Chapter 1111 – Crushing Over Everything

“Then don’t blame me – True God Tian Fa – for being disrespectful!”

True God Tian Fa smiled in disdain as he looked at the dumb actions of the two lord dynasties.

All the experts of both lord dynasties paused for a moment when they heard the name of the Ancient Soul Palace. They had never heard this before, but then the golden-black-dragon-armored male also called himself a True God. This shook the hearts of all the experts as they looked at the male incredulously.

“He’s actually an expert at the Heavenly Divine Realm?”

“True God? How is that possible?”

The Sacred Lords and Sacred Kings questioned out loud.

Although one could still remain in the continent zone for a while after breaking through to the Heavenly Divine Realm by suppressing their cultivation, they hadn’t heard of anyone successfully becoming a God recently. Furthermore, they knew nothing about this Ancient Soul Palace that True God Tian Fa mentioned.

“So, it’s a God expert!” Demigod Dragon Emperor’s question was finally solved, but the answer only made him more solemn.

“Grand Elder, could he be a God-level expert that came from the Ancient Desolate Realm of Gods?” an expert from the Grand Imperial Hall messaged with a nervous expression.

“Most likely!” Demigod Dragon Emperor replied.

A Heavenly Divine Realm expert had descended once before in the history of the Great Gan Lord Dynasty, so the ancient Demigods might know a little about it. The Ancient Desolate Realm of Gods did indeed have methods to come to lower-levelled dimensions, but they didn’t know the details.

The experts of the two lord dynasties became silent. Instinct told them not to act against this True God, but this True God was forcefully restraining them and was going to search through their interspatial dimensions, which went against their will.

“Arghh...!” A normal Sacred Lord next to True God Tian Fa was killed with just one thought.

“Those that don’t hand over their interspatial dimensions shall be killed!” True God Tian Fa had a cold expression as he slowly walked through the God corpse. If one didn’t bow down to him, it meant death.

The hearts of all the experts that had gathered together shook. There was only one enemy, but he completely ignored everything and had a cocky attitude. However, he still managed to scare all of them.

“Dragon Emperor, let’s team up!” Demigod Dark Dragon from the Dark Moon Lord Dynasty said.

“Just what I was thinking!” Demigod Dragon Emperor agreed right away.

If the two lord dynasties decided to still fight each other at this stage, it was the same as suicide.

The Grand Elders of the two four-star forces told this news to the other experts, and Zhao Feng let out a breath. They only had hope of surviving if the two lord dynasties teamed up.

Right at this moment, Sacred King Green Light and a Demigod of the Grand Imperial Hall arrived before Zhao Feng.

“Zhao Feng, you can’t protect the God blood!” Demigod Taichi looked down at Zhao Feng and messaged.

Sacred King Green Light had a smug smile as he looked at Zhao Feng. He knew he wasn’t Zhao Feng’s match, but even if he succeeded, the drop of God blood would become someone else’s anyway once the problem became big enough. It was better to just give this favor to a Demigod of the Grand Imperial Hall, so he went to find Demigod Taichi.

“You’ll have to see whether you have the ability to take this God blood!” Zhao Feng laughed, and all the experts of the Great Gan Lord Dynasty were attracted by what Zhao Feng said. Even the other Demigods looked at Zhao Feng. The gazes of several experts from the Dark Moon lord Dynasty also scanned over.

Sacred King Green Light was dazed. He didn’t expect Zhao Feng to just reveal this secret to the public. What was Zhao Feng thinking?

“Are you saying that I don’t have the ability to take it?” Demigod Taichi had a grim expression. What Zhao Feng said made him unhappy. Zhao Feng suddenly exposed the secret of the God blood to the public, so it would expend a lot of Demigod Taichi’s energy to obtain the drop of God blood in the end.

Hu~~

Laws and Intent surged in Heaven and Earth as a terrifying pressure descended through the air.

“You dare!?” Zhao Feng stood up and roared.

At the same time, Nan Gongsheng, Zhao Yufei, and Kun Yun stood next to Zhao Feng. Although Nan Gongsheng was only at the late stages of the Mystic Light Realm, he had completely consolidated his cultivation, and the wicked aura coming from him made some Sacred Kings unwilling to offend him. Zhao Yufei had made even bigger improvements; purple light flashed across her body, and the Yuan Qi in Heaven and Earth started to gather. The bloodlines and Sacred Powers of the Sacred Lords and Sacred Kings present started to tremble uncontrollably. As for Kun Yun, he released his physical pressure and caused space itself to shake.

“You...!” Demigod Taichi had an enraged expression. He never expected it to turn out like this just from trying to take a treasure from a Sacred Lord. At this point, even he didn’t dare to rashly take action against Nan Gongsheng, Zhao Yufei, Kun Yun, and Zhao Feng together.

Demigod Taichi was obviously most wary against Kun Yun in particular. Kun Yun used to be a Demigod himself, and he would be able to recover to his peak after this journey in the God corpse.

The expressions of the Great Gan Lord Dynasty experts turned to shock. Unknowingly, Zhao Feng now had the confidence to stand against a Demigod!

“It looks like we have to use some special methods to get rid of Zhao Feng!” Demigod Dark Ocean from Nine Darkness Palace had a grim expression.

While Demigod Taichi was facing Zhao Feng and company:

“Taichi, stop!” Demigod Dragon Emperor’s icy voice sounded. He was unhappy that Zhao Feng was resisting the Grand Imperial Hall, but Zhao Feng and company’s strength wasn’t to be ignored. Although the Grand Imperial Hall wasn’t scared of them at all, they were facing a stronger enemy right now. They couldn’t allow an internal fight to happen right now since that would decrease their own battle-power.

Demigod Taichi snickered coldly and stood down.

The expression of Demigod Scarlet Blood from the Tie Family kept on changing. Zhao Feng and company became stronger much quicker than he expected. The Hall of Gods would definitely become a superpower, which meant that his choice back then was correct. However, Zhao Feng was too prickly; he shouldn’t have stood against a Demigod from the Grand Imperial Hall!

“Kun Yun, I’ll give you the payment after we leave!” Zhao Feng messaged. Kun Yun had helped a lot this time, and Zhao Feng would give him reasonable payments as promised. Zhao Feng might also need Kun Yun’s help in the future, so he couldn’t split up with Kun Yun.

I didn’t think that this brat’s luck would be so good that he managed to obtain the blood of the God corpse! Kun Yun was extremely jealous, but there was nothing he could do.

Zhao Feng had a grim expression as his gaze swept across the Grand Imperial Hall members. The pressure was very strong. He didn’t want to offend the Grand Imperial Hall, but Demigod Taichi was being a bully and wanted to steal the God blood just because he was a Demigod?

Whoosh!

Zhao Feng entered the Misty Spatial World. Right now, the most important matter was to consolidate his strength. This would help solve the danger of the Heavenly Divine Realm expert right now and the forces of the Grand Imperial Hall later. He would be able to resolve all dangers as long as he was strong enough, and Zhao Feng didn’t lack any resources at all.

“The blood of the God corpse!” Zhao Feng’s heart jumped as he looked at his right index finger.

“Maybe I can do this...!” Zhao Feng suddenly thought of something. Now that he had used the God Slaying Arrow and lost his strongest hidden card, this index finger of his might be able to become another hidden card.

He remembered how he had accidentally released the faint bloodline power from his index finger when the Black Destruction Serpent Dragon ambushed him. Now that Zhao Feng’s index finger contained the entire drop of blood from the God corpse, if he was able to somehow turn it into a killing move that he could control, its power might not be any weaker than the God Slaying Arrow.

However, there were too many uncontrollable aspects of this God blood, so it was far too risky right now.

“I can test in that direction though!”

Zhao Feng circulated the Ten Thousand Divine Thoughts Technique after making his decision.

The first of his thoughts focused on consolidating his cultivation, while the second comprehended the Divine Forming Technique he obtained from Demigod Ferocity's items. This technique had reached the upper-tier Heaven-grade, and Zhao Feng wouldn't be able to learn it for a while. However, once there was some progress, Zhao Feng's strength would increase dramatically.

The third of his thoughts pondered the matter of how to make the drop of God blood into a killing move. Zhao Feng knew that the main issue was that his index finger couldn't withstand the power of this God blood, otherwise the problem would be solved very easily.

In the outside world, True God Tian Fa arrived before the forces of the two lord dynasties.

"You are the ones that want to fight back?" True God Tian Fa snickered.

Over 90% of the experts in the God corpse were fighting back, but True God Tian Fa was too lazy to even look at the Sacred Lords.

"May I know what Lord True God wants? If you tell me, we might be able to help!" Demigod Dragon Emperor had a grim expression. He believed that True God Tian Fa had a particular reason why he wanted to see their interspatial dimensions. If they just could help this True God instead, they wouldn't need to stand against a True God.

"There's no need. I will check everyone's interspatial dimensions by myself!" True God Tian Fa had a cold expression.

Hu!

The laws of Heaven and Earth started to circulate and condense into a giant black hand that grabbed toward one of the Sacred Kings from the Great Gan Lord Dynasty.

"Then the Grand Imperial Hall won't be respectful anymore!" Demigod Dragon Emperor harrumphed coldly.

Whoosh!

All the Demigods from the Grand Imperial Hall and Sky Suspension Palace took action. Terrifying Divine Power gathered together and ripped True God Tian Fa's technique to shreds.

All the Demigods from the Dark Moon Lord Dynasty also charged out as well.

Hu!

The Demigod from the Tie Family, the Demigod from the Yu Family, the Demigod from Nine Darkness Palace, and some Demigods from other strong powers also started to move.

Boom! Boom! Boom!

The Demigods all unleashed attacks against True God Tian Fa. Divine Power surged through Heaven and Earth as these attacks surged toward True God Tian Fa like a tsunami.

Such destructive power flipped Heaven and Earth, the sun, and the moon around. The hearts of all the other experts shook as they looked at the barrage of attacks in awe.

“Ignorant!” True God Tian Fa’s expression was calm and cold.

Whoosh!

A long black spear suddenly appeared in his hand. The tip of the spear glittered with a sharp piercing power as it became transparent.

Shu~~~~

True God Tian Fa gripped the spear and slashed out. In an instant, all the power within Heaven and Earth seemed to be destroyed.

Whoosh! Whoosh! Whoosh!

Cracks appeared in the sky as the forbidden power of space was released and crushed all the nearby Divine Power.

“This is the combined power of two lord dynasties?” True God Tian Fa smiled coldly. He radiated a terrifying force that made the hearts of all experts from both lord dynasties drop.

How terrifying was this person? He managed to fight against both lord dynasties at once!

“How is this possible!? What kind of power is this?” a Sacred Lord exclaimed. He couldn’t believe what he was seeing.

“How can he be so strong?”

“Impossible, even a True God can’t be so strong!”

“The power of a divine weapon!” Demigod Dragon Emperor said in a deep tone.

No true divine weapon had ever appeared in the continent zone before. Although the Sky Sword Pavilion managed to obtain a tattered ancient god weapon from the Divine Illusion Dimension not too long ago, the Demigod of the Sky Sword Pavilion was still unable to use all its power.

At this moment, True God Tian Fa’s hand held a true divine weapon that he could completely control!

Chapter 1112: Sacred King Samsara’s Method

At this moment, True God Tian Fa’s hand held a true divine weapon that he could completely control!

True God Tian Fa used the strongest power that this dimension could withstand. Any casual blow from him could shatter space itself, and he could even use the power of these cracks in space. Since everyone else’s attacks hadn’t reached this level, they were obviously destroyed rather easily.

Hu~~

True God Tian Fa condensed a hand of darkness with lightning-quick speed after ripping apart everyone else’s attacks and grabbed a non-human Sacred King.

Shua!

True God Tian Fa’s consciousness instantly entered this Sacred King’s body and inspected all his secrets.

Boom!

True God Tian Fa then threw this Sacred King to the side a moment later.

All the Demigods of both lord dynasties stood still and were completely stunned. They never would have thought that they ever would meet such a terrifying opponent in their lifetime. This person had blocked the attacks of more than a dozen Demigods at once and captured a Sacred King expert at the same time.

The expressions of the Sacred Lords and Sacred Kings turned to disappointment, and their faces became pale-white. The fight in front of them had exceeded their imaginations.

“He’s so strong!” Zhao Feng was shocked. He never would have thought that the situation would turn out like this.

“Everyone, it’s time to take out your true strength!” Demigod Dragon Emperor’s grim voice sounded. Although the two lord dynasties were working together, they were still wary of each other, and the first round of attacks was just a test.

Hu~~

The expressions of all the Demigods changed dramatically.

Shua!

In an instant, the glint of several substandard God weapons flashed across Heaven and Earth.

Whoosh! Whoosh! Whoosh!

The Demigods of the Great Gan Lord Dynasty and Dark Moon Lord Dynasty flew around True God Tian Fa and started to surround him.

“Useless!” True God Tian Fa smiled even when facing all the Demigods of two lord dynasties.

The experts of both lord dynasties felt extremely humiliated when they heard this.

“Sacred Dragon Strike!” Demigod Dragon Emperor waved the dragon-shaped staff, and the nearby invisible power of draconic providence moved through the air as it entered the substandard God weapon in Demigod Dragon Emperor’s hands.

Weng~~

The dragon-shaped golden staff instantly released a massive glow of light, and a snarling dragon materialized from it.

“Mark of Heaven!” Demigod Withered Breath of Sky Suspension Palace unleashed a gust of wind with his right hand.

“Ice Soul Dark Dragon!” A dark purple dragon seal appeared in Demigod Dark Dragon’s hand and unleashed an Ice-elemental soul dragon.

