Chapter 1181: Sudden Changes, Benefits are Key

Five Elements Grandmaster: "Eighty-Eight True Yang Building is a forewarning, while Bai Zu tribe's creation is an obvious sign. Next, the influence of the Huang Jin tribes will start to fade away."

"Because this is the trend of humanity in Northern Plains!"

"You say that I was affected by heaven's will, that is not so! I was rushed here by the tide of humanity, Giant Sun Immortal Venerable's reputation can no longer intimidate me, he has been dead for too long!"

"Next, more Gu Immortals will be discontent with the Huang Jin tribes, and covet your wealth. Northern Plains is full of battles, Northern Plains Gu Immortals have bravery and fighting spirit, suppression would only be met with even more resolute and crazed resistance."

"I am just the first person to come to Longevity Heaven. Next, more and more will come here. Are you prepared for it?"

There was silence.

The Eight Extremities were so angry they were trembling, having cold expressions.

Heaven Extremity had a stiff expression, he smiled forcefully: "Amazing rank eight Gu Immortal, amazing Five Elements Grandmaster. You want to convince us that instead of being wiped out by this trend, we should merge and ride the wave, imitating Gong tribe to take in more lone immortals and demonic cultivators, to recruit a rank eight Gu Immortal like you?"

"We do not have a deep feud, we can cooperate." Five Elements Grandmaster said solemnly: "Even though the Four Desolation Immortals are rank eight, they have little lifespan, they cannot move around freely. I have no such problems."

Heaven Extremity laughed maniacally: "Hahaha! You? You are looking down on the foundation of the Huang Jin tribes! Or rather, you are looking down on Ancestor Giant Sun! If not for you, us Eight Extremities would have gone to rebuild Eighty-Eight True Yang Building already. And that Bai Zu tribe is merely a short-lived flicker. Such impure bloodline and he wants to be in the righteous path? Heavenly Lord Bai Zu? Is he worthy?! The righteous path of Northern Plains are the Huang Jin tribes!"

Liu tribe's base camp.

Xuan Bai blessed land.

"Ah, the Longevity Edict!" Liu tribe's first supreme elder was extremely shocked, he quickly knelt down and received it.

Liu tribe was one of the super forces, a Huang Jin tribe, the descendants of Giant Sun Immortal Venerable.

Meanwhile, Longevity Heaven was the rank nine grotto-heaven of Giant Sun Immortal Venerable, among the Huang Jin tribes, it represented supreme authority.

Liu tribe's first supreme elder received the Longevity Edict.

The Longevity Edict was golden in color, it resembled a token, but it was in essence, an information path Immortal Gu.

He felt a sensation and understood the information in the Longevity Edict.

Liu tribe's first supreme elder frowned: "Longevity Heaven has orders for us Huang Jin tribes to work together and deal with Bai Zu tribe?"

This order caught him off guard.

Heavenly Lord Bai Zu was fighting with Chu Du, the entirety of Liu tribe's Gu Immortals were happy to see this.

Bai Zu tribe took over Hei tribe, their forces bordered Liu tribe. Because Bai Zu tribe had a rank eight Gu Immortal, Liu tribe had a very vigilant attitude, while feeling deep wariness.

And Chu Du had a feud with Liu tribe, his reputation as Domination Immortal was mostly due to Liu tribe to begin with.

The contest between these two, in Liu tribe's opinion, was one foe fighting another. Liu tribe was watching on the fence, wanting to see them both suffer losses.

Chu Du was in trouble, Liu tribe felt good seeing it, Heavenly Lord Bai Zu had taken revenge for them.

Heavenly Lord Bai Zu suffering losses would cause Bai Zu tribe's reputation to fall in the future, it was a great thing for Liu tribe. Nobody would want a fierce tiger to live around them, a weak neighbor was better than a strong one.

"But now that the Longevity Edict is out, we have to follow it."

"My Liu tribe is close to Hei tribe's former territory, once this battle starts, we will face pressure many times that of the other tribes."

Liu tribe's first supreme elder left his information on Longevity Edict, on the Immortal Gu, before letting it go, as the Longevity Edict tore through the sky.

Next, this Immortal Gu would continue to visit the other Huang Jin tribes.

Back to the present time.

Inside Hei Fan grotto-heaven.

Chu Du and Fang Yuan, who received this information, were surprised and overjoyed.

"All of the righteous path super forces, the Huang Jin tribes are attacking Bai Zu tribe, this way, Heavenly Lord Bai Zu is bound to retreat." Fang Yuan spoke with a smile.

“The Huang Jin tribes that have never gotten along are acting in unison at such speed, I wonder what happened.” Chu Du was confused.

Fang Yuan’s eyes shined: “Perhaps Longevity Heaven sent an edict.”

“Longevity Heaven?” Chu Du’s expression changed, he thought for a while: “It seems that is the only reason.”

In fact, the situation of the forces in Northern Plains’ Gu Immortal world was quite similar to Central Continent.

Central Continent had ten great ancient sects, Northern Plains had the Huang Jin bloodline super forces, Central Continent had the Heavenly Court ruling above, while Northern Plains had Longevity Heaven that stood in the sky.

More similarly, the ten great ancient sects were the lower level sects of Heavenly Court, while Longevity Heaven similarly had great influence on the Northern Plains Huang Jin tribes.

Perhaps in the past, Giant Sun Immortal Venerable had imitated Central Continent, purposely creating this situation.

“Why did Longevity Heaven suddenly send an edict, ordering the Huang Jin tribes to work together and deal with Bai Zu tribe? Bai Zu tribe is backed by a rank eight Gu Immortal.” Chu Du thought, feeling doubts.

What made him unable to comprehend it was, if Longevity Heaven wanted to deal with Bai Zu tribe, the best time to strike was when Hei tribe had just been destroyed.

But at that time, Longevity Heaven did not act. So why did they wait until now? Was Longevity Heaven also interested in Hei Fan grotto-heaven?

Thinking of this possibility, Chu Du’s heart sank.

“No matter what, we need to make use of the remaining time and talk to Heavenly Lord Bai Zu, ending this conflict. Immortal Gu ‘No’ and ‘Care’ were prepared for this moment.” Fang Yuan reminded.

Chu Du came back to his senses, he said solemnly: “You are right.”

He immediately sent his clone to converse with Heavenly Lord Bai Zu.

Right now, Chu Du was the owner of Hei Fan grotto-heaven, he had made many arrangements here, the Gu worms that he sent out were not detected by others.

Heavenly Lord Bai Zu had more information than Chu Du.

He knew that right forces, the righteous path forces were coming at Bai Zu tribe because Longevity Heaven had directly sent a Longevity Edict!

He was very shocked, he did not know why Longevity Heaven was suddenly finding trouble with him.

In the past, when creating the tribe, Heavenly Lord Bai Zu was worried about Longevity Heaven, he was waiting for a response from them.

Longevity Heaven's silence made Heavenly Lord Bai Zu feel like he had probed its bottom line. He thought: As a grand rank eight, Longevity Heaven might not want to deal with him, after all, there was no good reason for it.

The commotion and change in Northern Plains' Gu Immortal world made Heavenly Lord Bai Zu very perplexed.

"Yao Huang and Prince Feng Xian are righteous path Gu Immortals, Prince Feng Xian might not come, but Yao Huang is a true Huang Jin bloodline member. Other than that, there is still Longevity Heaven. Hmm... Five Elements Grandmaster has a good understanding of Longevity Heaven, I might be able to get some information from him."

Heavenly Lord Bai Zu thought quickly, the situation was turning for the worse rapidly, he felt immense pressure on him.

He was still unaware that Five Elements Grandmaster was already fighting with Longevity Heaven. In fact, the current situation was caused by the conversation between Five Elements Grandmaster and Heaven Extremity.

"As for Hei Fan grotto-heaven..." Heavenly Lord Bai Zu's gaze became dark, he assessed: "I cannot take it down for now, I should stop. I cannot waste any time and energy now, I need to put all my effort into defending my hard work."

Heavenly Lord Bai Zu wanted to retreat.

The reason why he wanted to take down Hei Fan grotto-heaven was due to the loss of his reputation, it might cause a commotion and result in severe losses to Bai Zu tribe's interests.

But now, Bai Zu tribe was in a crisis. Heavenly Lord Bai Zu's own interests were severely infringed now.

This situation was truly the worst, how could Heavenly Lord Bai Zu have any effort to spare for Hei Fan grotto-heaven!

But in this situation, Chu Du's Gu worm arrived in Heavenly Lord Bai Zu's hands.

"Oh? As expected of the Domination Immortal..." After understanding Chu Du's intention, Heavenly Lord Bai Zu's gaze became dark and eerie.

The contest for Hei Fan grotto-heaven ended at once!

What made the Northern Plains Gu Immortal world shocked was, Chu Du not only came to a resolution with Heavenly Lord Bai Zu, he even gave up a portion of Hei Fan grotto-heaven, and created an alliance with Heavenly Lord Bai Zu!

After achieving the alliance agreement, Chu Du let Heavenly Lord Bai Zu's main body into Hei Fan grotto-heaven.

Using Heavenly Lord Bai Zu's deterrence, he went on to deal with those demonic path and lone immortals that he had invited earlier.

These Gu Immortals were facing Heavenly Lord Bai Zu's main body, how could they dare to resist, they could only lower their heads to Domination Immortal.

Chu Du successfully resisted Heavenly Lord Bai Zu, using the power of Heavenly Lord Bai Zu, he forcefully subdued many lone immortals, gathering everyone and creating Chu Sect on that very day.

Chu Sect.

Using Chu Du's words in his speech: This was the first Gu Immortal sect in Northern Plains' Gu Immortal world! It had extraordinary meaning.

Fang Yuan watched coldly from the side, even though Lang Ya Sect was the actual first sect in Northern Plains, Fang Yuan could not help but gasp in admiration towards Chu Du's incredible performance.

Chu Du had truly outdone himself.

He gave up a portion of Hei Fan grotto-heaven, but he managed to obtain a rank eight reinforcement, Heavenly Lord Bai Zu!

Heavenly Lord Bai Zu was also a deep schemer.

Northern Plains' situation gave him huge pressure, he had to find external allies.

And Chu Du could guess his mentality, thus he created Chu Sect, it was far easier than for Heavenly Lord Bai Zu when he created Bai Zu tribe.

Chu Du was not all alone, these last years, he had nurtured many strength path Gu Immortals.

And with Hei Fan grotto-heaven, he had a huge basis for development.

Meanwhile, Heavenly Lord Bai Zu needed Hei Fan grotto-heaven as a backup plan for the entirety of Bai Zu tribe.

Thus, the two sides turned from enemies to allies.

Chou Lao Wu and Hao Zhen, who accidentally killed Bai Zu Wei, were just punished mildly, before they were spared.

Heavenly Lord Bai Zu could no longer bother with these two insignificant figures at this point.

Thus, Hao Zhen and Chou Lao Wu felt immense gratitude towards Domination Immortal, they became the two most loyal people in Chu Sect.

Northern Plains' Gu Immortal world had changed too rapidly.

Heavenly Lord Bai Zu, who was at the peak of his life earlier, having created his own tribe, was now facing the attack of all the Huang Jin tribes.

Chu Du and Heavenly Lord Bai Zu, who were fighting to the death earlier, were now allies.

Ordinary Gu Immortals might be dazzled by these turns of events, but for people like Fang Yuan, it was very clear.

No matter what commotion or changes there were, the key concern throughout was still benefits, it had never changed!

Chapter 1182: Leaving Hei Fan Grotto-Heaven

Inside a Gu formation.

Fang Yuan sat quietly on the ground.

Chu Du, as well as the wills of Pang Shan and Not Immortal, were in front of the formation.

“Start.” Chu Du said plainly.

The wills of Not Immortal and Pang Shan formed into human shapes, nodding as they activated their Immortal Gu.

One rule path Immortal Gu — No.

The other was also a rule path Immortal Gu, top ten in the List of Mystical Gu — Care.

Red date immortal essence was rapidly expended, the two Immortal Gu were shining in their own profound lights. The two profound lights had different colors, one was black and empty, the other was red and warm like fire.

The black and red lights entered the Gu formation.

Chu Du took action at an appropriate timing, activating this Gu formation, to fuse the power of Immortal Gu No and Immortal Gu Care into it.

The two profound lights fused under the guidance of the Gu formation, creating a half black and half red spiralling pillar of light.

The light pillar completely covered Fang Yuan’s body, without any leaks.

A moment later, the light pillar stabilized, it was no longer as distorted as before.

“It is ready.” Chu Du reminded.

Fang Yuan thus said: “You will not be able to imagine what is hidden under the northern icy plain, I almost died there...”

He spoke quickly, detailing what happened when he was undergoing tribulation in the northern icy plain, and the terrifying human calamity that he had faced.

