

Kick Ass Wife 95

Chapter 95 Call Me Hubby

A month ago, Draxton's search for the Miraculous Doctor was very high-profile. At first, Carlos was a little nervous, but later on, despite Draxton's very high-profile mobilization in the matter, he still could not find the man at all, so Carlos gradually relaxed.

However, with the election about to begin, he was still a little worried. It was better to be safe than sorry, so he sent his trusted aides to investigate. Now that he had received the final answer, he was finally relieved.

At the same time, General Sanders also called Draxton. General Sanders's mood was very solemn. He asked, "Draxton, haven't you found the Miraculous Doctor yet?"

Draxton replied, "I found him."

General Sanders was stunned, "You found him? But why did I hear..."

"Godfather, just wait and see," Draxton said, but he did not explain the reasons, shrouding the entire matter in mystery.

General Sanders naturally trusted Draxton very much. When he heard this, he didn't ask any more questions, but he secretly heaved a sigh of relief.

Isabella stood at the entrance with a cup of warm milk in her hands. The corners of her mouth twitched as she listened to Draxton's call, being rather exasperated at her man.

In the past month, Draxton did not look for the Miraculous Doctor at all. He made a big fuss, but it was only a show for outsiders. In fact, he did not look for the Miraculous Doctor at all.

Isabella walked into the house as if nothing had happened. Coincidentally, Draxton hung up the phone and turned around. Isabella sat on a small table by the bed and drank milk seriously and elegantly, as if she did not hear Draxton talking on the phone earlier.

Draxton silently walked to the opposite side and sat down. His midnight blue eyes stared at her quietly, his slender fingers tapping on the table rhythmically.

Isabella felt an invisible force that could penetrate her body and soul.

This man's aura was really strong.

Isabella coughed uncomfortably. She looked up and asked, "Why are you looking at me like that?"

Draxton pondered for a moment and said, "Miraculous Doctor..."

"Draxton, you know that I'm just a poor thing who was abandoned by her parents. I'm very timid, right?"

Isabella blinked her watery eyes and looked at him. Her long and tangible eyelashes were like two small fans, fanning her words into Draxton's heart.

A trace of discomfort flashed across Draxton's handsome face. He lowered his eyes and nodded against his conscience. "Yes, my wife is a poor little girl who was abandoned by her parents. I will protect you well."

Isabella smiled in satisfaction and continued drinking the milk.

continued, "The Traditional Medicine Association's presidential election will begin in three days.
