drive a car.

"Qingyu, I miss Tian so much." Because Xiao Tian still hadn't returned home, Ye Xueyin could not sleep well.

She began to regret ignoring her son. Since Xiao Tian left home, she often felt lonely, and their home also felt empty.

Even though she could forget him when she was working, but when she was at home, her mind was filled with him again.

Due to how much she missed him, she even began to see his shadow in every part of the house. And every time she arrived home, she always headed to his room, hoping she could see him in his room.

However, every time she was in his room, his bedroom was empty. There was no trace of him. Even his fragrance began to disappear.

"Don't be sad, big sister. I'm sure we will meet him again." Ye Qingyu could not say any other words except than that. Of course, Ye Qingyu understood her big sister's feelings because she also felt the same.

"But when?" Ye Xueyin had been waiting for more than two weeks but still, she was unable to see her son.

"I...don't know." Ye Qingyu had tried to find him several times but to no avail. Every time she went to Stars Clothes company, Shi Fei always said that Xiao Tian was not in the company.

This made her even sadder. She didn't expect that it would be hard to see him after he left home.

"Has our attitude been wrong to ignore him?" Ye Xueyin knew that her son had tried to solve the problem many times, but because she was furious at that time, she kept ignoring him.

Now that he left home and they could not see him for more than two weeks, she began to wonder whether her actions to ignore him was wrong or not.

Ye Qingyu didn't immediately answer it because she also wondered about it. Of course, she knew that they behaved immaturely but she also thought that they were not wrong because he was cheating on them. "Maybe."

Not far from Ye Qingyu and Ye Xueyin, fifteen members of the Hawk gang were watching them. They had been following Ye Qingyu and Ye Xueyin since they left home.

Even though the members of the Hawk gang knew that Xiao Tian's underlings were protecting Ye Qingyu and Ye Xueyin secretly, they thought it was a perfect time to kidnap Ye Xueyin and Ye Qingyu because nobody was around them.

"Get ready! We will begin our mission now." Kaishi, the leader of the team, spoke.

"All right." the other members of the gang nodded their heads.

Chapter 403 - Release Them! Maybe I Won't Kill You

7-8 minutes

Because it was a perfect time to kidnap Ye Xueyin and Ye Qingyu, Kaishi, the leader of the team, didn't want to let the opportunity slip away.

When the other members of the Hawk gang were about to kidnap Ye Xueyin and Ye Qingyu, Kaishi suddenly had a better idea. "Wait!"

The other members of the Hawk gang immediately turned their heads toward Kaishi.

Kaishi was the team leader so they had to follow his words or the leader of the gang would punish them later.

"What is it?" one of the members inquired.

Kaishi then explained his idea. "Let's divided into two groups; team A and team B. Team A consisted of ten members while the other members will be a part of team B. Team A will act as a bait and try to kidnap them first. I'm sure the members of the Blue Ice Lotus gang will immediately appear and protect them. When team A fight against the Blue Ice Lotus gang members, team B will kidnap Ye Xueyin and Ye Qingyu. The task of team A is just to distract the Blue Ice Lotus gang members. If you can, beat them as quickly as possible because it will make our mission easier, but if you can't beat them, you only need to hold them back until team B success in kidnaping Ye Xueyin and Ye Qingyu. Do you all understand?"

"Yes." the other members of the Hawk gang replied in a low voice.

"Let's begin." After saying that, Kaishi and four other gang members got out of the Van while the other ten members were still in the car.

Team A immediately carried out their mission and stopped the Van in front of Ye Qingyu and Ye Xueyin. This made both of them startled and dumbfounded at the same time.

When they saw a Van car stopping in front of them, they suddenly had a bad feeling.

*Fall

The groceries in their hands fell to the ground.

Because Ye Qingyu and Ye Xueyin knew that they wanted to kidnap them, they immediately tried to run away.

However, they were late because four members of the Hawk gang blocked them. Two other Hawk gang members got out of the Van and tried to drag them into the car.

This made all of Xiao Tian's underlings, who were pretending to be ordinary people and following them from behind, dash toward the Hawk gang members.

And like what Kaishi had planned, ten members of the Blue Ice Lotus gang and ten members of the Hawk gang fought in front of Ye Xueyin and Ye Qingyu.

Ye Xueyin and Ye Qingyu didn't expect that ten people would protect them.

"Big sister, let's leave. It's dangerous here." Even though Ye Qingyu wanted to know who the people protecting them were, but she knew that they had to leave immediately because they were the target.

"All right." Ye Xueyin replied as she nodded her head.

However, when Ye Xueyin and Ye Qingyu were about to run from there, five people blocked their way. This made them not know what to do in order for them to be able to leave from there.

It was impossible to run from those five people. And from their appearance, Ye Xueyin and Ye Qingyu knew that they were members of a gang.

"Protect them!" one of Blue Ice Lotus gang members, who saw five people around Ye Xueyin and Ye Xueyin, shouted.

This made all Blue Ice Lotus gang members, who were fighting against Hawk gang members, try to run toward Ye Xueyin and Ye Qingyu to protect them.

However, Hawk gang members always blocked them when Blue Ice Lotus gang members wanted to protect Ye Xueyin and Ye Qingyu.

For this reason, only two people could break free from Hawk gang members. Both of them immediately ran toward Ye Xeyin and Ye Qingyu to save them.

However, three of Hawk gang members blocked them. This made Xiao Tian's underlings could not protect Ye Xueyin and Ye Qingyu.

Of course, Ye Xueyin and Ye Qingyu tried to free themselves, but their efforts were in vain because no matter what they did, they were unable to free themselves from the Hawk gang members.

Because Xiao Tian's underlings were outnumbered, they lost the fight. This made Ye Xueyin and Ye Qingyu more depressed because no one could save them.

They didn't expect that someone wanted to kidnap them. They believed that they had no enemies, so they wondered who ordered those people to kidnap them? Why did they want to kidnap them?

Those were the questions that they want to know the answers but they knew that no one would answer them.

At this moment, four of Xiao Tian's underlings fainted on the ground while six of them could not fight anymore.

Even though all of the Hawk gang members from group A had many bruises on their bodies and blood dripped down from the corner of their mouth, but all of them could still walk.

"Hahaha. As expected of Blue Ice Lotus gang members, you all are weak."

"Hahaha. That's right. No wonder they are the weakest gang."

"I can't believe the former strongest gang has become this weak."

"Their founder must have been embarrassed to have a successor like them. Tch, tch, tch."

"But all of you should be proud because your gang has changed from the strongest to the weakest. Hahaha."

"Hahaha. Maybe you should change the name of your gang from Blue Ice Lotus gang to Chicken gang because a name like Blue Ice Lotus is too good for a weak gang. Hahaha."

"That's right. Haha."

All the members of Blue Ice Lotus gang, who were still conscious, gritted their teeth. Their eyes were filled with a flame of fury.

They knew that their gang was the weakest but being insulted like that made them furious. They were proud to be a part of the Blue Ice Lotus gang. That was why they wanted to torture them to death for daring to say something like that.