“Heaven Earth Infinity!”

“Intent of the Soul Sword!”

“Divine Light of Destruction!”

...

This time, the Demigods of both lord dynasties took out almost all their power as they unleashed powerful skills. Endless power of destruction crashed across Heaven and Earth toward True God Tian Fa.

“Hmph, looks like I’ll have to show you all some skill!” True God Tian Fa harrumphed coldly when facing the attacks of all the Demigods.

Hu~

True God Tian Fa used a profound movement technique and instantly charged toward the Demigods of the Great Gan Lord Dynasty.

“What? He’s charging straight toward our attacks?” The expression of a Demigod from the Grand Imperial Hall turned to shock and disbelief.

Boom! Bam! Bam!

True God Tian Fa instantly charged toward the Demigods of the Great Gan Lord Dynasty and headed straight into their attacks.

Weng~~ Bam!

The golden-black dragon armor on True God Tian Fa flashed with a divine light as golden-black liquid flowed out and formed a barrier that was as deep as the ocean. The attacks of the Demigods landed on True God Tian Fa’s armor, and they were soon engulfed without doing much damage.

“Your attacks won’t be able to break through the defense of Seven Ocean Demonic Dragon Armor!” True God Tian Fa laughed coldly as he waved the black long spear around.

“Retreat and defend together!” Demigod Dragon Emperor roared. He didn’t expect True God Tian Fa to withstand their attacks and still be completely unharmed.

An offensive divine weapon and a defensive substandard God weapon... True God Tian Fa had no weaknesses at all.

“Use this chance to attack and disrupt him!” Demigod Dark Dragon ordered from the back. If the Great Gan Lord Dynasty’s forces had heavy losses, then the Dark Moon Lord Dynasty wouldn’t be True God Tian Fa’s match.

At this moment, the two lord dynasties were in the same boat!

“Dark Soul Silence Ocean!”

“Wave of Destruction!”

...

The Sacred Lords and Sacred Kings of the two lord dynasties watched all of this from a distance in a daze.

Peng! Peng! Boom!

The Demigods of the two lord dynasties were unable to damage True God Tian Fa. They couldn't even break through his defense. These experts of both lord dynasties could only try to dodge and avoid the attacks from True God Tian Fa, but even then, some Demigods were injured.

"Sacred Kings, join the fight!" The Demigods of the two lord dynasties ordered, and the Sacred King started to take action. Although their individual battle-power was completely useless against True God Tian Fa, when all the Sacred Kings of both lord dynasties gathered together, it was still a terrifying force that couldn't be ignored. Besides, all the experts present hoped that they could do something in this fight.

Kun Yun, Sacred King Dark Screen, Sacred King Feather Spirit, Sacred King Samsara, and company all charged out. The Sacred Kings of both lord dynasties hid behind the Demigods and used attacks to interfere with True God Tian Fa.

"Sky Shaking Punch!"

"Dark Light Stab!"

"Strike of the Green Sky!"

...

"Black Serpent Dragon, are you still going to hide!?" Demigod Dark Dragon suddenly roared. He already found the hiding Black Destruction Serpent Dragon a long time ago, but since the situation was so tense, he didn't care. However, at this moment, they needed to drag the Black Destruction Serpent Dragon over here. It could increase their battle-power while also weakening the Black Destruction Serpent Dragon as well.

The expressions of all the experts turned to surprise, but the Black Destruction Serpent Dragon was nothing in front of True God Tian Fa right now.

In a certain corner of the God corpse, the Black Destruction Serpent Dragon's body shook.

"Fine, I'll fight with you this time!" The Black Destruction Serpent Dragon charged out. Since its identity had already been exposed, there was no point hiding anymore. He'd rather deal with the two lord dynasties than be chased by this True God.

"I didn't think that there would be a descendant with the bloodline of the Destruction Dragon Race here!" True God Tian Fa looked at the Black Destruction Serpent Dragon with interest.

"Oh? There seems to be another interesting person too!" True God Tian Fa's pupils contracted as he spoke with a faint smile. Bai Lin had an extremely grim expression, and her eyes were dim. This True God noticed her existence with just one glance. From this, one could see just how much stronger he was.

Bai Lin couldn't see anything related to this True God, but destiny told her that there was a thread of hope. However, she couldn't tell where this hope came from.

With the participation of all the Sacred Kings of both lord dynasties, the situation started to stabilize. After all, there were a few Sacred King experts whose battle-power was very close to the Demigod level. For example, Kun Yun, the Black Serpent Dragon, Sacred King Samsara, and more.

In particular, Sacred King Samsara had the Samsara Immortal Body as well as a bunch of slaves that weren't scared of death.

"Continue to stall him and waste his energy!" Demigod Dragon Emperor roared. Although the combined attacks from the Demigods were unable to break through the defense of True God Tian Fa's Seven Ocean Demonic Dragon Armor right now, they would be able to weaken this substandard God weapon after a prolonged period of time. In particular, the laws of Destruction used by Demigod Destruction and the Black Destruction Serpent Dragon had a very obvious effect.

"Hmph, I'm just playing with you. Do you really think you're incredible?" True God Tian Fa snickered coldly as a powerful ancient bloodline was suddenly released from his body.

Weng~~

True God Tian Fa's skin started to dim, and dark purple lines started to move across it.

"The Black Yao Race bloodline, ranked 82nd among the Ten Thousand Ancient Races!" Demigod Dark Dragon's expression turned to shock.

"What a terrifying bloodline aura!"

"This is an ancient bloodline from the Ancient Desolate Realm of Gods?" Demigod Dragon Emperor's gaze became grim as he felt an extremely strong pressure.

True God Tian Fa had the bloodline of the Black Yao Race bloodline, which was ranked 82nd among the Ten Thousand Ancient Races. However, the purity of this bloodline was what exceeded everyone's expectations.

At this moment, all the forces of both lord dynasties were shocked by True God Tian Fa's bloodline power. Even Demigod Dark Dragon, who had the number one Imperial Dao bloodline, wasn't able to face the current True God Tian Fa due to the latter's powerful bloodline.

"Come at me! Hahaha!" True God Tian Fa was covered in darkness, and he still wore the Seven Ocean Demonic Dragon Armor as he moved through the battlefield like a ghost.

After activating his bloodline, True God Tian Fa became an unstoppable god of slaughter!

Peng! Boom! Boom!

The experts of both lord dynasties were forced back by this supreme bloodline and the divine weapon.

"Fuck, he's too strong!" Demigod Taichi's figure flew back several miles and slammed into a crystal wall.

"Retreat!"

"Quickly, make all the Sacred Lords join the fight!"

The Demigod experts of both lord dynasties were stunned, and the Sacred Lord experts all revealed an expression of despair. What could they do against such a powerful enemy?

“What a pure bloodline! It’s almost the same purity as the Sky Fire Lightning Ape’s bloodline within the Ancient Dream Realm!” Zhao Feng was shocked. One had to know that the Sky Fire Lightning Ape was the species that actually had the bloodline whereas True God Tian Fa only had the bloodline of a Black Yao Race descendant.

“What kind of world is the Ancient Desolate Realm of Gods?” Zhao Feng suddenly felt a strong urge, but right now, the current situation was the most important.

The combined power of all experts from both lord dynasties was still unable to stop True God Tian Fa’s footsteps. One Demigod had even been caught by True God Tian Fa and was killed!

The fall of a Demigod! Everyone’s heart fell.

“To the Demigods present, I have a plan that might be of use!” Sacred King Samsara suddenly spoke from the back.

Sacred King Samsara had the Eyes of Samsara, and his own battle-power was extremely high. Even normal Demigods didn’t dare to ignore his existence. Sacred King Samsara was also one of the longest-lived Sacred Kings.

“The situation has already come to this.... Just tell us!” Demigod Dragon Emperor had a solemn expression. It was obvious that he didn’t put any hope in Sacred King Samsara.

“I will need the power of the Eight Great God Eye descendants from both lord dynasties!” Sacred King Samsara messaged some of the upper echelon members of the two lord dynasties.

“Descendants of the God Eyes!” The expressions of the peak Demigods of both lord dynasties paused for a moment.

The Eight Great God Eyes would be ranked at least in the top twenty or even top ten bloodlines of the Ten Thousand Ancient Races if they were part of them. The bloodlines of their descendants wouldn’t be much weaker, but since the Eight Great God Eyes had so many legends and rumors, no one knew the true power of their bloodlines.

“What do you need me for?” Demigod Destruction revealed a puzzled look.

“I have a secret technique. Once successfully activated, it can gather the power of the God Eye descendants and create a power that can destroy Heaven and Earth. It might be even able to threaten this True God. Of course, I’ve never actually tried this secret technique, so I’m not completely confident....” Sacred King Samsara slowly said.

Chapter 1113: The Power of the God Eye Descendants

“I have a secret technique. Once successfully activated, it can gather the power of the God Eye descendants and create a power that can destroy Heaven and Earth. It might be even able to threaten this True God. Of course, I’ve never actually tried this secret technique, so I’m not completely confident....” Sacred King Samsara slowly said.

The expressions of all experts from both lord dynasties changed slightly. Even Demigod Dragon Emperor, who didn't have much hope, was extremely interested.

There was a legend; once all Eight Great God Eyes gathered together, they could summon the Supreme Ancestor Eye that could change Heaven and Earth and reform the laws of the universe. Of course, this was just a legend, and it was impossible for the Eight Great God Eyes to appear in the continent zone anyway, so no one knew whether this was true or not.

Sacred King Samsara's method seemed to be somewhat related to this legend, but Sacred King Samsara's method was to gather the power of the God Eye descendants, not God Eyes themselves, and there was no limit on the number.

"Sacred King Samsara, there's really a technique like this?" Demigod Destruction was stunned. This was the first time he had heard of such a technique.

"I've never tried it, so I'm not sure if it works or not...." Sacred King Samsara had a grim expression.

"Then give it a try!" Demigod Dark Dragon said. Although Sacred King Samsara didn't guarantee that it would be successful, if it *did* succeed, it might really contain the power to destroy Heaven and Earth. This might be the only method they had to counter True God Tian Fa. Otherwise, both lord dynasties would face destruction.

Demigod Dragon Emperor also nodded his head. Many of the experts from both lord dynasties became slightly expectant.

Of course, only a few Demigods were in the conversation. Everyone else from both lord dynasties were unaware of Sacred King Samsara's plan.

"Then let the descendants of the God Eyes from both lord dynasties appear!" Sacred King Samsara messaged.

"Hmm? Where's Sacred Lord Myriad Forms from the elephantmen race?" Demigod Dark Dragon's Divine Sense didn't find any signs of Sacred Lord Myriad Forms.

"Reporting to the Demigod, Sacred Lord Myriad Forms was captured by Zhao Feng!" Sacred Lord Sky Trampler from the elephantmen race immediately said.

"Zhao Feng, hand over Sacred Lord Myriad Forms!" Demigod Destruction immediately said.

"Hmm?" Zhao Feng suddenly stopped cultivating. Why did Demigod Destruction suddenly ask for Sacred Lord Myriad Forms?

"Little Friend Zhao Feng, let Sacred Lord Myriad Forms out for now. We are doing this in order to deal with True God Tian Fa...." Sacred King Samsara messaged Zhao Feng about the origin of the matter.

"There's a secret technique that gathers the power of the Eight Great God Eye descendants?" Zhao Feng was very interested in Sacred King Samsara's secret technique as well.

"I will control Sacred Lord Myriad Forms!" Zhao Feng said coldly. It was impossible for him to hand over Sacred Lord Myriad Forms. It was only because of Sacred Lord Myriad Forms that Demigod Ferocity had chased after Zhao Feng for so long, so he wouldn't just give Sacred Lord Myriad Forms up so easily.

Zhao Feng's attitude made all the Demigods from both lord dynasties unhappy, but they couldn't say anything or else True God Tian Fa might sense something.

Whoosh!

Zhao Feng let out Sacred Lord Myriad Forms and put the majority of his own energy into Sacred Lord Myriad Forms' mind in order to control him.

"Controlling Sacred Lord Myriad Forms with all my energy basically means that I'm participating in this event myself using Sacred Lord Myriad Forms' identity...." Zhao Feng was excited.

Whoosh!

The black lines in the Eyes of Samsara suddenly started to spin, and a black-robed person with a pale face and one eye suddenly appeared.

"Zhao Feng!" The Emperor of Death howled, but the Eyes of Samsara was restricting him. He was unable to move or use any of his power.

The aura of a God Eye also appeared from within the Black Destruction Serpent Dragon's body. The expressions of all the experts from both lord dynasties shook slightly when they sensed this aura. Why did the Black Destruction Serpent Dragon's body contain the aura of a God Eye descendant?

"Black Destruction Serpent Dragon, release the Eye of Destiny!" Sacred King Samsara said directly.

Before Black Destruction Serpent Dragon knew what was going on, Bai Lin managed to calculate the unknown through the traces of destiny.

Shua!

A normal female in white slowly walked out from the Black Destruction Serpent Dragon's Origin Dimension.

"Master!" Bai Lin immediately called out.

"Bai Lin!" The Emperor of Death was slightly crazy as he revealed a sad expression.

"All of this is my fault!" the Emperor of Death said with regret.

After revealing herself, Bai Lin looked at Zhao Feng coldly and radiated killing intent.

"The Eyes of Destiny!"

Many experts were filled with shock. Although the Eye of Destiny had the lowest battle-power amongst the Eight Great God Eyes, it was the most profound and mystic God Eye.

