#### Chapter 1991: Ancestor is Righteous and Mighty

After Xia clan first supreme elder Xia Rui Zhi heard Qi Sea Ancestor's question, he became shocked.

After a while, he answered vigilantly: "Reporting to ancestor, my Xia clan was indeed creating an artificial human path secluded domain, it is called Human Sea. But this secluded domain does not have any offensive power. The reason why we created it was to deal with the future chaos and have a method to revive our Xia clan Gu Immortals."

Xia Rui Zhi spoke vaguely but he did not lie. The reason why Xia clan was creating Human Sea was to revive their Gu Immortals.

In the five hundred years of his previous life, Fang Yuan remembered that when Xia clan's Gu Immortals died outside, they were not truly dead, they could revive from Human Sea. Although their Immortal Gu and immortal aperture's accumulations would be lost, they would still retain their cultivation level and immortal aperture itself.

Eastern Sea's Xia clan gained a huge reputation because of this, for the following period of time, they invaded Southern Border. Southern Border's Gu Immortals fought against Xia clan, over time, they learned about Xia clan's background and foundation, eventually, Chai clan mimicked Human Sea and created their own Human Mountain secluded domain.

Qi Sea Ancestor stroked his beard: "It seems that the reason why Wu Shuai led the two heavens' Gu Immortals to invade your Xia clan was because of this Human Sea secluded domain."

All of the present Xia clan Gu Immortals looked at each other.

Xia Rui Zhi frowned as he muttered: "Was my Xia clan invaded because information got leaked and the allure of the Human Sea secluded domain caused enemies to attack? But this Human Sea secluded domain has not been completed yet."

Qi Sea Ancestor had a grim expression: "If Wu Shuai did not have a complete Human Sea secluded domain, does that mean that after he completes it, he will have an actual Human Sea and his human path killer move will be even stronger?"

Xia Rui Zhi smiled: "Ancestor, don't worry, the creation of Human Sea originated from an ancestor of my clan, it was refined by generations of descendants. Wu Shuai does not know of its profundity, if he tries to complete it, Human Sea will only dwindle and shrink."

Qi Sea Ancestor shook his head: "Wu Shuai is an old monster of the past, he made use of Fang Yuan's power to revive successfully, this person is too scheming and crafty, he takes action with certainty. Each time he strikes, he is resolute and will always make great gains. Since he knew about your Xia clan's Human Sea secluded domain, he might also know a way to complete it."

Xia Rui Zhi's smile became more forced: "This possibility... is not likely. Only the top three supreme elders of my clan know about the creation method of Human Sea. Right now, they are all here, don't tell me we have a traitor among us?"

Qi Sea Ancestor sighed: "It might not be a traitor. Don't forget that Wu Shuai controls Dragon Palace which has dream path killer moves, he might have targeted you in your dreams."

"This..." Xia Rui Zhi's smiling expression froze entirely.

If it were any other path, Xia Rui Zhi would still feel some confidence. But against dream path methods, he could not be certain.

"Lord Xia Rui Zhi, friends from Xia clan." At this time, a Tang clan Gu Immortal spoke: "Should you still be hiding it? You should tell us the creation method of Human Sea, let us refer to it and find out a weakness of Wu Shuai's human path method."

Xia clan's Gu Immortals were stunned.

The creation method of Human Sea was the deepest foundation of Eastern Sea's Xia clan, how could they expose it like this?

Tang clan's Gu Immortal was merely after Human Sea himself.

Tang clan's member chuckled: "Pardon my words, but friends from Xia clan, what are you still waiting for? Your territory has been lost, you want to create a brand new Human Sea secluded domain from scratch? Do you know what the most important thing is now? When ancestor and Wu Shuai fought, it ended in a draw because of that human path killer move. As long as we can deduce this human path killer move, would we have to fear Wu Shuai and his army? By then, wouldn't you get back your homeland?"

Xia clan's Gu Immortals gritted their teeth in anger.

Tang clan was an Eastern Sea super force, they bordered Xia clan and had much conflict in usual times. Thus, they decided to make things difficult for Xia clan at this moment.

However, even though they were causing problems intentionally, their words made sense.

This was something even Xia clan's Gu Immortals had to admit.

Xia Rui Zhi thought about it before making up his mind: "The method to create Human Sea is our Xia clan's secret, we will not announce it publicly. I am only willing to contribute this human path essence to ancestor alone!"

Qi Sea Ancestor got injured from fighting Wu Shuai, Xia clan's hopes were all on Qi Sea Ancestor now. Because the two heavens were led by Wu Shuai, Eastern Sea only had Qi Sea Ancestor able to resist the Evil Dragon and Dragon Palace collectively.

Xia Rui Zhi was trying to gain Qi Sea Ancestor's favor now, he was making plans for his own clan.

But Qi Sea Ancestor shook his head: "I am only asking this to confirm the situation. Your Xia clan can keep this Human Sea creation method. I have no foundation in human path, even if I get it, I cannot deduce Wu Shuai's methods."

Xia Rui Zhi became anxious and wanted to speak but Qi Sea Ancestor waved his hand to interrupt: "Xia clan does not have to worry. Wu Shuai is a dragonman, the two heavens alliance is also made up of

mostly variant humans, they are public enemies of the five regions! If they invaded the other four regions, so be it, but they chose Eastern Sea after all, so as a human, I will resist these variant humans with all my effort.”

“Ancestor is righteous and mighty!” The Gu Immortals present called out in unison.

Qi Sea Ancestor added: “But now, I have injuries from the battle, I need to recuperate in closed cultivation. As for Wu Shuai, his injuries are more severe, he will not take action during this period of time, there is no need to worry.”

Qi Sea Ancestor paused before continuing: “When I recover, I will need you all to cooperate and gather an army to fight against the two heavens alliance.”

“We will listen to ancestor.”

“With ancestor leading us, Eastern Sea has nothing to worry!”

“Without ancestor, Eastern Sea would have suffered great losses already. It is truly Eastern Sea’s blessing to have ancestor defending it, this is the blessing of the people.”

The Eastern Sea Gu Immortals continued to flatter him without stopping.

But Xia Rui Zhi had a worried expression, he and Xia clan’s members were currently homeless. During this period, they could not reclaim Xia clan’s territory, where were they going to go now?

Qi Sea Ancestor smiled lightly: “Before we attack, friends from Xia clan, you may stay in qi sea as guests.”

Xia clan’s Gu Immortals instantly became overjoyed.

Xia Rui Zhi cupped his fists and thanked: “Xia clan will remember ancestor’s warm hospitality, we will definitely repay you in the future.”

The other clans’ Gu Immortals looked at Xia clan’s Gu Immortals with different expressions now. Other than disdain and sympathy, they also felt envious and jealous.

Was this Xia clan’s fortune after a disaster? They were able to stay closely with Qi Sea Ancestor, as time passes, their relationship would deepen, they would be able to gain the backing of a great expert!

If they knew the truth, who knew what expression they would show.

After finishing their discussion, Qi Sea Ancestor went to recuperate in closed cultivation, the other Eastern Sea Gu Immortals also went back to their bases to make preparations for the upcoming battle.

Mermaid Lian Ke Xin was feeling nervous at the moment. The Merman Imperial Court had already joined the two heavens alliance, but Wu Shuai did not expose their identity, they were currently spies sent to gather information.

Feeling the cold breeze in the sky, Lian Ke Xin calmed down slowly as sorrow emerged in her heart: “Now it seems that Eastern Sea will be peaceful for this period of time without any fighting. But this is the calm before the storm, sigh, during the battle in the future, I wonder what action my Merman Imperial Court should take?”

Lian Ke Xin was one of the three immortals in charge of the Merman Imperial Court, she had high status and authority, but now she felt helpless and fearful.

The five regional walls vanished, everyone knew that the five regions were going to become chaotic and turbulent.

But the chaos had just started, Lian Ke Xin already felt like she was in treacherous waters, her future was bleak and dark, she could not see the light or hope of survival. If she was careless, then the entire Merman Imperial Court would even get completely devoured!

After hearing the report, Shen Cong Sheng learned of Qi Sea Ancestor's decision.

"It seems that Eastern Sea is currently led by Qi Sea Ancestor after all." Shen Cong Sheng sighed: "If Ancestor Shen Shang returned, it would be different. Letting a secluded cultivator lead the entire righteous path..."

Shen Cong Sheng shook his head.

He had ambition, he wanted Shen clan to be the overlord of Eastern Sea, as the number one force.

Different from the other righteous path clans, Shen clan had Shen Shang, he was someone who could compete with Qi Sea Ancestor.

But Shen Shang's whereabouts were unknown.

Shen clan had searched for him with full effort but they made no discoveries.

Shen Cong Sheng felt a huge headache regarding this: "Oh ancestor, where in the world are you?"

At the same time.

Divine Emperor City, painting path world.

Hong Yi and Ye Fan walked side by side on the bustling street.

At the corner of an alley, a group of muscular men surrounded a person as they kicked and punched.

"Stop!" Hong Yi could not watch anymore, he quickly stopped them.

After seeing the situation, Ye Fan was also furious: "Are you guys really hitting him? So many of you are bullying one beggar?"

The group of muscular men turned around: "Stupid kids, don't meddle in others' affairs! This lunatic is courting death, he scared my young master's precious horse to death, my clan's young master also fell to the ground. We will not rest until we beat him to death."

Hong Yi sighed: "You went overboard."

Boom boom boom.

Hong Yi and Ye Fan made their move, the group of muscular men were sent scrambling and escaping.

The beggar was curled up on the ground, he was covered in bruises, his body shivered as he muttered nonsensical phrases.

“He really is insane.” Hong Yi sighed.

“Sigh, even if he is crazy, he is still human. He did not mean to scare the horse, right?” Ye Fan also felt some pity: “Come, let’s help him, we can’t leave him here like this.”

The two brought the beggar into a secluded alley as they got him a few buns, placing it beside him.

After that, they left.

What they did not know was, after they left, the beggar regained his sanity.

“Where am I?”

“Damn it, the black fire wreaked havoc, I went mad again!”

This beggar was the person that Shen clan had been desperately trying to find, Shen Shang.

### Reverend Insanity

#### **Chapter 1992: Foundational Pillar of Human Path**

1992 Foundational Pillar of Human Path People on the streets moved continuously, shops on both sides had bright signs and attractive banners.

“Wow! This is the world inside the painting. It is incredible! Everything seems so real!” Sun Yao’s body shook as her vision widened, after entering the painting, she could not help but shout in amazement.

The surrounding people looked towards this young lady with perplexed gazes.

But Sun Yao did not notice it, her eyes were wide open and shining as she looked around, filled with curiosity and excitement.

Sun Yao was a Spirit Affinity House Gu Master, she was chosen as a Gu Immortal seed by the sect and was given much assistance.

Spirit Affinity House’s original nominee was Feng Jin Huang, but because of Feng Jiu Ge’s betrayal, Qin Ding Ling hesitated.

Spirit Affinity House thus changed their nominee, Sun Yao took over Feng Jin Huang’s position.

However, the sect’s nurturing was different from what she expected. Spirit Affinity House only told Sun Yao about the background of this painting before sending her in.

Sun Yao moved around the different shops on the streets, having a lot of fun.

She had grown up in Spirit Affinity House, she only had senior brothers or sisters around her, they were all cultivators and according to the rules of the sect, they did not interact with the outside world very much.

Everything that happened here was very exciting and interesting to her.

She spent primeval stones to buy many sticks of candy, she ate them as she looked around.

She saw paper-cutting artists in the alleys, where pieces of red paper were quickly transformed with scissors into life-like butterflies and flowers.

She went into the theater to enjoy the opera, she saw the people with their painted faces, their exaggerated dresses, and their long, high-pitched singing.

She stopped at a corner of the street and saw two strong men putting up a performance of smashing rocks on their chest.

Suddenly, she was tapped on the shoulder.

Sun Yao turned around and saw a young man, with a squarish face and an honest appearance.

Before Sun Yao could open her mouth, this young man with an honest and righteous air smiled sheepishly and said: "Are you from the ten great ancient sects?"

Sun Yao suddenly stared with wide eyes and exclaimed in surprise: "Senior brother, you too?"

The young man then nodded his head and introduced himself with cupped fists: "I am Chen Da Jiang of Wind Cloud Manor."

"So it's Senior Brother Chen!" Sun Yao was shocked, she returned the greeting in succession. Chen Da Jiang was the current generation number one disciple of Wind Cloud Manor, Sun Yao had already learned of his name before this.

Sun Yao had the feeling of seeing a celebrity. When Chen Da Jiang had first gained fame, she was nothing more than a follower of Feng Jin Huang.

Like Sun Yao, Chen Da Jiang was a recommended candidate from Wind Cloud Manor and was sent to the world of the painting.

The two of them met in a strange place, and even though it was only the first time they met, there was a natural closeness between them.

"Senior Brother Chen, I wonder what other arrangements the sect has made by sending us here for training." Sun Yao inquired.

Chen Da Jiang shook his head: "I don't know anything about that either. I originally thought that by entering here, I would be able to get guidance on the next step of my cultivation. I didn't expect that the sect would not have any arrangements."

The two of them had a fruitless conversation and decided to travel in companionship.

"Give me some food, please, our mother hasn't eaten for three days."

"Please give some money, please help us."

"My father is gone, I am selling myself to raise money for his funeral, I beg for your help!"

The two wandered aimlessly into a street, but all they saw were starving people, there were many yellow-skinned people leaning on the corner wall. Many people were begging, cupping their hands or holding up broken bowls.

Pedestrians on the street, on the other hand, were in a hurry and avoided them, rarely stopping to give alms to anyone.

“How is this happening? They are just two streets apart.” Sun Yao was greatly surprised when she saw this scene.

Chen Da Jiang analyzed: “This is the painting world of Divine Emperor City. Every major scene that happened in the history of Emperor City is merged into one painting. It looks like this is what happened in Emperor City during one of the famine disasters of history.”

