Chapter 3481: Supreme Expert With Two Small Worlds

When the Ice King escaped from the sealed space, Huang Xiaolong's ice blades tore through the void to slash straight into his body. With a toss, the Ice King was sent flying towards the ground.

The blast reverberated through the skies, and the Yin Yang Road of Death started to tremble.

Huang Xiaolong ignored the blades of ice and allowed them to land on his body. He made his way towards the Ice King.

With a look of fear in his eyes, the Ice King stared at Huang Xiaolong. "You... You... You broke through to the God of Creation Realm?"

In the Ice Palace, Huang Xiaolong wasn't a God of Creation yet. However, he managed to kill everyone that stood in his way, and Shi Li had no choice but to run. Now that Huang Xiaolong had entered the God of Creation Realm, how terrifying would he be?!"

"That's right." Huang Xiaolong nodded.

Despair filled the Ice King's heart.

In the past, he held on to a trace of hope that he would be able to escape with his life intact. Now, the rays of hope were extinguished.

Half an hour later...

The Ice King kneeled before Huang Xiaolong and submitted.

Like before, Huang Xiaolong preferred them to call him 'His Highness'.

Before he broke through to the God of Creation Realm, it was hard for him to control experts at that level. Now, he could do so with ease.

There wasn't a need to bring the Ice King up. Even God of Creation Realm experts who had accumulated more than 4 billion units of grand cosmos

energy wouldn't be able to withstand Huang Xiaolong's control. Naturally, he would have to use a lot of effort to control them.

After subduing the Ice King, Huang Xiaolong planned to leave the Yin Yang Road of Death. However, a flash of white light appeared before him and an undead corpse appeared.

It was the same one he met previously.

However, the corpse didn't attack Huang Xiaolong. Instead, it made a welcoming gesture.

Huang Xiaolong stared at it in shock.

He didn't expect an undead corpse to possess sentience.

The Ice King was equally as shocked.

When he entered the Yin Yang Road of Death, he met many undead corpses. That was the first time he met one who possessed consciousness.

"Let's go take a look," Huang Xiaolong mentioned.

"Your Highness, there might be something wrong with all this..." The Ice King hesitated for a moment.

"It's fine." Waving his arm, Huang Xiaolong followed behind the corpse. They soared through several layers of space.

In the past, the undead corpse was saved by someone, and it showed that someone controlled it. Now, it seemed as though the owner of the corpse wished to meet him. Huang Xiaolong was indeed a little curious about the expert who could control an undead corpse like that.

There was actually a large completion stage God of Creation on the Yin Yang Road of Death! Moreover, he was stronger than Chong Wufeng! Anyone would be curious about an expert of that level.

The Ice King was cautious as he followed behind Huang Xiaolong. He observed his surroundings carefully.

Half a day later, they entered a sealed-off space and they saw a beauty clad in unassuming robes.

Huang Xiaolong and the Ice King were shocked by her extreme beauty. It was as though a goddess had descended from the heavens to grace them with her presence.

“I am Wang Meiqi. It’s good to meet my fellow cultivators.” Her voice rang in their ears, and it was extremely pleasing to hear.

Huang Xiaolong and the Ice King cupped their fists in response.

“Please, join me.” Wang Meiqi invited.

“Alright.” Huang Xiaolong accepted the invitation without thinking too much about it.

With her strength, she could have dealt with him when he was breaking through. There was no need to wait for such a long time. As such, he wasn’t afraid that she had ulterior motives for inviting them over.

The Ice King hesitated for a moment, but he chose to remain silent when he saw that Huang Xiaolong wasn’t afraid.

After entering the palace, Huang Xiaolong noticed that the interior was extremely simple. Despite that, the placement of the furniture correlated with the grand dao. Huang Xiaolong knew that her understanding of the grand dao was above his.

When the three finally sat down...

“I’m sure you’re curious about my identity...” Wang Meiqi asked the moment they sat.

Huang Xiaolong nodded his head slowly.

“I’m like the two of you. I was an expert who reached the grand perfection level, and I entered the God of Creation Realm here on the Yin Yang Road of Death. However, I chose to remain here after breaking through. I have been cultivating here to this day.”

Huang Xiaolong and the Ice King stared at her in shock.

Wang Meiqi chose to cultivate on the Yin Yang Road of Death ever since she broke through.

It was no wonder...

God of Creation Realm experts were unable to enter the Yin Yang Road of Death, but she could choose not to leave!

However, the Yin Yang Road of Death was a desolate land. Every single day they lived there was another day of torture. Everyone who entered the God of Creation Realm would choose to leave the moment they got the chance. Wang Meiqi was the only person who chose to remain there.

However, another question came to Huang Xiaolong's mind. How long has she been here if she cultivated to the large completion stage?!

"I didn't choose to remain here because I had nothing to do... I was trying to escape from my enemies," Wang Meiqi explained.

Enemies?

Huang Xiaolong looked at the Ice King in shock.

"Fellow Cultivator Wang should have reached the large completion stage... I wonder who your enemy is?" Huang Xiaolong couldn't help but ask.

"I'm close to the grand completion stage."

She was at the peak of the large completion stage, and Huang Xiaolong was taken aback once again.

There might only be several large completion stage God of Creation Realm experts, but they could still be found if one looked around the universe. For someone to reach the grand completion stage, they would have to possess almost 7 billion units of grand cosmos energy!

Huang Xiaolong heaved a sigh of relief. Luckily for him, he didn't anger the other party previously. If she chose to give him a random slap in the past, he might never be able to see the light of day.

However, he became even more curious about her enemy.

"The person who wants to kill me is called Mei Jie!"

"Mei Jie?" Huang Xiaolong looked at the Ice King. There didn't seem to be a God of Creation called Mei Jie in the universe.

“Actually, I’m not from this universe,” Wang Meiqi explained. “I managed to run over here by chance, and I entered the Yin Yang Road of Death to cultivate.

“In my universe, Mei Jie is a God of Creation at the grand completion stage! He’s extremely close to becoming a supreme being, and he’s the most terrifying genius in our universe” Wang Meiqi paused for a second and continued, “Well, he’s the most talented person I’ve seen since I met you!”

Huang Xiaolong’s heart trembled slightly.

Could it be?

“He managed to create two small worlds!” Wang Meiqi sighed after some time.

Chapter 3482: Wang Meiqi’s Request

Two small worlds!

Huang Xiaolong was shocked as he stared at her.

“Impossible! No one is able to create two small worlds!” The Ice King roared in shock. He refused to believe that it was real.

“Nothing is absolute in the vast universe.” Wang Meiqi shook her head. “It might be unbelievable, but didn’t fellow cultivator here create three small worlds?” She turned to look at Huang Xiaolong.

The Ice King wanted to say something, but nothing came to mind after he recalled how Huang Xiaolong created three worlds.

The universe was limitless, and if Huang Xiaolong could form three worlds, why weren’t others able to form two?

There had to be several existences that defied the laws of logic in the universe...

"I wonder what kind of grudge fellow daoist Wang has with Mei Jie?" Huang Xiaolong asked.

"We won't stop until we exterminate each other's race!" Her voice was frosty, and for the first time since they stepped into her palace, she revealed a trace of killing intent.

Huang Xiaolong could see how much she hated Mei Jie.

He completely understood how she felt. Anyone whose race was exterminated would feel the same way.

"My parents died at his hands..." Wang Meiqi muttered. A piercing cold gaze flashed through her eyes as she stared at the void. "My brother was killed by him, but my sister died the most miserable death. He ravaged her, and she died an unsightly death. Mei Jie is extremely sinister, and he will kill anyone he pleases."

Her knuckles turned white as she thought of her family's fate.

"I chose to remain here in order to cultivate in peace. I hope that I will be able to avenge them one day, and I will personally tear his head off his shoulders!" Wang Meiqi growled. "It's too bad I'm not talented enough. Even though I am about to enter the grand completion stage, my strength pales in comparison to Mei Jie!"

"Even if I break through eventually to the perfection stage, I won't be able to defeat him!"

