### Chapter 381 Repay You With Spring Water

Tyson's eyes glinted with surprise. He could not help but lower his voice and say, "Really? This is very serious."

Thomas nodded solemnly and said, "Please follow me to take a look."

With that, Thomas led Tyson to the room where Draxton was resting.

Draxton was talking to Isabella at that moment. Of course, Big Dipper and Little Dipper could also hear them. Isabella told him, "I'm safe in the Hendrix family at the moment and there's no risk of me getting exposed. However, I think the son-in-law of the Hendrix family with the surname of Easton is a bit restless. How's the situation on your side? Have you contacted Master Grey and the others?"

Draxton was about to answer when two women walked in one after another.

He could only shut up.

Isabella was worried when she realized that Draxton had suddenly gone silent. But suddenly, she heard a sweet voice.

One of the women walking in was Ingrid Riley who was the eldest child of the Riley family. Her parents favored her more since she was young. Therefore, she was a little spoiled and willful.

On the contrary, her sister, Ivory Riley, who was four years younger than her, was relatively more reserved.

For example at that moment, Ingrid did not hide her infatuation with the man they had saved.

Even though he had been unconscious since they rescued him, his extraordinary bearing and handsome look made Ingrid's heart flutter.

"Sir, you have finally woken up. You've been sleeping for several days."

Draxton asked, "Where am I?"

Ingrid looked shy as she slowly walked forward with some bread and said with a gentle smile, "Sir, this is the Riley family. We're at the border between the paradise Settlement and the slums Settlement."

Even though the Riley family was not in the Paradise Settlement, their wealth and power were not inferior to that of any families there.

Ingrid thought all men would be attracted to her since she was beautiful and was the eldest daughter of the Riley family.

Draxton glanced at the girl in front of him and saw that she was blushing. Her liquid eyes were sparkly. He had seen many such women. In fact, since he was young, this kind of woman barely had a chance to get close to him.

Tyson suddenly froze.

Thomas's pupils dilated widely as he looked at Draxton in shock.

As for Draxton, he slowly raised his head to look at them. "Since you two recognize me, why hide it and pretend not to know me?"

The corners of Thomas's mouth twitched. He smiled awkwardly and said, "Well... Sir, I don't understand what you're saying.

Draxton glanced at him and smiled faintly. "I'll assume that you don't understand. But Second Master will get it."

As he spoke, he looked at Tyson's stiff back.

Meanwhile, Isabella had heard everything clearly through the golden butterfly stud in the Hendrixes' residence.

She lowered her eyes and fell into deep thought. "The district masters in Paradise Settlement are all Julian's people. The only one who doesn't comply with him has been assassinated.

"In that case, won't Draxton be in danger?

"He has revealed Second Master's identity. That means he doesn't intend to play nice with them."

Without hesitation, Isabella used the phone in the house to make a call. "Draxton is in the Riley family. He is deeply grateful to the two Miss Rileys for saving his life. He said he wants to repay their kindness with spring water. Please send two bottles of spring water to them."

Since Draxton had unmasked Tyson's identity, Thomas and Tyson decided to drop their pretense.

The guards of the Riley family formed three circles around Draxton.

Thomas sneered. "What a pity, Mr. Lockwood. It was unlucky for you to have been brought back by my two daughters. Tell me, where is your wife now?"

Draxton glanced at him indifferently and sit down on the couch at the side. The coffee in the coffee maker had already turned cold. He looked up at Thomas and pointed at the coffee maker.

"Mr. Riley, make me a cup of coffee. What's the hurry? Why don't we all sit down and talk over a coffee?"

He acted like the man of the house.

On the contrary, Thomas and Tyson seemed like the guests.

Draxton looked at Joshua with a soft light in his eyes.

Joshua got up and looked at Draxton with a smile. "Mr. Lockwood, I'm so happy."

He had waited for this day for far too long.

Draxton knew that Joshua had always wanted to reunite with him. It was not easy for him to stay on  
Mystical Island alone all these years. He must have endured a lot of hardship to have come this far.