"Stop it!" Kaishi spoke abruptly. "Let's bring them to our headquarters."

"All right." even though the Hawk gang members still wanted to insult Blue Ice Lotus gang members, they decided not to do that because they had to bring Ye Xueyin and Ye Qingyu to their headquarters first.

* Shui...Shui....

However, when they wanted to put Ye Xueyin and Ye Qingyu into the car, a knife flew to the back side of the neck of those who wanted to put Ye Xueyin and Ye Qingyu into the car.

*Fall

The people who were hit by flying knives died instantly.

This made all of Hawk gang members turned their heads toward the source of the knives.

"Who are you?" Kaishi shouted angrily.

They almost managed to kidnap Ye Xueyin and Ye Qingyu, but suddenly someone dared to disturb them.

What surprised Kaishi the most was that the knife hit the Hawk gang members accurately and killed them instantly.

This made Kaishi believe the person who threw the knife was an expert in throwing a knife or at least master martial arts.

*Shui...Shui....Shui...Shui....

Fours more knives flew towards the members of the Hawk gang again, and just like before, each knife killed a member of the Hawk gang.

In less than thirty seconds, six members of the Hawk gang were killed. This made Kaishi angrier. "Who are you?"

Suddenly a lady, who wore a mask, appeared, "Release them! Maybe I won't kill you."

Chapter 404 - Mission Failed!

7-9 minutes

At this time, everyone was shocked when a lady, who wore a mask, suddenly appeared in front of them. Of course, this made Blue Ice Lotus gang members thrilled because there was a possibility that they could save Ye Xueyin and Ye Qingyu later.

While on the flip side, the expression of deep fear emerged on the faces of Hawk gang members. Even though she was alone, but she had killed six of them in less than thirty seconds.

It scared them off because they were afraid that they would be next to die. For this reason, none of them tried to attack the lady.

She was very skilled in throwing a knife. If they attacked her carelessly, they could lose their lives before they could even attack her.

"What should we do, Kaishi?" one of the Hawk gang members asked.

Because six of them had been killed by the woman who suddenly appeared in front of them, there were only nine members left.

At this moment, Kaishi was thinking about the best option they should make. Six of them had been killed by the woman who was standing in front of them, so he could not lose any more people.

However, if they failed to bring Ye Xueyin and Ye Qingyu to their headquarters after losing six people, he knew that their leader would be furious.

'What should I do?'

Even though they had lost six people, but because Jin Yimu had chosen him as the team leader, Kaishi didn't want to disappoint Jin Yimu.

As Kaishi was thinking about what they should do, the lady threw another four knives at the members of the Hawk gang.

However, this time, she only managed to kill two people because the other two had good reflexes.

This made Kaishi angrier. He knew if he continued to waver, he could lose more people. For this reason, he looked at the other members of Hawk gang and spoke, "Two of you put them in the car and immediately get out of here while the others, help me attack her."

Upon hearing Kaishi's words, one of the gang members dashed toward the driver's seat, and two members tried to put Ye Xueyin and Ye Qingyu into the car.

Like what she did before, the lady immediately threw two knives toward the members of the gang who tried to put Ye Qingyu and Ye Xueyin into the car. However, this time, Kaishi could block the knives with a wood.

"Oh! Not bad!" the lady didn't expect that Kaishi was able to block the knives.

"Attack her!" Kaishi threw the wood toward the lady and shouted.

"Come here!" after dodging, the lady took six knives from her leg knife holster.

While Kaishi and the others were fighting the lady, Blue Ice Lotus gang members, who were still conscious, tried to stop Hawk gang members from kidnapping Ye Xueyin and Ye Qingyu.

Even though they only had a little strength left, but because there were still six members, who could stop the Hawk gang members from kidnaping Ye Xueyin and Ye Qingyu, they managed to stop the member of the Hawk gang from kidnaping Ye Xueyin and Ye Qingyu.

This made Kaishi unable to focus on fighting the lady. He wanted to help the other members, but the woman in front of him would immediately kill the other members too if he suddenly ignored her.

"Hey! Where are you looking at?" the lady noticed that Kaishi was not focused on fighting.

"Tch!" Kaishi was unhappy with the situation. He knew that if the situation continued like that, they would fail to kidnap Ye Xueyin and Ye Qingyu.

"This is boring!" the lady took a dagger as she spoke. "Warm-up is over. Be careful because I will fight you seriously now."

With a dagger in both of her hands, the lady began to attack seriously. Her movements had become faster and her attacks had become even more deadly.

In less than a minute, she could beat three of her enemies, leaving only Kaishi as her enemy.

"Mission failed. Let's leave." Kaishi understood that they had failed in their mission, so there was no point in fighting them.

"You want to leave?" the lady suddenly appeared in front of Kaishi. "It's impossible for you to do that!"

The lady started attacking Kaishi non-stop, from striking with her legs to attacking with her dagger. Because of how fast the attacks were, Kaishi could only defend himself.

And even though he had tried his best to defend himself, he still got hit by her. However, he was able to protect the fatal area of his body.

When Kaishi noticed Blue Ice Lotus gang members had beaten his friends, he knew that they had lost. That was why he changed his mind and wanted to run away.

Of course, the lady would not let him do that. "Hey, where are you going?"

"I don't want to fight you anymore." Kaishi didn't run towards the car; instead, he ran toward the opposite side of the car.

"Do you think you can run away from me?" the lady threw a dagger which was on her right hand towards Kaishi's back.

Because Kaishi had to dodge, the lady finally caught up to him. This made Kaishi have to fight the lady again.

Without waiting for another second, the lady threw a kick toward Kashi's head.

Because Kaishi knew that her kick was deadly, he didn't block it; instead, he moved one step backward to dodge it.

Of course, the lady didn't stop there. when she saw Kashi just moving backward, she immediately threw a spinning back kick.

Due to how fast her kick was, Kaishi was unable to block or avoid it. For this reason, he was hit by her kick in the mid-torso.

*Huak...

Blood splashed out of his mouth. Because Kaishi knew that he would not be able to beat the lady, he decided to run again.

However, the lady moved faster, making her suddenly appear in front of him. Like before, the lady threw a kick again.

But this time, she threw a low kick and when Kaishi fell on his knees, she finished it with kicking his head.

*Bang!

Kaishi fell to the ground. Blood dripped down from the corner of his mouth and his head. Due to how strong her kick was, Kaishi had no strength to move his body anymore. All he could do was stare at the lady with killing intent.

The lady, who was standing in front of him, laughed when she looked at his expression. "Haha. I like your expression, especially that gaze of yours. It makes me want to pull out your eyes."

Kaishi gritted his teeth. He knew that he was doomed, but no one could save him at that time. With him unable to move his body anymore, Kaishi could only stare at the lady.

At this moment, Blue Ice Lotus gang members had managed to free Ye Qingyu and Ye Qingyu. Not only that, but they also beat Hawk gang members.

