

King Hall 1361

Chapter 1361 Vampire Transformation! Good News!

On an overseas island.

A laboratory is hidden within.

This is the genetic human modification laboratory of Withered Tree Quest for Spring.

At this moment, a group of doctors in white coats and masks are gathered in front of several giant human incubators, watching fervently the people soaked in the culture fluid.

The people soaking in the incubators were originally successful creations of Withered Tree Quest for Spring, possessing the cultivation of the Late Divine Transformation Realm Stage. If Dragon King Hall hadn't suddenly risen in power, they would have already emerged, becoming renowned worldwide, instead of continuing to remain hidden.

Not long ago, after Withered Wood Taoist obtained the Blood Clan gene from Bai Xiaosheng, he prepared to create the top-grade Blood Clan, and these people volunteered for modification. Although the risk was great, if successful, they would no longer need to hide.

Now, during the modification process, three have died, but two are about to succeed.

"Bang!!"

At this moment, the two people soaking in the incubators suddenly opened their eyes, their pupils turned blood-red, and the transparent incubators shattered immediately, causing the green nutrient fluid to gush out.

"Crack, crack, crack..."

"Swish!!"

Then, the two experiment subjects who accepted the Blood Clan gene modification emitted a crisp sound of bones colliding throughout their bodies. Suddenly, a pair of soft, bat-like wings grew from their backs, and quickly the wings hardened and expanded, reaching over three meters in length.

Their pair of bat wings, unlike the red wings of previous Blood Lords from Fallen Splendor like Cain, Lucifer, and Curse World Master, were black and blue.

Mysterious and intricate patterns covered them, giving them an air of elegance and nobility.

"Hmm? Why do their bat wings look different from those of Curse World Master?"

A biology doctor questioned upon seeing the black and blue bat wings of the two individuals.

Someone answered, "Because the genes brought back by the leader were not from Curse World Master. It's said that someone laid a trap for him, causing Curse World Master to extract the residual essence blood from previous Blood Lords, leading to the regression of his bloodline. Later, they extracted the gene from Curse World Master as a test subject..."

Pausing, he added, "So, the genes brought back by the leader should be considered the purest Blood Clan genes, which makes their bat wings different from those of several generations of Blood Lords."

"Is that so? No wonder three people died during the Blood Clan gene modification. But in that case, while the Blood Clan gene we have is strong, might it not be suitable for human modification?" The doctor expressed concern.

After all, figures like Cain, Lucifer, and Curse World Master were all Blood Clan who had intermarried with humans for generations, resulting in a diluted gene which might be more suitable for human modification.

But the refined pure Blood Clan gene might not be suitable for human modification because it might be overwhelming.

It's like beer having low alcohol content; even drinking a case wouldn't matter. But pure alcohol, like ethanol, would cause problems if you drank even less than a bottle.

Someone laughed, "But isn't it okay? The characteristics of the Blood Clan have already appeared, indicating our experiment has been very successful."

"Swish!"

At this moment, the two modified Blood Clan people suddenly flapped their bat wings, rushing like blue lightning in front of two individuals, raising their thin and pale hands to grip their shoulders, then opening their mouths to reveal sharp fangs, biting at their necks!

"Ah!!"

Watching this change, everyone's pupils contracted, and they couldn't help but scream.

Then, at a speed visible to the naked eye, the two scientists controlled by the Blood Clan modified humans were instantly transformed from plump, healthy figures into skin-loose and shriveled shapes, like blood bags drained of their blood...

"Bang!"

Soon, after the blood of these two was absorbed, the two Blood Clan modified humans turned their heads again, the crimson and emotionless eyes once again fixing on several people.

"Run!"

Everyone's scalp tingled, realizing things had gone awry.

These two, though successful in the Blood Clan gene modification and having broken through to the mid-late stage of the Fanxu Realm, also brought out the age-old flaws of the Blood Clan.

Such as the thirst for human blood!

Previous Blood Lords like Cain, Lucifer, and Curse World Master did not have this flaw.

"Swish!"

Everyone tried to escape, but faced with absolute speed, they had no opportunity to run.

Instants later, two more people were captured, and, like blood bags, were drained alive by the Blood Clan gene-modified humans!

"God, it's over, why did things turn out this way..."

"Damn it, the bad habit of the Blood Clan drinking human blood has long disappeared among those Vampires, and we completely overlooked it..."

"Help! I don't want to die here!"

"Beep beep beep! Alert! Alert!"

Instantly, the entire lab turned into utter chaos, filled with screams, calls for help, and alarms, ongoing without pause, while various experimental equipment was almost all destroyed by fleeing people.

"What's going on?!"

At this time, while more than fifty scientists in the lab were absorbed to death by Blood Clan modified humans, Withered Wood Taoist received an SOS message and hurried over.

As soon as he broke into the sealed lab door, he saw two Vampires, staring coldly at him with blood-red eyes and white fangs dripping a few blood beads, looking extremely eerie.

"Swish!"

The two Vampires threw down the bloodless corpses they held and charged at Withered Wood Taoist like black lightning, their speed astonishing.

"Hah!"

Witnessing this, Withered Wood Taoist also felt his scalp tingle but, seeing them dare to attack him, he realized this Blood Clan gene modification experiment wasn't entirely a failure but also not entirely successful, so he let out an angry shout and counterattacked!

"Crackle!"

"Boom!!"

After a fierce fight.

The two Vampires were eventually subdued by Withered Wood Taoist.

"Huff huff..."

Withered Wood Taoist bent over, panting heavily, then turned to the twenty-something frightened biologists and doctors, shouting, "What are you standing around for? Quickly come over and install control chips in their brains!"

"Leader, is there really no danger now?" someone cautiously asked.

"It's no longer dangerous, but if you don't hurry, when they recover, there might be danger," Withered Wood Taoist snapped irritably.

Hearing this, everyone's fear of the Vampires remained, but they dared not disobey Withered Wood Taoist's orders and carefully, yet swiftly, implanted control chips in the Vampires' brains, so they would obey Withered Wood Taoist.

"Ultimately, it was barely a success."

Withered Wood Taoist released his control over the Vampires, squatting on the ground and saying tiredly.

"Buzz!"

At this time, the void twisted a few times, and then a fuzzy silhouette appeared in front of him.

"I have good news to share with you." The fuzzy silhouette looked surprised at the weary Withered Wood Taoist, then at the stupefied Vampires standing aside, and said nothing.

With Withered Wood Taoist accustomed to Bai Xiaosheng's mysterious appearances, he retorted irritably, "What good news? Don't tell me Dragon King suddenly died?"

Chapter 1362: The Dragon King Departs! An All-Out Assault!

The blurry figure heard the Withered Wood Taoist's words and didn't mind, letting out a faint smile, saying, "It's not that the Dragon King suddenly died, but it's about the same. The Dragon King is preparing to take his woman back to the Kunlun Ruins."

"Hmm?!"

Upon hearing this, the Withered Wood Taoist was momentarily taken aback, then his eyes sharpened as he said, "The Dragon King is leaving?"

"Yes, he's preparing to take his woman away from this side of Earth. Would you say this is good news?" the blurry figure said with a chuckle.

Upon hearing this, the Withered Wood Taoist's face lit up with joy, carrying a sense of relief, but then he thought of something, and his face tensed up again, saying, "This doesn't really count as good news, right? After all, the Dragon King has returned from the Kunlun Ruins once before. Even if he leaves again, it doesn't mean he can't come back!"

The blurry figure laughed, "Indeed, but we can take this opportunity to attack their Dragon King Hall and avenge the time when we were hunted like dogs by them."

Hearing this, the Withered Wood Taoist didn't agree, instead rolling his eyes at the blurry figure, saying, "Nonsense, the Dragon King is leaving, who knows when he'll come back? If he returns after a few years, then it's fine to retaliate. But if he comes back soon and we go to retaliate, we'll be in trouble when he returns."

"But even if you don't take this chance to retaliate against the Dragon King Hall, do you think they'll just let us go?" the blurry figure sneered disdainfully.

The Withered Wood Taoist fell silent upon hearing his words.

Indeed, after they jointly attacked Yu Shenfeng and failed, they were pursued and hunted down by Yu Shenfeng and his disciples one by one. The Curse World Master is now dead, and who can say they won't fall into Yu Shenfeng's hands next?

After a moment of silence, the Withered Wood Taoist gritted his teeth and said, "Alright, as soon as the Dragon King leaves, we'll go for revenge!"

With that, the Withered Wood Taoist glanced at the two vampires standing by with vacant expressions, thinking that with their help, and if the Dragon King Hall only had Yu Shenfeng and a few others left, they should be able to make them suffer a significant setback!

...

Overseas, on the deserted island where Mu Jinyu once saved Yu Shenfeng.

Amalia once again set foot on the island, and using the Route Observation Map given by Bai Xiaosheng, she quickly found the cave.

When she arrived at the Sea God Palace, discovering the Sea God statue had shattered and the hall behind it was open, she knew she was late.

"Damn it! Who stole the Dragon Ball?!!!"

Amalia was nearly driven mad with anger.

At that moment, the space twisted, and the blurry figure reappeared in front of Amalia.

"Hmm? What's wrong?"

The blurry figure looked at the flustered Amalia and curiously asked.