Therefore, it was only natural for him to want to go home.

Draxton did not say anything. He just patted Joshua on the shoulder gently.

However, Joshua's eyes were slightly wet.

The hall was so quiet that one could hear everyone's breathing. Ingrid and Ivory were dumbfounded as  
they looked at Draxton in fascination.

Draxton looked up at Thomas and Tyson.

Both of them looked confused.

They thought they must be hallucinating.

Otherwise, they wouldn't have seen such an unbelievable thing.

"Joshua is Draxton's man?"

"Are you kidding me?"

The district master of District 8 was useless and had no real power. To put it bluntly, Joshua was the  
boss of District 8.

Even old foxes like Thomas and Tyson, who had been around for a long time, were confounded. They could not wrap their minds around it for a moment.

### **Chapter 384 Repaying Kindness**

Thomas and Tyson naturally did not dare to make a joke with Draxton as Joshua did.

They knew their place. Joshua was originally Draxton’s man. How could their relationship be comparable to theirs?

Thomas and Tyson looked like two honest and dutiful subordinates at that moment.

In fact, Tyson’s surrender was very helpful to Draxton. At the very least, First Master and Fourth Master had a good relationship with him. With Tyson acting as the lobbyist, it would be much more easier to win over District 1 and District 4 in the future.

If possible, Draxton would try to avoid killing anyone.

Moreover, Tyson had special status. He could help mediate in secret and do a lot of things.

Thomas held a small banquet to please Draxton. Of course, he, Tyson, Draxton, and Joshua were all present.

During the dinner, when Thomas saw his two daughters casting bitter and affectionate gazes at Draxton, his expressions changed a little and an idea crossed his mind.

Draxton could be considered their boss now. It would fantastic if his daughters were lucky enough to become Draxton’s women.

Men were tuned to lust.

Therefore, Thomas gave Ingrid and Ivory a look, indicating for them to follow him out.

The father and daughters walked out. Joshua tilted his head and glanced at their backs. His dark eyes flickered.

“Dad, what’s the matter?” Ingrid asked coquettishly.

Thomas said with a serious expression, “Ingrid, Ivory, both of you are interested in Mr. Lockwood?

### **Chapter 385 A Shocking Secret**

After breakfast, Isabella told Aurora that she was going out with the two children.

Feeling a little embarrassment, Aurora said, "Ganyra, how can I let you babysit them?"

Isabella said, "I need to buy something. I can take them out for a walk."

Aurora didn't object and she told the chauffeur to send them out.

As soon as they left, Luna walked over and said to her sister-in-law, "Aurora, aren't you afraid Ganyra will abduct Caleb and Aiden?"

Aurora replied, "Ganyra isn't that kind of person. Luna, don't talk nonsense."

"Hmph, you can't judge a book by its cover. We don't know what she is and where she comes from."

Luna mumbled.

Aurora wanted to advise Luna, but Nathaniel said, "Luna, drop it."

Luna snorted and shut her mouth. Nathaniel asked his wife, "Aurora, how's Ganyra's injury?"

Aurora said, "She's recovering well."

"In that case, why is she not leaving?" Luna asked.

Nathaniel said, "Aurora, what is Ganyra's background? Did you ask her?"

Aurora said, "No, I didn't. If Ganyra doesn't say, It's not convenient for me to ask. Or it'll seem like I'm chasing her away.

Nathaniel said, "Yeah, you're right. But I think she had a distinguished background."

Suddenly, Aiden held his head and his body swayed a little.

Mrs. Hendrix was so frightened that her face turned pale. She hurriedly went forward to hug him and said, "Aiden, what's wrong with you? Don't scare me."

Aiden steadied himself and said, 'Mom, I... I seem to have grown up and become smarter.'

He blinked. There was a hint of shyness in his eyes.

Mrs. Hendrix was so shocked that she stood rooted to the ground. Her eyes widened as she looked at Aiden in surprise and joy. Tears flowed out of her eyes.