The lady then grabbed Kaishi's hair and dragged him towards Ye Qingyu and Ye Xueyin.

Eternal Beauty Company, Xiao Tian's office.

Currently, Xiao Tian was still lying down on the sofa. He knew that he was wasting his time, but at that moment, he really didn't want to do anything.

As he was lazing around, suddenly his smartphone rang. When Xiao Tian knew that it was his underling, he immediately picked up the phone. "What's wrong?"

"Boss, Hawk gang members have tried to kidnap your mother and aunt earlier, but they failed." His underling went straight to the point.

"What?" Xiao Tian immediately sat and walked out of his office. "I will be there soon."

Chapter 405 - Who Is The Woman You Love The Most Now?

9-11 minutes

*Jiazu District, near Xiao Tian's house.

After the lady dragged Kaishi in front of Ye Xueyin and Ye Qingyu, she wanted to leave immediately because her job was done.

"Wait!" Ye Qingyu spoke abruptly. "Who are you?"

Even though Ye Qingyu asked that question, but she suspected that she was related to her nephew.

'Tian, are they the ones you paid to protect us in secret?'

Because they had no other family, Ye Qingyu thought they were the ones his nephew paid to protect them in secret.

It was impossible for other people to protect them secretly because there was no benefit for them to do that.

The lady looked at Ye Qingyu for about three seconds before answering, "My job is done here, so I will leave now."

After she knocked Kaishi out, the lady immediately left. It was not like she didn't want to tell them who she was, but it was because there was no point in telling them.

"Thank y-" before Ye Qingyu had finished her words, the lady had disappeared.

Not only Ye Qingyu and Ye Xueyin who had no idea who that lady was, but the members of the Blue Ice Lotus gang also didn't know about the identity of that lady.

However, the members of the Blue Ice Lotus gang suspected that the lady was one of their founder's underlings.

Because the lady who just saved them didn't want to tell Ye Qingyu who she was, Ye Qingyu turned around and looked at the members of Blue Ice Lotus gang, "Can y-"

Before Ye Qingyu had finished her words, a voice rang out, "Mother, aunt, are you two alright?"

Xiao Tian dashed toward his mother and aunt with a worried face. Even though he was still angry with them, but when Xiao Tian knew that the Hawk gang members had tried to kidnap them, he could not help but worry.

Ye Qingyu and Ye Xueyin were the one family he had in his new life, so no matter how much he was angry at them, he didn't want anything bad to happen to them.

Ye Qingyu and Ye Xueyin instantly turned around. It was the voice they wanted to hear so much. The voice that they missed so much, and the voice they hadn't heard in over two weeks.

Every day they always wished to hear that voice because that voice belonged to a person who was very important to them.

*Drop...

Tears fell down her soft cheeks when Ye Xueyin saw her son's face. A face that she hadn't seen for more than two weeks finally appeared before her. "Tian....."

When Xiao Tian was in front of his mother, he instantly touched her shoulders and asked with a worried face. "Mother, are you alright?"

Instead of answering his question, Ye Xueyin embraced her son tightly. "Tian.... mother misses you so much. where have you been? Why did you leave mother alone at home? do you know that mother can't live without you?"

Xiao Tian also hugged his mother and replied, "I also miss you, mother."

'As expected of my father, his words are always true.'

One of the reasons Xiao Tian left home was that he wanted to make his mother and aunt feel like they lose something important to them.

Suddenly a memory from his past life emerged in his head.

"Son, if you have a fight with your lover and she doesn't want to see you or talk to you, leave her and never meet her for several days. It would be better if you completely disappeared from her life." His past life father gave him a piece of advice. "I'm sure that she will miss you so much, and want to meet you later because after you disappear from her life completely, she will realize how important you are for her. She will feel like something is missing after you leave her. After you are sure that she misses you to death, meet her. With this, it will be much easier for you to make up with her. Of course, a certain condition has to meet if you want to use this method, otherwise, she will forget you forever. Remember, only use this method if you have no other choice anymore because this method is dangerous."

Of course, Xiao Tian knew that his mother and aunt missed him so much. At first, he planned to meet them tomorrow by pretending to meet them in someplace.

He just didn't expect that the Hawk gang members wanted to kidnap them. Luckily they failed in kidnaping his family, otherwise, he would go crazy.

Xiao Tian stopped the hug and cupped his mother's face, "Mother, stop crying, or else, it will ruin your beautiful face."

"Un." Ye Xueyin nodded her head and wiped her tears off with her sleeve.

Xiao Tian then looked at this aunt and asked, "Aunt, are you alright?"

"I'm fine." Ye Qingyu was delighted to see her nephew again.

With him by their side, not only would her big sister stop feeling sad, but they would be able to spend time together again like before he left home.

Unconsciously, Ye Qingyu's face broke into a smile. At this moment, she forgot what he had done to them.

Not long after that, his other underlings arrived. When they were in front of Xiao Tian, he immediately said, "Bring the people who are injured to the hospital and take all Hawk gang members to headquarters."

"Yes, boss." one of his underlings replied.

After his underlings put all the Hawk gang members into the car, they immediately left.

"Tian, who are they?" Ye Xueyin inquired.

"I will explain it later." Xiao Tian answered instantly. "Let's go home first."

"Un." Ye Xueyin nodded her head.

Without waiting for another second, Ye Xueyin embraced his right arm tightly. In the past, she often hugged his arms, but since he left home, she was unable to do that. That was why she immediately hooked arms with him.

After Ye Qingyu picked up the groceries, she also hugged his nephew's arm. Like her big sister, Ye Qingyu also missed hugging his arm.

And like that, they walked toward their home while hooking arms. After they arrived home, Ye Qingyu headed toward the kitchen to put the groceries while Xiao Tian and his mother sat on the couch in the living room.

Because Ye Qingyu also wanted to spend time with her nephew, she immediately returned to the living room after putting the groceries.

Like before, Ye Xueyin was still hugging her son's right arm. It was as if she didn't want to be separated from her son. "Tian, where have you lived all this time?"

At this moment, Xiao Tian didn't answer immediately because he was thinking whether he should tell his mother the truth or not.

However, when Xiao Tian remembered that everything happened because he lied to them, he decided to tell her the truth. "I live with Shi Fei and Liu Ning."

Of course, Xiao Tian knew that his mother and aunt would be sad after hearing his words. However, he didn't want to make the same mistake because lying to them was not the best choice.

Like what Xiao Tian had guessed, Ye Qingyu and Ye Xueyin felt like someone was stabbing their hearts with a knife after hearing his words.

Of course, they had suspected that he would say something like that. They just wanted to hear it from his mouth. But the truth was they hoped he would say that he lived alone somewhere.

Ye Xueyin bit his lower lip and hugged his right arm tighter. "Do you still love mother?"

"Mother, no matter what happens, I will always love you." Xiao Tian then turned his head towards his aunt. "Same goes for you, aunt. No matter what happens, I will always love you. Both of you are important people to me."

