Chapter 2031: Chasing, Escaping

Fang Yuan had always taken action after planning, even though this venture to Heavenly Court was dangerous, he had made ample preparations.

He refined Heavenly Court's qi harvest fruit into his qi path clone, while the main body went into Dragon Palace at this very moment. Even though there were many Gu Immortals in the battlefield, nobody found out the truth.

Fang Yuan's qi path clone breathed in deeply, all of the white qi got absorbed into his body.

Next, he pushed with both arms as a thunderous sound occurred, a dense qi wall formed and pushed towards Dragon Palace and Spectral Soul with overwhelming might.

Spectral Soul's eyes shined with bright light, black qi burst out of his body and crashed into the qi wall, emitting a loud sound.

The qi wall was corroded but the surrounding qi wall came to fill it up again. Spectral Soul made use of this timing to turn into black light and penetrate through it like a flash of lightning.

A portion of Spectral Soul's focus was kept on Qi Sea Ancestor, while most of his attention remained on Dragon Palace.

Dragon Palace was huge, it would not be easy to pass the qi wall. Once Dragon Palace exposed a weakness while resisting the qi wall, Spectral Soul would take action and make use of Qi Sea Ancestor's killer move to deal a huge blow to Dragon Palace.

Right when the qi wall was about to crash into Dragon Palace, its door opened, Fang Yuan stood upright, appearing in front of everyone.

Immortal killer move — Unlimited Qi Sea!

Fang Yuan was already well prepared, he raised his right arm now as he grabbed towards the qi wall with his five fingers.

The colossal qi wall shook as it collapsed, countless qi currents were drawn by a formless force, going into Fang Yuan's immortal aperture.

"Fang Yuan!"

"He was here after all."

"This move again! During the fate war, he used this move to unravel primordial qi wall!"

The immortals saw Fang Yuan's appearance as all of them shook.

Heavenly Court's Gu Immortals were all ashen, after they lost the fate war, Fang Yuan had turned into a nightmare that shrouded over their minds.

The two heavens alliance's Gu Immortals were joyful instead. Seeing Fang Yuan's action, it was clear that he was on their side.

Spectral Soul's pupils shrunk, Fang Yuan's performance was quite shocking. He was troubled by the heaven path dao marks after all, how could he still display such immense battle strength?

The entire battlefield fell into peculiar silence.

Fang Yuan and Qi Sea Ancestor appeared at the same time, the entire battlefield's situation was turned around in an instant.

Heavenly Court protected Qi Sea Ancestor, Spectral Soul was alone, while Fang Yuan was standing in front of Dragon Palace, the three strongest Gu Immortals prepared to face off against each other.

In the Gu world, strength reigned supreme, the following battle would depend on these three people.

"To think that this day would come when Heavenly Court fails to be the leader of this confrontation." Qin Ding Ling sighed in her heart as she transmitted to Qi Sea Ancestor, asking about his condition.

Qi Sea Ancestor immediately replied: "Even though I got rid of the qi harvest fruit, I suffered considerable injuries. I will need everyone from Heavenly Court to work together to survive this crisis."

Qin Ding Ling said again: "Heavenly Court's greatest threat was resolved thanks to you, ancestor. After we survive this, Heavenly Court will definitely reward you satisfactorily!"

Qin Ding Ling was trying very hard to gain Qi Sea Ancestor's help, at this moment, Dragon Palace flew out like an orange meteor towards the sky!

After this catastrophic battle, Heavenly Court was completely covered in holes. Dragon Palace escaped along one of these loopholes, easily leaving Heavenly Court and entering immemorial white heaven.

The remaining immortals looked at Dragon Palace's figure with stunned expressions.

Even though Fang Yuan appeared and cooperated with Wu Shuai, the two of them had actually escaped.

Was this the showing of the number one demon?

"It seems that Fang Yuan has not recovered."

"Even though that move was ferocious and broke Qi Sea Ancestor's qi wall killer move earlier, he was likely at his limit!"

"Do we chase them? This demon Fang Yuan is too crafty, I am afraid that this is just his plan to lure us out. He might have an immortal formation outside lying in ambush, waiting for us to head into his trap."

The Heavenly Court Gu Immortals hesitated while the two heavens alliance Gu Immortals cursed in their hearts.

The expert and leader that they placed their hopes and morale on had actually escaped, they fled so quickly!

All of these two heavens alliance Gu Immortals were left in Heavenly Court, they were abandoned.

“Fang Yuan, where are you running to? Die here and now.” Spectral Soul snickered as he used Lady Cold Ash’s body to rush out of Heavenly Court, chasing after Dragon Palace.

Roar—!

Qing Chou roared, it was gradually recovering the strength that it lost, even though the rank nine aura of its hatred Gu was not complete, it was already much denser than before.

“Spectral Soul, I want you to die!” Qing Chou, who had unresolvable hatred, did not hesitate, it chased after Spectral Soul.

Thus, in the battlefield, only Heavenly Court’s immortals, Qi Sea Ancestor, and the two heavens alliance’s Gu Immortals were left.

Ice Crystal Immortal Monarch and Xiao He Jian looked at each other.

They were in an awkward situation now!

“We will chase them!”

“Protect Dragon Palace!!”

Ice Crystal Immortal Monarch and Xiao He Jian worked together for the first time, they shouted something that they did not believe in as they charged out of Heavenly Court.

The remaining two heavens alliance Gu Immortals followed after them, shouting and jeering as they also went out of Heavenly Court along with the two vice alliance leaders.

“Are we going to kill these variant human Gu Immortals?” Prince Feng Xian asked Qin Ding Ling.

Qin Ding Ling looked towards Qi Sea Ancestor, she thought about it before saying resolutely: “No! These variant human Gu Immortals are just minor problems, the most important thing is Fang Yuan. Two people will stay behind to take care of the place, the rest will follow me to pursue and kill Fang Yuan!!”

Fang Yuan was not in good condition now, it was the best time to kill him.

If they manage to kill Fang Yuan, the loot they could gain would be extremely favorable to Heavenly Court. Fang Yuan had too many good things, he had countless Immortal Gu and exceptional inheritances. Even without them, as long as they could capture his soul and extract the memories of his previous life, it would be incredibly precious to Heavenly Court!

In fact, even if Heavenly Court gets nothing from killing Fang Yuan, just the fact that he died at their hands would allow Heavenly Court to regain their morale, they would break free of the trauma of the fate war, they would be at the top of the world again.

“Even if we cannot kill Fang Yuan, we cannot let Spectral Soul kill Fang Yuan!” Furthermore, Qin Ding Ling was also wary of that old monster Spectral Soul.

“Ancestor...” Qin Ding Ling was about to speak when Qi Sea Ancestor interrupted her.

“No need to say anything, be it Spectral Soul or Fang Yuan, they are both demons, us righteous path members should execute them all. Time is pressing, our opportunity is slipping, we need to chase them

now!” At the crucial moment, Qi Sea Ancestor displayed the demeanor of a heroic leader of the righteous path!

The Heavenly Court immortals felt much closer to him after hearing that.

Qin Ding Ling nodded gravely, without Qi Sea Ancestor’s help, they would not be able to chase Fang Yuan safely.

“The main body’s situation is strange, I need to look after him. These Heavenly Court Gu Immortals are much better cannon fodder than those two heavens alliance immortals!” Qi Sea Ancestor made his plan internally, leading the Heavenly Court immortals as they chased.

This way, Dragon Palace was at the front, followed by Spectral Soul, who was getting closer.

Followed by Qing Chou.

Followed by Qi Sea Ancestor and the Heavenly Court immortals.

As for the two vice alliance leaders of the two heavens alliance, they had already escaped from Heavenly Court with the other immortals, they scattered all over the place thinking only of escaping, nobody dared to join this battle anymore.

At this moment, Dragon Palace was still tightly shut.

Fang Yuan sat on the ground, modifying the two killer moves, heaven-human sensation and human executing heaven’s work.

Fang Yuan lacked more than half of the Gu worms needed for these killer moves. He had to modify the moves and swap out the Gu worms so that he could use these moves.

Immortal Gu were unique, these two killer moves were newly obtained, Fang Yuan had quite a bit of difficulty in the modification.

After attempting it for some time, Fang Yuan changed his tactic, he gave up on the Immortal Gu level and targeted the aspect of a mortal killer move.

Fang Yuan connected to treasure yellow heaven and soon gathered the relevant mortal Gu worms. With the necessary Gu worms and after modifying the move from an immortal killer move to a mortal killer move, the difficult became nearly nonexistent.

With these two mortal killer moves, Fang Yuan stopped the formation in the sovereign immortal aperture, no longer using qi tides to cleanse the immortal aperture’s nine heavens and five regions.

Soon, heaven’s will was produced.

Fang Yuan sent a portion of his will towards the heaven’s will.

Next, he activated the killer move heaven-human sensation, Fang Yuan fused into the heaven’s will.

After that, he activated human executing heaven’s work.

After a while.

Fang Yuan's eyes shined with bright light: "I sensed... a certain group of heaven path dao marks!"

If he had to replace the word 'sensed', Fang Yuan would choose another word, caught.

Originally, Fang Yuan knew about the heaven path dao marks in his body, but he could only let them be. But now, when he could sense them, it meant that these heaven path dao marks were under his control temporarily.

With this crucial breakthrough and Fang Yuan's expertise in Gu refinement, it was only a matter of time until he refined all of these heaven path dao marks into his own.

Reverend Insanity

Chapter 2032: Target, Crazy Demon Cave

Rumble!

With a loud sound, Dragon Palace shook intensely from the impact, a large portion of its roof cracked and fell. While falling, these fragments turned into Gu worm corpses, scattered by the intense winds in the sky.

Spectral Soul had caught up!

He was extremely fast, even though Wu Shuai was moving Dragon Palace at top speed, he could not reach Spectral Soul's speed.

Spectral Soul's body was covered in pitch black smoke, each time he attacked, Dragon Palace suffered great damage.

Wu Shuai had to put in his effort to repair it, thankfully, he had many Gu worms in his storage, he was amply prepared.

Fang Yuan frowned tightly, his expression was slightly grim.

He came to Heavenly Court using Qi Sea Ancestor's identity to find a way to resolve his heaven path dao mark problem. Once his goal was achieved, he chose to retreat, Fang Yuan had never cared about the title of the number one demon.

However, even though Fang Yuan got what he wanted, he needed time now, what he lacked was sufficient time to execute his plan.

"Now, Spectral Soul is chasing after me, Heavenly Court will do the same, these people will not let me retreat easily. It is very difficult to escape from this situation!"

Fang Yuan's movement ability had always been improving. Long ago, his strongest movement method was the killer move sword escape after transforming into an ancient sword dragon. After that was Omni-directional Travel, followed by Fixed Immortal Travel and the killer move comprising Fixed Immortal Travel as the core.

But among these methods, even Omni-directional Travel could not match Spectral Soul's speed. Fixed Immortal Travel's killer move might be usable but Fang Yuan was very weak now from the disturbance of the heaven path dao marks.

There was still some time until Fang Yuan could resolve this disturbance and fully refine the heaven path dao marks.

Fang Yuan tried to think about it from another perspective, be they Spectral Soul or Heavenly Court, they wanted him dead. The former used all of his accumulations to refine sovereign immortal fetus Gu but Fang Yuan snatched it away. The latter's headquarters were ravaged by Fang Yuan, their biggest pillar of support, fate Gu, was also destroyed by him. Heavenly Court was the leader of the righteous path, they cared about reputation, but in the fate war, Fang Yuan destroyed their reputation.

Before now, Heavenly Court could not find Fang Yuan so they did not do anything to him. In the future, when he recovered his strength, they would also be unable to deal with him.

Now that Heavenly Court found Fang Yuan, they would definitely try their best to kill him!

Such opportunities seldom knock twice, they could not let this chance slip by.

Fang Yuan knew about his circumstances clearly, thoughts collided in his mind continuously as he tried to find a solution for this problem.

But soon, his expression changed.

The heaven path dao marks on his body started to transform again, causing problems, their disturbance became stronger by several times.

When dealing with the qi wall earlier, even though Fang Yuan caused a huge scene, he was actually cooperating with Qi Sea Ancestor secretly, his true battle strength was not as it appeared.

But just this much, with Fang Yuan secretly using human path methods to counter the interruption of the heaven path dao marks, was already the greatest limit.

Externally, Spectral Soul was attacking Dragon Palace furiously, the walls were cracking, tiles were sent flying all over the place. Internally, the heaven path dao marks were wreaking havoc in his body, preventing Fang Yuan from doing anything.

The situation was dangerous, even surpassing the fate war. After all, Fang Yuan could still use Spring Autumn Cicada then, but now, this greatest trump card was unusable.

Fang Yuan could not rebirth, if he made a mistake now, he would die a pitiful death.

Spectral Soul emanated deep killing intent, it pierced through Dragon Palace, Fang Yuan's hair stood on ends.

Fang Yuan's lips curled up, he had already made a decision —

Head to Crazy Demon Cave!

The heaven path dao marks were interfering with Fang Yuan, preventing him from using many killer moves. Even if he could use them, the effect would be very low.

Fang Yuan had to borrow external help to alleviate this crisis.