That was because she was a cultivator who had only formed a single world! Mei Jie had two worlds, and he had almost 18 billion units of grand cosmos energy before he entered the grand completion stage! Even if Wang Meiqi broke through, she wouldn't be able to accumulate more than 10 billion units!

Huang Xiaolong understood Wang Meiqi's intention of bringing him over when he heard the entire story.

Indeed. Her gaze fell on Huang Xiaolong, and she sighed, "I wish to take revenge, and I hope fellow cultivator will be able to assist me. I will agree to any conditions as long as you agree to avenge my family!"

"I'll agree to anything!"

She emphasized once again.

With her divine looks and cultivation realm at the edge of the grand completion stage of the God of Creation Realm, Huang Xiaolong had to admit that he was a little tempted.

However, he still chose to reject her offer. “I understand the pain you’re going through, but I am unable to help you.” He had two insanely powerful enemies on his hands, Huang Sheng and Meng Tian. Both of them were at the peak of the grand completion stage, and his head was about to split apart when he thought about how he had to deal with them. He couldn’t even take revenge for his father, Huang Long! Huang Sheng was an existence he couldn’t stand up against, much less the even more terrifying Mei Jie!

Wang Meiqi wasn’t surprised when she heard his rejection. “I understand that you have your own troubles to deal with. However, I managed to find four universe-level spiritual veins during my time here. If you’re willing to assist me, I will give you all four spiritual veins to aid in your cultivation.”

“What?! Four universe-level spiritual veins?!” The Ice King was shocked.

Huang Xiaolong was slightly taken aback.

Wang Meiqi nodded her head. “That’s right. I’ve been here for countless years, and I obtained every single universe-level spiritual vein born on the Yin Yang Road of Death. Moreover, I have a lot more universe-level treasures.”

She summoned them one by one after she spoke.

“Nine Birth Sun Stone!”

“Nine Death Moon Stone!”

“Third Reincarnation Grass!”

...

“Fruit of Longevity Reversal!”

“Yin Yang Eye!”

The Ice King felt his jaws dropping in fright when he saw the number of treasures she pulled out.

Every single one of them was an absolute treasure that could move God of Creation Realm experts! She actually managed to gather so many of them!

Were there actually so many treasures on the Yin Yang Road of Death?

The Ice King did a brief count, and he counted nearly seventeen thousand of them.

Even Huang Xiaolong couldn't believe his eyes. That was the first time he had seen so many treasures at the universe-level! Not even the treasures he obtained from the Azure Bamboo Third Ancestor and the others got close to them.

The most important factor was the fact that a lot of the treasures she brought out had the ability to increase the power of creation-level weapons! Huang Xiaolong had been looking for treasures to upgrade the Sun and Moon Furnace and Purple Lightning Peak. He could find everything he needed in her stash, and he was confident that they would turn into creation-level artifacts after he refined them!

"I hope fellow cultivator will help me?!" Wang Meiqi asked once again, and she kneeled before Huang Xiaolong. "These treasures will belong to you, along with the four universe-level spiritual veins. I am also willing to be your maidservant to assist you in your journey."

The Ice King coughed lightly.

It was clear he was tempted by her offer, and he was asking Huang Xiaolong to accept her as part of their crew.

A light flashed in Huang Xiaolong's eyes as he calculated the pros and cons. With the number of treasures she had, it was indeed a tempting offer. Mei Jie might be a terrifying opponent, but it might not be a bad thing to receive the aid of an expert near the grand completion stage of the God of Creation Realm.

Since he had to return to the Blazing Dragon World to save his father, it would help to gather more experts to fight alongside him.

"I can promise you, but I will make the decision as to when I'll avenge your family," Huang Xiaolong muttered. "I won't look for him without any

guarantees. Without my order, you are not allowed to cause any trouble that will alert him.”

Huang Xiaolong soon listed all his conditions.

She accepted them without hesitation. It was clear she only wanted him dead.

After receiving the treasures from Wang Meiqi, it was time to leave.

Wang Meiqi looked at the palace behind her reluctantly. No matter what, she had lived there for millions of years. She called the undead corpse over and parted with it reluctantly.

One would only be able to leave after entering the God of Creation Realm. As such, the corpse would never be allowed to leave with them.

Half a day later, the three of them started to make their way out of the Yin Yang Road of Death.

A dozen days later, the three of them emerged.

Chapter 3483: Capturing Huang MUYANG

“I’m finally out...” Complex emotions welled up in Wang Meiqi’s heart when she looked at the world around her.

Huang Xiaolong and the Ice King had only been in there for several hundred thousand years, but she hid in there far longer than them! She had been in there for several hundreds of millions of years, and she didn’t even remember the exact amount of time she spent in there.

It wasn’t surprising that she felt that way.

“Your Highness, are we going back to the Azure Bamboo Mountain?” the Ice King asked.

“No.” Huang Xiaolong shook his head slightly.

The Ice King stared at him in shock.

“We’re going to the Muyang World!”

The Muyang World, Huang Muyang!

Huang Muyang was like himself. They had the Huang Long Bloodline, and to Huang Xiaolong, Huang Muyang was a precious tonic. The effects of devouring Huang Muyang would be even better than devouring a universe-level spiritual vein.

Huang Xiaolong wouldn’t benefit much if he devoured other God of Creation Realm experts, but someone with the Huang Long Bloodline was a different story.

In the past, he devoured the experts of the True Dragon Celestial Empire. He was only able to convert a tenth of their grand cosmos energy, but that was enough to save him a hundred million years of cultivation.

Huang Muyang was a God of Creation at the large completion stage, and he had almost three billion units of grand cosmos energy. One-tenth of that would be around three hundred million units.

Huang Xiaolong didn’t waste time as he charged towards the Muyang World.

A month passed, and the three of them soon arrived in the vicinity of the Muyang Divine Palace.

Hiding in the void around the palace, Huang Xiaolong used his divine soul to locate Huang Muyang.

There were also Bei Ting and Shi Li, two other Gods of Creation along with Huang Muyang.

Joy filled Huang Xiaolong’s heart.

“Lord Meng Tian has already formed an alliance with Zhao Jinkun! We will move against the Azure Bamboo Mountain within a year!” Huang Muyang chuckled, “There is no escape! They will be wiped off the face of the earth!”

When Bei Ting thought about how he was injured by Huang Xiaolong in the past, he sneered, “Huang Xiaolong, your days are numbered!”

“We didn’t manage to get any news on Huang Xiaolong all this while,” Shi Li muttered.

“According to reliable sources, Huang Xiaolong entered the Yin Yang Road of Death to cultivate.” Huang MUYANG explained.

“What?! If he chooses to stay in there forever, we will never be able to kill him!” Bei Ting frowned.

Huang MUYANG shook his hands and chuckled. ‘There’s no need to worry about that. He will definitely emerge the moment he enters the God of Creation Realm. With his talent, he will emerge in a couple hundred thousand years. We’ll exterminate the Azure Bamboo Mountain first and capture Pangu before guarding the entrance of the Yin Yang Road of Death. As soon as he emerges, we’ll capture him!’

“There’s no need for you to wait that long. I’m already out.” A chilly voice rang in their minds.

Huang MUYANG and the others leaped to their feet as they stared at the entrance of the hall. With the Ice King and Wang Meiqi behind him, Huang Xiaolong sauntered into the hall.

“Huang Xiaolong!” Their faces changed.

They were like a cockroach who had seen the light as panic settled in their hearts.

Since he could emerge from the Yin Yang Road of Death, wouldn’t that mean...

“You... You’re a God of Creation!” Shi Li’s voice was hoarse as he yelled in shock.

Out of the three of them, he was the strongest cultivator with nearly 4 billion units of grand cosmos energy. Despite his strength, he knew that even if the three of them joined forces, they wouldn’t be able to deal with the kid.

Shi Li started thinking about the ways he would escape.

However, his gaze soon turned to Wang Meiqi. He thought that as long as he managed to capture her, he would be able to threaten Huang Xiaolong.