"Important people?" Ye Xueyin realized that his words were different from his words in the past. "Not the most important people anymore?"

At this moment, Xiao Tian had no idea how to answer them. Of course, they were very important to him because they were his only family.

"Who is the woman you love the most now?" actually, Ye Xueyin didn't want to ask this because she was afraid of his answer. However, because she wanted to know about it, she decided to ask.

Xiao Tian shut his eyes and gave her an honest answer. "Shi Fei."

*Slice

Once again, Ye Xueyin felt like someone was slicing her heart.

In the past, Xiao Tian always stated that he loved her the most. She found it hard to believe what she was hearing.

She knew that they had a fight with him, but she just didn't expect that in two weeks, someone else had taken her place in his heart. "Ti..Tian, what about mother?"

Xiao Tian knew if he told her the truth, he would make his mother sadder. For this reason, Xiao Tian only looked at her and said nothing.

Ye Xueyin lowered her head in sadness. She didn't expect that she was no longer the woman he loved the most.

Even though Ye Qingyu also wanted to ask her nephew about his feeling for her, she decided not to do that because she already knew the answer.

This made Ye Qingyu and Ye Xueyin really regret their action. If they behaved maturely, maybe they were still the most important people in his heart. Now that everything had changed, they could only try to be the most important people to him again.

Of course, Xiao Tian knew what was in their heads. He just thought that it would be better if he said nothing about it.

Chapter 406 - Because I'm Totally And Utterly In Love With You

7-8 minutes

The three of them said nothing for about two minutes. After Ye Xueyin asked, who was the woman he loved the most, she felt the words stuck in her throat every time she was about to say something.

She regretted it. She regretted it so much. Because she asked that question, the happiness she felt before turned into a sad feeling.

If only I didn't ask that. Ye Xueyin thought to herself.

Xiao Tian gazed at his aunt because he wanted to know her expression. And when he saw the expression on her face, he sighed.

Because Ye Xueyin didn't want to continue feeling sad, she changed the topic. "Tian, who were the people that helped us earlier?"

"They are.." Xiao Tian began to explain everything to his mother and aunt. At first, Xiao Tian wavered whether he should tell the truth or not, because he knew that his mother and aunt would be worried if they knew who they were.

However, because he thought it could cause trouble again if he lied to them, Xiao Tian decided to tell the truth.

Like what Xiao Tian had guessed, after Xiao Tian explained everything to them, a complicated expression emerged on the faces of his aunt and mother.

Of course, Xiao Tian knew what was on their minds. Since he didn't want to see their anxious expressions, he changed the topic and tried to make them happy.

They talked until 09:00 pm before finally, they headed toward his room and slept. This made Ye Xueyin and Ye Qingyu pleased because they finally could sleep with him in his room again.

What they didn't know was that Xiao Tian was only pretending to be sleeping. When Xiao Tian was sure that his mother and aunt had fallen asleep, he traveled towards his apartment because he wanted to sleep with Liu Ning and Shi Fei.

They slept together every night, so when Xiao Tian didn't sleep with them, he felt that something was missing.

Click.....

Xiao Tian opened the door.

"Ning'er, why are you still not sleeping?" it was already midnight, so Xiao Tian was a little surprised when he saw Liu Ning sitting on the couch in the living room alone.

"Welcome home, Tian'er." Liu Ning rose from the couch and walked towards him. "It's because I'm waiting for you."

"Sorry for breaking my promise today." Xiao Tian had promised to spend time with them, but because Hawk gang members tried to kidnap his mother and aunt, he was unable to keep his word.

"It's fine." Liu Ning knew that Xiao Tian was busy, so as his woman, she didn't want to add trouble to him.

"Where is Fei?" Xiao Tian inquired

"She is sleeping. Today, she had a lot of work so she immediately slept after we arrived." Actually, Liu Ning also wanted to sleep earlier, but when she thought that he would not have someone to talk to or welcome him, she decided to wait for him.

Without giving her a warning, Xiao Tian carried her in a princess style and walked toward the couch. His actions surprised Liu Ning a little. She didn't expect that he would take her to the couch.

"You almost gave me a heart attack, you know?" of course, Liu Ning loved it because the person who carried her was the person she loved the most.

Xiao Tian didn't answer her and only smiled. Because Xiao Tian wanted to cuddle with Liu Ning, he made her sit on his lap.

"Tian'er did you do something special to big sister Fei, today?" Liu Ning inquired

"Something special?" Xiao Tian tried to recall what he did to Shi Fei today, but what he did remember was that he was chatting with her, nothing special about it. "If my memory isn't playing tricks on me, we were only chatting today. Why?"

"Even though she had a lot of work today, but she seemed very happy today." today, she went to Xiao Tian's apartment first because Shi Fei still had a lot of work.

However, when Shi Fei arrived at his apartment, the smile never disappeared from her face. For this reason, Liu Ning was curious about it.

"Happy?" Xiao Tian suddenly remembered that he said something to her earlier. "Maybe it's because I said something to her earlier."

"What is it?" Liu Ning asked curiously.

"I intend to marry her in the future." Even though Xiao Tian was sure the reason Shi Fei was thrilled was that he told her that he loved her the most and would marry her in the future, Xiao Tian didn't want to say to Liu Ning that he loved Shi Fei the most. "I also intend to marry you, Ning'er. I hope you agree to be my wife in the future."

"Tian'er..." Liu Ning covered her mouth, and tears formed in her beautiful eyes. those weren't tears of sadness, but tears of joy. "Yes. I will be your wife in the future."

She loved him very much, so she was thrilled upon hearing his words. Now she knew why the smile never disappeared from Shi Fei's face.

After Xiao Tian kissed her forehead, his eyes were locked on hers. "Ning'er, you are the love of my life and I want to spend time with you until I die because I'm totally and utterly in love with you."

When Xiao Tian declared his love to her, the words came out from the bottom of his heart. Like Shi Fei, Liu Ning was always by his side when he was down. Even though he loved Shi Fei more than her, but the difference between his love for her and his love for Shi Fei was not big.

If Xiao Tian's love for Shi Fei was as high as one meter, then his love for Liu Ning was as high as 95 centimeters.

"I also love you, Tian'er." Liu Ning embraced Xiao Tian tightly. "I really do."

Jiazu District, Xiao Tian's house.

Ye Xueyin, who was sleeping, fumbled using her right hand. When she could not find her son, her eyes suddenly opened, "Tian..."

"He went somewhere." Actually, when Xiao Tian walked out of his room, Ye Qingyu was already awake.

At first, Ye Qingyu thought Xiao Tian only wanted to head to the kitchen to drink water, but she was wrong because Xiao Tian left again. Ye Qingyu was sure that Xiao Tian went to his other lover's house.

"Where?" because Xiao Tian had returned home, Ye Xueyin thought they would always together again, but she was wrong because he only spent time with them for several hours before finally, he left again.

"I'm sure he went to his other lover's house." Even though Ye Qingyu knew that the truth hurt so much, she decided to say it.