Any other location would not be very helpful to Fang Yuan. After all, Dragon Palace was the one escaping and moving at the front, if he entered a dangerous place, Dragon Palace would face the brunt of the danger. The pursuer would benefit instead, Spectral Soul would have an easier time.

But Crazy Demon Cave was different. At the lower levels of Crazy Demon Cave, Fang Yuan could use the sovereign immortal body to travel to the next layer quickly, the rest would all be stopped in their tracks.

As for whether Spectral Soul could pass through, Fang Yuan did not know, but it was worth a gamble. Spectral Soul was not in perfect condition after all, he also did not have the sovereign immortal body!

“Even if Spectral Soul can forcefully make his way through, his battle strength would suffer. The lower layers are also extremely huge and mysterious, I can definitely stall for time against Spectral Soul in there.”

Fang Yuan made up his mind, he immediately moved Dragon Palace in another direction, towards the north.

As for Wu Shuai, he focused on repairing Dragon Palace.

Spectral Soul saw that Dragon Palace was escaping, he breathed in deeply before rapidly approaching it.

He extended his hand and landed on Dragon Palace. Next, countless immemorial soul beast silhouettes flickered, each time they attacked, a piece of Dragon Palace’s walls shattered.

After an entire round of attacks, several pillars holding up Dragon Palace had cracks emerging.

Wu Shuai had a solemn expression: “Oh no, this killer move is extremely powerful, it can attack the Immortal Gu House both internally and externally. The core Immortal Gu of Dragon Palace are quite damaged!”

Fang Yuan’s main body squinted his eyes, Dragon Palace’s door was shut but his vision was unobstructed, he could see the situation outside.

Fang Yuan said calmly: “Spectral Soul used this soul path killer move earlier, but it is much stronger now. Evidently, he has modified it during this bit of time!”

This was truly terrifying.

Spectral Soul had great strength, even though he was no longer rank nine, he was definitely at Duke Long’s level of battle strength.

Even though he lost most of his attainment levels, it seemed that soul path did not fall by too much.

Even though Spectral Soul had only fought Dragon Palace for a short while, he had already comprehended the weaknesses of Dragon Palace, he could modify his killer moves to show much greater effect.

Furthermore, Spectral Soul had abundant battle experience, far deeper than Fang Yuan, during his era, he was renowned for killing everything in his way in the entire world!

After several more rounds, Dragon Palace could not resist Spectral Soul anymore, Fang Yuan sighed as he sent out another Immortal Gu House.

It was a silver-white ship with a long and thin body, it flew like a flying sword with silver light shining around it, stabbing towards Spectral Soul.

It was Myriad Year Flying Warship.

Spectral Soul moved in a flicker and dodged it easily.

Myriad Year Flying Warship turned around and used a killer move, targeting Spectral Soul.

At once, Dragon Palace tried to escape while Myriad Year Flying Warship helped to defend it. Spectral Soul chased after them with immense demonic might, the winds and clouds were raging around him.

Fang Yuan's main body was disrupted by the heaven path dao marks, but because Immortal Gu Houses were individual structures, they were not restricted by this problem.

As long as the Immortal Gu House had Fang Yuan's will and immortal essence, Myriad Year Flying Warship could still continue to fight.

However, Spectral Soul had formidable strength and all sorts of killer moves, not only were they strong and hard to defend against, they mostly had peculiar effects and easily overwhelmed Fang Yuan's efforts, allowing Spectral Soul to firmly control this situation.

Even with the power of two rank eight Immortal Gu Houses, he was not Spectral Soul's match.

"Most importantly, the Twelve Zodiac battle formation was completely destroyed during the fate war. Otherwise, with the combination of Twelve Zodiac battle formation and Myriad Year Flying Warship, even Spectral Soul would have some problems against them."

Fang Yuan considered the situation and did not change his plan, he still focused on escaping.

After getting the heaven path research results, Fang Yuan just needed time to gather his advantage. As long as he survives this problem, after he resolved the problem of the heaven path dao marks, it would be Fang Yuan's turn to shine.

Spectral Soul was going all-out on offense. In his opinion, this was the best opportunity to kill Fang Yuan and reclaim the sovereign immortal body. Not just the sovereign immortal body, he could also get the dream realms that Fang Yuan obtained. Spectral Soul would be able to regain all of his attainment levels as a result.

In this world, what could allow Spectral Soul to rapidly regain his strength? Undoubtedly, it was Fang Yuan! Fang Yuan was simply a moving treasure chest in Spectral Soul's eyes.

"Spectral Soul, die! I want you to die!!" Qing Chou approached him with wind and lightning surrounding it.

Myriad Year Flying Warship and Dragon Palace fought against Spectral Soul while moving, they could not travel quickly. Thus, Qing Chou caught up to them.

Qing Chou's eyes were blood red, its face was distorted in a terrifying manner, it only cared about Spectral Soul!

In just this period of time, the rank nine aura of the hatred Gu within it got denser again, it was quite shocking to see.

Qing Chou got stronger again!

It growled, a human-faced lightning ball flew out of its throat.

The lightning ball was extremely fast, green-black in color, it was eerie and icy, moving without a sound.

Spectral Soul waved his hand, a giant whip made of black fog appeared, seeking to send the lightning ball flying.

But the face on the lightning ball snickered as it raised its speed, avoiding the whip as it approached Spectral Soul.

Spectral Soul was about to use another killer move when the lightning ball self-detonated.

Rumble!

The might of the explosion was terrifying, Spectral Soul was sent flying far away.

The range of the explosion was wide, even Dragon Palace and Myriad Year Flying Warship were not spared, they both suffered some damage.

Qing Chou endured the aftermath of the explosion as it approached Spectral Soul relentlessly.

"This senseless beast!" After being disrupted for multiple times, Spectral Soul felt deeply enraged.

Fang Yuan used the chance to flee.

Spectral Soul saw Dragon Palace's movement and became even more angry: "Little scoundrel, don't think of escaping!"

Dragon Palace's speed fell instantly.

At the areas where Dragon Palace was damaged, black smoke appeared and lowered its speed severely.

"What killer move is this? When did Spectral Soul use it?" Fang Yuan was shocked, at once, he had an idea of moving into Myriad Year Flying Warship instead.

But regrettably, black smoke also appeared on Myriad Year Flying Warship, it moved slowly too.

The black smoke faded away very quickly but Spectral Soul also regained his momentum, after forcing Qing Chou away, he approached Dragon Palace again.

At once, the three parties engaged in a chaotic battle.

Fang Yuan wanted to shrug off Spectral Soul but Qing Chou was overwhelmed with rage, it did not have any intention to cooperate with him.

Qing Chou only wanted to take revenge on Spectral Soul, it did not care about Fang Yuan, almost all of its moves also implicated Dragon Palace. At times, to protect himself, Fang Yuan had to fight Qing Chou as well.

After some time, Spectral Soul regained the upper hand again.

Even though he was just the soul of Spectral Soul Demon Venerable, his battle strength was extremely high, he also fought differently from Duke Long's dominance, he was more skilled at using ruthless attacks with piercing killing intent, he was vicious and maniacal.

But he had a terrifyingly clear understanding of the situation, he often made use of his opponent's methods to make them cancel out each other's moves.

Spectral Soul slowly attacked less and less, but in this chaotic fight, his advantage was rising bit by bit.

After noticing this, even Fang Yuan's heart was turning cold.

Reverend Insanity

Chapter 2033: Chaotic Battle

"In terms of battle experience, I cannot compare to Spectral Soul!" During the three way chaotic battle, Fang Yuan sensed the difference between him and his enemy. Even though he had been reborn many times, in terms of total battle experience, Fang Yuan could not compare to a venerable.

"The main problem is that Qing Chou is not being logical, even though it attacks ferociously, it ignores its own condition, Spectral Soul made use of it many times. If this were a conscious Qing Chou, the battle would not be like this."

Fang Yuan felt the situation was unfortunate in his heart. Even though hatred Gu was progressing towards rank nine and Qing Chou was getting stronger, without any wisdom, no matter how strong it was, it was still toyed around by Spectral Soul.

Even after using Dragon Palace and Myriad Year Flying Warship, Fang Yuan still felt helpless. This was something that had never happened before.

Fang Yuan was still focusing on retreating, he fought while escaping.

Even though he was the weaker side now, as long as Spectral Soul could not activate a battlefield killer move to trap him, Fang Yuan was still free to escape.

Dragon Palace was the first to break through the heavenly wind qi wall, heading towards Central Continent. Myriad Year Flying Warship did its best to protect it.

Spectral Soul moved behind like a trail of black smoke, following after them closely.

Behind them were Qing Chou's colossal body, crashing through the qi wall and leaving immemorial white heaven, reaching Central Continent.

Qi Sea Ancestor, Qin Ding Ling, and the rest had all left Heavenly Court, they were chasing behind.

When they found that Fang Yuan and the rest had entered Central Continent, Heavenly Court's immortals became anxious.

“This scoundrel Fang Yuan could’ve traveled through the vast immemorial white heaven but he chose to go to Central Continent. Since he is in trouble, he wants to implicate the innocent people as well, he truly deserves a pitiful death!”

Qi Sea Ancestor snorted coldly: “Fang Yuan has been a problem for too long, if we can kill him this time, it would be the fortune of the people in the world.”

As he said that, he used a secret method to tell the main body about their movement.

Fang Yuan immediately understood that Heavenly Court’s pursuers were arriving soon. But he had no solution, his speed was greatly dragged down by Spectral Soul.

When Heavenly Court’s group arrived, they found that Spectral Soul was suppressing Fang Yuan and Qing Chou.

Qin Ding Ling frowned as she hesitated, telling Qi Sea Ancestor: “Ancestor, please deal with Fang Yuan, kill him with your full strength.”

But how could Qi Sea Ancestor attack the main body, he pondered and said: “In this situation, Fang Yuan is weak while Spectral Soul is strong. They are both demonic path overlords, if we deal with Fang Yuan and get hit by his final trump cards, Spectral Soul will be the eventual winner.”

Qin Ding Ling shook her head: “Ancestor, you are not familiar with Fang Yuan, he is too crafty, he definitely has methods left unused. Maybe this situation is only a layer of his concealment, we need to kill him now, we cannot give him any opportunities.”

Qi Sea Ancestor: “...”

Heavenly Court had suffered too much at Fang Yuan’s hands, Qin Ding Ling’s wariness and fear towards Fang Yuan surpassed even Spectral Soul!

But thinking about it, when Spectral Soul Demon Venerable was invincible in the world, he did not deal so much damage to Heavenly Court compared to the current Fang Yuan. It was quite easy to understand how Qin Ding Ling and the others felt like this.

Qi Sea Ancestor could only ask the main body secretly, what were they going to do?

If there was no choice, Qi Sea Ancestor would have to expose himself and fight Spectral Soul so that the main body could escape.

Fang Yuan replied: “Don’t worry, let me try something first.”

Dragon Palace’s door opened, a Pure Dream Reality Seeker Physique body flew out.

Pure Dream Reality Seeker Physique flew towards Spectral Soul, the latter’s pupils shrank as he retreated immediately.

Bam.

The Pure Dream Reality Seeker Physique body self-detonated, turning into a large lump of dream realm that floated in the sky, turning into a barrier.

Dragon Palace and Myriad Year Flying Warship used this chance to pull some distance away from them.

Spectral Soul got around the dream realm as he chased again.

But Qing Chou could not think properly, it got trapped in the dream realm.

Roar—!

The aura of hatred Gu burst out of Qing Chou's body as it broke free from the dream realm, it chased after them again.

"This is?!"

"Qing Chou actually broke away from the dream realm, it was not trapped?"

"It's hatred Gu! <<The Legends of Ren Zu>> has a vague description about it — hatred has no dreams!"

Fang Yuan was also quite shocked about this.

Qing Chou did not have any dream path methods but it used hatred Gu to break free. Dream path was ahead of the current era, it was unstoppable, but it could not stop Qing Chou's hatred Gu?

"Hatred has no dreams... or rather, against rank nine hatred Gu, the dream realm was not big enough?" Fang Yuan had a thought.

It was like the killer move dreamy light smoke, if it landed on Spectral Soul, it would only trap him for some time before he got free, Dragon Palace would shatter from the internal impact.

Dreamy light smoke was too weak against Spectral Soul, but if it rose to rank nine level, the situation would be different.

Even so, when Spectral Soul was attacked with dreamy light smoke, he would still dodge it without hesitation.

He was very fast, moving like a specter, in close distance, it was almost the same as teleportation, it was too hard for dreamy light smoke to hit him.

However, the good thing for Fang Yuan was that Spectral Soul could not deal with dream realms currently.

"I obtained the Pure Dream Reality Seeker Physique method from Shadow Sect, Spectral Soul definitely knows about it. However, he lacks the crucial Immortal Gu, he cannot use relevant killer moves."

After sensing this, Fang Yuan immediately created many Pure Dream Reality Seeker Physique bodies and self-detonated them.

Bang bang bang bang.

In the blink of an eye, Dragon Palace and Myriad Year Flying Warship were surrounded by dream realms, there was no gap between them.

Spectral Soul snorted coldly, stopping his attacks.