Sun Yao couldn't help but overflow with sympathy: “Senior Brother Chen, even though they are only people in the painting and not real existences, they are so pitiful, I still want to help them.”

Chen Da Jiang was impressed by Sun Yao's words, he smiled readily: “This might sound funny, but I also have the same idea. Why don't the two of us act together?”

“Awesome!” Sun Yao jumped at the chance and agreed to do so.

The two of them contributed money and effort, not only giving out primeval stones, but also purchasing porridge, buns, and other food to deliver to these beggars.

“Kind people!”

“Thank you, benefactors, we will never forget your act of kindness.”

“Benefactors, please allow me to follow you two in return for your kindness!”

The people in distress were grateful and appreciative.

Just then, a shrill voice cut in: “What are you guys doing?”

When Sun Yao and Chen Da Jiang turned their heads, they saw a Gu Master wearing a white robe with a jade belt at his waist, his posture was as straight as a sword, an air of arrogance could be felt between his brows as he walked towards them.

“So it's Brother Xiao Qi Xing of Spirit Butterfly Valley!” Chen Da Jiang greeted with cupped fists.

Sun Yao gasped, Xiao Qi Xing was also a well-known figure, she said in a panic: “Spirit Affinity House's Sun Yao greets Brother Xiao.”

Xiao Qi Xing sized up Sun Yao: “Are you the candidate of Spirit Affinity House this time? It seems that Feng Jin Huang has indeed been suppressed, this is not surprising at all, her father has openly betrayed Heavenly Court, this outcome is only natural.”

As soon as this was said, Sun Yao frowned: “Senior Sister Feng wouldn't care about these things.”

“Hehe, she is indeed arrogant. Pity, what a pity, a fallen phoenix is worse than a chicken.” Xiao Qi Xing revealed a mocking smile: “You guys are actually helping these beggars again? They're not real people, why are you doing this for?”

“No reason, we just feel like helping them.” Chen Da Jiang smiled.

“Hehe, sympathy...” Xiao Qi Xing shook his head in disdain: “That means you don't know the importance of this journey, you're wasting your time here!”

“Oh?” Chen Da Jiang's eyes lit up: “What does Brother Xiao know?”

Xiao Qi Xing looked at Chen Da Jiang: "There is no harm in telling you, this painting world is so vivid because it is the effect of Genesis Lotus Immortal Venerable's contented lifestyle killer move. We were all nominated by our sects to be trained by Heavenly Court and sent here for further nurturing. As I'm sure you've noticed, there are also Gu Masters cultivating here, but they cultivate mainly human path."

"What the sect wants is for us to cultivate human path. We will strive to ascend to become immortal using human path as our main path. Although this world is not real, the cultivation of human path is not fake. All the human path Gu worms we get from here can also be taken outside and used."

"So that's how it is!" Sun Yao's eyes widened but soon she expressed some doubt: "But why didn't the sect tell me?"

Chen Da Jiang, on the other hand, simply asked: "Where did Brother Xiao learn about this inside information?"

Xiao Qi Xing smiled slightly, he puffed out his chest and said proudly: "Even Spirit Butterfly Valley has not informed me of this inside information, I had gone to ask my great grandfather to find out."

Chen Da Jiang nodded understandingly, seeing that Sun Yao was still puzzled, he explained: "Brother Xiao has a noble status and a wealth of knowledge, his great grandfather is Lord Gu Immortal Xiao Bai Hong."

"Oh, so that's how it is." Sun Yao's gaze towards Xiao Qi Xing changed again.

"Alright, I have to head to the military base now and join the city guards. I've already investigated it, only city guards can get soldier Gu, sergeant Gu, lieutenant Gu, captain Gu, and others. These human path Gu worms are very useful, they can build a strong foundation in our human path cultivation. We should go together, we can take care of each other." Xiao Qi Xing suggested again.

But Chen Da Jiang shook his head, "Brother Xiao, go first, I'm not done helping the beggars here."

Xiao Qi Xing looked at Chen Da Jiang and nodded: "You're still the same as before, so what about you?"

He looked at Sun Yao.

Sun Yao hesitated and shook her head as well: "No, Senior Brother Xiao, I... I plan to help Senior Brother Chen."

"Haha." Xiao Qi Xing laughed as he showed a smile with deep meaning: "Then I will not disturb the two of you in your good work."

He left straight away, laughing coldly in his heart: "These two idiots have no idea what kind of opportunities they are missing out on!"

Xiao Qi Xing could not help but recall the words that his great grandfather had instructed him: "Oh Qi Xing, this trip into the painting world is an unimaginably great opportunity. If possible, you can even inherit Genesis Lotus' true inheritance and become the Lord of Divine Emperor City. You must do your best to grasp this opportunity! Remember, you must hurry up. You are only the first batch of candidates, Heavenly Court will also arrange for some rank six Gu Immortals to enter next. These people are also elites that Heavenly Court is focusing on nurturing, but the qi tides have not settled yet and they are all still resting and recuperating."

“After you enter the painting world, you will have to race against time and try to establish an early advantage so that you can deal with those Gu Immortal opponents in the future. Don’t be afraid, these Gu Immortals can only follow the rules in the painting world. Inside it, immortals and mortals are basically equals.”

Xiao Qi Xing’s heart beat rapidly every time he recalled these words.

This was an unparalleled opportunity, of course he wanted to grasp it!

Sun Yao and Chen Da Jiang did not know the inside story, so Xiao Qi Xing wanted to coax them to help himself out. It was a pity that these two actually wanted to do good deeds, they were really not qualified to work with him. Xiao Qi Xing saw through this and was unwilling to waste precious time and energy on them.

“We brought steamed buns and porridge, eat slowly and don’t choke.” Sun Yao placed a bowl of porridge and steamed buns in front of Shen Shang.

Shen Shang was still covered in injuries and resembled a beggar, sitting in the shade at the corner like a stone statue.

Sun Yao also did not pay attention to it, after all, there were many such silent beggars. She did this to help others, not for the sake of listening to some words of gratitude and praise.

Shen Shang’s eyes contained bright light as he looked at Sun Yao who was close to him, and also at the back of Xiao Qi Xing, who was about to disappear in the distance of the street.

“These people are all Heavenly Court’s Gu Immortal seeds. In order to face the tides of the great era, Heavenly Court has made long-term plans.”

“Xiao Bai Hong is too shortsighted and doesn’t even know that he has harmed his own great-grandson. Sun Yao and Chen Da Jiang were previously kept in the dark, but now, although they learned some of the inside story, they still upheld their nature and acted according to their desires. These two will definitely benefit greatly if they continue.”

Shen Shang thought to himself. Although these three people were transmitting their conversations, they could not hide it from a character like Shen Shang.

Shen Shang sighed in his heart.

“Genesis Lotus Immortal Venerable’s arrangement is truly vast and grand, I really admire him.”

“In history, the greatest human path true inheritance is u003cu003cThe Legends of Ren Zuu003eu003e. Even though this book seems shallow, it is profound to the limit, only a small group of people can actually comprehend its true essence and create human path killer moves.”

“However, to establish a path, these killer moves are too few and rare, they are like the moon beyond the clouds, normal people cannot reach them. Even though human path has such great potential, it has no foundations set upon it, it is unable to develop until now.”

“But Genesis Lotus Immortal Venerable created this painting world, he used the scenes of the mortal world for the past million years to derive the foundations of human path. He is making an immense

contribution towards the development of human path! He is truly the foundational pillar of human path.”

“The human path developments here are also very helpful to me. I wonder what happened when I was in a state of madness, how did I end up in here?”

“It is a pity I cannot contact Fang Yuan’s Fang Di Chang clone. What is happening over on his end?”

Shen Shang was the one who had previously collaborated with Fang Di Chang and successfully unraveled the venerables’ human path methods, adding a significant weight to tilt the balance of the battle in the fate war.

Shen Shang knew that Fang Di Chang had refined Divine Bean Palace before, he had a large level of authority over it. If they could collaborate once again, it would benefit both of them!

#### **Chapter 1993: Fang Yuan Within The Mis**

Sovereign immortal aperture, Mini Southern Border.

In a valley, Shi Shi Cheng leaned over to check out the stone mushrooms within the valley.

If these stone mushrooms were in good condition, they would be five feet tall, shaped like a small tree with a cover like an umbrella. However, these stone mushrooms were short, just like stumps left behind after a tree was cut down. And instead of a healthy gray stone color, their bodies were covered in a distorted multicolored color, and one could tell at a glance that they were not normal.

“These stone mushrooms are ruined!” After Shi Shi Cheng finished his inspection and confirmed this, his expression was quite ugly.

Although his cultivation was only rank six, he was valued by Fang Yuan and arranged to lead the rockman tribe in Mini Southern Border. Shi Shi Cheng held Fang Yuan in high esteem and was dedicated to developing the rockman tribe, in order to live up to Fang Yuan’s expectations.

This stone mushroom field was a medium-sized resource point that he had personally constructed for the sake of the rockman tribe. In order to build this resource point, Shi Shi Cheng had specifically requested many immortal materials from Fang Yuan’s time path clone as the initial investment. At that time, he even vowed and guaranteed that there would be desirable returns!

As a result, reality was like a slap in the face of Shi Shi Cheng.

“What is happening?”

“I clearly followed the records of the tribe to carefully cultivate the stone mushrooms without any mistakes.”

Shi Shi Cheng was very confused. A few days ago, these stone mushrooms were all growing normally and everything was fine. But after a few days had passed, these stone mushrooms had become like this.

“How can I explain this to Lord Fang Yuan?!” Shi Shi Cheng furrowed his brows and sighed.

At this moment, light flashed and Fang Yuan’s will was transmitted over in mid-air.

The will was solid and lifelike.

Shi Shi Cheng gasped and immediately bowed: "Subordinate pays respect to lord."

"Mm." Fang Yuan's will waved his hand: "I already know about your situation here, the stone mushroom field was destroyed, no one can blame you, it was a natural disaster. You should go back for now, another batch of immortal materials will arrive in a while, and you can just build a second stone mushroom valley."

Shi Shi Cheng was overjoyed and thanked him, but also wanted to say something.

Fang Yuan's will revealed an understanding smile: "Are you thinking of asking what caused these stone mushrooms to be destroyed?"

Shi Shi Cheng nodded: "Lord is perceptive, I would like to ask if these stone mushrooms can still be recycled in some way? It would be a pity to just throw them away."

The initial investment in building the stone mushroom valley was huge, it was certainly nothing in Fang Yuan's eyes, but in Shi Shi Cheng's opinion, it was an astronomical investment. Together with the effort and time he had invested in this place, he did not want to see all his efforts go up in smoke.

But Fang Yuan shook his head: "You don't need to think about the details, if I can solve it, you will have no worries. If I can't solve it, it's useless for you to know. As for these stone mushrooms, none of them can be used, even if they are used as materials to refine Gu, they will only cause more harm instead. You can leave now."

"Yes, my lord!" Shi Shi Cheng took his leave respectfully, he was worried in his heart: "Why do we have such a big problem? According to his tone, it may not be possible to resolve the matter?"

Shi Shi Cheng left, only Fang Yuan's will remained in this valley.

Fang Yuan's expression was grim.

He scanned the entire valley first, the countless stone mushrooms in the valley had become twisted objects, the originally smooth surface forming countless creases. The colors were bright, like a gathering of poisonous creatures, giving people a sense of terror.

This was of course just the appearance.

In Fang Yuan's eyes, he could see that the original earth path dao marks in these stone mushrooms had been disrupted and washed away, many different dao marks from other paths, including wind path, lightning path, poison path, dark path, fire path, and so on, were added instead.

Because of this, these stone mushrooms could only be discarded as waste material. At least currently, Fang Yuan had no means to utilize them.

"Heaven's will!" Fang Yuan's will suddenly sneered and discovered heaven's will lurking in the valley.

With a loud sound, he transformed into a field of clouds and mist that covered the entire valley, pursuing and intercepting heaven's will.

A confrontation between wills soon came to an end. Fang Yuan was victorious, he had managed to completely clear the heaven's will lurking in this place, but of course, the price paid was not small.

After his will had gathered again, it was no longer as lifelike as before, but illusory as a shadow, giving the impression like it was going to fade away at any moment.

Fang Yuan sighed.

This victory only resolved the problem but not its fundamental cause, a new problem would occur again!

The stone mushroom valley was not just an isolated case, recently, there had been heaven's will lurking all over the sovereign immortal aperture, many resource points had been destroyed.

Fang Yuan's main body had obtained more than three thousand heaven path dao marks as he was the person refining Gu, managing to destroy fate Gu for good.

These dao marks did not belong to him and were imposed on him. The heaven path dao marks transformed on their own, causing the various environments of the sovereign immortal aperture to change, becoming more and more balanced and stable.

In the long run, this change would naturally do more good than harm, greatly increasing the development potential of the sovereign immortal aperture. However, if one looked at the immediate future, it would cause Fang Yuan to suffer heavy losses.

Fang Yuan was not a super force, all his possessions were in the sovereign immortal aperture. A great loss in this foundation of his would definitely affect his battle performance. Fang Yuan did not want to fall into the trap of Red Lotus Demon Venerable, he had been working hard to command the humans and variant humans in the grotto-heaven, constantly fighting against natural disasters. At the same time, he had successively retrieved the thousand wish tree and the incomplete Human Sea, using human path to restrict the heaven path effects.

With such a two-pronged approach, the situation of sovereign immortal aperture was greatly improved. However, Fang Yuan did not expect that the natural development of the heaven path dao marks would produce heaven's will after some point.

The Heavenly Dao was impartial, it had no malicious intent against Fang Yuan, changing the environment was just a natural step of development. But this was not the case for heaven's will.

Heaven's will was produced from the Heavenly Dao, it was more flexible and resourceful. The Heavenly Dao was unable to eliminate Fang Yuan, the otherworldly demon that affected the balance of the world, so heaven's will went one step further and began deliberately destroying the various resource points in the sovereign immortal aperture.