*Drop.

Tears fell down her cheeks. Ye Xueyin was devastated when she learned that his other girlfriends were more important than her. "Qingyu..."

Ye Xueyin instantly embraced her little sister. She didn't expect that her son would leave her again.

"Don't worry. He will come back later." Even though she had no idea when her nephew would return home, she had to say it because she wanted to cheer up her big sister. Of course, Ye Qingyu was also sad because she had the same feeling as Ye Xueyin.

At that night, Ye Xueyin and Ye Qingyu slept while hugging each other and of course, both of them were also feeling sad.

Chapter 407 - Good Night, My Love

7-8 minutes

Nanli District, Hawk gang headquarters

Currently, Jin Yimu, Ma Gen, and Ma Shuhe were talking in the living room. In front of them, there was a table with many beers on top of it.

Jin Yimu gulped down the beer in his glass and put the glass on the table. "Ma Gen, who were the people you sent to kidnap them?"

"Kaishi and fourteen other gang members." Ma Gen replied before drinking his beer.

"Oh, Kaishi?" Jin Yimu didn't expect that Ma Gen would send Kaishi to kidnap Ye Qingyu and Ye Xueyin.

Even though Kaishi was not as strong as them, Jin Yimu believed that Kaishi's fighting skill was in the top ten among all members.

"With Kaishi and fourteen other gang members, I'm sure they will success in kidnaping Xiao Tian's family." Ma Gen had investigated the people who were secretly protecting Xiao Tian's family. That was why he dared to say something like that.

"Oh! It seems you believe they will succeed." Jin Yimu let Ma Gen handle the mission of kidnaping Xiao Tian's family. That was why he had no idea who were the people Ma Gen sent to kidnap them.

"Of course." Ma Gen answered instantly. "With Kaishi as the leader of team, I'm sure this mission will be succe-"

Before Ma Gen had finished his words, someone suddenly knocked on the door.

"Come in." Jin Yimu spoke

"Leader, Kaishi and the others failed in kidnaping Xiao Tian's family." Jin Yimu's underling went straight to the point.

'Fuck'

Ma Gen cursed in his heart.

"What?" Jin Yimu said in surprise. "How come?"

Jin Yimu's underling began to explain everything. "At first, they almost managed to kidnap them, but suddenly a lady who wore a mask appeared and beat them. Six of our people died and the others were taken to the Blue Ice Lotus headquarters."

"They were all beaten by one woman?" Jin Yimu inquired

"Yes." Jin Yimu's underling answered instantly. "She beat all of them alone."

"Have you investigated the identity of that woman?" Jin Yimu wanted to know who that woman was. If she was able to beat fifteen of his underlings alone, at least she was a master martial artist.

"The spy team lost track of her when they wanted to investigate her." the spy team kept following the lady, but when the lady walked toward the crowd, they lost track of her. That was why they had no idea who she was.

Jin Yimu touched his chin and spoke, "Is she a member of Blue Ice Lotus gang?"

"I don't think so." Ma Shuhe spoke abruptly. "There is only one person who can defeat fifteen people alone, and that person is Chun Hua, the leader of Blue Ice Lotus gang. However, she has become Xiao Tian's bodyguard now, so I think that lady is not Chun Hua."

Jin Yumu looked at Ma Shuhe and asked, "So, who do you think she is?"

"I think she is the person Xiao Tian hired to protect his family in secret." One of Jin Yimu's underlings said that Chun Hua was at Xiao Tian's company for the whole day, so Ma Shuhe was sure that she was not Chun Hua. "Now that the mission has failed, I'm sure Xiao Tian knows about it. What we have to do now is prepare ourselves because I'm sure Xiao Tian will attack us later."

"That's right." Jin Yimu replied. "Let's prepare ourselves first."

In the living room, there were two naked people on the sofa; a gorgeous mature lady and a good-looking young man.

The pretty lady was sleeping on top of the young man. If anyone saw them, they would immediately know that the lady and the young had just finished having wild sex a few minutes ago.

Those people were none other than Xiao Tian and Liu Ning. Earlier, they had no intention to have sex, but suddenly the mood was perfect for doing it. That was why they decided to have sex.

They had sex for about one and a half hour before finally, they stopped because Liu Ning was tired and exhausted.

At this moment, Liu Ning was sleeping soundly while Xiao Tian looked at her and stroked her hair gently. Even though it was already 03:00 am, Xiao Tian didn't feel sleepy at all.

However, because they were naked in the living room, Xiao Tian was worried that Liu Ning would catch a cold.

'She will catch a cold tomorrow if we continue sleeping here.'

With that in mind, Xiao Tian intended to carry her to the bedroom. However, because she was sleeping on top of him, Xiao Tian was unable to move his body. "Ning'er wake up."

Actually, Xiao Tian didn't want to wake her because it seemed like she was sleeping on top of his body comfortably, but because he didn't want her to catch a cold, he had to wake her.

Without opening her eyes, Liu Ning replied, "What is it, Tian'er? I can't do it again now. Let's just do it tomorrow morning."

Xiao Tian could not help but smile upon hearing her words. "Not that. Let's sleep in the bedroom or else, we will catch a cold later."

"All right." Liu Ning rubbed her eyes and sat on the sofa.

From the expression on her face, Xiao Tian knew that she was still sleepy. For this reason, he carried her and walked towards the bedroom.

Because Liu Ning was drowsy, she fell asleep again when Xiao Tian carried her to the bedroom. A soft smile spread across his face when he saw her sleeping face.

Even though Liu Ning was a woman who belonged to the category of beautiful women, but when Xiao Tian saw her sleeping face, she looked so cute, making him desire to pinch her nose. But because he was unable to do that, he only smiled softly while heading toward his room.

When Xiao Tian stepped into the bedroom, he noticed Shi Fei sleeping soundly. After he put Liu Ning on the bed, he crawled into the bed.

Of course, Xiao Tian laid down between Liu Ning and Shi Fei because, in his view, it was the perfect place to sleep.

"Good night, my love." Xiao Tian kissed Shi Fei's forehead before finally kissing Liu Ning's forehead too.

Xiao Tian really loved it when he could sleep with them because he would be able to see their faces in the morning.

Xiao Tian's face broke into a smile when Shi Fei suddenly embraced his right arm. With two important people sleeping on both of his sides, Xiao Tian felt like he was the luckiest man in the world.

At this moment, Xiao Tian had no idea that Shi Fei already woke up, but because she was drowsy, she only hugged his right arm without opening her eyes.

Of course, she knew that Xiao Tian and Liu Ning had sex earlier. Even though she desired to join them earlier, she chose to keep sleeping because she was worn out.

Like what Shi Fei did, Liu Ning also hugged Xiao Tian's arms. And like that, they slept happily.

The following morning, Xiao Tian didn't travel to his companies; instead, he went to Blue Ice Lotus gang headquarters.

Because Hawk gang dared to try to kidnap his family, Xiao Tian wanted to destroy them immediately. That was why he went to Blue Ice Lotus gang headquarters and called all of his underlings.