The secret of the snowman and rockman tribes in the northern icy plain was revealed to Chu Du.

“To think that there is such a situation! The empty northern icy plain actually has such a powerful variant human force, they have been hidden all along!” Chu Du was extremely shocked.

The wills of Not Immortal and Pang Shan also shook, showing their stirred emotions.

A moment later, the black and red lights faded, the Gu formation stopped its operation, Fang Yuan slowly stood up, getting out of the Gu formation.

He was safe!

Originally, he was a member of the four race alliance, and a guest elder of Lang Ya Sect, he was not able to expose the secrets of the snowmen and rockmen to outsiders.

But because of the Immortal Gu No and Care, along with Chu Du's cooperation, Fang Yuan was able to breach his alliance agreements without facing any harm!

These two Immortal Gu were meant to be used by Chu Du.

Chu Du's intention was to come to a consensus with Heavenly Lord Bai Zu. After defending strongly and refusing to relent in battle, they would eventually settle at an agreement, defending Hei Fan grotto-heaven.

Chu Du had long since planned that if there was no choice, he would secretly sacrifice Hao Zhen and Chou Lao Wu, to protect Heavenly Lord Bai Zu's reputation, and express his sincerity.

But the actual situation was far better than he had expected.

Perhaps the alliance of all the righteous path forces in attacking Bai Zu tribe had made Heavenly Lord Bai Zu feel strong external pressure.

Because of that, Heavenly Lord Bai Zu did not list any requirements of executing the murderers, he only gave them a light punishment on the surface.

"It is to the credit of these two Immortal Gu, otherwise, I would have no way to explain this situation to you." Fang Yuan pretended to be relieved, he sighed deeply to himself.

Of course, he had withheld some information from Chu Du.

For example, Fang Yuan did not expose Lang Ya blessed land.

Fang Yuan was a vigilant person, he was not going to tell Chu Du everything, he was used to keeping trump cards at hand.

Chu Du said in a heavy tone: "By the looks of it, we cannot continue to undergo tribulation in the northern icy plain."

"Indeed." Fang Yuan nodded, he started to avoid mentioning things related to the four races alliance.

Because the two Immortal Gu No and Care had stopped activating, if Fang Yuan breached the alliance agreements again, he would face intense backlash, he would either be severely injured or dead!

The two Immortal Gu, No and Care, had incredible abilities, but they had to be activated constantly.

Because they had to be used together to allow the Gu Immortal to breach alliance agreements without suffering any damage.

But they could not remove the restrictions of Fang Yuan's alliance agreements completely.

This was a method that resolved the situation but did not solve the underlying problem.

“Regarding this, what are your opinions?” Fang Yuan asked directly.

The wills of Not Immortal and Pang Shan looked at each other.

The former shook his head: “Crazed Demon Cave contains the secret of eternal life, our main bodies would not leave it. As long as humanity is not extinct, we will not come out. The variant humans can develop all they want, even if they become many times stronger, they are not the match of humans.”

The latter said: “If we are to deal with the variant humans, it is easy. We just need to announce this information, and the entire Northern Plains Gu Immortal world will go after them.”

“No, that way, the northern icy plain will get destroyed. If a huge battle occurs, the icy plain will not remain. And we would not be able to get anything from it, we might even get exposed and implicate Brother Liu.” Chu Du shook his head.

“I’m just saying.” Pang Shan’s will grumbled.

Indeed, if the variant human force underneath the icy plain was exposed, a huge battle would occur. By then, Fang Yuan would be trapped in the middle, he would not have an easy time.

Fang Yuan listened to their words, the worry inside him dissipated by a lot.

Fang Yuan had to tell Chu Du about the situation in the northern icy plain, because they had set an alliance agreement. There would be many opportunities to cooperate in the future.

If Fang Yuan concealed it, he would be greatly restricted.

Chu Du did not attack the variant human force in the icy plain, that was within Fang Yuan’s estimations. After all, right now, Chu Du’s focus was no longer on tribulations and Reckless Savage’s true meaning, it was how to control the situation and cooperate with Heavenly Lord Bai Zu to resist the attacks of the righteous path super forces.

And the wills of Not Immortal and Pang Shan also made Fang Yuan realize the mindset of the Three Crazed Demon Eccentrics.

“It seems that these three are bent on researching Crazed Demon Cave. The commotion in the outside world cannot lure them out.”

Fang Yuan thought about it, he could understand the Three Crazed Demon Eccentrics.

If he did not have so much trouble, he would also do the same thing as them.

Unfortunately, Fang Yuan was in a lot of danger, not just Shadow Sect, but also the pursuit of Heavenly Court and other various aspects.

“However, if they know my true identity, how would they react?” Fang Yuan looked at the three, his thoughts were drifting.

After talking for a while, Chu Du kept the two Immortal Gu and the wills of Not Immortal and Pang Shan in his own immortal aperture.

Next, he and Fang Yuan left this underground camp together. After leaving the cave, they got back to the surface of Hei Fan grotto-heaven.

Hei Fan grotto-heaven was currently developing.

Large numbers of variant humans, rockmen, feathermen, and minimen were laboriously working.

Many Gu Immortals would often raise variant human slaves.

Right now, Chu Sect had allied with Bai Zu tribe, these variant humans were slaves that came from Chu Sect and Bai Zu tribe.

“Greetings to first supreme elder and second supreme elder.” Hao Zhen saw Fang Yuan and Chu Du, quickly taking the initiative to greet them.

Chu Du took the opportunity to create Chu Sect, he even roped in Fang Yuan.

Fang Yuan was originally unwilling, but Chu Du gave him special treatment, Fang Yuan’s alliance agreement for Chu Sect was very loose, it was not restrictive.

And because Fang Yuan intended to continue working with Chu Du, this allowed them to have another layer of relationship.

Chu Du asked about the development status of Hei Fan grotto-heaven, Hao Zhen answered that they were all at the initial stage, but the different Gu Immortals had taken out their resources and relocated them here. There was a crucial point, Fang Yuan had also put in a lot of effort, contributing a lot of resources.

These resources were originally from Hei Fan grotto-heaven.

After going through many places, they were back at their original spots.

Even Fang Yuan did not expect that.

Why did he contribute this huge amount of resources?

Firstly, using the two Immortal Gu No and Care was not free, Fang Yuan had discussed with Chu Du, using this as the compensation.

Secondly, Fang Yuan sold some resources to Heavenly Lord Bai Zu.

Inside Hei Fan grotto-heaven, a large portion was Chu Sect’s territory, but a small portion belonged to Bai Zu tribe now.

The entirety of Hei Fan grotto-heaven became the symbol of alliance between Chu Sect and Bai Zu tribe.

Fang Yuan and Chu Du said goodbye to Hao Zhen, after flying for a while, Fang Yuan said to Chu Du: “Alright, you don’t have to send me off.”

Chu Du had a worried look: “Didn’t you just obtain Hei Fan’s true inheritance. In my opinion, delaying the calamities and tribulations by slowing your immortal aperture’s rate of time is most stable. After all, you have just undergone so many battles, if you undergo tribulation after going back, there is a huge risk.”

Fang Yuan smiled: "How can there be gains without risks. Furthermore, you are around, if I encounter any sudden danger, I will seek help from you."

Chu Du had an apologetic expression: "It is a pity that Chu Sect was just created, we have strong enemies against us, there is unrest now, otherwise, I would go with you. Have you chosen the tribulation location?"

"Not yet, I need to think about it." Fang Yuan shook his head.

Chu Du opened the grotto-heaven's entrance.

"See you." Fang Yuan stepped out of the grotto-heaven, flying away without looking back.

Chu Du shut the door again, sighing internally.

Fang Yuan was not easy to control, he was very decisive. And Chu Du still had desire towards the immortal tribulation tempering aperture method, but the current situation was very complex.

Fang Yuan's battle strength and his status with the variant humans made Chu Du see a lot of value in him.

Fang Yuan wanted to deepen his cooperation with Chu Du, wasn't Chu Du also thinking the same?

As Fang Yuan left Hei Fan grotto-heaven, in Southern Border, Bai Ning Bing arrived at Jade Pot Mountain.

"Why did you bring me here?" Bai Ning Bing asked directly.

Hei Lou Lan and the others were wondering too.

Ying Wu Xie, who was leading the way, stopped walking, he turned around and smiled: "Bai Ning Bing, you are too weak. This Jade Pot Mountain has our Shadow Sect's arrangements, it has already formed an Immortal Gu. We will take it out and increase your battle strength, so that you can deal with the bet of the Five Xiangs."

"Bet of the Five Xiangs? What is that?" Bai Ning Bing frowned.

Ying Wu Xie laughed loudly: "It is too early to tell you now."

Bai Ning Bing frowned even more deeply now, snorting coldly: "The part about you I hate the most is that air of mystery that you use."

"Insolence!" Shi Nu stared angrily at Bai Ning Bing, he was very unhappy about Bai Ning Bing's arrogant attitude towards Ying Wu Xie.

"No matter, it's no bother." Ying Wu Xie laughed, he did not mind Bai Ning Bing's attitude at all.

Chapter 1183: Entering a New Blessed Land

Fang Yuan successfully returned to Lang Ya blessed land.

At this moment, his divine sense was in the sovereign immortal aperture.

“I have inspected it eighteen times, there should be no problems. But even if any problems occur, the newly hatched upper extreme heavenly eagle is only at the power of a desolate beast, even if it rebels, there is no danger.”

Fang Yuan thought in his mind.

He was inside Mini Purple Heaven in the sovereign immortal aperture.

An ordinary eagle nest was floating in the sky.

Inside the nest, other than an upper extreme heavenly eagle egg, there was nothing else.

Within the surrounding hundred li, Fang Yuan had placed many strength path immortal zombies, desolate beasts, and even the walking meat tree here temporarily, to ensure there were no accidents.

He hatched the upper extreme heavenly eagle once again!

Fang Yuan began to move.

A large amount of fresh blood was taken out by the strength path immortal zombies, before activating Gu worms and fusing the fresh blood perfectly into the upper extreme heavenly eagle's egg.

Fang Yuan had done this once before.

But back then, Fang Yuan used Hei Cheng's blood. This time, Fang Yuan was amply prepared, not only did he change the upper extreme heavenly eagle's memories, he even did some changes to Hei Fan's arrangements left on the upper extreme heavenly eagle.

This way, Fang Yuan could use his own blood to hatch the upper extreme heavenly eagle. It was not like before, using familiar face to conceal himself and become close with the upper extreme heavenly eagle, obtaining the acknowledgement of this immemorial desolate beast.

He went step by step, smoothly progressing, there were no unexpected mishaps.

Eight days and nights later in the immortal aperture, the upper extreme heavenly eagle hatched again, as the baby upper extreme heavenly eagle emerged.

“Chirp, chirp.”

The upper extreme heavenly eagle saw ‘Fang Yuan’ and immediately jumped at him affectionately.

This ‘Fang Yuan’ was not Fang Yuan's real body, it was a strength path immortal zombie, using familiar face to turn into Fang Yuan's appearance.

Even though it had just hatched, it was not small, when it raised its head, it had the height of a youngster.

The young eagle treated Fang Yuan as its parent, it surrounded him and flapped its wings, chirping and jumping around, extremely happy.

“Alright, alright.” Fang Yuan smiled warmly, stretching out his hand and stroking the upper extreme heavenly eagle's head.

The upper extreme heavenly eagle obediently stayed still, its chirping became softer and more intimate.

“Come, eat.” Fang Yuan took out a thick and long heavenly crystal.

The heavenly crystal was white and gold, in a translucent state, placing it in front of the young eagle, all of its attention was drawn to it.

Its dark eagle eyes shined with bright light. It began to peck the heavenly crystal, as it broke apart like tofu, the young eagle ate it and swallowed the crystal very quickly.

The young eagle trusted Fang Yuan deeply, it did not hesitate in consuming the heavenly crystal in Fang Yuan’s hands.

After eating six heavenly crystals, it stopped in satisfaction.

Its tummy was bloated, the young eagle had become plump, it sat on the ground and chirped, slapping its tummy with its wings continuously, it was very cute and lovable.

“Full?” Fang Yuan smiled warmly, sitting down while leaning on the eagle.

The eagle felt a strong sense of safety, it let down its guard, shutting its eyes as its head lowered, lying on Fang Yuan’s lap as it fell asleep.

Fang Yuan stretched out his hand, stroking the young eagle’s feathers.

Its newly born feathers were yellow and soft, together with its body warmth, it was very comfortable to touch.

In the following days, Fang Yuan manipulated the strength path immortal zombie as he stayed by the upper extreme heavenly eagle’s side.

Other than deepening their relationship, he was also keeping a close eye on it, in case of accidents.

“I have enough heavenly crystal eagle nests.” Fang Yuan’s divine sense left the eagle nest.