Amalia quickly relayed the theft of the Dragon Ball to the other party.

After listening, the blurry figure was silent for a moment, then said, "Yu Shenfeng has already returned to the Dragon King Hall. It seems they happened to find this place at that time and casually took the Dragon Ball."

"What should we do then?!" Amalia said, somewhat indignant.

The blurry figure paused, then said, "I just received news that the Dragon King is about to take his woman away from Huaxia, returning to the Kunlun Ruins. This might be a good opportunity..."

Hearing this, Amalia's eyes lit up, and she said, "The Dragon King is leaving? He's even taking his woman away, just leaving Yu Shenfeng and the others at Yinlong Mountain?"

"Yes," the blurry figure replied softly.

"Haha..."

Amalia couldn't help but laugh out loud, saying, "I heard there are nine Dragon Veins on Yinlong Mountain. If the Dragon King doesn't want them, they're just right for us to use..."

The blurry figure said, "I've already contacted the Withered Tree Quest for Spring. They're also preparing to send people to attack Yinlong Mountain once the Dragon King leaves."

"How many people are they sending?" Amalia asked.

The blurry figure replied, "Five Mid-Stage of the Fuxuan Realm, enough to hold off Yu Shenfeng and his disciples."

"Is everyone on board? It seems the Withered Tree Quest for Spring has been having a tough time under the pressure of the Dragon King Hall lately..."

Amalia murmured softly, then smiled and said, "In that case, Paradise Lost will also send out five experts at the Mid-Stage of the Fuxuan Realm to ensure we take Yinlong Mountain without fail."

"How's your plan going?" The blurry figure, seeing that Amalia was also deploying five Mid-Stage of the Fuxuan Realm experts, smiled and then asked.

"Although we didn't manage to get the Dragon Ball, it's almost time. The Ancestral Dragon Lord is about to awaken..." Amalia said with a face full of fanaticism, "Once we take the Dragon Veins of Yinlong Mountain, the Ancestral Dragon Lord's awakening will speed up even more!"

"That's good. I'll observe the Dragon King's movements and inform you when to act," the blurry figure smiled, then slowly faded from Amalia's sight.

...

Yinlong Mountain.

Inner Valley.

After deciding to go to the Kunlun Ruins to help Jian Ruyan find a suitable Heaven-reaching Treasured Sword, Mu Jinyu thought it over and felt the situation seemed stable. Since Mu Jinyu said the journey to and from the Kunlun Ruins would be swift, Gu Xiyan suggested they all go together.

It was a good time to see his master.

When she proposed this idea, Mei Yinxue, Xu Qingya, Yu Linglong, and Lin Qiaoxia, who had never been to the Kunlun Ruins, all nodded together, looking at Mu Jinyu with anticipation. Even Su Zijin, in the end, was somewhat hopeful, gazing at Mu Jinyu.

Mu Jinyu thought for a moment and agreed that it seemed indeed feasible. With Yu Shenfeng, Third-Rate Unknown, and others guarding the Dragon King Hall, nothing should go wrong.

Although his original plan wasn't to take them along, doing so might have unexpected advantages, so Mu Jinyu finally agreed.

Then, he discussed with Yu Shenfeng for about half an hour in a bamboo hut.

After coming out, he told Su Zijin and the others to pack and prepare for departure.

Half a day later.

Mu Jinyu, leading Su Zijin and the other women, exited Yinlong Mountain, waving goodbye to Yu Shenfeng and Mu Hongchen.

"Ah, why am I never taken along? Oh, go on, go on..."

Mu Hongchen waved, looking distressed.

Because the Dragon King Hall couldn't do without Mu Hongchen handling various matters, Mu Jinyu could take Gu Xiyan, Su Zijin, and the others away, but she couldn't go.

Mu Jinyu apologized to Mu Hongchen several times and made various promises, saying next time, for sure, and finally left with the group of women.

Half a day after Mu Jinyu left.

Kunlun Mountain.

The blurry figure hid in a corner, watching everyone one by one step into the teleportation light screen, disappearing one after another, until the last person vanished and the teleportation light screen finally closed.

After waiting another half hour, the blurry figure also disappeared from Kunlun Mountain.

Half a day later.

Withered Wood Taoist and Amalia, having received the notification, couldn't wait to lead their forces aggressively toward Yinlong Mountain.

"Hahaha..."

"The Dragon King has finally left. Yu Shenfeng, you are doomed!"

The Withered Wood Taoist stood towering in the void and then coldly instructed the two vampire genetically modified individuals, "Go, blast open the Mountain Protection Array of Yinlong Mountain for me!"

"Shoo!"

The two modified vampires obeyed without a word. With a flap of their bat wings, they quickly charged toward Yinlong Mountain!

"Boom!!!"

As soon as they arrived in front of Yinlong Mountain, they raised their hands, condensing a dark red light wave in their palms. Then, as the two dark red light orbs intensified, it was as if a universe was collapsing inside, emitting a terrifying fluctuation, and they hurled them toward the Mountain Protection Array of Yinlong Mountain!

Chapter 1363: Blasting Through the Mountain Protection Array! Nai Mucha Steps In!

"Boom!!!"

"Bang!!!"

Two Vampires of mid-stage Fanxu Realm, using their essence blood to condense into dark red spheres, fiercely bombarded the sky above Yinlong Mountain, only to be intercepted by the Mountain Protection Array, failing to blow up Yinlong Mountain in an instant.

However, it was clear to see the Mountain Protection Array of Yinlong Mountain, after being bombarded by those two spheres, became distorted and unstable, as if one more sphere would easily break the Mountain Protection Array!

"Who?!"

"Who dares to cause trouble at my Dragon King Hall?!"

Following this earth-shattering bombing sound, the residents of Yinlong Mountain including Yu Shenfeng, San Liu, Nameless, Qiu Bai, were all alarmed, and they soared into the air, angrily glaring at the Withered Wood Taoist and others from within the Mountain Protection Array.

"It's you?!"

"How dare you come to our Dragon King Hall to make trouble? We hadn't even found time to annihilate you, yet you dare to come and make chaos?!"

San Liu and Qiu Bai saw the Withered Wood Taoist and Amalia and immediately recognized them as representatives of the two other organizations that had besieged Yu Shenfeng with the Golden-Winged Roc King and Curse World Master.

Instantly, San Liu and Qiu Bai glared at them with murderous intent and shouted angrily.

"Heh, the Dragon King Hall is nothing without the Dragon King. If not for fearing the Dragon King's return, would we have fled from a few little ghosts, and let you destroy several branch halls of ours?"

A handsome man, with subtle evil Qi, next to the Withered Wood Taoist, said disdainfully.

He was Charred Wood Taoist, standing equal in status to the Withered Wood Taoist in the Withered Tree Quest for Spring, and his cultivation was also at the fifth layer of the Fanxu Realm, yet he hadn't acted before. This time, he was invited by the Withered Wood Taoist for a thunderous revenge on the Dragon King Hall.

"Hmph, stop wasting time with them, let's attack together!"

Amalia flung her hand coldly and said.

"Indeed, let's strike together. Although the Mountain Protection Array has been reinforced by the Dragon King and is stronger than before, if we attack together, breaking it will still be a breeze!"

The Withered Wood Taoist glanced at the slightly rippling Mountain Protection Array and said.

"Kill!!!"

Charred Wood Taoist and another Taoist of the Withered Tree Quest for Spring shouted angrily and called upon the two Vampires to first attack the Mountain Protection Array of Yinlong Mountain!

The Withered Wood Taoist followed closely behind!

"Let's go too!"

Amalia said to the surrounding four people, then manipulated nature's spiritual energy to condense a gigantic hand reaching for the sky, stirring the surrounding spiritual energy, boldly smack towards the Mountain Protection Array below!

Behind her, the four figures cloaked in black robes raised their heads slightly at Amalia's words.

As they raised their heads, their skin was blue-black, and on their exposed skin lay layers upon layers of dense scales, resembling fish scales yet like dragon scales...

Subsequently, they raised their claw-like monstrous hands resembling dragon claws.

This appearance closely resembled the Dragon Human Clan of the Half-Spirit Race from the Extremely Cold Hell.

But emanating an unspeakable evil aura.

Then, the four also moved in, rushing towards the Mountain Protection Array which had become extremely unstable under the joint assault of the Withered Wood Taoist and others.

"Shh!!!"

As several lightning-like claw shadows flashed past.

The entire Mountain Protection Array was instantly torn open by their sharp claws!

"Hahaha... turns out still so feeble after all..."

"Kill!!!"

"I want to personally kill Yu Shenfeng, and avenge being chased by him embarrassingly for this period!"

As the Mountain Protection Array was broken, creating an easily accessible breach, Withered Wood Taoist and Amalia sneered and then used movement techniques to rapidly rush into Yinlong Mountain.

In their excitement, they didn't notice that as they entered, Yu Shenfeng, whose face had been taut, slightly curled the corner of his mouth, revealing a mocking curve.

"Clang!!!"

Mu Hongchen's face darkened, watching these people intrude Yinlong Mountain, and immediately manipulated the killing formation within the Mountain Protection Array, instantly filling the air with clear and reverberating killing cries.

"Whoosh, whoosh, whoosh!!!"