“This Fang Yuan...” Qin Ding Ling gritted her teeth, Fang Yuan’s method was too shameless, Heavenly Court had no way to deal with it.

“Be careful of Spectral Soul!” Qi Sea Ancestor reminded them.

Fang Yuan suddenly enclosed himself, Heavenly Court’s members were in an awkward spot.

Spectral Soul looked at them coldly, Qi Sea Ancestor stood in front of them steadfastly.

Qing Chou growled angrily, it attacked Spectral Soul again without fear.

Spectral Soul said in displeasure: “Lowly beast! Since you want to die, I will grant you your wish.”

His body vanished on the spot, at the next moment, he appeared on Qing Chou’s back. But right when Spectral Soul was about to attack Qing Chou, a qi path killer move shot towards him.

Spectral Soul had no choice but to resist it, Qing Chou used the chance to move away, it spat out a human-faced lightning ball again, escaping danger.

Spectral Soul looked at Qi Sea Ancestor with a cold gaze. Earlier, Qi Sea Ancestor was the one who attacked him.

Qi Sea Ancestor looked at Spectral Soul warily, at the same time, he explained to Qin Ding Ling: “We cannot let Spectral Soul succeed. He seems to be able to absorb the power of the immemorial soul beast, is it possible for Heavenly Court to capture Qing Chou again?”

Qin Ding Ling sighed: “We have already lost the best opportunity. Qing Chou’s strength rose greatly, we need to find another opportunity in order to forcefully refine hatred Gu.”

Heavenly Court’s Gu Immortals did not blame Qi Sea Ancestor for making a move on his own, after all, what he did was very logical. From the Heavenly Court Gu Immortals’ perspective, Fang Yuan was trapped in the dream realm now, Qi Sea Ancestor was helping Qing Chou to attack Spectral Soul for the sake of Heavenly Court.

At the next moment, Spectral Soul attacked the Heavenly Court immortals.

Qing Chou followed closely behind him.

The three sided chaotic battle started again, but this time, Heavenly Court took the role of Fang Yuan.

Fang Yuan was temporarily safe, he only had to take note of the moving dream realms. To form a tight defense, he needed to self-detonate Pure Dream Reality Seeker Physique bodies to fix any gaps in his defensive line.

Immortal killer move — Yin-yang Great Killer Hands!

Rumble!

With a loud explosion, two huge hands, one black and one white, appeared out of nowhere.

The two hands were so large they could loom over heaven and earth, they had an intrinsic pattern, at this moment, they grabbed at Spectral Soul.

Spectral Soul suddenly shouted shrilly, when he appeared again, he was already right in front of Qi Sea Ancestor. At the center of the yin-yang hands where Spectral Soul was originally at, there was an immemorial soul beast.

Spectral Soul shot out a wave of black smoke that landed on Qi Sea Ancestor.

Immortal killer move — Heavenly Combat Cloak!

Qi Sea Ancestor retreated, heavenly combat cloak melted from the effect of the black smoke, but this strange move was blocked after all.

Even though Qi Sea Ancestor was a newly created clone of Fang Yuan's, he had incredible strength from originally being Heavenly Court's qi harvest fruit. With sufficient qi path Immortal Gu, his battle strength was not any lower than before.

Even so, Qi Sea Ancestor was suppressed by Spectral Soul, the situation was getting increasingly passive.

Qin Ding Ling led the Heavenly Court immortals to help Qi Sea Ancestor, she also ordered Spirit Affinity House to send Feng Jin Huang over to the fight.

Feng Jin Huang had dream path Immortal Gu, she could use pure dream reality seeker transformation to break Fang Yuan's defensive line.

Qin Ding Ling's target had always been Fang Yuan!

Fang Yuan's main body hid inside Dragon Palace as he watched the battle, using all of his time to refine as many heaven path dao marks as possible.

"Master, we have arrived!" During the chaotic battle, Fairy Zi Wei and Old Man Zheng Yuan led their group as they entered the battlefield.

Before Heavenly Court's Gu Immortals could react to it, far away, someone flew over as well.

"Let this old man join in the fun as well."

It was Demon Immortal Qi Jue!

[Reverend Insanity](#)

Chapter 2034: Everyone Wants to Kill Fang Yuan

In this three sided chaotic battle, the appearance of Fairy Zi Wei's group and Demon Immortal Qi Jue made the situation increasingly complex.

"Go and block Heavenly Court." Spectral Soul ordered.

Fairy Zi Wei and Old Man Zheng Yuan quickly attacked with killer moves, the shining wave of attacks assaulted Qin Ding Ling and the rest with ferocity.

Other than Qi Sea Ancestor, Qin Ding Ling and the rest were all inside their Immortal Gu Houses, they were not afraid of Spectral Soul's reinforcements.

Heavenly Court's immortals were only furious, they were not angry about Fairy Zi Wei and Old Man Zheng Yuan's betrayal but the fact that he used a vicious method to enslave them.

Heavenly Court believed in Fairy Zi Wei's and Old Man Zheng Yuan's loyalty. They knew that it was because of Spectral Soul that they betrayed Heavenly Court.

Spectral Soul snickered: "How does it feel to fight against your former allies? It will be up to you to save them, if you miss this opportunity, you will likely never have another chance in the future."

Heavenly Court's immortals heard this, their attacks halted for a moment.

Qin Ding Ling had sharp brows, she frowned as she ordered: "Spectral Soul wants to make us unwilling to attack, he is stalling for time. Forget about Zi Wei's and Zheng Yuan's lives, killing them is the same as releasing them from this predicament!"

At the crucial moment, Qin Ding Ling displayed the foresight of a leader, she showed her resolute nature.

Spectral Soul heard this, he frowned lightly.

He started to act more quickly, attacking Qing Chou again.

Fighting against him, Qing Chou soon got suppressed.

"Stop him!" Seeing that Spectral Soul was trying the same thing again to extract Qing Chou's strength, Qin Ding Ling shouted: "Ancestor, please stop him!"

Even without her reminder, Qi Sea Ancestor had already flown towards Spectral Soul.

But at the next moment, a gush of qi currents flew out like a heavenly river, obstructing Qi Sea Ancestor.

Qi Sea Ancestor stopped his movement, he looked at the attacker: "Qi Jue!"

Demon Immortal Qi Jue smiled lightly, blocking his path: "Qi Sea, our previous battle was interrupted by Heavenly Court, that was not satisfying. Let us fight fairly this time."

The hearts of Heavenly Court's immortals sank.

At the crucial moment, Demon Immortal Qi Jue actually came to help Spectral Soul!

What sort of agreement did they make?

Fairy Zi Wei was surprised too, Demon Immortal Qi Jue was definitely an unexpectedly strong reinforcement!

Purple light flickered in her eyes as she realized: "Long ago, Demon Immortal Qi Jue had already started buying all sorts of inheritances in treasure yellow heaven of various paths. He is from the Olden Antiquity Era, he revived after the destruction of fate Gu. Using these inheritances, he can catch up to the current great era!"

"The reason why Qi Jue is helping us is likely because master made a deal with him, he sold a large number of inheritances."

Fairy Zi Wei made an accurate guess.

Even though Demon Immortal Qi Jue did not expose his identity in treasure yellow heaven, he did not conceal himself either, his intentions were clearly known to everyone.

Since Heavenly Court could notice Demon Immortal Qi Jue's actions, why wouldn't Spectral Soul?

Because of historical reasons, Demon Immortal Qi Jue would not cooperate with Heavenly Court. But Spectral Soul was also in the demonic path, he had a vast number of inheritances, he was the most ideal person to transact with Qi Jue.

"Fang Yuan, you cannot escape today." Spectral Soul smiled coldly, he arrived at Qing Chou's back again.

At the next moment, he attacked!

Qing Chou growled angrily but its strength was being absorbed by Spectral Soul. As an immemorial soul beast, even with the quasi-rank nine hatred Gu, Qing Chou was completely countered by Spectral Soul.

Qing Chou's aura fell greatly while Spectral Soul became more energized and lively.

After he finished his absorption, he kicked, Qing Chou fell towards the ground.

Next, he charged towards Fang Yuan at lightning speed.

Immortal killer move — Pure Dream Reality Seeker Transformation!

The dream realms surrounding Dragon Palace had a huge chunk missing, they turned into Pure Dream Reality Seeker Physique bodies as they flew into Spectral Soul's immortal aperture.

Spectral Soul actually had enough Immortal Gu to unleash the killer move, pure dream reality seeker transformation!

He had purposely let Fang Yuan go earlier without using this move, now that he got rid of Qing Chou, he let his reinforcements block Heavenly Court and Qi Sea Ancestor while he finally went after Fang Yuan!

All the immortals were shaken.

The battle had been in Spectral Soul's grasp since the start.

In history, Spectral Soul was renowned for his killing intent, but that did not mean that he could only kill to solve his problems. He was aloof, crafty, and vicious, but when he was alive, he had no need to use any of these methods, his own strength was sufficient to kill all problems.

But now that Spectral Soul's strength was not much higher than his enemies, he started to use various methods to complement his battle strength.

At once, a large number of dream realms were reclaimed by Spectral Soul.

Fairy Zi Wei and the rest fought against Heavenly Court while Qi Sea Ancestor battled Demon Immortal Qi Jue, facing a disadvantage.

Demon Immortal Qi Jue had the secluded domain of heaven and earth, 'Xi', he resisted Qi Sea Ancestor, who cultivated qi path.

The situation was critical, Fang Yuan could not use the dream realms to stop his enemies anymore.

The door of Dragon Palace suddenly opened, several Pure Dream Reality Seeker Physique bodies flew out of his dream realm defensive line, directly heading for Spectral Soul.

Boom boom boom.

The Pure Dream Reality Seeker Physique bodies self-detonated, creating dream realms in the air.

Spectral Soul quickly dodged them, he managed to avoid being trapped by the dream realms.

But using this chance, Wu Shuai moved Dragon Palace out of the dream realm circle through one of the gaps, with Myriad Year Flying Warship following behind closely.

The intent of the two Immortal Gu Houses was obvious.

“Where are you trying to go?!” Spectral Soul shouted as he got past the dream realms, approaching them again.

Fang Yuan was his main target, he needed to be killed.

This was a prime opportunity, Spectral Soul was going to follow Fang Yuan no matter where he went.

Spectral Soul stared at Dragon Palace and Myriad Year Flying Warship, his eyes flickering with killing intent and determination!

At the next moment, Dragon Palace and Myriad Year Flying Warship split up, they escaped in two directions.

Spectral Soul was dazed.

What should he do?

When Myriad Year Flying Warship and Dragon Palace were inside the ring of dream realms, they were isolated from the outside, Spectral Soul had no idea which one Fang Yuan was hiding in.

There was only one Spectral Soul, he could not chase after both Immortal Gu Houses.

But Spectral Soul made his decision almost instantly, he shouted: “Demon Immortal Qi Jue, chase after Myriad Year Flying Warship! After we succeed, I will not stint on your reward.”

Demon Immortal Qi Jue chuckled as he used Xi Land to absorb one of Qi Sea Ancestor’s killer moves, he easily moved away and chased after Myriad Year Flying Warship.

Spectral Soul went after Dragon Palace instead.

After receiving his orders, Fairy Zi Wei started to retreat.

“What do we do?” Heavenly Court’s Gu Immortals asked Qin Ding Ling.

Qin Ding Ling looked at Fairy Zi Wei and the rest, saying without hesitation: “Kill Fang Yuan first!”

But the problem that Spectral Soul faced earlier was also happening to Heavenly Court, which Immortal Gu House was Fang Yuan in?

“Do we just pick one and gamble on our luck?” Qin Ding Ling frowned, even though she was not willing to do that, Heavenly Court lacked wisdom path Gu Immortals, they could only do this.

“I can help you people.” Fairy Zi Wei suddenly stopped her movement as she said: “I have a way to deduce Fang Yuan’s location.”

Heavenly Court’s immortals were dazed.

“What method? How long will it take?” Qi Sea Ancestor asked.

“With our help, it will only take a moment.” Bing Sai Chuan’s voice resounded, everyone turned around, seeing that Calamity Luck Altar had arrived.

“They finally arrived.” Fairy Zi Wei let out a breath of air.

She was obviously the one who asked the Longevity Heaven members to come. Earlier, Fairy Zi Wei and the rest received orders from Spectral Soul to deceive Longevity Heaven and assault Heavenly Court on their own. But the situation changed too quickly, on the way here, Fairy Zi Wei analyzed the situation and made the plan to use Longevity Heaven’s strength.

After getting Spectral Soul’s permission, Fairy Zi Wei contacted Longevity Heaven immediately.

As Calamity Luck Altar approached, Bing Sai Chuan said: “Our lord said that this world does not need too many chess players.”

The immortals’ hearts shook.

Bing Sai Chuan’s lord was obviously Giant Sun Immortal Venerable.

All the signs showed that this venerable had deep aspirations, he still had abundant will and strength left in the world.

In the current situation, Fang Yuan was the most likely person to become venerable. Immortal zombie Giant Sun did not want this to happen, thus, he changed his plan and decided to kill Fang Yuan before he could grow fully!

Qin Ding Ling gritted her teeth, she was stuck at a difficult contemplation.

