Chapter 1021: Arrogant and Reckless! Overpowering the Dragon Elephant!

"Come on, stop dawdling, hurry up and help me set foot on the path of invincibility!"

Mu Jinyu glanced at Gu Rulong and Chen Huaiyu, noticing their hesitation to come up, he said impatiently.

"Hmph, arrogant!"

Hearing Mu Jinyu's words, Gu Rulong and Chen Huaiyu's faces turned even uglier.

What did he mean by saying they should help him reach the path of invincibility together?

Did he mean that they, these Heaven's Pride, were just meant to be his stepping stones?

Originally not wanting to team up against an enemy, Gu Rulong and Chen Huaiyu found themselves surprisingly united in mindset. No matter if it was a chaotic battle or having to team up against a foe, they both decided to take down Mu Jinyu first!

"Swish swish!"

The two of them took a step and instantly leapt back onto the Ascending Dragon Platform!

Seeing them finally daring to come up to the Ascending Dragon Platform, Mu Jinyu casually remarked, "You specialize in strength and speed, don't you?"

"Then come at me together! Let me see how much your strength and speed fall short of mine!"

"Hmph, boasting!"

Regardless of whether it was Gu Rulong or Chen Huaiyu, upon hearing Mu Jinyu's words, they couldn't help but bristle with anger!

What did he mean by letting him see how much their speed and strength fell short compared to his?

With just that one sentence, he outright assumed they were inferior to him!

His attitude was just like a teacher evaluating a student's grades, assessing their strength and speed, and then offering them some suggestions!

If it were directed at ordinary people, it might have been justified, but they were all peers and Heaven's Pride. This was an intentional humiliation!

Even though his pure physical strength and Supreme Sky Godspeed were indeed slightly superior to theirs, the gap wasn't so vast as between a student and a teacher!

Gu Rulong no longer hesitated, shouting angrily, and began using the "Dragon Elephant Prison Suppression Scripture," along with the secret techniques of the Dragon Elephant Sect.

Suddenly, with a ripping sound, his upper garment shattered, revealing his dragon-like, robust muscles. Then, Gu Rulong performed hand seals, and his spine quivered like a great dragon, seemingly ready to pierce through the sky at any moment!

"Ha!"

Gu Rulong shouted again, his entire body roaring with demonic Qi as he strode towards Mu Jinyu to attack!

In the past, Gu Rulong had faced Mu Jinyu and understood that his pure physical strength alone would likely not match up to him.

But the secret techniques of the Dragon Elephant Sect allowed him not to directly compare pure physical strength but to combine his True Yuan, Qi-Blood, and pure physical strength.

Originally only possessing the power of five elephants, as he activated the secret techniques, overlaying True Yuan and Qi-Blood, he could now even lift a True Dragon's dragon corpse!

Even when battling a Flood Dragon, he remained unfazed!

He had truly transformed into a humanoid violent dragon, possessing the power of a Flood Dragon!

"Boom boom boom!!"

As Gu Rulong charged at Mu Jinyu, the Ascending Dragon Platform, usually stable amidst the battles of numerous Heaven's Pride and monsters, began to tremble slightly, as if it might crash down from the sky!

It was evident how terrifying Gu Rulong's brute strength was at that moment!

The spectators watching were startled and frightened!

"This brute is truly terrifying when he goes berserk!"

The spectators murmured softly.

At this time, a stream of Dragon Qi flowed in, stabilizing the Ascending Dragon Platform, bringing it back to steadiness.

"Ha ha!"

Gu Rulong reached Mu Jinyu, his massive iron fists, no less than large earthen pots, ferociously struck out, much like a charging bull aiming to bring the heavens down!

It was indeed the martial technique of the Dragon Elephant Sect, the "Great Strength Savage Bull Fist"!

The name suggested it was a Lower Yellow Grade fist technique, but in reality, this fist technique was among the rare supreme-grade Earth-level martial arts in Kunlun Ruins!

Practiced to a masterful skill level, it could easily collapse mountains and split peaks!

"Ha ha ha, this is indeed a rare encounter where I find someone capable of matching my pure physical strength..."

Mu Jinyu, seeing Gu Rulong's iron fists recklessly striking like an eagle soaring across the sky, resembling the horns of an antelope, radiating a profound martial intent, laughed heartily, then raised his palm to clash head-on with him!

"Bang!"

"Crack!"

As fist and palm collided, even though Gu Rulong's iron fists could fiercely battle Flood Dragons, he found he couldn't penetrate Mu Jinyu's bare palms, instead feeling like hitting divine iron, causing his own Qi-Blood to surge unsettlingly...

"Clomp clomp clomp..."

Gu Rulong wanted to hold on, hoping to exchange one more blow with Mu Jinyu, but as Mu Jinyu pushed forward with his bare palms, an overwhelming force rushed towards him, immediately making him succumb, spraying a mouthful of blood and taking several steps backward!

"How is this possible?!"

A crazed disbelief roared in Gu Rulong's heart!

This punch of his had the strength of one Jiao, why couldn't he take down Mu Jinyu, why did it cause himself to cough up blood and retreat instead?

Could Mu Jinyu, at just eighteen years of age, have already achieved one Jiao's strength in pure physical terms?

Pure physical strength, where one thousand pounds equals one Horse's strength, ten Horses make one Elephant, and one Elephant equals one Jiao...

It seemed quite straightforward and easy, but in reality, improving physical cultivation even a little was exceedingly difficult.

One Jiao's strength was a full one hundred thousand pounds!

A casual punch without using True Yuan carried a force of one hundred thousand pounds. What armored vehicle could withstand such devastation?

A light punch or kick, what mountain could block its path?

That is to say, there are no roads in this world, and the steps I take create the paths!

If one concentrated purely on cultivating inner strength without focusing on body refining, generally, cultivators at the Divinity Transformation Realm would only have a strength of four or five Horses!

Cultivators at the Fanxu Realm would only achieve one Elephant's strength, barely possessing ten thousand pounds of force in the later stage!

Gu Rulong had painstakingly tempered his physical body and finally achieved the power of five Elephants!

Yet Mu Jinyu, at merely eighteen, possessed one Jiao's strength. Was he a born Divine Body?

Gu Rulong was unaware that in their previous clash at the inn, Mu Jinyu had not yet achieved one Jiao's strength in pure physical terms.

After refining Phoenix Saliva Grass and undergoing Phoenix Blood Body Tempering, his pure physical strength rose from the power of six Elephants to seven!

He should have been at a disadvantage compared to Gu Rulong under the effect of the secret technique!

But just then, Mu Jinyu was blessed by Earth Pulse Dragon Qi, enhancing his cultivation from the Sixth Layer of the Fanxu Realm to the Seventh!

Yet this Dragon Qi blessing did not merely enhance his cultivation but also tempered his physical body. Since it was Dragon Qi, it aroused the Dragon Qi remaining from when he cultivated in the Dragon Marrow Immortal Spring, enhancing him to the Power of Nine Elephants!

In this form, purely from the physical standpoint, he could rival a Flood Dragon that had the potential to transform into a True Dragon!

And in the Transforming Dragon Platform, Mu Jinyu also comprehended the True Dragon Art, further amplifying his strength.

And just moments ago, Mu Jinyu's fortuitous encounter in activating the "Dragon Transformation Scripture" yielded a full three-layer enhancement!

Without considering speed and cultivation, the increase in his pure physical strength combined with a three-layer increase took him to the strength of One Jiao and Two Elephants!

With such an overwhelming force, Mu Jinyu slapped his palm with immense power, shattering Gu Rulong's formidable iron fist against his pair of physical palms, causing a shock that made Gu Rulong's Qi-Blood surge chaotically and made him rather uncomfortable...

"Thud thud thud..."

Gasping for breath, Gu Rulong couldn't withstand it, and blood gushed out from his mouth, forcing him to retreat several steps backward!

"How is this possible?!"

Gu Rulong couldn't believe what happened in his heart!

His punch had the force of one Jiao, why couldn't he defeat Mu Jinyu with that?

Had Mu Jinyu achieved one Jiao's strength, just at eighteen years old, and turned it into a natural Divine Body?

Gu Rulong did not know that earlier in the inn, when Mu Jinyu clashed with him, he'd managed to reach seven elephants in power from six due to training at the Dragon Marrow Immortal Spring!

He was already supposed to be inferior when not using the secret technique!

But just moments ago, the infusion of Earth Pulse Dragon Qi enhanced Mu Jinyu's cultivation from the Sixth Layer of the Fanxu Realm to the Seventh Layer!

The infusion of Dragon Qi further integrated with the remnants of Dragon Qi still lingering deep in his bones from his cultivation at the Dragon Marrow Immortal Spring, advancing his power to the Power of Nine Elephants!

In terms of pure physicality, he was already comparable to a Flood Dragon on the verge of transforming into a True Dragon!

Moreover, Mu Jinyu perceived the True Dragon Art within the Transforming Dragon Platform, further enhancing his strength and power.

And just now, with a stroke of luck, when activating the "Dragon Transformation Scripture," Mu Jinyu achieved the enhancement of three full layers!

On top of his speed and cultivation advancements, his pure physical power increased by three layers, reaching a power equivalent to One Jiao and Two Elephants!

With such tremendous power, Mu Jinyu's palm strike met Gu Rulong's head-on, underlining his dominance.

At that moment, Mu Jinyu suddenly felt a sense of unease as if someone was gazing at him, and squinted his eyes, preparing for a confrontation given that Chen Huaiyu had already vanished from view while Mu Jinyu was engaged in the clash with Gu Rulong!

Chapter 1022: Life and Death Pursuit! Gravity Domain!

"Swoosh!"

In an instant, a breathtakingly brilliant sword light suddenly appeared on the Ascending Dragon Platform. The cold gleam flickered, the sharpness was revealed, aimed straight at Mu Jinyu's neck, intending to behead him!