Finally, nine ancient and blood-stained blades flew out from the nine-circle mountains surrounding Yinlong Mountain, causing the void to tremble.

It was the Nine Heavens Mysterious Kill Sword Formation!

San Liu and Nameless were thrilled to see this, as it was the sword formation map they had risked their lives to procure, now part of the Mountain Protection Array of Yinlong Mountain.

"Kill!!!"

Thereafter, San Liu, Nameless, Qiu Bai, and Chen Xiuying shouted angrily, and each used divine skills to forcefully attack the Withered Wood Taoist and others.

"Clash!"

"Bang!!"

Yet, their cultivation was originally at the first layer of the Fanxu Realm, and in the spiritual energy frenzy, only reached the early third layer of the Fanxu Realm, with the Withered Wood Taoist ordering the two Vampires to easily intercept all four of them.

At this moment, the nine slaughter swords of the Nine Heavens Mysterious Kill Sword Formation were steadily descending, threatening Amalia and her group!

"Bang, bang, bang!!"

Amalia didn't act herself; the four Dragon Humans behind her acted, and with a series of metallic clashing sounds, the Nine Heavens Mysterious Kill Sword Formation was entangled by them.

At this moment, those who hadn't acted yet were Amalia, Withered Wood Taoist, and two other Taoists.

And on the Dragon King Hall's side, only Yu Shenfeng remained.

The situation seemed highly unfavorable for the Dragon King Hall!

"Hmph, without the Dragon King, the Dragon King Hall is merely a blind dragon with broken bones, nothing more."

Amalia glanced disdainfully at the composed Yu Shenfeng.

"Yu Shenfeng, do you have any last words?"

The three Withered Wood Taoists surrounded Yu Shenfeng as they stepped forward, with Charred Wood Taoist laughing mockingly.

They were still quite wary of Yu Shenfeng, as when Yu Shenfeng had broken out to chase Curse World Master, his cultivation was at the third layer of the Fanxu Realm, and after the spiritual energy frenzy, it reached the fifth layer of the Fanxu Realm, making him a formidable assassin not easily dealt with!

Upon hearing Charred Wood Taoist, Yu Shenfeng grinned and said, "Nai Mucha, save me!"

Withered Wood Taoist: "..."

Amalia: "..."

As everyone was speechless, with Yu Shenfeng's declaration.

"Dada..."

A young man walked forward stepping on the void, slowly appearing before everyone.

It was Nai Mucha, an exceptional youth from the Barbarian Tribe, brought by Mu Jinyu from the Hanchi Tribe.

Back then, when he accompanied Mu Jinyu, his cultivation was already at the peak of the seventh layer of the Fanxu Realm, and now, after the spiritual energy frenzy, his cultivation was at the later stage of the ninth layer of the Fanxu Realm.

As he takes another step forward, achieving perfection in the Fanxu Realm, he can consume the Hedao Fruit and charge towards the Unity Realm Stage.

Though he wasn't in the Unity Realm Stage yet, with his later stage of the ninth layer in the Fanxu Realm, dealing with the current few opponents would be easy.

After all, back then in the Hanchi Tribe to fight over the Hedao Fruit, he overpowered many strong contenders of the ninth layer with his seventh layer cultivation and emerged victorious...

Now at the ninth layer of the Fanxu Realm, even against five peak ninth layer opponents, he remains fearless!

"What?!"

"His aura... Is this the ninth layer of the Fanxu Realm?!"

Originally triumphantly, the Withered Wood Taoist and Amalia saw Nai Mucha appear, and all of them turned pale, exclaiming incredulously.

Chapter 1364: Utterly Defeated! Trapped Like Rats!

They didn't expect that after Mu Jinyu left with Gu Xiyan and Mei Yinxue, such a master would still be left in the Dragon King Hall.

However...

"So what if it's the Ninth Layer of the Fanxu Realm?! With the four of us joining forces, are we still afraid of him?"

Amalia's expression changed slightly, then her eyes grew determined again. She let out an angry shout and pointed forward.

Immediately, nature's spiritual energy condensed into a spiral cone, and Sword Qi scattered in all directions, fiercely blasting towards Nai Mucha!

Withered Wood Taoist, Charred Wood Taoist, and Decayed Wood Taoist also calmed down, each displaying their divine skills, joining forces with Amalia to fiercely attack Nai Mucha.

"Sizzle!!"

A giant piece of wood appeared, like the Builder Wood leading to the peak of the world, shaking the void, sending ripples and waves, pushing from behind to stab towards Nai Mucha's heart.

"Caw!"

Waves of Fire Spirit Qi condensed into a fiery flame spirit like a Fire Phoenix, spreading its wings and diving from high up towards Nai Mucha.

"Crack, crack, crack..."

"Boom!!"

At the same time, the ground cracked to reveal a long fracture, and a thick, long spike like a mountain peak surged from the fissure, thrusting towards Nai Mucha's lower body!

In an instant, with the four joining forces, Nai Mucha was in a perilous situation.

"Heh heh... ants trying to shake a tree, foolish and ridiculous..."

In the face of the encirclement by the four, Nai Mucha's expression remained unchanged; his eyes showed disdain, and his lips curved slightly into a mocking smile.

Then he lifted his foot and stomped down.

"Boom!"

The filthy spike thrusting from the ground and attacking his lower body cracked and shattered inch by inch.

The earth's mighty crevice that emerged also trembled and closed with Nai Mucha's stomp.

Afterward, Nai Mucha slightly tilted his head back, inhaled deeply, and then suddenly spat out a breath of icy air.

"Whoosh!!"

The fiery flame spirit, like a Vermilion Bird descending, had just reached close to Nai Mucha, only for the burning sensation to be quenched entirely by the frosty breath.

Then, ignoring the towering wood fiercely hitting his back, Nai Mucha took a step forward, lightly drew his abdomen in, and threw out a gentle punch.

"Boom!!"

The spiral cone Sword Qi wave attacking from the front exploded into pieces with Nai Mucha's punch!

In an instant, the world trembled, spiritual energy scattered wildly.

Sun and moon lost their light.

Yinlong Mountain shook tremendously.

"Bang!"

At this time, that towering wood struck fiercely against Nai Mucha's back.

Charred Wood Taoist, Decayed Wood Taoist, and Amalia saw this and their expressions of despair were immediately replaced with excitement and thrill.

"Ha ha, two fists can't match four hands. Let's see what you do now!"

However, before their excitement fully blossomed, they witnessed the towering wood striking hard on Nai Mucha's back, yet instead of sending Nai Mucha stumbling forward, the giant wood itself crumbled bit by bit like fragile skin hitting an iron plate...

Instantly, their excitement froze, mixed with despair and reluctance, appearing exceedingly comical.

"How is this possible?!"

"Can the Ninth Layer of the Fanxu Realm be this strong?"

Withered Wood Taoist saw that even his killing move didn't affect Nai Mucha, and he panicked immediately, realizing the situation was bad.

Thus, he turned and prepared to tear open the Mountain Protection Array of Yinlong Mountain again to flee from this place.

"Rip!"

However, when he forcefully tore with his hand, he found that the array, which was previously as weak as a plastic bag, had now become indestructible, completely immovable to him.

"Came in and still want to leave? Really think my Dragon King Hall is a place you can come and go as you please?"

Yu Shenfeng, who previously seemed pitiful and was seeking help, now saw Withered Wood Taoist confusedly trying to tear but unable to, and mockingly said.

"You did it on purpose?!"

Hearing Yu Shenfeng's mockery, Withered Wood Taoist and Amalia finally realized, their faces turning as unpleasant as swallowing a dead rat.

They're not fools; seeing this situation, they understood that the apparent weakness shown by Dragon King Hall was entirely a trap—luring them in before sealing the Mountain Protection Array to safely capture them.

Originally, if not for Nai Mucha, they could have shown Yu Shenfeng the meaning of despair!

Yet due to Nai Mucha's presence, Yu Shenfeng's plan succeeded spectacularly, truly trapping them in a hopeless situation.

"Indeed."

Mu Hongchen also smiled lightly, his previously weary fighting expression instantly shifting to one of relaxation.

"Clang clang clang!!"

The four Black Robed Dragon People brought by Amalia were initially suppressing the nine swords, but now the Nine Heavens Mysterious Kill Sword Formation fully revealed its edge, with power overwhelming as the vast sea, leaving the four completely defeated with no chance to retaliate.

San Liu, Nameless, Qiu Bai, and Chen Xiuying, too, no longer engaged the two genetically modified vampires in close combat, instead using the divine techniques brought back by Mu Jinyu from the Kunlun Ruins, immediately taking control and overpowering the vampires!

In just a moment, the situation flipped, and the alliance against the forces of Yinlong Mountain lost the ability to turn the tide!

"Damnit!"

Amalia cursed furiously, then pulled a talisman from her bosom and crushed it directly.

This talisman was intended to notify the omniscient Bai Xiaosheng; if they were in any trouble, crushing it would prompt Bai Xiaosheng to help them out of a bind.

However, after Amalia crushed the talisman, she didn't notice any spatial fluctuation.

Everything remained calm.

This dragged her heart down into the depths.

'Could Bai Xiaosheng have already colluded with the Dragon King Hall to set them up?'

Amalia thought thus, her expression turning a mix of shock, anger, and dread.