Chapter 408 - Preparations Before The War

7-8 minutes

When Xiao Tian stepped into the Blue Ice Lotus gang headquarters, he saw about fifteen members sitting on the couch.

"Bastard, how dare you underestimate our gang? This kick is for insulting our gang!"

"This punch is for attacking our friends."

"Haha. Beat them! Hit their faces!"

"Teach them a lesson so that they won't dare to insult our gang anymore in the future."

"Make them regret for insulting our gang."

"Yes. Keep hitting them! Make them can't forget this lesson for the rest of their lives."

Several of Blue Ice Lotus gang members were hitting and kicking Kaishi and the others. Blue Ice Lotus gang members hated Hawk gang to the bone, so when they saw Kaishi and the others, they could not help from wanting to beat Kaishi and the others.

"Boss, you have come?" one of Xiao Tian's underlings spoke.

In a second, all of his underlings, who were sitting on the couch, stood up and greeted him.

One of Xiao Tian underlings looked at the Blue Ice Lotus gang members who were kicking and hitting Kaishi and the others, "Hey, what are you doing? Our boss is here."

Because they were focused on beating Kaishi and the others, they didn't realize that Xiao Tian had arrived. This made them instantly walk toward Xiao Tian, "We're sorry, boss, we are..."

"It's fine. You can do whatever you want. Just don't kill them because we will take them as hostages later." Xiao Tian understood that his underlings hated Hawk gang members so much.

As long as Kaishi and the others didn't die, he would not care about their condition. They were his enemy, so he didn't have to pity them.

"Thank you, boss." one of Xiao Tian's underlings dashed towards Kaishi and the others and began kicking and hitting them again. "Take this, take this, take this."

Three of his other underlings also rushed toward Hawk gang members and beat them too. This made the other members open their mouths.

The corner of Xiao Tian's lips twitched upon seeing what his underlings were doing in front of him. Even though he knew that his underlings hated the Hawk gang, but he didn't expect that their hatred was much greater than he thought.

Not long after that, ten people stepped into the Blue Ice Lotus gang headquarters. All the members immediately grabbed their weapons because they thought those people were enemies.

"Wait!" Xiao Tian spoke immediately. "They are our ally."

Upon hearing Xiao Tian's words, all of his underlings instantly let go of their weapons and sat on the couch.

"Greeting, young master Xiao. I'm Deng Deng, the leader of the group." Deng Deng spoke when Deng Deng and the others were in front of Xiao Tian.

Xiao Tian rose from the couch and replied, "Thank you for coming brothers. Please sit."

Five minutes later, two ladies entered the Blue Ice Lotus gang headquarters. When the Blue Ice Lotus gang members saw them, they were surprised.

'Are not they the founder's underlings? They will also help us in the war?'

The Blue Ice Lotus gang members were thrilled upon seeing Bi Yu and Fu Jiyi. Of course, they knew who Bi Yu and Fu Jiyi were because when their founder came to their headquarters, Bi Yu and Fu Jiyi were standing on both of their founder sides.

From that, they knew that Bi Yu and Fu Jiyi were the strongest people after their founder. With Fu Jiyi and Bi Yu helping them, they were sure that they could win the war later.

If they could win a war against the Hawk gang, they would not be the weakest gang in Shanghai anymore.

"Hey, my hands are trembling in excitement."

"Haha. Me too."

"My heart is beating faster because of this. I'm so excited."

"I suddenly want to have a war with Hawk gang immediately."

"With their help, we will win the war for sure."

"Yes. I'm sure about it."

"Yes. We will let the other gangs know that we are not the weakest gang anymore."

"We will wipe Hawk gang out later."

"All this time, other gangs always make fun of us, especially Hawk gang. Today, we will teach them a lesson until they won't forget it for the rest of their lives."

One by one, the members of the Blue Ice Lotus gang expressed their excitement. Even though they had no idea how strong Lan Ruoxi's people were, they believed that they could destroy the Hawk gang with the help of Bi Yu and Fu Jiyi.

"Greeting, boss." Bi Yu and Fu Jiyi said in unison.

Because their leader had told them to protect Xiao Tian at any cost and destroy the Hawk gang, Bi Yu and Fu Jiyi came with preparation.

On Bi Yu's thighs, there was a leg knife holster with several knives and two daggers while two tonfa were hanging on Fu Jiyi's waist.

Even though they believed in their fighting skills, but they had to prepare themselves because if something bad happened to Xiao Tian, Shi Fei would punish them later.

At this moment, Fu Jiyi remembered how Shi Fei punished her in the past. At that time, she was tied to a tree for the whole day while Shi Fei and the others kept eating or throwing food in front of her.

Of course, Shi Fei never beat her underlings every time they made mistakes. However, her punishment was not light either because some of them were also harsh, like running for two hours straight, push up three thousand times, or something like that.

Not only Fu Jiyi, but all of Shi Fei's underlings experienced it at least once, including Bi Yu. The last time Shi Fei punished Bi Yu, she ordered Bi Yu to push up three thousand times, until it made Bi Yu unable to move her arms for the whole day.

That was why when Shi Fei told them that she would punish them if they failed in protecting Xiao Tian, Bi Yu, and Fu Jiyi decided to prepare themselves before coming to Blue Ice Lotus gang headquarters.

"You can sit on the couch." Because Bi Yu and Fu Jiyi were his subordinates, Xiao Tian didn't behave politely.

Bi Yu and Fu Jiyi then sat on the sofa closest to Xiao Tian's couch.

"Let's wait for Chun Hua first before we plan how to attack the Hawk gang." Earlier, Xiao Tian told Chun Hua to get the blueprint of Hawk gang headquarters. That was why Chun Hua still hadn't arrived at Blue Ice lotus gang headquarters.

"Where is she?" Bi Yu was furious when she knew that Chun Hua still hadn't arrived at Blue Ice Lotus gang headquarters.

Of course, she didn't show it on her face and asked with a normal voice. At this moment, she guessed that Chun Hua thought of herself as an important person because Chun Hua dared to make them wait.

For this reason, Bi Yu was furious and wanted to beat Chun Hua again.

"Earlier, I ordered her to get the blueprint of Hawk gang headquarters." Because Bi Yu asked with a normal voice, Xiao Tian had no idea that she was furious.

Ten minutes later, Chun Hua arrived at the Blue Ice Lotus gang. Because she didn't want to make the others wait, she dashed toward their headquarters.

Chapter 409 - Do You Think I Can't Win This War Without The Help Of You Two?

7-8 minutes

When Chun Hua stepped into the Blue Ice Lotus gang headquarters, she was shocked when she saw Bi Yu, Fu Jiyi and ten unfamiliar people.

'Who are those ten people?'

Suddenly Chun Hua remembered something.

'Are they Lan Ruoxi's people?'

Because Xiao Tian went to Red Flower bar with her several days ago, she suddenly thought that they were Lan Ruoxi's people.