It was Chen Huaiyu, who had been lurking for a long time, making his move!

"Ha!"

Seeing this, Mu Jinyu had no choice but to give up pursuing Gu Rulong. After clashing hard with him, he swiftly retreated, using "Fleeting Light Shadow" to evade Chen Huaiyu's sword. His figure twisted mysteriously and disappeared into the light and shadow, vanishing from Chen Huaiyu's attack range!

"Slash!"

Only then did Chen Huaiyu's sword fully unleash its world-shaking sharpness!

In a fleeting moment, a sword arc blossomed, like a celestial flower in full bloom, or a venomous snake flicking its tongue, bursting forth from where Mu Jinyu originally stood.

As this sword burst out, the void trembled lightly, and dense cracks appeared, seemingly about to tear open a large gap at any moment.

Though Gu Rulong was not the main target of Chen Huaiyu's sword, he was an unfortunate bystander, and because his speed wasn't fast enough, he failed to escape the deadly range of this sword in time and cried out miserably.

Everyone saw that Gu Rulong's dragon-like, knotted body, with arms like forged iron, full of explosive power, had a large chunk of flesh sliced off by Chen Huaiyu's sword.

Gu Rulong's physical body was incredibly strong, comparable to a Flood Dragon, yet under Chen Huaiyu's lethal sword, his arm had a large piece cut away.

This was because Chen Huaiyu realized something was wrong and withdrew his hand in time, otherwise, the entire arm might have been lost.

Those watching couldn't help but click their tongues in amazement, their hearts filled with shock.

Chen Huaiyu's timing was precision itself, coupled with his supreme speed. If it had been them facing his surprise attack, apart from perhaps Ji Changxin, who might withstand it with force, the rest would have had to use life-saving secret techniques and suffer serious injuries!

"Smack!"

Just as everyone was shocked by Chen Huaiyu's amazing sword, Mu Jinyu's figure suddenly appeared behind him, and he kicked towards Chen Huaiyu's buttocks!

"Smack!!"

Chen Huaiyu, upon Mu Jinyu's sudden appearance, realized that Mu Jinyu was behind him. Shocked, he wanted to turn and block the attack.

However, since he had to forcibly withdraw his move to spare Gu Rulong's arm, his energy and blood surged backward, leaving him in a state of spent force momentarily. Normally, given a second to adjust, he could have resumed lurking, but now he was unable to do so.

Thus, Chen Huaiyu got kicked in the butt by Mu Jinyu, staggering forward.

Had he not had exceptional skills, he might have fallen flat on his face, looking quite foolish!

Moreover, Mu Jinyu's kick was powerful. If he had fallen in such a manner, he would not only have been bruised and battered but also possibly lost a few teeth!

However, just after Chen Huaiyu steadied himself, Mu Jinyu rushed over again, preparing to kick him off the Ascending Dragon Platform!

At this time, although Gu Rulong was angry that Chen Huaiyu's sword had sliced a large part of his arm flesh, he knew that this was not the moment for internal strife. Individually, they might not be Mu Jinyu's match!

So he roared and unleashed his domain!

Gravity Domain!

Enemies within this domain would endure ten times the normal gravity!

Those lacking power would be crushed into meat paste on the spot!

Even those close to Gu Rulong in strength would have their speed suppressed to the extreme.

Turning from being as swift as a rabbit, as fast as lightning, to moving at a snail's pace.

Allowing Gu Rulong to handle them at will!

Under normal circumstances, Gu Rulong was reluctant to use his Gravity Domain.

After all, once this domain was unleashed, opponents would be hard to find, and he preferred to fight with fists, to temper his physical body more effectively!

But under these circumstances, he couldn't be capricious; he wanted to win, even if he couldn't defeat Mu Jinyu openly and straightforwardly!

And Mu Jinyu, about to kick Chen Huaiyu off the platform, was instantly enveloped by the Gravity Domain.

He felt a heavy, oppressive force bearing down on him, causing his speed to suddenly plummet to the limit!

"Huff huff..."

Chen Huaiyu wasn't targeted by Gu Rulong's Gravity Domain. After noticing Gu Rulong's timely move, he took a few breaths, swiftly retreating and vanishing into thin air. His presence disappeared without a trace.

It was precisely Chen Huaiyu's domain, the Void Domain!

In this domain, he could hide within and could appear anywhere at will to strike down his opponents.

Earlier, his amazing sword strike almost succeeded in assassinating Mu Jinyu in such a manner!

Within this domain, he would be the strongest assassin in the world!

"Hehe..."

Mu Jinyu paid no mind to Chen Huaiyu's escape. Looking at the pale-faced Gu Rulong, who was enduring pain while using his Gravity Domain to save someone, he said, "Your domain is not bad, but in the next second, it will be mine..."

Gu Rulong hadn't caught the meaning of Mu Jinyu's words when his face suddenly changed. He felt a terrifying gravity, overwhelming and irresistible, suppress his Gravity Domain and even himself.

"How... how can you also..."

Gu Rulong exclaimed in disbelief.

This Gravity Domain could not be mastered by ordinary people. Without the cultivation of the Dragon Elephant Prison Suppression Scripture and some long-term secret techniques of the Dragon Elephant Sect, it was impossible to comprehend this domain!

But Mu Jinyu at this moment...

Actually exhibited the Gravity Domain, with the gravity even seemingly exceeding his tenfold magnification!

Possibly around fifteen-fold?!

Suddenly, Gu Rulong recalled his previous speculation that Mu Jinyu also cultivated the Dragon Elephant Prison Suppression Scripture. Initially, he merely guessed, not daring to be certain.

But lightning flashed in his mind, and he was now clear that his speculation was correct. Mu Jinyu definitely cultivated the Dragon Elephant Prison Suppression Scripture!

Sadly, Gu Rulong was indeed right. Mu Jinyu did cultivate the Dragon Elephant Prison Suppression Scripture, but this Gravity Domain was not derived from it!

It was instead emulated from the Slaughter Domain of the Killing Character Secret Technique after witnessing Gu Rulong's performance!

It lacked complete essence!

If not, he wouldn't have merely increased the gravity by fifteen times!

At least thirty times would be considered just barely qualified!

After all, Mu Jinyu was being fully amplified by the Dragon Transformation Scripture, with an overall strengthening by three layers!

The domain naturally included this!

It means, without the Dragon Transformation Scripture's boost, he would only have twelve times gravity, slightly stronger than Gu Rulong's Gravity Domain.

But do remember, Mu Jinyu had originally reached the Seventh Layer of the Fanxu Realm, and with the three-layer boost by the Dragon Transformation Scripture, he reached the Tenth Layer of the Fanxu Realm!

With such cultivation, his Gravity Domain was just marginally stronger than Gu Rulong's.

If they were both at the Seventh Layer of the Fanxu Realm, Mu Jinyu's mimicked Gravity Domain would be inferior to Gu Rulong's!

However, Mu Jinyu didn't care about these details. His purpose in mimicking was simply to break Gu Rulong's suppression!

Chapter 1023: One Punch Divides the Path of Life and Death!

As Gu Rulong exclaimed in disbelief, Mu Jinyu simultaneously deployed the Gravity Domain to suppress his opponent's domain and unleashed the Illusionary Domain, launching countless illusions on the Ascending Dragon Platform directly towards Gu Rulong!

"This... How can you deploy two domains at once?!"

Upon seeing Mu Jinyu activate the Gravity Domain and then immediately follow with another layer of domain, Gu Rulong's face changed dramatically, "Isn't this supposed to be a skill only possessed by the Unity Realm Stage mighty?!"

Unfortunately, his question was destined to go unanswered.

Mu Jinyu couldn't be bothered to respond and aimed a punch at his face!

Gu Rulong's Divine Sense was sharp too; he immediately sensed Mu Jinyu's True Body appearing before him.

Thus, he gritted his teeth fiercely and retracted the Gravity Domain to protect his surroundings, significantly reducing the gravity he endured, leaving only about five times gravity!

And this amount of gravity was nothing to him.

After all, he refined his physical body, often training under dozens of times gravity!

This five times gravity hardly affected him!

"Hah!"

Feeling unrestricted in movement, Gu Rulong, although slower than usual, still regained the ability to counterattack!

With a roar, Gu Rulong raised his palm confidently to clash against Mu Jinyu's punch!

"Pop!"

Gu Rulong's palm was immediately pierced by the punch, blood flowed profusely, and then Mu Jinyu delivered a kick to his jaw, dislocating it, sending him rocket-like into the sky with a swoosh!

Luckily for Gu Rulong, his physical body was terrifying; had it been someone else, it wouldn't be just a dislocated jaw, but a shattered jaw and a destroyed head!

Having kicked Gu Rulong into flight, Mu Jinyu didn't follow up chasing in the air, sneering coldly, "Clown!"

"Hah!"

Mu Jinyu shouted wildly, gathering Qi into his Dantian, inducing the Heaven and Earth Vital Energy over thousands of miles to converge in his palm, then released it within the ten-zhang Ascending Dragon Platform!

"Boom!!"

A huge mushroom cloud instantly blossomed on the Ascending Dragon Platform.

"Cough cough cough..."

Soon after, Chen Huaiyu, who was hidden in the void, appeared embarrassed, with a listless expression, continuously coughing up blood!

Due to the rules of the Ascending Dragon Platform, which dictated that combat could only occur within the ten-zhang area of the platform and its height above!

Hence, under Mu Jinyu's all-encompassing strike, Chen Huaiyu naturally couldn't withstand it, nearly being killed, forced out!

"Hah..."

Mu Jinyu sneered coldly, then lifted his Gravity Domain, unleashing his transparent Illusionary Domain gained from insights with the "Fleeting Light Shadow," teleporting into the air, raising a palm to strike directly at Chen Huaiyu!

"He's really doing it, defeating us in the field everyone excels at!"