He started to move as he roared at the other two, "Hold him back! Use everything you can to stop him!" As soon as he spoke, he leaped at Wang Meiqi.

Bei Ting and Huang MUYANG understood what he meant when he shot towards Wang Meiqi. The two of them lunged at Huang Xiaolong to buy him some time.

Huang Xiaolong and the Ice King knew what they were planning to do, and a smile formed on their faces.

Looking at Huang MUYANG and Bei Ting charging at him, Huang Xiaolong sent them flying with a single slap.

At the same time, a miserable shriek left Shi Li's lips as he was sent smashing into the wall beside the other two.

As the walls rumbled, the three of them looked at Wang Meiqi with shocked expressions.

God of Creation at the large completion stage!

Huang Xiaolong started to walk towards them.

"Split up and run!" Shi Li screamed as his figure disappeared.

The other two started to escape, but Huang Xiaolong didn't plan on letting Huang MUYANG leave.

Sending Wang Meiqi after Bei Ting, he went after Huang MUYANG personally. No matter what happened, Huang MUYANG wasn't getting away.

As for Shi Li, it was fine if he ran away.

Transforming into his true form, Huang MUYANG appeared outside the MUYANG World in the blink of an eye. He charged into the universe, but Huang Xiaolong was a tad bit faster. He appeared before Huang MUYANG.

"Huang MUYANG, there's no escape. Surrender now."

"Huang Xiaolong, I have already sent a transmission to Lord Meng Tian! He will be here soon!" Huang MUYANG retreated while threatening Huang Xiaolong.

“Do you think Meng Tian can save you?” A sneer left Huang Xiaolong’s lips. With a single step, he appeared above Huang Muyang. When he grabbed Huang Muyang, the God of Creation with more than 3 billion units of grand cosmos energy found it hard to move.

“Huang Xiaolong, you can’t kill me! If you release me and submit to Lord Meng Tian, you will be able to live!” Huang Muyang struggled like a cornered animal.

“Even if I can’t kill you, I can devour your Huang Long Bloodline. I can refine your grand cosmos energy and turn it into my own.” A smile formed on Huang Xiaolong’s face.

Roaring with laughter, Huang Muyang continued, “You have to be kidding! Refining my grand cosmos energy?!” Not even existences like Meng Tian would be able to do something like that. Much less Huang Xiaolong.

He wouldn’t believe anything so absurd.

Instead of explaining himself, Huang Xiaolong threw him into the Sun Moon Furnace.

The furnace trembled constantly, and it was clear it was pretty difficult for a pseudo-creation artifact like the Sun Moon Furnace to suppress a God of Creation.

The thought of upgrading the furnace appeared in Huang Xiaolong’s mind once again.

After capturing Huang Muyang, Huang Xiaolong tried to go after Shi Li. However, he didn’t even manage to catch the man’s shadow. Reluctantly, he could only return to the palace.

Naturally, Bei Ting was unable to escape from Wang Meiqi.

Without a word, he threw Bei Ting into the Sun Moon Furnace before leaving.

Instead of returning to the Azure Bamboo Mountain, Huang Xiaolong chose several larger worlds that belonged to Meng Tian’s subordinates.

If Meng Tian planned to work with Zhao Jinkun, he would strike first. When his subordinates were panicking, Huang Xiaolong wouldn't have to worry about their assault on the Azure Bamboo Mountain.

Chapter 3484: Returning to the Blazing Dragon Universe

However, that wasn't all he planned to do. As such, Huang Xiaolong released the news of him breaking through to the God of Creation Realm. He threatened to exterminate the factions of those who dared to oppose him.

Indeed. After much consideration, Zhao Jinkun chose to break off all contact with Meng Tian after he received the news.

It was no wonder he was so afraid. After all, Huang Xiaolong formed three worlds! Now that he was a God of Creation, his talent and future prospects were too terrifying to imagine! As long as he matured, he would be a supreme figure! It wasn't wise for them to offend him.

By the time Huang Xiaolong returned to the Azure Bamboo Mountain, Zhao Jinkun paid them a personal visit and he brought about a ton of universe-level treasures to please Huang Xiaolong.

He patted his chest and declared that he wanted to form an alliance with Huang Xiaolong and Pangu.

They didn't choose to reject the alliance request.

When Meng Tian heard that Zhao Jinkun not only chose to cut off all contact with him and formed an alliance with Huang Xiaolong and Pangu, his blood pressure spiked.

The alliance collapsed and the God of Creations under Meng Tian fled. Those who managed to leave were lucky, and those who didn't were captured.

Countless Gods of Creation raised their cups in celebration in the Azure Bamboo Mountain.

“Awesome! Meng Tian deserves everything that comes to him!” Zeng Rui, the chief of the Azure Bamboo Mountain chuckled.

“Yeah! Meng Tian dreamed of controlling the universe, but he’s a loser now! I’ve had enough of him!” Chen Yihui howled with laughter.

“However, Meng Tian is a hidden threat now that he went into hiding. We will need to watch our backs...” Pangu frowned.

Everyone nodded their heads, and night eventually fell.

Within the palace, Huang Xiaolong released Huang Muyang from the Sun Moon Furnace.

“Huang Xiaolong, release me right now! Otherwise, Lord Meng Tian will kill you when he meets you! You’ll die a miserable death!” Huang Muyang screamed the moment he was released.

Huang Xiaolong muttered, “Let me crush your hopes right now. Meng Tian’s alliance has crumbled. He escaped, and no one knows where he is.”

Next, he spoke about the matter with Zhao Jinkun.

Huang Muyang’s face turned pale. “I... I refuse to believe this!”

“I don’t care if you believe me.” Huang Xiaolong continued, “You didn’t believe that I’m able to refine your bloodline and grand cosmos energy. Watch.” The Universe Origin Fires emerged.

When Huang Muyang saw the fires hovering around him, he gasped in shock, “This... This... How do you have the Universe Origin Fires?”

Huang Xiaolong was stunned. Why does Huang Muyang know about the origin flames?

It seemed as though the origin fires didn’t belong solely to the Blazing Dragon Universe.

As Huang Xiaolong controlled the origin fires, they surrounded Huang Muyang. Like a wall of fire, they encased the man and started to refine him whole. To his surprise, Huang Muyang felt his bloodline fading. His grand cosmos energy flowed out of his body.

Huang Xiaolong revolved Soaring Dragon Art, Blazing Dragon Grand Art, and the Pangu World Creation Art at the same time.

He didn't waste a single shred of energy.

Huang Sheng needed several hundreds of millions of years to devour Huang Long's bloodline as he didn't have the origin fires. He would only need a million years to devour Huang Muyuang!

A million years passed in the blink of an eye.

However, he didn't emerge from seclusion as soon as he was done. Instead, he refined the four universe-level spiritual veins Wang Meiqi gave him. He refined them directly, and he upgraded the Sun Moon Furnace and Purple Lightning Peak soon after.

When he emerged from seclusion, it had been two million years.

"Your Highness, you..." Those who were waiting for him outside the palace stared in shock.

Gu Yuan, Long Yi, and the others were the same.

Huang Xiaolong's transformation was too large after his seclusion, and he was like a completely different person.

A chuckle left his lips. His strength increased by a huge amount now that he emerged. He only had accumulated 4 billion units of grand cosmos energy when he left the Yin Yang Road of Death. Now, he managed to gain another five million units of grand cosmos energy.

His bloodline also received a considerable boost. Especially after devouring Huang Muyang. The effects were much better than the experts of the True Dragon Celestial Empire he devoured in the past.

His bloodline was strengthened by two times at the very least!

In the future, Huang Xiaolong's cultivation speed would increase exponentially.

After asking about the recent happenings, he learned that almost every single God of Creation under Meng Tian's banner was captured. Only a few of them got away, and Huang Xiaolong heaved a sigh of relief.

Meng Tian was a commander with no soldiers as long as they were caught.

When he met his master, Pangu, he was shocked at Huang Xiaolong's increase in strength. When they spoke about Meng Tian, he could only sigh, "Meng Tian should have already left the universe."