Taking a look, in the surrounding hundreds of li, there were many eagle nests.

There were nearly a hundred eagle nests, Fang Yuan had taken them from Iron Eagle blessed land.

Fang Yuan chose the largest eagle nest as the temporary home for the upper extreme heavenly eagle.

The original heavenly crystal eagle nest had already been completely eaten by the previous upper extreme heavenly eagle, nothing was left.

But now, even though the heavenly crystals in the nests could not nurture the upper extreme heavenly eagle, there was still a pile of them, taller than an adult.

Among these heavenly crystals, a small portion came from Lang Ya land spirit. Fang Yuan had exchanged for them from Lang Ya land spirit using sect contribution points.

The bulk of them were obtained from Heavenly Lord Bai Zu, after Chu Du and Heavenly Lord Bai Zu allied, Fang Yuan had transacted with Heavenly Lord Bai Zu through Chu Du.

Heavenly Lord Bai Zu was a rank eight Gu Immortal, he had a grotto-heaven, he had a huge stock of heavenly crystals.

In order to get this transaction, while revealing the secrets of the variant human in the northern icy plain to Chu Du, Fang Yuan also told him about the upper extreme heavenly eagle.

Actually, this was already no secret.

Chu Du might have known, while Heavenly Lord Bai Zu definitely knew, because he had taken in the supreme elders of Hei tribe as his subordinates.

Heavenly Lord Bai Zu desired the upper extreme heavenly eagle greatly, but currently, he needed Chu Du as an ally. And Chu Du wanted to deepen his cooperation with Fang Yuan, because of all these reasons, Fang Yuan easily succeeded in getting this transaction.

Fang Yuan paid a lot of resources.

But these resources were originally from Hei Fan grotto-heaven anyway. To purchase these heavenly crystals, Fang Yuan sold them all without hesitation.

Be it Chu Sect or Bai Zu tribe, they needed these resources greatly.

Because of their battle, both sides had expended a lot of their foundation, they needed replenishment. And the even better thing was, these resources were originally produced in Hei Fan grotto-heaven, they suited the environment and did not need to adapt.

After successfully hatching the upper extreme heavenly eagle, Fang Yuan settled down and observed it for some more days.

After he confirmed that the upper extreme heavenly eagle had no issues, Fang Yuan immediately left, using Lang Ya Sect's teleportation Gu formation to get to Tai Qiu.

The sixth earthly calamity was about to arrive, there was little time, why was Fang Yuan going to Tai Qiu?

He could not undergo tribulation in Tai Qiu.

Because it was too dangerous.

Ancient desolate beasts and ancient desolate plants lacked intelligence, they were easily influenced by heaven's will, and would form into a giant beast tide.

Fang Yuan followed a route and moved.

He used familiar face, constantly changing his appearance, disguising himself as ancient desolate beasts or desolate beasts to travel, moving in Tai Qiu.

Fang Yuan did not dare to go to the center of Tai Qiu, it was extremely dangerous, there were many wild Immortal Gu there and even immemorial desolate beasts!

Thankfully, his destination was not at the center of Tai Qiu, it was at the fringe.

Three days later, he successfully reached his destination.

The ground in front of him was uneven, even though there was a lot of giant grass, it could not conceal the traces of battle here.

Some mangled corpses were scattered here.

Fang Yuan's gaze swept through the surroundings, he did not discover any danger, he let out a breath of air and relaxed.

"In the previous earthly calamity, I gained a lot of dark path dao marks. This time, I used Dark Limit to hide from heaven's will, the effect is many times better! Thus, I am still safe."

"Then next is..." Fang Yuan mobilized his Gu worms, inspecting the surroundings.

He was very careful, he searched meticulously.

There was a rank seven Immortal Gu in his immortal aperture, Fang Yuan had specially borrowed it from Heavenly Lord Bai Zu. Lending Immortal Gu was also part of Fang Yuan and Heavenly Lord Bai Zu's deal. Other than this, there was an immortal killer move.

With this rank seven Immortal Gu as the core, Fang Yuan used the immortal killer move.

Not long after, he had a discovery.

"Good, I recalled correctly! It is here!"

The immortal killer move allowed Fang Yuan to discover a blessed land. It was hidden in empty space, concealed here in the air.

"Good eagle, it is up to you now." Next, Fang Yuan opened the immortal aperture, letting out the upper extreme heavenly eagle.

The upper extreme heavenly eagle had grown multiple times in size after these days, but it was still young, it had shiny feathers and sharp eagle eyes, it was quite strong and vigorous looking.

It flew in the sky, carrying Fang Yuan on its back as they flew multiple times in a circle, under Fang Yuan's guidance, it sensed something and changed directions, aiming towards the ground and about to crash.

When it was three meters from the ground, the upper extreme heavenly eagle suddenly went through an entrance, as it vanished from Tai Qiu along with Fang Yuan.

At the next moment, Fang Yuan arrived at a completely new blessed land!

Chapter 1184: Annexing Han Dong Blessed Land

This blessed land was very unique.

The entire terrain was a shallow beach.

Jade green water that was less than three meters deep, large numbers of rocks piled on the beach, like ink on a casually drawn canvas, they resembled strokes and lines that weaved together.

There were many pools of green water, some formed lakes, some formed tiny seas, it was distributed like a pieces of a chessboard.

“This is quite similar to Dong Fang tribe’s Jade Pool blessed land.” Fang Yuan thought to himself.

But he was aware that this place was different from Jade Pool blessed land at its core.

Jade Pool blessed land was filled with many deep pools, there were tens of thousands of them, resembling the stars in the sky, forming a beautiful sight. And inside the jade pools, the water was different and bred countless aquatic species.

But the water here was connected to the same source. Because there were crevices between the rocks that formed the terrain of the beach.

Fang Yuan looked, there were large numbers of fish and prawns, all sorts of aquatic insects and mortal Gu. Under the beach, in the crevices, there were seashells, mussels, seaweed, and others.

But what was most abundant was a type of snake.

This snake was pinkish red in color, it was small and delicate, about the size of an adult’s thumb, smaller ones were only a few centimeters.

This was a spirit snake.

Gu Immortal Han Dong specialized the most in this transformation.

This was Han Dong’s blessed land.

Han Dong was one of the Traveling Three Elites, back then when Dong Fang Chang Fan possessed Dong Fang Yu Liang and tried to revive, he had used the immemorial ruin bat corpse to create a temporary base.

By the time Fang Yuan and the rest got there, Gu Immortal Han Dong from the Traveling Three Elites had already died here.

The Traveling Three Elites were Lu Qing Ming, Su Guang and Han Dong.

They were lone cultivators, rather famous ones.

When the three worked together, they could use an immortal killer move that gathered light, forming a chariot that could travel quickly.

In the Gu Immortal world, when some Gu Immortals develop close relationships, they would help each other and cultivate together. As time passes, when they become more familiar, if they were talented, they would comprehend and create new joint immortal killer moves.

The Traveling Three Elites were like this, the wind thunder roar of Chou Lao Wu and Hao Zhen was similar.

Among the three of them, Lu Qing Ming was a wind path Gu Immortal, his signature move was entangled wind, it was very powerful and maneuverable.

Su Guang was a light path Gu Immortal, while Han Dong cultivated transformation path!

He was a transformation path rank six Gu Immortal, this Han Dong blessed land was a rank six blessed land.

Fang Yuan floated in the sky, at this time, a pinkish red spirit snake slithered over towards Fang Yuan.

“Hiss hiss hiss!”

The spirit snake was translucent without scales, its flesh was pinkish, it did not have bones, just one red line held its body from head to tail together.

It hissed at Fang Yuan, showing animosity in its tone.

This was different from the other snakes.

Fang Yuan could understand it, as the hissing turned into words in his ears: “Who are you? Why did you invade my home? Quickly leave, you are not welcomed here!”

Fang Yuan smiled lightly: “I came here because I want to be your master, what are the conditions for that?”

“Hiss hiss hiss!”

The pinkish red spirit snake hissed unhappily.

Fang Yuan nodded, feeling overjoyed, he thought to himself: “So Han Dong’s obsession before death has to do with Lu Qing Ming and Su Guang.”

It turned out that Han Dong blessed land’s condition was very simple yet strict.

The spirit snake in front of Fang Yuan was the blessed land’s land spirit, created after Han Dong’s death, fusing his obsession with heavenly power.

This land spirit would only acknowledge Lu Qing Ming or Su Guang.

When either of them arrived, this blessed land would belong to them.

From this point, the Traveling Three Elites truly had a close relationship. Han Dong’s obsession before dying was to leave all of his assets to his two good friends.

“In that case, I will bring Lu Qing Ming here. We are good friends.” Fang Yuan spouted nonsense.

“Hiss hiss hiss!”

Spirit snake asked: “Is that true? You can find Lu Qing Ming? That is wonderful.”

“In fact, he is nearby. Because your main body died here, Lu Qing Ming and Su Guang have been thinking about it. But Tai Qiu is too dangerous, thus, they asked me for help, and we finally found you after so long.” Fang Yuan started his chain of lies, he neither was flustered nor did his heart beat faster.

The spirit snake slithered around, moving its body, it was very excited.

Next, it made an agreement with Fang Yuan, in just a few minutes, Lu Qing Ming would arrive.

“Thank you, truly, you are a good person!” The spirit snake’s attitude changed, it was very welcoming as it opened the entrance, sending Fang Yuan out.

“You must find Lu Qing Ming!” Seeing Fang Yuan off, the spirit snake closed the entrance longingly.

Fang Yuan flew in a circuit outside, storing away the upper extreme heavenly eagle and using familiar face to become Lu Qing Ming.

He came back and waited for a while, before the blessed land’s entrance opened.

“Lord Lu Qing Ming... sob sob sob.” The spirit snake was at the entrance, seeing ‘Lu Qing Ming’, it started to sob uncontrollably.

Fang Yuan consoled it as the spirit snake’s mood lifted.

The spirit snake asked: “Lord Lu Qing Ming, where is your friend from earlier? He is a nice person, he actually brought you here.”

“He is a kind and helpful person, he is very dependable. He has already left, he said that there is no point in staying here, he has already done his part.” Fang Yuan continued with his fairy tales.

The pitiful land spirit could not see through familiar face, it thought he was speaking the truth, immediately acknowledging Lu Qing Ming as its master.

“Hiss hiss hiss!”

The spirit snake coiled around Fang Yuan’s shoulder: “From now on, you are the owner of this blessed land.”

Fang Yuan immediately changed his tone: “Wonderful, I’ve thought about it, I will give this blessed land to that friend of mine from earlier.”

“Hiss?!?”

The spirit snake was stunned.

Fang Yuan smiled lightly: “Since I am the owner of this place, I have the authority for that, right?”

“Hiss... hiss.”

The pinkish red spirit snake lowered its head, it was upset but it still responded, acknowledging Fang Yuan’s words.

Fang Yuan immediately left, in a moment, he got rid of familiar face and returned in his original appearance.

Very successfully, the spirit snake acknowledged him as master.

“Hiss hiss hiss!”

The spirit snake said: “From today onwards, you are the owner of this blessed land. Sigh, even though I am sad, this is Lord Lu Qing Ming’s wish.”

Next, there were even more saddening words coming out of Fang Yuan's mouth: "Since you acknowledge me as your master, work with me, assimilate this blessed land into my own blessed land."

"Hiss? Hiss, hiss, hiss, hiss hiss!"

The spirit snake was completely stunned, before becoming frantic: "What? Why must we do that? If we do that, I will disappear!"

"Of course I know that. But by fusing into my blessed land, I can skip multiple calamities and tribulations, it is helpful to me." Fang Yuan continued.

The pinkish red spirit snake thought of something and cried out: "To annex my blessed land, you need to be at least a transformation path master."

"I primarily cultivate transformation path, I am a grandmaster!" Fang Yuan replied mockingly.

The spirit snake lost all its vigor, its head was lowered to the ground: "Fine, you are the owner of the blessed land, you can do whatever you want, I will cooperate."

Immortal apertures could annex one another.

There were many restrictions and requirements in this.

Firstly, a smaller immortal aperture could not engulf a bigger one.

Secondly, dead apertures could not devour others.

Finally, annexing immortal apertures required specific attainment levels. To annex a rank six blessed land, one needed to have master attainment level in that path. For rank seven blessed lands, one needed grandmaster attainment level. and for rank eight grotto-heavens, one needed great grandmaster attainment level!

Once these requirements were met, another person's immortal aperture could be devoured and become part of one's own immortal aperture!

There were many benefits in this.

Firstly, the resources inside the annexed immortal aperture would be completely transferred into the other immortal aperture without any need for relocation.

Secondly, one would gain a portion of its dao marks.

Thirdly, and the most crucial point, the skipping of calamities and tribulations!