"Stop wasting time and hurry to take them down!"

Seeing Amalia and Withered Wood Taoist both pull out a talisman and crush it, though nothing appeared and there seemed no looming danger, Yu Shenfeng nonetheless dared not be too careless, quickly advising Nai Mucha.

"Alright."

Nai Mucha responded, charging forward with large strides, his body briefly pausing, the ground collapsing, while his figure shot like a cannonball towards Withered Wood Taoist and the others.

"Clap!"

Nai Mucha instantly reached them, raising a hand to slap onto Withered Wood Taoist's face, producing a loud resounding slap.

This sent Withered Wood Taoist spinning uncontrollably like a top!

And this was Nai Mucha showing restraint; otherwise, his slap would directly leave Withered Wood Taoist's body still, while his head spun continuously, spiraling to the heavens...

After all, alive, both Withered Wood Taoist and Amalia were far more valuable than dead.

"Slap slap slap!"

After knocking Withered Wood Taoist over, Nai Mucha swiftly tossed several more slaps, flipping Charred Wood Taoist, Decayed Wood Taoist, and Amalia to the ground.

"Bang bang bang!!"

Subsequently, with different techniques and a stomp of his foot, Nai Mucha rushed towards the four Black Robed Dragon People encircling the Nine Heavens Mysterious Kill Sword Formation, to assist Mu Hongchen in breaking the siege.

"Bang!"

"Snap!"

"Boom!!"

This time, Nai Mucha held nothing back, blasting their heads and bodies apart in a second with punches, kicks, elbows, and knees.

"Nicely done."

With no more pressure, Mu Hongchen immediately praised Nai Mucha with a cheerful smile.

Nai Mucha nodded, then turned and rushed toward the two vampires to join the fray.

Chapter 1365: Return to Yinlong Mountain! Soul Search Clues!

Although the two vampires inherited the original bloodline of the Blood Clan and were very powerful, they were still no match for Nai Mucha of the ninth layer of the Fanxu Realm and were easily killed.

As for why Nai Mucha killed the vampires and Dragon Humans but chose to capture the Withered Wood Taoist alive.

It was because they seemed to have no Spiritual Wisdom, making them useless to keep around, but the Withered Wood Taoist still had consciousness, so by soul-searching them, much useful information could be retrieved.

This was also under Mu Jinyu's orders.

As the great battle concluded.

Yin Li, who was lazily sunbathing on a leaf, took back her gaze and continued basking in the sun.

In fact, she was the real trump card Mu Jinyu left behind this time. If a great enemy with the strength of the Unity Realm Stage appeared, even Nai Mucha would not be a match, then Yin Li would make a move, definitely able to withstand.

However... the joint attack from the Withered Tree Quest for Spring and Paradise Lost was not so powerful, not worthy of her action.

As the battle ended, Mu Hongchen closed the sword formation, allowing nine sharp swords to return to the nine mountain peaks, then ordered people to clean up the battlefield.

Yu Shenfeng did not bother with these trivial matters. After the two vampires were instantly killed by Nai Mucha, he thanked Nai Mucha and took out a Communication Talisman to inform Mu Jinyu of the situation here.

...

Kunlun Ruins.

Since the location of the teleportation light screen was in the Yan Kingdom, and the Heavenly Sword Faction was within the Yan Kingdom's borders, Mu Jinyu couldn't ignore the Heavenly Sword Faction after returning to the Yan Kingdom but first went to find his master.

So, after entering Kunlun Ruins, Mu Jinyu brought his mother and wives to visit Heavenly Sword Faction.

After chatting with the Sect Leader and the others for half a day, Mu Jinyu was about to say goodbye to the Sect Leader and set off to find Mu Shao'ai.

Then he received Yu Shenfeng's communication.

"Hmm? So fast?"

Mu Jinyu raised an eyebrow, somewhat amusedly muttering to himself.

He suspected that after leaving Huaxia with Gu Xiyan and the others, Omniscient, Withered Tree Quest for Spring, Paradise Lost, Fallen Splendor, and even Brilliant Divine Authority might take action.

But he expected it to be at least ten days to half a month, right?

Unexpectedly, just after half a day, the Withered Wood Taoist and Amalia had already learned about his departure and rushed impatiently into Yinlong Mountain to seek revenge.

Fortunately, he left Yin Li and Nai Mucha behind.

Otherwise, with just Yu Shenfeng's master-disciple pair handling the joint attack of more than a dozen mid-stage Fanxu Realm experts, the pressure would indeed be very high.

"What happened?"

Su Zijin saw Mu Jinyu's strange expression and couldn't help but ask curiously.

"Nothing, someone took advantage of our absence, trying to raid the Dragon King Hall." Mu Jinyu explained to Su Zijin with a slight smile.

"What? What's the situation now?"

Upon hearing Mu Jinyu's words, not only Su Zijin but all the women were nervous and quickly inquired.

Mu Jinyu said, "It's nothing. Didn't I leave Nai Mucha and the Divine Silkworm Princess in Yinlong Mountain? With them holding the fort, who could raid us during our absence?!"

"That's good. Perhaps we should go back and check on things now?"

Su Zijin relaxed a bit but was worried that contacting Mu Jinyu's Yu Shenfeng or Mu Hongchen might affect their vacation, so even if something happened, she seemed concerned and said.

"Heading back now?"

Mu Jinyu pondered, his eyes slightly downcast.

Originally, upon receiving Yu Shenfeng's communication and realizing the Dragon King Hall was safe, he hadn't planned to return immediately but to continue seeking Mu Shao'ai for a Heaven-reaching Treasured Sword Soldier or casting materials for him to refine himself.

Then he planned to travel to the Northern Plains and check on the Hanchi Tribe, seeing if any last remnants of the Blood Witch Clan came out to cause trouble.

But if Su Zijin wanted to return, clearly he couldn't hurry to many places.

Then back, and after dealing with those stubborn organizations, he would bring them over again.

"How about letting Xiyan and the others accompany me back while you handle your important matters here..."

Su Zijin thought Mu Jinyu was still worried about the Heaven-reaching Treasured Sword Soldier for Jian Ruyan, so she suggested.

"No need, let's go back first, and after dealing with the troublemakers, we can return."

Mu Jinyu returned from his thoughts, apologizing to Jian Ruyan with a smile and spoke softly.

Jian Ruyan remained calm, nodded without any objections.

Thereafter, Mu Jinyu bade farewell to the Sect Leader of the Heavenly Sword Faction and then, along with the women, crossed the teleportation light screen back to Kunlun Mountain.

Returning to Kunlun Mountain, Mu Jinyu did not linger but directly took the women via spatial shifting, promptly returning to Yinlong Mountain.

"How is it, Hongchen, are you alright? Is everyone okay?"

Upon returning to Yinlong Mountain, Su Zijin asked Mu Hongchen concernedly.

Mu Hongchen's face appeared somewhat pale due to his slightly weaker power and exhaustion from maneuvering the Nine Heavens Mystical Murder Sword Formation Map against the Dragon Humans.

Feeling Su Zijin's concern, Mu Hongchen felt warm, shook his head, and said, "No worries, sis, everyone is fine, everything went smoothly..."

"Hmm." Mu Jinyu softly answered, then released Life Source Energy to help Mu Hongchen recuperate.

Immediately, Mu Hongchen's slightly pale face turned rosy.

Mu Jinyu said, "Aunt Mu, don't overextend yourself next time; just let Nai Mucha handle it."

"Got it." Mu Hongchen nodded, feeling a bit embarrassed.

Later, Mu Jinyu chatted with Mu Hongchen about the events and grasped the general situation.

"Vampires with black-blue bat wings? Dragon Human, devoid of Spiritual Wisdom..."

Mu Jinyu pondered slightly, considering whether Fallen Splendor's vampires would follow the orders of Withered Tree Quest for Spring.

"Let's go, look at those captured alive."

Mu Jinyu waved and led everyone out of the room to the prison holding the Withered Wood Taoist and Amalia.

"Dragon Master."

Yu Shenfeng was guarding the prison and, surprised at Mu Jinyu's quick return, respectfully inquired.

"Hmm, I'm here to check these people, and once the soul-search is done, I'll leave them to you for revenge."

Mu Jinyu nodded to Yu Shenfeng and focused on the four bound people in the dungeon.

He raised his hand, and the four half-reclined in the dungeon lifted into the air, passed through the bars, and landed outside on the slate.

Afterward, Mu Jinyu placed his hand on the Withered Wood Taoist's head, his Divine Sense surged into the opponent's Sea of Consciousness, beginning the soul search.

This was why Yu Shenfeng left the Withered Wood Taoist and Amalia alive - for Mu Jinyu to soul-search them!

Mu Jinyu's Divine Sense invaded the Withered Wood Taoist's Sea of Consciousness, quickly discovering the untouched bases of the Withered Tree Quest for Spring in various places, and the crucial contact with a blurred figure.

"Hmm? The new Observer of Omniscient, Bai Xiaosheng?!"

Mu Jinyu discovered Bai Xiaosheng's contact with the Withered Wood Taoist and subsequently saw Bai Xiaosheng giving the Withered Wood Taoist the Blood Clan genes of the Curse World Master and their recent plan to besiege the Dragon King Hall.

"This guy is indeed trickier than Li Yaotong..."