"Left?!"

Pangu nodded. "That's right. I have no idea where he should have gone." A frown formed on his face. It wasn't great news that Meng Tian had left.

"In fact, Meng Tian's escape isn't a bad thing," Huang Xiaolong explained.

If Meng Tian came around to massacre several experts every now and then, things would get troublesome.

Pangu relaxed when he understood what Huang Xiaolong meant.

Soon, their topic changed to that of the Blazing Dragon World.

Pangu knew about Huang Long's predicament, and he knew that Huang Xiaolong was in a rush to save his father. He said, "Let's get ready and gather everyone before heading back to the Blazing Dragon Universe."

Several months later, an entire group of Gods of Creation gathered. After some negotiations, The Azure Bamboo Third Ancestor would remain in the Meng Tian Universe. Zhao Jinkun, Chen Yihui, and thirty other Gods of Creations would return to the Blazing Dragon World with Huang Xiaolong.

Several years passed...

Crossing the universe passage, they quickly returned. In order not to alarm Huang Sheng and the others, everyone other than Huang Xiaolong concealed themselves as soon as they arrived.

Huang Sheng learned of Huang Xiaolong's arrival as soon as he entered.

Chapter 3485: Choosing Who to Protect

“Oh, Huang Xiaolong is back!” Huang Sheng rejoiced the moment he felt Huang Xiaolong’s return.

“Yes, Old Ancestor, Huang Xiaolong is currently in the Blazing Dragon Celestial Empire.” Huang Dinghai chuckled.

“Looks like he couldn’t control himself and chose to return after so many years...” Huang Sheng sneered.

“Should we send our army over? We’ll get the Excessive Darkness Old Ancestor and Extreme Bliss Old Ancestor over to capture him!” Huang Dinghai suggested.

It went without saying who they were.

In the millions of years that Huang Xiaolong was away, Huang Sheng constructed his own world and many celestial empires joined his banner.

There were more than twenty Gods of Creation working under Huang Sheng now.

The Blazing Dragon Celestial Empire had already been suppressed by the True Dragon Celestial Empire, and if not for the old dragon, the entire empire would have already fallen.

Of course, the Blazing Dragon Celestial Empire wasn’t having a great time.

“Alright. Bring the Excessive Darkness Old Ancestor and the Extreme Bliss Old Ancestor. Get the old man to hand Huang Xiaolong over,” Huang Sheng muttered. “I’ll get the Great Myriad Old Ancestor and the Buddhist Yang Old Ancestor to head over with you guys too.”

With four great Gods of Creation to apprehend Huang Xiaolong, Huang Sheng was confident that they couldn’t fail. The old dragon would definitely hand over the kid.

All four of them were in the grand completion stage, and the Excessive Darkness Old Ancestor was at the peak of the grand completion stage. They wouldn’t be afraid of the old dragon even if things got sour!

“Old Ancestor, what if the old dragon refuses?” Huang Dinghai asked.

Narrowing his eyes, Huang Sheng snorted, "If he refuses, tell him I'll personally lead the troops over! I'll exterminate his celestial empire down to the last dog!"

"Let's see who he chooses to protect!"

Huang Sheng's voice boomed in the hall.

"Yes, Old Ancestor!" Huang Dinghai bowed respectfully.

A moment later, he left the hall and met up with the four great Gods of Creation. They brought the troops of the True Dragon Celestial Empire over to the Blazing Dragon World.

In the main hall of the Blazing Dragon Celestial Empire, the old dragon stared at Huang Xiaolong in disbelief.

He could tell that the kid had already broken through to the God of Creation Realm, and it came as a surprise.

"Little brat, you finally broke through!" the old dragon grabbed Huang Xiaolong's shoulders and gasped.

In the years that Huang Xiaolong had been absent, he had been hoping day and night for the day to come.

Initially, he thought that Huang Xiaolong would only break through after thirty million years. It was a lot earlier than expected.

"But you shouldn't have returned..." The old dragon's expression sank. "Huang Sheng has already laid down countless spies around the Blazing Dragon World. He will definitely discover your presence!"

Huang Xiaolong knew what the old dragon was worried about, and he chuckled, "When else should I have appeared?"

A frown formed on the old dragon's face, and he slapped Huang Xiaolong on the head. "How are you still in the mood to joke around? At the very least, you should be in the large completion realm before coming back."

"When you enter the large completion stage, you won't be afraid of Huang Sheng any longer!"

“Hurry up and leave!”

The old dragon couldn't help but sigh.

Pushing the old dragon out of the hall, Huang Xiaolong chuckled, “I didn't come back alone.”

The old dragon stared at him in shock.

However, a possibility soon flashed through his mind.

“I returned with my other master, Pangu,” Huang Xiaolong explained. “In order not to alert Huang Sheng, he hid in the cracks of space.”

A flash of joy crossed the old dragon's heart. However, he shook his head slowly. “Huang Sheng has a ton of subordinates in the God of Creation Realm. Even if I join hands with Pangu, we won't be able to deal with him.”

“Master, you can rest assured. Since I dared to return, I have my way to deal with Huang Sheng.”

The old dragon looked at Huang Xiaolong as he raised an eyebrow in surprise. He didn't understand where he got his confidence from.

“Huang Sheng's power has been growing exponentially. His subordinates gathered tons of universe-level treasures for him, and his speed of absorption increased. I'm afraid he will only need three hundred million years to surpass the God of Creation Realm!” the old dragon suppressed his doubt and explained.

“Three hundred million years?” Huang Xiaolong's heart skipped a beat.

Even though he had already entered the God of Creation Realm, he needed a lot of time if he wanted to reach the large completion realm. Three hundred million years were too short.

Not many experts were able to accumulate so much grand cosmos energy so quickly.

“Yes.” The old dragon sighed.

To a God of Creation, three hundred million years was a short amount of time. It was enough for a period of seclusion.

All of a sudden, Di Cangtian entered the hall and panicked, “Old ancestor, Huang Dinghai is here with the Excessive Darkness Old Ancestor, Extreme Bliss Old Ancestor, Great Myriad Old Ancestor, and the Buddhist Yang Old Ancestor!”

The old dragon’s expression sank when he heard their names.

“Huang Dinghai and the others are demanding that you hand Huang Xiaolong over.” Di Cangtian stuttered, “They have already sealed off the entire space!”

The old dragon turned to Huang Xiaolong and sighed, “I’ll kill our way out. Get Pangu to escort you away.”

Di Cangtian hesitated for a moment, but he quickly continued, “Huang Dinghai said that if you refuse to hand Huang Xiaolong over, Huang Sheng will personally lead his army over to exterminate our celestial empire!”

“According to them, you will have to choose between the empire and Huang Xiaolong!”

The old dragon’s expression turned ugly to the extreme. Killing intent flashed through his eyes, and everyone could tell that murder was on his mind.

Very quickly, the old dragon formed another plan. “Alright. I’ll hold them back and you can grab Huang Dinghai as your hostage before leaving.”

Di Cangtian’s face changed. “Old Ancestor, wouldn’t that mean that the empire...”

“Do you think that things will end once we hand Xiaolong over? He will definitely move against us in the future!” The old dragon roared, “Xiaolong is our only hope! As long as he escapes he will be able to avenge us!”

Di Cangtian started to turn serious, and he nodded silently.

Huang Xiaolong left the hall with the old dragon behind him.

Huang Dinghai revealed a smile, and he chuckled in amusement when he saw Huang Xiaolong, “It’s been several million years, Huang Xiaolong. You’ve been in hiding for a long time.”

“Are you finally planning to take it like a man?”

The four Gods of Creation locked onto Huang Xiaolong instantly.

Chapter 3486: Father, I'm Here

Huang Xiaolong chuckled lightly, "Huang Dinghai, you should be celebrating. I allowed you to live a few million years more than Huang Jia."

Chilly light flashed through Huang Dinghai's eyes, and he roared in rage, "It was you! You're the one who killed Huang Jia and the others!"