For example, Hu Immortal, an enslavement path lone cultivator from Central Continent, had died during her fifth earthly calamity, from the blue charm lightning shadow. Even though the blue charm lightning shadow remained, the fifth earthly calamity of Hu Immortal blessed land was passed.

If a Gu Immortal annexed this blessed land, they would gain all of the resources inside Hu Immortal blessed land, at the same time, they would receive a portion of the blessed land's dao marks, and they would skip at least one calamity or tribulation, to a maximum of five. Furthermore, the countdown towards their next calamity or tribulation would be reset.

Southern Border, Jade Pot Mountain.

Ying Wu Xie's group arrived at the interior of the mountain.

"To think that Jade Pot Mountain has jade soil on the surface, producing beautiful jade that is renowned in Southern Border, but the interior is actually an icy land, it is truly another world here." Bai Ning Bing stood inside the icy cave, sighing in shock.

As they got deeper into Jade Pot Mountain, the temperature lowered, frost energy emanated, even though the Gu Immortals had defensive methods, they still felt a strong chill assaulting them.

Ying Wu Xie suddenly paused his steps, he seemed to have sensed something, he spoke while looking forward at the empty space: "We are here. This is a rank six immortal aperture left behind by a strength path Gu Immortal of Shadow Sect."

Next, Ying Wu Xie turned around and said to Hei Lou Lan: "Hei Lou Lan, this is for you. You have enough strength path attainment level, you can annex this immortal aperture. This way, your upcoming calamities and tribulations will be bypassed."

Hei Lou Lan's expression changed.

She had the Great Strength True Martial Physique, one of the ten extremes, her calamities and tribulations were immensely powerful.

Annexing an immortal aperture could resolve her problem, but it sacrificed her potential for growth in the future, only to obtain some short term benefits.

She hesitated, but eventually gritted her teeth, walking forward.

Ying Wu Xie internally nodded at this, he understood Hei Lou Lan's feelings, he spoke: "In a Gu Immortal's cultivation journey, pursuing potential and long term growth is not wise. If you cannot survive the upcoming tribulation, then there is no future to speak of. Don't worry, this blessed land contains strength path dao marks that are not fewer in number than your ten extreme physique tribulation. Shadow Sect's cultivation methods are not something you can imagine. But how much you can actually absorb is up to your own fortune. Because the annexing of others' immortal apertures will often result in a reduction of dao marks gained to some extent. It is far less than stuffing a Gu Immortal's corpse into your immortal aperture directly and allowing it to break down naturally."

Hei Lou Lan's body shook, the anticipation in her gaze became heavier.

Ying Wu Xie could not help but think of Fang Yuan, he added in his mind: "Of course, the sovereign immortal body is exempt from this."

Chapter 1185: Unexpected Joy

"What is going on?" Fang Yuan was confused.

Under the cooperation of the blessed land's pinkish red spirit snake, he successfully annexed Han Dong blessed land, turning it into a portion of the sovereign immortal aperture.

Thus, a shallow rock beach appeared in Mini Northern Plains, within the sovereign immortal aperture.

In the shallow beach, there was clear jade green water, with all sorts of fish and prawns in it, they could be seen swimming in the clear water. Between the crevices of the rocks, algae and seaweed flowed with the waves, there were even seashells and conchs.

There was a great number of pinkish red spirit snakes, some were moving alone, exploring the crevices. Some formed into groups, swimming in the green water, resembling a ball of red threads as they moved together. Some spirit snake groups moved in hundreds, it was a grand sight.

What was worth mentioning was that there was a desolate beast pinkish red spirit snake.

It was resting in a crevice between some rocks, it seemed to be in deep sleep.

Even when the entire blessed land was engulfed, it did not wake up.

Fang Yuan moved the whole of Han Dong blessed land over, the assimilation was simply perfect.

Normally, if Fang Yuan took out these resources and planted them into his sovereign immortal aperture personally, he would need to dig rivers and create their habitat.

In that case, because of the change in environment and difference in dao marks, much of these resources would wither and die. Like what happened when Fang Yuan took away Hei Fan grotto-heaven's resources, he had to constantly sell the resources in the outside world.

Because these resources could not grow in the sovereign immortal aperture.

It was not worth the effort in trying.

But now, Fang Yuan directly annexed the immortal aperture, he saved a lot of trouble.

The resources in Han Dong blessed land, be it the fish, prawns, or plants, did not need to adapt to a new environment. Because Fang Yuan moved the entire environment over directly!

This way, Fang Yuan had completely, with one hundred percent efficiency, taken over all of Han Dong's accumulation of resources over his life, and instantly absorbed them.

"Han Dong blessed land only produces one valuable thing, that is the spirit snakes. He can already nurture desolate beast level spirit snakes, even though this blessed land is low grade, to reach this extent of development is already outstanding."

Thus, Fang Yuan could inherit Han Dong's business and sell the spirit snakes.

Spirit snakes were a type of mutated beast, but they had a high ceiling of growth, they could reach a peak of ancient desolate beast level.

Fang Yuan assessed it, this rock beach was the foundation for raising spirit snakes. The profits it generated for him slightly exceeded the star fragment grass fields that were in Mini Blue Heaven.

Fang Yuan put these resources aside for now.

There were other, stranger matters.

Firstly, Han Dong blessed land's land spirit, that pinkish red spirit snake, was still around in the rock beach.

It did not die!

"Hiss hiss hiss?!" The pinkish red spirit snake twisted its delicate body, shaking its head, even the land spirit itself was confused.

The blessed land was annexed, the land spirit would die, this was common knowledge in the Gu Immortal world. But when it came to the sovereign immortal aperture, logic was meant to be defied.

Fang Yuan did not expect this at all, he was mentally prepared to sacrifice the blessed land's land spirit.

But to think that this happened.

Fang Yuan's will descended to the rock beach, forming into a human shape.

The pinkish red spirit snake slithered over, happily hissing at Fang Yuan: "Hiss— hiss hiss hiss!"

"Master, master! What is going on, I actually did not die. I am still alive, master, master, you are amazing!"

Fang Yuan's will laughed: "Of course, this is my secret art, solely created by me, it is unique in this entire Gu Immortal world. You think I wanted to harm you? But you are truly loyal, you were willing to sacrifice yourself, and give everything to me."

The pinkish red spirit snake's eyes were shining, it had deep admiration towards Fang Yuan: "Hiss hiss hiss!"

"Wow, my master is so amazing, master's talent is higher than heaven! I am truly so blessed to have a master like you."

Fang Yuan's will nodded in agreement: "Alright, even though I have created a secret art to annex immortal apertures of others, this is the first time I used it. How much control do you have over this rock beach?"

The spirit snake answered: "Same as before, master, master, you are so amazing!"

"Oh?" Fang Yuan's will pondered, before saying: "Then, little spirit snake, can you control any other areas?"

The spirit snake tried and shook its head: "No master, I cannot."

"It can only control its original territory huh..." Fang Yuan's will thought and said: "Then, can you try and leave this rock beach?"

The spirit snake was very obedient, it immediately tried.

Unfortunately, as Fang Yuan had predicted, it could not leave the rock beach at all.

"Thus, the little spirit snake can only manage this rock beach in the future..." Fang Yuan felt a slight pity.

He lacked a capable individual to manage the sovereign immortal aperture for him. Earlier, he had hoped that there would be someone like Little Hu Immortal to manage the place for him.

After all, the sovereign immortal aperture was just too big, Fang Yuan's divine sense needed time to just look over it completely, it was a hassle to manage. It used up a lot of his time and energy over typical days.

The appearance of the pinkish red spirit snake was a somewhat unexpected and joyful surprise.

Fang Yuan had wanted to let it manage the sovereign immortal aperture for him, but now it seemed, forget about the sovereign immortal aperture, it could not even manage the whole of Mini Northern Plains.

Because it could only move around in its original territory.

"Forget it. This rock beach can be taken care of by the pinkish red spirit snake, it can sense any issues immediately if they occur. Why must I be unsatisfied?"

Fang Yuan quickly got over it and continued thinking calmly.

The pinkish red spirit snake was not destroyed, it still existed, this was just one aspect that shocked Fang Yuan.

The other aspect was in dao marks.

"I annexed Han Dong blessed land, but I actually absorbed all of the dao marks of the blessed land, what is going on?" Fang Yuan was puzzled.

According to the logic of the Gu Immortal world, when Gu Immortals annex immortal apertures, the dao marks they gain would be greatly reduced from the total amount.

But Fang Yuan obtained everything!

Before annexing the blessed land, Fang Yuan had used perceivable dao Immortal Gu to inspect the number of dao marks in Han Dong blessed land. Its transformation path dao marks were the highest in number, about seven thousand, followed by water and earth path dao marks, about a thousand each. Time path, space path, fire path, and other dao marks were mixed in and varied in numbers, some were less than a hundred, some were a few hundred.

These dao marks were all absorbed by Fang Yuan. As Han Dong blessed land completely fused with him, it became a part of the sovereign immortal aperture.

Results by testing with perceivable dao Immortal Gu proved this point.

"I kind of understand why." Fang Yuan thought for a while, realizing something.

What caused this situation was very likely to be the trait of non-conflicting dao marks that the sovereign immortal body had!

Ordinary Gu Immortals, even those of the ten extreme physiques, when annexing immortal apertures, would face conflicts between different dao marks. The Gu Immortal's dao marks were like the owners of the house. And the annexed dao marks were like guests.

If guests want to enter the house and refuse to leave, even attempting to become the new owners of the house, the original owners would chase them away.

Eventually, the original owners will take in a batch of guests that they like, and these guests would suit the nature of the owners, they would be of the same path. As for the other paths' dao marks, they would be chased out, few of them could enter the house and become new owners.

But Fang Yuan's sovereign immortal body was different.

This house was open and invited any guest to stay. Because dao marks did not conflict, the original owner could allow any newcomer to stay without any issues!

"It is all encompassing. Not only are dao marks non-conflicting, even land spirits can be taken in, it is like the huge world outside, there is nothing it cannot contain." Fang Yuan suddenly felt a trace of Spectral Soul Demon Venerable's incredible fortitude and resolution.

The sovereign immortal body was formed from sovereign immortal fetus Gu, it was deduced by Spectral Soul singlehandedly, expending a great amount of time, effort, and resources, eventually refined through great danger.

This Immortal Gu was the embodiment of Spectral Soul Demon Venerable's beliefs and mindset.

Fang Yuan could not help but praise internally: "Spectral Soul Demon Venerable reached the apex through killing, he created soul path and was invincible in the world. But after he died, his soul went to the door of life and death, he went a step further and broke the limits he faced during his lifetime, reaching a state of being akin to that of a sea which all rivers flow into, becoming an all-encompassing being, he was truly incredible!"

Non-conflicting dao marks made Fang Yuan's body very fragile, but the advantages greatly outweighed the disadvantages.

Fang Yuan could use strong defensive methods to negate this weakness. But the great benefits it brought could not be replicated through other means!

After annexing Han Dong blessed land, Fang Yuan's final gain was also his main objective — skipping calamities and tribulations.

He succeeded.

Originally, his sixth earthly calamity was impending.

But after annexing Han Dong blessed land, not only was the sixth earthly calamity skipped, the countdown until the next calamity, and he even jumped forward by four calamities.

"I have already passed five earthly calamities, with the sixth coming soon. Now that I skipped four, I have already passed the ninth earthly calamity, and my first heavenly tribulation would be next!"

Gu Immortals pass tribulations time and time again, it is like they were obtaining the acknowledgement of heaven and earth.

The achievements of predecessors would be enjoyed by the person who annexed their immortal aperture.

Even though Fang Yuan was not very clear on the reasoning behind this, it was proven countless times in history by many Gu Immortals: Annexing other people's blessed lands would allow one to skip their tribulations.

This was also a way to undergo tribulations, but in actuality, there were huge restrictions and tough conditions to meet.

And the disadvantages were not small.

"Sigh, after annexing this strength path immortal aperture, even though I gained a lot, I lost a lot of future potential in exchange for the current gains." Inside Southern Border's Jade Pot Mountain, Hei Lou Lan had also annexed an immortal aperture.

But her expression was very gloomy.

Chapter 1186: Ice Soul Immortal Gu

Even though Hei Lou Lan obtained a lot of resources, and her greatest weakness was alleviated, her gains in dao mark were very little.

Making an estimation, it was less than thirty percent of the immortal aperture's dao marks.

She skipped more than ten calamities and tribulations directly.

This was an immeasurable loss to Hei Lou Lan!

Because of her having one of the ten extreme physiques, every time she underwent tribulation, it would be extremely strong. Fortune and disaster came together, whenever she succeeded in passing the tribulation, the dao marks that she gained would be much greater in number.

More than ten calamities and tribulations, it was not just earthly calamities, but a heavenly tribulation as well!

Considering this, her losses were huge.