Upon seeing Mu Jinyu disabling the Gravity Domain, retaining only his Illusionary Domain to contend with Chen Huaiyu, everyone had a complex expression.

If Mu Jinyu employed both domains as before against Gu Rulong to deal with Chen Huaiyu, Chen Huaiyu's speed would be suppressed, and he'd lose quickly!

But Mu Jinyu had declared he'd utterly crush their confidence within their best domain, so at this moment, he truly abandoned the Gravity Domain directly!

Thus, his chances of defeating Chen Huaiyu greatly decreased, and there was even a possibility for Chen Huaiyu to seize an opportunity to turn tables!

Therefore, everyone deeply admired Mu Jinyu for truly doing as he said!

"Hoo!"

Mu Jinyu's speed was superb, not inferior to Chen Huaiyu, leaving dozens of residual fantasy shadows in his wake, appearing before Chen Huaiyu, raising a palm to meet his sword!

"Clang!"

The clash of palm and sword, with the force of Chen Huaiyu's hurried sword swing, compared to Mu Jinyu's full-powered strike, was unsurprising; his Spirit Sword, which could capture light and almost hide in shadows, was knocked down by Mu Jinyu!

Due to body refining, Mu Jinyu's hand only suffered a bloodstain, without any severe injury!

"Your speed is too slow, isn't it? And you dare claim dominance among your peers?"

After knocking down Chen Huaiyu's Spirit Sword, causing him to cough blood with severe injuries, Mu Jinyu mocked coldly, swiping his foot to teleport to another location!

Just as Mu Jinyu appeared three meters to the right, Chen Huaiyu's figure stealthily appeared before him!

He predicted his prediction!

"How is it possible?!"

Chen Huaiyu screamed in his heart!

"Smack!!"

"I believe you're moving at a turtle's pace!"

Before he could angrily question how Mu Jinyu achieved it.

Mu Jinyu spoke coldly and then slapped his back heart, like dunking, hurling him straight downwards towards the Ascending Dragon Platform!

"Even snails crawl faster than you!"

Mu Jinyu swiped his foot, appearing ten meters below, four meters to the left!

Immediately, Chen Huaiyu's blood-stained body appeared beneath Mu Jinyu's feet.

To outsiders, it seemed as if Chen Huaiyu voluntarily threw himself under Mu Jinyu's feet for him to trample!

Mu Jinyu fiercely stomped on Chen Huaiyu's rear waist, coldly laughing, "With your speed, you'd better carry a turtle shell and ride a snail to go running; unable to outrun others, you can at least say you're the turtle bastard!"

"Pop!"

Chen Huaiyu spewed a mouthful of blood containing numerous organ fragments!

Then, utterly unable to support himself, he plummeted down like a meteor, fiercely crashing into the Ascending Dragon Platform below!

The Ascending Dragon Platform's special material, now secured by a strand of Dragon Qi, naturally wouldn't be shattered into a deep pit by Chen Huaiyu, instead, Chen Huaiyu himself was hit dizzy, his eyelids rolled over, falling into unconsciousness!

"Whoosh!"

With Chen Huaiyu gravely injured and unconscious, unable to fight further, the Loach Dragon Soul above his head dimmed immediately, then a strand of Dragon Qi flowed towards Mu Jinyu in the sky.

And his body, escorted by Dragon Qi, returned to the original Secluded Dragon Platform!

After absorbing a share of Chen Huaiyu's Dragon Qi, the Flood Dragon Soul above Mu Jinyu's head appeared more majestic, and soon would transcend into a dragon!

"Ah!"

At this moment, Gu Rulong, kicked into the sky by Mu Jinyu like a sky-bound monkey, awakened from semi-unconsciousness, fixed his dislocated jaw with a pinch, then roared furiously, aggressively boosted True Yuan, with Profound Yellow Light flickering on his hands!

"Boom!!"

Profound Yellow Light expanded rapidly, within moments, transforming into two enormous round stones thirty-zhang in diameter, gleaming with blazing Earthly Qi!

"Hah!"

Gu Rulong roared furiously, then hurled the Raw Stones in his hands towards Mu Jinyu below like the Immortal of Colossal Spirit tossing mountains!

Humiliated by Mu Jinyu's attack, Gu Rulong, no longer wanting to engage in fierce hand-to-hand combat, sought to defeat Mu Jinyu with magical techniques!

"Ignorance!"

Mu Jinyu had just defeated Chen Huaiyu and was readying to ascend to confront Gu Rulong again, only to see Gu Rulong ruthlessly unleash his killing move!

With a disdainful sneer, he reached out with both hands, forcefully tugging, tearing the gigantic descending Earthly Stones apart into scattered fragments, dissolving them!

Afterward, he soared upwards, charging towards the sky, fiercely engaging Gu Rulong standing in the air.

Their hand-to-hand combat was Gu Rulong's favorite fighting style!

But Gu Rulong's strength was entirely suppressed by Mu Jinyu, and this form of combat now made him feel extremely stifled.

Also made him understand the feeling of those once defeated by him!

Chapter 1024: Endless Rotation Battles! Achieve the Invincible Path!

Mu Jinyu and Gu Rulong fiercely battled in the air for several rounds.

Ultimately, it was Gu Rulong, who always relied on brute strength, who was defeated by Mu Jinyu's Invincible Iron Fist. He was knocked down and fainted on the Ascending Dragon Platform, ending in defeat and resentment!

"Buzz!"

At this moment, the Flood Dragon Soul above Gu Rulong's head also dimmed significantly.

Afterward, a strand of Dragon Qi separated and surged toward Mu Jinyu!

The Dragon Souls and Dragon Qi forged by the various Heaven's Pride seemed to have absorbed their fortunes and Martial arts will. Although Mu Jinyu merely absorbed a portion of their Dragon Qi, it caused the scales on the Four-Clawed Jiao Dragon above his head to shine with even more brilliant light. The fleshy bulges on its head and the claws on its limbs slightly protruded.

It seemed about to grow a fifth claw on its limbs!

Transforming into a Five-Clawed Golden Dragon!

"Roar!"

The Four-Clawed Jiao Dragon, having absorbed the Dragon Qi, suddenly raised its head and let out a clear and resounding dragon roar, carrying a sense of exhilaration, as if anticipating a more rapid transformation!

The various Heaven's Pride on the Secluded Dragon Platform, upon witnessing this scene, showed more apprehension and unease!

"This guy actually won even when fighting two opponents alone!"

"Moreover, he fought one person first before battling two more! Even so, he still won!"

"This freak, do we really have any chance of winning against him?"

"No, we must stop him. The Flood Dragon Soul above his head is almost becoming a dragon!"

"Hopefully, he'll still be fighting two at once next time!"

"..."

The crowd exchanged uneasy messages among themselves.

At this moment, their pride as unparalleled Heaven's Pride seemed thoroughly crushed by Mu Jinyu.

Few still thought of challenging Mu Jinyu one-on-one, blocking his path to ascension, and devouring his boundless Dragon Qi. Instead, they placed their hopes on the Ascending Dragon Platform, hoping it would be another one-on-two battle!

"Phew..."

Mu Jinyu stood in place, unaware of their exchanged messages and unease, gently exhaling a breath. He felt somewhat exhausted.

After all, using strength against a tough-skinned opponent like Gu Rulong indeed left his palms aching.

"Buzz!"

At this moment, the unconscious Gu Rulong was also sent off the Ascending Dragon Platform by Dragon Qi.

Then, Mu Jinyu was about to leave the Ascending Dragon Platform and return to the Secluded Dragon Platform for a rest.

"Buzz!!"

The Flood Dragon Soul above his head once again burst forth with incomparably dazzling golden light!

"What's happening?!"

"Is it really him continuing the fight again?!"

"Is the Ascending Dragon Platform dissatisfied with his arrogance, wanting to break his path to ascension?"

"Hahaha...good, hopefully, it's another one-on-two battle to see how many rounds he can withstand!"

Amidst the crowd's wanton laughter.

Among the thirty-six Secluded Dragon Platforms floating around the Hidden Dragon Square, three beams of brilliant light suddenly erupted.

"What? This...one against three?!"

"To such an extent?!"

"Haha, wouldn't this mean an even greater chance of winning, very good, very good..."

The crowd laughed joyfully, then they noticed the three selected by the Ascending Dragon Platform as Mu Jinyu's opponents were: Ji Changxin! Chu Xingyun...

And Li Zhexiong!

The appearance of Ji Changxin and Chu Xingyun filled them with ecstatic joy!

Ji Changxin, known as the top Heaven's Pride in Kunlun Ruins, naturally possessed the aura to command the entire arena. Even though Mu Jinyu had stolen his glory, he couldn't overshadow his extraordinary presence!

Some even believed, that Ji Changxin alone might be enough to suppress Mu Jinyu, whose transformation into a dragon seemed imminent!

As for Chu Xingyun, his reputation in Kunlun Ruins was not inferior to Ji Changxin's.

Once, in pursuit of the One-Sword Manual, he slaughtered a Super Clan, albeit a fallen one, aided by the absence of its elders who were engaged elsewhere, showcasing his audacity and terrifying might!

Their combined strength was undeniably stronger than Gu Rulong and Chen Huaiyu!

And with three joining forces, they could sweep away anyone present.

The only dissatisfaction was...

Why did the third choice have to be Li Zhexiong?

Although Li Zhexiong performed well earlier, defeating Lingxiao with one sword, he ultimately only had the early stage cultivation of the Fifth Layer of the Fanxu Realm.

In such a scenario, he was evidently not the best choice.

Whether Xuanyuan Qianqiu or other descendants of Noble Families would have been far more suitable for the trio to besiege Mu Jinyu!

However, since the Secluded Dragon Platform chose this way, they couldn't stop Li Zhexiong or replace him with themselves!

"Hehe...actually letting me join the siege..."

The previously silent Chu Xingyun suddenly opened his eyes on the Secluded Dragon Platform, a fleeting blood-red gleam flashing in his eyes, showing a bloodthirsty flavor.