She covered her mouth and looked at Aiden with teary eyes for a while before turning around and running out quickly.

"Hey, Mom!" Aiden shouted. But Mrs. Hendrix was gone. She was a prestigious elegant woman. But at that moment, she was as spry as a rabbit.

Aiden sat on the spot alone and began to slowly recall what had happened last night.

He muttered to himself, "Ganyra..."

Suddenly, he thought of something and quickly ran to the mirror. Looking at himself, he asked in confusion, "Have I really lost weight?"

He cared more about his appearance having grown up a little.

Not long after, Mrs. Hendrix brought Mr. Hendrix, Aurora, and the bewildered Nathaniel and Luna in.

Aiden was surrounded by them and bombarded with questions.

In the end, they concluded that Aiden's IQ had increased to that of a 12 or 13-year-old teenager.

When the Hendrix family went downstairs, Isabella saw that Mr. Hendrix and Aurora's eyes were red. It was obvious that they had cried.

Seeing Isabella sitting casually in the dining room and looking at them, Mr. Hendrix explained with a smile. "Ganyra, sorry about all the fuss.

Luna panicked when she heard that. "Nathaniel, what should we do?"

Nathaniel thought for a moment and said, "You don't have to worry about this. I'll let you know when I need you."

Luna nodded.

Nathaniel looked at her and said, "This concerns our interests. Luna, no matter what I'll do next, you have to support me."

Luna looked puzzled. "What are you trying to do?"

Nathaniel said, "We don't know Ganyra's background, but she must come from a prestigious family. If we can rope her in, it won't be a bad thing. Perhaps it'll be another way out for us."

Luna's face turned gloomy immediately. "Do you fancy her?"

Nathaniel quickly explained, "What do you mean by fancying her? I'm just using her. If Ganyra is half as valuable as Aurora, it'll benefit us a lot."

"Luna, when I become the head of the Hendrix family one day, you'll definitely be Mrs. Easton."

"Either Aurora or Ganyra, they're just my stepping stones."

It didn't cheer up Luna at all, but she could only grit her teeth and nod for the sake of their mutual benefit. "You have to promise me that after this is over, Ganyra and Aurora will die!"

"Luna, don't worry. You can do whatever you want with them then."

At night, Isabella went to Aiden's room again.

Aiden hadn't gone to bed as he was waiting for her.

"Ganyra!" Upon seeing her, the man who had the mentality of a teenager now felt a little shy.

Isabella smiled and said, "Aiden, after receiving acupuncture today, your condition will continue to improve."

Aiden nodded with sparkling eyes. "Thank you, Ganyra."

Smiling, Isabella skillfully prepared the medical equipment and took out the fine needles.

When Aiden saw the fine needles, he was no longer afraid because it did not hurt at all yesterday.

Chapter 388 Recovery

Caleb’s dark eyes looked at Isabella. His lips were pursed, revealing an indescribable grievance and confusion.

Isabella’s heart softened. This child was only a year older than her child. She walked over and squatted down. “Caleb, it’s okay, everything will be fine.

Caleb pouted, and tears started streaming from his eyes,

The guilt in Isabella’s heart intensified. However, she felt more pity for Caleb.

It was a pity to have such a father. If Nathaniel was just a playboy, it would be a beautiful illusion if he could hide it from Aurora and Caleb for the rest of his life.

However, Nathaniel was an ambitious guy. If Nathaniel were to do whatever he wanted, what would happen to Caleb and Aurora, or even the entire Hendrix family? It was simply unpredictable.

As the saying went, “There are things that must be done and things that must not be done”. Isabella did not think that she was a busybody, but the Hendrix family had saved her life. It was fine if she did not know about this matter. However, she now knew about Nathaniel’s true color. She seemed to be equivalent to an accomplice if she ignored it.

She couldn’t do such a thing.

Therefore, she was determined to interfere in the Hendrix family’s matters.