Cooperate with Spectral Soul and Longevity Heaven?

The former was a demonic path venerable, the latter was a strong foe during the fate war, they were all responsible for the destruction of fate!

Ally with them?

Qin Ding Ling only thought about it for a few breaths of time before she squeezed out a word: “Alright.”

Like what Bing Sai Chuan said earlier, there was no need for too many chess players in the world. Fang Yuan was destined to be their enemy, he was a walking treasure chest, everyone wanted to kill him first, after that, Heavenly Court would deal with Spectral Soul and Giant Sun!

Chapter 2035: Qing Clans Revenge

2035 Qing Clan“s Revenge Rough winds howled in the desert, while the oasis carried a warm breeze.

Sandstones piled into a mountain as hot steam rose. There was a calm lake beneath the sandstones, green trees were growing as their leaves rustled under the evening wind, creating the scene of a paradise in Western Desert.

Western Desert’s Qing clan’s base was situated at this oasis that was called the ‘Qing oasis’.

Qing clan’s Gu Immortals were all gathered in a hall. On the icy cold floor of the hall, there were several fragments of Gu worms, all of the Qing clan Gu Immortals were fixing their gazes on these fragments.

“Qing Heng’s life tablet Gu shattered?!”

“What is happening?”

“Qing Heng died, he had left to hunt the Southern Border Gu Immortal Ming You. Did he really die at Ming You’s hands?”

Qing Heng was a rank seven expert of Qing clan, even though he was sent by the clan to kill Ming You, the clan was very confident in him. Recently for some reason, news that Qing clan obtained Divine Bean Palace had spread, all the other super forces were probing them. With Qing Heng’s death, Qing clan became suspicious about the truth, was this a test by the Western Desert forces?

“Report—! We have accurate information, Ming You was the one who killed Qing Heng, he has great strength and acts ruthlessly.”

Qing clan flew into a rage.

“This Gu Immortal from another region has gone too far!”

“We need to kill this Ming You, we will grind his bones to dust, we will show the other Western Desert super forces the consequences of offending our Qing clan!”

“Before killing him, we should capture this Ming You and invite the other Western Desert Gu Immortals to watch. Only by pulling out his tendons and ripping his skin in public, to humiliate and torture him to death, can I feel satisfied from this revenge.”

“Kill!”

“Kill him!”

“He is merely a Gu Immortal from another region, he came to Western Desert alone, he actually dared to kill our Gu Immortal, he truly has no fear of heaven and earth.”

“Even though Ming You was able to kill Qing Heng, he only has rank seven cultivation level, if first supreme elder takes action, it would be too excessive, rumors would also spread that our Qing clan is bullying the weak. In my opinion, we should send out Qing Jing and Qing Hua Lan.”

“No, to play safe, we should send Qing Chen as well. With three immortals, they will definitely be able to capture that Ming You alive!”

“Let him experience regret and pain.”

“Hurry! Don’t let that scoundrel escape.”

“Kill Ming You, display the might of Qing clan!”

“Ming You must die, when our clan refines Divine Bean Palace in the future, our Qing clan will stand at the top of Western Desert’s Gu Immortal world!!”

...

These sentences echoed in Qing Chou’s ears, the scenes of the past flashed in Qing Chou’s mind.

Different from its usual fragmented memories, this time, its memory was very clear and complete. At the same time, the hatred in its heart surged in a tsunami, rampaging in Qing Chou’s entire body and mind.

Hatred!

Deep hatred!

Feeling increasingly intense hatred, Qing Chou opened its eyes.

Time flew by quickly, countless years had passed since then.

Qing Chou’s eyes were bloodshot.

It found that it was still lying on the ground, recalling that when fighting Spectral Soul earlier, it was sent flying to the ground, crashing and falling unconscious.

“Roar!”

Qing Chou roared as it stood up within the deep pit.

The rank nine aura of hatred Gu became even denser, the power of hatred surged throughout Qing Chou’s body.

“Ming You, Ming You!”

“Spectral Soul, Spectral Soul!”

Qing Chou roared towards the sky, its eyes were covered in rage, its hair was disheveled, even though Spectral Soul had already gone after Dragon Palace, the power of hatred Gu allowed Qing Chou to locate Spectral Soul easily without a problem.

Rumble!

Qing Chou had a mountain-like tortoise shell, tiger claws and dragon tail, as well as a snake neck and human head, it flew up rapidly as winds surrounded it, charging towards the direction of Spectral Soul. As for Fairy Zi Wei and the rest who were creating a formation in the sky, it ignored them.

Among these Gu Immortals in the sky, there was one elderly Gu Immortal, he had wide sleeves and fluttering white hair, he was Fang Yuan’s clone, Qi Sea Ancestor.

Seeing that Qing Chou was flying away, Qi Sea Ancestor let out a breath of air, no longer worried.

Earlier in Western Desert, even though Fang Yuan used familiar face to transform, he was still chased by Qing Chou.

Qing Chou possessed hatred Gu, because of the influence of karma divine tree, it had an intense connection to Spectral Soul and everyone related to him.

Fang Yuan's main body could not deceive Qing Chou while Qi Sea Ancestor was Fang Yuan's clone, he would definitely be sensed by Qing Chou as well.

But now, Spectral Soul and Fang Yuan were enemies, they wanted each other to die, thus, because of their changed relationship, Qing Chou no longer went after him.

"Even though Qing Chou's threat is gone, Fairy Zi Wei is still a big problem." Qi Sea Ancestor cast his gaze at Fairy Zi Wei.

Fairy Zi Wei wore a purple-gold dress, she had a graceful figure with hair that extended to her waist. She moved mysteriously as she flew in the sky, her fingers fluttering like butterflies in the sky, countless Gu worms were sent out and used together, in the sky, an amazing wisdom path immortal formation was already taking shape, one could see its form already.

Old Man Zheng Yuan assisted at the side.

Qin Ding Ling, Che Wei, and the other Heavenly Court Gu Immortals looked at Fairy Zi Wei, they had complex emotions, there was hatred, anger, pity, and sadness.

There was a round altar that was almost in contact with the wisdom path formation, floating in the sky. It had white jade railings and shining aurora, this was rank eight Immortal Gu House Calamity Luck Altar.

Calamity Luck Altar was controlled by Bing Sai Chuan, he had a sharp gaze as he looked at Heavenly Court's Gu Immortals and Qi Sea Ancestor, not daring to relax his mind.

Calamity Luck Altar protected Fairy Zi Wei and the rest, as well as the wisdom path formation.

Longevity Heaven, who represented Giant Sun Immortal Venerable, had already cooperated with Spectral Soul's Shadow Sect long ago.

"Fang Yuan has the potential to become a venerable, we cannot let him do as he pleases. If such a person becomes a venerable, it will not benefit any of us." Bing Sai Chuan transmitted, he tried to convince Qi Sea Ancestor, Qin Ding Ling, and the rest, not knowing that Fang Yuan's clone was right here.

Qin Ding Ling only listened to him, she did not reply.

The winds howled around her, causing her cape to flutter, she wore a tight golden armor and was tall and grand, she had a valiant demeanor.

She stared at the wisdom path formation at times, looking at the dream realms occasionally.

This dream realm was left behind by Fang Yuan. He had originally tried to use the dream realms to stop his enemies, but Spectral Soul plotted against him instead. Fang Yuan had to escape from this battlefield, this dream realm was left behind, shining and moving on its own continuously.

“Where is Fang Yuan now? I only saw that Dragon Palace and Myriad Year Flying Warship flew out of the dream realm and escaped the battlefield. There is a third possibility, he is still hiding in this dream realm!” Qin Ding Ling thought to herself.

Precisely because of this reason, she stayed behind to guard this dream realm.

Fang Yuan was too crafty, even though staying in the dream realm seemed stupid, there was a chance that Fang Yuan might do this purposely.

Seeing that the wisdom path formation was completing, Qi Sea Ancestor felt increasing pressure.

“I can’t wait anymore!” Thoughts collided in Qi Sea Ancestor’s mind, he thought: “Looking at Fairy Zi Wei’s attitude, with Bai Ning Bing and Ying Wu Xie at the lead, this formation might likely deduce the main body’s location. The main body does not have much foundation in information path, otherwise, if we could break our connection with Bai Ning Bing and Hei Lou Lan, even three of Fairy Zi Wei combined would not be able to do anything.”

“Fairy Zi Wei and the rest have great strength, with Calamity Luck Altar’s defense and Bing Sai Chuan’s wariness towards Heavenly Court, if I attack now, I will not be able to destroy the formation, Heavenly Court would instead get suspicious of me.”

The Qi Sea clone was powerful, but he could not turn this situation around alone and suppress everyone, the key person now was still Qin Ding Ling!

Qi Sea Ancestor listened to Bing Sai Chuan’s words while asking Qin Ding Ling in secret: “Looking at this situation, Shadow Sect and Longevity Heaven think highly of this formation. But can we trust them? Regardless of whether Fairy Zi Wei can deduce a result successfully, the formation is still under her control. If she tells us a location, how do we ensure that it is right? Will Fairy Zi Wei hide anything from us?”

The Qi Sea clone started to sow discord, he could not let Bing Sai Chuan ally with the Heavenly Court Gu Immortals too. Otherwise, the main body would face the pressure of Shadow Sect, Longevity Heaven, and Heavenly Court, it would be too much!

If this was the Heavenly Court from Fang Yuan’s previous life, they would definitely have no inclination to work with other forces.

But fate Gu was destroyed by Fang Yuan, Heavenly Court lost their greatest spiritual banner, they also suffered many setbacks and lost a lot of reputation. One could say that their title of the number one human force was already undeserved, they faced a lot of criticism.

Heavenly Court’s Gu Immortals were all elites, they learned from this lesson and started to change. Qin Ding Ling was the leader of Heavenly Court, she started to gather help and put down her pride, earlier, when Qin Ding Ling took the initiative to help Qi Sea Ancestor chase away Demon Immortal Qi Jue, it was the best proof of this.

Thus, the probability that Heavenly Court, Shadow Sect, and Longevity Heaven would work together was not low.

The Qi Sea clone's words were very effective, Heavenly Court and Fairy Zi Wei could not trust each other. This way, even if Fairy Zi Wei's deduction succeeded, it would not have any meaning.

Qin Ding Ling was silent for a while before transmitting to Qi Sea Ancestor: "I would like ancestor to go and chase after Dragon Palace and Spectral Soul."

Qi Sea Ancestor was slightly dazed: "Do you know the location of Fang Yuan already?"

"I don't." Qin Ding Ling smiled at Qi Sea Ancestor.

The Qi Sea clone looked at Qin Ding Ling deeply in the eye, he realized that Qin Ding Ling knew what she was doing, she had never trusted Shadow Sect's Fairy Zi Wei or Longevity Heaven, trusting them was stupid. The reason she stayed behind was to guard the dream realm and also rest and recover.

Heavenly Court lacked a peak rank eight battle strength, after leaving Heavenly Court, they also lost their territorial advantage. They seemed powerful and had great morale but if they were careless, they would suffer huge losses.

Heavenly Court could not afford to lose anymore!

Qin Ding Ling had to be vigilant and careful.

Right now, Spectral Soul was chasing Dragon Palace, Qing Chou was chasing Spectral Soul, while Demon Immortal Qi Jue was chasing Myriad Year Flying Warship.

Qin Ding Ling knew that Demon Immortal Qi Jue, who had Xi Land, was Qi Sea Ancestor's greatest counter, even if Fang Yuan was inside Myriad Year Flying Warship, Qi Sea Ancestor would not be able to do anything to Demon Immortal Qi Jue even if he went there.

Instead, if Qi Sea Ancestor chased after Spectral Soul, he would be able to influence the situation.

From Heavenly Court's perspective, Fang Yuan was someone who needed to die, Shadow Sect or Longevity Heaven were enemies as well. But Heavenly Court's strength was not like before, they were very weak, even though Qi Sea Ancestor was on their side, he was still not their member after all.

Qin Ding Ling sighed deeply: "Fang Yuan is too crafty, even though him splitting up seemed simple, it allowed the pressure on him to decrease greatly, we have no choice but to stay behind and temporarily stop chasing him."

"Spectral Soul is stronger than Demon Immortal Qi Jue, if he kills Fang Yuan and gets everything, this former Demon Venerable will rise up again!"

"Qi Sea Ancestor, we hope you can think for the sake of everyone in the world, let these two demons fight it out while our righteous path remains victorious in the end."

Qin Ding Ling was a talented leader after all! Even though she was leading a weaker Heavenly Court, she had never given up, she made plans to try and raise their chances of victory as much as possible.

Chapter 2036: Strong, Weak

“Go.” Fairy Zi Wei called out as her fingers moved rapidly, producing countless shadows. The killer move activated, a thousand Gu worms flew out and turned into a vague purple shadow that filled up the final blank area of the wisdom path formation.

The Gu Immortals watched were all first rate Gu Immortals in the entire five regions, seeing this, they could not help but admit that Fairy Zi Wei was very skilled at setting up formations.

Fairy Zi Wei let out a breath of air, perspiration gathering on her forehead.

Her eyes stared at the formation before her, at this point, it was time to add in the core Immortal Gu.

