### Chapter 93 The Mysterious Miraculous Doctor

General Sanders explained, "The only person who can compete with Carlos now is the Miraculous Doctor. "The Miraculous Doctor has always been mysterious. All the major forces in the world want to find him, but they don't actually even know if he's a man or a woman, so they don't even know where to start. I think only the Lockwood family's intelligence agency can do it."

The title "Miraculous Doctor" referred to a person's codename.

That was a very mysterious person. Three years ago, the Miraculous Doctor gradually became famous in the world. Those who came back from the dead from his hands all wanted to find his whereabouts and find out his identity. However, they failed every time: No one could find out the Miraculous Doctor's background, let alone his actual name. Later on, everyone took to calling him the Miraculous Doctor.

He was too mysterious.

Miraculous Doctor was what everyone called him.

Draxton muttered, "You want the Miraculous Doctor to appear and replace Carlos?"

General Sanders nodded. "That's indeed the case. Although the medical skills used by the Miraculous Doctor to save people are strange, I can vaguely see traces of traditional medicine in his techniques. I guess that even if this Miraculous Doctor isn't from Lucsia, he must have studied traditional medicine nonetheless.