Heaven path dao marks could transform into other paths, so heaven's will used this ability to completely disrupt the dao marks of the various resource points, turning them from orderly to a complete mess.

Stone mushroom valley was just one of them.

"I have the killer move heaven's will dissipation, but the sovereign immortal aperture is too huge, the Heavenly Dao is constantly deriving new changes, it can produce heaven's will anywhere in the entire

grotto-heaven. It is too difficult for me to clear out all this heaven's will! Even if I do my best, the efficiency is low."

Fang Yuan was clear that the way to settle the fundamental cause was to directly refine these heaven path dao marks, so that they truly belonged to the sovereign immortal aperture and himself.

But what the method to go about it was, he had no idea.

He had never heard of anyone cultivating heaven path before! The only known way was to use human path methods to suppress heaven path.

Fang Yuan thought for a long time and found two possible ways out.

The first one was Emperor City.

"Emperor City was carefully arranged by Genesis Lotus Immortal Venerable, it has now become the sacred land of human path. If I can obtain it, I will definitely be able to greatly restrain the Heavenly Dao."

The second way was in Crazy Demon Cave.

"Crazy Demon Cave was set up by Limitless Demon Venerable in his later years, the eighth layer contains the derivations of the Heavenly Dao. In Crazy Demon Cave, the demonic sounds are rampant, driving lifeforms mad, all kinds of immortal materials turn into trash as dao marks are messed up. The situation is exactly the same as the stone mushrooms and other resources. If I can grasp all the secrets of Crazy Demon Cave, I should be able to improve my situation."

But these were two dangerous options.

Emperor City was located in the center of Central Continent, if Fang Yuan were to go there, he would definitely have to fight Heavenly Court. With his current strength, he would be able to defeat Heavenly Court. However! Fang Yuan's fear was Genesis Lotus Immortal Venerable and Red Lotus Demon Venerable.

Genesis Lotus Immortal Venerable had schemed against him, causing him to lose his clone Fang Di Chang. When using luck inspection earlier, he did not find Fang Di Chang's luck, it was likely that he had perished, the likelihood of his death was great.

Red Lotus Demon Venerable also schemed against him, if not for the heaven path dao marks, how could heaven's will be produced in Fang Yuan's immortal aperture? Of course, Red Lotus was also plotting against Spectral Soul. The heaven path dao marks were both dangerous and also a fortuitous encounter for Fang Yuan, it was also his protection. At the least, Spectral Soul could not use his hidden methods because of these dao marks.

If Fang Yuan wanted to take Emperor City, he would have to face the methods of Genesis Lotus Immortal Venerable and Red Lotus Demon Venerable.

As for Crazy Demon Cave?

It was also filled with danger.

The Three Crazy Demon Eccentrics had promised to join the fate war to Fang Yuan, but during the battle, none of them had shown up. Fang Yuan had tried to contact them, but they had completely vanished.

What happened in Crazy Demon Cave that caused the Three Crazy Demon Eccentrics to mysteriously disappear?

Fang Yuan guessed that Longevity Heaven might have taken action. Fang Yuan realized that the consumption of wisdom Gu was part of Giant Sun Immortal Venerable's scheme. Giant Sun's single attack also made Fang Yuan realize that he was keeping some trump cards after all.

Now that fate Gu was destroyed, it was possible for venerables to revive. If Fang Yuan went to Crazy Demon Cave, it was likely that he would need to face the methods of Giant Sun Immortal Venerable and Limitless Demon Venerable.

There was one more thing that worried Fang Yuan, there were changes happening in the River of Time.

Ever since the destruction of fate Gu, the water of the River of Time had become extremely violent, vicious and dangerous. Even if Fang Yuan used Myriad Year Flying Warship, he could only barely enter the river and last for a moment before having to return to the five regions, he was unable to explore it for long.

Fang Yuan understood the reason.

In the past, the River of Time could move forward smoothly because everything was fixed, everything moved according to the path set by fate, no matter what existed, they had a specific trajectory of life experiences. This was why time path Gu Immortals could often "predict" things by watching the downstream segments. Red Lotus Demon Venerable was able to plot the destruction of fate Gu by observing the downstream events and learning many secrets of the future.

But now, once fate Gu was destroyed, everything no longer had a fixed path and could change at will. As a result, the River of Time has become extremely violent, everything has become turbid and chaotic.

With such a change in the River of Time, Spring Autumn Cicada could no longer be used for the time being.

Before, Spring Autumn Cicada could move through the river because the water was gentle. Now that the river had become violent and chaotic, once Spring Autumn Cicada was activated and entered the river, it would definitely be smashed to pieces by the river water. Unless Fang Yuan developed some other killer move that could use Spring Autumn Cicada.

"Although the river water is troublesome, it's actually not a big problem. What I'm really worried about is still Red Lotus Demon Venerable. He's the one who had built the stone lotus islands in the River of Time. I don't know what other arrangements he has in the River of Time."

Fate Gu was destroyed at long last, Fang Yuan had finally gotten free of the Sword of Damocles hanging above his head.

However, the journey ahead of him was filled with mist, he was walking in a dangerous valley. Within the mist, which area could be explored, which area would lead to a cliff?

Would his path to eternal life, his lifelong ambition, be hidden within the mist?

If it existed, where would it be?

#### **Chapter 1994: Ice Crystal Immortal Monarch Fights Fang Zheng In immemorial bla**

In immemorial black heaven, a group of Gu Immortals were traveling stealthily as they flew continuously.

These Gu Immortals had outstanding cultivation level, they were all rank eight variant human Gu Immortals. The leader was a Gu Immortal with pale skin and blue hair, he had a grim expression, it was Ice Crystal Immortal Monarch.

Ice Crystal Immortal Monarch had received orders from Wu Shuai to reinforce the headquarters of the grotto-heavens, to resist the invasion of Heavenly Court.

Along the way, Ice Crystal Immortal Monarch's heart was filled with worry: "This is not the same as my expectations... I made Wu Shuai the alliance leader so that he would be the vanguard. But in the end, to deal with Heavenly Court, I was the one sent out instead."

Ice Crystal Immortal Monarch had the intention to reject this order, but the situation back then did not allow him to use any excuses.

"Wu Shuai suffered injuries against Qi Sea Ancestor, in a way, he was indeed used by us to resist Qi Sea Ancestor."

"As the vice alliance leader, I need to put in some effort too. It makes logical sense for me to reinforce them in black heaven."

Ice Crystal Immortal Monarch did not want to face Heavenly Court directly.

Regardless of win or loss, he would become an eyesore from Heavenly Court's perspective.

Currently, he wanted Wu Shuai to attract the attention of the enemies. But the world was not as simple as he thought, society was vicious to everyone, right now, he was pushed forward as the vanguard.

"I am truly unable to go against the tides!" Ice Crystal Immortal Monarch sighed deeply to himself.

He definitely had to go save them, but the way to go about it was something that he could determine himself.

"Vice alliance leader, we found a large number of Gu Immortals ahead." The investigative Gu Immortal suddenly spoke: "They are our allies."

Ice Crystal Immortal Monarch nodded in response, unsurprised: "Go meet with them."

Even though Ice Crystal Immortal Monarch regretted his vice alliance leader position, it was already too late now, he could only take full advantage of the authority he had.

Before setting off, he had already used his status as vice alliance leader to order the remaining grotto-heaven forces to help each other out, in order to chase away Heavenly Court, they had to contribute their strength.

The two groups of Gu Immortals gathered, Ice Crystal Immortal Monarch looked at the reinforcements, he felt rage building internally.

Chaotic Rock grotto-heaven sent an immemorial rock monster, Rotten Egg grotto-heaven sent six eggman Gu Immortals, they could form the ancient battle formation, Rotting Smell Vicious Cloud formation, while Strange Hair grotto-heaven brought an incomplete Immortal Gu House, Black Emperor Building. These three grotto-heaven forces that were close to Ice Crystal Immortal Monarch brought their trump cards along with them, but other than them, the other forces were simply not putting in effort. Especially those human forces, they only dispatched several rank seven Gu Immortals without much sincerity.

“The enemy is right ahead but these grotto-heaven forces are still trying to preserve their strength! Sigh, grotto-heavens are too far apart, we do not have much interaction normally, even if we cooperate, it is only due to external pressure.”

Ice Crystal Immortal Monarch’s anger soon turned into helplessness and dejectedness.

“In that case, I should conceal my own strength too, let’s just put up a superficial show. After all, the people I brought amount to quite a force already.”

Heavenly Court was powerful, if possible, Ice Crystal Immortal Monarch did not want to face them head-on. He knew his own limits, if he really charged forward fearlessly, he might not return alive.

While Ice Crystal Immortal Monarch was thinking about this, his expression changed as his eyes widened, almost spewing fires of rage!

The other Gu Immortals saw Ice Crystal Immortal Monarch’s expression and turned around.

Someone asked: “Vice alliance leader, what happened? Have Xia clan’s headquarters fallen?”

Ice Crystal Immortal Monarch gritted his teeth: “Xia clan’s headquarters have Lord Alliance Leader, how can they fall! My grotto-heaven has been invaded by Demon Judgment Board, my tribe’s Gu Immortals are currently fighting them to the death, we need to reinforce them now!”

“This...” Great Wisdom Immortal Mother was still thinking of saving her grotto-heaven, she was hesitant.

Ice Crystal Immortal Monarch stared at her: “Your grotto-heavens have already fallen into the enemy’s hands, the outcome has been decided. But my Ice Crystal grotto-heaven is still resisting them, there is hope. We need to return to reinforce them immediately, if anyone does not help, I will report it to Lord Alliance Leader Wu Shuai!”

Ice Crystal Immortal Monarch made use of Wu Shuai’s name, and because the variant human Gu Immortals close to Ice Crystal Immortal Monarch expressed their support, Great Wisdom Immortal Mother and the rest had to follow this order.

The immortals did not conceal their traces anymore, they flew towards Ice Crystal grotto-heaven with their fastest speed.

The grotto-heaven entrance opened as Ice Crystal Immortal Monarch flew in anxiously, while the rest followed.

Ice Crystal grotto-heaven was already in chaotic battle, Demon Judgment Board flew around like a meteor, slaughtering everything in its path, totally unstoppable.

The rank six and seven snowman Gu Immortals in Ice Crystal grotto-heaven were nowhere to be seen, they were controlling the formation to unleash a blizzard on Demon Judgment Board, but the effect was very minimal.

Suddenly, Demon Judgment Board shot out a sharp blood red light that landed on the control area of the formation.

The snowman Gu Immortals quickly put up their defenses, the blood red light seemed to be reflected by a mirror as it changed directions and shot elsewhere.

Boom!

There was a loud sound as heaven and earth shook, the blood red light exploded as the sky turned red. For the radius of several thousand li, the snowy and icy plain got completely obliterated.

“Ah, my blizzard icy plain!” Ice Crystal Immortal Monarch saw this and became overwhelmed with anger.

This icy plain was the largest gathering spot of the snowman race in Ice Crystal grotto-heaven, now that it was destroyed, nearly ten million ordinary snowmen died a terrible death.

The blizzard icy plain carried special significance to Ice Crystal Immortal Monarch personally.

His coming-of-age ceremony was held in this blizzard icy plain.

Back then, his father had brought the young Ice Crystal Immortal Monarch to the periphery of the icy plain.

“You are an adult now, my son. The icy plain you see here is the location of your trial. You need to survive seven days here to pass the trial, you will be qualified to become a Gu Master and awaken your aperture.”

The young Ice Crystal Immortal Monarch looked at this vast plain and felt lost, fear appeared in his eyes.

His father observed his expression and said: “Fear is normal because you might likely die here. The trial is fair, you need to experience the danger of death in order to be qualified to become a Gu Master. Even as a Gu Immortal, I cannot protect you from this, I can only give you a suggestion.”

“What is that?” The young Ice Crystal Immortal Monarch asked.

“It is too difficult to live alone in the icy plain for seven days, there is barely any hope.” His father shook his head: “But there are many snowman tribes in this icy plain, if you can follow the traces to find them, they will protect you.”

“But I don’t know these people.” The young Ice Crystal was worried.

His father explained meticulously: "Don't worry, the snowman tribes will protect every person who is stranded, because these people will end up protecting the entire race in the end. They will definitely help you, my son, if you succeed the trial, regardless of your achievements, you will need to protect our entire race. This is how a snowman lives!"

As expected, the young Ice Crystal survived for three days and nights in the icy plain, chasing after the traces of snowmen tribes.

At the moment of life and death, he crawled his way to a hunter's tribe near the periphery and was discovered, managing to survive.

The tribe took him in and healed him for free, welcoming him to become a member of their tribe.

Even though the young Ice Crystal left in the end, his experiences in that tribe were deeply etched into his heart, it affected him for the rest of his life until now.

After he became rank eight and inherited the title of Ice Crystal Immortal Monarch, becoming the owner of the grotto-heaven, he developed the blizzard icy plain and made the sparse icy plain grow abundant with resources, the lives of the snowmen living in it improved greatly, their numbers increased gradually.

But now, it was all ruined!

All ruined.

By a killer move of a strong foe that affected the entire blizzard icy plain.

Not only were Ice Crystal Immortal Monarch's efforts ruined entirely, his memories also became just memories now, he could no longer find them in real life.

Anger and hatred rose in his heart, burning intensely.

For a moment, Ice Crystal Immortal Monarch became silent, he took in a deep breath.

The air in Ice Crystal grotto-heaven was always so cold, it was still extremely cold now.

Ice Crystal Immortal Monarch suddenly remembered his father's teachings: "The tribe will definitely help you, my son, if you succeed in the trial, regardless of your achievements, you will need to protect our entire race. This is how a snowman lives!" "

Indeed.

It is time for me to protect my race.

Rumble!

At the next moment, Ice Crystal Immortal Monarch's aura erupted, creating an intense blizzard as he charged towards Demon Judgment Board.