This situation was quite peculiar, Fairy Zi Wei was setting up the formation in front of many strong foes. There was a chance that these Gu Immortals might attack her during the process, thus, Fairy Zi Wei used a rare method for this arrangement, she first placed the mortal Gu and set up a bare framework first, before filling it up with Immortal Gu at the end.

Fairy Zi Wei temporarily stopped her actions to catch a breather, she looked at Qin Ding Ling and Calamity Luck Altar.

Calamity Luck Altar was shining in brilliant light, the Gu Immortal controlling the Immortal Gu House, Bing Sai Chuan, knew about her worries, he transmitted: “With my protection, you can rest assured, quickly set up the formation.”

Fairy Zi Wei did not have Fang Yuan’s formation flag Gu, otherwise, she would not need to set up this formation each time.

She knew that time was running out, after hearing Bing Sai Chuan’s words, she started to put Immortal Gu into the formation.

Each time an Immortal Gu was placed, the formation would shake once and shine in a beautiful purple light, the scene was incredibly beautiful, it was a pity that none of the Gu Immortals had the mood to appreciate it.

Inside Calamity Luck Altar, Bing Sai Chuan stared at the formation, guarding against any potential threats that would attack, he broke the silence as he said: “Hei Lou Lan, you have been with Fang Yuan for a long time, what do you think he would do in this situation?”

Hei Lou Lan was standing right beside Bing Sai Chuan, even though she was a woman, her face had strong contours, she possessed sharp and long brows, bright eyes and a heroic aura.

Hei Lou Lan heard the question, she thought about it and said: “Fang Yuan only has three options, Dragon Palace, Myriad Year Flying Warship, or to stay in the dream realm.

“Hiding in the dream realm is too risky for Fang Yuan. Not only can Spectral Soul take the dream realm away, Heavenly Court also has ways to deal with the dream realm. If I were Fang Yuan, I would not stay here and wait for death.”

“Of course...” Hei Lou Lan smiled helplessly: “This is not guaranteed to be the case, thus, Heavenly Court chose to stay by the dream realm. Fairy Zi Wei has also stayed behind to make deductions using the formation, she is also observing the dream realm. She is a wisdom path great expert, she knows that she cannot interfere with the two Immortal Gu Houses, she is most needed here.”

“Myriad Year Flying Warship is faster than Dragon Palace, this can deceive the enemy, but I do not think that Fang Yuan would hide inside it. This is because Myriad Year Flying Warship is still slower than Spectral Soul, but its defense is lower than Dragon Palace. If Spectral Soul chooses to chase Myriad Year Flying Warship and attack it, Myriad Year Flying Warship would not last as long as Dragon Palace.”

Hei Lou Lan smiled coldly: “During the fate war, Fang Yuan lost his Twelve Zodiac battle formation, if it were still around, he would likely escape in Myriad Year Flying Warship. Thus, I think that Fang Yuan is most likely hiding inside Dragon Palace!”

Hei Lou Lan had an eerie gaze: “Spectral Soul likely thinks the same too, that is why he chased Dragon Palace while asking Demon Immortal Qi Jue to go after Myriad Year Flying Warship, he made precautions for both situations. Fang Yuan’s sovereign immortal body originated from Spectral Soul, he also has all of Spectral Soul’s dream realms. If Spectral Soul can kill him and reclaim the sovereign immortal body and the dream realms, he will rise up once again!”

“Even though we want to kill Fang Yuan, we cannot let Spectral Soul succeed. Even though Shadow Sect is working with us now, they have ill intentions. After all, Fairy Zi Wei managed to deduce the fact Fang Yuan was in Heavenly Court but they kept it from us, allowing Spectral Soul to attack Heavenly Court alone. Only when they needed our reinforcement did they call for us.”

“Thus, in my opinion, we should just watch from the side and exert influence on the situation. If possible, it will be best if we can take down Spectral Soul, Fang Yuan, and Heavenly Court in one move!”

“Hahaha.” Bing Sai Chuan laughed loudly, praising: “Good analysis! Quite impressive. Northern Plains’ Hei tribe was too disappointing, but you live up to Giant Sun’s bloodline. I’ll tell you the truth, after I woke up, I received information about you. After observing you for some time, I can say that you are a genius! It was just that your life was quite tough, you were schemed against by your father and suppressed by Fang Yuan, you merely lacked an opportunity to develop, otherwise, you would not be in this state.”

Hei Lou Lan heard the praise, her gaze focused on Bing Sai Chuan’s face.

Bing Sai Chuan had a tall body, his face was gentle but there was an ugly scar extending from his right ear to his left cheek. He originally had a cold expression but now, he looked at Hei Lou Lan with admiration and satisfaction.

Hei Lou Lan’s heart jumped, an intense feeling appeared in her heart. Bing Sai Chuan’s appreciation towards her ability was probably the most valuable fortuitous encounter in her life!

After realizing that, Hei Lou Lan did not hesitate anymore, she stood straight and cupped her fists: “I will listen to lord’s orders!”

Bing Sai Chuan laughed loudly, before stopping as he looked at Hei Lou Lan with a solemn and serious gaze: “Good, Hei Lou Lan, are you willing to rebuild Northern Plains’ Hei tribe?”

Northern Plains’ Hei tribe had been taken down long ago, it was now occupied by Heavenly Lord Bai Zu to develop his tribe. Hei tribe’s Gu Immortals even became members of Bai Zu tribe, they were simply the disgrace of the Huang Jin bloodline.

Hei Lou Lan expressed her willingness to do so no matter what.

“But I am currently too weak...” Hei Lou Lan purposely showed a hesitant expression filled with difficulty.

Bing Sai Chuan waved his hand as he tossed her a Gu worm.

Hei Lou Lan quickly received it, she saw that this rank seven Immortal Gu looked like a black and gold beetle, it was very heavy, Hei Lou Lan did not recognize it at once.

Bing Sai Chuan explained: “Hei Lou Lan, you have the Great Strength True Martial Physique, you should cultivate solely strength path, your future will be very bright. You have our Huang Jin bloodline, you are a Northern Plainsman from birth, I am sure you will not disappoint me, we will not stint on your strength path resources from now on. Take this strong Gu first, even though it is rule path, it suits you very well.”

“Strong Gu?!” Hei Lou Lan’s body shook.

“Alright, Fairy Zi Wei’s formation is ready, go inside first.” Bing Sai Chuan instructed.

Hei Lou Lan left Calamity Luck Altar and went into the formation.

She had a plain expression but her heart was filled with deep emotions and turbulence. Strong Gu was recorded in <<The Legends of Ren Zu>>, it had a close connection to the Great Strength True Martial Physique. Bing Sai Chuan gave this legendary Immortal Gu to Hei Lou Lan, it showed how much he wanted to nurture her.

Hei Lou Lan realized in her heart: “It seems that my life is going to undergo a huge change now!”

Ren Zu lost freedom Gu, he was anguished and only recovered after a long time.

Ren Zu was troubled, he asked cognition Gu: “Oh cognition Gu, how can I obtain freedom Gu again? After what happened last time, freedom Gu will not approach me anymore.”

Cognition Gu answered: “Oh human, why do you desire freedom Gu so much?”

Ren Zu replied irritably: “Don’t you know the reason already? I am searching for freedom in order to break free of the restraints of fate.”

Cognition Gu answered once again: “Then I have nothing much to tell you. Haven’t you told fate Gu the answer to this question already?”

Ren Zu was dazed before he recalled.

Before he went insane, he met fate Gu. When he was harmed by fate Gu, he shouted at it that he would use his own strength and wisdom to obtain freedom, he would eventually break free from fate’s control!

Ren Zu’s eyes brightened: “Oh Gu, I remember now, thank you for the reminder. I need to rely on myself to break free of fate. I already have my own strength, what I lack is my own wisdom. I need to let self Gu eat a mouthful of wisdom Gu, just like how it ate a part of strength Gu in the past.”

“But where is wisdom Gu?” Ren Zu asked cognition Gu.

Cognition Gu: “I do not know. Wisdom Gu has been to many places, its location is not fixed. You can find wisdom in countless places, so human, you need to find it yourself.”

Ren Zu nodded as he set off on his journey again.

He walked and walked and walked, one day, he saw two Gu worms chasing each other along the road.

One Gu worm was white and tiny, it escaped ahead as it begged for mercy: "Stop chasing me, stop chasing me, I do not want to be eaten by you."

The other Gu was clearly larger in size, it had thick armor and said in a deep tone: "I want to eat you, I want to eat you! No matter where you escape to, I will eat you!"

The tiny white Gu was about to be caught by the larger Gu behind, it suddenly saw Ren Zu and hid behind him: "Oh human, I beg of you, quickly save me."

Ren Zu saw that this Gu worm was so pitiful, it was chased by another Gu worm, unable to fend for itself, he felt like he was seeing himself.

At this instance, a new heart grew in his chest — the heart of sympathy.

Ren Zu stretched out both arms as he stopped the larger Gu: "Stop, stop chasing it."

The armored Gu shouted: "Hey human, are you obstructing me? No, you cannot stop me, you are unable to stop me."

"Why is that so?" Ren Zu was curious.

The armored Gu explained: "I am strong Gu, that is weak Gu. Since time immemorial, the rule of nature is that the strong prey on the weak. Thus, strong must eat weak, weaklings are the food of the strong."

Ren Zu sighed as he tried to convince the Gu: "Then why don't you let it off just this once, look at how pitiful it is."

Strong Gu sneered: "Not even once! In the eyes of the strong, weaklings have no stature, there is no sympathy for the weak. This is because heaven and earth will never pity the weak, it will only marvel at the incredible feats of the strong. Weaklings are born to be subdued, controlled, and devoured by the strong."

Ren Zu saw that his words fell on deaf ears, he could only deny strong Gu forcefully: "I have already saved this Gu, go and eat others."

Strong Gu knew that it could not beat Ren Zu alone, it could only fly away in dissatisfaction: "I will be back."

Chapter 2037: Myriad Destruction Lightning Fores

Bai Ning Bing, Ying Wu Xie, and the rest went into the formation one by one, finally, Fairy Zi Wei also went to the center of the formation, activating it.

The deduction was beginning.

Qi Sea Ancestor did not move, he stayed at the original spot.

"If I take action now to destroy the formation, will it help my main body?" Qi Sea Ancestor analyzed, he estimated his chances.

Once the formation was damaged or even destroyed, the Gu Immortals inside would suffer backlash, but Qi Sea Ancestor could not be certain of the exact effect.

Furthermore, if Qi Sea Ancestor struck now, the secret that he was Fang Yuan's clone would be exposed for sure.

"If only I could convince Qin Ding Ling and the rest to strike together." Qi Sea Ancestor sighed internally.

Even though Qin Ding Ling was not a wisdom path great expert, she was not so easy to deceive. Qi Sea Ancestor did not even dare to say anything odd now, otherwise, Heavenly Court might find out the truth instead.

"Ancestor, time is pressing, you need to consider the big picture!" Qin Ding Ling was secretly sending transmissions to him, trying to convince Qi Sea Ancestor. She wanted him to chase after Dragon Palace and Spectral Soul, but Qi Sea Ancestor started to talk about payment instead.

Qi Sea Ancestor sighed: "Fairy Qin, precisely because of the big picture, I am being shameless in asking you for the three qi Immortal Gu. My methods are all known by the enemies, only with these Immortal Gu can I gain a boost in strength and catch the enemies by surprise. For the sake of the people, for the righteousness of humanity, I hope you will consider the big picture and give those three Immortal Gu to me."

Qin Ding Ling mentally rolled her eyes, this Qi Sea Ancestor was not just shameless, he was incomparably so, using this opportunity to ask for huge compensation. He wanted three rank eight Immortal Gu at once, the cores of Primordial Origin's true inheritance! He was simply too greedy.

But Qin Ding Ling had many worries now, if she fell out with Qi Sea Ancestor, Heavenly Court would not have any peak rank eight battle strength, they would likely be targeted by Shadow Sect and Longevity Heaven.

Qi Sea clone purposely chose this current situation to exert pressure on Qin Ding Ling.

Qin Ding Ling sighed: "Qi Sea Ancestor, why must you force us now? Back then, in Eastern Sea, who helped you to resist Demon Immortal Qi Jue?"

Qi Sea Ancestor replied: "If we want to talk about favors, I am sure you all owe me more. I have already gotten rid of Heavenly Court's biggest threat, the qi harvest fruit is gone now. Also, in this battle, I have never slacked off, I took risks alongside all of you."

Qin Ding Ling was silent for a while before she replied solemnly: "I can give heaven qi and earth qi Immortal Gu to you, but human qi Immortal Gu is out of the question. This is the bottom line of Heavenly Court, please understand our circumstances, ancestor."

Qi Sea Ancestor accepted the result.

The truth was, the Qi Sea clone did not think he would get all three qi Immortal Gu to begin with. They were all rank eight Immortal Gu connected to Primordial Origin true inheritance, they were too valuable,

far beyond the value of the supposed payment. Heavenly Court could have used other resources to pay him, but because the situation was really urgent now, the Qi Sea clone fought for the greatest benefit.