Even though undergoing tribulation was a dangerous thing, for a bold and fierce character like Hei Lou Lan, she was not afraid of difficulties, she was only afraid of being ordinary.

"Even if I am unwilling, what can I do? I am stuck deep in the abyss, it is not up to me..." Hei Lou Lan sighed internally.

Ying Wu Xie observed her appearance, seeing Hei Lou Lan's gloomy expression, he smiled internally as he said: "Alright, let's continue traveling."

The group passed the icy tunnel, getting even deeper into the mountain.

Eventually, they arrived in front of a wall of ice.

Through the white wall of ice, the immortals could see countless hearts inside.

These hearts were blue, there were about at least a thousand of them.

Bai Ning Bing did not know of them.

But Tai Bai Yun Sheng screamed: "Oh heavens, these are ice hearts, they are all ice hearts."

Hei Lou Lan's expression also changed: "Not just ice hearts, there are twin ice hearts, the latter is a rank seven immortal material, and in such quantity."

Even the normally quiet Shi Nu gasped: "Unimaginable, Jade Pot Mountain actually has such an abundance of wealth. If Southern Border's Gu Immortals knew about this, a storm would be whipped up, in order to fight for these ice hearts, they would fight until rivers of blood flowed!"

Jade Pot Mountain was not uninhabited, there was a village on the mountain, with the surname Yu.

Jade Pot Mountain produced jade stones and jade Gu, Yu clan village relied on these resources for survival.

Among mortal forces, Yu clan village, which had many rank five Gu Masters, was very powerful. But to Gu Immortals, they were not worth mentioning.

Who could have thought that Jade Pot Mountain, controlled by a mortal force, could have such a quantity of rare immortal materials stacked together!

Ying Wu Xie sighed deeply: "Jade Pot Mountain is nothing special on the surface, it is easy to ignore. Even my Shadow Sect also found this place due to a fortuitous encounter. But the ice hearts formed naturally here are not so high in quantity. My Shadow Sect's Gu Immortals had secretly set up a Gu formation to turn this place into a Gu breeding ground."

"In the past, this place had nurtured ice heart Gu, but they had been taken away. There is still one ice heart Immortal Gu here, it was not ready earlier, but now it has completely formed. Bai Ning Bing, come here and retrieve this wild Immortal Gu using the method I taught you."

"Alright!" Bai Ning Bing said without hesitation.

She took large steps ahead.

Next, using Ying Wu Xie's instructions, she stretched out both hands and placed them on the wall of ice, which was covered in frost energy.

Without using any defensive methods, Bai Ning Bing's hands were completely frozen, frost energy assaulted her as a thick layer of frost formed on her arms.

Hei Lou Lan saw this and raised her eyebrows.

Tai Bai Yun Sheng wanted to speak, he had an expression of pity.

Ying Wu Xie smiled lightly, Shi Nu was expressionless, not saying a word.

Bai Ning Bing endured the intense pain as frost energy traveled through her body from her arms, soon, she felt her body turning stiff, even her mind was becoming frozen.

The intense threat of death assaulted her in both body and mind.

But she was unmoved.

Inside her clear blue eyes, a firm, determined gaze could be seen, she was even more stubborn and cold than this ice wall.

“Endure it!”

“Even if I die, it is nothing much.”

“Hmph, dying from frost like this, it is interesting too isn’t it...”

“Furthermore! Shadow Sect suffered a huge blow, they need manpower. Ying Wu Xie tried so hard to recruit me, how could he let me die like this?”

As expected, a change occurred in front of Bai Ning Bing.

Inside the wall of ice, the blue ice hearts were shaking together, the vibrations were small initially, but got more intense with time.

More than ten breaths of time later, the wall of ice made a loud sound, cracks were forming before the immortals’ eyes. Soon, they were covering the wall of ice like a spider web, one of the cracks went deep into the interior of the wall.

The aura of Immortal Gu leaked out.

Tai Bai Yun Sheng almost wanted to help out.

This was a wild Immortal Gu, it was very hard to catch, if they did not take action now, it would be too late!

But Ying Wu Xie was unmoved, he watched silently.

Since he kept motionless, Hei Lou Lan and Shi Nu also did not act.

Bai Ning Bing could not move.

She was completely frozen, frost energy had permeated her entire body, she was close to death.

But this person who was dying greatly attracted that wild Immortal Gu which had broken out of the ice.

This wild Immortal Gu flew over slowly, entering Bai Ning Bing’s hold.

In the immortals’ vision, this Immortal Gu was about the size of a baby’s fist, resembling a spider with a white body and eight claws, as well as a back with blue flowery markings that showed the appearance of a vengeful ghost screaming.

Rank six ice soul Immortal Gu!

Bai Ning Bing focused her mind, opening her phantom aperture’s entrance.

Ice soul Immortal Gu directly flew in.

When the phantom aperture's entrance closed, Ying Wu Xie immediately acted, healing Bai Ning Bing's injuries, dragging her back from the edge of death.

"Good, ice soul Immortal Gu is already in your aperture, it has nowhere to escape, refining it will be extremely easy." Ying Wu Xie clapped and smiled.

Hei Lou Lan's gaze shined, she suddenly spoke: "I understand, this ice soul Immortal Gu has a close connection to Bai Ning Bing. Because Bai Ning Bing has the Northern Dark Ice Soul Physique!"

"Indeed, the aura of the Northern Dark Ice Soul Physique has an intense attraction to ice soul Immortal Gu. Thus, I asked Bai Ning Bing to capture it without using any defensive methods. It was to completely release the aura of the Northern Dark Ice Soul Physique without any concealment!" Ying Wu Xie nodded, explaining.

"But if Bai Ning Bing's vitality was too high, the wild ice soul Immortal Gu would hesitate. Thus, only when Bai Ning Bing was on the verge of death, would ice soul Immortal Gu feel that she was no threat and go towards her automatically."

"So that's it." Tai Bai Yun Sheng realized.

"Lord Fang Yuan is so wise!" The loyal Shi Nu also said.

"Hahaha." Ying Wu Xie raised his head and laughed: "My Shadow Sect is huge and has many resources, being with me will give you all great benefits. Like this wall of ice, my Shadow Sect had spent a thousand years mimicking a natural environment, creating this Gu refinement ground."

"The cultivation methods that my Shadow Sect has are unimaginable to all of you. If your aptitude is low, we will raise it. If you have few dao marks, we will increase them. Everything is possible."

Hei Lou Lan's heart shook.

Ying Wu Xie's final words were clearly directed at her.

"This fellow, he has learned how to be a true leader, he is really improving rapidly." Before Hei Lou Lan could continue thinking, Ying Wu Xie waved his hand: "We're leaving! Next, we will take over Bai Xiang grotto-heaven!"

Northern Plains.

"I skipped too few calamities and tribulations." Fang Yuan sighed, he was not happy about this.

At almost the same time as Hei Lou Lan, who was unhappy over her major losses, wanting to skip as few calamities and tribulations as possible.

Fang Yuan sighed, the number of calamities and tribulations skipped did not match his expectations.

If possible, he wanted to be a rank seven Gu Immortal at the very next moment!

The endless number of battles in Hei Fan grotto-heaven made Fang Yuan realize his biggest flaw. His cultivation level was too low, his green grape immortal essence was not efficient.

As Fang Yuan's identity got more complex, the dangers he faced also became greater.

In the past, Fang Yuan could control the future well, because he was alone. Now that he had many alliance agreements, he could not help himself.

And with the trip to Eastern Sea, he did not manage to exterminate Shadow Sect, the growth of Ying Wu Xie and the rest made Fang Yuan feel immense pressure.

Thus, he would rather sacrifice his future potential and raise his battle strength rapidly.

“Without the present, how can there be a future?”

“Potential is good, but to have room for development, one needs to spend time.”

“The true attitude for cultivation is to be practical, everything is for the sake of our present reality.”

Fang Yuan’s losses were even more severe than Hei Lou Lan’s, but he did not feel any pity or loss, he had a resolute and determined gaze.

“But, Han Dong had already gone through two heavenly tribulations and more than twenty earthly calamities. I annexed his immortal aperture, but I only progressed by four earthly calamities.”

“Is this because the sovereign immortal aperture is too big, the effect of skipping calamities and tribulations from annexing immortal apertures is not very evident?”

Fang Yuan thought about it from all angles, he felt that the sovereign immortal aperture was the cause.

Rank six Gu Immortals face an earthly calamity every ten years, and a heavenly tribulation every one hundred years. After three hundred years, after three heavenly tribulations, they would become rank seven.

During this process, if it was split into three, Fang Yuan was nearly one-third done.

“This is not fast enough, I need to hit rank seven as soon as possible, it would give me a huge boost in battle strength in terms of sustainability! Financially, I will also grow rapidly.”

“If only Han Dong blessed land is not enough, I will have to annex more immortal apertures.”

“Even though the gains in dao marks cannot compare to undergoing tribulation myself, I can save a lot of time, I can deal with challenges and dangers from all aspects more easily now.”

“Furthermore, when annexing blessed lands, I get all of their dao marks without any losses. Even though it is still a loss, I just need to kill some Gu Immortals to make up for it!”

Thinking of this, Fang Yuan had a ruthless light flashing in his eyes.

After uncovering another advantage of the sovereign immortal aperture, Fang Yuan discovered a new way to cultivate.

His original method was to go with the natural flow, undergoing tribulations and obtaining a great number of dao marks and true meaning. But this method was too slow, his battle strength rose slowly, what grew the most was his immortal aperture’s foundation. It was not suited for Fang Yuan, it would only make his situation more dangerous.

Currently, Fang Yuan was going to use the method of annexing immortal apertures and skipping calamities and tribulations, to rapidly raise his cultivation level. When his cultivation level rises, his battle strength would also rise. Fang Yuan would use his new battle strength to kill more enemies and annex their apertures, to avoid undergoing tribulation himself, it could also allow his immortal aperture's foundation to grow, and he would gain dao marks as well.

This method allowed Fang Yuan's battle strength to grow at the fastest speed, but his immortal aperture's foundation would increase more slowly. But it was suited for Fang Yuan's situation, it allowed him to have a better chance at survival!

Both cultivation methods could create a cycle of benefits for him, they just had their own advantages and strengths.

Chapter 1187: Fang Yuan's Cultivation Opportunity

Immortal killer move — Days Pass Like Years!

Countless Gu worms flew in the sky, expending green grape immortal essence as a grand light filled the entire sovereign immortal aperture.

Splash splash splash.

The tributary of the River of Time in the sovereign immortal aperture showed its true form, it could be seen with the naked eye.

Under the power of days pass like years, this tributary of the River of Time shrank, the river surface became thinner.

“Huff—!”

Letting out a breath, Fang Yuan finally relaxed.

“I succeeded, the immortal aperture's rate of time has greatly slowed down. The interval between my calamities and tribulations have lengthened drastically.” After confirming that the killer move succeeded, Fang Yuan retracted all of his concentration.

Right now, he was inside his cloud city in Lang Ya blessed land.

After annexing Han Dong blessed land, Fang Yuan immediately returned.

Tai Qiu was too dangerous, while Fang Yuan's Dark Limit had a time-limited effect, heaven's will was plotting to kill Fang Yuan at all times.

Now that his immortal aperture time was slowed down, the following calamities and tribulations were far away.

Fang Yuan felt relaxed all of a sudden, his pressure diminished.

He had undergone careful consideration before making this decision. Since he changed his cultivation method, he did not need to undergo tribulations so frequently. Annexing blessed lands could allow him

to skip calamities and tribulations, this effect had nothing to do with the rate of time in his own blessed land.

The most important thing now were blessed lands.

Where could he find more blessed lands?

Fang Yuan first thought of Hu Immortal blessed land and Star Form blessed land in Central Continent.

But soon, he disregarded this unrealistic idea.

It was impossible!

Central Continent was a dangerous territory, the ten ancient sects along with Heavenly Court, which had deeper foundation than Longevity Heaven, would want nothing more than to kill Fang Yuan.

Like how Ying Wu Xie and the rest fled from Central Continent, for Fang Yuan, it was also a death zone.

Some time ago, Star Form blessed land faced its calamities and tribulations, the land spirit wrote to Fang Yuan, sobbing while asking for help, Fang Yuan ignored it, only sending some mortal Gu and immortal essence to the land spirit, asking it to save itself.

Star Form blessed land was in such straits, the exposed Hu Immortal blessed land was even more out of the question.

Fang Yuan thought of Luo Po Valley.

Or more accurately, the location that Luo Po Valley was previously at.

There was an intense battle at Luo Po Valley, with Feng Jiu Ge leading the Central Continent Gu Immortals to fight against Shadow Sect's Northern Plains branch with Qin Bai Sheng as the leader, they went through an intense battle, with victory going to the Central Continent Gu Immortals in the end.

At Luo Po Valley's original location, there were many Gu Immortals' blessed lands.