Many of the experts present had never even heard of someone owning the Eyes of Destiny before, but the descendant with the Eyes of Destiny was standing right next to them now. They finally understood why the Black Destruction Serpent Dragon was able to safely pass through the God corpse and avoid all the dangers.

Zhao Feng's expression became grim. He had noticed the existence of the Eyes of Destiny when he fought against the Black Destruction Serpent Dragon.

He also wanted to kill Bai Lin, but there was nothing he could do right now. Zhao Feng didn't really care about the Emperor of Death at this point. The latter posed no threat to him anymore, and the Emperor of Death's current situation was actually pretty pitiful.

"The Eyes of Destruction, the Eyes of Myriad Forms, the Eyes of Destiny, the Eye of Death, and the Eyes of Samsara. Five descendants of the Eight Great God Eyes are gathered here!"

The hearts of every expert here shook when they saw this scene. What would happen when the power of these God Eye descendants fused together?

"Five God Eye descendants...?" True God Tian Fa felt that something bad was going to happen. As someone that lived in the Ancient Desolate Realm of Gods, he knew even more about the Eight Great God Eyes. Even in the Ancient Desolate Realm of Gods, the Eight Great God Eyes were Gods that couldn't be touched!

"What can the measly descendants of the God Eyes do!?" True God Tian Fa roared.

Whoosh!

True God Tian Fa's figure flashed and instantly approached the gathered forces of the two lord dynasties.

"Stop him!" Demigod Dragon Emperor said, and the Demigods of both lord dynasties started to take action. They couldn't allow True God Tian Fa to injure the God Eye descendants!

"I'll teach the technique to you all!" Sacred King Samsara messaged the descendants of the God Eyes.

Shua! Shua!

After receiving the technique, they immediately started to follow the requirements and work with Sacred King Samsara.

"Summon the power within the Origin Dimension?" Zhao Feng controlled Sacred Lord Myriad Forms' soul to enter the latter's Myriad Forms Dimension.

"Power of Origin!"

The Eyes of Myriad Forms' Power of Origin was the power of Myriad Forms – the incarnation of nature.

Weng~~

A rainbow-colored power was directed out by Zhao Feng, and it completely ignored the soul dimension, the physical dimension, and spatial laws.

At the same time, the other God Eye descendants summoned out their own Origin Power.

The color of everyone's eyes dimmed when they released this power. It was obvious that using the Power of Origin heavily affected their eyes.

"What are they going to do with that power?" True God Tian Fa lost his confidence when he felt the terrifying power.

Although the power was actually very weak, each surge of power was an ultimate law that normal people couldn't control. Even True God Tian Fa didn't know what would happen if all these powers gathered together, but he had a bad feeling.

"I'll just kill them then!" True God Tian Fa snickered coldly.

"Don't even think about it!"

"Stop him!"

The Demigods of the two lord dynasties instantly started to use their own skills. They became more expectant when they saw True God Tian Fa place so much importance on the combined power of the five God Eye descendants.

Whoosh! Whoosh! Whoosh!

The five God Eye descendants all started to use a complex hand seal at the same time.

"Freeze!" Sacred King Samsara roared as he activated his Eyes of Samsara.

Weng~~

The five Powers of Origin were led by his power of Samsara and combined into a mystic power that no one recognized, but it scared them all.

This ball of power suddenly seemed to evolve.

Boom!

A terrifying ultimate power instantly appeared across Heaven and Earth. This power was completely void as if it didn't even exist, yet it also affected everything in the world as if it was a god!

"The aura of a God Eye!"

At this moment in time, the descendants of the God Eyes felt a unique aura within this power.

"Go!" Sacred King Samsara said lightly.

Boom! Peng!

Right at this instant, the Demigods of both lord dynasties were pushed aside by True God Tian Fa, and many Demigods were heavily injured by a surge of bloodline Divine Power.

"That power...!?" True God Tian Fa's eyes froze. When facing this power, his body, bloodline, and soul seemed to give up resistance and instinctively wanted to bow.

"What is this power?"

"I can't understand it!"

The Demigod experts of the two lord dynasties were the same as True God Tian Fa. They were in extreme awe of this power, and they were about to bow down to it.

“Dark Cloud Flash!” True God Tian Fa felt a sense of danger for the first time and instantly used a divine technique.

Shua! Shua!

True God Tian Fa left behind a blur of afterimages as he instantly moved away a very long distance. However, when his figure stopped, the mysterious void power that dominated all other powers appeared in front of him.

“How is this possible!?” True God Tian Fa’s expression turned to shock. This power had broken through spacetime itself and directly descended on him.

Boom!

A storm of devastating destruction blew out from the center of the explosion.

Shua! Whoosh! Whoosh!

A black hole formed in the center of the explosion and engulfed all the physical and soul powers nearby!

“What terrifying power!”

“Is he dead?”

The Demigod experts were in utter shock as they locked their eyes on the black hole storm.

At this instant, the five God Eye descendants were all standing still. At the instant of activation, they seemed to gain comprehension of a secret power that no one else could. None of them knew how to explain it, but they felt an aura of a God Eye.

However, Zhao Feng realized that the mysterious golden ball within the dimension of his left eye started to tremble as if something was about to come out.

“Success!” Sacred King Samsara’s eyes were filled with joy. At least three God Eye descendants needed to be together in order to use this technique, so this was his first time using it.

He originally didn’t want to reveal this secret technique, but the two lord dynasties weren’t True God Tian Fa’s match. If they lost, the life of every expert present would be controlled by True God Tian Fa, including his, so he had to do so.

“If I can control this power for myself...” Sacred King Samsara was full of excitement.

Boom! Peng!

A deafening explosion sounded from the center of the explosion that was starting to calm down.

“All of you are courting death!” True God Tian Fa’s enraged roar sounded.

Whoosh!

True God Tian Fa’s body appeared with a flash. There was a hole in his body, and the majority of the Seven Ocean Demonic Dragon Armor was shattered and dim.

Foosh!

True God Tian Fa spat out a mouthful of black blood.

Gulu~~

The shattered parts of True God Tian Fa's Divine Body slowly started to move and recover.

Chapter 1114: Zhao Feng's God Eye

True God Tian Fan had a very ugly expression. He was a prodigy both in his family and the Ancient Soul Palace. He had never been so heavily injured in his entire life. He was a Third Rank True God, and even though he was suppressing his cultivation, his Divine Body and powerful bloodline should make his defense flawless.

Now, not only were his Divine Body and bloodline injured, even the Seven Ocean Demonic Dragon Armor was heavily damaged. What made him even more surprised though was that his Divine Body was recovering very slowly after being damaged by that mysterious power.

He didn't think that the combined forces of a few normal God Eye descendants would be able to unleash such terrifying force.

"He's still not dead?" The Black Destruction Serpent Dragon was in utter shock. Even it couldn't understand the mystic power a moment ago.

"What strength!" Demigod Dark Dragon was very surprised.

The combined forces of five God Eye descendants was indeed very strong, but even this wasn't enough to kill the True God. From this, one could see that the strength of this True God was not simple. The quality of his divine items was also probably extremely high.

"But with this True God's current injuries, he shouldn't be our match now!" Demigod Dragon Emperor said.

"Is this the power of a True God?" Zhao Feng was in complete shock as he looked at True God Tian Fa.

The difference between even a regular True God and a Demigod was far too big. The result of their attack meant that this True God was a powerful existence even in the Ancient Desolate Realm of Gods, and he had many techniques and skills.

"It's too early for you to be happy!!" The purple lines on True God Tian Fa's dark skin started to rise up and down as a terrifying bloodline Divine Power started to spread.

"Not good!" Demigod Dragon Emperor exclaimed. All the Demigods instantly went on guard, and the Sacred Lords and Sacred Kings behind the Demigods instantly retreated.

Bai Lin seemed to sense something and entered the Origin Dimension of the Black Destruction Serpent Dragon.

"Divine technique – Dark Soul Shockwave!" True God Tian Fa circulated his Soul Intent and released a chaotic wave of soul power.

Weng~~

The Darkness-elemental soul attack swept across every direction with extremely quick speed and travelled several thousand miles. All of Heaven and Earth became dark as the experts within the God corpse had to face a terrifying soul attack. Even the Demigods felt as if their souls had entered hell itself and were being continuously attacked.

Although the Sacred Lords and Sacred Kings were far away from True God Tian Fa, they were still unable to block the terrifying blast of soul power. In just an instant, several dozen Sacred Lords and five Sacred Kings were killed by True God Tian Fa's soul attack. The injuries to the Demigods became worse, and a small number of them couldn't fight anymore.

However, the five God Eye descendants had a bloodline of one of the Eight Great God Eyes, so their natural resistance to soul attacks was far stronger. Demigod Destruction received light injuries, Bai Lin escaped into the Black Destruction Serpent Dragon's body, and Sacred Lord Myriad Forms was put away by Zhao Feng.

"What terrifying battle-power!" A Demigod howled as pain surged through his head.

True God Tian Fa managed to unleash a soul attack on the entire battlefield by himself. If this True God had started off with all his power and used this killing move right away, no one would have been able to survive.

Hu~~

True God Tian Fa's eyes locked onto the area near the Sacred Kings and found that the five God Eye descendants were still alive. It was obvious that True God Tian Fa's divine technique just now was focused on the God Eye descendants, but the result didn't go as planned.

Shua!

True God Tian Fa turned into a dark streak of light and revealed a fierce cold killing intent as he charged toward the descendants of the God Eyes.

"I will kill all of you!" True God Tian Fa revealed a gruesome expression. Right now, he needed to kill the descendants of the God Eyes before anything else.

"Stop him!" Demigod Dragon Emperor roared. The biggest card for both lord dynasties right now was the combined power of the five God Eye descendants. They couldn't allow any accidents to happen to them or else disaster would strike the entire continent zone.

"Go!" All the Sacred Kings and Demigods knew this as well, so they teamed up and charged forward together even if they were severely injured.

"Fuck off!" True God Tian Fa had a cold expression. His gaze was still trained on the five God Eye descendants.

Hua~~~

True God Tian Fa waved his long black spear around, and a terrifying power ripped through the air.

Boom! Peng~

Several Demigods and Sacred Kings were still unable to block this power even when working together.

Boom! Boom! Boom!

The God corpse shattered, and Heaven and Earth fell apart. Although True God Tian Fa was heavily injured right now, he still attacked at full power, which was enough to destroy the world!

“Everyone, please use the secret technique that you used a moment ago!” Demigod Dragon Emperor messaged the five God Eye descendants.

They were everyone’s last hope. They had already heavily injured True God Tian Fa, so he would definitely be unable to withstand a second attack from the five God Eyes. This was the whole reason True God Tian Fa was attacking at full power.

“There should be no problem, right?” Sacred King Samsara communicated with the others.

“We can do it!” The other God Eye descendants didn’t reject it. After all, this regarded their life and death too. They had to use their full strength.

“Zhao Feng, you can participate this time as well!” Sacred King Samsara thought for a while before saying.

“Why?” Demigod Destruction was shocked, but Bai Lin and the Emperor of Death remained silent.

“His eye contained a wisp of a God Eye aura... and it has the potential to become the Ninth God’s Eye...!” Sacred King Samsara said.

“What!?” Demigod Destruction was shocked. At this moment, he suddenly remembered the wisp of God Eye aura that his Eyes of Destruction felt when they performed the attack. He thought that it was just an accident, but could it be... the aura came from Zhao Feng’s eye?

“Let’s start. If possible, I will participate!” Zhao Feng’s expression became grim. Although the non-humans didn’t really like Zhao Feng already, he was still troubled by the fact that Sacred King Samsara had revealed his secret to a non-human.

Whoosh! Whoosh!

The five God Eye descendants and Zhao Feng all started to use the technique.

“Power of Origin!”

Boom! Boom! Boom...!

The five God Eye descendants all directed their Power of Origin out again.

Hmm.... How should I direct the Power of Origin out from my God’s Spiritual Eye? Zhao Feng paused for a moment. Ever since he started cultivating, the God’s Spiritual Eye only released some of its hidden power on its own, but that power didn’t seem to be the true Power of Origin of the God’s Spiritual Eye. Zhao Feng also didn’t know what the Power of Origin the God’s Spiritual Eye even had or where it was.

“Hmph! The Ninth God’s Eye is just a legend!” Demigod Destruction couldn’t help but smile after seeing no reaction from Zhao Feng after such a long time.

The Power of Origin that God Eyes and their descendants possessed came naturally. It was impossible for other bloodlines to have them.

On the other side, True God Tian Fa's eyes became sharp.

"How could the same move work on me twice!?" True God Tian Fa had a fierce gaze. He had only been severely injured the first time because he underestimated his opponents. This time, True God Tian Fa wouldn't give the God Eye descendants a chance to use their move again.

"Die!" True God Tian Fa unleashed his bloodline Divine Power.

Boom!

A terrifying beam of light suddenly shot out from the black spear like a cannon. It shot through several thousand miles and destroyed everything in its path.

Boom! Peng! Bam!

Five Demigods were instantly blasted aside by this terrifying power, and one of them, who was already heavily injured, was killed.

Whoosh!

After blasting away the Demigods, True God Tian Fa used a profound movement skill and charged toward the God Eye descendants.

"Not good! True God Tian Fa has broken through the defenses!" Demigod Withered Breath cried out.

"Freeze!" Sacred King Samsara felt a critical danger and immediately started to use the technique.

Weng~~

The five Powers of Origin were led by his power of Samsara and started to twist together.

"It's too late. Die!" True God Tian Fa laughed gruesomely and waved the black spear.

However, right at this instant, the mysterious golden ball within Zhao Feng's God Eye dimension started to tremble. It was as if the merging of the God Eye powers could direct out the Power of Origin from Zhao Feng's God's Spiritual Eye.