Of course, the fact that Qin Ding Ling gave the two qi path rank eight Immortal Gu to Qi Sea Ancestor on the spot caused all of the Gu Immortals to gasp in amazement.

Qi Sea Ancestor obtained two Immortal Gu, he said his goodbyes to the Heavenly Court immortals as he chased after Dragon Palace immediately.

"I finally got him to work." Qin Ding Ling felt very tired, but this outcome was not too bad. She would not give all three qi Immortal Gu to Qi Sea Ancestor, she had to keep at least one to use as bait against him.

Furthermore, Qi Sea Ancestor obtained two qi Immortal Gu, he only needed human qi Immortal Gu to be able to use the killer move triple qi retraction, this temptation was probably even greater now that he had two of them.

Dragon Palace flew rapidly in the wild winds.

In the dream realm earlier, Wu Shuai got sufficient time to put all his effort into repairing Dragon Palace, at least from the outside, it looked restored.

"The damage to the core Immortal Gu cannot be resolved quickly, this is already my limit!" Wu Shuai was very worried.

Behind Dragon Palace, a female rank eight soul path immortal was chasing it relentlessly.

It was Spectral Soul who was inside Lady Cold Ash's body. He emanated black qi as he surged with killing intent, he locked onto Dragon Palace without any signs of hesitation or giving up.

"You cannot escape, Fang Yuan! Even if you escape to the ends of the world, I will definitely kill you." Spectral Soul had just said that when his pupils expanded.

Wherever Spectral Soul's gaze landed, smoke that was pitch black appeared, quickly reaching Dragon Palace.

The smoke expanded rapidly, with a soft sound, it turned into a round spiral that had an immense suction force.

Wu Shuai was controlling Dragon Palace, he was caught by surprise as Dragon Palace's speed fell, it fell towards the black smoke spiral.

"What move is this?!" Wu Shuai gritted his teeth, veins bulged on his forehead as he tried to move Dragon Palace to the sky.

Ever since they fought, Spectral Soul's soul path methods had been endless, it was hard to guard against them. Especially when Spectral Soul was such an expert with abundant experiences, he could use these soul path killer moves beyond their usual limits.

Dragon Palace turned around with difficulty, attempting to fly away from the black smoke spiral from above.

Spectral Soul sneered, he pointed his finger. Black light quickly gathered on his finger, it shot out, instantly hitting the area around Dragon Palace.

The tiny black light expanded rapidly, turning into an immemorial soul beast.

Seeing that the immemorial soul beast was about to pounce on Dragon Palace, Wu Shuai was shocked, his pupils expanded rapidly.

If Dragon Palace got hit, its movement would be obstructed, it would fall into the black spiral along with the immemorial soul beast. In that case, the precious time that Fang Yuan obtained through this tactic would be completely wasted.

At the crucial moment, Wu Shuai shouted, his eyes shined with mysterious dazzling light.

Dragon Palace reacted to it, golden light erupted, a wave of pink smoke rapidly gathered, easily dragging the immemorial soul beast away, into the depths of Dragon Palace. The powerful immemorial soul beast could not resist it at all!

Spectral Soul was not surprised.

This was the dream path killer move — Dreamy Light Smoke.

Wu Shuai got rid of the immemorial soul beast, Dragon Palace managed to fly far above the spiral.

At this time, Spectral Soul's body suddenly appeared near Dragon Palace, his eyes shined with cold light: "I have been waiting for this!"

At the same time, 'Spectral Soul', who was far away, faded into nothingness.

Spectral Soul slammed with his palm, the silhouette of a soul mountain appeared and pressed down on Dragon Palace.

This soul mountain was huge, the top was beyond the clouds, looking from below, Wu Shuai's entire vision was obstructed.

It covered the entire sky!

But the soul mountain's appearance was very familiar to Wu Shuai.

"Isn't this Dang Hun Mountain?" Wu Shuai was shocked and uncertain.

Bam!

With a loud sound, Dang Hun Mountain crashed down on Dragon Palace.

Dragon Palace's beautiful roof met with a devastating blow. Countless tiles shattered, many Gu worms died at once.

And even worse was that due to the impact, even though Dragon Palace struggled, it was slammed into the black smoke spiral by the giant soul mountain.

The spiral surrounded the entirety of Dragon Palace, an immeasurable suction force started acting on it.

Dragon Palace spun around along with the spiral, losing its sense of direction. Wu Shuai had to leave his throne as he tried to think of a way to break out of this situation, but it was hopeless in the short term.

“Don’t tell me this is Spectral Soul’s truth strength?” Wu Shuai gritted his teeth.

Spectral Soul unleashed several killer moves in succession, Wu Shuai was very tired in trying to deal with them. The great rank eight Immortal Gu House Dragon Palace could not put up a resistance, with Spectral Soul’s array of killer moves, he managed to suppress Dragon Palace forcefully.

Wu Shuai stared with furious eyes, he had to try and delay for time, he instilled immortal essence to try and fix the Immortal Gu House, wanting to maintain his defensive position.

“In this situation, the main body’s safety is in my hands! But how long can I last?” Wu Shuai was completely unsure at this point.

Fang Yuan’s main body was deep inside Dragon Palace.

The heaven path dao marks prevented him from doing anything now. The unlimited qi sea killer move he used earlier against the primordial qi wall was also prepared for a long time, he used human path methods to find a gap in the restriction of the heaven path dao marks, allowing him to make one move.

But with just that action, after breaking the qi wall, the heaven path dao marks reacted and started to obstruct Fang Yuan in another way.

Thankfully, Fang Yuan did not get greedy and quickly stopped using his killer move. Otherwise, the strong interference would cause his killer move to fail, he would suffer intense backlash.

Fang Yuan only found that human path could resist heaven path. Dream path might be effective but his attainment in dream path was not high enough.

Ever since he obtained Heavenly Court’s heaven path research results, Fang Yuan had been researching on them.

He was fighting against time!

It was possible that a minute’s or even a second’s difference would lead to either surviving or dying.

Immortal killer move — Heaven-human Sensation!

Immortal killer move — Human Executing Heaven’s Work!

Within the sovereign immortal aperture, Fang Yuan’s will mixed with heaven’s will, he sensed various heaven path dao marks.

Refine them!

Immortal killer move — Unrestrained Heavenly Mark!

This killer move was meant to deal with heaven path dao marks, Fang Yuan did not care about the cost, he expended rank eight immortal essence rapidly, he quickly refined three heaven path dao marks successfully.

“Wu Shuai, persevere, I have already made a huge breakthrough!” The moment Fang Yuan transmitted to Wu Shuai, a change occurred in the immortal aperture.

Fang Yuan’s success infuriated heaven’s will.

The heaven path dao marks were like angry beasts, they were originally scattered all over the place, but now they gathered together.

Rumble!

Thunder rumbled as lightning roared, dark clouds formed as wild winds blew.

The heaven path dao marks triggered a huge change, in just a few breaths of time, a tribulation was formed!

At that instant, earth shook as mountains rumbled, lightning flashed and shattered rocks, the earth was crying out in sorrow.

Fang Yuan’s heart jumped: “Don’t tell me that forcefully refining heaven path dao marks will anger the Heavenly Dao and cause a tribulation to occur? Or maybe the killer move I used has a problem?”

Lightning clouds continued to form and spread out. Soon, they spread over a hundred li, several thousand li, tens of thousands of li, and over a hundred thousand li!

Millions of lightning bolts flickered continuously, this was like a huge forest made of lightning bolts!

Myriad tribulation — Myriad Destruction Lightning Forest!

It was not an earthly calamity, a heavenly tribulation, or a grand tribulation, it was actually a myriad tribulation.

Only a rank eight Gu Immortal could face such a tribulation.

It was a myriad tribulation, they put fear into most rank eight Gu Immortals!

[Reverend Insanity](#)

Chapter 2038: Internal and External Problems

Fang Yuan immediately frowned, as if a huge rock was weighing on his mind, his expression turned grim.

He did not think that a myriad tribulation would occur.

Rank eight Gu Immortals stood at the peak of the Gu Immortal world, but for each one of them, every myriad tribulation was a troublesome hurdle.

In the current Gu Immortal world, most rank eight Gu Immortals have not gone through one myriad tribulation. For example, Heavenly Lord Bai Zu and Yao Huang were like this, even Prince Feng Xian was the same.

Back then, why did Old Ancestor Xue Hu try all means possible to refine fortune rivalling heaven Gu? It was to deal with his first ever myriad tribulation in this life! It was a pity that he created a huge commotion and ended up with a huge loss, not only did Old Ancestor Xue Hu fail to refine fortune rivalling heaven Gu, he even lost the whole of Snowy Mountain blessed land.

Western Desert's Thousand Transformations Ancestor had gone through one myriad tribulation. He survived it by a hairsbreadth, he was forced to recuperate for a long time. During the period, his beloved Fairy Cui Bo was killed by Fang Yuan, yet he could only send Dancer Hong Yun to investigate it.

Beast Calamity Immortal died after suffering heavy injuries from his first myriad tribulation, leaving behind Beast Calamity grotto-heaven.

Bo Qing was a rank eight Gu Immortal who had passed two myriad tribulations, Duke Long was too. Throughout history, both of them were top tier experts merely below venerable level.

Even though Fang Yuan possessed over a million dao marks after becoming a rank eight Gu Immortal, the truth was that he used the sovereign immortal aperture's specialty to annex grotto-heavens, he skipped all his myriad tribulations.

Thus, Fang Yuan had not gone through a single myriad tribulation.

In his case, myriad tribulations were still huge problems. And the biggest issue now was that this current situation was really inappropriate to undergo tribulation. Fang Yuan could not estimate how long Wu Shuai could last, after all, Spectral Soul was a terrifying foe that they could not assess!

"I need to refine these heaven path dao marks as soon as possible, only after that can I face Spectral Soul!"

"But to refine heaven path dao marks, I need to undergo myriad tribulation?"

Fang Yuan felt like there was a tsunami now, he went up the mountain to avoid the flood but found out that this was actually a volcano! And now, this volcano was about to erupt.

Externally was Spectral Soul, internally was the myriad tribulation, at this moment, Fang Yuan fell into the greatest predicament of his life so far.

"No, I still have a chance!" Even in this situation, Fang Yuan remained calm, he was not flustered.

At the same time, at another area.

Myriad Year Flying Warship and Demon Immortal Qi Jue were escaping and chasing respectively.

Suddenly, 'Fang Yuan' flew out of Myriad Year Flying Warship, using his killer move with ferocity as he forced back Demon Immortal Qi Jue temporarily.

Demon Immortal Qi Jue immediately used his investigative method, after confirming this, he transmitted to Spectral Soul: "Fang Yuan is here with me, I can't deal with him alone. Come quickly! Otherwise, he might escape."

Spectral Soul heard the news and got stunned for a moment.

"Is Fang Yuan really not in Dragon Palace?" Spectral Soul thought rapidly, his attacks also slowed down as a result.

Right now, even though Dragon Palace was trapped, it was still a rank eight Immortal Gu House, it could last for a while.

Fang Yuan was rushing against time, Spectral Soul was the same. If he wasted time with Dragon Palace, even if he destroyed it, Fang Yuan would escape, then this entire pursuit would fail because he could not meet his goal.

Victory in battle was never important, only the benefits behind it mattered. Combat was just one of the ways to gain benefits, the glory of victory was completely irrelevant to Spectral Soul.

“Fang Yuan has familiar face, he can create a will and give it immortal essence and Immortal Gu to create a false impression of being the main body.” Spectral Soul knew about this information, thus he was quite troubled now.

Even though he was strong, far beyond other Gu Immortals, he could be called the number one in the world, but Fang Yuan was crafty and hard to catch, this situation was quite vexing.

Spectral Soul knew he had to be vigilant, otherwise, he would follow in Heavenly Court’s footsteps. This Fang Yuan was just too good at escaping!

The sovereign immortal aperture was facing countless lightning bolts, ever since the myriad tribulation formed, it had been attacking non-stop.

Mini Southern Border suffered severe damage!

The Heavenly Dao sought to balance deficit and surplus, which area in the sovereign immortal aperture was the most developed? It was undoubtedly Mini Southern Border. Thus, the Heavenly Dao created this myriad tribulation that targeted Mini Southern Border.

“Myriad tribulation — Myriad Destruction Lightning Forest!” Fang Yuan gritted his teeth, doing his best to make arrangements. He ignored Spectral Soul who was outside now, he let Wu Shuai try to stall for time.

Rumble...

Cloud Bamboo Mountain was completely broken apart into countless pieces by the lightning bolts.

There were eight desolate beast cloud foxes living on the mountain, and eleven desolate plant spear tip bamboos, they were completely wiped from existence by the lightning bolts. Cloud qi roots, white hair ginseng and a vast number of ordinary spear tip bamboos were all destroyed too.

The seven colored cloud soil inside the mountain were also affected, they were scattered all over the place, after the damage from the lightning, their value fell drastically.

Cloud Bamboo Mountain was originally taken from Southern Border’s Chi clan by Fang Yuan, it had the weakest defensive formation, thus at this moment, it was completely decimated beyond recognition.

Soon, the other resource points started to face problems too.