Mu Jinyu comprehended the Withered Wood Taoist's experiences, muttering softly.

Chapter 1366: The Annihilation of Two Major Organizations! Mysterious Figure Appears!

After reading the memories of the Withered Wood Taoist, Mu Jinyu proceeded to press his hand onto the heads of the Charred Wood Taoist and the Decayed Wood Taoist, continuing with the soul search on them.

In their memories, the details about the various bases of the Withered Tree Quest for Spring and the specifics of each leader were essentially similar.

The only difference was that the Withered Wood Taoist had always been more active and had more frequent contact with Bai Xiaosheng of the Omniscient.

"Alright, you can deal with these three as you wish now."

After finishing the soul search on the three of them, Mu Jinyu tossed them to Yu Shenfeng without a trace of emotion, allowing him to take his revenge.

"Hmm."

Yu Shenfeng took the three, casually responding, but he didn't rush to deal with them, just waiting for Mu Jinyu to conduct the soul search on Amalia.

Mu Jinyu paid no mind to these and then pressed his hand onto Amalia's head to perform a soul search.

Quickly, Mu Jinyu learned from Amalia's memories the locations of the various divisions of Paradise Lost, the related personnel, and even their recent plans.

This inevitably shocked him.

Their initial plan in Paradise Lost was indeed to release various ghosts and deities from that Demon World. What was their ultimate goal? To destroy the world? Even Amalia herself was unsure.

Later, after the Demon World was sealed by Xiang Mantang, they changed directions, now aiming to revive an Ancestral Dragon Evil God. It was revealed that the recent theft of the Dragon Qi from the Qinling Dragon Vein was orchestrated by a high-ranking member of Paradise Lost.

At that time, if it weren't for Bai Xiaosheng's timely warning, that person might have already been caught by Mu Jinyu.

The most important thing was that Mu Jinyu saw that after Amalia was warned by Bai Xiaosheng, she headed to the deserted Sea God island to intercept the Dragon Soul from the Dragon Ball to complete their ultimate plan.

Unfortunately, he got ahead of her, which enraged her enough to want to attack the Dragon King Hall for revenge.

"This Omniscient is indeed the one that should be dealt with first!"

After reading Amalia's memories, Mu Jinyu's eyes showed a trace of apprehension, and he muttered softly.

Originally, he was aware of the Omniscient's darkness, always hiding in the shadows and assisting a few other organizations in plotting something, but he wasn't clear on the specifics or their actions.

Now, after observing the interactions between the high-ranking members of the Withered Tree Quest for Spring, Paradise Lost, and Bai Xiaosheng, he finally understood the threat of the Omniscient.

Compared to taking down organizations like Withered Tree Quest for Spring, Fallen Splendor, and Paradise Lost, the priority should indeed be the Omniscient!

"Let's take another look..."

Mu Jinyu's expression was uncertain, then he performed another soul search on Amalia, more detailed this time, potentially causing Soul damage, even rendering her a fool.

Unfortunately, he still couldn't find any clues about the Omniscient division from Amalia's memories.

Because every time Bai Xiaosheng contacted them, he appeared by himself, elusive as a ghost.

Unconvinced, Mu Jinyu threw Amalia to Yu Shenfeng and then grabbed the Withered Wood Taoist for another deep soul search.

Still no clues.

"Forget it..."

After the soul search, Mu Jinyu looked at the foaming Withered Wood Taoist in his hands, tossed him to the ground with some disinterest, and said to Yu Shenfeng: "Now you can deal with them, and in the future, pay more attention to the Omniscient. Notify me as soon as there's any clue..."

"Yes, Dragon Master," Yu Shenfeng agreed.

"Why are you..."

Mu Hongchen and the others saw something off about Mu Jinyu after his soul search on these four, but they asked out of concern.

Mu Jinyu waved them all out of the dungeon.

"Nothing, here's what happened..."

Back in their office.

Mu Jinyu was not foolish enough to keep the secret to himself, hiding it in his heart.

If he kept things from them, making them dismissive of the Omniscient and leading to future troubles, he would regret it terribly.

Soon, Mu Hongchen, Su Zijin, and the other women learned that the recent activities of Withered Tree Quest for Spring and Paradise Lost were indeed inextricably linked to the Omniscient, only then did they understand the gravity of the situation.

"The dark turmoil was caused because the Demon World was opened by Ah-Xiang. I suspected the recent heavy snowstorm might have been related to Paradise Lost. Just now, the soul search revealed they were planning to revive some Ancestral Dragon Evil God, and they even stole part of the Qinling Dragon Vein. Probably, they really are involved."

Mu Jinyu mused briefly, frowning, and then said to Mu Hongchen: "Aunt Mu, I'll provide you with the location details of Paradise Lost and Withered Tree Quest for Spring divisions, as well as the specifics of high-ranking personnel. You can start arranging for San Liu and the others to eliminate these two organizations."

"Alright," Mu Hongchen nodded.

Mu Jinyu then raised a hand, pointing at Mu Hongchen's fair and smooth forehead, transmitting the organized information to her.

In no time, Mu Jinyu withdrew his finger.

While Mu Hongchen, with her brows slightly furrowed, was still processing the rather substantial data and memories.

Quickly, in about three minutes.

Mu Hongchen came to her senses and then sat in front of the computer to begin inputting this valuable information.

She inputted the data while frowning, pondering how to mobilize personnel to eliminate these divisions.

Ten minutes later.

Mu Hongchen sorted out the information, then had San Liu and others come over to arrange for them to head to certain places, targeting divisions of the Withered Tree Quest for Spring or Paradise Lost...

"To prevent them from receiving news and immediately abandoning divisions to transfer personnel, Xiyan, Wen Rou, Little Xue, Linglong... you all also go to these places, destroy several divisions, we will strike like thunder and obliterate these two organizations..."

After instructing San Liu, Nameless, Qiu Bai, and Chen Xiuying, Mu Hongchen looked at Gu Xiyan and the seven other women, softly saying.

"Alright, no problem,"

All the women agreed without hesitation.

They had experienced too many battles and completed numerous missions during the year Mu Jinyu was at the Kunlun Ruins, so they naturally wouldn't be unwilling now that they were needed.

After that, Mu Hongchen looked at Mu Jinyu, hesitated, and asked: "Dragon Master, do you have anything going on lately?"

She wanted to see if Mu Jinyu didn't have anything pressing to handle, she could arrange for him to also destroy divisions of these two organizations.

Mu Jinyu waved off Mu Hongchen, saying: "I have other matters to attend to, you handle these small tasks."

Indeed, it wasn't an excuse, as he currently had more important things to deal with.

For example, pinpointing the hidden Omniscient and uncovering the Ancestral Dragon Evil God worshiped by Paradise Lost!

After speaking, Mu Jinyu looked up at Jian Ruyan, who had a calm expression, and apologized: "Little Yanzi, I'm sorry, I might not be able to go to the Kunlun Ruins to find a suitable sword for you lately..."

Jian Ruyan was stunned by his words, then shook her head and said: "It's okay, I wasn't in a hurry anyway. Just go handle your matters."

After pausing, she added: "I understand you."

Mu Jinyu smiled at her words, saying: "Thank you."

And then, after bidding farewell to the women, his figure flickered, leaving the Yinlong Mountain to try and search for the Omniscient's traces nearby.

Just as Mu Jinyu's figure appeared above Jiangnan Province, preparing to unleash his Divine Sense to cover the entire Jiangnan Province.

"Buzz!!"

Suddenly, the surrounding void distorted bizarrely, and then a vague figure slowly appeared before Mu Jinyu.

Chapter 1367 Meeting Bai Xiaosheng! In Shennongjia!

Seeing this blurry silhouette appear before him, Mu Jinyu's pupils suddenly constricted.

Having just performed a soul search on Withered Wood Taoist and Amalia, how could he not know that this was the new Observer of the Omniscient, Bai Xiaosheng!

"Ha!"

Immediately, Mu Jinyu let out a light shout, gathering True Yuan and amassing the surrounding Heaven and Earth Laws, ready to crush the opponent on the spot!

"Boom!!"

Suddenly, a thunderous explosion tore through the air, causing several rifts to appear in the void.

Spiritual Energy surged and scattered chaotically.

However, as everything gradually calmed down.

The just-relieved Mu Jinyu saw the blurry silhouette condense once again in front of him.

"Dragon King, what need is there for such anger? It seems there's no enmity between us."

The blurry silhouette emitted a voice that could be either male or female, laced with a touch of complaint and helplessness.

"Huh?!"

Mu Jinyu saw that the figure was unharmed and immediately realized that the shadow was merely a projection image, not the real person standing in front of him, hence it was impossible for him to kill the opponent.

Thus, he suppressed the turbulence and killing intent in his heart, coldly staring at the blurry figure before him, and said coldly:

"No enmity? Let's not talk about my brother being set up by your Omniscient machinations, creating grave errors, now atoning in the Demon World. Just recently, you've repeatedly colluded with organizations like Withered Tree Quest for Spring, Fallen Splendor, and Paradise Lost against my Dragon King Hall, and you still dare to say there's no enmity?!"

Bai Xiaosheng sighed slightly upon hearing Mu Jinyu's words and said: "Regarding the matter of Xiang Mantang, I deeply regret it, but that was the doing of Li Yaotong, not me..."

