Chapter 161 Bella Goes Overseas

Isabella and Draxton looked at each other. They looked at the little boy with red eyes, clenched fists, and panting heavily. Their expressions were not good.

It was not because of the boy's attitude, but because the boy's body was clearly abnormal.

Isabella asked the two children softly, "Has little Hodor always been this strong?"

The two children shook their heads at the same time. Betty said, "No, Mom. He just got beat up by me last week!"

Betty suddenly realized that she had exposed herself. She quickly covered his small mouth with her fair and tender hand, her big eyes became watery.

Isabella patted her head and said, "It's okay. Our Betty is the kindest and cutest little girl. This little girl must have hit someone because she was protecting herself. She didn't purposely fight with a little kid, right?"

"Yes, Betty didn't do it on purpose."

Betty immediately let go of her hand.

Isabella's heart softened. Then, she looked at Hodor and said to him, "Kiddo, can we talk?"

As she spoke, she walked towards him and reached out to touch his head.

Just as she had expected, Hodor immediately waved his arm, his eyes fierce as he tried to slap her away. Isabella took the opportunity to pinch Hodor's wrist. She extended her index and middle fingers and found that the child's pulse was indeed very powerful

This was not the type of pulse a human should have.

Shock flashed across her eyes. She had only felt such extraordinary pulses from Jake Quillon.

Isabella took a deep look at Hodor and stepped back.

Draxton knew that Bella had already found something out. His eyes flashed slightly, and his gaze toward Milton became even colder and more solemn.

Milton was so frightened that he did not know what to do. He hurriedly said, 'Mr. Lockwood, Miraculous Doctor, I'll get Hodor to kneel down and bark like a dog to apologize to Young Master and Young Miss.' With that, he shouted, "Hodor, come here and kneel!"

Hodor looked at him viciously. His gaze did not look like he was looking at his uncle at all.

Milton only treated it as a child's stubbornness and did not notice that this look should not be appearing on a five-year-old child.

Chapter 162 Three Girls

In Fruggia, a private plane slowly landed on the tarmac of the Bloody Rose family.

Almost instantly, the guards in the Barclays estate immediately went forward and guarded the two sides of the elevator

The commotion here was not small. On the third floor of the main building, a few young girls were immediately alarmed.

The blonde girl lifted the thin white gauze curtain and looked outside.

On the tarmac in the distance, the helicopter’s elevator was slowly descending.

“Winna, it must be Fernando, he’s back!” Her tone was filled with joy, and her green eyes were filled with infatuation.

A girl with long, curly gray hair walked over. She looked outside and smiled happily. “Yes, Big Brother Fernando is back. It’s great.”

In the house, a girl with black hair and dark eyes smiled at them. She sat on the small sofa in the bedroom and did not move.

“Fernando will definitely come and see you first, Winna,” the blonde girl said.

In that case, she would be able to see Fernando.

Winna saw the undisguised anticipation and excitement in the blonde girl’s eyes and smiled lightly. “Yes. Every time Fernando comes back, he comes to see me first.”

“Winna, should we take the initiative to go out and welcome Fernando?” said the blonde girl with blue eyes.

Winna shook her head and the smile on her face became a teasing one. “Irene, you’re too rushed. Fernando will be here soon. Just wait patiently.”

Irene blushed, but she still said openly, “I like Fernando. I’m so happy to see him.”

Winna’s eyes curved into crescents as she smiled. “I also hope that Fernando can get married early.”

Irene was happy at first, but in the blink of an eye, she said disappointedly, “But Fernando doesn’t like me.”

Winna blinked and said seriously, “Irene, Fernando won’t like anyone. It’s hard for you to like him.

However, I hope that one day, he will be able to like someone too.”

Her light gray eyes stared at Irene quietly, her eyes filled with anticipation.

Irene's eyes flashed with an unusually persistent light. "It doesn't matter. Even if Fernando never likes me, I will always like him, chase him, and be by his side."

Winna opened her mouth. This was very unfair to Irene.