In the past, they suspected as much. However, they failed to find any evidence that Huang Xiaolong was behind it.

"That's right. Huang Jia isn't the only one. I killed Huang Shengdao, Fu Luosen, and the others."

The old ancestors were unable to control their anger when they heard what he said. Their aura started to fluctuate. Huang Xiaolong was like a broken boat in a stormy sea when their power filled the lands.

"You caused the disappearance of the experts of the five factions back in the World of Departed Souls?!" The Excessive Darkness Old Ancestor roared. However, he didn't believe that Huang Xiaolong had the ability to do so. After all, he knew how strong they actually were. The Extreme Bliss Celestial Emperor was among those who had disappeared, and he was no weakling!

However, the old dragon roared before anyone could react, "Attack!"

Huang Xiaolong didn't hesitate. He charged towards Huang Dinghai.

A snort left Huang Dinghai's lips. "Huang Xiaolong, who the f*ck do you think you are?! I have already accumulated more than 1.2 billion units of grand cosmos energy!" He revealed his full strength as he sent a punch flying towards Huang Xiaolong's face.

Even though Huang Xiaolong revealed what he did in the past, Huang Dinghai didn't think that Huang Xiaolong did it alone. According to him, the old dragon definitely did something to help Huang Xiaolong.

A sneer appeared on Huang Xiaolong's face. Huang Dinghai was a fool.

As he grabbed Huang Dinghai's fist, the man failed to budge an inch.

Huang Xiaolong no longer hid his strength and the power of a God of Creation filled the skies.

"God of Creation!"

The four old ancestors were shocked to discover Huang Xiaolong's actual power. An incredulous look appeared on their faces. In the past, Huang Xiaolong took the old dragon as his master before reaching the perfection stage in the Dao Venerable Realm! It hadn't even been ten million years since then!

Ten million years to reach the God of Creation Realm...

The change was too drastic.

None of the four dared to believe what they were seeing.

All of the experts of the True Dragon Celestial Empire who came along with Huang Dinghai were equally as shocked. They were clear on how strong Huang Xiaolong was, and some of them present were stronger than him during the apprenticeship ceremony! Now, they couldn't even comprehend the thirteenth element to the grand perfection level!

Huang Xiaolong clenched his fist and miserable shrieks left Huang Dinghai's lips. Huang Xiaolong shattered Huang Dinghai's organs and bones with a single strike.

"You... Huang Xiaolong, you dare?!" Huang Dinghai screamed.

"Why wouldn't I?" Huang Xiaolong chuckled. "I told you. You should be thanking me for allowing you to live several million years more than Huang Jia. Rest assured that I'll handle you the same way Huang Sheng treats my father!"

Huang Dinghai screamed in fright.

"Release Dinghai right now!" The Extreme Bliss Old Ancestor roared as he charged at Huang Xiaolong.

However, an arm appeared from the void to crush him the moment he moved.

The earth cracked, and a figure emerged from the void.

“Pangu!” The three other old ancestors gasped in shock.

They didn’t just know Pangu. They were extremely familiar with him.

After all, Pangu challenged the Excessive Darkness Old Ancestor frequently before he disappeared.

Of course, the ending was the same every time...

When the three of them stared at Pangu, countless weapons appeared behind them.

The Great Myriad Old Ancestor and Buddhist Yang Old Ancestor failed to dodge in time and their bodies became riddled with wounds.

The Excessive Darkness Old Ancestor turned to stare at three new figures who appeared, and he saw three of them holding different weapons in their hands. There was a person with a giant blade in his hands, and there was someone else with a golden spear. Finally, there was someone with an azure sword.

“You?!” The Excessive Darkness Old Ancestor gasped.

Those who came were Chen Yihui, Zhao Jinkun, and another God of Creation called Wan Jian. There wasn’t a need to speak of Zhao Jinkun’s strength as he was the second strongest expert in the Meng Tian Universe. He wasn’t weaker than Pangu, and Chen Yihui was as strong as the Azure Bamboo Chief, Zeng Rui. They were experts who had reached the grand completion stage, and Wan Jian was the weakest among the three. Even so, he was someone who had 8.5 billion units of grand cosmos energy.

The three of them were the strongest experts he brought along with him back to the Blazing Dragon World.

Wang Meiqi and the others didn’t show themselves. With the Blazing Dragon and Pangu added into the mix, all five of them were more than enough to deal with the four old ancestors.

The Excessive Darkness Old Ancestor stared at the newcomers in shock. The stench of a conspiracy filled their noses. He finally understood something. It seemed as though Huang Xiaolong was back for a reason!

He was right. Huang Xiaolong deliberately showed himself when he entered the Blazing Dragon World. His goal was to draw out the experts of the True Dragon Celestial Empire.

Huang Xiaolong guessed that Huang Sheng wouldn't leave the True Dragon World even if he appeared. He would send other Gods of Creation over to capture him, and Huang Xiaolong laid down a great ambush. He would capture those who came in order to weaken Huang Sheng's strength before going over to save his father. It would make things much easier when he went over to save his father.

Seeing that the Excessive Darkness Old Ancestor was planning to run away, Pangu and the old dragon locked onto him. They blocked off any routes he could take.

Zhao Jinkun turned to face the Extreme Bliss Old Ancestor, and the others picked their opponents respectively.

"Everyone..." The Excessive Darkness Old Ancestor wanted to address them, but Pangu and the others unleashed a barrage of attacks before he could complete his sentence.

The battle started in an instant.

Huang Xiaolong dealt with the experts of the True Dragon Celestial Empire easily.

As the battle between the Gods of Creation erupted, the Blazing Dragon World trembled unceasingly.

Half a day passed.

"It's a pity... The Excessive Darkness Old Ancestor managed to escape." The old dragon frowned.

The True Dragon Army that came was basically wiped out. Only the Excessive Darkness Old Ancestor managed to leave with his life intact. The others were captured by the Gods of Creation on Huang Xiaolong's side.

Turning to stare in the direction of the True Dragon World, Huang Xiaolong sighed.

Father, I'm coming to save you!

Chapter 3487: Saving Huang Long

After cleaning up the battlefield, Huang Xiaolong brought the rest to rip a hole in the void. They traveled straight towards the True Dragon World in order to strike Huang Sheng before he could prepare himself. Now that the Excessive Darkness Old Ancestor managed to escape, he would definitely alert Huang Sheng. The earlier they moved the better.

Initially, the old dragon was against them barging into the True Dragon World. However, he changed his mind after seeing the hidden experts Huang Xiaolong brought along with him.

As they rushed towards the True Dragon World, Huang Sheng received the battle report and learned that everyone he sent was wiped out.

“What?!”

“Pangu returned! There are three other mysterious Gods of Creation beside Huang Xiaolong!”

“The old ancestors were captured by Huang Xiaolong, and only the Excessive Darkness Old Ancestor managed to escape! Everyone else was killed!”

Huang Sheng couldn't believe what he was hearing.

Just a moment ago, he was confident Huang Dinghai would bring Huang Xiaolong back to the True Dragon World. He had already imagined the scene where Huang Xiaolong would kneel in defeat.

“I wonder who are the Gods of Creation beside Huang Xiaolong...” Huang Sheng's expression turned ugly as he looked at the report from the Excessive Darkness Old Ancestor.

“I have no idea! The three of them seem to hail from another universe!”

Another universe!

Huang Sheng's face turned green with anger as he asked about the strength of the three mysterious Gods of Creation.

When he heard that Zhao Jinkun was comparable to Pangu in strength and the power the other two possessed, his face turned gloomy.

God f*cking damn it! How the f*ck did Huang Xiaolong enlist their help?

Not to mention the fact that he got the help of three experts at their level at the same time!

One had to know that it was insanely difficult to get a single God of Creation at the grand completion stage to listen to his commands.

Adding on to the fact that Huang Xiaolong had already broken through to the God of Creation Realm, Huang Sheng couldn't be angrier. He was extremely afraid of the day Huang Xiaolong would surpass him. It was easy for him to deal with the punk before he entered the God of Creation Realm, but now, things were going south really quickly.