"But well, whether it's a siege or a duel, it doesn't matter to me. At most, I'll share your Dragon Qi with them first, then kill them afterwards!"

As Chu Xingyun finished speaking, his figure swept forward, transforming into a crimson blood light, and swiftly reached the Ascending Dragon Platform.

Ji Changxin lightly sighed, seemingly regretful yet somewhat relieved. The crowd couldn't discern the complex meaning contained in his sigh.

Step forward, he also arrived at the Ascending Dragon Platform.

Afterward, Li Zhexiong, with dreamy eyes, his gaze becoming empty, murmured words unknown, stepping forward and standing on the Ascending Dragon Platform.

"Hahaha..."

Mu Jinyu, seeing this, abandoned the thought of resting and laughed towards the sky, his laughter full of unabashed meaning, saying: "Very well, the Transforming Dragon Platform recognizes my path to ascension and doesn't wish to stop the fight, wanting me to continue transcending amidst the blood rain! Giving you the honor to fulfill my Invincible conviction!"

"Once you're defeated, I might just achieve the True Dragon body!"

Upon hearing Mu Jinyu's words, Chu Xingyun snorted coldly, saying: "Hmph! Ignorant of the danger!"

Finished speaking!

He abruptly unsheathed his blade, the dazzling blade light carried a crimson glow, emitting a rich bloody scent, directly slashing towards Mu Jinyu!

"Since you boast of defeating us in our strongest Domain, I want to see if you truly possess Absolute Sword and Blade skills!"

"Clang!"

Mu Jinyu flicked his wrist, drawing forth a long blade from the Storage Bag, gained from some unlucky deceased!

With a powerful swing, a blood-red blade light equally matched with Chu Xingyun's shot forward, clashing together with his!

"Bang!"

The blade lights collided, instantly dissipating!

Unbelievably evenly matched!

"Ha!"

"Blood Prison Demon Sealing Slash!"

Chu Xingyun swung his blade again, in an instant, blood-red blade light enveloped the entire Ascending Dragon Platform, densely packed and forging a prison seemingly made of blood!

Then, the blade light converged inward, aiming to entrap Mu Jinyu within!

"Ha!"

Mu Jinyu similarly swung his blade, "Blood-Colored Mirroring Rivers and Mountains!"

"Slash!!"

Instantly, the long blade in his hand exploded with boundless brilliant blood-colored light!

The entire Hidden Dragon Square seemed to rise a scarlet sun, turning all vision into a sea of red, with no other color.

With the strike of the Intent Domain killing move Blood-Colored Mirroring Rivers and Mountains, it instantly shattered Chu Xingyun's blood-red prison, then surged toward Chu Xingyun!

Seeing this, Chu Xingyun's expression changed dramatically, losing initial arrogance, as he both defended and shouted to Li Zhexiong and Ji Changxin:

"Why are you standing there? Attack quickly!"

Chapter 1025: Perilous Situations! Fierce Battles!

"Sigh..."

Seeing Chu Xingyun struggling to hold on, Ji Changxin sighed softly, seemingly abandoning his pride, and joined in the fray.

"Hah!"

With a soft shout, a domain spanning 150 meters enveloped the entire Ascending Dragon Platform in the blink of an eye!

As the domain appeared, a phantom figure also stood firm in front of Chu Xingyun. With a raised hand and drawn blade, a crimson blade light slashed out, matching Mu Jinyu's Blood-Colored Mirroring Rivers and Mountains, and the red light flickered, dissipating together.

"Kill!"

A cold voice filled with overwhelming killing intent shouted, followed by dozens of phantom figures appearing on the left and right, each wielding a long blade.

Their movements were uniform, drawing their blades to slash, with an endless killing intent emanating, unstoppable like iron steeds in battle!

"Swish!"

The blood-colored blade light broke free, finally converging into a nearly ten-foot-high blood-colored blade light, boldly striking towards Mu Jinyu!

"Hmm?!"

Mu Jinyu squinted his eyes, slashed, "Blood Refining the Sky!"

In an instant, the Blood Prison activated, destroying the seemingly unrivaled blood-colored blade light.

But at the same time, dozens more phantom figures appeared on the Transforming Dragon Platform, again waving their blades, performing the just-executed Blood Refining the Sky by Mu Jinyu!

"What domain is this?!"

"This is Ji Changxin's most powerful domain, seemingly called the Battle Domain. Within his domain, all killing moves and divine skills will be mimicked, amplified by more people executing them together, making its power even more terrifying, unstoppable!"

"In this case, Ji Changxin alone is enough to handle this guy!"

"Not necessarily; this guy has many domains, maybe there is a way to break free from Ji Changxin's domain confinement and suppression!"

"Hmm, but with three people joining forces, he will surely lose!"

A dozen nearby Heaven's Pride watching closely became excited as they saw Ji Changxin take action, and Mu Jinyu fell into decline.

"Humph!"

At that moment, Mu Jinyu narrowly avoided the combined move Blood Refining the Sky of dozens of people on the Transforming Dragon Platform, just about to test a few more moves.

Chu Xingyun and Li Zhexiong also joined in the fray.

Chu Xingyun's eyes burst forth with insane killing intent, swinging his blade out, the force of the blade condensed into one entity, shaking the void, the Transforming Dragon Platform became unstable, blade light threatening to split the sky, slashing towards Mu Jinyu!

Li Zhexiong, with hollow eyes lacking any emotion, appeared like a killing machine, his movement technique deployed, directly chasing Mu Jinyu, getting extremely close to the terrifying blade light swung out by Chu Xingyun.

If he's not careful, he could be swept into the blade light and turned into a pulp!

Yet Li Zhexiong showed no signs of fear, still walking side by side with the blade light, ready at any moment to launch his fatal slash!

For normal people, even Heaven's Prides like Ji Changxin or Gu Rulong wouldn't dare to be bold and confident enough like Li Zhexiong, attacking so close to the lethal blade light.

Because if not careful, one's life could truly be at risk!

But Li Zhexiong is truly different; his cultivation of the Selfless State made him a complete madman.

In normal combat, there may be countless opportunities to deliver a fatal blow to the opponent, but though they reveal a flaw, it is also a trap. If you dare attack that flaw, the opponent can likewise strike your vital point, forcing you to withdraw to block, to avoid mutual destruction!

Because of fear, hesitation, and caution, people in battle can't completely disregard everything, choosing even at the cost of losing an arm or having their Dantian ruined to kill the enemy!

But the Selfless State allows a person to fight with a "truly selfless" mindset, not hesitating at the moment of seeing the opponent's fatal flaw, seizing the chance to deliver a killing blow.

Even if the cost is losing an arm, a ruined Dantian, or being struck at a vital spot by the opponent, resulting in mutual destruction.

Because at the moment of seizing the opportunity to strike, they have already forgotten their own existence...

Thus, these people are genuine madmen!

For this reason, the Selfless State is indeed extremely powerful, but within the Kunlun Ruins, few dare cultivate it because of this reason!

The blade light is getting closer and closer to Mu Jinyu.

Li Zhexiong, with hollow eyes, also in a forward-charging posture, thrusting his sword to kill Mu Jinyu, ready to unleash a fatal blow at any moment!

Behind them, Ji Changxin controlled his domain, once again condensing dozens of phantom figures, either deploying Mu Jinyu's killing moves or replicating Chu Xingyun's killing moves, all besieging Mu Jinyu!

Mu Jinyu, at this moment, was facing an unprecedented crisis!

Chu Xingyun represented the ultimate killing path of his generation.

Ji Changxin represented the invincible domain of his generation!

Li Zhexiong, his intent domain accomplishments, once at the Seventh Layer of the Divine Transformation Realm, had slain a Fanxu Realm expert, now years later, his cultivation reached the Fifth Layer of the Fanxu Realm, not to be underestimated!

"Not bad, now that's more like it!"

Mu Jinyu at this moment, his eyes appeared increasingly calm, his gaze starting to show a lack of emotion!

He had pushed the My Way State of Mind to its limit!

"Hah!"

Then, Mu Jinyu let out a long shout, deploying Fleeting Light Shadow, instantly bypassing that terrifying blade light and Li Zhexiong's siege, directly rushing in front of Chu Xingyun.

"Kill!"

He then formed a Fist Seal, deploying the Killing Character Secret Technique, battling fiercely with Chu Xingyun.

In just an instant, he continuously performed Chu Xingyun's previous blade light, Sun and Moon Descent, Sun and Moon Shine Together, Dragon and Phoenix Unity, Heaven and Earth Overturn, and other intent killing moves...

Though Chu Xingyun was immensely powerful among his peers, faced with so many killing moves, he found it hard to manage, overwhelmed and eventually was slashed out of the Transforming Dragon Platform by Mu Jinyu!

"Swish!"

A wisp of Dragon Qi separated from the Dragon Soul above Chu Xingyun's head and then soared towards the Flood Dragon Soul above Mu Jinyu's head!

It wasn't long before the Flood Dragon Soul above Mu Jinyu's head appeared increasingly grand, vividly alive!

Afterward, Mu Jinyu evaded the pursuing Li Zhexiong behind him and directly controlled the Transparent Domain, teleporting near Ji Changxin!

At this moment, Mu Jinyu was fully unleashed, sequentially activating the Slaughter Domain derived from the Killing Character Secret Technique, the Myriad Phenomena Domain from the Dragon Elephant Prison Suppression Scripture, the Green Emperor Domain from the Green Emperor's Wood Emperor Art, and the Glimmering Light Domain from Fleeting Light Shadow!

He activated them all and melded them together, making his domain completely comparable to Ji Changxin's Battle Domain, even surpassing it!

Ji Changxin's domain only had the ability to create illusions and replicate the killing moves of those within.