Zhao Feng went with the flow of the mysterious golden ball and started to help direct out the power.

Weng~~~

Zhao Feng's eyes suddenly opened and radiated a dreamy light. The instant this power appeared, the five Powers of Origin twisting in the air instantly stopped moving and started to tremble.

"An ancient Power of Origin!" True God Tian Fa couldn't distinguish what kind of power this was, but he could feel a very thick source of ancient Power of Origin from it.

"This power...?" True God Tian Fa's heart shook. In an instant, his Divine Body, soul, and Divine Power were suppressed and unable to move. When he faced this mysterious dreamy power, he felt as if he was a mortal – infinitesimal, as if he had to bow to this power.

“What’s going on?”

“This is completely different from before!”

The hearts of the Sacred Kings and Demigods shook as they fell to the ground with blank minds.

“The aura of Ancient Origin!” Demigod Dragon Emperor croaked out.

Hu!

This dreamy mysterious power charged toward the Powers of Origin from the descendants of the God Eyes.

Weng~~

The Powers of Origin from the five God Eye descendants were engulfed by this dreamy mysterious power. The sky started to twist as lights shone in the sky. The laws and Intents of Heaven and Earth turned chaotic and became one!

“This is...!?” Zhao Feng opened his eyes. At this instant, he seemed to become Heaven and Earth, and he was able to control everything in them. His every thought could control the world. It was as if, as long as Zhao Feng had the thought, the earth would disappear.

“Divine Technique – Dark Soul Escape!” True God Tian Fa’s heart shook, and his soul trembled as he burned all his Divine Power and Soul Intent to turn into a black mist.

“Go!”

This time, Zhao Feng was the director of the mysterious power, and he directed this forbidden power toward True God Tian Fa.

Weng~~ Boom! Boom! Boom! Boom!

At this instant, everything within several thousand miles started to shake, and all the beings bowed in front of this devastating power.

“What kind of power is this!?” The Demigods and Sacred Kings in the God corpse felt their hearts turn cold, and they rushed away.

Boom! Boom! Boom!

Wherever this forbidden power passed, Heaven and Earth turned into nothingness. The ground shattered. It was as if a part of Heaven and Earth had been lost, and the lower half of the God corpse was completely destroyed! Countless cracks rippled across the sky. The power of each crack was enough to kill normal Demigods!

Chapter 1115: Becoming Stronger

A terrifying black hole appeared ten thousand miles underground and destroyed everything around itself. Even the structure of space was affected. Everyone within the tattered God corpse was dead-silent.

“Did True God Tian Fa die?” someone asked after a long time.

“What kind of power was that...?” The Black Destruction Serpent Dragon’s eyes bulged out in disbelief. Even it wasn’t able to see what kind of power that was despite its knowledge. The status of the Eight Great God Eyes and their descendants increased by another level in its heart.

At the same time, the Black Destruction Serpent Dragon inspected its surroundings, and its gaze finally landed on Bai Lin.

Whoosh!

The Black Destruction Serpent Dragon swept up Bai Lin and turned into a streak of black light that sped into the distance.

“The Black Destruction Serpent Dragon’s escaping!” someone called out.

“Don’t bother with it!” a Demigod from the Dark Capital Cult said. The battle with True God Tian Fa had severely injured almost all the experts of both lord dynasties. Most of their injuries shook their foundation, and they didn’t even have enough time to care for themselves, let alone the Black Destruction Serpent Dragon.

The experts present then turned their gazes toward the five God Eye descendants and then Zhao Feng. At the last moment, they had all witnessed the appearance of that mysterious power; it could destroy anything and everything in its way. It was unparalleled!

The combined power of the God Eye descendants had drastically different strength during the second time than the first. Almost everyone knew the reason.

At this moment, the God Eye descendants were in a state of comprehension. Zhao Feng, who was the center of attention right now, was also in a state of comprehension.

Zhao Feng felt the sensation of being a god slowly disappear, and his consciousness returned to his body.

“That was the Power of Origin from my God’s Spiritual Eye?” Zhao Feng murmured to himself. That power could completely ignore everything, and it was unstoppable.

Of course, the only reason that power from the God’s Spiritual Eye could be released was due to the Powers of Origin from the five God Eye descendants directing it out.

Zhao Feng also felt that the power of his God Eye had somehow changed after merging with the powers of the five God Eye descendants. At this moment, Zhao Feng started to inspect his left eye.

“Hmm? My Soul Intent has reached the level of a Sacred King!” Zhao Feng realized the shocking change of his Soul Intent when he circulated it.

In addition, the state of being a god and ruling over Heaven and Earth a moment ago allowed his comprehension to increase dramatically.

“All the abilities of the God’s Spiritual Eye seemed to have evolved as well!” Zhao Feng felt that his God’s Spiritual Eye was now different from before after regaining control over it.

All the aspects of the God's Spiritual Eye had been strengthened by different degrees. For example, in the past, Zhao Feng could only barely duplicate a replica God Slaying Arrow at most, but now, duplicating a replica God Slaying Arrow didn't even use much of his energy. Adding on the fact that his Soul Intent had broken through, Zhao Feng might even be able to duplicate a true God Slaying Arrow now.

The duplication ability was just one of Zhao Feng's God's Spiritual Eye's ability though. Zhao Feng found that everything was different. He just didn't know how to explain it.

It was obvious that the release of the Power of Origin from the God's Spiritual Eye and its interaction with the powers of the other God Eye descendants had strengthened Zhao Feng's abilities. The God's Spiritual Eye had improved a lot.

"My Eyes of Destruction...!" An exclamation sounded from Demigod Destruction.

Weng~~

Demigod Destruction opened his eyes and radiated an invisible law of Destruction.

"Demigod Destruction's abilities seem to have become much stronger!" Demigod Dark Dragon's expression was grim. Demigod Destruction was very talented, and his bloodline was very strong. Now that his Eye of Destruction had become stronger, his strength was now amongst the top of the Dark Moon Lord Dynasty.

Sacred King Samsara's eyes were closed. The invisible power of Samsara around him made the nearby Sacred Lords and Sacred Kings feel uncomfortable, and they retreated.

Although the Emperor of Death had a Samsara Immortal Body, he had the biggest improvements. At the instant of attack, the Emperor of Death felt as if he had escaped from the Samsara of Death.

Zhao Feng saw all of this. It was obvious that it wasn't just him that had evolved; the other God Eye descendants had also gained something.

The descendants of the God Eyes all suddenly opened their eyes at the same time and looked at Zhao Feng with a complex expression. They obviously knew that their eye-bloodline power had become stronger because of Zhao Feng – because his unknown Power of Origin had instigated their eye-bloodlines.

Even Demigod Destruction was instinctively wary of Zhao Feng now, as if he didn't want to be Zhao Feng's enemy.

The nearby experts of both lord dynasties were still in utter shock and unable to believe all of this. The combined power of the God Eye descendants completely shocked them. No one in either lord dynasty would be a match against that terrifying power.

"Thank you, everyone!" Demigod Dragon Emperor said after a long time.

"That's right, it's all thanks to Sacred King Samsara's secret technique!" Some Demigods came up and thanked.

“Zhao Feng...” On the other hand, Sacred King Green Light and Sacred King Feather Spirit were dazed and unable to admit what happened. At this instant, Zhao Feng was like a giant mountain in their hearts – strong and unsurpassable.

“He can’t have such terrifying power by himself. All of that was due to the other five God Eye descendants...!” Demigod Dark Ocean had an ugly expression as he murmured in his heart. The feud between Nine Darkness Palace and Zhao Feng couldn’t be resolved peacefully anymore. If Demigod Dark Ocean became wary of Zhao Feng because of this event, once Zhao Feng matured, Nine Darkness Palace would be destroyed.

“What kind of existence is Zhao Feng’s God Eye?” Nan Gongsheng was surprised. He had obtained a lot of fortune inside the God corpse, but he was still shocked by Zhao Feng.

“It could be the Ninth God’s Eye!” the Evil God Mental Thought Body’s voice sounded from within Nan Gongsheng’s body.

“Hehehe!” On the other hand, Zhao Yufei had a bright smile.

More and more eyes gathered on Zhao Feng. No one was able to ignore his existence after this battle.

“I wonder if the Ancient Soul Palace from the Ancient Desolate Realm of Gods will send more True God experts after this....” A Sacred King not far away was slightly worried and sighed.

Hu~~

The atmosphere that had calmed down became tense once more, and the temperature nearby started to drop. This was what everyone else was worried about too, but they tried to persuade themselves that True Gods couldn’t descend so easily. Even if more True Gods did come, they still had the five God Eye descendants and a method to counter a True God, but everyone was still worried.

At this moment, a voice sounded from the head of the God corpse.

“None of you need to worry. I will be heading to the Ancient Desolate Realm of Gods soon, and the Ancient Soul Palace won’t send anyone over!”

All the experts of both lord dynasties froze as they looked toward the head of the God corpse in shock. Although everyone knew that there was definitely some kind of existence within the head of the God corpse, they never would have thought that there was an expert there.

It was hard to imagine how strong this expert in the head of the God corpse would be. Furthermore, from what this mysterious expert said, almost everyone could tell that the reason True God Tian Fa came to the continent zone in the first place was because of him. Otherwise, the mysterious expert wouldn’t have said what he did.

Either way, they didn’t dare to offend the expert within the head of the God corpse.

“Thank you, Senior!” Demigod Dragon Emperor said respectfully, and the experts of both lord dynasties all let out a breath. At least they knew that the Ancient Soul Palace wouldn’t send any experts to take revenge.

Xin Wuheng opened his eyes after all the Divine Power within the golden-white palace entered his body.

"It's finally ended!" Xin Wuheng slowly stood up.

"This place will soon become a barren ground. You should all leave!" Xin Wuheng said while waving his hand.

Whoosh!

All of the structures nearby disappeared, and the precious treasures entered an interspatial dimension within Xin Wuheng's body.

Zhao Feng saw all of this from the outside world with his left eye.

"So, all the fortune there *was* set up by Xin Wuheng!" Zhao Feng said with surprise. The reason why Xin Wuheng did so was because he might've expected True God experts to appear and felt guilty about it, so he left fortune for the experts of the two lord dynasties.

Whoosh!

A majestic Divine Power flowed out from the head of the God corpse and sent everyone to the surface.

"Zhao Feng, I will wait for you at the Ancient Desolate Realm of Gods!" a voice sounded in Zhao Feng's mind as everyone left the God corpse. Zhao Feng used the Misty Spatial World right away after leaving the God corpse and teleported to a spatial mark nearby.

"I shocked both lord dynasties, and they all have their eyes set on me now!" Zhao Feng had a grim expression.

...

Discussion broke out the instant everyone appeared on the battlefield of the three provinces. Although they were outside, they could still feel the changes underground.

"Grand Elder!"

"Senior Dragon Emperor!"

The members of the various forces came out to greet the upper echelons of their respective powers that came out. Those that didn't appear had obviously died.

"What did that senior mean by 'barren ground'?" a Sacred King asked.

"That expert should be undergoing the tribulation now!" Demigod Dragon Emperor said.

Xin Wuheng said that he was going to enter the Ancient Desolate Realm of Gods soon. This meant that he was going to undergo the God Tribulation.

"True God Lightning Tribulation!" The hearts of the experts present shook.

"Tell all the forces of the Great Gan Lord Dynasty not to approach this place!" Demigod Dragon Emperor gave the order.

Firstly, the God Tribulation of that mysterious expert would definitely not be simple. Secondly, he couldn't allow anyone to disturb this mysterious expert during his God Tribulation.

On the other side, Demigod Dark Dragon from the Dark Moon Lord Dynasty gave the same orders. However, no one wanted to miss the God Tribulation to become a True God. Although the peak experts of both lord dynasties were severely injured and needed to enter seclusion to recover, they didn't want to miss this chance. Maybe this would help them face the God Tribulation themselves in the future.

The upper echelons of the two lord dynasties retreated several dozen thousand miles and settled down.

...

No one sensed a purple-black light flash in a corner several dozen thousand miles away.

"There must be some sort of secret on that brat!" A dark mental energy undulation sounded from True God Tian Fa's soul.

"In order to recoup my losses, I – True God Tian Fa – will kill him!" True God Tian Fa decided.

At the same time, he was very interested in Zhao Feng's eye. Being an expert from the Ancient Desolate Realm of Gods, his understanding of the Eight Great God Eyes surpassed everyone on the continent zone.

At this moment, a normal skinny King flew by in the distance.

"It's going to be you!" True God Tian Fa's soul charged into the King's body.

"Arghhh...!" After a series of screams, the eyes of the King flashed with a purple light before he revealed a cold smile.

True God Tian Fa found some information related to Zhao Feng when organizing the memories of this King.

"Zhao Feng...? I will kill you personally!"

Chapter 1116: True God Lightning Tribulation

In a forbidden area of the Dark Moon Lord Dynasty's camp:

"Sacred King Samsara holds the technique to combine the powers of God Eye descendants, and four of them are from the Great Gan Lord Dynasty!"

"There's also a unique existence – Zhao Feng!"

"We must get rid of either Sacred King Samsara or Zhao Feng!"

At this moment, those that were present were the experts that had survived the incident in the God corpse. The non-humans had grim expressions as they spoke their views.

After the journey to the God corpse, the two lord dynasties were both heavily injured and wouldn't be able to fight one another for the next couple hundred years. However, the Dark Moon Lord Dynasty didn't dare to fight the Great Gan Lord Dynasty anymore. The power of the God Eye descendants had scared them.