"These blessed lands are in Northern Plains, can I go over and take them?"

This was an alluring idea, but Fang Yuan hesitated for a while, and soon after, he gave up on this option as well.

Because this choice carried great risks.

Even though this battle was hidden and the Gu Immortals of Northern Plains did not know about it, Central Continent's ten great ancient sects and Heavenly Court knew about it, as well as Shadow Sect themselves.

After Gu Immortals die, blessed lands or grotto-heavens would be formed outside.

These blessed lands or grotto-heavens contain the resources accumulated by the Gu Immortals over their lifetimes, no matter how affluent a force was, they would try all ways to reclaim these resources.

"Since Central Continent could send people to Northern Plains for investigation of Eighty-Eight True Yang Building's collapse, then they can naturally send others to reclaim those blessed lands."

“And Shadow Sect too, would want to take these blessed lands back.”

“I did not go there earlier, there is no way I am going there now.”

Fang Yuan’s decision was very wise.

Because right now, the person secretly helping Central Continent to reclaim these immortal apertures was the rank eight Gu Immortal Prince Feng Xian!

If Fang Yuan was blindly hopeful and went there on his own, Prince Feng Xian would probably laugh even in his sleep, seeing how Fang Yuan went to him on his own without any effort exerted.

Fang Yuan thought of Eastern Sea next.

Eastern Sea’s turbulent flow sea area, at its center, there were islands in bubbles.

One of the islands contained the secluded domain of heaven and earth, City Well, and inside City Well, there were lots of Gu Immortals’ blessed lands.

These Gu Immortals were all slammed to death by Fang Yuan using the effect of City Well to amplify giant hand’s power. He even went inside these blessed lands at the moment they were placed down, and went inside to scavenge for resources.

The most alluring one was Ding Qi blessed land.

Ding Qi was a blood path rank seven Gu Immortal, he self-detonated before dying, not leaving any resources, Immortal Gu, or soul for Fang Yuan, but his immortal aperture remained.

Even though Fang Yuan could annex his immortal aperture, he did not do so on the spot.

Firstly, Ding Qi blessed land’s land spirit had a difficult requirement for ownership, it needed Fang Yuan to complete the blood path Immortal Gu recipe of ‘Blood Revenge’. If Fang Yuan still had the light of wisdom, he could rapidly complete this. But now, wisdom Gu could not be used, and blood revenge Immortal Gu was less than ten percent complete, if Fang Yuan wanted to complete this Immortal Gu recipe, even with his blood path grandmaster attainment level, he would need to spend a lot of time and effort on it, the cost was not worth the gain.

And secondly, Fang Yuan’s previous cultivation method placed emphasis on potential. He went through tribulations one by one, if he annexed Ding Qi blessed land, it would go against his plan.

But now was different.

Firstly, Fang Yuan did not achieve his goal in this Eastern Sea trip, even though he weakened Ying Wu Xie and gang, he did not kill them once and for all. Fang Yuan had a deep understanding of Ying Wu Xie, their development speed surpassed his, the next time they met, he would be on the defensive.

There was also the variant human alliance, Hei Fan grotto-heaven’s contest, joining Chu Sect, and the Crazy Demon Agreement that was coming soon, his status was getting more complex. Fang Yuan felt trapped inside a vortex, in lots of situations, he could not do what he wanted, the alliance agreements were restricting his freedom.

Times were different now, as the situation continued to change, Fang Yuan realized he too needed to change.

His cultivation experiences in the five hundred years of his previous life gave him keen instinct towards how he should continue his future developments, as well as impending threats.

He had a strong feeling that if he did not make a change, the future was going to be very bleak!

Realizing the sovereign immortal aperture's special trait in annexing blessed lands was just such an opportunity.

"I am a blood path grandmaster, annexing a rank seven blessed land is not a problem in terms of attainment level. But a smaller immortal aperture cannot devour a bigger one, what does the bigger here mean?"

If it referred to cultivation level, Fang Yuan's rank six immortal aperture could not annex the rank seven Ding Qi blessed land.

But if it referred to the immortal aperture's foundation, then the sovereign immortal aperture could definitely devour the rank seven Ding Qi blessed land easily!

Fang Yuan needed an answer to this question.

It was not hard to get, he just needed to try.

"But other than that, there is another problem, the land spirit's acknowledgment."

"The acknowledgement of Ding Qi land spirit is quite difficult to get, I can't satisfy it currently. But if I attempt to use force, the land spirit would be destroyed, and the blessed land would be destroyed as well, creating the winds of assimilation."

"When these winds of assimilation blow in City Well, will it implicate the other immortal apertures? Will it destroy City Well directly?"

Fang Yuan had thought about this problem back in Eastern Sea.

Thus, he did not forcefully attempt to get those blessed lands.

To destroy the land spirit while keeping the blessed land intact, it would need to absorb a fragment of the immemorial nine heavens.

But only grotto-heavens could absorb fragments of the immemorial nine heavens.

Like Hei Fan grotto-heaven, even though Fang Yuan destroyed the heavenly spirit, it still existed. It was because this grotto-heaven world had absorbed a fragment of the immemorial nine heavens.

But that was not the case for land spirits.

And the turbulent flow sea area was far away in Eastern Sea, taking a journey there and back would use a lot of Fang Yuan's time. Heaven's will might even be plotting to prevent Fang Yuan from obtaining City Well.

Fang Yuan thought about it carefully, he found another problem limiting his annexing of immortal apertures.

It was attainment level.

Fang Yuan was not Spectral Soul Demon Venerable, the latter had high attainment levels in every path, he could easily absorb blessed lands into the sovereign immortal aperture.

But Fang Yuan could not.

“Or rather, Shadow Sect refined sovereign immortal fetus Gu in order to devour immortal apertures?”

Fang Yuan realized that if he did not take sovereign immortal fetus Gu, and allowed Spectral Soul to revive.

Then his development would be at an incredibly shocking speed!

He had the most bloodthirsty nature among the venerables, he had many killer moves, after killing Gu Immortals, he could either take their main path's dao marks and give up on the immortal aperture to raise his dao mark foundation, or annex the immortal aperture and skip calamities and tribulations, resetting the counting of his impending tribulation.

The two methods could be used in conjunction in the most efficient way.

“No wonder Spectral Soul managed to succeed in my previous life!”

“No wonder heaven's will tried all means possible to send me to the past and stop him.”

Thinking of this, Fang Yuan's gaze subconsciously moved towards the south.

Towards the direction of Southern Border.

Fang Yuan knew that the giant dream realm was there, a trace of Spectral Soul's remnant soul was there, it was the target that Ying Wu Xie and the rest were desperately trying to save.

“Attainment level... dream realm... Southern Border!” Fang Yuan's body shook, he suddenly thought of something.

The thoughts in his mind became extremely clear at this moment.

“The cultivation opportunity I need is in Southern Border. It is there...”

Snowy Mountain, first peak.

The refinement path Gu formation was still activated.

Lady Wan Shou was energetic, appearing in front of Ma Hong Yun again.

Ma Hong Yun saw her and his hair stood on end, he screamed: “You are here to shock me again, you want to shock me again!”

“Good that you know.” Lady Wan Shou smiled, pushing the lightning ball in her hand towards him.

“Ahhhh!” Ma Hong Yun was twitching from the pain, his eyes rolled back but he did not foam saliva from his mouth.

At the same time, his voice was very clear, if one listened closely, it was rhythmic.

All in all, he lasted for a while before fainting.

“His cultivation level rose again? Also, he lasted thirty percent longer this time against the lightning refinement.” Lady Wan Shou frowned as she observed.

From the eyes, nose, and ears, blood was flowing out.

This was the backlash of Gu refinement.

But Lady Wan Shou had experienced it many times, she was used to this backlash. Her healing process was also very rapid and efficient.

“It is a bit troublesome. The more times Ma Hong Yun undergoes lightning refinement, the stronger his resistance, and the more likely this crucial step is to fail. What should I do? Change the refinement method? No! If I change the method now, I will need to change the entire Immortal Gu recipe. Half of the materials we found earlier would be unusable. Snowy Mountain cannot bear such a cost anymore.”

Lady Wan Shou sighed to herself, feeling extremely worried.

Chapter 1188: Crazy Demon Agreement

Some days later.

Northern Plains, Crazy Demon Cave.

“Liu Guan Yi, we have been waiting for you!” Not Immortal came to the first layer, welcoming Fang Yuan and Chu Du.

The three conversed as they got deeper into the cave.

Fang Yuan discovered that the route this time was slightly different from the previous time he came here.

“Are the demonic sounds recently very frequent?” Fang Yuan asked.

“They are getting more frequent now. Thus, our travel route also has to be modified. Once the demonic sounds start, dao marks will go into chaos. Not only will the desolate beasts go crazy, the terrain will also change.” Not Immortal explained.

A moment later, they saw Pang Shan.

Pang Shan woke up from his slumber, his eyes opened slightly: “You are here again, Brother Chu.”

He seemed to have a good relationship with Chu Du.

Next, he looked at Fang Yuan: “Brother Liu, I know about your capabilities, let’s talk in depth after the Crazy Demon Agreement.”

Fang Yuan asked: "How will we establish the Crazy Demon Agreement?"

"We will need to go down to the third last layer, I can't move easily, I will not go with you." Pang Shan said vaguely, his explanation was as good as nothing.

"Follow me." Not Immortal continued to lead the way.

The three immortals continued to go down, the deeper they went, the more turns they had to make, sometimes, the straight distance seemed to be short, but they had to make a long detour.

"Believe me, detours are much faster than walking straight in this place." Not Immortal smiled.

Chu Du nodded, pointing out to Fang Yuan: "When we get there, don't be too surprised."

Fang Yuan felt some curiosity and anticipation.

A while later, through a cavern entrance, Fang Yuan officially stepped into the third last layer of Crazy Demon Cave.

His vision was covered by bright glorious lights.

All sorts of colors were emanated from the rocks, soil, and grass in this place.

Fang Yuan sucked in a deep breath: "This, these are all lights of dao marks! Only quasi-rank nine immortal materials can radiate such lights. The dao marks here are so dense that every piece of soil and rock is a quasi-rank nine immortal material?!"

Not Immortal laughed: "Brother Liu makes sense, but these immortal materials have chaotic dao marks, they cannot be used."

Chu Du saw Fang Yuan's shock and smiled: "Back then, when I first came here, I suffered the same shock."

Not Immortal ended his laughter: "The dao marks here are extremely dense, it is not as simple as just emitting the lights of dao marks! There is almost a state of a battlefield killer move in here, moving here is extremely difficult, Brother Liu, why don't you try?"

Fang Yuan quickly shook his head: "Not Immortal, since you say this, I will believe you. No need to try."

Not Immortal looked at Chu Du, smiling: "Brother Liu is smarter than a certain person. Back then, he refused to believe it, he wanted to charge in, I could not change his mind and in the end, he suffered a lot."

Chu Du rubbed his nose, admitting to Fang Yuan: "Not Immortal is talking about me, I spent three years to recover from that injury. Don't look down at the dao marks here. This place is extremely dangerous, each step you take is precarious! I'll teach you a secret, try to get close to the dao marks of your own path, that can make your traveling easier, and face the least obstruction."

Not Immortal nodded: "That is true, I am a rule path Gu Immortal, I have to try walking on places with more rule path dao marks."

“And I cultivate strength path, I need to get close to the strength path dao marks, thus, in the following journey, we cannot help you, you have to walk on your own, Brother Liu.” Chu Du said with concern.

Fang Yuan nodded.

Not Immortal stepped forward first: “I will go first, Brother Liu, watch carefully.”

Fang Yuan concentrated as he looked.

Not Immortal’s every step was very vigilant, the first ten steps were very easy, he could move calmly, but after ten steps, it became difficult. After twenty steps, his movements were stiff, it was like a formless force was weighing on him. After thirty steps, Not Immortal was perspiring profusely, at the forty-second step, he stopped for the first time, breathing roughly as he turned to ask Fang Yuan: “Brother Liu, did you manage to watch that?”

Chu Du laughed: “Not Immortal! Stop acting, you are clearly unable to continue, you still tried to ask Brother Liu a question to conceal the fact that you stopped.”

Not Immortal was exposed, he was embarrassed and snapped: “Oh Chu Du, I want to see how many steps you can take? Can you go as far as me!”

Chu Du snorted: “Would I be afraid of you, watch closely!”

Before he finished his words, he took large steps forward on the dao marks in the area.

Initially, his speed was faster than Not Immortal, he moved like a dragon or tiger, Not Immortal’s expression was dark.

But soon, Chu Du took a wrong step and the light of dao marks below him burst out, Chu Du grunted, his body shook as he spat out a mouthful of blood on the spot.

He was heavily injured, his momentum was lost but he did not stop, Chu Du endured his injuries as he continued to walk step by step, as slow as a snail.