But Mu Jinyu's domains merged together, also possessing the ability to create illusions, replicate moves, while allowing his illusions to teleport, strip away vitality, etc...

In an instant, all illusions created by Ji Changxin were shattered by Mu Jinyu's illusions, charging towards him, placing him in perilous situations!

Chapter 1026: Finally Encountering Obstacles! Invincible Broken?

"Crackle!"

"Boom!!"

Ji Changxin created numerous illusions, but they were quickly shattered by Mu Jinyu's illusions. Moreover, Mu Jinyu's illusion attack speed was far faster than Ji Changxin's reproduction speed, completely suppressing him.

At this moment, Ji Changxin's expression changed drastically.

He knew that relying solely on his domain, he would probably struggle to disrupt Mu Jinyu.

Therefore, Ji Changxin gritted his teeth and prepared to personally use his divine skills to deal with Mu Jinyu!

Unfortunately, when Mu Jinyu saw his intention, he suddenly exerted divine power, causing all the illusions to move simultaneously, directly interrupting Ji Changxin's move and sending him flying off the Ascending Dragon Platform, spitting blood.

If it were a one-on-one fight, Mu Jinyu wouldn't mind letting Ji Changxin use all his skills to completely crush his confidence!

But at this moment, there was still Li Zhexiong behind him!

Mu Jinyu didn't want to delay any further. As long as he could prove that he was far superior to Ji Changxin in the domain, suppressing him until he couldn't fight back, there was no need to let Ji Changxin waste his time on his weaknesses.

"Whoosh!"

With Ji Changxin's defeat, a Dragon Qi far more substantial than others separated from the Great Ran Dragon Spirit above his head and surged toward Mu Jinyu.

With the loss of this Dragon Qi, Ji Changxin's Great Ran Dragon Spirit regressed directly back to the form of a Great Python!

He would need to sweep through the entire arena and defeat everyone else except Mu Jinyu to turn his Dragon Spirit back into a Great Ran, but a Flood Dragon was destined to be impossible!

As for Mu Jinyu's Flood Dragon Soul above his head, after swallowing Ji Changxin's massive Dragon Qi,

it suddenly expanded rapidly, reaching a length of over ninety meters, appearing even more majestic and extraordinary.

What made everyone uneasy was that the horn on top of the Flood Dragon, originally similar to a unicorn's horn, had now transformed into deer antlers; these were Dragon Horns!

Moreover, its limbs' claws had changed from four to five!

In appearance, it was already a Five-Clawed Golden Dragon!

The only thing preventing it from being called a True Dragon...

is probably that its throat has not yet grown the last piece of Dragon's Reverse Scale!

Perhaps, once Mu Jinyu defeats Li Zhexiong and absorbs his strand of Dragon Qi, it can successfully grow that reverse scale!

Or perhaps Li Zhexiong is not enough; he may need to defeat a few more monstrous Heaven's Pride on the scene!

"Huff... this feeling is really good..."

As the Flood Dragon Soul transformed more into the shape of a True Dragon, Mu Jinyu exhaled deeply, feeling very comfortable.

Some of the fatigue from several consecutive battles dissipated significantly!

Then, Mu Jinyu turned around, glaring coldly at the pursuing Li Zhexiong behind him!

Aside from his impressive Intent Domain achievements, Li Zhexiong's speed and strength weren't at a level that surpassed his peers.

Even Gu Rulong and Chen Huaiyu's strength and speed were much stronger than his!

Because of this, Mu Jinyu managed to divide and conquer, avoiding Li Zhexiong and consecutively defeating Chu Xingyun and Ji Changxin!

Otherwise, if his speed hadn't been inferior to Chen Huaiyu's, and he got entangled with them, Mu Jinyu might not have guaranteed that he could turn the tables against their combined attack!

But now, with only Li Zhexiong remaining, Mu Jinyu didn't think he needed to avoid him anymore!

On the Secluded Dragon Platform, Lingxiao, Xuanyuan Qianqiu, and others sighed as they watched only Mu Jinyu and Li Zhexiong left on the Ascending Dragon Platform.

"Sigh, how did it come to this!"

"Ji Changxin and Chu Xingyun are both defeated, leaving only that old guy at the Fifth Layer of the Fanxu Realm. What chance does he have against Mu Jinyu?"

"Is there really no way to stop Mu Jinyu's rise? It's so frustrating!"

None of them had confidence in Li Zhexiong, thinking that Mu Jinyu was too lazy to deal with him before tackling the troublesome Chu Xingyun and Ji Changxin, hence giving him the chance to remain on the Ascending Dragon Platform.

But the scene of Mu Jinyu and Li Zhexiong's head-on collision that followed left them incredulous, their eyes nearly falling out of their sockets!

"Clang!"

"Bang!"

"Clang clang!"

As Mu Jinyu charged at Li Zhexiong, he sheathed the long knife, withdrew his various domains, and fully exerted his My Way State of Mind before clashing with Li Zhexiong with a sword.

The crowd was shocked to find that in the clash between Mu Jinyu and Li Zhexiong, Mu Jinyu was the one at a disadvantage!

"What's going on?"

"Why is Li Zhexiong getting the upper hand?"

"I understand now. Mu Jinyu is still adhering to his promise to defeat us within our strongest domains, so against Li Zhexiong, he refrained from using the Path of slaughter and domains, choosing to battle with Intent Domain against Li Zhexiong, but his Intent Domain is just not as strong as Li Zhexiong's!"

"Great, finally someone who can suppress him!"

"Perhaps there's hope to curb his path to ascendance!"

"Now we all have a chance, haha..."

"Hmph, who told him to arrogantly claim he could easily defeat us, but insists on defeating us in our strongest aspects? Now he's hit a brick wall!"

Previously, seeing Mu Jinyu suppressing Ye Wushuang in Sword Dao, overpowering Gu Rulong in strength, outrunning Chen Huaiyu in speed, dominating Ji Changxin in domain, and overbearing Chu Xingyun in the Path of slaughter...

Everyone truly believed Mu Jinyu was like a War God descended into the world; otherwise, how could he already be unmatched in various fields at just eighteen!

It left them with dejection and hopelessness!

But now, seeing Li Zhexiong's Intent Domain surpassing Mu Jinyu's, they were all rejuvenated, regaining their confidence.

Not only did they now feel that Mu Jinyu was no longer an invincible existence.

They also believed that if Mu Jinyu fell to Li Zhexiong, with a large portion of Dragon Qi transferred to Li Zhexiong.

They wouldn't need to be like Mu Jinyu, arrogantly needing to suppress the opponent with pure intent alone. They could use other means to defeat Li Zhexiong and take his Dragon Qi.

This way, they might still have a chance to become a dragon!

Meanwhile, the fight between Mu Jinyu and Li Zhexiong grew increasingly perilous.

"Slash!"

Li Zhexiong's excellence wasn't limited to his unmatched Intent Domain; his Sword Dao prowess also far surpassed that of Ye Wushuang!

As Li Zhexiong's sword cut through, numerous scenes of slaughter surged, stirring up Mu Jinyu's spirit, causing him discomfort, nearly shattering his My Way State of Mind!

'No, his prowess in Intent Domain is indeed too strong, while I'm weakest in this aspect. What should I do?'

As Mu Jinyu dodged, avoiding Li Zhexiong's sharpness, he pondered internally.

His cultivation journey has been smooth. Whether in cultivation, strength, speed, or domain, all are achieved through his own cultivation insights.

It's only in the Intent Domain that he gained insight from absorbing Sword Qi in the Heavenly Sword Pool, not entirely his own comprehension.

Moreover, his cultivation speed was too fast. Although there were no hidden dangers left in the realms, the result was even weaker accomplishments in Intent Domain!

Ironically, Intent Domain is actually a reflection of the State of Mind and can't be easily enhanced and mastered like Pure Physical Strength or Domain!

'Am I really going to lose to him? Should I just use my domain to defeat him directly?'

A thought suddenly flashed in Mu Jinyu's mind.

But soon, Mu Jinyu shook his head strongly, rejecting the notion internally.

As he had already spoken, if he defeated Li Zhexiong not through the Intent Domain, resorting to other means.

Being mocked would be one thing.

The most important aspect is that it would greatly damage his invincible belief, perhaps even leading him to victory at the cost of becoming entirely broken.

He would rather lose this battle against Li Zhexiong, having the chance for future redemption through shame.

Rather than preserving his reputation through evasive tactics!

Chapter 1027: Heaven and Earth, Only I Am Supreme!

When Mu Jinyu made up his mind that he would rather lose to Li Zhexiong in the end than defeat him using a domain, or pure physical strength.

His mind suddenly became clear, and his Essence, Qi, and Spirit became more refined.

This unyielding will actually elevated Mu Jinyu's My Way State of Mind significantly!

Although he still couldn't match Li Zhexiong, the gap was no longer vast!

"Whoosh, whoosh, whoosh!"

Li Zhexiong's Divine Sense, enhanced by the Selfless State, became extremely sharp, and he immediately noticed the elevation in Mu Jinyu's intent domain.

His hollow eyes suddenly became even colder, and a killing intent erupted!

Then, he swung the sword in his hand with great force, and countless Sword Qi shot towards Mu Jinyu!

Subsequently, Li Zhexiong performed a sword technique, and spirit treasure-level sword soldiers shot out from his storage bag, forming various sword arrays!

Ice Fire Dual Polarity Sword Formation!

Triple Demon Sound Sword Formation!

Four Symbols Eight Extremes Sword Formation!

Five Elements Chaotic Sky Sword Formation!

Six Paths Reincarnation Sword Formation!

Seven Stars Purple Micro Sword Formation!

Eight Trigrams Shifting Sword Formation!

Nine Heavens Thunder Fire Sword Formation!

Ten Directions Infinite Sword Formation!

...

The formation of these sword arrays not only made the pressure on Mu Jinyu in the field intensify suddenly, making his dodging increasingly perilous.