All of the Gu Immortals behind him were shocked.

Ice Crystal Immortal Monarch was actually so courageous!

“Reinforcements from the two heavens are here.” Inside Demon Judgment Board, Gu Yue Fang Zheng took in a deep breath as his expression turned grim.

Many people had arrived, among which were various rank eight Gu Immortals.

Gu Yue Fang Zheng was only rank seven but he was not flustered, all of his battles before this had tempered his own confidence and determination.

But the bigger reason was also the fact that he had absolute confidence in the rank eight Immortal Gu House, Demon Judgment Board!

“You created a grand commotion, but can you fight Demon Judgment Board?” Gu Yue Fang Zheng smiled coldly, instead of using any killer move, he directly used Demon Judgment Board to charge ahead.

Ice Crystal Immortal Monarch gritted his teeth, he was forced to retreat.

He was an ice and snow path Gu Immortal, he did not cultivate transformation path or strength path, how could he resist an Immortal Gu House with his body?

“Let’s join the battle too!”

“Quick, work together and help vice alliance leader.”

The two heavens alliance shouted and attacked at once.

Seeing this, Gu Yue Fang Zheng moved Demon Judgment Board away to retreat from them, pulling some distance agilely.

Blood red light flickered in Demon Judgment Board, killer moves were unleashed. The immemorial rock monster became slower, the eggman Gu Immortals were covered in blood, they had to save themselves instead of assembling the ancient battle formation. The incomplete Black Emperor Building from Strange Hair grotto-heaven was also waiting at the back, not daring to contest Demon Judgment Board directly.

The other Gu Immortals were even less useful, even though there were many rank eight Gu Immortals, they were all scared about losing their lives, only using long ranged killer moves instead. Once the enemy got close, they would prioritize escaping first.

It was a disunited bunch!

This phrase appeared in Ice Crystal Immortal Monarch’s mind, he felt angry and anxious.

Ice Crystal grotto-heaven had nothing to do with them, they would not risk their lives for it. The only person that Ice Crystal Immortal Monarch could rely on now was himself.

“I can only use that move now!” Ice Crystal Immortal Monarch made up his mind.

“Master, Ice Crystal Immortal Monarch’s group is about to lose, should we help them?” Soul path Gu Immortal An Xun asked Spectral Soul secretly.

On this occasion, Soul Pacifying grotto-heaven sent him here, Spectral Soul came along and lurked in secret.

“Hehehe, they fought like this despite having so many rank eight Gu Immortals. The two heavens alliance is a joke.” Spectral Soul laughed: “No need to be anxious, that Ice Crystal Immortal Monarch has other tricks up his sleeve, let’s wait for now.”

### Reverend Insanity

#### **Chapter 1995: Extreme Ice Crystal Light Immortal Suppression Coffin**

Ice Crystal Immortal Monarch floated in the sky, his aura surged continuously as his clothes fluttered with the wind.

Around him, countless traces of frost energy gathered, whipping up a storm.

Such power surpassed ordinary rank eight killer moves, once Ice Crystal Immortal Monarch succeeded in activating it, the power would definitely shake heaven and earth. Fang Zheng sensed this, he wanted to use Demon Judgment Board to obstruct it.

“Let’s lend Ice Crystal a hand!”

“Stop Demon Judgment Board!”

The Gu Immortals of the two heavens were not that useless after all, they quickly went ahead to block Demon Judgment Board.

At once, all sorts of killer moves were unleashed, it was like a display of fireworks.

Demon Judgment Board was obstructed by the bombarding killer moves, but at the crucial moment, a flash of blood red light shot out, about to land on Ice Crystal Immortal Monarch.

Ice Crystal Immortal Monarch was still activating his killer move, he did not move.

At the crucial moment, An Xun opened his immortal aperture’s entrance and let out an immemorial soul beast.

The immemorial soul beast moved quickly, standing in front of Ice Crystal Immortal Monarch and blocking the blood red light entirely.

With a loud sound, an explosion occurred.

The immemorial soul beast growled in pain, half of its body was destroyed, it fell towards the ground.

Ice Crystal Immortal Monarch immediately looked towards An Xun with gratitude. The aura on his body was calming down, he had evidently passed the most dangerous moment, his killer move preparation was already done.

“Immemorial soul beasts have no blood, Demon Judgment Board’s blood path killer move had little effect.” An Xun was very excited as he said: “Master, if not for your reminder, I would not have been able to block this blood red light, Ice Crystal Immortal Monarch would have been in trouble.”

“No.” Spectral Soul analyzed: “The killer move that Ice Crystal Immortal Monarch is using contains deep profundity, during the activation process, he gains an increased level of defense, even if he was hit, he would only be injured, the killer move activation would not fail.”

“Heavenly Court! I’ll let you have a taste of my race’s unique killer move — Extreme Ice Crystal Light Immortal Suppression Coffin!” Ice Crystal Immortal Monarch shouted as all of the aura surging around him became completely concealed.

At the next moment, his entire body exploded and spread out into countless frost lights.

The frost lights shot out with extreme coldness! Everywhere they went, air would freeze into ice crystals before falling to the ground.

Fang Zheng felt something amiss, he wanted to activate Demon Judgment Board but how could his speed match the frost lights?

Almost at the same moment, Demon Judgment Board got hit by countless extreme ice crystal lights.

Crack crack.

Every crystal light that hit Demon Judgment Board turned into a small piece of ice attached to Demon Judgment Board.

Countless crystal lights shot towards it from all directions, Demon Judgment Board had nowhere to dodge, instantly, layers of ice started to form all over it.

Fang Zheng’s heart sank, he activated Demon Judgment Board and used a killer move to melt the ice layers.

But his speed could not match the rate at which the freezing was occurring, very soon, ice that was five feet thick formed all over Demon Judgment Board.

“Oh no, the thicker this ice layer is, the greater the effect of the frost lights that land!” Discovering this, Fang Zheng turned pale with shock.

This move was unavoidable from the start, it was quite powerful, but its true strength came much later. The longer it dragged on, the stronger this move would be!

Fang Zheng quickly tried to move Demon Judgment Board, expending the remaining rank eight immortal essence to activate Demon Judgment Board’s strongest killer move.

Blood red light spread out, a layer of ice quickly melted.

Next, the frost lights seemed to react, they quickly went towards the area that Fang Zheng was trying to break out from and made Demon Judgment Board’s ability much weaker.

The Gu Immortals were all stunned.

“Ice Crystal Immortal Monarch is actually so powerful!”

“He actually sealed Heavenly Court’s rank eight Immortal Gu House Demon Judgment Board with his own strength!”

“This is incredible, what is the name of the move?”

“Extreme ice crystal light immortal suppression coffin!”

At once, all of the immortals muttered the name of this killer move, engraving it to their heart.

“This is the unique killer move of the snowmen from ancient times, hehe, to think that they have actually obtained a racial inheritance already.” Spectral Soul who was inside An Xun laughed lightly.

An Xun understood after hearing this: “So this is a move from the snowman racial inheritance, no wonder it is so strong! Wait, no, can ancient killer moves still be used in the current era? The world now is very different from the past, wouldn’t such antique moves be outdated already?”

“Hehehe.” Spectral Soul chuckled: “Back then when variant humans ruled the world, they had countless killer moves, those moves that were specially chosen to be kept in their racial inheritances are naturally more outstanding in many ways. Taking this extreme ice crystal light immortal suppression coffin for example, its core is not an Immortal Gu but the variant human using it.”

Spectral Soul’s depth of knowledge was not ordinary, he had once searched countless souls in the Door of Life and Death. Many of these souls came from the Olden Antiquity or Remote Antiquity Era, some were even from the Immemorial Antiquity Era.

Thus, Spectral Soul had a lot of information about these eras.

Even though his attainment levels had all fallen to rock bottom, his memories were still intact.

Like what Spectral Soul said, extreme ice crystal light immortal suppression coffin was somewhat similar to Wu Yong’s unlimited wind killer move. When using unlimited wind, Wu Yong would expend his own wind path dao marks. As for extreme ice crystal light immortal suppression coffin, not only would it consume Ice Crystal Immortal Monarch’s ice and snow path dao marks, it would also cost him his lifespan.

As the core killer move of the snowman Gu Immortals, extreme ice crystal light immortal suppression coffin was not very affected by the progression of eras. At the same time, any other races’ Gu Immortals could not use this move even if they had it.

Fang Zheng’s forehead was already covered in sweat.

Ice Crystal Immortal Monarch displayed battle strength that far surpassed Fang Zheng’s expectations. The great Demon Judgment Board was actually sealed in ice, there was little hope of escaping.

Even if Fang Zheng wanted to fight Ice Crystal Immortal Monarch, he had no way to do so.

Because Ice Crystal Immortal Monarch had already turned into countless frost lights, this was the superiority of extreme ice crystal light immortal suppression coffin killer move.

Seeing as Demon Judgment Board was about to be completely sealed in ice, at this time, a phoenix cry could be heard.

Following a loud sound of crashing waves, Prince Feng Xian and Bai Cang Shui arrived.

It turned out that while fighting Ice Crystal Immortal Monarch, Fang Zheng had already informed Heavenly Court’s Prince Feng Xian and Bai Cang Shui.

Bai Cang Shui was originally cleaning up the battlefield, she could leave immediately. As for Prince Feng Xian, he gave up some gains there and rapidly came to reinforce Fang Zheng.

The two rank eight Gu Immortals saw Demon Judgment Board which was trapped, they shouted as one unleashed torrents of golden flames, while the other sent out huge waves.

The ice was attacked from the inside and outside, it could not last any longer as the external layer of ice quickly cracked, Demon Judgment Board which was inside got ready to retaliate.

The two heavens' Gu Immortals saw this and wanted to attack but Prince Feng Xian and Bai Cang Shui suppressed them instead.

Even though they had many more rank eights than Heavenly Court, it did not matter.

In Gu Immortal battles, numbers were not the most crucial. Even though the two heavens had many people, they could not cooperate, their killer moves often interfered with each other. About half of their strength was limited because of this, even before they hit any enemies.

But if they were to fight alone, they would be fearful and cowardly, they would focus on preserving their own lives, unwilling to take any risk or get into danger.

Of course, the other reason was that Prince Feng Xian and Bai Cang Shui were elite rank eights with excellent battle strength. They were able to become Heavenly Court members, they naturally surpassed other rank eights.

The situation was in a deadlock, Spectral Soul acutely sensed that the ice layer was weakening, he instructed An Xun: "Quickly let out the soul beast army, lend your Immortal Gu to me now."

"Yes master!" An Xun did not hesitate, he quickly followed the instructions.

The soul beast army came out and attacked.

Prince Feng Xian and Bai Cang Shui did not care about them at first, they used two killer moves in succession, but the soul beast army split up and moved fluidly like water, dodging most of the killer moves' effects.

Next, from the soul beast army, three immemorial soul beasts flew out to attack Prince Feng Xian and Bai Cang Shui.

As the two sides fought, the immemorial soul beasts were naturally unable to resist the two Heavenly Court immortals, but the immemorial soul beasts had the army to support them, at crucial moments, killer moves would help them out as well.

Even though Bai Cang Shui and Prince Feng Xian had the upper hand, the soul beast army successfully restrained them. They could not help Demon Judgment Board like before, Ice Crystal Immortal Monarch's frost lights began to regain their footing.

"This soul path rank seven immortal is quite talented!"

"I will go kill him!"

Prince Feng Xian and Bai Cang Shui communicated, the former moved as he spit fire, creating a path within the soul beast army as he charged towards An Xun.

An Xun 'turned pale with fright', shouting: "He is coming, protect me!"

The two heavens' Gu Immortals knew that enslavement Gu Immortals were most vulnerable to direct attack, they quickly responded.

Prince Feng Xian charged without stopping, he broke through all of the obstacles, but because of these obstruction, An Xun managed to pull some distance between them.

"You cannot escape." Prince Feng Xian smiled coldly as he charged again.

Spectral Soul would not personally take action in this public environment, he controlled An Xun's body to retreat while using the other Gu Immortals to obstruct Prince Feng Xian.

Prince Feng Xian's advancement was ferocious, the two heavens' immortals were all shocked by his aggressiveness.

But Bai Cang Shui shouted: "Feng Xian, quickly kill him."

Prince Feng Xian gritted his teeth, he did not expect An Xun to be so hard to catch.

At this time, the frost light successfully trapped Demon Judgment Board again, the thick ice coffin sealed the rank eight Immortal Gu House at its center.

"Oh no!" Seeing this, Bai Cang Shui and Prince Feng Xian's hearts sank.

Seeing that Heavenly Court's side was in danger, at this time, heaven and earth shook, qi currents surged as the world roared.

"Qi tide again!" Spectral Soul snorted coldly.

Ice Crystal grotto-heaven had already been broken through when Prince Feng Xian and Bai Cang Shui attacked, it was connected to the outside world.

At this moment, qi tides surged in the outside world, instilling into the grotto-heaven harshly.

The qi tides implicated the battlefield, wherever it reached, people fell to the ground.

Ice Crystal grotto-heaven's defensive immortal formation could not last any longer, it shattered, many snowman Gu Immortals fell into mortal danger.

The frost light around Demon Judgment Board flickered as it hesitated for a moment. But immediately, the ice crystal lights shot towards the snowman Gu Immortals as they turned into countless ice tubes that protected them.

But this way, Demon Judgment Board's pressure lifted greatly. Prince Feng Xian and Bai Cang Shui saw this and quickly made their move, breaking the remaining ice layers and saving Demon Judgment Board.

The two immortals went into the Immortal Gu House, Demon Judgment Board left the battlefield rapidly while resisting the turbulent qi tides.

## Reverend Insanity

### Chapter 1996: Big or Small, Qi Harvest Fru

The grand qi tide soon filled up the whole of Ice Crystal grotto-heaven.

Spectral Soul sighed deeply, this was really a pity. he wanted the two sides to fight to their deaths before he reaped the rewards, devouring Gu Immortal souls was much more helpful than absorbing soul cores after all.

