

Kick Ass Wife 66

Chapter 66 Samantha Lang Is Over

Jeanne warned, “Bella, don’t. If that woman sees you, she won’t easily let you go.”

Isabella smiled and held Jeanne’s hand, replying, “Mrs. Jeanne Lockwood, don’t worry. I’m not afraid of her!

“What’s more, you can’t always protect me.”

As Isabella spoke, she opened the car door and went out.

Philip looked at Isabella sideways and murmured, “Hmm, I know you are never a timid one.”

Isabella was calm, but she chose to pretend to be pitiful after hearing Philip’s comment.

Isabella’s face turned pale, and her eyes turned red, full of tears.

Philip panicked and said, “I... I didn’t say anything harsh!”

Isabella cast Philip a sidelong glance, thinking, “Nowadays, one will be easily bullied without any acting skills.”

Then, in front of the crowd, Isabella, with her eyes turning red and teary, staggered to Mrs. Thompson.

Mrs. Thompson got flurried at this time. When she saw Isabella, Mrs. Thompson suddenly felt she had hope again.

Mrs. Thompson was trying to take the moral high ground. As soon as she saw Isabella, Mrs. Thompson immediately changed her posture and knelt. Mrs. Thompson kept her fingers crossed, begging. “Bella, I’m so pleased to see you here. That’s great. Bella, please take pity on me and your father. We can barely live. I have raised you and have been your mom for years so please show some mercy to us.”

Isabella kept her pitiful expression and stood still, with tears rolling down her face. Isabella did not care if Mrs. Thompson begged or not because Mrs. Thompson was a human trafficker but not a mother in Isabella’s.

eyes.

Isabella thought, “Let the game start then. I’m a better actress than you, Mrs. Thompson. I’ll let people know you are evil while I’m the victim.”

Isabella appeared to be more sorrowful than Mrs. Thompson. Isabella fell to the ground as if her legs were weak, crying with a miserable look, “I understand that you’re not my biological parents, and you switched me with Samantha to give Samantha a better life. But why are you so mean to me? I wanted to go to school and told you that I wouldn’t cost you a penny. Why didn’t you let me go to a better school?

“Why did you do all those evil things to me? Why did you drug my milk five years ago?

“I understand that you did so because you’re afraid that I would get in Samantha Lang’s way and the Lang family would acknowledge me. However, I will never pick up a fight with Samantha. After all, you raised me. I won’t take anything away from your biological daughter.