Eventually, he took thirty-eight and thirty-nine steps, by the fortieth step, he could no longer continue.

His final burst of strength was used up.

He stopped.

“I could not compare to you after all.” Chu Du wiped the blood from his mouth, sighing.

Not Immortal was very shocked, he stared at Chu Du with wide eyes: “Domination Immortal, you actually improved so much since last time! I am ashamed, I have stayed in Crazy Demon Cave for so long, I have walked along this place hundreds of times more than you, I have such a huge advantage but I only managed to take forty-two steps.”

Chu Du laughed: “Alright, don’t flatter me. I know you did not use your full strength, you are trying to salvage my face?”

Not Immortal did not deny it, he chuckled: "Even so, your improvement is beyond my imagination. You are truly a genius at strength path cultivation, Domination Immortal... indeed, as the saying goes, titles are never wrong."

Chu Du laughed heartily, waving his hand: "Alright, let's stop the flattery, next, we will see Brother Liu's performance."

The two immortals turned around and watched Fang Yuan.

Fang Yuan nodded: "Don't laugh at me when I embarrass myself."

"Brother Liu, relax, this is your first time here, you should focus on the feeling of walking here, don't be obsessed over the number of steps." Not Immortal said.

Chu Du laughed instead: "Haha, don't worry brother Liu, I will remember your pathetic state later. I walked twenty-two steps when I first came here, if you cannot beat me, I will laugh at you forever. Haha!"

Fang Yuan laughed too, it was a harmonious scene.

But in truth, he understood internally: "These two are purposely probing me."

"Even though Chu Du recommended me, they are not confident in my ability to explore this place, thus they created this situation."

"They are working together, purposely asking me to walk alone, they want to probe my foundation."

"If I perform too poorly, and am of no help to them, they might not even set the Crazy Demon Agreement with me!"

Involving Limitless Demon Venerable and the secret of eternal life, Fang Yuan made up his mind to put up a good show, to display his strength for Not Immortal and Chu Du.

Fang Yuan's eyes shined with a mysterious light, he breathed in deeply and firmly stood on the ground as he took a step forward.

He chose the route with the most transformation path dao marks.

But at the next moment, Fang Yuan's expression changed.

"Haha." Chu Du observed his expression and laughed at the same time as Fang Yuan's changing expression: "Brother Liu, watching alone is useless, can you feel the pressure already?"

Fang Yuan felt extremely mystified on the inside, but he showed no flaws on his expression.

He did not answer Chu Du, he kept quiet and continued walking forward.

One step, two steps, three steps... like this, Fang Yuan took more than ten steps forward.

Fang Yuan's weird feeling intensified: "What is going on? Why do I feel no obstruction? I have already taken more than ten steps, it feels like I am walking on normal ground."

This was not normal.

Fang Yuan soon guessed that the situation was caused by his sovereign immortal body.

“Chu Du and Not Immortal face pressure because of the conflicting dao marks. There are a lot of dao marks here, while the Gu Immortals also have a lot of dao marks in their bodies.”

“So even though they took one step at a time, walking on paths with rule path or strength path dao marks, the surrounding dao marks are nearby and will still pressure and reject them.”

“But I am different, the dao marks here are not immortal killer moves, they have no offensive power, they cannot influence me!”

“Of course, this is just my guess, the truth might not be like this.”

Fang Yuan thought as he continued walking, taking a few more steps ahead.

Not Immortal and Chu Du’s expressions changed mildly.

“This Liu Guan Yi is so strong!” Not Immortal was extremely shocked.

“He is almost at the twentieth step, he can still move so calmly, the first time I came, every step was difficult, I had to exert all my effort, it was a pathetic sight!” Chu Du recalled his own experience, compared to the situation in front of him, his pride and self confidence was taking a huge beating.

A thought appeared in his mind uncontrollably: “Don’t tell me, this Liu Guan Yi is an even greater genius in cultivating transformation path compared to me and strength path? He has even higher attainment level?”

Actually, Fang Yuan was trying his best to conceal himself.

He pretended to be panting, like he was very tired.

But his acting was in reference to Chu Du and Not Immortal earlier. They had gone through this many times, they were experienced, they could maintain their composure.

Even though Fang Yuan showed a pathetic sight, he was just slightly weaker than them.

Eventually, Fang Yuan stopped at the twentieth step, smiling: “I am about the same as you, Brother Chu.”

Chu Du looked at Fang Yuan with deep meaning: “Brother Liu, you have not gone all out.”

Fang Yuan smiled bitterly: “I am barely holding on, if I continue, I will start spitting out blood!”

Chu Du’s smile was even more bitter than his: “I will not lie to Brother Liu, the first time I came here, I started spitting out blood at the tenth step.”

Chapter 1189: Huge Rise in Cultivation Level

Fang Yuan’s heart jumped, he realized that his performance had gone overboard.

But this was just a small mistake, it was not a problem.

“Let’s continue moving, we can set the alliance agreement before talking more!” Not Immortal smiled, his attitude was much warmer than before.

Fang Yuan’s earlier performance made Not Immortal’s evaluation of him rise by several levels.

The three traveled in the land of dao marks with much difficulty.

As they moved forward, dao marks were denser, the obstruction was greater.

Of course, this was referring to Not Immortal and Chu Du. But Fang Yuan also faced a lot of difficulty, having to pretend he was having a tough time, so that Chu Du and Not Immortal would not be suspicious of him.

The three immortals walked and rested, the short journey took them fifteen minutes.

Eventually, they came to a rock.

“A newcomer?” The rock suddenly spoke, as smoke rose up from the rock before vanishing.

The rock had turned into a skinny and short Gu Immortal.

He had a goatee, he was at the height of Fang Yuan’s knee, and his tiny eyes were shining brilliantly.

“This is one of the Three Crazy Demon Eccentrics, wisdom path Gu Immortal Secret Schemer.” Chu Du introduced at an appropriate timing.

Fang Yuan gasped in his mind: “This person is actually Secret Schemer!”

He concealed his expression perfectly, acting like he had heard it for the first time, immediately greeting: “Hello, I am Liu Guan Yi of transformation path.”

A day later.

“Brother Liu, Brother Chu, you are leaving so soon, aren’t you staying for a few more days?” At the first layer of Crazy Demon Cave, Not Immortal tried to ask them to stay.

“No.” Chu Du smiled bitterly and rejected: “You also know about Northern Plains’ situation, I recently created Chu Du and allied with Bai Zu tribe. Right now, the righteous path is targeting our lone cultivator sect, they cannot stand us, they are gathering members to deal with us.”

Not Immortal sighed: “These are external worldly affairs, what is there that you cannot part with. Fame and reputation, will they still remain after death? In <<The Legends of Ren Zu>>, after Verdant Great Sun died, his soul went to the door of life and death, he stayed in pacifying soul lake as reputation Gu left him. Only eternal life is the worthy goal and pursuit of us Gu Immortals.”

Chu Du had a determined expression: “I will make sure strength path flourishes, this is a promise I made to someone, if I cannot achieve it, I will not live in peace!”

Fang Yuan could not help but look at Chu Du.

This was the first time he had heard Chu Du say his aspiration.

Chu Du’s expression of sincerity did not seem to be fake.

“It seems that there is a story behind Chu Du cultivating strength path.” Fang Yuan was thinking about this, when Not Immortal asked him.

“Brother Liu, you have a lot of potential, why don’t you stay here?”

Fang Yuan smiled: “I came here this time to sign the Crazy Demon Agreement. Now that it is done, I have other matters to settle.”

Not Immortal actually thought more highly of Fang Yuan.

Mainly because Fang Yuan’s performance this time left a deep impression on him.

Fang Yuan was more confident than Not Immortal in this aspect.

He felt that he could even run freely in the third last layer’s dao mark landscape.

But if he did that, it would be too shocking, the jaws of the Three Crazy Demon Eccentrics would drop!

“I have not seen the bottom and second last layers yet, I cannot assess them. But the third last layer is not a problem. Derivation Gu is at the bottom layer, but with the Three Crazy Demon Eccentrics guarding it, I cannot act alone.” Fang Yuan felt it was somewhat of a pity.

One day, he would return to Crazy Demon Cave, using his advantage to explore the place.

But now was not the time.

He had to raise his cultivation level, that was the most important matter.

As for derivation Gu, even if Fang Yuan obtained it, what use would it have? It was a rank nine Immortal Gu, Fang Yuan thought back to wisdom Gu, he could neither use it, nor would he know how to, it would be a huge burden if he actually obtained it!

“Other than eternal life, everything else is temporary. Brother Liu, how long would you need?” Not Immortal asked. He did not want to let a useful person like Fang Yuan go.

Fang Yuan’s gaze shined, looking at Chu Du: “Actually, I am a member of Chu Sect, right now the Huang Jin tribes are attacking Chu Sect, I need to help them.”

Chu Du knew that Fang Yuan was using him as an excuse, but hearing this, he still felt warmed internally.

“Sigh, you guys... never mind.” Not Immortal saw that he could not convince Fang Yuan and gave up.

Fang Yuan and Chu Du said goodbye to Not Immortal, before flying towards the sky.

On the way back, Fang Yuan asked Chu Du about the situation in Northern Plains, as well as the difficulties Chu Sect was currently facing.

Fang Yuan had also undergone the Crazy Demon Agreement, his relationship with Chu Du had deepened again.

Chu Du did not conceal it from him, he smiled bitterly: “Right now, I feel great pressure too. Even though Chu Sect allied with Bai Zu tribe, we are against an enemy with tens or hundreds of times our strength! But they are not unified and have their own territories, they can only deploy limited Gu

Immortals. And they are in the righteous path, they talk about rules and reputation... we still have a chance.”

“When are they coming?” Fang Yuan asked the crucial question.

Chu Du chuckled: “Far from now. Even though they are spreading news everywhere and saying harsh words, they are still far from setting off. These Huang Jin tribes have their own conflicts and disagreements, they need to consider a lot of things, things are not as simple for them as us demonic path members.”

Fang Yuan nodded.

Chu Du’s words made him gain even clearer insight and analysis of the current situation in Northern Plains.

Chu Du looked at Fang Yuan: “This might sound presumptuous, but Brother Liu, your transformation path has already reached great grandmaster attainment level?”

“What? Not yet.” Fang Yuan replied.

“Even if you are not a great grandmaster, you are at least quasi-great grandmaster.” Chu Du said with much self confidence.

Fang Yuan laughed, asking instead: “How did you know?”

Chu Du chuckled: “I deduced it from your performance with the dao marks. The higher your attainment level, the easier it is to explore Crazy Demon Cave. Not Immortal was shocked by my improvement, that was because I had recently attained a qualitative improvement in my strength path attainment level.”

Chu Du stared at Fang Yuan, his gaze contained deep meaning.

Fang Yuan knew that he was trying to ask about the killer move immortal tribulation tempering aperture.

After all, Chu Du was only using calamity beckoning Immortal Gu to gain some benefits from Fang Yuan.

The core method that could draw out Reckless Savage’s true meaning had been kept secret by Fang Yuan, he did not reveal any of it.

Fang Yuan knew what Chu Du was trying to ask, but he pretended not to know, saying: “Oh, I see.”

After saying those three words, there was no follow up, they continued traveling quietly.

Disappointment flashed deep in Chu Du’s eyes.

He had been desiring immortal tribulation tempering aperture all along, but in this situation, that was no longer the focus.

Thus, Chu Du asked very vaguely, he knew that a clever person like Fang Yuan would understand what he was trying to say.

But Fang Yuan replied with three words — oh, I see.

Chu Du immediately understood, Fang Yuan had rejected him.

Like how Chu Du asked very subtly, Fang Yuan's answer was the same.

"Oh, I see." It meant that Fang Yuan's method to draw out true meaning was not for sale, he rejected a transaction.

"I can only forget about it for now." Chu Du felt it was a pity, but he was very rational. In this situation, he had to deepen his cooperation with Fang Yuan, he could not worsen their relationship.

Fang Yuan did not return to Hei Fan grotto-heaven with Chu Du.

Halfway through the journey, he parted with Chu Du.

Fang Yuan flew towards the southwest direction, some days later, he landed on an ordinary looking mound.

"According to Xue Song Zi's memories, this is the place." Fang Yuan looked around, confirming that he had arrived at the right place.

He started to activate his Immortal Gu, after a while, the immortal killer move activated successfully, and he found the location of a blessed land accurately.

His Immortal Gu and immortal killer move were borrowed from Heavenly Lord Bai Zu. For this, he paid a huge price.

However, it was completely worth it for Fang Yuan.

"Found it!" Fang Yuan's eyes shined, he summoned the upper extreme heavenly eagle.

The upper extreme heavenly eagle carried Fang Yuan and flew in a circle a few times, before piercing through space and bringing him into a new blessed land.

