

## Kick Ass Wife 64

### Chapter 64 The Thompson Family Is Over

Olivia was shocked when seeing this. The middle-aged man beside Olivia was also shocked and rubbed his eyes in disbelief, thinking. "Is this pretentious man in front of us Mr. Lockwood?"

"People say that Mr. Lockwood always takes unexpected moves. Is this what they mean?"

The middle-aged man was unbelievably watching what happened.

Philip Lockwood continued to surprise everyone with his acting. He mournfully sighed, and the expression on his face was even sadder and more touching than the expression on the faces of the Thompson couple.

Philip said in lamentation, "To some extent, I am also that kid's father, so now I solemnly beseech you to let her go. What a pitiful and timid kid. You abused her when she was a child, and you set her up when she grew up. How can you do all these?"

"She is innocent even if she is not your biological daughter and even if she was swapped!"

Hearing these words, the reporters were furious and also extremely excited.

Someone shouted in the crowd, "The Thompson family is way out of line!"

Philip sighed heavily. Then he inadvertently looked up and discovered two familiar cars. Philipe was instantly happy, thinking, "Oh, my outstanding performance must have been seen by my wife and others."

"They are probably giving me compliments right now?"

The Thompson couple was completely shocked, shouting inside, "What kind of big figure is Philip Lockwood? He is a better liar than us!"

"Philip Lockwood has led the public's emotions. What can we do later?"

In the car, Olivia Lockwood, Jeanne Lockwood, and Isabella Thompson were all shocked when seeing what Philip did.

Olivia, Jeanne, and Isabella planned to have lunch with the Sanders family, but they rushed back when they received a from the servants at home and knew that the Thompson couple came here to cause trouble.

In the car, the timid Isabella Thompson touched her chin and said, "I didn't expect this side of Mr. Lockwood." Olivia agreed, "Me either. This is also my first time to discover my dad's dark side."

Jeanne was speechless.