“I need to solve this internal threat as soon as possible!” Fang Yuan thought to himself, but the power of the myriad destruction lightning forest was terrifying, he could not do anything about it, each of his actions were still restricted by the heaven path dao marks.

Thankfully, there was a bunch of Gu Immortals in the sovereign immortal aperture.

Among them, Xue Er, Shi Shi Cheng, and Mo Tan Sang were nurtured by Fang Yuan to become the new leaders of their variant human tribes. Their cultivation level was too weak, asking them to help out was simply sending them to death's doors.

"I will help!" At the moment of crisis, an elderly Gu Immortal stepped up, emanating rank eight aura.

Since when did Fang Yuan's sovereign immortal aperture gain such a powerful expert?

This elderly man was none other than the sole rank eight in Beast Calamity grotto-heaven, the current generation Combat Beast King.

Ever since Fang Yuan's plan succeeded and he annexed Beast Calamity grotto-heaven, all of the Gu Immortals inside were turned into his subordinates. After that, Fang Yuan gave them the true method of Gu cultivation.

During the fate war, most of the rank seven Gu Immortals were sent out to fight, until now, Fang Yuan did not have any time to recall them, they were still wandering around in the five regions.

Combat Beast King was a different case, because he had been cultivating inside Star Collection City, his strength rose greatly.

This was Fang Yuan's backup plan during the fate war to guard against people trying to invade his immortal aperture.

During the fate war, this situation did not occur, and now that the sovereign immortal aperture had a myriad tribulation, with Fang Yuan unable to make a move, he could only send out the Combat Beast King.

Winds blew, starlight shot out.

The rank eight star sea snail corpse was taken out by Fang Yuan, handed to Combat Beast King. The Combat Beast King did not hesitate, he immediately used his killer move and turned into a giant covered in starlight armor.

The giant roared as his body flew up towards the sky of lightning clouds.

Crack!

When the giant reached half the distance, several lightning bolts combined into one, the pillar-like bolt shot down on the star armored giant.

If this were in the past, Combat Beast King would definitely die from getting hit by this. But after this period of cultivation, he had already learned how to use immortal killer moves.

Thus, the defensive killer move was used by Combat Beast King before he moved, it managed to resist the lightning bolts.

But the giant's advancement was also halted at this moment.

The giant landed back on the ground, its majestic body shivering as sparks remained on its body, Combat Beast King's limbs were going numb, his movements were greatly affected.

“Myriad tribulations are truly terrifying!” Combat Beast King was tongue-tied, he spoke with deep shock.

Fang Yuan frowned tightly.

Earlier, the lightning bolts combined to target Combat Beast King, that was the work of heaven’s will. The heaven path dao marks were too densely gathered now, heaven’s will was naturally being produced.

With the manipulation of heaven’s will, the terrifying myriad tribulation became even more adaptive, it led to despair.

“I have the killer move heaven’s will dissipation, I can even get rid of heaven’s will in dream realms. Unfortunately, I cannot use it now!” Fang Yuan sighed to himself, he needed to refine the heaven path dao marks, he had to mingle with heaven’s will and use both heaven-human sensation and human executing heaven’s work to capture the location of the heaven path dao marks. After that, he would use unrestrained heavenly mark to refine the relevant heaven path dao marks.

Thus, heaven’s will was necessary.

Once Fang Yuan gets rid of the heaven’s will, he would also not be able to refine these heaven path dao marks.

“But the heaven path dao marks gathered and created a myriad tribulation, this greatly affected my refinement of the heaven path dao marks, my efficiency is less than one percent of before!”

Originally, the heaven path dao marks were scattered all over the sovereign immortal aperture, they were like divided troops, Fang Yuan could refine them group by group, the refinement was very effective. But now that the heaven path dao marks gathered into one tight group, Fang Yuan would have huge problems in trying to target them, his refinement also started to have no progress.

With this speed of refining the heaven path dao marks, how long would it take?

Fang Yuan’s circumstances were really precarious!

“Oh no, I can’t hold on anymore!” When it rains, it pours, at this moment, Wu Shuai shouted loudly as he requested for Fang Yuan’s help.

This dragonman clone was also in a bind now.

Veins were bulging on his forehead, he was sweating profusely, Dragon Palace was trapped in the black smoke spiral, it was taking huge damage at all times. With cracking tiles and pillars, the whole of Dragon Palace was visibly shrinking.

Wu Shuai could only do his best to repair it, but his speed could not match Spectral Soul’s destruction.

Seeing that a crucial area was about to be destroyed, Wu Shuai had no choice but to ask for help.

Fang Yuan knew that his clone would not ask unless he was desperate. He sighed to himself as he switched his attention to the outside world.

After inspecting the situation, Fang Yuan immediately took action to help Wu Shuai with the repair of the Gu House.

They managed to alleviate the situation, but it was not enough!

Suddenly, Wu Shuai gasped: “Why are Spectral Soul’s attacks getting slower?”

Fang Yuan realized at once, he said: “I created a fake main body over in Myriad Year Flying Warship, it seems to have worked. Spectral Soul is hesitating now, he has always been worried that I would escape. He has no idea that Dragon Palace is about to collapse, he thinks the rank eight Immortal Gu House can still last for some time. If my ‘main body’ in Myriad Year Flying Warship escapes during this period, even if he manages to take down Dragon Palace and kill you, his plan will fail regardless.”

Wu Shuai’s eyes shined: “It will be great if we can deceive him now!”

[Reverend Insanity](#)

Chapter 2039: Sorrowful Wind Mountain Range, Wang Xiao Er

“It’ll be difficult.” Fang Yuan sighed deeply.

Almost the same time as he said that, Spectral Soul, who was outside, attacked even quicker than before!

Spectral Soul shouted coldly: “Fang Yuan, you are truly a disappointment. How long are you going to hide? I’ll tell you the truth, Fairy Zi Wei has already deduced your location earlier.”

“Entrusting your hope to deceit, this is the way of the weak. I gave you sovereign immortal fetus Gu, it was truly a waste!”

“Come out and fight me, in this case, even if you die, people of the world will not say that you were cowardly, being afraid of the strong while bullying the weak.”

“Damn it!” Wu Shuai’s hope was dashed, he could not help but grit his teeth.

Fang Yuan snorted coldly, frowning and not answering. From his perspective, what was the point of reputation? What he cared about was whether Fairy Zi Wei really succeeded in her deduction, was Spectral Soul trying to deceive him now, was it all an act just to bait out Fang Yuan?

The Qi Sea clone had already left, so Fang Yuan did not know about the situation over there.

“Even now, the wisdom path formation is still working, we cannot forget another possibility, that is Fairy Zi Wei trying to delay Heavenly Court and Longevity Heaven’s action by telling Spectral Soul about the result secretly in advance. Sigh, I can’t care about it now.” Fang Yuan sighed as he quickly tossed away this question.

It was not that he found out the truth, but Dragon Palace’s current condition was too dangerous, he had no choice but to take action.

Fang Yuan opened the door of his immortal aperture slightly, letting out the immemorial year beasts that he had prepared!

Several immemorial year beasts roared as they charged out of Dragon Palace, attempting to destroy the black smoke spiral, while a few of them charged towards Spectral Soul.

“Your efforts are futile.” Spectral Soul made his move, black smoke spread out from his body and whipped up a dark storm, shrouding the surrounding over an immense range.

He pointed repeatedly with his finger, each attack only carried a trace of smoke but it was incredibly fast, the power was overwhelming. When the black smoke hit the immemorial year beasts, it immediately expanded into countless dense smoke chains that binded the immemorial year beasts.

The immemorial year beasts struggled but the black smoke chains were boosted by the black smoke spiral, they became thicker and tighter. The immemorial year beasts could struggle at first but soon they became unable to move, they were swept away by the spiral without resistance.

“These are just petty tricks, you are truly a disappointment, Fang Yuan.” Spectral Soul flew up into the sky as he looked down at the black smoke spiral.

The great rank eight Immortal Gu House Dragon Palace was like a toy, once its details were exposed, it was completely toyed around with like a harmless object.

Wu Shuai gritted his teeth, activating the killer move dreamy light smoke.

Spectral Soul chuckled, spitting out several soul balls. The tadpole-like soul balls had tails, they moved rapidly in the air, quickly entering the immemorial year beasts.

Thin black qi appeared around the immemorial year beasts’ bodies, the black smoke chains fused into the black qi and caused it to become much thicker.

The three immemorial year beasts regained freedom, they growled angrily as they attacked Dragon Palace!

One of the immemorial year beasts directly jumped into the range of dreamy light smoke.

Their control was actually taken over by Spectral Soul.

Dreamy light smoke swept away one immemorial year beast, Wu Shuai felt powerless. With Spectral Soul controlling the situation now, he had ample time and initiative, dreamy light smoke could no longer pose a threat, it was just a small problem.

The soul path killer moves that Spectral Soul was using now were all unheard of by Fang Yuan and Wu Shuai, they had never seen any moves like these.

The foundation of a rank nine venerable was truly unfathomable!

High in the sky, the wisdom path formation continued to operate.

Fairy Zi Wei stayed at the central control area, she showed an appearance of working her hardest to make deductions.

Longevity Heaven’s and Heavenly Court’s immortals surrounded the wisdom path formation.

Qin Ding Ling silently looked at the wisdom path formation, just earlier, Heavenly Court transmitted news that the few Gu Immortals staying back successfully suppressed Di Zang Sheng.

Di Zang Sheng was hit by Primordial Origin's qi path killer move, its condition was slipping rapidly. When Fang Yuan escaped, he abandoned it to its own demise. Now, it was not strange that Heavenly Court's Gu Immortals suppressed it.

This point alone showed how anxious Fang Yuan was, he even gave up something like Di Zang Sheng, it showed that he was at his weakest point.

And this fact amplified Qin Ding Ling's killing intent towards Fang Yuan.

This was a rare opportunity that could not be lost!

After suppressing the Evil Dragon, the remaining Gu Immortals started to repair Heavenly Court grotto-heaven. They quickly fixed the holes, Heavenly Court's crisis was finally alleviated.

This also allowed Qin Ding Ling to let out a sigh of relief, but she still had other worries.

"Qi Sea Ancestor has just left recently, with Dragon Palace's speed and direction, it should have already reached Intestinal Gorge, right?" Qin Ding Ling thought to herself.

Fang Yuan escaped in Dragon Palace, moving out of immemorial white heaven and into Central Continent. This enraged Heavenly Court and also caused them to be worried that the aftermath of the battle might cause severe losses.

Intestinal Gorge was the northern entrance of Sorrowful Wind Mountain Range, it was created during the Olden Antiquity Era when a beastman expert died and fused with the surrounding mountains. It was under the control of one of Central Continent's ten great ancient sects, Black Heaven Temple.

Qin Ding Ling had already transmitted the details to Black Heaven Temple, asking them to send out their Immortal Gu House and move along Intestinal Gorge. If there was a chance they would strike, if the enemies were too strong, they would abandon Intestinal Gorge and preserve their strength as the main goal.

After receiving Heavenly Court's orders, Black Heaven Temple went into an alert state, they mobilized all of their strength and started to move out.

But after waiting for a long time, they did not see Dragon Palace nor Spectral Soul.

Qin Ding Ling did not know that Spectral Soul had already intercepted Dragon Palace along the way, they were still above the sky of Sorrowful Wind Mountain Range.

Sorrowful Wind Mountain Range was huge, extending over hundreds of thousands of li, compared to other mountain ranges, it was relatively gentle, the resources here were not abundant, most of the mountains were barren. Thus, even though it was in Black Heaven Temple's territory, they did not care much about it.

This place mostly produced wind path resources, in the past, a rank seven Gu Immortal of Wind Cloud Manor came here to cultivate in seclusion, he managed to breakthrough to rank eight, it was Old Man Bei Feng. It was a pity that his life was filled with hardship, he first got captured by Fang Yuan during the fate war and became enslaved by Dragon Palace. In the intense battle earlier, Old Man Bei Feng died already.

He was not the only one, all of the Four Dragon Generals died in this battle. Even the strongest of the enslaved, Di Zang Sheng, was now suppressed by Heavenly Court.

On a certain mountain of Sorrowful Wind Mountain Range.

Several youngsters were herding sheep, they got into an argument.

A youngster was being bullied, he was the weakest and thinnest person here, he took several steps back amidst the argument.

“Wang Xiao Er, this mountain is occupied by us, there is no place for you here.”

“Scram now, get lost from our sight.”

Several youngsters wore thick leather jackets, they had muscular bodies and vicious expressions.

Wang Xiao Er’s clothes were patched up with many tattered areas, he looked like a beggar.

He resisted weakly: “But my sheep need to eat, if I do not feed them sufficiently, uncle and aunt will beat me up when I return.”

The youngsters laughed loudly, the strongest one struck and pushed Wang Xiao Er to the ground.

“Go to the other mountain to herd your sheep, there is still some grass there. Scram now! Otherwise, I will break your leg!” The muscular young man threatened viciously.

Wang Xiao Er struggled to get up, he did not resist, he only moved his small group of sheep and left the mountain.

He walked with his thin legs, crossing rivers and steep paths. There was no road on the mountain, Wang Xiao Er often fell down and suffered bruises from the hard rocks on the ground, only the sheep behind him were traveling without any problems.