Huang Sheng got several other people to investigate Huang Xiaolong's whereabouts. When he learned that they were rushing towards the True Dragon World as they spoke, he stared at the informant in shock. He roared with laughter as his body appeared in the space Huang Long was sealed.

"Huang Long, let me give you a piece of good news!"

?!

"Your son, Huang Xiaolong, has already entered the God of Creation Realm."

A trace of joy formed in Huang Long's heart when he heard the news.

"Moreover, he's preparing to save you." Huang Sheng's tone changed as he addressed Huang Long.

A trace of despair soon took over the joy Huang Long had.

"He joined forces with Blazing Dragon, Pangu, and three other Gods of Creation from other universes to attack my True Dragon World!" Huang Sheng sneered. "The two of you will be able to reunite soon. I was afraid that I

wouldn't be able to break through after devouring your bloodline. Now that your son is back, I am a hundred percent sure I will surpass the God of Creation Realm!"

Huang Long's expression turned ugly.

"Relax. Once I devour your bloodlines, I will allow you to live. I will release you and Huang Xiaolong back into the Blazing Dragon World!" Huang Sheng chuckled. "How about it? Don't you think you should thank me?"

A trace of hatred flashed in Huang Long's eyes, and he growled, "Huang Sheng if you dare to touch him, I'll curse you even in death!"

"Hahaha! Relax! You won't be able to die!" After he spoke, he turned to leave.

If Huang Xiaolong didn't enter the True Dragon World, Huang Sheng wasn't confident that he could catch the slippery brat. However, things were different if Huang Xiaolong came.

Even the Blazing Dragon and Pangu would fail to protect Huang Xiaolong!

The moment I obtain Huang Xiaolong... Hehe! Huang Sheng knew that the universe would belong to him.

He quickly expanded his will to cover every inch of land in the True Dragon World.

"Huang Xiaolong, I'll be waiting for you!"

Huang Sheng's order to gather the Gods of Creation in the True Dragon World soon reached the ears of those under him.

...

Several months later...

Huang Xiaolong and the rest looked at the True Dragon World floating in the space before them.

"It's been several months, and Huang Sheng managed to gather several experts. They are waiting for us in the True Dragon Divine Palace," the old dragon peered through the restrictions around the True Dragon World and growled.

A smile appeared on Huang Xiaolong's face. "Since he's waiting for us, we shouldn't keep him waiting."

"Xiaolong, Huang Sheng is strong. Even I have no idea how strong he became. We should take some precautions before entering the True Dragon World," the old dragon reminded. Even though he knew that Huang Xiaolong had three other experts to assist him, he knew that the True Dragon World belonged to Huang Sheng. If they were in the Blazing Dragon World, he wouldn't be afraid no matter how strong Huang Sheng was! Now, a seed of doubt was forming in his mind.

"Master, you can relax."

Wasn't Meng Tian the same? No matter how strong Huang Sheng was, he wouldn't be too far off Meng Tian.

As such, they tore through the defenses of the True Dragon World and entered.

The instant they stepped into the True Dragon World, Huang Sheng's eyes snapped open. His gaze tore through the void and landed on Huang Xiaolong's group.

"Huang Xiaolong, since you're here, you won't have to leave."

Getting to his feet, his figure blurred.

He charged towards Huang Xiaolong's party.

It didn't take long for them to run into each other.

With his hands clasped behind him, Huang Sheng released an unbearable pressure. He was like an overlord that dominated the universe.

Everyone who met Huang Sheng felt their hearts trembling a little. The only person who was bursting with battle intent was Zhao Jinkun.

Staring at Pangu and the rest, Huang Sheng's gaze eventually landed on Huang Xiaolong. A mesmerizing smile appeared on his face. "Huang Xiaolong, seeing as you're a filial son, I won't let you die a miserable death."

"I hope that you can keep up your smug face when you run away like a beaten dog later..." Huang Xiaolong muttered.

Staring at him in shock, Huang Sheng roared with laughter, “Huang Xiaolong, do you really think they can stop me? In the Blazing Dragon World, the old man might be able to save your life. However, this is the True Dragon World! I am in control here! Now that you’re here, there’s no need to leave!”

Pangu’s axe cleaved at Huang Sheng, “Huang Sheng shut the f*ck up! Eat your daddy’s axe!”

The old dragon and Zhao Jinkun unleashed their attacks in succession.

“Do it! Capture Huang Xiaolong!”

Stopping the three of them, Huang Sheng grinned. As soon as he laid down his order, several dozen figures appeared in the void. All of them were Gods of Creation!

Chapter 3488: Huang Long’s Injury

As soon as Huang Sheng gave the order, Huang Xiaolong decided to reveal his trump card. Twenty-seven figures appeared as a tear appeared in the void, and they immediately unleashed an unrelenting assault on Huang Sheng’s men.

Those who were summoned by Huang Sheng were sent flying in an instant.

Huang Sheng had close to twenty subordinates in the God of Creation Realm, but three of them were caught by Huang Xiaolong in the Blazing Dragon World. There were only sixteen left, and there was no way they could stop Huang Xiaolong’s group!

“What?!”

Huang Sheng, who was locked in battle with Pangu, the Blazing Dragon, and Zhao Jinkun, stared at the newcomers in fright.

Twenty-seven Gods of Creation!

With Zhao Jinkun, Chen Yihui, and Jian Wan, there were thirty of them!

Huang Xiaolong actually brought thirty Gods of Creation back with him!

When he was still stuck in a state of shock, Huang Xiaolong disappeared from where he stood. He reappeared in the space where Huang Long was trapped.

Raising both eyebrows in surprise, Huang Sheng tried to stop Huang Xiaolong. It was too bad Pangu and the others were hell-bent on stopping him. No matter how strong he was, he couldn't shake them off instantly.

Along the way, the three of them had been training with each other. They knew how the others fought, and the cooperation they had could be said to be seamless. Due to Huang Sheng's sudden carelessness, he fell to a disadvantage when fighting the three.

Huang Sheng was at the peak of the grand completion stage, but the three of them weren't too much weaker than him!

With the help of Pangu, the old dragon, Zhao Jinkun, and the others, Huang Xiaolong was able to tear through all the restrictions to see Huang Long without much obstruction.

"Xiaolong!" Huang Long felt relieved to finally meet Huang Xiaolong again, but panic soon set in. "Xiaolong, you're too rash! Hurry up and run! There's no need to save me!"

Feeling a sense of warmth in his heart, Huang Xiaolong chuckled, "Realx, Huang Sheng and his men are stuck in battle right now. They won't be able to leave for quite some time, and I'm going to save you!"

Huang Long was surprised to hear that Huang Sheng and the others were stalled.

With the Huang Long Twin Blades appearing in his hand, the Dao Emperor Sword materialized above him. The Purple Lightning Peak and Sun Moon Furnace hovered behind him, and four creation-level artifacts slammed into the restrictions surrounding Huang Long.

With 4.5 billion units of grand cosmos energy, resplendent rays of light filled the space they were in.

Boom!

The restrictions trembled continuously.

“Xiaolong, these restrictions are laid down by Huang Sheng! You won’t be able to break them now! Hurry up and leave! You can save me in the future!” Huang Long panicked.

Shaking his head, Huang Xiaolong attacked again.

Before he entered the God of Creation Realm, he was able to shatter Meng Tian’s restrictions. Now, he refused to believe that he couldn’t blow apart several restrictions with his newfound strength.

Again and again, his artifacts slammed into the restrictions around Huang Long.

The space trembled violently, and after several tries, the restrictions started to dim.

When Huang Sheng felt the restrictions around Huang Long weakening, he turned anxious. He glared at those who were standing in his way and roared, “Blazing Dragon, you can still live on happily if you get out of my way right now! Otherwise, I’ll exterminate your Blazing Dragon Celestial Empire when this is over!”

A snort left the old dragon’s lips. “Humph. Come exterminate my empire if you can.”

“You old foggy, do you really think I won’t?!”