At this moment, a very clear and pleasant voice sounded from the side. "Eh, did Mr. Fernando bring someone back with him?"

The voice turned out to be from the Eacian girl sitting on the small sofa. She walked over and looked in the direction of the tarmac.

Irene and Winna immediately looked outside.

Irene was so nervous that she had even forgotten to breathe.

This was the first time Fernando looked at her directly.

The next moment, Fernando spoke, "Irene, you're Winna's guest, that was inappropriate and rude. This
is not the acceptable behavior of a noble lady."

Irene's face turned pale.

Isabella lowered her eyes and smiled faintly.

She could feel a gaze on her face.

Isabella suddenly looked up and saw the Eacian girl subtly shift her gaze away.

Isabella smiled and asked, "Young lady, are you also Lucsian?"

Alanna Falkona quickly said, "Yes, Miss Thompson. My name is Alanna Falkona. My mother and I are both Lucsian.

Irene is my elder sister, she's always been too outspoken. Don't mind her. She's actually very easy to get along with."

Isabella nodded gently. "Of course, I wouldn't quarrel with a young girl."

Alanna heaved a sigh of relief. "That's great. Miss Thompson, you're a nice person."

Isabella smiled faintly.

However, Fernando said, "Ms. Thompson is my esteemed guest. No one can be rude to her, understood?"

Irene froze completely.

An unprecedented sense of jealousy appeared in her heart.

She was surprised by how highly Big Brother Fernando thought of this woman. What made her feel the most ashamed and humiliated was that Fernando said she was rude.

This was truly a disaster.

Irene immediately gloated. She looked at Fernando, wanting to see him get angry and punish this arrogant woman.

However, Fernando gently said to Winna, “Winna, go ahead, let Miss Thompson touch you.”

Winna felt terrible. What did Big Brother Fernando mean?

Irene was stunned.

Isabella looked at Winna with a smile. Winna's face was so red that it looked like blood was about to pour out her skin. She was very embarrassed.

However, with her eyes slightly wet, she still walked over and reached out a hand.

Isabella looked at Winne's unusually fair but very skinny hand and reached out to gently hold it.

Winna could not help but tremble, and her eyes became even wetter.

Isabella touched her palm teasingly and winked at her.

Winna was completely at a loss for words.

Winna wanted to cry. What did Big Brother Fernando mean? Was he going to sell her to Bella? Seeing Isabella's actions, the corners of Fernando's eyes suddenly twitched. He looked at Isabella speechlessly, not knowing what to say at this moment.

Isabella's fingers gently slid over Winna's pulse.

She let go and said, "Winna, let me touch your other hand too."

Winna was on the verge of crying when she switched to another hand.

Isabella finished touching her and let go of her. Winna was about to heave a sigh of relief when she heard Isabella say with a smile, "Winna, take off your clothes and wait for me tonight, okay?"

Winna was completely dumbfounded.

She did not dare to look at Isabella directly anymore. This Eacian girl was too scary. She wanted her to... She looked at her Big Brother Fernando for help, only to see that Fernando's expression was also very conflicted.

"Miss Thompson, what do you mean?" Irene said angrily.

Then, she looked at Fernando and said, "Big Brother Fernando. She's bullying Winna!"

Irene was very angry. Big Brother Fernando was way too tolerant of this woman.

"Bella, I'm going to take my clothes off."

Winna was extremely embarrassed, but when she thought of the fact that Bella, who was right in front of her, was the legendary Miraculous Doctor, endless courage suddenly appeared in her heart.

If even Miraculous Doctor could not save her, who else could in this world?

While embarrassed, she could not help but heave a long sigh of relief.

Isabella opened the first aid kit and fiddled with the contents.

Winna changed into a bathrobe and came over. She peeked at the contents of the medicine box like a curious kid.

Isabella looked up and smiled at her. "Go lie on the bed."

Winna nodded obediently and lay down as Isabella asked her to.

When she saw Isabella take out a slender silver needle, Winna's entire body began to tremble.

Isabella sighed.