But his scheme was ruined by this qi tide.

“I do not have Dang Hun Mountain, I lack guts Gu, I can only devour soul beasts and soul cores. But this takes time to digest, it is not like guts Gu which can directly raise my soul foundation.”

“Why the coincidence? Not long ago, when Qi Sea Ancestor and Wu Shuai fought, a qi tide appeared. This time, another qi tide showed up.”

Thinking about this, Spectral Soul had a realization: “Don’t tell me that fighting between Gu Immortals will attract qi tides?”

Spectral Soul was only making a guess, he was not certain.

“It is a pity that my qi path attainment level is just ordinary. Otherwise, I will be able to come to a conclusion.”

He had soul search and soul devouring methods, but these methods could not directly raise attainment levels. The only way to instantly raise one’s attainment level was through absorbing true meaning. The attainment levels that Spectral Soul had at his peak were all gained through actual cultivation from the memories he had soul searched, it was not easy to reach that level.

“Forget it.”

“An Xun performed well this time, with such achievements, he might likely receive Wu Shuai’s audience.”

“By staying in his body, I can get closer to Wu Shuai. There might even be a chance to enslave Wu Shuai and take Dragon Palace!”

Spectral Soul’s current plan failed, he quickly came up with a new plan.

He had a deep desire towards Dragon Palace which contained dream path Immortal Gu!

Amidst the surging qi tides, frost lights gathered into Ice Crystal Immortal Monarch.

Ice Crystal Immortal Monarch’s aura was weak, his face was pale, the price to activate extreme ice crystal light immortal suppression coffin was very high.

But he had almost singlehandedly sealed Demon Judgment Board, he was the biggest contributor to this victory.

The two heavens’ Gu Immortals came to visit him, their gaze was different from before.

Strength was the determining factor towards one's status. Undeniably, Ice Crystal Immortal Monarch who had extreme ice crystal light immortal suppression coffin killer move far surpassed the other rank eight Gu Immortals of the two heavens in battle strength.

"Even though I saved Ice Crystal grotto-heaven, our race's unique killer move was exposed." Even though he forced Heavenly Court to retreat, Ice Crystal Immortal Monarch was not happy.

Right now, he could only console himself that this move was very hard to counter, it could still be his trump card for the time being.

"Friends, I am not injured, I only need to rest. I hope everyone can help to protect my grotto-heaven." Ice Crystal Immortal Monarch said.

"Sure, sure."

"We are all part of the two heavens alliance, this is not a problem."

"Everyone, we will do our best to defend Ice Crystal grotto-heaven!"

The Gu Immortals of the two heavens resisted the surging qi tides in the grotto-heaven while Ice Crystal Immortal Monarch focused on repairing the hole created in the grotto-heaven's aperture wall.

Even though the qi tides were powerful, with the cooperation of all the Gu Immortals, they soon settled down.

Because they had taken action swiftly, the qi tides did not cause much losses to Ice Crystal grotto-heaven.

"Vice alliance leader, take a look, we found something!" Great Wisdom Immortal Mother flew over to Ice Crystal Immortal Monarch with some unexpected news.

A moment later, the immortals of the two heavens also arrived at the area.

They saw a fruit that was the size of a hill floating in the air. This fruit was translucent, it was completely formed from heaven and earth qi, it was shaped like a gourd, or a peanut.

"This is a qi harvest fruit?"

"After the qi tides appeared, people often found these qi harvest fruits produced. If Gu Immortals get them and use them in the immortal aperture, they can rapidly soothe the heaven and earth qi and hasten the progress of the heaven and earth qi fusion."

"But ordinary qi harvest fruits are just as large as a horse carriage. Why is this qi harvesting fruit so huge?"

The two heavens' immortals discussed but could not come up with an answer.

"Master, is this really a qi harvest fruit?" An Xun asked Spectral Soul: "If it is, isn't this Ice Crystal grotto-heaven benefiting from a disaster? As long as it absorbs this huge qi harvest fruit, will Ice Crystal Immortal Monarch's immortal aperture be modified completely, he will no longer be affected by the qi tides?"

“This is a qi harvest fruit indeed, but whether it is a blessing or a disaster is unknown for now.” Spectral Soul chuckled to himself.

As expected, when Ice Crystal Immortal Monarch tried to take this qi harvest fruit, he was shocked to find a deeper secret.

“Oh no!” Ice Crystal Immortal Monarch’s expression turned even more pale: “This qi harvest fruit is still growing, it is absorbing my grotto-heaven’s heaven and earth qi to grow further. If I take it away now, it will cause a huge commotion in the grotto-heaven, living beings will die, and an even more turbulent qi tide will appear.”

The immortals gasped, after getting Ice Crystal Immortal Monarch’s permission, they quickly used investigative methods.

“We cannot let this qi harvest fruit continue to grow, who can help me get rid of this hidden threat? I will not be stingy on rewards.” Ice Crystal Immortal Monarch had a solemn expression.

But the Gu Immortals looked at each other, they were all helpless.

Almost everyone could pull out the qi harvest fruit by force, but that was harmful to Ice Crystal grotto-heaven, its foundation would be affected.

And according to their deductions, directly destroying the qi harvest fruit would create a new qi tide that would create a second qi harvest fruit later.

This way, to get rid of this threat permanently without harming Ice Crystal grotto-heaven, the difficulty was very high.

Great Wisdom Immortal Mother suggested: “We can’t do it because we do not cultivate qi path, but what about Lord Alliance Leader?”

Ice Crystal Immortal Monarch had a look of worry, he sighed deeply: “Right now, we can only ask Lord Alliance Leader for help.”

Wu Shuai soon received Ice Crystal Immortal Monarch’s request for help.

“My memories are limited, I did not know that the qi harvest fruit would become like this. Maybe the main body knows more things.”

Wu Shuai quickly reported the information that Ice Crystal Immortal Monarch gave him to Fang Yuan’s main body.

“Oh? The hidden threat of the two heavens’ grotto-heavens have been found, this is much earlier than in my previous life.” Fang Yuan’s main body naturally knew about this.

In the five hundred years of his previous life, the two heavens’ Gu Immortals had also worked together, they attacked many places and caused a lot of trouble for the five regions.

Due to the qi tides, the five regions’ Gu Immortals were greatly restricted. But the two heavens’ Gu Immortals were able to move around, they were less affected by the qi tides.

Furthermore, when Gu Immortal battles reach a certain level, qi tides would occur.

Even though the two heavens' Gu Immortals had low battle strength, with the help of the qi tides, they could defeat the five regions' Gu Immortals.

But good times did not last long, soon, the two heaven's Gu Immortals found that qi harvest fruits started to appear in their own grotto-heaven headquarters.

These qi harvest fruits used the grotto-heaven's heaven and earth qi to grow, they were like stubborn pests, if left unattended, they would grow endlessly and eventually destroy the entire grotto-heaven world.

"Ice Crystal Immortal Monarch fought against Heavenly Court and caused the qi tides to appear in his grotto-heaven, that is the reason why qi harvest fruits appeared earlier than the previous life."

Fang Yuan sent the information to Wu Shuai, suddenly, he had a thought as he gained a burst of inspiration.

"Wait!"

"Maybe I can use these qi tides to deal with heaven's will."

His situation was really bad now.

The main problem was the heaven path dao marks, he could not refine them in the short time, while these dao marks generated heaven's will.

The heaven path dao marks had no ill intentions towards Fang Yuan but heaven's will wanted to kill him, it tried all sorts of ways to destroy his sovereign immortal aperture.

And worse was that if Fang Yuan did not get rid of the heaven's will, after accumulating to a certain level, even if the sovereign immortal aperture remained shut, the grotto-heaven's heaven's will could resonate with the five regions' heaven's will and expose his identity.

Once Fang Yuan's location was exposed, if he stayed in qi sea, his cover as Qi Sea Ancestor would be blown.

However, it was difficult for Fang Yuan to get rid of heaven's will.

The sovereign immortal aperture was too huge, Fang Yuan did not know where to start. He could not predict the natural developments of the Heavenly Dao, he could not know where heaven's will would be created.

"I should try to let the qi tides rampage in my sovereign immortal aperture. Like a washing machine, they might be able to cleanse all of the heaven's will away."

As Fang Yuan thought about it, he found that this was a very possible idea to execute.

It seemed dangerous but it was possible to use the two threats against each other, with his qi path and wisdom path foundation, it was a realistic solution.

Of course, whether this method could succeed or not, until it was used, Fang Yuan could not know for sure.

“If only I still had wisdom Gu, that would be great.”

Wisdom Gu provided unlimited inspiration, with the light of wisdom, Fang Yuan could quickly and efficiently develop a killer move that could make use of the qi tides.

At the same time, in Qi Jue grotto-heaven.

“This is the center of the grotto-heaven!” Luo clan’s three Gu Immortals were all injured, they reached this place after much difficulty.

“What... what an incredible qi harvest fruit...” Luo Mu Zi was lost for words, the other two immortals were filled with shock.

According to the three immortals’ deductions, the center of Qi Jue grotto-heaven should contain the most valuable thing in the entire grotto-heaven.

At this moment, the three immortals saw that there was a tiny and exquisite qi harvest fruit here, it was extremely vivid, the surface had flowing lights that flickered dazzlingly.

It was the size of a gourd but it contained genuine rank nine immortal material aura. It had surging waves of vitality resembling the ocean, it pressed down on the hearts of the Luo clan Gu Immortals.

“This qi harvest fruit is not ordinary at all, it contains deep secrets, we need to research upon it.”

“Strange, qi harvest fruits are produced by the qi tides, why is it hidden by Demon Immortal Qi Jue and kept here?”

“Unless he predicted that in the future, there would be disasters like the qi tides?”

“Take action!” Luo clan’s three immortals were talking when suddenly, they heard a shout, several variant human Gu Immortals showed up and attacked.

Luo clan’s three immortals were caught off guard, they were swept into a battlefield killer move instantly.

“Oh no, an ambush!”

“Someone else found Qi Jue grotto-heaven?”

“Who are you?”

Luo clan’s three immortals shouted.

The leader of the variant human Gu Immortals was about the size of a thumb, there were translucent wings behind him, this was a miniman Gu Immortal.

“Hmph, Luo clan immortals, I, Xiao He Jian, found this place twenty years before any of you.” The miniman Gu Immortal smiled coldly as he said: “Attack, kill them all!”

#### **Chapter 1997: Both Sides Seek Reinforcements**

Days later, in the headquarters of Southern Border’s Wu clan.

Wu Yong stood at the peak of a mountain, he slowly opened his eyes.

In front of him were three mortals. They were all tied on a wooden pole, they were all unconscious.

Immortal killer move — Farewell Friend Wind!

Wu Yong breathed in deeply, his preparations were completed, he unleashed this peculiar killer move.

Without the emergence of any unique wind, the three mortals in front of him started to disintegrate, their skin, flesh, and bones scattered with the natural breeze. In an instant, even the clothes of these mortals vanished, nothing was left.

Wu Yong showed a satisfied smile at last.

During this period, he had modified farewell friend wind, the results were quite good.

Farewell friend wind was a wind path killer move with human path effect, it originally needed the user to touch the target's body and say some parting words.

But now, these limitations were all modified by Wu Yong and removed successfully.

Even though the current farewell friend wind still needed the user to become friends with the target before usage, the range had greatly increased, it was much more usable now.

Wu Yong had lost a lot of his wind path dao marks during the fate war from using the killer move unlimited wind and his foundation fell.

But during this period of recuperation, he made some gains instead in terms of comprehension, his wind path attainment level rose to a new level. Because of that, he could modify farewell friend wind.

Wu Yong was not just satisfied with modifying farewell friend wind, the rise in his attainment level also meant a comprehensive rise in power.

Farewell friend wind was just one of the aspects.

“Next, I will modify the other killer moves, and even Clear Jade Dripping Wind Tiny Bamboo Building! After modification, my battle strength will rise back to normal, it can even surpass my former level.”

Right when Wu Yong thought about his future, an information path Gu worm flew towards him.

Wu Yong took it and read the information, his brows rose as he showed a surprised expression.

He was originally going to stay in closed cultivation for some time, but after receiving this information, he halted his plan.

Returning to his guest hall, he met with the two Gu Immortals that were looking for him.

These two Gu Immortals had the same clothing, they wore deep green short sleeve shirts and long black pants, they also had jade colored leg bindings.

Any Gu Immortal familiar with Southern Border's Gu Immortal world would know that this was Luo clan's signature attire.

Of the two Luo clan Gu Immortals who came, one was an old man with a bitter expression, another was a middle aged Gu Immortal with a pale face, he was evidently injured.

“Luo Zu (Luo Ran) pays respects to Lord Alliance Leader.” Luo clan’s two Gu Immortals saw Wu Yong and immediately paid respects.

The Southern Alliance was created long ago, Wu Yong was the leader of this alliance.

Of the two Luo clan immortals, Luo Ran was a general of Luo clan, he was a space path expert with peak rank seven battle strength, he was an arrogant person. As for Luo Zu, he was a person of authority, he was the current first supreme elder of Luo clan. These two were so respectful to Wu Yong now, it was clear that they needed his help.

Wu Yong nodded: “We can sit and talk.”

After the two Luo clan Gu Immortals sat down, Wu Yong asked directly: “What is the matter with Qi Jue grotto-heaven?”

Luo Zu breathed in deeply before explaining the entire situation. In summary, when a Gu Immortal of Luo clan explored white heaven using an Immortal Gu House, he discovered Qi Jue grotto-heaven by chance. Luo clan had been exploring it for many years, finally, with the help of the qi tides, they made a breakthrough and entered the central area of Qi Jue grotto-heaven.

But when they were about to obtain Qi Jue’s true inheritance, they were ambushed by variant human Gu Immortals. The three Luo clan Gu Immortals exploring it were caught off guard, the situation did not look good.