The people outside on the Secluded Dragon Platform were also shocked by Li Zhexiong's methods!

"Wow, aren't these sword formations the handiwork of the legendary Sword Immortal of the Kunlun Ruins, the Thousand Sword Elder?"

"They really seem like it. Could this guy have gotten the true legacy of the Thousand Sword Elder?"

"It's possible, really enviable!"

"I heard that the Thousand Sword Elder also practiced the Selfless State, thus having an extremely powerful soul, capable of transforming his spiritual thought into thousands, allowing him to control thousands of swords effortlessly!"

"Yes, the Selfless State has many drawbacks, but in terms of spiritual thought division, it's terrifying beyond words..."

"No wonder this guy dares to cultivate the Selfless State, it turns out he only dares because of the endless sword formations of the Thousand Sword Elder!"

"Yes, if I had gotten the legacy of the Thousand Sword Elder, I wouldn't mind being a madman either!"

"..."

Hearing the chatter from the people outside, Mu Jinyu, who was constantly evading, had a shift in expression, and he also thought of the characteristics of the Selfless State.

The Selfless State has many aspects that are detested, worse than the Only Sword Intent.

But its strength and advantage are that it can truly allow its master to fundamentally forget their own existence.

If one forgets oneself, then where does oneself exist?

Thus, when caught in the Selfless State, one will continuously seek the self.

In the process of seeking oneself, inevitably, spiritual thought will leave the body, trying to find which object around it is the self.

When first cultivating the Selfless State and falling into this situation, it's like an idiot, very dangerous, and easy to be killed by others!

But once the Selfless State reaches the Completion Stage, the cultivator can easily forget themselves at any moment and also recall themselves at any moment, thus being able to easily control all ownerless things around!

Controlling the entire arena!

A powerful figure once said, when dueling a Completionist of the Selfless State, be sure not to fight in places with fallen leaves and soil, and pay attention to the weather, no wind, no rain...

Otherwise, these environmental factors will all become the help of a Selfless State cultivator!

The opponent doesn't need to expend much True Yuan to make every raindrop unleash its full power strike!

What a terrifying power that is!

Simply invincible!

And even without the help of these weather and environmental factors, the Selfless State cultivator will naturally create an advantageous environment for themselves!

Such as...

Various sword formations!

"Szzz!"

The Five Elements Chaotic Sky Sword Formation, five flying swords of different colors, using the Eight Trigrams Shifting Sword Formation, teleported behind Mu Jinyu, striking his limbs and head in an instant!

If Mu Jinyu's physique hadn't been tempered to the strength of One Jiao and Two Elephants, just this strike would've destroyed him!

"Boom!!"

"Bang!"

Mu Jinyu's body shook, blood poured from his mouth, he turned and punched to destroy a dirt-yellow longsword, and with another punch absorbed the essence of the cyan longsword, breaking the Five Elements Chaotic Sky Sword Formation!

The dirt-yellow longsword was the Five Elements Earth Sword, and Mu Jinyu's True Yuan happened to be of the Wood Attribute, which counteracts earth, allowing him to easily destroy it.

And that cyan longsword was naturally the Five Elements Wood Sword, under the control of the Green Emperor's Wood Emperor Art. All vegetation was controlled by the Green Emperor True Yuan, so it was normal for it to be absorbed of its Essence Qi and rendered useless!

As the Five Elements Chaotic Sky Sword Formation was broken, before Mu Jinyu could turn to attack Li Zhexiong!

Li Zhexiong again controlled the Ice Fire Dual Polarity Sword Formation, Triple Demon Sound Sword Formation, Four Symbols Eight Extremes Sword Formation, Six Paths Reincarnation Sword Formation, Seven Stars Purple Micro Sword Formation, Nine Heavens Thunder Fire Sword Formation, and the Ten Directions Infinite Sword Formation...

All using the Eight Trigrams Shifting Sword Formation, teleported to various locations around Mu Jinyu!

Instantly, ice and fire spread, demonic sounds roared, the Four Symbols moved together, Six Paths obliterated, thunder fire reverberated, all launching a joint attack on Mu Jinyu!

"Puff!"

Mu Jinyu was unable to dodge, his body bore the brunt of the assaults, cracking open with blood pouring out, turning him into a blood-stained man!

"My heavens, this is too terrifying!"

"Purely on intent domain, he might even rival the big figures of the Heavenly Palace!"

"Damn, I originally thought of waiting until he used his intent domain ability to defeat Mu Jinyu, then I would use strong divine skills to defeat him and seize part of his Dragon Qi. Now it seems, he might be even more terrifying than Mu Jinyu!"

"It's not that he's stronger than Mu Jinyu, rather in the domain aspect, he can suppress Mu Jinyu, while Mu Jinyu is constrained. If Mu Jinyu were to go all out, with his pure physical strength, invincible speed, plus advantages in domains and soul, Li Zhexiong might not be his match!"

"Indeed, it's self-inflicted. He's limiting himself to death!"

"If he chooses to break his word and unleash full power, even though he might defeat Li Zhexiong and become the Hidden Dragon List leader, his life would be ruined!"

"That's not bad either, if it were me, I'd rather earn the title of Hidden Dragon List leader honorably. Even if my cultivation doesn't advance further, or even regresses, at least I would've won the Kunlun Dragon Veins for my family!"

"True, everyone has their choices, but obviously Mu Jinyu isn't willing to do that!"

Amid the crowd's external commentary, whether mocking, schadenfreude, or pity from the Secluded Dragon Platform, Mu Jinyu paid no heed. Despite bleeding all over and deathly pale, his eyes shone with particular brightness and fright!

During the battle with Li Zhexiong, he no longer cared about Li Zhexiong's attacks or his own injuries...

After all, with Life Source Energy present, he might get severely injured, but he wouldn't just die!

So, he kept pondering, what exactly is My Way State of Mind!

What am I?

Do I even truly exist...

Just when Mu Jinyu was contemplating these questions, nearly driven to madness, caught in a process similar to the Selfless State's search for self, the mystical little tree in his Sea of Consciousness suddenly shivered gently.

Instantly, speckles of clear light overflowed from the little tree, pouring into Mu Jinyu's Sea of Consciousness, soothing his nearly collapsing mind!

Mu Jinyu immediately calmed down.

He thought of some Buddhist sect Zen sayings:

A flower, a world; a leaf, a soul...

Above and below, I alone am supreme!

Chapter 1028: White Horse Leaps Over the West Wind! Dragon Transforms to Quell the Battle!

"I am who I am, there's no need for so many questions!"

Mu Jinyu's expression was cold and fierce. In that instant, although he hadn't entirely grasped the My Way State of Mind, he was no longer trapped in a maddening spiral of thought.

At this moment, his body trembled, as he observed the descending thunder fire, ice fire, demonic sound, Four Symbols, and Six Paths that continuously revolved, relentlessly hacking down on him!

"Hmph!"

Mu Jinyu snorted coldly, waving his hands, the spell was cast, and the Killing Character Secret Technique was driven to its limit, instantly condensing a golden bell outside his body.

It protected him as solidly as a fortress, impervious to any breach!

"Crackling!!"

The fierce assault descended suddenly, ferociously slamming down on that layer of Golden Bell Cover, causing it to tremble violently, almost shattering!

However, after the final attack of the Nine Heavens Thunder Fire Sword Formation faded, the Golden Bell Cover remained intact!

"This guy seems to have gotten much stronger?"

"Yes, it feels like his Intent Domain and cultivation have increased significantly!"

"Such frightening comprehension, to achieve enlightenment during battle—no wonder he's only eighteen yet excels in various domains, few can match him!"

The Heaven's Pride on the Secluded Dragon Platform, watching Mu Jinyu suddenly withstand Li Zhexiang's fierce offensive, couldn't help but be amazed.

"Clang!"

On the Ascending Dragon Platform, Mu Jinyu lightly grasped, and instantly, a long sword appeared in his hand.

This was a Spirit Sword at the Spirit Treasure Level, of good quality, acquired from some unfortunate soul.

However, although its quality was decent, it was far inferior compared to the Spirit Swords from the countless sword arrays arranged by Li Zhexiong.

It's just that Mu Jinyu had no other options; this was the best Spirit Sword he could currently wield.

The strongest Magic Treasure in his possession would be the Bi Fang Cauldron. But the Bi Fang Cauldron is a cauldron, not a sword. Against Li Zhexiong who was best at swordsmanship and Intent Domain, he couldn't just use the Bi Fang Cauldron to resist.

"Kill!"

Li Zhexiong's eyes were hollow, his hand formed the sword technique. Seeing these several sword arrays fail to threaten Mu Jinyu, he immediately switched formations!

"Shoo shoo shoo!!"

Instantly, countless Flying Swords flew out again from Li Zhexiang's storage bag.

They merged with the disbanded sword arrays ahead, once again forming two major Killing Formations!

Thirty-Six Heavenly Gang Sword Formation!

Seventy-Two Earthly Sha Sword Formation!

The power of these two sword formations surpassed the previous Ice Fire Dual Polarity Sword Formation and Ten Directions Limitless Sword Formation by far more than a mere fraction!

Naturally, the mental strength needed to wield them was unbelievably strong!

Even with Li Zhexiang's peerless Selfless State, his face turned suddenly pale upon deploying these two sword formations, with blood seeping from the corners of his mouth.

However, Li Zhexiang, his eyes hollow, paid no mind to these concerns.

His hollow eyes flickered with a ghostly light, then he spoke softly.

"Kill!"

"Clang clang clang!!"

One hundred and eight swords simultaneously trembled, like wild geese cutting across the sky, collectively charging towards Mu Jinyu!

"Hmph!"

Mu Jinyu was no longer disturbed by the Selfless State. His eyes brightened, showing a fearless and unyielding demeanor. Even facing the onslaught of one hundred and eight swords, he still exuded an indomitable aura!

"Kill!"