She chuckled and said, "Winna, why are you getting so excited? Are you wishing I'd bully you?"

Winna's face instantly turned red. "No, Bella, I'm just..."

Before she could finish her sentence, the silver needle landed on her neck

Winna's entire body stiffened. She tried her best to turn her eyeballs to look, but just as she moved, a wave of sleepiness suddenly hit her. Soon, she fell asleep.

Isabella opened more than a hundred needle packets, and her expression became serious.

Winna's situation was very dangerous. With her current situation, she would not be able to live for long. She could probably live for half more year at most

Isabella quickly inserted the needles, one after another. Half an hour later, she had already used up more than a hundred needles.

Isabella began to pull out the needle again and switched to other acupoints.

Time passed quietly. Two hours later, Isabella pulled out the last needle. A small stream of black blood flowed out with it.

Isabella wiped away the black blood and disinfected the silver needles. After putting the silver needles back into her silver bag, she tidied up the first aid kit and stood up to leave.

The lights in the living room were on. Fernando was working on a laptop.

Hearing the commotion, he quietly looked at her.

Chapter 166 How Exciting

A few young men looked at Isabella in shock.

Isabella raised her eyebrows slightly at them and smiled evilly. "What? You guys don't dare to play with me?"

Nonsense!

The few young men immediately laughed wretchedly. They looked at each other and winked.

The handsome young man in the lead said, "No problem. How about we do that now? I know a good place."

Isabella said, "Alright, tell me then, it better be a grand place, I won't be satisfied in a lousy place."

The young man smiled proudly. "My uncle is Dr. Issac. This is his building. I'm most familiar with everything here. I know a place where no one goes. It's very quiet."

Isabella said lightly, "Sure, lead the way."

The young man's eyes flashed with excitement. "Let's go."

He stepped forward to put his hand on Isabella's shoulder,

Isabella looked up and stopped him. "What's the hurry? We'll have more than enough time to get intimate later!"

"Alright, you're the sluttiest Eacian girl I've ever met!"

"Is that so?" The smile on Isabella's lips widened a little. As she spoke, she followed these guys.

Irene was dumbfounded.

Then, her eyes could not help but show a trace of disdain. It turned out that this person called Isabella was so unreserved. She was not worthy of Big Brother Fernando.

Did she bewitch Big Brother Fernando or something?

Or was it just because all men liked bad women?

Isabella followed these guys to the fifth floor of the building. Then, they walked to the innermost room in the corridor on the right.

"Very few people come to this room. However, it's a little breathtaking inside. But don't be afraid, little girl."

Isabella said, "The more exciting, the better, isn't it?"

Jack was losing his mind. When he realized that Isabella was leaving, he quickly shouted.

Isabella pretended not to hear him. She went out and locked the door. The key was with Jack.

Once the door was closed, the inside would become soundproof. No matter how loud the cries were from the inside, no one outside would be able to hear them.

Isabella smiled. Fernando and cutie Winna should be looking for her at this point.

She went down to the first floor, and as expected, Fernando and Winna looked unhappy.

They were talking to Irene, who also put on an innocent face and said that she had no idea where Isabella had gone.

“Are you looking for me?” Isabella walked down with a smile. Irene turned around, her eyes widened.

“Miss Thompson, why are you alone...” She blurted out subconsciously but stopped mid-sentence.

Isabella raised her eyebrows and looked at her. “If I’m not alone, should I be with five more people?”

Irene did not know what to say.

Could she say yes?

She could only shake her head and smile reluctantly. “No, that’s not...”

Isabella said, “I thought Irene saw me with five men!

I’m a reserved person. Why would I deliberately hang out with five strange men? Don’t you think so, Ms. Irene?”

Irene’s face was extremely stiff. She finally realized that Isabella had said that purposely.

She was in disbelief. She did not expect Isabella to be able to get rid of Jack and the others.

Jack and the others came out of the washroom, looking low-spirited.
As soon as he looked up, Dr. Issac charged at him like a raging bull.
Issac grabbed Jack's collar, Jack was stunned, "Uncle, w-what's wrong?"

