

ILLCIT RELATIONSHIP

Chapter 7 - The Legendary Relationship Part 1

The following morning, a young man was standing in his bedroom. His room was around 4x4 meters.

There was a bed, full-body mirror, wardrobe, chair, and a table. On top of the desk, there was a laptop and a mountain of books.

That young man was a good-looking young man who could even make you mistakenly think of him as a model.

He had black hair, and it's coiffed to perfection. His black eyes had the same startling clarity as to the morning dew, and the lineaments of his face were in perfect proportion to each other. That young man was none other than Xiao Tian.

At that moment, Xiao Tian was doing something unusual. He stood naked before a full-body mirror, examining his own body.

Because last night Xiao Tian didn't have a chance to look at his appearance in the mirror, the first thing he did in the morning was to see his appearance in the mirror. He wanted to know whether there was a scar on his new body or not.

After checking his entire body, Xiao Tian nodded his head in satisfaction.

'Un un... Good!

This appearance is excellent. Even though my current face isn't as handsome as my previous face, I'm sure women are still crazy about this face.

Not bad, not bad. My predecessor did an excellent job in taking care of his appearance. I'll give this appearance score of 11 out of 10.

hahaha hahaha, Cough Cough Cough.'

Xiao Tian laughed out loud before coughing.

Damn! I coughed because I was laughing so hard. This is embarrassing. Luckily, there's no one around me. Xiao Tian thought to himself.

The sound of someone opening the door could be heard in his ears.

"Tian, what happened?" Ye Xiueyin asked worriedly. She thought something bad had happened to her son. That was why she stopped what she was doing and dashed towards her son's room.

"What happened?" Ye Qingyu, who just arrived, inquired.

Upon seeing her big sister run to Xiao Tian's bedroom with a worried face, Ye Qingyu thought something bad had happened to Xiao Tian. That was why she also dashed towards Xiao Tian's bedroom.

Upon hearing their words, Xiao Tian turned around, and as soon as he turned toward them, Ye Qingyu and Ye Xueyin could see his naked body.

"Ah, mother, aunt, what are you doing here?" Xiao Tian asked with puzzlement

Xiao Tian didn't bother covering his naked body because he wasn't a shy person. In his past life, some women also coincidentally saw his naked body in his house, but he didn't behave like a shy person. He even let them see his body because he was confident in his previous body.

His current body was also excellent. After checking all parts of his body, including his little brother, Xiao Tian was very satisfied. That was why he didn't bother covering his body when his mother and aunt were in front of him.

"Ah, mother thought, something bad had happened to you." Ye Xueyin spoke and paused for a few seconds after seeing his little brother. "And... It looks like you have grown up, son. You're so big now. The last time mother saw you, you were not this big. It seems like you have become a healthy young man now."

When Ye Xueyin said, 'you're so big,' she was looking at his little brother.

In the past, Ye Xueyin often teased him for having a small little brother. There was even a time where the owner of the original body was outraged and decided not to talk with his mother for three days.

But after several years, his little brother now had grown up into a big brother. You couldn't say 'little brother' anymore when it had grown up into a 'big brother.'

"You're right big sister. It's.... big" Ye Qingyu uttered while covering her mouth

"Yes. It's the biggest thing I've ever seen, Qingyu." Ye Xueyin nodded her head.

Upon hearing her big sister's words, Ye Qingyu was shocked and asked curiously, "Really? The biggest?"

"Un. It looks like my son has grown up and become a healthy young man." Ye Xueyin answered while looking at her son's cock. "Now, I can die happily."

Of course, when Ye Xueyin said she could die happily, she didn't mean it, because she wanted to spend her time with her son and little sister until she became a grandmother. That was just the way she expressed how happy she was.

"Big sister, you seem to have worried about this in the past." Ye Qingyu said while still looking at her nephew's cock

"Of course! Who doesn't worry about their son?" Ye Xueyin looked like a proud mother after seeing her son's huge cock.

At that moment, Xiao Tian finally understood something about his new family. Even though his mother and aunt were beautiful, but they were weird and shameless people.

Usually, when a woman saw a naked man, they would be embarrassed while saying 'pervert.' However, his mother and aunt didn't do anything like that. They even talked about his little brother in front of him with a straight face.

"Are you done now?" Xiao Tian asked abruptly

"No! Not yet!" Ye Qingyu and Ye Xueyin said in unison

The corner of Xiao Tian's lips twitched after hearing their words. Then he walked closer towards them.

And when he was walking towards them, their faces also moved, following his cock.

When he was half a meter from them, they instantly squatted down to take a better view of his cock.

"His pubic hair is still growing." Ye Qingyu uttered, "Last time you saw his cock, was there already a pubic hair, big sis?"

"No." Ye Xueyin said as she shook her head "At that time, there was still no pubic hair."

Xiao Tian only crossed his arms over his chest and stared at them. He wanted to know whether they dared to do something to him or not.

At that moment, Ye Qingyu and Ye Xueyin moved their faces around his cock to look at it.

After looking at her nephew's cock carefully, Ye Qingyu immediately spoke, "It gets bigger when you look closely."

"Yes. You're right, Qingyu. Up close like this, we can see it clearly." Ye Xueyin said as she touched her chin

At this time, Xiao Tian still didn't do or say anything. He was still waiting for what they would do after looking at his cock. They were his family, so he was curious to what extent they dared to do anything to him.

But he underestimated their courage because the next thing they did was something that he had never thought.