Mu Jinyu wielded the Spirit Sword, urging the Killing Character Secret Technique, striking down on the first incoming Flying Sword with one swift move!

"Whinny!"

The long sword slashed out, and in an instant, an Artistic Conception Diagram appeared.

Only to see Mu Jinyu's sword swing, and a magnificent white horse, carrying its mortally wounded owner, chased to the brink of a cliff by pursuing soldiers, without hesitation, leapt out, plunging into the abyss below!

White horse leaps against the west wind!

This Artistic Conception Diagram radiated an intense feeling of sorrow, causing viewers with vulnerable emotions to burst into tears instantly!

"Roar!"

Just as everyone thought this Intent Technique had ended, suddenly a dragon's roar echoed majestically from the abyss's depths!

Then, everyone saw a white dragon, carrying its mortally wounded owner, fly out from the abyss. The dragon's body twisted, its tail swung, immediately scattering the pursuing soldiers at the cliff into two halves!

Dragon Transforms to Quell the Battle!

"Clang clang clang!"

As the Artistic Conception Diagram transformed again, the white horse turned into a white dragon, quelling the battle, Mu Jinyu's sword strike reached a terrifying level, accompanied by the continuous sound of shattering swords.

The one hundred and eight Spirit Swords that formed the Thirty-Six Heavenly Gang Sword Formation and Seventy-Two Earthly Sha Sword Formation were all sliced into two halves by Mu Jinyu's sword strike!

Just like the scene where the dragon tail swing decimated the pursuing soldiers!

"Puff!"

The Spirit Swords connected to Li Zhexiang's mind were instantly all destroyed, causing a huge backlash, making him cough up a mouthful of blood, leaving his face even paler!

"This... such a terrifying Intent Killing Move!"

"This guy, it seems his Intent Domain cultivation isn't much inferior to Li Zhexiang's anymore?"

"How did he achieve this? How could he raise his Intent Domain cultivation to this level in such a short time?"

The observing Heaven's Pride were all exclaiming as they witnessed Li Zhexiang's broken sword and blood-spitting injury.

Originally, they assumed that in terms of Intent Domain accomplishments, Mu Jinyu was entirely outmatched by Li Zhexiang, and none present could compare, except perhaps the powerful figures from the Heavenly Palace.

If Mu Jinyu didn't tear it apart with his Domain or Pure Physical Strength to forcibly kill Li Zhexiang, he would certainly lose...

Little did they know, after being suppressed by Li Zhexiang for a while, Mu Jinyu's Intent Domain mastery kept rapidly improving, from previously being about the same as theirs to now not losing to Li Zhexiang!

What a monstrous talent!

"Kill!"

Mu Jinyu, having shattered Li Zhexiang's two major sword formations with a single sword, his eyes showed no fear or hesitation, exuding a shocking killing intent almost solid enough to leap out!

Then, seizing the opportunity, he charged at Li Zhexiang, sword in hand, to take his life!

Li Zhexiang's one hundred and eight swords were all broken, leaving him extremely weakened, and it seemed that the Selfless State was also flawed, turning his hollow eyes into a daze!

"Clang clang!!"

Despite his injury, Li Zhexiang's Selfless State remained strong, and instantly, the countless shattered remnants of swords were all drawn together, thickly and densely converging from behind Mu Jinyu, attacking him from the rear!

Immensely dangerous!

"Break!"

Mu Jinyu abruptly turned around, unleashing another fierce slash behind him!

"Roar!"

The dragon's roar rose, and a white dragon phantom flew out from his long sword!

In that moment, the countless sword fragments seemed to become relentless pursuers, while the white dragon was the white horse that transformed into a dragon to counterattack its foes!

The dragon tail swing swept across the whole arena.

The fragmented swords utterly failed to have any effect, being crushed into powder on the spot!

Then, the white dragon phantom did not just vanish from sight, it made another swing of its tail, rushing towards the blood-spitting Li Zhexiang!

In an instant, it pierced straight through his chest!

Causing Li Zhexiang's once unsteady body, to freeze in place!

Chapter 1029: The Hidden Dragon Emerges! Blessings for the World!

"Even Li Zhexiong has been defeated?"

"With such a powerful intent domain, he still couldn't defeat Mu Jinyu? That was clearly Mu Jinyu's weakest point, but has he now filled it in, leaving no weaknesses at all?"

"Chu Xingyun and Ji Changxin have both lost, and now even Li Zhexiong has been defeated. Who else in the Hidden Dragon Conference can stop him?"

The proud youths on the Secluded Dragon Platform, witnessing the white dragon's shadow pierce through Li Zhexiong, couldn't help but start discussing in low voices after a moment of astonished silence.

"Pfft!"

At this moment, Li Zhexiong's rigid body on the Ascending Dragon Platform suddenly moved, spitting out a large mouthful of blood!

Then, accompanied by a fierce roaring sound!

Li Zhexiong's body suddenly exploded into a mist of blood.

As the breeze blew, it scattered the blood mist.

Aside from a small pool of blood on the ground, there was no trace of Li Zhexiong left...

"Whoosh!"

Then, strands of dragon qi flew from the ground, rushing into the flood dragon shadow hovering over Mu Jinyu's head!

"Roar!"

With the influx of these strands of dragon qi, the flood dragon shadow above Mu Jinyu's head finally grew reverse scales!

An earth-shattering dragon roar echoed.

The five-clawed golden dragon soul swelled, reaching a length of a hundred feet, yet appeared even more lively, like a living divine dragon!

The True Dragon has emerged!

The Hidden Dragon Conference has finally brought forth a true dragon!

As the dragon's roar shook the world, golden light shone, and dragon qi surged, the entire Dayan Imperial Capital trembled, with no one able to miss this scene.

Everyone knew this signified the birth of a new Dragon King!

"Wonderful, he truly has claimed the first place!"

Standing amidst the crowd outside the Hidden Dragon Square, Wen Rou and Jian Ruyan, witnessing this scene, sighed with relief, their pretty faces breaking into bright smiles.

However, the faces of those from the Dragon Elephant Sect, Lingxiao Sword Sect, Xuanyuan Clan, Chen Family, and the Dayan Imperial Family were all unsightly.

The heirs of their sects still failed to compete and become a true dragon...

On the Secluded Dragon Platform, Gu Rulong, Chen Huaiyu, Ji Changxin, and Chu Xingyun, who had already regained consciousness, all looked at Mu Jinyu with complex expressions!

Their gaze upon Mu Jinyu was full of mixed emotions, but devoid of jealousy and hatred!

For Mu Jinyu truly ascended to the top of the Hidden Dragon List with an invincible presence!

He defeated them not by his cultivation forcefully suppressing others, but by openly battling in each one's area of expertise, convincing them of their defeat!

His position as Dragon King is well-deserved!

"Roar!!"

The dragon's roar reverberated endlessly, as if the dragon soul was declaring the birth of the new Dragon King to the world!

Subsequently, it opened its massive mouth, and the East-coming Purple Qi and the Heavenly Source Dragon Qi swirling above the Dayan Imperial Capital were drawn towards it, rushing into the dragon soul!

The dragon soul inhaled fiercely, devouring the dragon vein qi luck that had sheltered the Dayan Dynasty for a hundred years like a whale swallowing water!

From now on, the Kunlun Dragon Veins will no longer grant unlimited blessings to the Dayan Dynasty, treating it as equal to other countries.

Meanwhile, the Yan Kingdom, where Mu Jinyu hails from, will receive the richest dragon destiny blessings!

"Boom!"

With a booming crash, the Secluded Dragon Platform under their feet, along with the Ascending Dragon Platform beneath Mu Jinyu, instantly collapsed and dispersed, transforming into dragon qi that surged into the mouth of the five-clawed golden dragon soul, being completely devoured!

Thus, the Hidden Dragon Conference came to a complete end.

This year's Hidden Dragon Conference produced only one true dragon, with no other flood dragons, or even giant pythons!

Only Ji Changxin retained a dragon soul at the level of a great python, which, while far inferior to the bountiful blessings brought to the nation by Mu Jinyu's true dragon soul, at least prevented the Dayan Dynasty from falling behind small countries; it would still hold some advantage!

...

Yan Kingdom.

King's City.

Yan Ran had no heart for dealing with state affairs today because he knew that today was the starting date of the Hidden Dragon Conference.

And Mu Jinyu...

was likely participating in the Hidden Dragon Conference. He wondered what kind of achievements he could secure...

to bring blessings to Yan Kingdom!

Compared to other countries, Yan Kingdom was indeed quite weak.

The former first National Scholar Yan Chengyun was only at the Sixth Layer of the Fanxu Realm, fairly weak compared to the heirs of hidden sects and super clans.

How could Yan Kingdom possibly prosper under such circumstances?

But if Yan Kingdom could receive certain blessings from the dragon veins, geniuses would emerge, and various spiritual medicines could be found in the talented mountains and rivers...

Then, Yan Kingdom would surely flourish. Although surpassing the Dayan Dynasty is unrealistic, Yan Kingdom's national strength would at least greatly increase!

"Yan Kingdom Scholar, what do you think? What kind of results can Mu Country Knight achieve by participating in the Hidden Dragon Conference this time?"

Yan Chengyun stood with his hands behind his back outside the building, gazing into the sky, seemingly waiting for something.

Hearing Yan Ran's words, he turned to look at him, saying, "With Mu Country Knight's talent, he may not reach the top ten flood dragon souls, but he should achieve a great python-level dragon soul..."

He hadn't finished speaking.

"Roar!"

Suddenly, an earth-shattering dragon roar erupted within the Yan Kingdom Royal City, soaring and echoing throughout the entire Yan Kingdom!

"Is that..."

"Has the Hidden Dragon Conference ended?"

Upon hearing the roar, Yan Chengyun's eyes widened, turning his head to peer into the horizon.

In the sky above the royal city, a five-clawed golden dragon's phantom soared majestically, with endless golden dragon qi cascading down like stars!