Thankfully, their leader was the space path expert Luo Ran, he used his trump card and escaped with the other two immortals.

The variant human Gu Immortals did not let them go, they pursued these three Luo clan immortals.

After Luo clan was informed, they immediately sent their Immortal Gu House to reinforce them, the two sides fought intensely at the heavenly wind qi wall. Even though those variant human Gu Immortals did not have high battle strength, their leader, the miniman Gu Immortal Xiao He Jian, was very outstanding. At the same time, the variant human Gu Immortals had an Immortal Gu House too, Luo clan was forced to escape back to Southern Border pitifully.

After passing the heavenly wind qi wall, the variant human Gu Immortals were afraid that Southern Border’s Gu Immortal world would gang up on them, they gave up on the pursuit.

Luo clan’s immortals were defeated, they returned to recuperate in their headquarters, feeling angry and helpless. After discussing for some time, they felt that they could not obtain Qi Jue grotto-heaven themselves, they should get the help of other forces.

After hearing their explanation, Wu Yong understood the situation.

“Due to the rampant qi tides, the grotto-heavens in the two heavens are exposed, this created the two heavens alliance. The alliance mainly comprises variant humans, they have Wu Shuai as their leader.”

“This group of variant human Gu Immortals that defeated Luo clan must have a close relationship with the two heavens alliance.”

“The two heavens alliance first occupied an area in Eastern Sea, Wu Shuai fought with Qi Sea Ancestor. After that, Heavenly Court attacked them, their vice alliance leader Ice Crystal Immortal Monarch forced Demon Judgment Board to retreat, creating a huge commotion.”

“If Luo clan looks for Hou clan or Yao clan, even though they are super forces, they cannot deal with the colossal two heavens alliance. When the situation aggravates, they will still have to look for me in the end. Thus, they came to me from the start.”

Thinking so, Wu Yong smiled, promising them: “Our Southern Border’s righteous path is united, now that Luo clan has faced a setback, as long as you are part of the Southern Alliance, we will help you out. As the leader of the Southern Alliance, I, Wu Yong, will lend my strength as well!”

Luo clan’s immortals quickly responded: “Alliance Leader is righteous and mighty.”

But there was no joy on their faces.

This concerned a huge treasure like Qi Jue’s true inheritance, Wu Yong was sure to agree to help without doubt.

The important things were how to get true inheritance of Qi Jue, how would Luo clan and Wu clan cooperate, if they obtained the true inheritance, how would they split it?

Those were the true details to discuss.

While Luo clan’s immortals and Wu Yong were negotiating, Wu Shuai also received the audience of a Gu Immortal.

“The one asking to see me is a miniman Gu Immortal named Xiao He Jian?” Wu Shuai squinted.

“Yes.” The reporting Gu Immortal explained: “This immortal has extraordinary strength, his reputation is long established, even though the Gu Immortals of the two heavens do not interact much with each other, we have all heard of this Xiao He Jian. His strength is likely on par with vice alliance leader.”

The vice alliance leader was naturally Ice Crystal Immortal Monarch.

This time, Ice Crystal Immortal Monarch used his immortal sealing coffin killer move to defeat Heavenly Court, his reputation surged, everyone in the two heavens alliance knew about it.

“What is the reason for his request to meet me?” Wu Shuai asked purposely.

“This subordinate... does not know.” The reporting Gu Immortal lowered his head: “He says that he has a huge fortune to give to Lord Alliance Leader, he wants to join our two heavens alliance.”

Wu Shuai smiled.

In the past, he did not know, but after the main body sent him some information of the previous life, he learned about this person.

This Xiao He Jian was quite a formidable figure in the five hundred years of his previous life, he was indeed an expert among the variant human rank eight Gu Immortals, he was able to contest Heavenly Court's members evenly.

Speaking of which, in the five hundred years of his previous life, Ice Crystal Immortal Monarch did not have much reputation.

In terms of battle strength, Xiao He Jian and Ice Crystal Immortal Monarch were on the same level. Even though the two heaven's Gu Immortals were not very outstanding, they still had several incredible experts. If not for this, they would not have caused problems to the five regions in the previous life.

"Xiao He Jian explored Qi Jue grotto-heaven, he probably got into a conflict with Luo clan. Now that the Southern Alliance was created in advance and Luo clan suffered a loss, they would definitely find their allies, they might approach Wu Yong."

"Xiao He Jian has several grotto-heaven forces allied with him, but how can he resist the great Southern Alliance? Thus, he came to me, by joining my two heavens alliance, not only can he protect himself, he can also use my strength to resist the Southern Alliance and obtain Qi Jue's true inheritance."

"But this Qi Jue grotto-heaven is a dangerous area, in my previous life, Qi Jue grotto-heaven self-detonated, killing countless Gu Immortals in the process. The two heavens alliance also suffered a huge setback from this, the losses were so severe they never recovered."

Wu Shuai guessed that Ice Crystal Immortal Monarch died during this Qi Jue grotto-heaven explosion, otherwise, with his strength, he would not have stayed so low profile the entire time.

Considering this, Wu Shuai smiled coldly, thinking: "This Xiao He Jian is crafty, he wants to borrow our strength and use us to kill his enemies, since he wants my help, let's have a good negotiation with him."

"Go." Wu Shuai stopped thinking about it as he sat on his main seat, telling the Gu Immortal: "Tell Xiao He Jian to come in."

### **Reverend Insanity**

#### **Chapter 1998: Exploring Qi Jue Grotto-Heaven**

The sky had a unified color, it was a sight of bluish jade.

Great winds howled, killing intent gathered.

Two Immortal Gu Houses faced each other.

One was a majestic palace shining in golden light, it was elegant and grand, this was Dragon Palace. The other was a two storey bamboo building, it was filled with vitality and looked delicate but exquisite, this was Clear Jade Dripping Wind Tiny Bamboo Building.

The two rank eight Immortal Gu Houses contained many Gu Immortals inside them.

Wu Shuai sat at the main seat with two rows of Gu Immortals from the two heavens below him. On his left was Ice Crystal Immortal Monarch and others, while on his right was the recently joined wood path great expert, miniman Gu Immortal Xiao He Jian. As for Lady Cold Ash, Night Heavenly Wolf Lord, and others, they were mixed among these two groups.

Not long ago, Wu Shuai met with Xiao He Jian, after some negotiation, they set off for Qi Jue grotto-heaven.

On the other side, Southern Alliance's Wu Yong also knew the importance of speed, he quickly mobilized Clear Jade Dripping Wind Tiny Bamboo Building, bringing Wu clan's and Luo clan's immortals to immemorial white heaven.

Clear Jade Dripping Wind Tiny Bamboo Building was much faster than Dragon Palace, Wu Yong left later but arrived earlier, yet Qi Jue grotto-heaven could not be easily entered. While Wu Yong and the rest waited, Wu Shuai arrived with Dragon Palace.

The two sides met in white heaven, they immediately got into a deadlock.

"Wu Yong." Wu Shuai spoke within Dragon Palace, his voice resounding in the battlefield: "Qi Jue's true inheritance is in front of us, why don't we each send three people out to fight, the winner will be the side which has two victories, they will get the true inheritance, while the loser gets the grotto-heaven, how is that?"

"Wu Shuai, why are you being so cowardly now?" Wu Yong snickered from within Clear Jade Dripping Wind Tiny Bamboo Building: "Let the person fortunate enough under the circumstances get Qi Jue's true inheritance, let's fight for it using our respective abilities!"

As he said this, Clear Jade Dripping Wind Tiny Bamboo Building shot out like a rainbow, piercing into a certain opening within Qi Jue grotto-heaven.

Wu Yong had waited for a long time, he finally found an opportunity to get inside.

Even though Wu Yong brought Clear Jade Dripping Wind Tiny Bamboo Building with him, and had Wu clan's and Luo clan's elites around him, in terms of scale, he could not match Wu Shuai. Not just in quantity, but the quality of their high end battle strength also differed greatly.

If they really used the rules Wu Shuai set to determine a victor, in one-on-one combat, Wu Yong's side would be disadvantaged.

Furthermore, when Gu Immortals fight, heaven and earth qi would be disrupted, qi tides would appear. By then, the two heaven's Gu Immortals would be less affected, their advantage would rise again.

Wu Yong was a formidable leader, how could he let his side fall into a disadvantage from the start?

"Lord Alliance Leader, there is no time to waste, let's set out!" Xiao He Jian urged anxiously.

Wu Shuai looked at the openings in Qi Jue grotto-heaven, even though these openings varied in size, they were all milky white in color, formed from moving qi currents.

Earlier, Clear Jade Dripping Wind Tiny Bamboo Building had gone through the largest opening to get inside Qi Jue grotto-heaven.

After looking at it for a while, Wu Shuai understood some of its profundity.

"These openings vary in size, they are increasing in numbers, I'm afraid this is the immortal aperture entrance of Qi Jue grotto-heaven."

Fang Yuan's main body and clones had varying amounts of memories but they shared the same attainment levels. Wu Shuai also had the main body's qi path attainment level, he could see it more clearly than others.

Just these holes alone made Wu Shuai's eyes brighten as he felt some comprehension.

"Normally, immortal aperture entrances are closed, only used to connect the inside world and the outside. Qi Jue grotto-heaven's entrance is unique, it is the most efficient way of maximizing the effect of that connection between worlds using the immortal aperture's entrance. I wonder what gains I can make inside?"

Thinking so, Wu Shuai's curiosity rose as he moved Dragon Palace towards the openings.

In the five hundred years of his previous life, this Qi Jue grotto-heaven was destroyed by self-detonation, it greatly affected the two heavens alliance and caused it to falter in the future. Many rank eight Gu Immortals died during this event.

Qi Jue grotto-heaven was dangerous, this was also why Fang Yuan did not take the initiative to explore it before the fate war.

But now that Qi Jue grotto-heaven was exposed, with an alluring true inheritance of Qi Jue inside and Dragon Palace's protection, Wu Shuai also had nothing urgent to attend to, he could put effort into this now.

Dragon Palace got past the narrow opening, rapidly arriving inside Qi Jue grotto-heaven.

The immortals saw that all around them, there were white colored qi currents that surged and moved.

"Qi Jue grotto-heaven's structure is quite special, it is not like ordinary grotto-heavens, there are white qi currents everywhere. These qi currents form into tunnels and countless tunnels turn this grotto-heaven into a maze, it is like the intestines of a giant. We need to get through these tunnels quickly and find the correct path to the central area. Qi Jue's true inheritance is hidden there!" Xiao He Jian explained when they got in.

All the immortals inside the palace listened attentively.

Xiao He Jian did not say everything he knew earlier, to prevent Wu Shuai from leaving to snatch the true inheritance alone after getting the information, he had kept many secrets, he promised Wu Shuai that he would explain the situation after they arrived.

Dragon Palace moved around in the white qi current tunnels, quickly reaching a crossroad. On the left and right were two paths, they were identical in size and shape.

"How do we determine the correct route?" Ice Crystal Immortal Monarch asked.

Xiao He Jian replied: "I cannot be sure about it either, we need to test the paths. The only rule here is that the closer we get to the center, the more valuable the monsters and resources within the qi current tunnels. At the most central area, the qi harvest fruit has reached rank nine level!"

"What about Luo clan?" Ice Crystal Immortal Monarch asked another crucial question.

“Luo clan does not have a more accurate method either. In fact, their exploration speed was far slower than us. It was because of the qi tides that they gained an opportunity to get past many difficulties and reach the central area rapidly. Looking at our previous progress, my tribe was extremely close to Qi Jue’s true inheritance, we were just two obstacles away.” Xiao He Jian sighed, he felt somewhat of a pity regarding it.

The immortals heard this and relaxed slightly.

“In that case, even though they came inside first, in terms of advantage, we have the upper hand.” Great Wisdom Immortal Mother analyzed.

“Don’t be careless, Clear Jade Dripping Wind Tiny Bamboo Building is much faster than us.” Wu Shuai said plainly.

He chose a random path and moved Dragon Palace along it.

Along the way, the qi current tunnels became wider and taller, many qi path living beings were in them, creating special living environments that were isolated from each other.

Roar!

Suddenly, a group of qi monsters emerged from the thick tunnel walls, surrounding Dragon Palace.

These qi monsters had all sorts of strange forms, resembling bulls, goats, fish, or birds. However, their colors were similar, being close to orange-yellow.

“These are qi monsters created from luck qi.” Xiao He Jian said: “Even though there are no immemorial qi monsters, they are quite troublesome to deal with. Without luck path methods to protect us, if we kill them, our luck will fall.”

Immortal killer move — Dreamy Light Smoke!

At the next moment, a gush of smoke flew out from Dragon Palace, wherever it went, all of the luck qi monsters were swept away, suppressed within Dragon Palace.

“Uh.” Xiao He Jian was stunned but he soon reacted as he said respectfully: “A dream path killer move, truly worthy of Dragon Palace!”

As they continued, they saw an immemorial qi monster, it was pitch-black like a whale, its body was colossal.

Xiao He Jian had a grim expression: “Be careful, this is an immemorial qi monster created from hard qi, thankfully it is sleeping now. I’d suggest that we detour around it, let’s not...”

Boom!

At the next moment, Dragon Palace accelerated and crashed into the immemorial qi monster.

Dragon Palace shook intensely but the immemorial qi monster was pierced through, it retaliated in anger.

Dragon Palace charged and crashed into it again, and again!

The immemorial qi monster broke apart, turning into lumps of black hard qi. Next, Wu Shuai stored the hard qi in his palace.

“You can all split the spoils.” Wu Shuai kept most of the gains and passed the rest to the Gu Immortals.

“Alliance Leader is mighty!”

“All hail Dragon Palace!”

“Subordinate thanks Lord Alliance Leader.”

“With Lord Alliance Leader here, so what if they have Wu Yong?”

At once, the immortals expressed their gratitude as all sorts of praises erupted.

Ice Crystal Immortal Monarch smiled as he looked at Xiao He Jian, saying with deep meaning: “Try not to be shocked at these minor situations, it will cause us to lose face.”

