Chapter 44: Shocked

Princess Jinfeng saw that Yun Jinnian seemed to want to eat yet didn't reach out, and for a moment was somewhat puzzled.

But seeing Yun Jinnian's hands tightly clasped, and her hesitant appearance, Princess Jinfeng took a piece of the cake, bit into it, "This palace truly loves these sweet and rich treats, yet my brother never touches them!"

Yun Jinnian saw Princess Jinfeng take a piece, then reached out and took a slice of cake to her mouth, gently chewing it.

Whether at the Yun Family or in her dreams, she had never tasted such delicious cake.

A delicacy that was finely made and had a unique flavor.

No one at the Yun Family ever remembered her, perhaps she had eaten it in her dreams, but most of it she couldn't recall.

"How does it taste?"

Yun Jinnian nodded, "Very delicious!"

Princess Jinfeng pushed the Rose Dew in front of Yun Jinnian, "Try this!"

"Thank you, Princess!"

Princess Jinfeng felt that Yun Jinnian lived a very restrained life.

At her age, she should be very good at laughing, playing, and frolicking, right?

After eating two pieces of cake and drinking half a cup of Rose Dew, Yun Jinnian stopped eating.

Princess Jinfeng did not urge her to eat any more.

Yun Jinnian went to remove the silver needles from Chu Yu, and Luoyi and Luo'er immediately dried Chu Yu's body, dressed him, and placed him onto the bed.

Princess Jinfeng immediately approached, calling with concern, "Brother!"

Chu Yu slowly opened his eyes, and upon seeing Princess Jinfeng, his head turned slightly to see Yun Jinnian standing by the side.

"Me?"

Chu Yu was somewhat slow to come back to his senses.

"Brother, the first round of detoxification was very successful. You don't know, so many worms came out from your body!"

Princess Jinfeng said, pausing because Chu Yu was not listening to her words.

Instead, he was staring straight at Yun Jinnian.

Princess Jinfeng's eyebrows knitted slightly as she got up and walked outside, "Luoyi, come out!"

Luoyi immediately followed.

Luo'er also hurried out.

In the room.

Chu Yu slowly sat up and, seeing Yun Jinnian standing, patted the bedside, "Sit down and talk!"

"I'll stand!"

She was used to it.

"My body..."

This time he felt more at ease than before, before it had been torture for a whole day and night, leaving him groggy, his mind in disarray, unable to touch anything directly until completely exhausted.

He couldn't come into contact with women, once he did, he would fall into a state of passionate love and couldn't extricate himself, ending only when his energy was completely drained.

"The poison can be cured, it will just take a bit longer! After detoxification, gradually recuperate, and in three to five years, you should fully recover!"

"Thank you!" Chu Yu said with sincerity.

Yun Jinnian smiled faintly, "You're welcome!"

"You look very pretty when you smile, you should smile more!"

Yun Jinnian was startled for a moment.

Chu Yu was also taken aback.

What was he doing? Flirting with Yun Jinnian? She was still a child.

"Your Highness, rest well, I'll take my leave now!" Yun Jinnian hastily curtsied awkwardly, then quickly left the room.

Chu Yu raised his hand to his forehead.

Had he taken the wrong medicine?

When Yun Jinnian left the room, the maid immediately approached, "Fourth Miss, this servant will take you to your room!"

"Um, okay!"

The room Chu Yu had prepared for Yun Jinnian was very elegant, with fluttering gauze, a soft large bed, a plush chaise longue, and a large wardrobe.

The maid opened the wardrobe, "Fourth Miss, all these clothes were prepared for you by his Highness' command, please see if you like them!"

He even prepared clothes for her?

Yun Jinnian was astonished.

But when she looked, she was shocked.

There were more than twenty sets, from inner to outer layers, including shoes, cloth socks, and even undergarments, chest wraps, and intimate small underpants.

"He, he, he..."

How did he know her measurements?