"It is very difficult to deal with Sacred King Samsara!" a Sacred King said.

Everyone knew the ability of the Eyes of Samsara. Although he was only a Sacred King, his strength was comparable to normal Demigods. Most importantly, the Sacred King Samsara's ability to survive was very strong.

"We need to think of a thorough plan to deal with Zhao Feng!" a Demigod from the Dark Capital Cult said. Now that the two lord dynasties were not at war against each other, it would be very hard for the non-humans to enter the center of the Great Gan Lord Dynasty.

"Hmph, it's not as if there aren't people in the Great Gan Lord Dynasty that don't want to kill Zhao Feng. I believe they won't reject our help...." Demigod Dark Dragon revealed a deadly smile.

...

Several dozen thousand miles away, Zhao Feng created a cave underground.

"If only I was able to obtain something that could contain God Tribulation Lightning!"

Zhao Feng was only able to obtain a very small amount of God Tribulation Lightning when he duplicated the Demigod head, so it wasn't very worth it. Thus, he was trying to find a new item that could store God Tribulation Lightning.

After sitting down, Zhao Feng circulated the Ten Thousand Divine Thoughts Technique and started to consolidate his strength.

During the trip to the God corpse, with the help of the God blood and the ability of his God Eye, Zhao Feng's aspects had all become stronger. Although no signs of his foundation becoming unstable had appeared, Zhao Feng still needed to familiarize himself with his power. Only then would his battle-power reach its peak.

The first of his thoughts inspected the upgraded God's Spiritual Eye. The power of the God's Spiritual Eye's transparency ability, Soul eye-bloodline techniques, soul defense, duplication ability, and more were all completely different from before.

The second of his thoughts focused on cultivating the Divine Forming Technique. Once he succeeded in cultivating the Divine Forming Technique, Zhao Feng would have True Divine Sense. Not only would his strength increase, he would also be able to use his divine weapon – the Ancient God Seal.

Zhao Feng used the third thought to inspect the remaining power of the God blood in his right index finger. At this point, Zhao Feng had escaped danger. He was thinking about whether to use this drop of God blood for cultivating or whether to turn it into an offensive technique. Just by sitting there, the drop of God blood was enhancing his finger, his palm, and even the rest of his body. It was increasing his lifeforce.

Zhao Feng used the remaining thought to inspect what was happening in the outside world and to communicate with the forces of the Ocean Smoke Pavilion on the battlefield.

"Bi Qingyue, send some people to search for clone secret techniques!" Zhao Feng communicated with Bi Qingyue through the Dark Heart Seal.

"I need to plan for my second clone!" Zhao Feng was slightly excited. If he succeeded in forming the second clone the way he thought, the second clone would have the cultivation of a Quasi-Sacred Lord at the least, so he wouldn't need to spend so much time and effort to cultivate like the first clone.

After giving the order, Zhao Feng used his transparency ability to inspect the situation of Xin Wuheng ten thousand miles underground.

Zhao Feng managed to familiarize himself with his power roughly three days later. His Sacred Lightning Body had reached the late stages of the 6th level, so all attacks below the level of Sacred King were unable to injure him. His Soul Intent had also become stronger, and Zhao Feng decided to test out the ability of his left eye.

"Now, even top Sacred Kings like Sacred King Dark Screen aren't my match!" Zhao Feng evaluated after familiarizing himself with every aspect.

"Hmm? This is...?" Zhao Feng's powerful Soul Intent found a weird soul aura on the surface of his Lightning Soul Body.

"This is the power of Samsara?" Since Zhao Feng had touched the Origin Power of Samsara before, he was familiar with this power.

"Why is Sacred King Samsara's soul aura on me?" Zhao Feng was puzzled.

Right at this moment, a terrifying Destructive pressure descended on Heaven and Earth.

"The True God Lightning Tribulation is about to start!" Zhao Feng was excited.

At the same time, all the experts of both lord dynasties on the battlefield opened their eyes and looked toward the sky.

Boom! Boom! Boom!

Heaven and Earth became dark as giant bolts of white lightning started to move like an ancient beast. They radiated terrifying auras and produced extreme sounds as if they were a part of Heaven itself. Everything within several hundred million miles was suppressed; all living beings were pressured and unable to move.

Boom!

A giant bolt of white lightning descended and seemed to rip a hole in the world of darkness. The laws of Destruction flashed across the white lightning and destroyed everything they touched.

Boom! Peng!

The ground of the battlefield started to rip apart.

"What terrifying God Tribulation Lightning power!" Zhao Feng was stunned. He could still feel the devastating power of God Tribulation Lightning even though it was concentrated ten thousand miles underground.

Normal Demigods wouldn't be able to withstand this power. Of course, Xin Wuheng wasn't normal.

Zhao Feng's gaze turned downward and locked onto Xin Wuheng.

At this moment, Xin Wuheng stood with his hands behind his back. A faint light flashed around him as he raised his head and looked up.

"He's so calm!?" Zhao Feng's heart jumped.

It was as if Xin Wuheng didn't even care about the True God Lightning Tribulation.

Zhao Feng's expression suddenly froze – Xin Wuheng reached out with his right hand and gently waved it, blocking the terrifying bolt of God Tribulation Lightning.

Boom! Bam!

Lightning flashed in the underground world.

"Xin Wuheng's true strength has probably exceeded normal True Gods already!" Zhao Feng analyzed with shock.

Booom! Boom! Boom!

The second bolt of lightning descended after the first, and it was even stronger. However, Xin Wuheng still managed to block the God Tribulation Lightning easily.

Boom! Boom! Boom!

Several more bolts of lightning descended before the black clouds in the sky suddenly increased.

Boom!

This time, three bolts of lightning descended at the same time. Furthermore, the power of these three bolts of lightning was even more terrifying; they ripped space apart. It was obvious that the power of this God Tribulation Lightning had exceeded the limits that this dimension could withstand.

Underground, Xin Wuheng's eyes focused as he summoned a surge of Divine Power from the depths of his body.

Boom! Boom! Boom!

Heaven and Earth shook as the ground shattered. All the experts of both lord dynasties on the battlefield, including the Demigods, were completely dumbfounded. Some of the Demigods that had obtained great fortune in the God corpse that were planning to break through to the Heavenly Divine Realm were full of shock and fear.

"How is the God Tribulation Lightning so terrifying!?" A Demigod from the Grand Imperial Hall was in awe and fear.

"It should be because the strength of this senior is too strong, so he summoned a unique God Tribulation!" Demigod Dragon Emperor said in shock.

The black clouds of God Tribulation Lightning in the air started to slowly fade, revealing a giant crater several thousand miles wide. Arcs of lightning radiated a terrifying law of Destruction across the crater.

Hu~~

Some of the Demigods of both lord dynasties started to move toward the area where the God Tribulation Lightning had descended.

“What terrifying power of God Tribulation Lightning!” The Sacred Kings and Demigods of the two lord dynasties could only stay above the crater and were unable to delve further.

Some Sacred Kings used this chance to sit down and refine their Sacred Bodies with the power of God Tribulation Lightning.

No one noticed that a dark golden human figure suddenly appeared in the center of the God Tribulation Lightning ten thousand miles underground.

Boom! Boom! Boom!

The instant Zhao Feng appeared, the remnant power of God Tribulation Lightning crushed toward Zhao Feng.

Weng~~ Weng~ Weng~

Zhao Feng activated his Sacred Lightning Body to block the remaining power of the God Tribulation Lightning within this dimension.

“This God Tribulation Lightning... what power!”

The resilience of Zhao Feng’s Sacred Lightning Body against lightning was very high, and it had been refined by the power of ancient lightning. However, at this moment, Zhao Feng felt that he couldn’t withstand the remaining power of God Tribulation Lightning in this area.

Boom!

Zhao Feng activated the perfect Blood Devil Sun bloodline to increase the defense of his body. The power of God Tribulation Lightning started to dim, and Zhao Feng started to relax a little bit.

“I’ll find a God Tribulation Lightning storage item first!” Zhao Feng’s eyes flashed. However, right at this instant, he saw a figure covered in divine light slowly approach him.

“Xin Wuheng!” Zhao Feng was dazed. At this moment, Xin Wuheng had successfully passed through the God Tribulation. His body was completely different from before after undergoing the God Tribulation, and a weird power radiated from his body.

Zhao Feng could roughly guess Xin Wuheng’s background now.

“Brother Zhao, I will wait for you in the Ancient Desolate Realm of Gods!” Xin Wuheng said calmly.

“You’re that certain that I can break through to the Heavenly Divine Realm?” Zhao Feng smiled faintly. In reality, Zhao Feng was very curious; this was the second time Xin Wuheng had said this. Why did he hope Zhao Feng would go to the Ancient Desolate Realm of Gods so much?

“If it’s you, I’m sure!” Xin Wuheng said certainly.

Shua!

Xin Wuheng opened his palm, and a white crystal floated toward Zhao Feng.

“This is...?” Zhao Feng’s expression turned to shock. The amount of God Tribulation Lightning contained within this crystal was several times the amount of God Tribulation Lightning in the Demigod head. Furthermore, the God Tribulation Lightning within this white crystal was purer and more powerful.

This was a God Tribulation Lightning God Crystal! Zhao Feng was slightly embarrassed to take such a big gift from Xin Wuheng.

At this moment, Zhao Feng found that Xin Wuheng’s body was slowly fading away, and a steady undulation of Space appeared around him.

“Brother Xin, I want to ask you a question!” Zhao Feng’s eyes suddenly lit up as he thought of something.

“Is there any way to find a person who underwent Samsara Rebirth?” Zhao Feng asked directly. He finally understood the first sentence of what the Six Sage said – the person that was the same as Liu Qinxin was probably Xin Wuheng.

“You should go ask Sacred King Samsara!” Xin Wuheng said as his figure started to become transparent. “But the person you are searching for might be right next to Sacred King Samsara. Apparently, the Eyes of Samsara can obtain Origin Power of Samsara from the Samsara of Heaven and Earth by killing people that have been reborn through samsara. The person you are searching for might be the person that Sacred King Samsara is searching for as well!”

Xin Wuheng completely disappeared from this world of lightning after saying that.

Zhao Feng’s expression changed dramatically, and a cold glint of light flashed through his eyes.

Chapter 1117: Liu Qinxin’s Whereabouts

“The person you are searching for might be right next to Sacred King Samsara. Apparently, the Eyes of Samsara can obtain Origin Power of Samsara from the Samsara of Heaven and Earth by killing people that have been reborn through samsara. The person you are searching for might be the person that Sacred King Samsara is searching for as well!”

Xin Wuheng disappeared from the continent zone, but what he said reverberated throughout Zhao Feng’s mind.

“Sacred King Samsara!” Zhao Feng’s body radiated a very powerful killing intent.

Before Xin Wuheng had undergone the God Tribulation, Zhao Feng noticed a soul mark with the power of Samsara on his body. If Zhao Feng was correct, this should be the legendary Mark of Samsara.

The ability of the Mark of Samsara was to recover the souls of the dead and pull them into the Samsara of Death through the Eyes of Samsara. In other words, Sacred King Samsara wanted Zhao Feng to die from the very start, then turn him into a Samsara Immortal Body. Most likely, the reason Sacred King Samsara didn’t just kill Zhao Feng when they first met was because Sacred King Samsara wanted Zhao Feng to become stronger. That way, he would be able to obtain an even stronger Samsara Immortal Body when the time came.

“This means that the friendship from before was all fake!”

Zhao Feng had a cold expression as he remembered what the Six Warlock Divine Sage said; “If you want to confirm the whereabouts of Liu Qinxin, you have to find the Eyes of Samsara.”

What the Sage said meant that Zhao Feng would be able to know the location of Liu Qinxin once he found the Eyes of Samsara, not by asking him.

“Why did I understand that only now?” Zhao Feng said with regret and hatred.

“Qinxin... Qinyin!” Zhao Feng’s eyes were tough.

Sacred King Samsara had the Eyes of Samsara and obviously cultivated the Dao of Samsara, but when Zhao Feng met Liu Qinyin, he didn’t feel any power from the Dao of Samsara in her. This meant that Sacred King Samsara didn’t think of her as a true disciple. Adding on what Xin Wuheng said, Zhao Feng was sure that Liu Qinyin was Liu Qinxin.

The two peerless figures in white in his memories started to combine. Zhao Feng didn’t think that he would have already met Liu Qinxin but missed the chance!

Now that he thought about it, Sacred King Samsara definitely knew that Liu Qinyin was the person that Zhao Feng wanted to find, but he hid it. This also made sense given what Xin Wuheng said – Sacred King Samsara wanted to use Liu Qinyin to increase his own strength.

“Sacred King Samsara only just left the God Corpse. He shouldn’t kill Liu Qinyin so quickly!” Zhao Feng’s expression suddenly changed. He had met Sacred King Samsara twice, so he could feel that Sacred King Samsara’s strength hadn’t increased by much. This meant that Liu Qinyin was still alive.

Zhao Feng glanced toward the sea of lightning before waving his left arm in anger and disappearing in a flash of silver. After understanding everything, Zhao Feng couldn’t just stay here and use the God Tribulation Lightning.

The next instant, Zhao Feng appeared on the battlefield.

At this point in time, most of the people were gathered around the barren grounds of the God Tribulation. The Demigods and Sacred Kings were already starting to head toward the depths.

“Zhao Feng disappeared the instant he came out. He still hasn’t given what he promised me!” Kun Yun swore in anger and activated his Golden Kun Sacred Body. His resistance against God Tribulation Lightning was very strong, so he was able to enter further than all the other Demigods present.