Xiao He Jian had to nod in acknowledgment but he still felt deep shock internally: “Even though I saw the fate war, I can only see how powerful Dragon Palace is after witnessing it in action personally. If Dragon Palace is so strong, what about Duke Long, Fang Yuan, and Feng Jiu Ge?”

At once, Xiao He Jian’s emotions became rather complex.

On one hand, the stronger Dragon Palace was, the more hopeful he was. But on the other hand, as a great expert, seeing such a difference between them and seeing such a powerful existence made him feel some dejectedness.

Along the way, wherever they went, Wu Shuai took all of the loot that they could gather.

Qi Jue grotto-heaven was really the land of treasures for qi path, it was like the qi sea of ancient times. Not only were the qi path resources here in huge quantities, they also varied greatly in variety, there was basically anything one needed here.

Wu Shuai purposely displayed his might to intimidate Xiao He Jian. As a result, he exposed more secrets, according to him, when exploring this place, he found a Qi Breath Peak! Qi Jue grotto-heaven actually had such an extinct qi path resource, but regrettably, Xiao He Jian only took a glance at it, he did not have the ability to take it.

“This is the center of Qi Jue grotto-heaven?” Clear Jade Dripping Wind Tiny Bamboo Building had just arrived at the destination, before Wu Yong could rejoice, his pupils shrunk: “Hmph, they weren’t slow at all.”

Behind Clear Jade Dripping Wind Tiny Bamboo Building, Dragon Palace arrived.

At the center of Qi Jue grotto-heaven was a huge hollow sphere. The sphere had many qi pillars that interweaved with each other, creating countless tunnels.

Clear Jade Dripping Wind Tiny Bamboo Building and Dragon Palace entered this area, it was like two flies had entered a beehive.

The qi pillars continued to move around, some were fast while others were slow, they even affected each other. Under Wu Yong's control, Clear Jade Dripping Wind Tiny Bamboo Building moved carefully and avoided the qi pillars, taking sharp turns along the way.

"These qi pillars are special, they are at least rank eight immortal materials. We cannot touch them easily or unnecessary problems will occur." Xiao He Jian quickly said.

This place was not suited for fighting, thus, in order to kill the three Luo clan immortals, Xiao He Jian had arranged a battlefield killer move.

But in the end, Luo clan's Luo Ran was a space path Gu Immortal, he brought the other two immortals away by piercing through the battlefield, using this special terrain to get free from Xiao He Jian and the rest, escaping.

"No need for such trouble." Wu Shuai waved his hand.

At the next moment, a dragon roar was heard, the Evil Dragon descended.

Boom boom boom!

The Evil Dragon charged ferociously, wherever it went, qi pillars broke and shattered, it created a path for Dragon Palace to move along from behind it.

"Hmm?" Wu Yong frowned.

Xiao He Jian's mouth was open, he became dumbstruck.

#### **Chapter 1999: Qi Jue, Xi**

1999 Qi Jue, Xi "Great!"

"Lord Alliance Leader is so powerful!"

"This is the power of our two heavens alliance!"

The morale of the immortals within Dragon Palace surged, they quickly cheered.

Evil Dragon charged ahead with an unstoppable might, Dragon Palace followed behind it casually.

"This dragonman brute!" The eyelids of Luo clan's first supreme elder Luo Zu were twitching as he gritted his teeth.

The two clans' Gu Immortals within Clear Jade Dripping Wind Tiny Bamboo Building felt immense pressure. Evil Dragon was charging relentlessly like a mobile mountain range, in comparison, Clear Jade Dripping Wind Tiny Bamboo Building was very delicate and small.

And most importantly, Clear Jade Dripping Wind Tiny Bamboo Building had to dodge the qi pillars, its advancement route was long and winding. But Evil Dragon moved forward in a straight line without obstruction, the distance between them was shortening.

"What do we do now?" The Southern Alliance's Gu Immortals turned pale.

Wu Yong smiled lightly: “Wu Shuai uses strength to suppress others, he is making full use of his advantage. If I were him, I would do the same. Everyone, after the fate war, not only was Clear Jade Dripping Wind Tiny Bamboo Building fully repaired, I even strengthened it further, we can block Di Zang Sheng for a period of time. Even though they are strong, we do not need to bother with them, we just need to get Qi Jue’s true inheritance before them.”

“Lord Alliance Leader is right!” The immortals nodded in agreement.

Any sort of conflict had its goal, Wu Yong could clearly see that their objective was Qi Jue’s true inheritance. Whoever gets it would be the winner, even if they suffer some losses while competing, so what?

But the Evil Dragon was really too strong.

It was the immemorial desolate beast with the strongest battle strength!

In the five regions and two heavens, there were less than five people who could fight this Evil Dragon head-on!

While Wu Shuai and Wu Yong were chasing after their goals, a third rank eight Immortal Gu House stealthily arrived outside Qi Jue grotto-heaven.

It was Demon Judgment Board!

Demon Judgment Board was controlled by Fang Zheng, not only did Prince Feng Xian and Bai Cang Shui come along, even Che Wei, who had recovered from his injuries, and information path great expert Zhou Xiong Xin were here.

Fang Zheng took the initiative to attack the two heavens previously, even though Ice Crystal Immortal Monarch forced them away, their gains were still huge. Prince Feng Xian and Bai Cang Shui obtained abundant loot from plundering the two grotto-heavens.

Even though Fang Zheng lost in battle, he had only lost some reputation of Heavenly Court, they did not lose benefits.

Heavenly Court was originally not sure of Qi Jue grotto-heaven’s event, after all, immemorial white heaven was huge, even during the qi tides when Qi Jue grotto-heaven exposed itself, Heavenly Court could not find it immediately.

But don’t forget that Night Heavenly Wolf Lord under Wu Shuai had submitted to Heavenly Court. The fact that Xiao He Jian joined the two heavens alliance was not concealable, Night Heavenly Wolf Lord learned of Qi Jue grotto-heaven’s secret and informed Heavenly Court as a result.

Demon Immortal Qi Jue was very famous in history, he was a terrifying great expert who opposed Limitless Demon Venerable!

Especially when he cultivated qi path, in the current environment where qi tide surged, all new qi path resources were emerging in huge quantities continuously. The five regions’ forces wanted to research more into qi path.

Heavenly Court was no exception!

Even though they had Primordial Origin's true inheritance, if Heavenly Court could gain Qi Jue's true inheritance, it would mean that other forces could not get it. With this difference, Heavenly Court would have a great advantage against others.

Thus, Fang Zheng did not rest for long, he received Qin Ding Ling's orders and brought four rank eight Gu Immortals to move to white heaven using Demon Judgment Board, arriving at this place.

"This should be Qi Jue grotto-heaven, but what is going on?" Fang Zheng had just arrived but he saw a shocking change.

He saw countless holes appearing, milky white qi currents surged endlessly as they moved around, the many new openings started to connect the grotto-heaven to the outside world.

These openings increased in numbers and continued to surface, there were too many of them, this would be a fearsome sight to others.

After more than ten breaths, a huge silhouette of Qi Jue grotto-heaven appeared. On the surface, there were countless white qi currents surrounding it, within the qi currents, there were countless holes breathing in and out.

The surrounding air was sucked into the grotto-heaven by a terrifying formless force. As for the loud noise that it created, the Heavenly Court immortals felt deafened all of a sudden.

"A huge change is occurring in Qi Jue grotto-heaven!"

"Wu Shuai and Wu Yong might have fought in the grotto-heaven."

"What to do?"

Prince Feng Xian and the rest looked towards Fang Zheng, he was still their leader in this expedition.

Fang Zheng felt pressured, the choice in front of him was a difficult one. At this moment, he fell into hesitation, what should he choose?

At the center of Qi Jue grotto-heaven.

Boom boom boom!

Qi pillars continued to break and shatter as noise erupted endlessly.

The Evil Dragon destroyed everything in its path, but such a sight did not last long, after the qi pillars were destroyed, they turned into strong qi currents that intertwined together, surrounding the body of the Evil Dragon as they pressured it, trying to attack and kill it from all directions.

The Evil Dragon roared but its speed continued to fall, it was facing an unprecedented pressure from ahead.

Clear Jade Dripping Wind Tiny Bamboo Building and Dragon Palace were not having an easy time either.

These qi currents were like tsunami waves that constantly attacked, these two rank eight Immortal Gu Houses were like small rafts trying to float in this treacherous storm.

Huge qi currents collided and caused the two Immortal Gu Houses to shake, sometimes, the Immortal Gu Houses even spun around on the spot.

There was a shot of deep blue qi current, Clear Jade Dripping Wind Tiny Bamboo Building quickly tried to dodge it. But the deep blue qi current was too large and fast, Clear Jade Dripping Wind Tiny Bamboo Building exerted all of its strength before leaving and escaping after three breaths of time.

“Lightning qi!” Southern Border’s Gu Immortal gasped: “I’ve never seen such colossal lightning qi, this quality is on par with rank eight immortal materials.”

Lightning qi could only be collected during stormy weather.

It was not hard to collect lightning qi, but high ranked lightning qi immortal materials were very rare.

Rank eight lightning qi was even rarer.

If the situation were not so urgent, Southern Border’s Gu Immortals would want to collect the lightning qi.

“This is all Wu Shuai’s fault! By causing rampant destruction, Qi Jue grotto-heaven has gone into a berserk state.” Luo Zu gritted his teeth.

Wu Yong’s expression turned dark: “Qi Jue’s true inheritance is our primary goal!”

The lightning qi from earlier caused Clear Jade Dripping Wind Tiny Bamboo Building to lose some Gu worms, Wu Yong quickly replenished them.

These immortal materials had incredible dense dao marks, this environment was very dangerous. If there were wind path qi current immortal materials, Clear Jade Dripping Wind Tiny Bamboo Building would have an incredibly good time here.

The change in Qi Jue grotto-heaven’s situation made the environment much more dangerous, but on the whole, Wu Yong’s situation had actually improved.

Because Clear Jade Dripping Wind Tiny Bamboo Building suffered much less obstruction compared to Wu Shuai’s side.

Dragon Palace was much slower than Clear Jade Dripping Wind Tiny Bamboo Building.

There were sharp blade qi, black hard qi, dark death qi... all sorts of qi currents were all at rank eight level. Wu Shuai gritted his teeth as he drove Dragon Palace forward, resisting them by force.

The Evil Dragon was left in the dust already.

Its body was too big, it was resisted by at least ten air currents or more, it could no longer be of use here.

“This is the foundation of Qi Jue grotto-heaven...” Wu Shuai had a solemn expression, his gaze flickered with uncertainty.

He had the disadvantage now but the situation had not been decided.

The two heaven's Gu Immortals were also speechless at the moment. If not for Dragon Palace's protection, who would dare to travel in this dangerous place? Many rank eight Gu Immortals felt their own weakness and insignificance at this moment.

"Demon Immortal Qi Jue is truly worthy of being the person who rivaled Limitless Demon Venerable in the past!"

The two rank eight Immortal Gu Houses did not give up, they moved towards the center with much difficulty, trying to obtain Qi Jue's true inheritance.

But outside the grotto-heaven, Fang Zheng no longer had to hesitate.

"Let's retreat first and observe the situation." Fang Zheng ordered, Demon Judgment Board quickly retreated.

Prince Feng Xian and the rest were silent, they agreed with this decision.

Because right now, a change occurred again, raging qi currents appeared all over the place, a new qi tide had begun!

Fighting during a qi tide would cause the Gu Immortals to suffer backlash, even Heavenly Court's Gu Immortals were no exception.

"It seems our earlier deduction was right."

"The heaven and earth qi in our immortal apertures differ from the outside world, thus be it opening the immortal aperture entrance or fighting intensely, when it hits a certain level, a new qi tide will occur."

"Demon Immortal Qi Jue is a five regions Gu Immortal, because of his foundation, now that his immortal aperture's entrance is basically wide open, along with the fight between Wu Shuai and the Southern Alliance inside, they created a gigantic qi tide."

"Let's watch by the side and try to reap some benefits from the outcome."

Heavenly Court's Gu Immortals conversed as they kept a close eye on Qi Jue grotto-heaven.

The powerful qi tide went through the openings and rapidly entered Qi Jue grotto-heaven.

Wu Shuai and Wu Yong instantly felt huge pressure as the wild qi currents became even stronger. Even though the rank eight Immortal Gu Houses were powerful, these qi currents made them helpless, they were often blown away to random places.

Bang... bang... bang!

As the two Immortal Gu Houses approached the center, they started to hear loud thumping sounds.

"What is going on?"

"What qi currents are causing these sounds?"

"No, this is someone's heartbeat! Quickly look!"

The two Immortal Gu Houses arrived at the center of Qi Jue grotto-heaven, all of the Gu Immortals saw this sight —

At the point where all the countless qi currents merged was the eye of the storm, this place was completely tranquil and safe.

In this tranquil environment, there was a tiny and delicate qi harvest fruit, it continued to absorb the surrounding qi currents.

Countless qi currents of all types got absorbed into the qi harvest fruit and their traits were assimilated, becoming a part of the fruit.

Different from the previous situation, there was the form of a baby inside the qi harvest fruit!

The qi harvest fruit was like a woman's womb, a human baby was curled up inside, growing and getting larger by the second.

"What is happening?"

"What in the world is going on?"

"This is a monster! It is actually absorbing rank eight immortal materials endlessly to strengthen itself!"

"It is about to be born, quickly stop it!"

The immortals' expressions changed, Wu Shuai wanted to unleash the killer move dreamy light smoke, but the qi harvest fruit seemed to have sensed it, it shook and self-detonated.

The baby was successfully born, he had tiny arms and legs like he was malnourished.

At this time, the silhouette of a concave land appeared above his head. This concave land contained deep profundities, it gave off a rank nine aura. But this aura was far more perfect and refined than the incomplete Human Sea that Wu Shuai had previously.