Pangu and Zhao Jinkun didn’t wait for him to finish before they continued their assault.

An hour later...

The restrictions around Huang Long’s body were blown to bits.

With the Huang Long Twin Blades dancing in his hands, Huang Xiaolong shattered the runes that Huang Sheng used to devour Huang Long’s bloodline. He grabbed Huang Long and yelled, “Let’s go!”

Rising into the skies, they disappeared.

In the distance, Huang Sheng transformed into his true form when he saw that Huang Long was saved. He threw all three of them off with a sudden swing of his tail, and he raced towards Huang Xiaolong. As soon as he appeared, his claw came crashing down.

Countless sword qi slashed into Huang Sheng's back before his claw could touch Huang Xiaolong. At the same time, a spear light shot towards his skull.

If he was struck, he would go blind for sure. As such, Huang Sheng could only give up on capturing Huang Xiaolong and Huang Long. Once again, he was surrounded by the three.

"Your Highness, are you alright?" Chen Yihui and Jian Wan appeared beside Huang Xiaolong.

They attacked at a critical moment, saving Huang Xiaolong a huge deal of trouble.

"It's alright," Huang Xiaolong chuckled.

In fact, Huang Sheng wouldn't be able to capture him even if they didn't make a move. He had his ways to evade the previous strike.

"Xiaolong, take your father and leave!" the old dragon roared from the side.

Nodding slightly, Huang Xiaolong broke through the barrier around the True Dragon World and disappeared into the vast universe.

Going absolutely crazy, Huang Sheng rampaged about. It was too bad for him he was still suppressed by the three.

As the battle continued, those under Huang Sheng's banner were defeated. Those who were on the verge of losing made their escape, and there were only six who remained. Chen Yihui and the others joined in the fray and launched their attacks on Huang Sheng.

Feeling the pressure increasing all of a sudden, he was struck by the Pangu Axe and he lost concentration for a moment. His dragon scales split apart as blood filled the skies.

...

After leaving the True Dragon World, Huang Xiaolong brought Huang Long into a secluded small world. He laid down countless restrictions, and he helped his father to recover.

Several days later, Huang Long stopped Huang Xiaolong.

“Xiaolong, it’s useless. Too much of my bloodline and origin essence has been devoured. I will never be able to recover even with your grand cosmos energy.”

A light flashed through Huang Xiaolong’s eyes, “Do you mean that you will only be able to recover if you devour Huang Sheng?”

“It won’t be easy to capture Huang Sheng...” Huang Long sighed.

Huang Sheng was at the peak of the grand completion stage of the God of Creation Realm, and no one would be able to stop him if he wanted to run away.

Huang Xiaolong frowned. He wanted to speak, but his transmission symbol vibrated. He read the report and learned that the battle had ended. His heart sank when he learned that every single God of Creation on Huang Sheng’s side managed to escape.

“Father, Do you think my Huang Long Bloodline can assist in your recovery?” Huang Xiaolong asked.

Huang Long stared at him in stunned silence, but he shook his head. “I know what you mean, but it’s useless for me to absorb any bloodline other than my own.”

As such, they had to capture Huang Sheng if they wanted Huang Long to return to his peak.

Chapter 3489: Bearded Dragon World!

Several days later, Huang Xiaolong met up with the rest and spoke of the problem with Huang Long’s recovery.

The old dragon and Pangu fell silent.

The two of them knew how difficult it was to capture Huang Sheng, and they only managed to force out the victory because of their numbers. No matter how many people they brought along, they knew that they would never be able to capture Huang Sheng.

It was nearly impossible to capture an expert at the peak of the grand completion stage of the God of Creation Realm.

Unless four or five experts at the same level intervened, it was basically impossible!

Looking for four to five experts at Huang Sheng's level was something easier said than done. Not even Pangu and the Blazing Dragon were at that level!

Regardless, everyone passed down an order to look for Huang Sheng and the Excessive Darkness Old Ancestor.

Huang Xiaolong brought Huang Long to the World of Departed Souls when they were done. When Shi Xiaofei and the others saw Huang Xiaolong, they were overjoyed.

Huang Xiaolong had left for more than a million years! In the time that he was away, they managed to improve quite a bit. Shi Xiaofei, Li Lu, Yao Chi, and the others had reached the high-level Primal Ancestor Realm. Those from Earth had already entered the True Saint Realm.

When the little cow saw that Huang Xiaolong had become a God of Creation, she was too shocked to speak. The Grandmist Old Man and the others smiled to themselves. The little brat they were protecting in the past finally grew up! He became a supreme expert so strong that none of them could ever dream of catching up to him!

He was a God of Creation, and he stood at the peak of the universe!

Several hundred years passed in the blink of an eye.

Huang Xiaolong remained in the World of Departed Souls for a few hundred years as he gave everyone pointers. Along the way, he tried to heal Huang Long, but to no avail. Even after using every single universe-level herb in the

Sun Moon Furnace, Huang Long didn't show any signs of recovery. Huang Xiaolong mulled over the fact that Huang Long's injuries were getting worse.

Huang Long was like a tree whose core was destroyed. No matter how powerful the treasures Huang Xiaolong used, it was impossible to heal Huang Long. It was a matter of time before the tree withered.

No matter how hard they racked their brains, Pangu, and the old dragon couldn't think of anything.

"Do we really have to capture Huang Sheng for my father to recover?" Huang Xiaolong muttered softly.

In the past hundreds of years, there had been no news of Huang Sheng. Huang Sheng might have hidden himself in one of the spaces in the Blazing Dragon World, he also could have left the Blazing Dragon Universe.

"Perhaps, the Star Dragon Essence in the Star Dragon Universe might be able to help your father..." Pangu sighed.

"Star Dragon Essence?" Huang Xiaolong gasped.

"That's right. The Star Dragon Essence is one of the most precious treasures in the Star Dragon Universe. No matter how serious their injuries were, the experts of the Dragon Race would be able to recover as long as they used the Star Dragon Essence. Even if the Star Dragon Essence fails to cure your father, it should be able to stabilize his condition."

Soon after, Pangu introduced Huang Xiaolong to the Star Dragon Universe.

In the past, Pangu had lived there for a period of time. He was pretty familiar with the Star Dragon Universe, and he spoke of its history. The Star Dragon Universe was the home of the Dragon Race, and its name was also shortened to the Dragon Universe.

As the most precious treasure in the Star Dragon Universe, the Star Dragon Essence was inaccessible to even God of Creation Realm experts.

"Since the Star Dragon Essence can help with Lord Huang Long's injuries, we will head over immediately!" Chen Yihui promised.

Everyone nodded their heads.

Several days later, Huang Xiaolong left the World of Departed Souls with Huang Long. They headed straight for the Star Dragon Universe.

Several years passed.

Huang Xiaolong, Huang Long, Pangu, Wang Meiqi, Gu Yuan, Long Yi, and the Ice King arrived in the Star Dragon Universe.

“We should head over to the Bearded Dragon World,” Pangu mentioned.

The Bearded Dragon World was the oldest world in the Star Dragon Universe. Countless treasures were located there, and it was the best place to look for information on the Star Dragon Essence.

All seven of them rode on the Purple Lightning Peak as they charged straight towards the Bearded Dragon World.

Huang Long coughed along the way, and he looked like a young man plagued with a serious illness now that his blood essence was sucked away.

“How are you feeling?” Huang Xiaolong asked.

“I’m fine.” Huang Long shook his arm and chuckled, “I never thought that I, Huang Long, would live to see this day...”

Even though he was a God of Creation at the grand completion stage, any random God of Creation at the large completion stage would be able to defeat him.

“Relax... You’ll be fine,” Huang Xiaolong muttered.

“Of course. I believe you.” Huang Long smiled.

Retrieving some dragon marrow from the Sun Moon Furnace, Huang Xiaolong gave it to Huang Long. After devouring the marrow, some color returned to Huang Long’s face. Even though the dragon marrow couldn’t allow him to recover, it could support him for several years.

Several months later, Huang Xiaolong and the others approached the Bearded Dragon World.