“Brother Feng, where are you going?” Zhao Yufei suddenly felt uneasy.

Weng~ Weng~

A faint ripple of golden light swept over the area, but Zhao Feng didn’t find any sign of Sacred King Samsara.

“Bi Qingyue, gather all the intel agents and find the whereabouts of Sacred King Samsara. Search all the places that Sacred King Samsara went before he entered the God corpse....” Zhao Feng communicated with Bi Qingyue directly through the Dark Heart Seal.

In the past, Zhao Feng could only rely on luck to find Sacred King Samsara since he always hid himself and was very low-key, but now since Sacred King Samsara had appeared in the God corpse, there must have been traces, and Zhao Feng could use these tracks to find his location.

“Understood!” Bi Qingyue, who was also gathered around the barren ground of the God Tribulation, immediately retreated with all her subordinates. She could tell how important this issue was from Zhao Feng’s tone.

Shua!

Zhao Feng used the Misty Spatial World and left the battlefield.

At a certain moment, Bi Qingyue sent some information to Zhao Feng through the Dark Heart Seal. Zhao Feng’s expression changed slightly before returning to normal, and he continued on his way.

A day later, Zhao Feng arrived at a simple wooden room that was located within the depths of a forest full of green trees. In front of the wooden room was a gentle stream. A white-clothed young girl had once been here playing the qin.

This was the place that Zhao Feng met Liu Qinyin!

“Qinyin, where are you? I want to hear another song!” Zhao Feng murmured gently as his emotions started to boil. Zhao Feng’s thoughts started to soak into this place, and the power of illusions appeared around him.

At this moment, Zhao Feng recreated the scenery of him meeting Liu Qinyin with just his memories. A girl in white slowly appeared from the stream ahead of him. She held an ancient qin, and an elegant music started to sound.

Boom!

Zhao Feng suddenly destroyed the illusion.

“I must find Qinyin. She’s still in danger and might die any moment!” Zhao Feng’s expression shook as he forced out his emotions.

“Sacred King Samsara!” Zhao Feng said through gritted teeth.

“That’s right! The Mark of Samsara!”

Zhao Feng’s eyes flashed. The Mark of Samsara that Sacred King Samsara had left behind was still in his body. The reason why Zhao Feng hadn’t wiped out this Mark of Samsara immediately was because he was scared of Sacred King Samsara finding out and going on guard against him.

Sacred King Samsara could sense Zhao Feng’s rough location with this Mark of Samsara, but Zhao Feng could also use the Mark of Samsara to find Sacred King Samsara’s location. If used this method, that would reveal that Zhao Feng knew about the Mark of Samsara since Sacred King Samsara would notice Zhao Feng approaching. However, at this point, Zhao Feng didn’t care about that anymore!

Shua!

Zhao Feng's consciousness entered the depths of his soul and was soon able to find the Mark of Samsara by relying on the powerful ability of his left eye.

Hu~

Zhao Feng released his soul power to awaken the Mark of Samsara.

Weng~~~

A resistive force came from the other side of the Mark of Samsara. At this instant, Zhao Feng's consciousness sensed a faint soul disturbance at a certain location that resonated with the Mark of Samsara within Zhao Feng's Lightning Soul Body.

"Found you!" A deadly look flashed through Zhao Feng's eyes as he started to take action.

Sacred King Samsara had definitely sensed something the moment Zhao Feng used the Mark of Samsara to find him, so Zhao Feng needed to move as quickly as possible so that Sacred King Samsara couldn't escape.

Whoosh!

Zhao Feng waved his arm guard and disappeared amongst a layer of silver light. Zhao Feng moved across an entire province after using the Misty Spatial World twice.

"It's in this province!"

Zhao Feng could sense Sacred King Samsara's rough location through the Mark of Samsara.

Weng~~~

Zhao Feng used the Lightning Wings Flying Technique and sped across Heaven and Earth.

"Sacred King Samsara has already sensed my actions and might have already left his original position!" Zhao Feng had a grim expression.

"Let's try again!"

Zhao Feng's consciousness entered the depths of the soul and decided to touch the Mark of Samsara once more.

"It's..."

Zhao Feng's expression froze as he stood still. A gray figure slowly appeared before Zhao Feng a while later.

"Sacred King Samsara!" Zhao Feng's expression was cold as killing intent radiated from him.

"Zhao Feng, why are you in such a rush to find me?" Sacred King Samsara looked at Zhao Feng and revealed a faint smile.

"Did you know that the person I was searching for was Liu Qinyin from the beginning!?" Zhao Feng asked in a low tone.

“That’s right, but she’s my target, so I can’t let you take her away!” Sacred King Samsara revealed a decisive look.

Sacred King Samsara had used the ability of his right eye to find four “samsara reborn.”

The death of the first samsara reborn allowed him to break through to the Mystic Light Realm. The death of the second allowed him to become a Sacred King. Sacred King Samsara didn’t find any opportunities that could allow him to break through to the Heavenly Divine Realm in the God corpse, so he could only use the third samsara reborn – Liu Qinxin – to assist his break through to the Heavenly Divine Realm.

Liu Qinxin’s soul contained powerful laws of Samsara, and she was very talented in the Dao of Life as well. If it wasn’t for the fact that the Heavenly Divine Realm was such a big gap, Sacred King Samsara wouldn’t want to kill his third disciple.

The fourth samsara reborn that Sacred King Samsara had found was Xin Wuheng, but Sacred King Samsara always felt as if there was a profound power stopping him from approaching Xin Wuheng.

“Well, *you* are *my* target, so you must die!” Zhao Feng had a grim expression. He definitely wouldn’t let Sacred King Samsara off after he admitted everything.

“You can’t kill me with your strength!” Sacred King Samsara said confidently. However, even though he said this, Sacred King Samsara was still somewhat wary of Zhao Feng after the battle in the God corpse. It didn’t matter though, because Liu Qinyin was about to die, and his strength would increase dramatically. It was impossible for Zhao Feng to be his match.

“How would I know without trying?” Zhao Feng snickered coldly.

“Do you not want to know the whereabouts of Liu Qinyin?” Sacred King Samsara laughed smugly.

Liu Qinyin was very talented in the Dao of Life and could detect danger, but Liu Qinyin was talented *only* in this aspect. Sacred King Samsara had never let Liu Qinyin cultivate any other techniques from the Dao of Life or let her read any knowledge about the Dao of Life, so Liu Qinyin’s usage of the Dao of Life was very normal.

Sacred King Samsara had left a Samsara Immortal Body near Liu Qinyin before he entered the God Corpse. Of course, Sacred King Samsara didn’t tell the Samsara Immortal Body what the mission was earlier, but at this moment, Sacred King Samsara had given the order to the Samsara Immortal Body to kill Liu Qinyin.

...

There was a pretty stream near the edge of the province that Zhao Feng was in. Next to the stream was a cave. The setup within the cave was the same as a normal family.

At this moment, a snow-white figure walked out from the cave.

“What should I do? The sense of danger is becoming stronger and stronger, but Master told me to wait here for him....” Liu Qinyin’s expression was becoming impatient.

Chapter 1118: Fighting Against Sacred King Samsara

"So Sacred King Samsara's true intention was to kill this woman!" The Emperor of Death quickly flew toward the stream.

Whoosh!

The Emperor of Death's expression changed dramatically after scanning the place with his Divine Sense.

"Master, Liu Qinyin's not here!" the Emperor of Death immediately messaged Sacred King Samsara.

"What? Follow my directions and kill her!" Sacred King Samsara's impatient tone sounded in the Emperor of Death's soul.

Sacred King Samsara had obviously left a Mark of Samsara on Liu Qinyin's body, so it was extremely easy for him to find her location.

The Emperor of Death then headed in a certain direction as he followed Sacred King Samsara's guidance.

Liu Qinyin was flying quickly across the sky in the distance.

"There seems to be a glint of hope in that direction. Did Master return?" Liu Qinyin's eyes were lost, and she turned her head around a while later.

"Hehe, Liu Qinyin, where do you think you're running to?" The Emperor of Death descended as he released a terrifying Intent.

Liu Qinyin was completely suppressed by the Emperor of Death and unable to move. It was as if she could turn into ashes at any moment.

"Emperor of Death, why do you want to kill me?" Liu Qinyin said in fear and shock.

"Hahaha, if you really want to help your master, you should just commit suicide!" The Emperor of Death laughed.

"Impossible...!" Liu Qinyin didn't believe that the Emperor of Death was being ordered to kill her by her master. Why would her master, who had raised her for more than a dozen years, send someone to kill her?

An accident must have befallen Master, and the Emperor of Death escaped Master's control....

Whoosh! Whoosh! Whoosh!

Right at this moment, several black figures flew out from behind Liu Qinyin.

"I finally managed to catch up!" a cold and wicked male exclaimed.

When Liu Qinyin saw this male, her mind suddenly shook. Wasn't this the male from her dreams? Although the appearance was slightly different, Liu Qinyin felt like this person was the person that she had been seeing in her dreams.

"Zhao Feng...? Wait, no!" The Emperor of Death's expression changed. Although this person looked exactly like Zhao Feng, the latter's aura and cultivation were completely different.

“Kill him!” Zhao Wang’s eyes were cold as he stared at the Emperor of Death before looking deeply at Liu Qinyin.

“Yes, Grand Elder!” Several Elders from the Dark Ghost Clan took out a Ghost Dao array and started to use it.

“Hmph, you’re courting death!” The Emperor of Death released a terrifying aura.

He had the Eye of Death and a Samsara Immortal Body, so why would he be scared of a few Emperors? Furthermore, after the battle in the God corpse, the abilities of his Eye of Death were stronger than ever.

“We’ll see who the one courting death is!” Zhao Wang snickered coldly as he charged forward.

“Black Hole of Death!” Zhao Wang circulated his right eye as he locked onto the area around the Emperor of Death.

Whoosh! Whoosh! Whoosh!

A strong surge of Death power formed a black ball that radiated a terrifying suction force as it flew toward the Emperor of Death.

The Black Hole of Death was a brand-new secret technique that Zhao Wang had created according to the supreme techniques of the Dark Ghost Clan and the Gaze of Death. Of course, Zhao Feng had also helped.

Shua! Shua! Shua!

On the other side, the Elders of the Dark Ghost Clan controlled the Ghost Dao array and trapped the Emperor of Death inside it.

“The Eye of Death!” The expression of the Emperor of Death turned crazy. Wasn’t this the Eye of Death that Zhao Feng had stolen?

“Give me back my Eye of Death!”

...

Elsewhere, the battle between Zhao Feng and Sacred King Samsara had already started. Next to Sacred King Samsara was a Sacred King-level Samsara Immortal Body.

“Sacred King Samsara, didn’t you want to tell me the whereabouts of Liu Qinyin?” Zhao Feng couldn’t help but smile.

In reality, Bi Qingyue had quickly found the various places where Sacred King Samsara stayed before he entered the God corpse soon after Zhao Feng gave her the task. Coincidentally, the place in question was very close to the Dark Ghost Clan, so Zhao Feng sent Zhao Wang to check.

Zhao Feng could roughly guess where Liu Qinyin was by sensing the location of Sacred King Samsara through the Mark of Samsara. However, because Zhao Feng also had a Mark of Samsara on him, he didn’t immediately go find Liu Qinyin in case Sacred King Samsara sensed it. Therefore, Zhao Feng headed toward Sacred King Samsara while Zhao Wang went to save Liu Qinyin.

This was the first time Zhao Wang had come into play, and he was very useful. Zhao Wang was already very strong, and when the two lord dynasties were scouting out the God corpse, Zhao Wang persuaded those that supported him in the Dark Ghost Clan to make him the Grand Elder. After becoming the Grand Elder, Zhao Wang didn't hide anything anymore and used the resources that Zhao Feng gave him to cultivate crazily. He now had the strength of an unrivalled Emperor.

Zhao Wang's soul was split from Zhao Feng's, so he had a lot of potential. His soul had reached the level of a Sacred Lord long ago.

"The Eye of Death! It's you?" Sacred King Samsara immediately understood after hearing what the Emperor of Death said. There was only one other person that had the Eye of Death.

"Zhao Feng, how dare you try to steal my disciple!?" Sacred King Samsara roared in anger.

Weng!

Black lines started to spin in Sacred King Samsara's left eye.

Hu! Hu! Hu!

Black-robed figures started to appear one after another and surround Zhao Feng.

Zhao Feng's expression changed slightly as he looked over them. Two Sacred Kings, four late-stage Sacred Lords, and more than ten early-stage Sacred Lords. Although he knew that Sacred King Samsara had many Samsara Immortal Bodies, the number and strength of them still shocked him.

Shua!

Zhao Feng waved his left hand and summoned some helpers as well.

Miao miao!

The little thieving cat and the Cloud Silkworm Saint Butterfly appeared. Next to them was Sacred Lord Myriad Forms and some Sky Shaking Golden Apes, who had become Sacred Lords ages ago.

"Go!" Zhao Feng exclaimed.

Weng~ Weng~ Weng~

Zhao Feng used the Lightning Wings Flying Technique and charged directly into the enemy forces toward Sacred King Samsara.

"Kill him!" Sacred King Samsara roared.

As long as Sacred King Samsara had time, he could create more and more Samsara Immortal Bodies. He had left many Marks of Samsara on the Sacred Lords and Sacred Kings in the God corpse. Many experts had also died in the fight against True God Tian Fa.

However, Sacred King Samsara had also used up a lot of his Samsara Origin Power while fighting and needed time to recover before he could turn those experts into Samsara Immortal Bodies. If Zhao Feng had come a while later, Sacred King Samsara was confident he could've killed Zhao Feng immediately.