Wang Xiao Er finally found a small patch of grass, the sheep got tired and thirsty after running around, even without his command, they went forward and competed to eat the food.

Wang Xiao Er was so tired he laid down on the rock and watched the sheep fighting to eat, he sighed to himself: “Recently, the sorrowful winds in the mountains are getting more violent, there is less and less grass available. That is why they chased my sheep away from that grassland.”

The patch of grass was tiny, it was completely gobbled up by the sheep after some time. The stronger sheep ate the most food while the remaining sheep growled in hunger.

Wang Xiao Er shook his head, this mountain had little grass, it was scattered all over the place. If he wanted to feed all the sheep, he would need to head to another mountain. It would not only waste time but energy as well.

“Oh sheep, oh sheep, at least you guys have food. In order to feed you all, I will definitely have to return late. I will definitely be beaten up by uncle and aunt, I will have to eat leftover rotten food.”

Even though Central Continent was the most developed among the five regions, most of the mortals still lived difficult lives, it was common to starve.

Right at this time, there were suddenly rumbling noises heard.

Wang Xiao Er raised his head, this was a strange situation, why was there thunder rumbling in this bright sky?

After that, he slowly opened his mouth and saw a shooting star falling from the sky.

The shooting star became larger and larger in his vision, winds became stronger, the rumbling sounds were deafening, even the temperature of the air rose.

Wang Xiao Er was completely stunned, he froze on the spot, the surrounding sheep sensed the danger, they started crying out and running around.

Not just the sheep, the wild beasts on the mountains were also scrambling, the originally quiet mountain suddenly became very lively.

As the shooting star got closer, Wang Xiao Er finally got a good glimpse of it.

This shooting star was actually a mountain-sized beast!

The wild beast crashed down with a loud sound, coincidentally, it was the mountain that Wang Xiao Er lived on!

The mountains collapsed as rocks flew, earth shook as the mountain trembled, dust clouds rose up rapidly.

The village on the mountain was instantly destroyed, there were anguished cries of people mixed with the growls of beasts, Wang Xiao Er could hear these sounds spreading through the air currents produced.

Rumble rumble rumble...

As Wang Xiao Er stared with a frightened gaze, terrifying cracks were spreading on the ground, soon, the surroundings of the mountain peak also cracked, they fell apart piece by piece.

The youngsters who chased Wang Xiao Er away earlier all met with a disaster!

"Am I going to die?" Wang Xiao Er sat on the ground helplessly.

He seemed to have lost all of his strength, he could only watch as the dust clouds devoured him like a hungry beast that ate everything in its path.

Inside the dust clouds were countless rock shards carried by the wind.

One of them hit Wang Xiao Er's forehead.

Before he fainted, his final thought was that of confusion, why did a giant beast fall from the sky?

[Reverend Insanity](#)

Chapter 2040: Qing Mouth

Above the clouds, in the sky.

Dragon Palace barely managed to create a golden light to shield itself, but it was trapped inside the black smoke spiral, resisting against the ferocious attacks from the outside.

Only three immemorial year beasts that Spectral Soul took control of were left.

The rest were all defeated by Wu Shuai using Dragon Palace. As for their falling corpses and what mountains they destroyed, how many people they killed, nobody in this battle cared, they could not afford to bother with the devastating disaster that a mortal boy like Wang Xiao Er experienced.

The remaining three immemorial year beasts regained their senses after the black smoke dissipated, they fought against Spectral Soul once again.

But Wu Shuai had a heavy mood.

These immemorial year beasts were collected by Fang Yuan in an attempt to restore his Twelve Zodiac battle formation, at this crucial moment, he had to use them for battle.

The result was that due to Spectral Soul's methods, they became used by him instead.

After the fight earlier, the remaining three immemorial year beasts were all injured, they could not be used to break out of this situation. Spectral Soul easily managed to resolve Fang Yuan's method, he dealt with the situation without breaking a sweat.

Not only could Spectral Soul control soul beasts, ordinary enslavement path methods were also useless against him, he could use it against the enemy instead!

Wu Shuai was deeply worried: "At this rate, how long can we last?"

Fang Yuan frowned tightly, his opponent was Spectral Soul now, he was trying hard to maintain his defense, but inside sovereign immortal aperture, the myriad tribulation was rampaging and causing destruction. After this short while, Mini Southern Border lost many resource points, his losses were rapidly increasing.

The bigger problem was that even if Fang Yuan gave up a portion of his immortal aperture, he could not break free from the myriad tribulation. This was because the heaven path dao marks that created the tribulation were very special, they could move around. He had to endure the myriad tribulation forcefully to get past this biggest hurdle.

Spectral Soul's eyes shined with cold light, he did not chase after his enemies and attack Dragon Palace again, instead, he looked away.

In his vision, a black dot appeared.

Soon, this dot expanded as a legendary immemorial beast showed its appearance, it had a tortoise shell, four tiger paws, dragon tail, snake neck, and a human head. Its hair was disheveled and it had a twisted expression filled with insanity.

It was Qing Chou who had caught up!

Spectral Soul did not avoid Qing Chou's pursuit, instead, he started to smile coldly: "Since you are here to court death, that will be the best outcome."

However, when Qing Chou reached Spectral Soul, the corner of its tortoise shell split open as a pair of bat wings formed instantly! This was very similar to the wings of the green claw ghost winged lion.

Immortal killer move — Qing Mouth!

Qing Chou opened its mouth, as it had a human face, its mouth was not big, but right now, its mouth opened to form a huge green-black hole.

The hole expanded rapidly, it shot out and devoured Spectral Soul in one mouthful.

The hole rapidly shrunk as it entered Qing Chou's mouth. Qing Chou swallowed as it gulped, a ball could be seen flowing down its snake neck, into its stomach.

"Good chance!" At this moment, brilliance flashed in Wu Shuai's eyes.

"This move was left behind to deal with you, scumbag!" Qing Chou roared loudly in joy after devouring Spectral Soul, memories surfaced in its mind again...

"What, all three Gu Immortals we sent were killed by Ming You?"

"Impossible!"

"But that is the truth. Ming You first pretended to be weak and got injured on purpose, causing our three immortals to split up to look for him. He ambushed them at a corner and found the opportunity to launch a shameless sneak attack on them. Out of carelessness, all three immortals met with their demise."

Qing clan's hall turned silent.

They wanted to restore their reputation but they ended up suffering even greater losses. A rank seven Gu Immortal was not easy to nurture, especially when they were elite rank seven Gu Immortals of Qing clan.

The losses were really huge for Qing clan, their foundation was definitely shook.

"Ming You deserves death! We were too careless... this lesson is very important, we need to remember it and pass it down to the future generations. I am going to deal with him personally." Qing clan first supreme elder said.

The immortals were silent, nobody expressed their objection.

Sending a rank eight Gu Immortal against the rank seven Ming You was really not something to be proud of. But Qing clan could not afford to lose anymore, all of the super forces in Western Desert were watching them like a joke!

However, when Qing clan's first supreme elder was about to set off, he received a challenge letter.

This letter came from another Western Desert super force which had deep enmity with Qing clan, they requested a battle with Qing clan first supreme elder, wanting to use the result of this battle to decide their territorial boundary.

"Damn it, at this juncture!" Qing clan's Gu Immortals shouted immediately.

“They are doing this on purpose. But the territorial boundary determines the ownership of a resource point, the benefits involved are too much. What do you think?” Qing clan first supreme elder hesitated at this moment.

“I will go and end Ming You’s life.” Qing clan’s second supreme elder stood up.

“You?” The first supreme elder hesitated.

Second supreme elder smiled: “I only have rank seven cultivation level but Ming You is heavily injured, he needs to recuperate. We have already learned of his details, even though his methods are innovative and peculiar, they are mostly soul related. My immemorial desolate beast green claw ghost winged lion is his nemesis. Not just that, I created an immortal move called Qing mouth, I gained inspiration from the green claw ghost winged lion and created it. Once used, it can devour souls. Don’t worry everyone, I can definitely take this Southern Border Gu Immortal’s life.”

“Alright, go ahead. Be careful on this trip.” Eventually, first supreme elder nodded and agreed.

“With second supreme elder taking action, we will definitely succeed!”

“Ming You is as good as dead, he is not a threat, our problem now is still this challenge letter.”

“Second supreme elder, you must avenge Qing Hua Lan and the rest!”

...

“I finally took revenge for all of you!” As his memories faded away, Qing Chou could not help become choked with tears, hot tears started to flow out of its red eyes.

Revenge was finally taken, it felt relieved and free.

“Such a familiar sight...” Spectral Soul spoke in a casual tone from within Qing Chou’s stomach.

Qing Chou’s body instantly froze.

Next, it felt bitterness.

Deep bitterness.

Intense bitterness!

An indescribable and unendurable bitterness!

Bitter, it was too bitter.

“Ugh...” Qing Chou’s expression turned pale, it gagged as it almost wanted to vomit.

It quickly gritted its teeth, enduring desperately.

The taste of bitterness surged like a huge tsunami, it crashed towards the limits of its endurance.

Qing Chou growled in pain, its entire body was shivering from the bitterness, it could no longer fly as it fell towards the ground.

While descending, it started to feel hungry!

It was as if there was an empty space in its stomach.

No, it was not just hunger, it was a sort of loss. It was as if its entire body was experiencing a loss.

“Now, you should know how Qing clan’s second supreme elder died in my hands? Indeed, I purposely got hit by Qing mouth killer move. Do you know why I am so confident? Hehe.” Spectral Soul chuckled from inside Qing Chou’s stomach.

Long ago, when Spectral Soul was still young, before he went up against Western Desert’s Qing clan...

Ming You who was extremely successful in life met with a wild green claw ghost winged lion and suffered a terrible defeat.

“Impossible! The soul path I created actually failed to beat a beast. Even though it is an immemorial desolate beast, my soul path... how can my soul path be so pathetic and weak?!”

Ming You who was tired after a long fight fell to the ground, he stared at the green claw ghost winged lion with a crazed expression of disbelief and indignance.

The green claw ghost winged lion stood on four legs, it looked at Ming You who was on the sandy ground, its entire body was casting the shadow of death down on him.

Next, the green claw ghost winged lion lowered its head as it opened its bloodthirsty mouth.

Plop.

With a soft sound, the green claw ghost winged lion bit off Ming You’s leg.

Ah—!

Ming You cried out in pain, after losing his entire right leg, blood poured out of the wound.

The intense pain caused him to curl his body, twisting around on the ground. Soon, the surroundings were dyed red from blood.

After biting off his right leg, the green claw ghost winged lion swallowed it and felt annoyed by the moving Ming You, it stretched out its right claw and pressed him firmly on the ground.

No matter how Ming You struggled, he could not resist the strength of this beast.

The green claw ghost winged lion lowered its head and bit off Ming You’s left arm this time, swallowing it.

Ming You cried out in pain again, his eyes turned white as he almost fainted from pain.

The pain was even more severe this time, earlier when his right leg was bitten off by the green claw ghost winged lion, it was a quick action, but this time, his left arm was torn off forcefully. There was still a small chunk of flesh left on his shoulder, the white arm bone could be seen with the naked eye.

Ming You resisted, he used a soul path killer move with his full strength, but all his attack only impacted the green claw ghost winged lion slightly, it did not move back at all.

Because of the attack, the green claw ghost winged lion lost its patience, it opened its mouth for the third time and ate Ming You entirely.

It started to move its teeth and chew.

Ming You's body was pierced and minced, his bones were all shattered. His brain was not spared either, blood matter and brain matter mixed together, along with his minced flesh, they were all swallowed by the green claw ghost winged lion.

Only Ming You's soul was left.

However, the green claw ghost winged lion could not digest human bodies, it only ate souls as food.

Ming You's soul could not escape from the green claw ghost winged lion's stomach, he was rapidly broken down by the gastric acid.

The shadow of death loomed over him.

Ming You's soul shook intensely, he realized that death was approaching him.

"Am I going to die..."

"Dying in the mouth of a mere beast?"

Damn it!

Indignance!

"I am still too weak. I can do much more!"

"I can definitely do more things, I have just created soul path..."

But his soul path methods were countered by the green claw ghost winged lion. This immemorial desolate beast was simply the natural nemesis of Ming You!

"I cannot die here. I will not accept this outcome."

"There must be a way, there has to be a way!"

"My immortal aperture is still inside my flesh body, it is still with me. My Gu worms are around too... but soul path is useless here. I, I still have food path!"

But the food path killer moves he had could not resist the green claw ghost winged lion, otherwise, he would have used them already, he would not end up like this.

"If existing food path killer moves are useless, I will create new food path killer moves!"

This was wishful thinking, but for Ming You, it was his only hope, even though the hope was extremely slim.

Ming You did not think about the unlikeliness of this action, he only focused on thinking, doing his best to create his concept.

Never before was he so concentrated on something!

His soul was still eroding, it became smaller and smaller.

His thoughts were producing at an increasing slower speed.

Soon, even his thoughts could not move anymore.

"I... cannot... give up..."

"I have to think... I got it... <<The Legends of Ren Zu>>..."

"That's right, didn't Ren Zu get eaten as well?"