This made Chun Hua thrilled. Ten of her underlings were in the hospital and could not participate in the war, so she could not help but happy when she saw them.

Not only that, but their founder's underlings would also help them in the war. Even though she knew the reason why Shi Fei ordered Bi Yu and Fu Jiyi to participate in the war, she didn't mind it.

"Boss, I've got the blueprint of the Hawk gang headquarters." Chun Hua said when she was in front of Xiao Tian.

Xiao Tian took the blueprint and looked at the others, "Let's make our plans now."

Two of Xiao Tian's underlings grabbed a table and placed it in front of Xiao Tian. Xiao Tian, Bi Yu, Fu Jiyi, Deng Deng and Chun Hua immediately stood around the table.

Without waiting for another second, Xiao Tian put the blueprint of the Hawk gang headquarters on the table so that everyone could see it.

Because Chun Hua was the most familiar with Hawk gang headquarters, she began to explain it to everyone. "This is the blueprint of the Hawk gang headquarters. Their headquarters has two floors and surrounded by a wall as high as three meters. Usually, two people guard the entrance gate while ten people patrol around their base."

Everyone looked at the blueprint of the Hawk gang base seriously. At this moment, Xiao Tian didn't expect that their headquarters had a strong defense.

Chun Hua then continued explaining it. "The first floor is a large room with several sofas arranged neatly; like the place where we are standing right now. It's a place where the Hawk gang members talk and relax. Jin Yimu's office and bedroom are on the second floor, but to reach the second floor, we have to use the stairs which is located in the middle of the large room, so it's almost impossible to kill Jin Yimu without his underling noticing about it. "

Xiao Tian touched his chin and spoke, "So, there are about thirty-two people in the first floor."

"No." Chun Hua answered instantly. "Usually, Ma Gen and Ma Shuhe are in Jin Yimu's office because Jin Yimu always discuss everything with them."

"We have thirty-five people so.." Xiao Tian didn't finish his words because he was thinking about the best move they should take.

Because his underling, who guarded his mother and aunt were in the hospital, Xiao Tian ordered ten of his other underlings to protect them.

With Bi Yu, Fu Jiyi and ten of Lan Ryoxi's people, they only had thirty-five people including himself. Xiao Tian decided not to seek help anymore because the difference in their numbers was only ten people.

Bi Yu and Fu Jiyi were master martial artists, and Lan Ruoxi's people were also skilled in fighting, so despite having fewer people, in his view, their overall strength was higher.

While Xiao Tian was thinking about the plan, Bi Yu said abruptly. "Why don't we attack them openly. Even though we only have thirty-five people, but they only have forty-five people. The difference in our numbers is not big, so I think, we can attack them openly."

When they had a war with other gangs in the past, they rarely used a plan and instantly attacked their enemies. That was why Bi Yu said something like that.

Fu Jiyi sighed upon hearing Bi Yu's words. It was true that they never lose a war between gang or use a tactic in the past, but it was because their leader was very strong.

Every time they had a war with other gangs, Shi Fei always managed to defeat the leader of their opponent quickly and brutally. That was why other gangs were afraid of them, and they could become the strongest gang in Shanghai.

While Deng Deng only looked at Bi Yu. Even though he didn't mind attacking the Hawk gang openly, he didn't say anything.

Lan Ruoxi had given them the order to follow Xiao Tian's words, so he would agree to whatever Xiao Tian's plans.

"No!" even though Xiao Tian was sure that they could win the war, but he didn't want to be careless. "Bi Yu, Fu Jiyi and Deng Deng, all of you will attack them from behind while we will attack them openly. They have no idea that all of you are helping me, so when they see us later, they will think that we only have a few people. Because their front yard is huge, we will lure them all out of their base. When they focus on us later, all of you attack them from behind. Beat them as quickly as possible and as many as you can. With that, their number will decrease a lot. This way, it will be much easier for us to beat them later."

"No! I want to attack them openly with you." it was not like Bi Yu disagreed with his plan, but because she had to protect him.

If something bad happened to him when she was not by his side, Shi Fei would punish her later. For this reason, she wanted to attack the Hawk gang openly with Xiao Tian.

"Yes. I also want to attack them openly with you." Fu Jiyi had the same thought as Bi Yu. Their primary purpose of participating in the war was not to destroy the Hawk gang but to protect Xiao Tian.

Shi Fei had told her that it was fine if they lost the war, but she would destroy the Hawk gang if they lost a war.

Of course, Xiao Tian had no idea about it. "Bi Yu, Fu Jiyi, if both of you are together with me, they will be suspicious later."

"I don't care." Bi Yu didn't want to be punished by Shi Fei, so she didn't care about his plan.

The reason she worked in his company and participated in the war was that Shi Fei ordered her to. Otherwise, she didn't want to do something troublesome like that because, in her eyes, Xiao Tian was only her leader's lover, not her boss who could order her around.

Xiao Tian was unhappy with her behavior. "Bi Yu, Fu Jiyi, if both of you don't want to follow my words, you two can leave now. Do you think I can't win this war without the help of you two?"

Bi Yu gritted her teeth. She was furious because Xiao Tian dared to behave rudely in front of her. If he were not her leader's lover, she would have beaten him and torture him for daring to behave like that.

'You should be grateful that my leader order me to protect you, asshole!'

Bi Yu was furious, but she still tried her best to hold back because her leader would get angry at her if she annoyed Xiao Tian. "Fine!"

Xiao Tian looked at Deng Deng and asked, "What about you?"

"We will follow your plan, young master Xiao." Deng Deng answered instantly.

"Good!" Xiao Tian was satisfied with Deng Deng's answer. "We will teach the Hawk gang a lesson later. A lesson that they won't forget for the rest of their lives."

Chapter 410 - Kill Them!

9-11 minutes

Xiao Tian pointed his index finger toward the members of Hawk gang and spoke, "Bring them with us. We will take them as hostages later."

"Understood, boss." seven of his underlings then brought Kaishi and the others to the truck.

Then Xiao Tian and the others went to the Hawk gang headquarters by truck.

It was a truck like KrAZ-6322 military truck, so one truck could bring twenty-four people. Because their number was only thirty-five people, they only needed two trucks to bring all of them to the Hawk gang headquarters.

Because they would have a war with Hawk gang, everyone brought their weapons with them; including Xiao Tian.

He was holding a katana in his right hand. This made all of his underlings want to know whether Xiao Tian had ever learned sword martial arts or not because until now, they had never seen him fight anyone.

Not only Xiao Tian's underlings, but Bi Yu and Fu Jiyi were also curious about it. While Lan Ruoxi's people behaved normally because Lan Ruoxi had told them that Xiao Tian was a sword martial artist.

Even though Lan Ruoxi had told them that Xiao Tian was a sword martial artist, she didn't inform them how strong he was because she also had no idea about it.

Because Fu Jiyi could not hold the curiosity she had, she decided to ask, "Sir, have you ever learned sword martial arts?"

Xiao Tian looked at Fu Jiyi for about two seconds before answering. "Yes."