Boom!

More than twenty Samsara Immortal Bodies started to attack Zhao Feng.

Whoosh!

Zhao Feng flew across the sky and tried to avoid the attacks of the two Sacred Kings.

Peng! Peng! Bam!

The attacks from the other Samsara Immortal Bodies landed on Zhao Feng, but they didn't even leave a mark on him.

My Sacred Lightning Body has reached the late stage of the 6th level. Attacks from anyone below the Sacred King level aren't able to injure me!

Zhao Feng was very confident in his Sacred Lightning Body.

At the same time, the Sky Shaking Golden Apes and Cloud Silkworm Saint Butterfly quickly entered the battle and instantly suppressed the early-stage Sacred Lord Samsara Immortal Bodies. The little thieving cat and Sacred Lord Myriad Forms easily took care of the late-stage Sacred Lords.

"How is this possible...? Your strength...!" Sacred King Samsara's expression changed dramatically and lost all color. He didn't expect Zhao Feng's strength to improve so fast or for his body-strengthening technique to be so profound. The attacks from so many Samsara Immortal Bodies were actually unable to do any damage to him.

"The two of you, stop him!" Sacred King Samsara gave the order to the two Sacred King Samsara Immortal Bodies.

At the same time, Sacred King Samsara started to circulate his Intent to restrict Zhao Feng. The battle-power of the Eyes of Samsara themselves was very weak, but Sacred King Samsara was still a Sacred King.

"Hmph!" Zhao Feng harrumphed coldly as he released a surge of terrifying Intent into the sky and knocked aside the Intent of the three Sacred Kings.

"His Soul Intent has also reached the level of a Sacred King!" Sacred King Samsara was stunned once more. The reason why Zhao Feng broke through to the late stages of the Mystic Light Realm so quickly was very likely due to the amount of resources he obtained in the God corpse, but Sacred King Samsara didn't expect Zhao Feng's Soul Intent to be so strong as well. The God corpse had many resources that helped one's cultivation and state of existence, but resources that helped the soul were extremely rare.

"Sky Destroying Sacred Lightning Palm!" Zhao Feng circulated his Fire of Wind Lightning Sacred Power and thrust out toward the two Sacred King Samsara Immortal Bodies.

"This brat's power is terrifying!"

"The Great Gan Lord Dynasty has such a fearsome prodigy?"

The two Sacred King Samsara Immortal Bodies were stunned.

Boom!

The two Sacred Kings had to use many techniques and team up to block Zhao Feng's attack.

"The power of God Tribulation Lightning?" The expression of one Samsara Immortal Body turned to surprise. The parts of their bodies that were damaged by the power of God Tribulation Lightning were very hard to recover from even if they had Samsara Immortal Bodies.

"Tribulation Lightning Eye Flame!" Zhao Feng's left eye locked onto Sacred King Samsara as a strong surge of Eye Intent appeared.

Voom!

A ball of transparent purple-and-gold lightning-fire exploded in Sacred King Samsara's face. This technique contained a large amount of God Tribulation Lightning, so it was able to critically threaten even Sacred King Samsara's Samsara Immortal Body.

"Arghhh...!" Sacred King Samsara immediately cried out.

At this moment, a necklace around Sacred King Samsara's neck started to blink, and it quickly helped Sacred King Samsara block the power of the Tribulation Lightning Eye Flame.

"A peak-tier Heaven-grade soul-defending secret treasure!" Zhao Feng's expression turned to shock. Soul-defending treasures were more precious than other treasures, and Sacred King Samsara's treasure would be very rare even in the continent zone as a whole.

Whoosh!

Sacred King Samsara quickly retreated several miles and pulled away from Zhao Feng. Although he had a soul-defending treasure, Zhao Feng's soul attacks contained the power of God Tribulation Lightning, which heavily damaged his treasure.

"Use the substandard God weapon and kill him!" Sacred King Samsara said.

Sacred King Samsara had also gained a lot in the God corpse.

Whoosh!

A substandard God weapon appeared in each of the two Sacred King Samsara Immortal Bodies' hands. One was a golden-white pearl of light that gave off a strong glow. Profound golden talismans floated within the pearl and radiated a faint wisp of Divine Power. The other substandard God weapon was a blue jade ruler. A watery vapor floated around the ruler and summoned the element of Water from Heaven and Earth.

"Zhao Feng, since you saved Liu Qinyin, you can go die!" Sacred King Samsara had a deadly expression.

Chapter 1119: Start of Samsara

"Zhao Feng, since you saved Liu Qinyin, you can go die!"

Sacred King Samsara had a deadly expression. Although he hadn't managed to kill Liu Qinyin, he could kill Zhao Feng if he used all his power. He would then slowly search for Liu Qinyin, and the result would be the same.

“Substandard God weapon?” Zhao Feng’s expression changed. He hadn’t managed to cultivate the Divine Forming Technique yet, so he was unable to use the Ancient God Seal yet. Zhao Feng had a substandard God weapon as well, but it was the Misty Spatial World, which was used for support. Therefore, Zhao Feng was extremely wary against Sacred King experts that had offensive substandard God weapons.

Weng~~

A golden-white light shot out from the golden-white pearl in one of the Sacred King’s hand and released a faint wisp of divine aura toward Zhao Feng. The other Sacred King also waved the blue ruler in his hand.

Boom! Boom!

Countless green and blue whirlpools started to spin in Heaven and Earth. It was as if the entire area had turned into an ocean. In this blue-and-green whirlpool of water, Zhao Feng was heavily suppressed, and his ability to move was reduced.

Zhao Feng had the Ice-Water Bloodline and the Ice Imperial Spear, so he shouldn’t have been suppressed by the element of Water so much, but his Ice-Water Bloodline and Ice Imperial Spear were currently being used to seal the power of the God blood.

Weng~~

At the critical moment, Zhao Feng released the projection of his Little World of Wind Lightning to fight back against the ocean.

“Sky Destroying Sacred Lightning Palm!” Zhao Feng released a giant scarlet-golden palm of lightning by combining his physical strength and Mystic Light Sacred Power.

The Sacred Lightning Palm instantly flashed with lightning as it landed on the ocean around him and destroyed the element of Water. Zhao Feng then used his Little World of Wind Lightning to struggle free, but a golden-white beam of light shot toward Zhao Feng at the same time.

Boom! Bam! Peng!

Zhao Feng circulated his Sacred Lightning Body and used it with the Little World of Wind Lightning to block the attack from this substandard God weapon.

Whoosh! Whoosh!

The golden-white light pierced through the Little World of Wind Lightning’s defense, but the remaining power didn’t cause much damage when it landed on Zhao Feng.

“Luckily, these two Sacred Kings don’t have Divine Power!” Zhao Feng felt extremely lucky. No Divine Power meant that they couldn’t unleash the full power of the substandard God weapons, and so Zhao Feng, who had great defense, was able to counterattack.

“Continue attacking!” Sacred King Samsara roared in anger and felt frustrated.

The two Sacred King Samsara Immortal Bodies activated their substandard God weapons once more and attacked Zhao Feng. However, right at this moment, a dark gray light flashed past the two Sacred Kings.

"You're courting death!" The two Sacred Kings sensed this disturbance, and one of them used his substandard God weapon to try to kill the little thieving cat that was trying to ambush them.

Whoosh! Ding!

The little thieving cat slashed out a ripple of darkness that collided with the golden-white pearl of light.

Crack!

A crack started to appear on the surface of the golden-white pearl of light.

"How... how is this possible? My substandard God weapon...!" the Sacred King exclaimed as he looked at the substandard God weapon in his hand.

"That's impossible!" Sacred King Samsara's expression changed dramatically as he looked at this scene in disbelief. How could a legendary substandard God weapon be damaged so easily?

Sacred King Samsara then glanced toward the battlefield where the little thieving cat and Sacred Lord Myriad Forms were fighting. The late-stage Mystic Light Realm Samsara Immortal Bodies were sliced into countless tiny pieces and recovered very slowly.

"Could it be... a divine weapon?" Sacred King Samsara stared at the short black blade in the little thieving cat's paws.

One of the main reasons why True God Tian Fa could fight against all the experts of the two lord dynasties was because of his two divine weapons. From this, one could see how strong a divine weapon was.

"Little thieving cat, good job!" Zhao Feng exclaimed.

After recovering for such a long time, the little thieving cat finally had the ability to use the divine weapon again. However, since the little thieving cat's cultivation wasn't high enough, the Sacred King had sensed the little thieving cat approaching or else it would have been able to critically damage or completely destroy the substandard God weapon.

Miao miao!

The little thieving cat signaled to Zhao Feng that it had just used up all the Divine Power that it could and would be unable to use the divine weapon within a short amount of time.

"Good, let's fight together!" Zhao Feng's battle-intent rose.

The little thieving cat's strongest attack had broken the stalemate. Besides, even if the little thieving cat didn't actually circulate the divine weapon, the sharpness and other characteristics of the divine weapon itself weren't weaker than normal peak-tier Heaven-grade weapons.

"I'll finish you off first!" Zhao Feng looked at the Sacred King whose substandard God weapon was broken.

“Sacred Lightning Dominating Punch!” Zhao Feng circulated his power and unleashed countless scarlet-golden punches of lightning as he blocked the path of retreat for this Sacred King.

At the same time, the little thieving cat used the divine weapon to heavily injure him.

Boom! Peng!

The human and cat combination managed to instantly maim this Sacred King. Even though the Sacred King had a Samsara Immortal Body, damage caused by the power of God Tribulation Lightning and a divine weapon was really hard to recover from.

“Dark Blue Tsunami!” The other Sacred King immediately circulated his substandard God weapon and tried to stop Zhao Feng.

Physical Force Lightning Domain!

Zhao Feng circulated his of Earth of Wind Lightning Sacred Power and released a powerful domain of lightning and gravity. This domain combined with the power of Zhao Feng’s Little World of Wind Lightning and clashed with the waves head-on.

“Break!” Zhao Feng unleashed a Sacred Lightning Palm and easily destroyed this Sacred King’s restrictions. Zhao Feng then used the Wind Lightning Eye Flame and teamed up with the little thieving cat to kill the heavily-injured Sacred King.

“Hmph, he can’t die!” Sacred King Samsara circulated his left eye in the distance and released a powerful Intent of Samsara. The Samsara Immortal Body that had been completely killed by Zhao Feng started to form again.

As long as the Samsara Immortal Body wasn’t completely disintegrated, they could recover. However, once they were completely killed, Sacred King Samsara needed to use his Intent of Samsara to revive them.

“I was waiting for you to revive him!” Zhao Feng circulated his Scarlet Wings of Lightning and charged toward Sacred King Samsara.

Sacred King Samsara had been maintaining a certain distance from Zhao Feng, and since Zhao Feng had to face two Sacred Kings, he was unable to approach Sacred King Samsara. If this continued, Zhao Feng would be the one to lose.

However, at this moment, Zhao Feng teamed up with the little thieving cat and managed to kill one Samsara Immortal Body. The remaining Sacred King wasn’t able to threaten Zhao Feng alone, and Sacred King Samsara was using an eye-bloodline technique to revive the dead Sacred King. Thus, Zhao Feng quickly escaped from the other Sacred King and charged directly toward Sacred King Samsara.

“Not good, I fell into a trap!” Sacred King Samsara’s expression turned to surprise, and he immediately stopped reviving the dead Sacred King and started to run. His personal battle-power wasn’t actually very strong, whereas Zhao Feng’s Soul Intent had already reached the level of a Sacred King. As a specialist in the soul, Zhao Feng’s Soul eye-bloodline techniques were very threatening to him.

Whoosh!

A powerful surge of soul energy and an aura of God Tribulation Lightning appeared from Zhao Feng's left eye.

"Tribulation Lightning Eye Flame!"

A ball of God Tribulation Lightning symbols appeared from Zhao Feng's left eye. Each God Tribulation Lightning symbol contained a wisp of soul-fire as they turned into dark purple soul flames.

Boom! Peng!

A twisting ball of burning God Tribulation Lightning symbols landed in Sacred King Samsara's face alongside a terrifying Soul aura.

"Arghhh!" Sacred King Samsara screamed as pain surged through his soul. He felt as if his soul was about to explode.

Weng~~ Weng~~

The dark golden necklace on Sacred King Samsara's neck instantly blinked with a dark light and quickly helped Sacred King Samsara block the Soul eye-bloodline technique.

Weng~~

The next instant, a powerful surge of God Tribulation Lightning power landed on the necklace.

Crack!

The golden-black necklace on Sacred King Samsara's neck exploded.

"My soul-defending secret treasure!" Sacred King Samsara's heart jumped. Even a peak Heaven-grade soul-defending treasure was destroyed by Zhao Feng. From this, one could see how strong his Soul eye-bloodline technique was.

"Start of Samsara!" Sacred King Samsara quickly unleashed another Samsara eye-bloodline technique while running away. The Sacred King Samsara Immortal Body chasing Zhao Feng started to disappear and suddenly jumped out of Sacred King Samsara's left eye the next instant.

"The Eyes of Samsara...!" Zhao Feng was slightly speechless. The abilities of the Eyes of Samsara were very annoying. Apart from controlling limitless people, they could also give immortal bodies.

Now that the Eyes of Samsara displayed another ability that allowed Sacred King Samsara to summon someone back into the Eyes of Samsara and unleash him again, this basically meant that Sacred King Samsara would always have Samsara Immortal Bodies protecting him.