He was shocked as Issac's expression was too scary..

"You idiot, where are my files? Where are the files I put in the filing cabinet? Hand them over now!"

Issac's extra-thick eyebrows shot up. His teeth bared in a snarl.

Jack trembled in fear as he responded, "I didn't take it. I was all tied up there by that woman. It's not like you didn't see it. It must be that woman."

"Yes, definitely that woman!" another person said.

"That woman went through your filing cabinet after she tied all of us up.

"I saw with my own eyes that she had taken something. It must be the document you lost."

When Dr. Issac heard this, he let go of Jack and stared at the person who spoke. He said, "Which woman? Tell me clearly."

"She is an Eacian."

Dr. Issac roared, "This is outrageous. Who let her in? I want to find that woman and make her pay for her actions!

"I want to punish her with the law. I want her to embarrass herself in public and apologize to me!"

Dr. Issac roared in agitation.

Jack and the others were overjoyed when they heard that. He nodded repeatedly. "Yes, Uncle, you must make her pay the price."

Dr. Issac glared at them and ordered, "What are you waiting for? Take me to her!"

"Alright, alright, alright..." They hurriedly nodded.

Jack was terrified at that moment. He knew his uncle would still settle scores with him afterward.

It was because he had stolen the key to that room.

Jack and the rest quickly walked in front. Despite being elderly in his sixties, Issac was not at a disadvantage. at all.

No matter how powerful the Sif family was, they could not compare to the Barclays family.

Irene replied, "What's there to be afraid of? She stole from Dr. Issac, so she's a thief. Fernando won't side with a thief."

Jack and the others thought about it and agreed.

“Let’s wait here for Uncle to come over. Uncle will definitely teach her a lesson.”

Jack said.

Hearing this, Irene’s eyes flashed with excitement. She pretended as if nothing had happened and walked towards Isabella.

She was covertly looking forward to making a fool of this woman later and had Fernando despise her.

Issac returned quickly.

He no longer dared to cause any more trouble with Isabella anymore once she released him,

He and Isabella had reached a tacit agreement that neither of them would expose the other.

The fist did not seem to have much strength, but Jack fell to the ground and arched his body like a cooked shrimp. Cold sweat dripped down his forehead, and his face was pale. He did not dare to breathe hard for a long time.

Everyone looked at Isabella in shock. How could this delicate and slender woman have such powerful strength?

Dr. Issac looked at his nephew on the ground and shivered. He secretly patted his chest.

Fortunately, this woman did not hit him previously. Otherwise, his perfect body would have been injured.

It was scary just thinking about it!

He thought with lingering fear.

Isabella ignored the gazes of the people around her. She smiled sinisterly as she looked at the other four. "Are you guys in pain too?"

The four of them were stunned. They were so frightened that they retreated like timid puppies.

However, one of them was too slow. Isabella quickly grabbed that person's neck.

Then, Isabella kicked her leg. With a bang, this person was knocked down to the ground.

That person landed on his face and did not get up for a long time.

Isabella became excited. She was overflowing with energy. Without saying a word, she rushed towards the other three people. "Are you all in pain too?"

The three of them shouted in horror, "We, we're not feeling pain. It doesn't hurt at all. Do you know who we are? You dare to hit us. Aren't you afraid..."

Bang! Bang! Bang! Bang!

Isabella responded with punches and kicks that were as fast as lightning.

Looking at the defeated five people on the ground, Isabella clapped her hands and shook her head with an evil smile. "Alright, we can call an ambulance now."

The security guard heard the commotion and rushed in. He looked at Dr. Issac hesitantly and asked, "Dr. Issac, should we call the police?"

Dr. Issac was just glad that he was not beaten up by Isabella. When he heard the security guard, his eyes widened, and he roared at the security guard, "Why should we call the police? There's nothing happened here. Get out!"

This old man was very fierce.

The security guard looked at the five persons on the ground who were in so much pain that they could not get up. Then, he hesitated and retreated.