This was a secluded domain of heaven and earth!

The baby raised his arms, he seemed to be using both arms to carry the silhouette of this secluded domain of heaven and earth.

"Xi—" He shouted out in a long tone.

At the next moment, all of the surrounding qi currents moved into the silhouette of the secluded domain of heaven and earth like river tributaries returning to the ocean.

The qi currents moved with incredibly shocking speed, within a few breaths of time, all of them went into the mysterious secluded domain of heaven and earth. Wu Shuai and Wu Yong could not even sense a single qi current around them anymore.

In the sky, only the baby and the two rank eight Immortal Gu Houses were left.

"We're outside again." Luo Zu found himself in the outside world.

“No, the whole of Qi Jue grotto-heaven turned into qi currents and got absorbed by him.” Wu Yong was unable to conceal his shock, everything was unexpected in this situation, he felt like he was used.

This was someone’s scheme!

“Who are you?” Wu Shuai shouted from within Dragon Palace.

The baby had grown into a boy, he breathed in deeply, the silhouette of the secluded domain of heaven and earth above his head went into his nose.

Next, he looked around and saw Dragon Palace and Clear Jade Dripping Wind Tiny Bamboo Building, he also found the hidden Demon Judgment Board.

The boy smiled as he started to recite

“Climbed mountains to seek immortality, danger present in every step.

Dust specks float like light, dark Gu lurk in heart.

A dream like golden jade, thousands of years of loneliness.

Five regions and nine heavens, everything is in one breath[1].”

As he recited, his voice was young but his tone was aged: “Who else can I be? Yours truly, Demon Immortal Qi Jue.”

“Demon Immortal Qi Jue?!” The immortals were all shaken.

“Wait, if he is Demon Immortal Qi Jue, then the secluded domain of heaven and earth from earlier, it is ‘Xi’ from The Legends of Ren Zuu003eu003e?” Within Demon Judgment Board, Zhou Xiong Xin suddenly had a thought.

The Legends of Ren Zuu003eu003e had two very mysterious secluded domains of heaven and earth, there was little description regarding them.

One was ‘Hu’, the other was ‘Xi’.

#### **Chapter 2000: Might of the Demon Immortal**

Demon Immortal Qi Jue!

The mysterious Gu Immortal stated his own identity, the entire place went silent.

The three sides’ Gu Immortals were shaken. According to history, Demon Immortal Qi Jue was someone who had been evenly matched with Limitless Demon Venerable in battle at some point!

Wu Shuai, who was inside Dragon Palace, frowned, he realized many things: “It seems that in my previous life, Demon Immortal Qi Jue failed to revive. Otherwise, there would not have been zero information about Demon Immortal Qi Jue’s revival. There are two possible reasons, one is that fate Gu was not destroyed then, the second is that Spectral Soul succeeded in refining sovereign immortal fetus Gu, from all the signs known, he had already infiltrated Heavenly Court and gained complete control of the situation. He would not allow someone like Demon Immortal Qi Jue to revive.”

Thinking of this, Wu Shuai snorted coldly as he willed.

Roar—!

At the next moment, the Evil Dragon moved.

Earlier, because of the countless qi currents obstructing it, the Evil Dragon was covered in injuries. But now that the whole of Qi Jue grotto-heaven was absorbed by Demon Immortal Qi Jue using an unthinkable method, the Evil Dragon regained freedom, it charged towards Demon Immortal Qi Jue with imposing aura again.

Once it moved, wild winds started blowing.

The Evil Dragon's colossal body was like a moving mountain range, engulfing heaven and earth.

Forget about Demon Immortal Qi Jue's tiny child body, even the great Dragon Palace could not match the Evil Dragon's body.

"Hehehe, come." Demon Immortal Qi Jue's vision was filled by Di Zang Sheng.

He was not flustered, instead he smiled calmly.

He did not dodge, he directly extended his small hand towards Di Zang Sheng.

Immortal killer move — Great Qi Grasp!

With a loud sound, endless white qi currents shot out of Demon Immortal Qi Jue's body, forming a giant hand with five fingers.

The hand was only the size of an Immortal Gu House at first, but it slowly inflated to the size of a hill. Three breaths of time later, the entire qi current hand had expanded to the size of the Evil Dragon's head.

But the milky white qi current hand continued to grow!

Di Zang Sheng had already reached it.

Bam.

The two sides collided, but out of everyone's expectations, Demon Immortal Qi Jue's qi current hand was easily destroyed in one move.

Di Zang Sheng did not slow down, continuing to pursue Demon Immortal Qi Jue.

Demon Immortal Qi Jue did not dodge, he continued to face Di Zang Sheng casually.

Di Zang Sheng only charged for a few seconds before slowing down, it growled loudly like it was in great pain.

"My great qi grasp can form and scatter at will. It can grab mountains and seas if it takes form, but it can also invade organs when it scatters. How will you deal with it?" Demon Immortal Qi Jue stood arrogantly and said.

The immortals were shocked.

Demon Immortal Qi Jue used one move to subdue Di Zang Sheng, he had true pseudo venerable battle strength!

“Another demonic path expert!”

“Sigh, with the destruction of fate Gu, the world will go into chaos.”

“Demon Immortal Qi Jue had died more than a million years ago, that source of chaos Fang Yuan gave him the chance to revive!”

Inside Demon Judgment Board, Heavenly Court’s immortals gritted their teeth, they had ugly expressions.

After the fate war, the righteous path fell while the demonic path surged!

Duke Long, who was the pillar that held up Heavenly Court, died, Feng Jiu Ge, whom they entrusted their hopes to, betrayed them, while Fang Yuan, who was the culprit behind the destruction of Fate, still remained scot-free!

And now, there was this Demon Immortal Qi Jue.

There were sad cries as Heavenly Court’s Gu Immortals realized that the future of the five regions and two heavens became much bleaker now.

They did not even think of recruiting Demon Immortal Qi Jue.

Although in history, he had opposed Limitless Demon Venerable, there was also no possibility that he would ever join the righteous path.

Demon Immortal Qi Jue, just the demon in his name stated the obvious. After all, the saying goes: There are only wrong names, not wrong titles.

“Xiao He Jian, what are you really up to? You created such a huge enemy for our two heavens alliance!” Within Dragon Palace, Ice Crystal Immortal Monarch suddenly shouted.

Xiao He Jian could not rebuke him, his face turned pale.

He felt a lot of lingering fear but also relief. He was relieved that he joined the two heavens alliance, otherwise, with just himself, he would have become the sacrificial lamb of Demon Immortal Qi Jue’s revival already.

“This is a scheme, I am a victim too.” Xiao He Jian voiced his innocence.

“This is a scheme, Demon Immortal Qi Jue’s scheme.” At the same time, Wu Yong sighed within Clear Jade Dripping Wind Tiny Bamboo Building.

Luo Zu sighed deeply: “Demon Immortal Qi Jue is a qi path cultivator, but he actually predicted the events a million years into the future? What sort of level did he reach?!”

Wu Yong frowned slightly, he looked through Clear Jade Dripping Wind Tiny Bamboo Building towards Dragon Palace.

He could understand Demon Immortal Qi Jue's arrangements, but he had some doubt in his mind, did Wu Shuai know about this secret?

Now that Wu Yong recalled it, Wu Shuai had been controlling the Evil Dragon to create destruction all over the place, was it because he was straightforward and wanted to use brute force, or was he purposely trying to destroy Demon Immortal Qi Jue's arrangements?

Evidently, it was because of the Evil Dragon's rampant destruction that Demon Immortal Qi Jue was revived ahead of time.

Wu Yong was a formidable person with a sharp mind, the more he thought about it, the more he suspected Wu Shuai's actions.

"It is possible that Wu Shuai knows about Demon Immortal Qi Jue's existence. After all, he has some sort of relationship with Fang Yuan, and Fang Yuan possesses Spring Autumn Cicada, it is not strange that he knows some secrets." Wu Yong thought of Fang Yuan.

"Did Fang Yuan come here?" Inside Demon Judgment Board, Heavenly Court's Gu Immortals were guessing.

Fang Yuan was a person who had been reborn, if he knew about the secret of Demon Immortal Qi Jue's revival, he might likely hide somewhere to make his move!

Precisely because of this concern, Demon Judgment Board did not take action. Clear Jade Dripping Wind Tiny Bamboo Building was also waiting for something to happen.

But Demon Immortal Qi Jue did not want to let them off.

"Today is the wonderful day I revived, come, come, let me see what methods the Gu Immortals of this current era have!"

Demon Immortal Qi Jue had the appearance of a boy but his tone was that of a man proud of his experience, he actually attacked again.

At once, milky white qi currents gushed out, filling the world with a tsunami, Heavenly Court, the Southern Alliance, and Wu Shuai's side were all enveloped.

"Hmph! Old scoundrel Qi Jue, don't be too arrogant, we are not afraid of you, we are just wary that Fang Yuan might be hiding somewhere." Wu Yong spoke, using Clear Jade Dripping Wind Tiny Bamboo Building to retreat immediately.

Fang Zheng's voice resounded from Demon Judgment Board: "Precisely! Demonic path senior, even though you are famous in history, you cannot compare to the number one demon in the current world, Gu Yue Fang Yuan! This person destroyed my Heavenly Court's fate Gu, without him, you would not have revived."

"Fang Yuan? I will remember this name." Demon Immortal Qi Jue stretched his arms, qi currents shooting out rapidly: "But none of you will escape!"

He was like a bottomless hole, constantly shooting out milky white qi currents.

These qi currents were unique, ordinary immortal killer moves could not destroy them. At once, three rank eight Immortal Gu Houses fell into a predicament, their speeds fell drastically.

Wu Shuai snorted, he controlled Dragon Palace to advance instead of retreating, attacking Demon Immortal Qi Jue.

Demon Immortal Qi Jue laughed loudly: "Good, someone with actual guts."

A trace of smoke flew out of Dragon Palace.

Immortal killer move — Dreamy Light Smoke!

Demon Immortal Qi Jue did not dodge it, he was hit by the smoke, instantly disappearing.

Wu Shuai had a perplexed expression, he was like a fisherman spreading his web, he used all his strength to cast the web but in the end, he only caught some bubbles without any fish.

Demon Immortal Qi Jue's body appeared again, this time, he was far away.

He looked at Dragon Palace deeply with an expression of wariness: "Good, I'll remember this."

He gave up on Dragon Palace, he went to attack Clear Jade Dripping Wind Tiny Bamboo Building and Demon Judgment Board instead.

Clear Jade Dripping Wind Tiny Bamboo Building emitted wild winds while Demon Judgment Board shot out powerful blood red lights, they both displayed their might.

Demon Immortal Qi Jue's moves were mostly grand and wide ranged, he managed to suppress the two Immortal Gu Houses.

After more than ten rounds, bright light shined in his eyes as he shouted: "Good, good, good, to think that people have already created wind path and blood path, this is truly exciting. I did not waste my effort in arranging for my revival in this great era!"

"Other than you people, who else is there in this world?" Demon Immortal Qi Jue asked.

Wu Yong smiled coldly: "Ignoring anyone else, Eastern Sea has quite the formidable person. He also cultivates qi path, his battle strength is definitely higher than yours. He stays in qi sea, he calls himself Qi Sea Ancestor, he is the undisputed leader of the current Eastern Sea righteous path!"

"Oh? There is a qi path cultivator? Back in my day, qi path was already declining, to think that it would still linger until today! Very good, it seems I will need to meet him." Demon Immortal Qi Jue laughed loudly in joy.

Wu Yong continued: "Other than Qi Sea Ancestor, there is also a sound path demonic immortal named Feng Jiu Ge. He has also defeated the Evil Dragon in one move with much greater ease than you. In the battle earlier, he betrayed Heavenly Court openly and now his whereabouts are unknown, but Heavenly Court does not dare to release an arrest warrant for him."

"Feng Jiu Ge? Good, I'll remember him. Anyone else?" Demon Immortal Qi Jue's eyes shined.

Wu Shuai interrupted at this moment: "Get past us first, old man."

As he said that, Dragon Palace flew over again.

Demon Immortal Qi Jue smiled lightly as he pointed: "Lower qi."

Milky white qi currents gushed out and caused Dragon Palace to fall in altitude.

At this time, Clear Jade Dripping Wind Tiny Bamboo Building carried a storm with it as it charged towards Demon Immortal Qi Jue.

Demon Immortal Qi Jue pointed another finger: "Upper qi."

Clear Jade Dripping Wind Tiny Bamboo Building was swept away by the qi currents, flying upwards uncontrollably.

Demon Judgment Board arrived in front of him.

Demon Immortal Qi Jue stretched out two fingers as he pointed at this house: "Upper-lower breathless qi."

Demon Judgment Board erupted with a loud sound as it stayed stationary in midair. The Gu Immortals inside had changes of expressions, the immortal essence that they tried to instill became choppy, this rank eight Immortal Gu House was like a dying old man who could not take proper breaths at this moment.

"Juniors, I'm not going to play with you anymore. Go and spread the word, tell Fang Yuan, Qi Sea Ancestor, and Feng Jiu Ge that I will visit them soon. They can't hide from me."

Demon Immortal Qi Jue had just said this when his figure vanished, he did not appear anymore.

All of the immortals were wary now, after getting rid of the remaining milky white qi currents, they confirmed that Demon Immortal Qi Jue had truly left the scene.

"Do we pursue him?" Someone within Dragon Palace asked.

Wu Shuai snorted coldly: "Where did he go? Why don't you tell me?"

The Gu Immortal who asked turned pale, he lowered his head, not daring to say another word.

"Let's retreat." Wu Yong smiled, not forgetting to salvage the morale: "Even though we did not have much gains this time, fighting against someone like Demon Immortal Qi Jue is worth the trip after all."

"Sigh! After Fang Yuan comes Demon Immortal Qi Jue, I really do not know which great expert will revive next!" Fang Zheng was filled with worries, he mobilized Demon Judgment Board to quickly leave the battlefield.