Once Zhao Feng was stalled by this Sacred King, Sacred King Samsara would be able to escape very far away. However, Sacred King Samsara wasn't at his peak right now, so it was Zhao Feng's best chance to kill him. Once he missed this chance, the Eyes of Samsara would be able to create even more Sacred King Samsara Immortal Bodies, so it would be much harder for Zhao Feng to kill Sacred King Samsara then.

"I can't let him escape!"

A strong surge of eye-bloodline power shot out from Zhao Feng's left eye and formed a bottomless purple whirlpool that was connected to an endless purple abyss. A forbidden power appeared and started to suck out the soul of this Sacred King.

"What is this!?" The Sacred King felt his soul escape his body uncontrollably, and fear filled his eyes. He tried to struggle but was unable to escape the fate of his soul being sucked away.

Sacred King Samsara felt his heart shake when he saw Zhao Feng's left eye, as if his soul was going to float out too.

"I can't resist anymore!"

A dark blue human-shaped Yuan Soul slowly left the Sacred King's body. Right at this moment, the little thieving cat turned into a silver-gray streak of light and stole the substandard God weapon from the Sacred King.

"Good job!" Zhao Feng praised.

Hu~

The dark blue human-shaped Yuan Soul was pulled out by Zhao Feng. The God's Spiritual Eye had become stronger after the evolution, and since this Sacred King's Soul Intent was only on par with Zhao Feng's, he obviously couldn't stop Zhao Feng's Gaze of the God Eye.

Shua!

Zhao Feng sucked this Sacred King's soul into the dimension of his left eye.

"Hehehe, idiot!" Sacred King Samsara snickered and laughed. Zhao Feng had just seen him summon the Samsara Immortal Body back, and yet he was still wasting his Eye Intent to suck away the soul of a Samsara Immortal Body?

"Start of Samsara!" Sacred King Samsara used the technique once more and prepared to recall the soul and body of that Sacred King, but he froze the next instant. He suddenly realized that he only managed to summon back the body. There was no soul.

"Sacred King Samsara, you have no more tricks left now, right!?" Zhao Feng couldn't help but smile coldly. He was very confident in his God Eye dimension. As expected, after the soul was sucked into the dimension of his God Eye, even the Eye of Samsara wasn't able to take it back.

Chapter 1120: End of Samsara

"How is this possible?" Sacred King Samsara's expression changed dramatically. He had never met such a situation before in his life. Without any Samsara Immortal Bodies protecting him, it would be impossible for Sacred King Samsara to match up against Zhao Feng.

If Sacred King Samsara was at his peak, he would have several Sacred Kings and several late-stage Sacred Lords, with countless other Mystic Light Realm experts as well as two substandard God weapons. Even Demigods wouldn't be able to kill him. Furthermore, Sacred King Samsara had the Eyes of Samsara. His ability to survive was very great, or else he wouldn't be alive after offending so many forces from both lord dynasties.

However, fear started to appear in Sacred King Samsara's heart as he looked at Zhao Feng.

"Zhao Feng, you can't kill me. You already saved Liu Qinyin and took away that substandard God weapon. Instead of having one more enemy, why not have one more friend?" Sacred King Samsara looked at Zhao Feng and said through gritted teeth.

Zhao Feng had a cold expression. His killing intent toward Sacred King Samsara didn't decrease at all.

It didn't really matter that Sacred King Samsara had tricked him; the main thing was that Sacred King Samsara had lied to Liu Qinyin and wanted to kill her in order to break through. Zhao Feng couldn't stand this. Liu Qinxin finally managed to change her fate and obtain new life, but she was almost killed by Sacred King Samsara without even knowing anything?

"Start of Samsara!" Seeing Zhao Feng remain unmoved, Sacred King Samsara used the Start of Samsara once more. This time, he summoned back all the other Samsara Immortal Bodies.

The next instant, black figures shot out of Sacred King Samsara's left eye one after another. There were about eighty Samsara Immortal Bodies; more than twenty were at the Mystic Light Realm, while the rest were all at the Void God Realm.

Most of these Samsara Immortal Bodies were suppressed by the little thieving cat and Sacred Lord Myriad Forms, some were fighting against the Sky Shaking Golden Apes, while others had been completing various tasks for Sacred King Samsara elsewhere.

Zhao Feng saw the Emperor of Death, as well as Sacred Lord Black Shark, the man who tried to assassinate the Ninth Prince.

"A sinful person!" Zhao Feng looked at Sacred King Samsara. It was hard to imagine how many experts Sacred King Samsara had killed in his life.

At the same time, Zhao Feng instantly went on guard. Although he wasn't scared of these weaklings, Sacred King Samsara wouldn't do something that was completely useless.

"Restrictions of Samsara!" Sacred King Samsara circulated both his eyes and released a powerful surge of Samsara Intent, which entered these Samsara Immortal Bodies.

Hu~ Hu~

The bodies and souls of the Samsara Immortal Bodies started to fade away and turn into a dark mist that surrounded Zhao Feng.

"Dammit, several dozen millennia of hard work...!" Sacred King Samsara was extremely unwilling to do this. When using the Restrictions of Samsara against the enemy, the souls of his Samsara Immortal Bodies would also be released.

"Dark Shadow Instant Movement!" Sacred King Samsara used a secret technique and turned into a flash of gray light that disappeared into the sky.

"This power..."

A dark mist covered the area around Zhao Feng. This dark mist could block everything, including his Soul Intent and consciousness.

Sky Destroying Sacred Lightning Palm!

Zhao Feng thrust out a scarlet palm of lightning, but he found that his attack disappeared completely after entering the dark mist.

The next instant, a scarlet palm of lightning shot toward Zhao Feng from behind.

Zhao Feng immediately circulated his power to block it.

“The power of Samsara doesn’t belong to the physical or soul dimensions. It is similar to the power of Destiny; a unique power that is hard to touch!” Zhao Feng had a grim expression.

“Hmph, then I’ll just use absolute power to break everything!”

Zhao Feng had to kill Sacred King Samsara today. He couldn’t allow himself to be trapped here. Zhao Feng raised his right hand and extended the purple-and-gold-colored finger. This finger was surrounded by faint cold air.

Hu~~

Zhao Feng released part of the seal and pointed out.

Boom! Peng!

A desolate and strong bloodline Divine Power turned into a beam of purple-and-blood-colored light that shot forward and pierced through everything. The dark mist around Zhao Feng was instantly pushed aside!

However, Zhao Feng’s heart hurt because the attack just now used over 10% of the power from the God blood.

“Lightning Wings Spatial Flash!” Zhao Feng used his Sacred Power of Wind Lightning and turned into a streak of scarlet light that disappeared into the sky.

Sacred King Samsara was running as fast as he could in the sky.

“Many experts died in the God corpse. I will be able to create even stronger Samsara Immortal Bodies in the future after I recover. At that point in time, I will definitely turn Zhao Feng and everyone related to him into Samsara Immortal Bodies and never let them enjoy freedom for eternity....”

Sacred King Samsara felt extremely humiliated and angry. Being the descendant of a God Eye and a Sacred King that stood at the peak of the continent, he had never been in such a situation before.

However, in the next instant, Sacred King Samsara’s body turned cold even though he had already run away for ten thousand miles. It was as if a piercing aura had locked onto him.

Shu~~

A scarlet-golden arrow seemed to jump out of space itself as it pierced through Sacred King Samsara’s body.

“What’s going on?” Sacred King Samsara’s expression turned to shock.

Boom! Boom! Boom!

A powerful Intent of Wind Lightning crushed toward him.

“Wind Lightning Eye Flame!” The instant Zhao Feng approached, he used an eye-bloodline technique.

Bam! Whoosh!

A purple-and-gold lightning-fire exploded in Sacred King Samsara’s face, and the extreme pain made him stop for a moment.

“You actually managed to escape?” Sacred King Samsara’s expression lost all color. Zhao Feng had managed to break through his Restrictions of Samsara in such a short amount of time!?

“Mental Energy Spike! Soul Illusion Charge!”

Seeing that his eye-bloodline technique wasn’t very effective against Sacred King Samsara, Zhao Feng immediately circulated his Eye Intent and released some different eye-bloodline techniques.

“Arghhhh...! Zhao Feng, treat others the way you want to be treated!” Sacred King Samsara was being tortured by Zhao Feng and would be unable to escape, but Zhao Feng’s eye-bloodline techniques were unable to kill him. Having a Samsara Immortal Body and the Eyes of Samsara, Sacred King Samsara’s defenses and soul recovery speed exceeded the limits of most Sacred Kings.

“As expected, he’s very hard to kill!”

While Sacred King Samsara’s soul-defending capabilities weren’t as strong as Zhao Feng’s God’s Spiritual Eye, his soul recovery speed was very strong.

Shu~~ Weng! Weng!

Zhao Feng merged the remaining power of God Tribulation Lightning into his left eye.

“Tribulation Lightning Eye Flame!”

A ball of God Tribulation Lightning symbols appeared in Zhao Feng’s left eye. Each God Tribulation Lightning symbol glittered with a soul flame as it turned into a crystalline purple soul-fire.

Boom! Peng!

A ball of burning God Tribulation Lightning symbols released a terrifying Soul aura as it bombarded Sacred King Samsara’s head.

“Arghhhh!” Sacred King Samsara screamed out in pain. Right now, he felt like he would rather die. After losing his soul-defending treasure earlier, he was unable to stop the offense of Zhao Feng’s God Tribulation Lightning power despite his Samsara Immortal Body’s recovery speed.

After bearing the attack of the Tribulation Lightning Eye Flame, Sacred King Samsara became very weak.

“Zhao Feng, spare me, and I will hand over the method of combining the powers of the God Eye descendants!”

Sacred King Samsara believed that Zhao Feng wouldn't decline this offer. Now that Zhao Feng had Sacred Lord Myriad Forms and an Eye of Death, he would only need one more God Eye bloodline in order to use this secret technique on his own. No expert in the continent zone would be able to disobey this power that could destroy Heaven and Earth.

Even though he was bent on killing Sacred King Samsara, Zhao Feng's expression changed slightly for a moment.

"Hmph, die!" Zhao Feng's expression was cold. Although he really wanted Sacred King Samsara's secret technique, he was someone that had morals. Those that needed to die would die!

Boom! Boom!

Zhao Feng kept on using Soul eye-bloodline techniques to weaken Sacred King Samsara's soul. If Zhao Feng was facing someone else right now, he could just use the Gaze of the God Eye to suck their soul away, but Sacred King Samsara had the Eyes of Samsara and a very strong Soul Intent. If Sacred King Samsara decided to self-destruct in the process, Zhao Feng might be killed since he was so close to the opponent.

"Arghhhhh...! Die!" Sacred King Samsara's expression contorted as he poured all his soul power, Sacred Power, and the Intent of Samsara into his Eyes of Samsara.

Boom!

Sacred King Samsara compressed his power and released it through the Eyes of Samsara. A terrifying wave of power swept across Heaven and Earth, shattering mountains and destroying rivers.

Whoosh!

Zhao Feng was already on guard and instantly used the Lightning Wings Flying Technique to dodge the explosion's range.

"Hmph, where do you think you're running to!?" Zhao Feng's God's Spiritual Eye locked onto a certain object and chased after it. He had already sensed that Sacred King Samsara only self-destructed one of the eyes.

The Eyes of Samsara were split into the Samsara of Life and the Samsara of Death. The eye that exploded was the Samsara of Death while the eye containing the Samsara of Life took part of Sacred King Samsara's Soul Intent and escaped.

Zhao Feng took out the Sky Locking Bow and shot out several arrows.

Whoosh! Whoosh! Whoosh!

Scarlet-golden Wind Lightning and surges of Soul power landed against the dark soul.

"Zhao Feng, I admit that you're very strong, but you can't kill me!" Sacred King Samsara suddenly said arrogantly after seeing Zhao Feng catch up.

"Samsara Rebirth!"

Sacred King Samsara's Soul Intent poured into the eye. Sacred King Samsara was full of hatred and regret. He hated the fact that Zhao Feng had forced him into a situation like this, and he regretted that he offended Zhao Feng.

He was now using the last secret technique of the Samsara of Life. He would lose everything and be reborn.

"A sinner like you still wants to reincarnate!?" Zhao Feng approached and circulated his Eye Intent.

"Gaze of the God Eye!"

An endless purple whirlpool that was connected to a limitless maze appeared in Zhao Feng's left eye.

At this moment, Sacred King Samsara's Soul Intent was very weak. Even if he self-destructed again, he wouldn't be able to cause much damage, so Zhao Feng used the Gaze of the God Eye directly.

Furthermore, Zhao Feng's Gaze of the God Eye was now combined with the Forbidden Illusion Lost World, so its ability to control and deceive was even stronger!

"Don't!" Sacred King Samsara's Soul Intent had just entered the Samsara of Life and lost all resistance.

Shua!

The eye containing the Samsara of Life was sucked into the dimension of Zhao Feng's left eye. On the other hand, Sacred King Samsara's faint Soul Intent lost its connection with the eye of Samsara of Life at the critical moment of reincarnating and failed. His Soul Intent was then destroyed by the power of Samsara that existed in Heaven and Earth.

"So close!" Zhao Feng felt lucky. If he was just a step slower or if the Gaze of the God Eye was just a bit weaker, Sacred King Samsara might have successfully reincarnated. Luckily, he managed to kill Sacred King Samsara, and he also obtained the eye containing the Samsara of Life.

Right at this moment, Zhao Feng's thoughts twitched, and he looked into the distance in a certain direction as he sensed something. A stunning female that seemed to come from a painting was standing in the distance.

"You killed my master!" Liu Qinyin was in a daze as her eyes became watery, and she was filled with sadness and helplessness.