“This is a pretty nice place...” Huang Xiaolong gasped.

The amount of dragon qi in the air was shocking, and it was so dense that there seemed to be dragons swimming in the air around them. The laws that governed the Bearded Dragon World were much stronger than that of the Blazing Dragon World and the True Dragon World.

“The Bearded Dragon World deserves its reputation as the oldest world in the Dragon Universe. Actually, the Bearded Dragon World is one of the oldest worlds in the thirteen universes!” Pangu explained. “The old dragon, Xu Long, might be even stronger than Huang Sheng!”

Xu Long!

The strongest expert in the Star Dragon Universe, and he was a God of Creation at the peak of the grand completion stage!

“Stronger than Huang Sheng?!” Huang Xiaolong gasped in shock.

“Yes. Xu Long is the oldest God of Creation in all thirteen universes, and he probably entered the peak of the God of Creation Realm before Huang Sheng could reach the large completion stage... Xu Long has been stuck at his level for an unknown amount of time, and his strength definitely ranks in the top three among all thirteen universes!”

“Top three?!” Gu Yuan and Long Yi frowned. Huang Long was also taken aback by the revelation.

However, Huang Xiaolong and Wang Meiqi didn’t find it that surprising. After all, they knew of Mei Jie’s existence. He was a God of Creation with two worlds...

The universe Mei Jie lived in wasn’t the Star Dragon Universe. He was located in the First Universe, and it was ranked at the top of the thirteen universes. It was the first universe created since the start of time, and it had been in existence for far longer than the Star Dragon Universe...

Chapter 3490: Third Princess

The thirteen universes weren't born at the same time. The First Universe was the oldest, and it possessed the strongest experts. The Star Dragon Universe came right after, and they were only second to the First Universe.

Naturally, the amount of time a universe existed for didn't represent its strength. The Blazing Dragon Universe was the youngest universe, but their strength ranked in the top four!

"Xu Long might be strong, but we're not afraid of him." Pangu snorted and released his aura. He might not have reached the peak of the grand completion stage, but he was capable of fighting Xu Long.

Huang Xiaolong and the others went straight for the core region of the Bearded Dragon World.

Along the way, they saw countless flying ships all around them. Like what Pangu said, almost everyone there was a member of the Dragon Race. It was hard to find an expert of another race even after screening through ten thousand experts.

Half a month later, Huang Xiaolong and the others arrived in the capital city of the Bearded Dragon Celestial Empire. Purchasing a manor, they settled down in it.

Huang Xiaolong sent Gu Yuan and Long Yi out to look for clues about the Star Dragon Essence.

However, they failed to bring back any news after several years.

In the years that passed, Huang Xiaolong devoured the universe essence at night while comprehending the laws that governed them. During the day, he would accompany his father on a stroll around the Bearded Dragon City. Occasionally, he would discuss the dao with Huang Long and Pangu.

One fine day, Huang Xiaolong was enjoying a cup of tea with his father in an amazing tea house. It was Huang Long's favorite place when strolling about.

The teahouse was called the Xianqing Tea House, and the prices were out of the world. A single bottle of alcohol cost several hundreds of dao coins, and only Dao Venerables would be able to enjoy themselves there.

Huang Xiaolong and Huang Long sat around a table beside a window on the second level, and they looked at the pedestrians strolling about below. Huang Long sighed, "There are countless ways to live, and the journey of cultivation is long. We cultivate to improve ourselves, but we might not even be as happy as them..."

Huang Xiaolong fell silent as he looked at the crowd below.

A round of cough left Huang Long's lips and his face started to turn pale. It was clear his injuries were acting up.

Huang Xiaolong grabbed a bunch of dragon marrow for Huang Long.

However, a gasp of surprise came from a table in the corner when they saw what he brought out. "Dragon marrow!" Someone's arm tore through the void as it tried to snatch the Dragon Marrow in Huang Xiaolong's hand.

It was too bad the person was sent flying before he could even come close. His entire arm exploded, and he vomited mouthfuls of blood.

The experts on the second floor stared at the scene in shock.

The Xianqing Tea House was one of the largest establishments in the Bearded Dragon City, and the power that backed them was huge. No one would dare to make a move in the tea house.

"Third Brother!" A youngster leaped to his feet and yelled. He assisted the man Huang Xiaolong sent flying.

Glaring at Huang Xiaolong, he roared, "You went too far!"

Huang Xiaolong ignored the man as he handed the dragon marrow over to Huang Long.

After swallowing the marrow, Huang Long's complexion turned much better.

Seeing as Huang Xiaolong had ignored him, the youngster's expression sank. "I am Xu Jian of the Radiant Dragon Palace. How can I address you?"

"Radiant Dragon Palace!"

"Xu Jian, the second prince of the Radiant Dragon Palace!"

The tea house broke out with commotion as everyone started talking about Xu Jian.

“Third Brother? Don’t tell me... That’s Xu Fei, the Third Prince of the Radiant Dragon Palace!”

Huang Xiaolong remained impassive as he snorted, “You’re not qualified to ask for my name. Get out of my sight!”

Xu Jian stared at Huang Xiaolong in stunned silence.

The experts in the tea house were equally as shocked. In the Bearded Dragon World, not many people had the guts to tell Xu Jian to scram!

The old ancestor of the Radiant Dragon Palace was an expert who had reached the grand perfection level in all thirteen elements!

“You’re going too far...” Xu Jian’s expression sank.

Huang Xiaolong raised a single eyebrow and muttered, “No... This is how I act normally.”

As Xu Jian narrowed his eyes, he snapped, “Alright, I shall see how strong you really are!” As soon as he spoke, he released his aura completely.

He was an expert who had comprehended twelve elements, with eleven of them at the grand perfection level!

With his strength, he could be ranked among the strongest in the younger generation of the Bearded Dragon World. It’s no wonder he dared to challenge Huang Xiaolong.

At the same time, rays of light covered Xu Jian’s body and it illuminated more than half the city. It was evident he was using the power of his Radiant Dragon Bloodline.

As soon as he unleashed his power, everyone in the city was alerted.

A pretty lady in the Bearded Dragon Palace turned to stare in the direction of the Xianqing Tea House.

“The Radiant Dragon Bloodline is really pure! I wonder which prince that is...” The lady asked her maidservant.

Getting a report from those near the tea house, the maidservant replied, "Third Princess, it's Second Prince Xu Jian from the Radiant Dragon Palace."

"It's no wonder..." Ao Wen nodded slightly. She soon continued, "I wonder who made him angry..."

"It's someone in yellow robes... I don't think he's going to live to see tomorrow," The maidservant replied.

In the tea house, Xu Jian charged at Huang Xiaolong as his hands transformed into claws. He appeared behind Huang Xiaolong as his claws stabbed forward.

Bang!

His claw stabbed at Huang Xiaolong, and his eyes widened in shock. He didn't expect to land his strike that easily, but his expression soon changed. A terrifying power slammed into Xu Jian, and he shot out into the streets like a shooting star.

Everyone in the tea house was shocked.

A terrified expression formed on Xu Fei's face as he tried to retreat. He ran to a corner of the tea house before trying to make his escape.

"Forget it." Huang Long shook his head slightly before Huang Xiaolong could take things further.

A moment later, Huang Xiaolong tossed a bunch of dao coins over to settle the bill before leaving the tea house.

It didn't take long for the news to rock the city. The second and third princes of the Radiant Dragon Palace were seriously injured by a random expert!

When they learned that the conflict started because of the dragon marrow Huang Xiaolong possessed, they were even more shocked.

Dragon marrows were split into different grades, but even those of the lowest grade would be fought over by countless experts!

"Oh? Xu Jian was defeated!" Ao Wen was slightly surprised when she learned the news. "Does the youngster really have dragon marrow with him?"

She had been looking for some dragon marrow for the past hundreds of years but to no avail.

“Investigate the youngster’s background. Send him an invitation. I would like to meet him.”

After Huang Xiaolong returned to his manor, he received Ao Wen’s invitation to the Bearded Dragon Palace.