"Haha, shifting the blame? Then the Qinling Dragon Vein incident, the Blood Clan gene incident, and the plot against Yu Shenfeng—surely those are your handiwork?"

Mu Jinyu sneered, saying dismissively.

Bai Xiaosheng sincerely asked in return, "And in these matters, has the Dragon King truly suffered any loss?"

Mu Jinyu stared at him coldly, without speaking.

Bai Xiaosheng chuckled, "I orchestrated the Qinling Dragon Vein incident to gain Paradise Lost's trust, but the result was that the Qinling Dragon Vein remained unscathed, and the Blood Clan gene incident was the same; their modified Vampires from Withered Tree Quest for Spring could never be a match against you, Dragon King."

"As for Yu Shenfeng, it was a gift for the Dragon King."

"Haha, injuring my friend so gravely and calling it a gift? Then please tell me where your true body is, so I can give you a proper 'gift' as well!" Mu Jinyu laughed angrily.

Bai Xiaosheng replied, "The Dragon King possesses Life Source Energy, so no matter how injured Yu Shenfeng is, he won't die. And the gift I mentioned is the Dragon Ball in the Dragon Palace."

Upon hearing Bai Xiaosheng's words, Mu Jinyu couldn't help but be taken aback.

Indeed, if Bai Xiaosheng didn't know about the tunnel leading to the Merfolk, with the Sea God Palace beneath, it might still be said that throwing Yu Shenfeng there after incapacitating him was unintentional.

And discovering the Dragon Ball while rescuing Yu Shenfeng could also be considered a blessing in disguise.

However, not long ago, Bai Xiaosheng had clearly informed Amalia about the Dragon Ball's location, prompting Amalia to go personally.

Given that, how could Bai Xiaosheng not know the Dragon Ball's whereabouts?

So clearly, he did it intentionally, so that during the search for Yu Shenfeng, I would obtain that Dragon Ball.

Then, Mu Jinyu thought about soul searching Amalia's memories, finding out she had painstakingly located that deserted island, only to discover she was too late, and vented in rage. Upon hearing from Bai Xiaosheng that I had left Huaxia, she couldn't contain her killing intent and impulsiveness, and joined Withered Wood and others to besiege Yinlong Mountain.

So, was this Bai Xiaosheng's scheme?

Mu Jinyu's expression fluctuated, uncertain what he was thinking.

"The Dragon King seems to understand my sincerity now."

Bai Xiaosheng, seeing Mu Jinyu's expression shift and the murderous intent not as overwhelming, smiled and said.

Mu Jinyu gave him a cold glance, and sneered, "Haha, what sincerity is this? If you had true sincerity, why resort to such complicated maneuvers? You could have contacted me directly and informed me of all the clues to these organizations' divisions, and I would be grateful to you."

After pausing, Mu Jinyu shook his head in disappointment and said, "But everything you did only made me understand that from the beginning, you intended to cooperate with them, but upon realizing my strength surpassed your expectations, you abandoned and betrayed them, posing as someone who infiltrated them to unearth their clues, an apparent picture of full sincerity — just a trick to gain my trust."

Bai Xiaosheng wasn't embarrassed at being exposed by Mu Jinyu's disdain and sarcasm, lightly chuckling, "Those who understand the times are brilliant."

"What's your purpose in finding me?!"

Though aware of the other's ill intent, Mu Jinyu couldn't address him now, so he asked what he truly wanted to do.

Bai Xiaosheng replied, "To help you, Dragon King, locate Paradise Lost's headquarters and terminate their Ancestral Dragon revival plan."

"Hmm?!" Mu Jinyu narrowed his eyes, coldly gazing at Bai Xiaosheng, trying to discern the expression beneath his blurry silhouette.

Unfortunately... he couldn't see anything.

Bai Xiaosheng said, "I believe Dragon King has already soul searched them and knows the details of Withered Tree Quest for Spring and Paradise Lost's various divisions, but even Amalia doesn't know Paradise Lost's headquarters. Surely, Dragon King you don't want to leave Paradise Lost unscathed this time?"

After a pause, he further added, "Most importantly, Paradise Lost's recent Ancestral Dragon revival scheme — Dragon King, you understand if that Ancestral Dragon Evil God revives, the ensuing disaster would undoubtedly rival the Dark Turmoil. Surely, you don't want them secretly plotting, eventually leading to countless tragedies?"

"But I can't trust you." Mu Jinyu stared coldly at Bai Xiaosheng, silently for a while before speaking coldly.

Bai Xiaosheng smiled and asked, "With the Dragon King's strength, do you fear falling into my hands?"

Mu Jinyu sneered, "Haha, if you dare face me directly, that would be different. But your evasive tactics prevent me from dealing with you; how can I trust you?"

Bai Xiaosheng fell silent.

After a while...

Just as Mu Jinyu thought Bai Xiaosheng was about to leave in disgrace, Bai Xiaosheng suddenly sighed and spoke:

"Apologies, Dragon King, it's not that I refuse to face you or stay hidden — it's due to a hidden ailment, hindering my movements, and I can't teleport like you. Only through this method can I instantly travel afar and easily convey information..."

"If Dragon King must see me to believe, then please, come to Shennongjia; I'm there."

Bai Xiaosheng's tone was earnest, accompanied by resolute determination.

It seemed he also knew, revealing his true form to Mu Jinyu might reenact their initial encounter, where he could die on the spot by Mu Jinyu's hand.

However, he ultimately decided to gamble, believing in his use value and trusting Mu Jinyu wouldn't lose his reason and kill him on the spot.

"Fine, I'll visit Shennongjia then."

Mu Jinyu deeply looked at Bai Xiaosheng, speaking solemnly.

"Then I await the Dragon King's arrival at my humble abode..."

Bai Xiaosheng lightly chuckled at Mu Jinyu's words, raising his blurry hand to cupped fists towards Mu Jinyu, and then his figure dispersed like sand in the wind.

Chapter 1368 Asking Yin Li for Help! Bai Xiaosheng's True Face!

Watching Bai Xiaosheng leave, Mu Jinyu wasn't sure if there were still a pair of eyes secretly watching him.

He didn't act immediately, but pondered in his heart, wondering how much truth there was in the words the other just said.

And whether there might be an ambush and traps set in Shennongjia, intending to take the opportunity to catch him.

"Hehe..."

After thinking for a while, Mu Jinyu suddenly chuckled and shook his head, feeling as if he had been startled by a series of omniscient actions.

Now he's become so suspicious and jittery.

Back when he was in Kunlun Ruins, he was only at the Fanxu Realm, yet he dared to confront Wu Xiongfei, a great power of the Late Harmonizing Path Stage. Now, not even the entire Earth might have a Unity Realm Stage, yet he's worried about the Omniscient to this extent!

If Bai Xiaosheng truly set up an ambush in Shennongjia, then he would simply charge out directly!

No need to be so timid...

However, when he thought of the possibility that Bai Xiaosheng's trap might be similar to the one Xiang Mantang set back then, Mu Jinyu decided not to be too careless and thought for a moment before returning to Yinlong Mountain.

To seek help from Divine Silkworm Princess Yin Li.

If she's around, there shouldn't be any issues!

Soon, Mu Jinyu found the Divine Silkworm Princess eating ice cream.

He squatted down, quietly watching the Divine Silkworm Princess devour the ice cream in large bites.

Yin Li naturally noticed Mu Jinyu's arrival, but she didn't mind him and continued to squint her large eyes happily while eating the ice cream.

But after a few minutes, Yin Li noticed that Mu Jinyu was still watching her and not speaking, so she stopped licking the ice cream, turned her head, glared at Mu Jinyu, and muttered, "Why do you keep watching me?"

"Just eat. After you've finished, I'll take you out for a walk..." Mu Jinyu replied with a grin.

Upon hearing this, Yin Li felt bewildered and shook her head, saying, "No, I don't want to go out. I just want to eat ice cream here, bask in the sun, and take a nap..."

"You can eat the ice cream on the way too," Mu Jinyu said.

Yin Li blinked her big eyes, thinking that he perhaps had a point.

But she suspected Mu Jinyu wouldn't take her out for no reason, so she asked, "Did you run into some trouble?"

"Not exactly trouble, but the other party is a bit tricky. I find it difficult to gauge their danger level. With you around, I think it would be safer, so I wanted you to come along," Mu Jinyu explained.

"Alright, I'll go out with you then." Yin Li licked the ice cream off her lips, then her small body floated and drifted into Mu Jinyu's embrace.

"Mm, thank you..."

Mu Jinyu smiled, then left the freezer room, not bothering to find Mu Hongchen and the others, heading directly towards Shennongjia.

After ten minutes or so.

Mu Jinyu arrived in Shennongjia.

Coming to the sky above Shennongjia, Mu Jinyu expanded his divine sense, striving to cover the entire Shennongjia, wanting to see if there were any problems here.

Soon enough, Mu Jinyu had searched through half of it, finding no issues, then teleported to the other side to continue searching.

Having thoroughly searched across the entire Shennongjia, still finding nothing amiss, Mu Jinyu's expression showed some discontent.

"This place has big problems..."

Mu Jinyu muttered to himself.