Pedestrians on the streets, caught off guard by the falling dragon qi, found themselves filled with fervent energy, breaking through several cultivation realms one after another!

Seeing this, Yan Chengyun, too overwhelmed to speak clearly, exclaimed, "A true... true dragon soul... Mu Country Knight, the Dragon King..."

Before he could finish, the stardust-like dragon qi settled upon his head, infusing into his body.

Instantly, Yan Chengyun felt a vast power surging within him, sweeping his True Yuan, breaking through the bottleneck that had trapped him at the Seventh Layer of the Fanxu Realm for decades!

"Boom!"

The bottleneck was shattered smoothly!

Yan Chengyun finally reached the Late Stage of the Fanxu Realm which he had always dreamed of!

"Hahaha... This old one finally reached the Late Stage of the Fanxu Realm..."

Overjoyed to the point of tears, Yan Chengyun laughed heartily.

But he knew this breakthrough was not due to his arduous cultivation, but rather he benefited from Mu Jinyu claiming the Dragon King position!

Otherwise, he probably wouldn't expect to break through to the Late Stage of the Fanxu Realm in this lifetime!

And Yan Ran, as the king of Yan Kingdom, absorbed far more dragon qi than ordinary people. Originally being at the Late Divine Transformation Realm Stage, the immense dragon qi instantly propelled his strength to the First Layer of the Fanxu Realm!

Disoriented, Yan Ran murmured, "I never imagined, that hoping to establish ties with Mu Country Knight to save my life would ultimately allow me to become the King of Yan... and now also receive such profound dragon qi protection..."

Chapter 1030: Dragon Vein Relocation, Faction Frenzy!

Heavenly Sword Faction.

A small courtyard on the main peak.

Xie Chenkun, the Sect Leader of the Heavenly Sword Faction, with the Great Elder Xie Yuan, and Yun Ge, the former top Heaven's Pride of the Heavenly Sword Faction, were sitting together discussing over tea.

As they were chatting, they began to feel uneasy, thinking about the Hidden Dragon Conference that should be in full swing in the Dayan Dynasty.

"Sigh, Senior Brother Mu said he would participate in the Hidden Dragon Conference, I wonder how he's doing now..."

"With his strength, he should be able to make it onto the Hidden Dragon List!" The Great Elder Xie Yuan put down his teacup and said with a smile.

His complexion was recovering well under daily care, with a rosy face and bright eyes, showing no signs of weakness.

Originally, when the Blood Sword Sect attacked, he was pushed to the limit by the Great Elder of the Blood Sword Sect, almost about to self-destruct and die, to carve a path of blood for the disciples.

If it weren't for Mu Jinyu coming out in time, he would have perished long ago!

Later, Mu Jinyu acted to heal his injuries, but the Great Dao wound that damaged his foundation has yet to heal.

It's not something that can be healed in a short time; it will take several years of gradual care to recover.

As a result, his cultivation path is expected to end at the peak of the Third Layer of the Fanxu Realm.

However, he does not feel regret; having someone like Mu Jinyu appear in the faction is already a great comfort.

"Awooooo!"

At that moment.

A high-pitched, intense dragon roar suddenly came from the sky.

Xie Chenkun, who was drinking tea, almost couldn't hold onto his cup.

He looked a bit terrified, trembling as he said, "What's happening? Is a ferocious beast attacking our Heavenly Sword Faction?"

"No... Look up and see..."

Xie Yuan, startled for a moment, seemed to guess something and suddenly looked up to the sky; his expression immediately became quite dramatic. Then he spoke to Xie Chenkun.

Hearing this, Xie Chenkun and Yun Ge also looked up at the sky.

And then they saw a scene they would never forget!

A massive golden dragon, hundreds of feet long, was soaring across the sky, its dragon scales shimmering with the most dazzling golden light under the sunlight, extremely majestic and awe-inspiring!

"A dragon... that's a dragon..."

"No... that's the manifestation of Dragon Vein Qi Luck..."

Xie Yuan said with a trembling voice, his expression extremely excited!

"Awoooo!"

Accompanied by another dragon roar, this dragon soul's silhouette swung its tail and instantly rushed into the Heavenly Sword Mountain Range!

"Boom!"

As the Dragon Vein Qi Luck entered the Heavenly Sword Mountain Range, immediately, the True Yuan sensation he had missed for decades surged within Xie Yuan, even though he had suffered the Great Dao wound and assumed he could no longer advance his cultivation.

Afterward, his cultivation surged from the peak of the Third Layer of the Fanxu Realm all the way to the Fifth Layer!

And Xie Chenkun also advanced from the Second Layer of the Fanxu Realm to the Fourth Layer!

Both of them reached the middle stage of the Fanxu Realm!

With their current strength, they could completely dominate the Four Sects of the Yan Kingdom with the Heavenly Sword Faction!

And Yun Ge, who had just recently broken through to the First Layer of the Fanxu Realm and was stabilizing his realm, now also, under the blessing of this Dragon Qi, ascended to the peak of the Third Layer of the Fanxu Realm.

His cultivation rose without any instability!

It is estimated that once his state of mind improves, he could soon break through to the mid-stage of the Fanxu Realm!

"Oh my! What's going on?"

Xie Chenkun exclaimed excitedly, "The dragon soul appeared, and I broke through two layers in a row! This... could it be that Jinyu achieved some extraordinary feat at the Hidden Dragon Conference?"

The Great Elder Xie Yuan also said excitedly, "I guess this intense Dragon Qi... it's at least... the kind of blessing that comes with reaching the top ten of the Hidden Dragon List..."

Xie Chenkun was stunned upon hearing this, exclaiming, "Jinyu has... won the position of the Flood Dragon!"

Listening to the conversation between the Sect Leader and the Great Elder, Yun Ge, while elated at his own rapid cultivation increase, was also full of gratitude and admiration for Mu Jinyu.

Who could have imagined that Mu Jinyu, who achieved a top ten result at the Hidden Dragon Conference, had only reached the Fourth Layer of the Divinity Transformation Realm six months ago?

He had just entered the Kunlun Ruins from the outside world and started as an Outer Sect disciple at the Heavenly Sword Faction?

Yet in just half a year, he first rose from the Outer Sect disciples, then ascended to the top Heaven's Pride of the Heavenly Sword Faction, and finally won first place in the Four Sects Martial Meeting!

Now, having left the Yan Kingdom and gone to the Dayan Dynasty, he has achieved extraordinary results!

For someone with his humble background to achieve such results, it is even more astounding than those descendants of hidden sects achieving the first rank on the Hidden Dragon List!

His opponents, upon knowing this news, would probably be so shocked that their eyes would pop out of their sockets.

"Not just the top ten!"

While the three were excitedly marveling at the occurrence.

With a whoosh, an aged figure appeared in the small courtyard.

"Guardian Elder!"

Yun Ge recognized the identity of the person and greeted with respect.

The Guardian Elder nodded at Yun Ge, and with much enthusiasm, said to Xie Yuan, "Junior Brother, you know, I was once severely injured, my foundation almost completely destroyed, and my lifespan greatly diminished, yet now I've also advanced from the First Layer to the Fifth Layer of the Fanxu Realm, and my lifespan has increased significantly!"

"This cannot be the blessing that a top ten achievement on the Hidden Dragon List provides!"

"This is at least... the extraordinary blessing achieved by reaching the top of the Hidden Dragon List!"

Hearing the Guardian Elder's excited words, Xie Chenkun and Yun Ge were dumbfounded.

"What?! Top of the Hidden Dragon List! Elder, do you mean our Heavenly Sword Faction has produced a True Dragon?!"

They knew the Guardian Elder well.

This old man, who seemed very aged and about to wither like a rotten log, was once the top Heaven's Pride of the Heavenly Sword Faction, like Yun Ge.

At that time, even Xie Yuan's talent was no match for the Guardian Elder.

Later, the Guardian Elder went to participate in the Hidden Dragon Conference, where he was severely injured, and his foundation was completely destroyed, leaving his cultivation barely maintained at the First Layer of the Fanxu Realm for life!

So he eventually became the Guardian Elder.

But his knowledge certainly surpassed that of Xie Yuan.

Now, when he says that Mu Jinyu topped the Hidden Dragon List, coupled with his own cultivation rising from the First Layer to the Fifth Layer of the Fanxu Realm and his lifespan increasing!

This all indicates that Mu Jinyu might have indeed emerged as the True Dragon!

"Don't believe it? Let's take a walk around the sect!"

Afterward, the four got up, left the small courtyard, and strolled around the Heavenly Sword Faction.

"Hahaha... I finally advanced to the Divinity Transformation Realm, I no longer have to worry about failing the Outer Gate examination and being expelled from the Heavenly Sword Faction!"

"You broke through too? Me too, I broke through to the Fifth Layer of the Divinity Transformation Realm, now I will definitely win first place in the Outer Gate competition!"

"Hmph, you think you're the only one who advanced? I'm already at the Sixth Layer of the Divinity Transformation Realm! The Outer Gate competition will still be mine!"

...

"Haha, I finally reached the initial insight into the 'Ten Steps Move,' this is the movement technique Senior Brother Mu practiced! Someday, I will also shine with this technique at the Four Sects Martial Meeting!"

"Eh, you also comprehended the secret manual? It's so strange, I just had a breakthrough in cultivation, and my mind feels much sharper, I managed to learn a Profound Rank manual that I previously couldn't comprehend at all!"

Walking through various parts of the Heavenly Sword Faction, the four could see and hear the joyous exclamations of disciples everywhere!

This was a celebration of breakthroughs for everyone!!

The Guardian Elder stroked his beard and laughed, "See that? The blessings of the Flood Dragon Soul could never achieve such a degree; the only explanation is that the Dragon Vein has moved! Settling in the Heavenly Sword Mountain Range has led to this earth-shattering change!"