The owner of this blessed land had cultivated earth path during his life, thus, this blessed land was covered in black rotten mud.

Many small mud monsters were rolling around here.

From time to time, a desolate beast giant mud monster would jump up from the soil, like a huge black tidal wave.

A small mudman with a green strand of grass coming from its head floated and came to Fang Yuan.

"Bababa." The small mudman spoke, talking to Fang Yuan.

Fang Yuan listened and understood what it was saying.

He could not help but look at the mud below him, muttering: "To become the owner of the blessed land, I need to defeat five desolate beast mud monsters at once? Heh, easy."

The acknowledgement requirement of this earth path blessed land was difficult for most rank sixes.

But for Fang Yuan, it was very simple.

Fang Yuan was not unfamiliar with earth path, in fact, due to his previous life's experiences, his earth path attainment level was at master level.

After annexing this earth path blessed land, his Mini Western Desert gained a huge swamp.

For the following month, Fang Yuan went around everywhere, finding blessed lands and annexing them.

The upper extreme heavenly eagle displayed immense value, Fang Yuan easily got into blessed lands to explore them.

The information of these blessed lands was basically obtained from the Gu Immortals souls that Fang Yuan captured.

Dong Fang Chang Fan, Zheng Ling, Xue Song Zi, and the nine Gu Immortals in Hei Fan grotto-heaven, as well as the countless Gu Immortal souls from the turbulent flow sea area, and of course, Hei Cheng who was alive.

Counting them all, Fang Yuan had a large number of Gu Immortal captives!

These captives had been soul searched many times, he obtained all of their intel.

Fang Yuan's cultivation level rose tremendously, he skipped calamities and tribulations time and time again. The space and resources in the sovereign immortal aperture also increased each time he succeeded, rising time and time again.

Fang Yuan had long since passed his first heavenly tribulation.

By the time Fang Yuan returned to Lang Ya blessed land, in this short period of time, he had already passed two heavenly tribulations, he was a rank six Gu Immortal who was only three earthly calamities away from his third heavenly tribulation!

Chapter 1190: Blood Plain Martial Competition

Northern Plains, Feng Xian grotto-heaven.

Rank eight Gu Immortal Prince Feng Xian was silently sitting with his eyes shut.

Flames were burning around him, like clothes fluttering in the sky, they were dazzling and brilliant, dancing like dragons or snakes, extraordinary.

Right now, Prince Feng Xian opened his mouth, spitting out small pearls of flame.

The pearls of flame grew with the wind, in a breath of time, they expanded to become orange-red fireballs with the size of a baby's head.

The fireballs circled around Prince Feng Xian's body, flying up and down, left and right.

Next, Prince Feng Xian opened his mouth again, spitting out another pearl of flame.

A while later, Prince Feng Xian already had eight fireballs around him, they were flying around, crashing into one another, they moved in a profound trail, circling around Prince Feng Xian endlessly.

Right at this time, Prince Feng Xian suddenly opened his eyes.

An unbelievably sharp light burst out from his eyes, it was extremely dazzling.

Bam bam bam...

The eight fireballs self-detonated one by one, turning into flickers of flames, dissipating.

"I failed again, I did not manage to deduce any trace of Fang Yuan." Prince Feng Xian's eyes were shining, he stared at the fireballs that were gone.

If his deduction succeeded, these flames would instantly draw Fang Yuan's location, as well as what he was doing.

Evidently, Prince Feng Xian had failed once more.

He learned nothing.

"I am not a wisdom path Gu Immortal after all, I was just mimicking wisdom path, I cannot deduce Fang Yuan's true location." Prince Feng Xian sighed.

He was tasked to capture Fang Yuan, but the problem was, he had hidden himself too deeply. Most of the time, he was inside a blessed land and did not come out. As long as blessed lands and grotto-heavens did not absorb fragments of the nine heavens, they would be a completely different world isolated from the five regions, even Fairy Zi Wei cannot deduce anything.

Prince Feng Xian primarily cultivated fire path, he naturally could not.

Of course, Fang Yuan would go outside as well.

But he had familiar face and dark limit Immortal Gu. Together with his dark path dao marks, Fang Yuan could conceal his traces every time he traveled.

"Lord Feng Xian, Gong tribe is here, they want to meet you." At this moment, a female Gu Immortal dressed in yellow came to the hall and reported.

She was beautiful like a flower, she had watery eyes and peach-like lips, she was one of Prince Feng Xian's two female Gu Immortal attendants — Le Yao.

"Gong tribe is here? Hmph." Prince Feng Xian frowned: "Not meeting them."

"But Gong tribe's Gu Immortal brought the Longevity Edict." Le Yao hesitated.

Prince Feng Xian smiled lightly: "So what if they have the Longevity Edict? It can control the Huang Jin bloodline, but I am not one of them."

Le Yao pouted: "But lord, did you forget, we are now spies inside Northern Plains. You are still a son-in-law of Gong Tribe on the surface, an external supreme elder. If you defy the Longevity Edict openly, would it not be a problem?"

"Hahaha." Prince Feng Xian laughed heartily: "Le Yao, you are only half right. Longevity Heaven is not to be underestimated, it is a rank nine grotto-heaven, it has Giant Sun Immortal Venerable's foundation, and is unfathomably deep. It is simply like Central Continent's Heavenly Court in Northern Plains! But

this time, Longevity Heaven sent orders to unite the Huang Jin tribes, all of the righteous path super forces are to attack Bai Zu tribe. This is a unified battle of the Huang Jin tribes against outside forces. The collapse of Eighty-Eight True Yang Building, the creation of Bai Zu tribe, as well as Chu Sect, have stepped on Longevity Heaven's bottom line constantly. This time, Longevity Heaven will definitely not ask for my help, Yao Huang is their only choice!"

Prince Feng Xian analyzed it perfectly, Le Yao's eyes shone, but she did not understand: "Then why did Gong tribe's Gu Immortal bring the Longevity Edict here personally?"

Prince Feng Xian's eyes shined with cold light: "These people from Gong tribe are trying to falsely use that authority, to use the Longevity Edict and deceive me into helping them. You also know about Gong tribe's objective, they are still dreaming of becoming the number one righteous path force."

"So that's it. Then we will not meet them!" Le Yao smiled, showing her pearly white teeth, she had a beautiful smile, like the image of spring.

It was all according to what Prince Feng Xian had analyzed, several days later, the Longevity Edict was passed on to all of the Huang Jin tribes, eventually ending up in Yao Huang's hands.

Yao Huang used his old hands to receive the Longevity Edict, sighing deeply to himself.

"This Longevity Edict still ended up with me after all."

To one who heard him mumbling, it may have seemed that Yao Huang was aware all along.

The truth was that it was an obvious situation.

Heavenly Lord Bai Zu was a rank eight Gu Immortal, if the Northern Plains righteous path forces wanted to deal with Bai Zu tribe, they would need to have a rank eight Gu Immortal to deal with Heavenly Lord Bai Zu.

On the surface, out of the rank eight Gu Immortals in Northern Plains, other than Heavenly Lord Bai Zu, Old Ancestor Xue Hu was in the demonic path, Five Elements Grandmaster was a lone immortal and had invaded Longevity Heaven, he was already trapped inside Calamity Luck Altar. Only Prince Feng Xian and Yao Huang were left.

Prince Feng Xian's identity was the biggest problem.

He did not have the Huang Jin bloodline, he was just a son-in-law of Gong tribe!

If they relied on Prince Feng Xian and defeated Bai Zu tribe, would that not prove Five Elements Grandmaster's point? The great Huang Jin bloodline, descendants of Giant Sun Immortal Venerable, could not rely on themselves to defeat a strong foe?

Thus, for Longevity Heaven, there was only one person they could choose, the rank eight refinement path Gu Immortal Yao Huang!

In fact, Yao Huang really did not want to involve himself in this mess.

Currently, he was very busy trying to refine resurrection from the dead Immortal Gu!

He was severely interrupted, Yao Huang was in a bad mood.

Ping.

A soft sound echoed.

Yao Huang threw the Longevity Edict onto the table casually.

“I should go talk to Heavenly Lord Bai Zu first.” Yao Huang sighed, storing his immortal aperture and going to the outside world of Northern Plains, flying into white heaven.

A moment later, Heavenly Lord Bai Zu, who received Yao Huang’s invitation, hesitated for a moment, before deciding to meet with Yao Huang and discuss the matter.

The two rank eight Gu Immortals met in white heaven and talked in secret.

In fact, they were friends.

Long ago, Heavenly Lord Bai Zu had considered creating Bai Zu tribe, thus, as a lone cultivator, he got very close to Yao Huang.

Heavenly Lord Bai Zu wanted to be in the righteous path, but there were only two righteous path Gu Immortals, Prince Feng Xian did not originate from the righteous path, he stayed by himself and his relationship with Gong tribe was not good.

Heavenly Lord Bai Zu could only have a goal of getting close to Yao Huang.

Afterwards, Heavenly Lord Bai Zu and Yao Huang had fought against Old Ancestor Xue Hu together. Even though they lost and caused Old Ancestor Xue Hu’s reputation to surge, this matter had brought Heavenly Lord Bai Zu and Yao Huang closer together.

Thus, when they met, there was no animosity or anger.

“Friend, what do you think?” Yao Huang smiled and asked.

“Sigh, it has gotten to this point, I’ll tell you the truth, I did not expect this.” Heavenly Lord Bai Zu waved his hand, he also felt very gloomy about the situation.

His motive was very simple, he wanted to take down Hei Fan grotto-heaven.

But to think that Chu Du’s battle strength and wits exceeded Heavenly Lord Bai Zu’s expectations, it caused the situation to change and worsen, Heavenly Lord Bai Zu could not back out.

Among which, the rumors and threats regarding Heavenly Lord Bai Zu in Northern Plains’ Gu Immortal world were all spread by Chu Du and his subordinates.

Heavenly Lord Bai Zu was aware of this.

Anyone with a functioning brain knew.

But now, in fact, Heavenly Lord Bai Zu and the culprit of the rumors, Chu Du had allied, to deal with the righteous path forces that he did not want to face.

Heavenly Lord Bai Zu was also very helpless in the progression of this matter.

Yao Huang saw Heavenly Lord Bai Zu's expression and deeply understood his feelings, Yao Huang pointed and smiled: "Old friend, do you understand now? It is not easy to be the leader of a righteous path force, in many situations, even as rank eight Gu Immortals, we cannot act freely."

"I used to envy your lone cultivator status, I also urged you not to create any righteous path force, do you feel it now?"

"I feel it. But I have worked hard for so long, it was not easy to get such results, I am not willing to give up just yet." Heavenly Lord Bai Zu said openly.

Yao Huang was silent, before saying: "I do not want to interfere in this matter either, but I cannot help it, Longevity Heaven's token is already in my hands."

Heavenly Lord Bai Zu sighed deeply, he felt gladness but also sorrow in his heart.

He was glad that his relationship with Yao Huang was close enough, but the sad thing was, he and Yao Huang were friends, but they had to fight. Even as rank eight Gu Immortals, they could not decide this for themselves.

Heavenly Lord Bai Zu sighed deeply: "Then we can only fight now."

Yao tribe waved his hand: "This is an eventual matter, we are not in a rush now. Even though I am in charge of this matter, Yao tribe is just one of the righteous path forces, I still have Longevity Heaven overseeing it. They are watching patiently now, even if we fight, we cannot resolve this matter. In my opinion, we should let these juniors fight first, and rile them up."

Heavenly Lord Bai Zu pondered and nodded: "Then in that case, let's decide a date for a martial competition."

"Alright." Yao Huang thought: "Blood Plain is a good choice of location, how about there?"

"That is good." Heavenly Lord Bai Zu agreed instantly.

The two Gu Immortals talked for a while, deciding the matter of the Blood Plain martial competition, before leaving white heaven and going back to their tribes.

They gave their respective instructions on the Blood Plain martial competition.

At once, Northern Plains' Gu Immortal world went into commotion again.

A new storm was brewing, it faintly swept through the entire Northern Plains Gu Immortal world.

The Gu Immortals from the Huang Jin tribes were rubbing their hands together in anticipation, they felt that they had sufficient strength to suppress the allied forces of Bai Zu tribe and Chu Sect, they had high morale.

In terms of foundation, the allied forces of Chu Sect and Bai Zu tribe could not match the alliance of the righteous path forces, but they could seek help.

Heavenly Lord Bai Zu was from the lone cultivator faction, while Chu Du was a famous expert in the demonic path!

There was still some time until the competition. News of the Blood Plain martial competition had spread, even Central Continent and the other regions heard of it.

Both sides were gathering strength, the righteous path Huang Jin tribes were choosing carefully, only picking the elites, while Bai Zu tribe and Chu Sect started recruiting for experts to help them, making great preparations.