His spiritual thought swept across Shennongjia inch by inch, but he found nothing wrong, which meant either Bai Xiaosheng wasn't in Shennongjia at all or the place he was in had an extremely adept Concealment Array, capable of hiding from his divine sense.

If it's the latter, it shows that the fear of the Omniscient far exceeded his imagination.

After all, once he completely breaks with the Omniscient in the future, how could he eradicate this organization on such a vast Earth?

"Over there, that might be the place you're seeking..."

While Mu Jinyu was contemplating how to find Bai Xiaosheng or whether to wait for him to show himself, Yin Li, lurking warmly in his embrace, suddenly sent him a spiritual message, informing him of a peculiar area in a gorge which might be the place he's looking for.

"Huh?!"

Mu Jinyu carefully examined the map appearing in his mind, recalling that he had just searched this particular place—this gorge appeared unremarkable under his divine sense scan.

But since Yin Li said there's a problem, it wouldn't hurt to check it out.

After all, it wouldn't waste much of his time.

"Buzz..."

Just as Mu Jinyu was about to teleport there, space warped and rotated in front of him, and a blurred figure emerged.

"Dragon King, you're here, and your speed is indeed swift..."

Bai Xiaosheng began to compliment Mu Jinyu.

"Lead the way." Mu Jinyu paused, pondering, and said calmly.

He thought of waiting to see where Bai Xiaosheng would lead him. If it's indeed the gorge Yin Li mentioned, then things would be easier to handle, and dealing with the Omniscient wouldn't be impossible in the future.

"Dragon King, follow me."

Bai Xiaosheng smiled slightly, his figure flickered and flashed a few hundred meters away, and then once again flickered and flashed several hundred meters further.

Seeing this, Mu Jinyu gently patted Yin Li in his arms, signaling her to hide well, and then he stepped forward to follow.

Soon, Mu Jinyu was following Bai Xiaosheng closely, arriving outside a fog-dense gorge.

Seeing the gorge, Mu Jinyu's face did not change, but inwardly he praised.

Because the gorge was exactly the place Yin Li had just told him had some issues.

"Hehe..."

At this moment, Yin Li also seemed aware of Mu Jinyu's joy, because knowing Mu Jinyu didn't want her exposed, her slightly triumphant silly laughter echoed in Mu Jinyu's mind.

"Huh..."

Arriving outside the gorge, Bai Xiaosheng's blurred phantom suddenly blinked and dissipated.

Then, a somewhat weak voice echoed from within the gorge.

"Dragon King, welcome. Forgive me for being ill and unable to greet you personally..."

As the voice continued, the dense fog that enclosed the gorge dispersed to both sides, revealing a clear path.

Raising his eyes to look inside, Mu Jinyu saw deep within the gorge, a figure clad in a black robe, with face and form hidden within. He sat cross-legged on a massive black stone, two meters high and 1.2 meters wide.

With Mu Jinyu's gaze fixed on him, the man also lifted his head, revealing the face hidden under the black robe.

"This..."

Seeing the other's face, Mu Jinyu shuddered, nearly stepping back.

The face was covered with toad-like pustules, the eye sockets were flesh turned outwards, the eyeballs gouged out, the head devoid of any hair, yet riddled with suture scars, dense like dozens of centipedes crawling over...

"Bai Xiaosheng?"

Mu Jinyu composed himself, his eyes flickered, he asked.

"Indeed, it is I."

The bizarre figure spoke, the voice exactly the same as the previously weak one.

"How did you... become like this?"

Even though it felt like rubbing salt into a wound, Mu Jinyu couldn't resist his curiosity. Moreover, he trusted that Bai Xiaosheng wouldn't be deeply affected by such a question, so he asked.

Bai Xiaosheng slightly shook his head, saying, "An accident nearly took my life. Though I barely survived, I ended up as an ugly monster."

Chapter 1369 Laying Everything on the Table! Worth a Try!

"So, you've been afraid to show your true face all this time, fearing you'd scare people?"

Mu Jinyu asked.

He thought to himself, originally, he did think Bai Xiaosheng should be a charming and elegant man, but seeing his appearance now, it's indeed quite frightening.

He wondered if there was any way he could help with a makeover.

Mu Jinyu pondered silently.

"No..."

Bai Xiaosheng shook his head after speaking, then abruptly straightened his back. The black giant rock he was sitting cross-legged on began to move forward.

"Clang! Clang!!"

After taking a few steps while controlling the giant rock, Bai Xiaosheng stopped, slightly out of breath.

Then he laboriously raised his head to look at Mu Jinyu, explaining, "It's because of this rock that I can't walk normally."

Mu Jinyu, hearing this, looked closely at the giant rock and used his Divine Sense to examine it.

Then, he discovered that Bai Xiaosheng was not sitting cross-legged on the rock, but his entire lower body was fused with the giant rock.

Moreover, this rock seemed to be made of some very special material and appeared to be extremely heavy, making it impossible for Bai Xiaosheng to move it and walk normally.

"Hmm? Something's not right..."

At this point, Mu Jinyu narrowed his eyes slightly, noticing something strange. This rock seemed to be a Heaven-reaching Spiritual Treasure?

Bai Xiaosheng seemed to know Mu Jinyu had realized the issue with the rock, so he smiled and said, "Well, I actually don't have much power of my own. The reason for the mysterious and unpredictable shadow projection is also because of this rock..."

"Blessings and curses go hand in hand?" Mu Jinyu muttered under his breath.

He was quite curious about what Bai Xiaosheng had gone through to end up like this and how he fused with this giant rock spiritual treasure.

But Bai Xiaosheng had just clearly stated it was due to an accident that he became like this, and he didn't elaborate further; obviously, he didn't want to revisit the past.

Therefore, Mu Jinyu just silently noted these questions without intending to pry further with Bai Xiaosheng.

Seeing that Mu Jinyu recognized the giant rock spiritual treasure fused with him but didn't show any greed, Bai Xiaosheng breathed a sigh of relief in his heart.

Originally, when he reached out to Mu Jinyu, he was filled with apprehension.

After all, now he had to completely expose his true form to Mu Jinyu. If Mu Jinyu wanted to retaliate or recognized the Heaven-reaching Spiritual Treasure and wanted to kill him for it, he probably wouldn't be able to stop him.

But now that Mu Jinyu didn't seem inclined to attack, Bai Xiaosheng knew he had passed the first hurdle.

With a slight smile, Bai Xiaosheng said, "Dragon King, do I now seem sincere enough?"

"Sincerity?!" Mu Jinyu scoffed, raising an eyebrow as he gave Bai Xiaosheng a cold glance and said coldly, "You're asking me to deal with Paradise Lost, to stop their plan to revive the Ancestral Dragon Evil God, what benefits do you want to gain from this?"

If it were someone else saying this, he might believe in the other's sincerity and not suspect ulterior motives.

But Omniscient is different. The dark chaos and Night Parade of One Hundred Demons were also co-created by them and Paradise Lost. The current so-called Ancestral Dragon Evil God revival plan was also their collaborative effort.

But mid-process, Bai Xiaosheng suddenly betrayed Paradise Lost, wanting to join forces with him to oppose Paradise Lost and stop the plan. Mu Jinyu couldn't believe there were no hidden motives.

Mu Jinyu believed Bai Xiaosheng definitely had some objective in this.

Upon hearing Mu Jinyu's words, Bai Xiaosheng also knew that his and Omniscient's recent performances made it really hard for Mu Jinyu to trust him, so he let out a long sigh and said:

"Dragon King, if I say, in reality, our beliefs are the same, that I never intended to collude with Paradise Lost to destroy this world, that the goal of Omniscient is to protect Earth, would you believe me?"

Mu Jinyu didn't respond, looking at him coldly.

Although Bai Xiaosheng was blind, he seemed to perceive Mu Jinyu's reaction. With a faint sigh, he said, "Actually, when Li Yaotong first contacted Xiang Mantang, he advised against going to that place. Although there was a chance to find a way to revive you, Dragon King, there was also danger. With blessings come curses, but Xiang Mantang didn't listen."

"At that time, we indeed had ties with Paradise Lost, but the purpose was not the same as theirs, not to release those demons to plague the world, but because we knew they were secretly plotting something. We hoped to find a way to stop it..."

"Unfortunately, we didn't foresee that just one visit from Xiang Mantang would throw the world into chaos, catching us off guard!"

"In the end, we thought we might learn a solution from Paradise Lost's cooperation, so we didn't immediately fall out with them. But in the end, Li Yaotong was killed by Le Le..."

Bai Xiaosheng spoke in a low voice, tinged with self-blame.

Listening to his account, Mu Jinyu's memory scenes surged in his mind, recalling that incident back then, how Li Yaotong indeed ended up dead on Le Le's hands, and afterward, Le Le even took his phone to send them a message leading them to that school to die.

And Le Le, after they arrived, even disguised himself as Li Yaotong to deceive them. At the time, if not for Xiang Mantang intervening in time, facing Le Le, who controlled dozens of demons, the development of events would have been unpredictable.

While Mu Jinyu was lost in his thoughts, Bai Xiaosheng continued, "The dark chaos was an accident, we at Omniscient performed quite poorly then, but afterwards, we didn't immediately fall out with Paradise Lost because we knew they had other plans, and we had to find out their headquarters and eliminate them all at once."