"Where did you learn it? What is the name of the martial art that you have learned?" Fu Jiyi became more curious upon hearing his words.

Not only Fu Jiyi, but everyone looked at him intently. They wanted to know what was the name of sword martial art he had learned; including Bi Yu.

"You don't need to know." Of course, Xiao Tian knew what was on their minds.

It was not like Xiao Tian didn't want to tell them about it, it was because he believed there was no martial art called 'Moon Sword Martial Arts' in his current life.

The expression of disappointment emerged on the faces of everyone.

"Why?" Fu Jiyi didn't give up and still asked it, hoping Xiao Tian would answer her later.

"Even if I tell you, you will not know about it." several days ago, because Xiao Tian was bored practicing martial arts alone, he tried to search martial art called 'Moon Sword Martial Arts' on the internet, but to no avail.

For this reason, Xiao Tian believed there was no point in telling them the name of martial arts he had been learning because, in the end, they would not know about it.

'Hmf! I'm sure the name of his martial art is bad and his master is weak. That is why he didn't want to tell everyone about it.'

Because Xiao Tian was her boss and her leader's lover, Bi Yu only said it in her head.

"Sir, I have fought many martial artists in the past, so I'm sure I will know about it." in the past, Fu Jiyi had fought a lot of martial artists and won.

Of course, it was when she was still a member of the Blue Ice Lotus gang because when they had a war with other gangs, she fought many people who had learned various types of martial arts.

Like before, Xiao Tian didn't tell her about it. Because he didn't want other people to ask him more question, he shut his eyes.

'Hmf! He behaves as if he is skilled in martial art. I really dislike a person like him.'

Bi Yu began to dislike Xiao Tian since they made a plan earlier. In her eyes, Xiao Tian was only an ordinary person who was lucky with everything.

Because Xiao Tian shut his eyes, Fu Jiyi didn't ask more question.

'What a pity that he didn't want to tell me about the name of martial art he has been learning because I'm really curious about it. Well, I will know it later.'

Because Fu Jiyi had fought many martial artists, she could know the name of martial arts based on their movements. That was why she wasn't as disappointed as the others.

When they were one hundred meters from the Hawk gang headquarters, they got out of the truck and began their mission.

Because Bi Yu, Fu Jiyi and Lan Ruoxi's people had to climb the wall, they immediately took a grappling Hook to help them climb the wall later.

After Bi Yu, Fu Jiyi and Lan Ruoxi's people went on their mission, Xiao Tian looked at Chun Hua and spoke, "Bring them with us."

Nine of Xiao Tian's underlings immediately grabbed Hawk gang members and dragged them out of the truck.

"Hmmm..Hmmm...Hmmm.." because there was black tape on the mouths of the Hawk gang members, they couldn't speak clearly.

"Let's go." Xiao Tian spoke.

The Hawk gang headquarters was located in the Southeastern part of Nanli district, and several trees were surrounding their base.

Currently, Xiao Tian and his underlings were not far from their base. They wanted to know how many people guarding the entrance gate before breaking in their base.

"There are two people guarding the entrance gate." Xiao Tian spoke abruptly.

"Should we break in now?" one of Xiao Tian's underlings inquired.

"Yes." because they wanted to lure all the Hawk gang members to the front yard, Xiao Tian decided to attack them openly. "Let's go."

Xiao Tian and twenty-two of his underlings walked toward the gate.

When the Hawk gang members saw Xiao Tian and his underlings, they immediately tried to close the gate. "Close the gate and inform the others that Blue Ice Lotus gang is attacking us."

However, before they could close the gate, Xiao Tian's underlings prevented them from closing the gate.

Hawk gang members knew that they would not be able to prevent them from entering their base. That was why they ran away to inform the others and their leader.

And because Xiao Tian's primary mission was to lure all of them to the front yard, his underlings and he stood there and waited for them patiently.

There were several reasons for this, but the main reason was that it would be easier to defeat them in a big place.

Xiao Tian needed a large place to use his secret move, so in his view, the front yard was the best place to fight them. And on the front yard, Bi Yi and the others could attack the Hawk gang members from behind too.

Not long after that, Jin Yimu and his underlings came out of their base. Of course, all of them were holding a weapon in their hands.

Even though they knew that Xiao Tian would attack them, they didn't expect that Xiao Tian would attack them so quickly.

"Hahaha. Xiao Tian... I'm amazed by your courage. You even dare to come to our base with few people." When Jin Yimu noticed that Xiao Tian only brought twenty-two people, he could not help but laugh.

In his view, Xiao Tian was a fool for daring to come to their base with few people. Not only were they at their headquarters, but Jin Yimu still had forty-four underlings.

Xiao Tian looked at his underling and spoke, "Bring them here."

Even though Xiao Tian didn't say it directly, his underlings understood what he wanted. Then his underlings put Kaishi and eight other Hawk gang members on both of Xiao Tian sides.

The faces of Jin Yimu and the others instantly darkened. Of course, they knew what Xiao Tian wanted to say.

However, before Xiao Tian could say anything, Jin Yimu laughed. "Hahaha. Do you want to threaten me using my underling? Hahaha. Funny. This is funny. Haha."

Jin Yimu didn't care about his underlings. If they died, he could recruit another underling. He also thought that Xiao Tian would only knock them out, so he didn't care about his underlings.

"Sir, it seems like he doesn't care about his underlings." Chun Hua spoke abruptly.

"So, you don't care about them, huh?" Xiao Tian's expression turned terrifying, and he immediately unsheathed his katana. "If so, then they are useless to me now."

*Slice...

Xiao Tian swung his Katana very fast and in a second, he had sliced the throat of Hawk gang members who were taken as hostages.

Jin Yimu and his underlings were surprised. They didn't expect that Xiao Tian would kill them instantly because they believed Xiao Tian would not dare to kill them.

However, they were wrong. They were utterly wrong because Xiao Tian killed them without a second thought as if killing people was something he usually did.

Not only Jin Yimu and his underlings, but Xiao Tian's underlings were also shocked. They didn't expect that their boss was so cruel.

Even though they knew Xiao Tian was a cruel person, they didn't expect that he was more ruthless than they thought.

However, what surprised them the most was that he could kill them quickly as if he was a master martial artist.

"YOU!" due to how furious he was, Jin Yimu's eyes turned red. "HOW DARE YOU KILL THEM!"

Xiao Tian's lips curled into a grin. "Why? Didn't you say that you don't care about them? They are useless to me, so there is no point in keeping them alive. As their leader, you should be grateful to me because I kill them quickly."

Jin Yimu found it hard to believe what he was hearing. He didn't expect that Xiao Tian was a cold-blooded person.

At this time, Bi Yu and the others were behind Jin Yimu and his underlings. However, because Jin Yimu and his underlings were focused on Xiao Tian, they didn't realize it.

"KILL THEM!" Jin Yimu shouted loudly.

Jin Yimu's underlings immediately dashed toward Xiao Tian.