Even if Caleb would be sad and resentful, she would tear apart Nathaniel’s mask and return peace to the Hendrix family.

“If the dose is nasty, swallow it fast.”

Isabella’s heart ached as he pulled Caleb into his arms. She originally thought that this child would blame him for beating up his father. Unexpectedly, he choked up and said, “Ms. Josephina, did Daddy bully you? Sob. Daddy is so bad.”

He overheard the conversation between his father and Ganyra. Although he did not understand what those words meant, he instinctively felt that they were not good words.

Isabella knew that he had finally woken up from that muddle-headed state.

Isabella smiled at him.

Aiden's chubby face immediately turned red.

He looked at Isabella gratefully, then turned around and saw that Mrs. Hendrix and Mr. Hendrix had also gone downstairs. He was about to greet and tell his parents that he was no longer stupid.

But at this moment, Aurora's excited voice sounded, "Nathaniel, you're awake!"

Aiden turned around and looked in Nathaniel's direction.

A layer of darkness slowly gathered in the depths of Aiden's eyes that still had some innocence and childishness

He had turned into a fool at the age of five and was mentally incomplete. He was 20 years old this year. In the past 15 years, because he had been a fool for a long time, Nathaniel inevitably neglected to cover up in front of him.

He had spent the past 15 years in a daze, and his life was completely blank. Because of that, he could see many things that his parents and sister could not see.

Nathaniel happened to be facing Aiden's direction, so as soon as he opened his eyes, he met Aiden's, a pair of dark and deep eyes.

Nathaniel's heart skipped a beat.

He could not help but think of last night when Ganyra came back from outside with some medical equipment and therapy tools in her hand.

"Could it be that Aiden's recovery was related to Ganyra?"

Nathaniel recalled how he failed to seduce Ganyra last night and was beaten up by her instead.

Nathaniel immediately flew into a rage out of humiliation and felt like killing her.

He had been good-looking since he was young and knew how to pretend to be obedient. He was very likable. When he grew up, he was even more charming and had an outstanding appearance. Aurora was devoted to him, and Luna was deeply in love with him. Even the other women would blush when they looked at him. Some were even directly charmed by his elegance.

But Ganyra was so ignorant.

By recalling how ruthless Ganyra was when she attacked him last night, Nathaniel's face turned awful. But soon, he revealed a look of grief and indignation.

The atmosphere suddenly became very stiff. Mrs. Hendrix said, "Aurora, did something happen? Why did you suddenly..."

"That's right, Aurora. I'll leave when it's the right time to leave.

"But you suddenly chased me away. I really can't leave. I'm just curious about what Mr. Easton said to you. "Could it be that... I failed to seduce him and got angry from embarrassment, so I beat him up?"

Isabella's expression was calm, and there was no awkwardness at all. On the contrary, Isabella looked at the Hendrix family with a hint of sympathy.

Aurora was furious. She stood up abruptly and stared at Isabella. "Ms. Josephina, that's enough. I didn't expect you to do such a thing when our family kindly saved you."

Isabella put down her fork and sighed softly. "Aurora, I know that I'm just a stranger that you guys saved. Mr. Easton is your family and kin. You don't even have to think about who's more trustworthy.

"However, I have to tell you that your husband is not a good person.

"Aurora, why don't you ask Caleb what happened yesterday?"

Aurora looked at Caleb. At the same time, Caleb also looked at Aurora and said, "Mom, last night, it was Dad who went to Ms. Josephina's door. Dad wanted to bully Ms. Josephina, so Ms. Josephina threw him away."

"Throw away' was a good word to be used!"

Isabella glanced at Caleb with a smile.

Aurora looked at Caleb in disbelief and said sadly, "Caleb, why are you..."

She suddenly looked at Isabella and said angrily, "Ganyra, I didn't expect you to not even let a child off. What did you tell him?"

Isabella's expression turned serious. "Aurora, you're completely wrong. How could I spout nonsense to a child?"