"Therefore, over the past year, I've maintained contact and cooperation with Paradise Lost, providing them with lots of useful information that wouldn't cause any harm to the current situation. This plan was successful, and I also learned about their plan to revive the Ancestral Dragon Evil God and located Paradise Lost's headquarters..."

"Afterwards, I arranged for them to send themselves to their deaths at Dragon King's hand, then come to seek Dragon King's cooperation to eradicate Paradise Lost and completely terminate their evil plan!"

After Bai Xiaosheng finished, he asked, "Is this explanation believable to you, Dragon King?"

Mu Jinyu raised an eyebrow at Bai Xiaosheng and countered, "Providing them with lots of useful but non-harmful information to the current situation? What about the recent snow disaster? Don't tell me it had nothing to do with you, and don't say it wasn't considered severe?"

Bai Xiaosheng remained silent for a moment, shaking his head before speaking, "Although we claim to be Omniscient, we don't truly know everything or foresee everything. To be frank, this snow disaster wasn't part of Paradise Lost or Withered Tree Quest for Spring's plans but was a natural occurrence, likely one of the impacts after Earth's seal was broken. Such situations might arise again in the future, but it might just be a simple recovery of Spiritual Energy, with the environment not worsening like that."

Mu Jinyu looked deeply at Bai Xiaosheng but didn't speak.

Bai Xiaosheng had said so much, yet he didn't know how much of it was true or false.

However, Li Yaotong's death at Le Le's hands was indeed true, and the snow disaster incident possibly truly couldn't be predicted, seemingly genuine too.

Overall, there's still some credibility in Bai Xiaosheng's words.

Moreover, it's not like he could give up dealing with Paradise Lost just because he was wary of Bai Xiaosheng.

Ultimately, he intended to eradicate Paradise Lost completely, so perhaps he should learn about Paradise Lost's headquarters and the location of the Ancestral Dragon Evil God.

Chapter 1370 Bermuda Triangle! Underwater Pyramid!

"Alright, then tell me, where is the main camp of Paradise Lost, and where is the Ancestral Dragon Evil God set to be resurrected..."

Mu Jinyu finally decided to join forces with Bai Xiaosheng.

Seeing Mu Jinyu finally let go of his prejudices against him, Bai Xiaosheng's face showed a comforting smile.

Yet on his pus-covered face, the smile looked somewhat nauseating.

Then, Bai Xiaosheng revealed these two locations to Mu Jinyu.

"I can't understand it very well, never mind, can't you lead the way with your phantom? Just take me there directly!"

Mu Jinyu felt a bit confused hearing the geographical names and surrounding sea areas from Bai Xiaosheng, and was too lazy to ponder over a map, so he let Bai Xiaosheng lead the way.

"Alright." Bai Xiaosheng nodded in agreement without objection.

The conversation ended.

With a "buzz" sound, the void in front of Mu Jinyu twisted, and then that somewhat familiar fuzzy figure appeared in front of him again.

"Please."

The phantom figure raised a hand in salute to Mu Jinyu, then shook its form and teleported forward in an instant.

Mu Jinyu glanced back at Bai Xiaosheng, and then stepped forward to follow the phantom ahead.

Ultimately, he chose not to kill Bai Xiaosheng on the spot.

Half a day later.

Mu Jinyu followed Bai Xiaosheng's avatar to the vicinity of the Sargasso Sea in the North Atlantic.

"Hmm?!"

Mu Jinyu looked around and slightly furrowed his brow, saying, "Is this... the Bermuda Triangle?!"

"Yes, it's indeed referred to as such." Bai Xiaosheng said.

Mu Jinyu's eyebrows tightened, pondering that this guy was really sly. He deliberately didn't directly mention the Bermuda Triangle's name, making it hard for him to understand and pinpoint the exact location, thereby letting him lead the way.

It was likely because Bai Xiaosheng feared that once Mu Jinyu knew the specific location of Paradise Lost, he would decide to kill him without hesitation, hence this tactic.

Mu Jinyu chose not to dwell on it too much.

Since he isn't sure if Bai Xiaosheng divulging everything upfront would make him feel he no longer held value and thus end up killing him.

Now that he was separated from Bai Xiaosheng's true body, he couldn't care much about dealing with this phantom illusion, so he simply didn't overthink it.

Bai Xiaosheng seemed oblivious to Mu Jinyu's annoyance, continuing to smile as he said, "Of course, compared to the Bermuda Triangle label, I prefer calling it the Atlantis Ruins."

"Atlantis Ruins? Are you really sure?" Mu Jinyu asked with raised eyebrows upon hearing this.

Atlantis, it's believed that few people haven't heard of it.

It's said that there have been four generations of humans on Earth; the first were giants, who were not native to Earth but came from above, eventually perishing due to hunger.

The second generation of humans was destroyed by a massive fire, the third humans were apes, and they died through mutual slaughter.

The fourth generation was Atlantis, eventually destroyed by a gigantic deluge.

There are various theories regarding the ruins of Atlantis; some believe it's located on an island in the Atlantic Ocean near Europe and the Strait of Gibraltar, others suggest it's on Crete Island or the Antarctic Peninsula...

Years ago, scientists from various countries, while exploring the Bermuda Triangle, unexpectedly discovered an unknown underwater pyramid beneath the turbulent sea.

Since then, scholars have speculated that this underwater pyramid may have been built by Atlanteans who lived under the sea for a prolonged period, and that the Bermuda Triangle might have been one of their active bases millions of years ago.

Of course, none of these theories have concrete evidence; they're merely speculative.

Yet now, Bai Xiaosheng confidently claims that the Bermuda Triangle is indeed the Atlantis ruins, and previously mentioned that it's the main camp of Paradise Lost...

Could it be that the people of Paradise Lost are actually the surviving Atlanteans?

Mu Jinyu couldn't help but find his own speculation quite absurd.

However, Bai Xiaosheng seriously nodded when Mu Jinyu voiced his guess, saying, "Indeed, there is that possibility, but I think there's more likelihood that Western cultivators accidentally acquired Atlantis's legacy and inherited its intentions, leading to the establishment of Paradise Lost."

"That's also why Paradise Lost's goal is always to awaken certain restless evil gods."

"Perhaps..."

Mu Jinyu didn't want to think too much about it, as long as he could destroy Paradise Lost, whether they were real Atlanteans, fake ones or not at all, it didn't matter to him.

"This Bermuda Triangle seems very dangerous; how do we get in to find Paradise Lost?"

Mu Jinyu voiced his doubts.

Although, given his Unity Realm Stage strength, he should not fear the deadly Triangle, able to venture in without hesitation to turn it upside down and find Paradise Lost.

Mu Jinyu harbored suspicion and caution towards Bai Xiaosheng, especially since the place has a notorious reputation; he didn't want Bai Xiaosheng to set a trap there and end up being tricked.

Bai Xiaosheng replied, "I've never entered the main camp of Paradise Lost, but from afar, I've seen them entering several times. Although not very clearly, it seems similar to how the Dragon King enters Kunlun Ruins."

"By using a teleportation screen to enter the minor world behind?" Mu Jinyu queried, raising his brows.

Currently, the known minor worlds, aside from those currently merging with the major mountains, there's the Kunlun Ruins behind Kunlun Mountain, and the Demon World initiated by Xiang Mantang.

Now, there's another, Paradise Lost.

Thus, when those two Paradise Lost individuals deceived Xiang Mantang into opening that Demon World, it was indeed intentional.

"Yes, close enough, the exact location is the underwater pyramid below." Bai Xiaosheng nodded in affirmation.

"Alright, I'll go take a look." Mu Jinyu said, giving Bai Xiaosheng a meaningful glance.

As soon as he finished speaking, without hesitation, he shifted into the sea depths to find the underwater pyramid.

With Mu Jinyu's cultivation, he could enter the waters without the need for a Water-Repelling Pearl, blocking out ocean disturbances, he scanned the seabed and eventually found the underwater pyramid.

At first glance, this underwater pyramid seemed grand.

Soon after, Mu Jinyu also discovered that certain formations were indeed set around the pyramid, resembling the formation connecting Kunlun Mountain to Kunlun Ruins.

"What do you think, is there a way?"

Bai Xiaosheng's phantom also dived into the seabed, standing beside Mu Jinyu, asking in a low voice.

"Let me take another look."

Mu Jinyu didn't go too close to the underwater pyramid, studying it from afar while musing over the point of formation.

Bai Xiaosheng observed in silence, not interrupting Mu Jinyu's contemplation.

After a while.

Mu Jinyu's brows relaxed as he said, "I know how to get in."

At this moment, he calculated the time, estimating that Gu Xiyan and Yu Shenfeng were already commencing their operations, dismantling the sub-bases of Withered Tree Quest for Spring and Paradise Lost.

To avoid being noticed by the heads hidden within the so-called Atlantis ruins of Paradise Lost's main camp, Mu Jinyu decided it wasn't the time to dilly-dally.

Thus, Mu Jinyu shifted to the underwater pyramid's front, promptly knocking several times on the tower.

"Buzz!"

As soon as Mu Jinyu completed his actions, the two massive holes on the pyramid began sucking in seawater, stirring a sea-floor storm, ultimately forming a huge underwater whirlpool.
