Chapter 1591: A Thrilling Battle! Eastern War Dragon Narrowly Defeated! Su Yuan and Mu Tian Are Restless!

"Uh..."

Chu Huaxiu clenched her little fists, anxiously watching the stance Eastern War Dragon had taken. She asked Chu Huannian, "Sis, will Brother Jinyu lose?"

Although if Mu Jinyu won, he'd leave Chu Kingdom with her sister to the Eastern Region Center of the Canglan Realm, and she might never see him again in her lifetime, she still hoped Mu Jinyu would win, rather than lose and stay in Chu Kingdom sorrowfully.

Chu Huannian stared intently at the stage without blinking and answered, "I don't know; believe in him!"

"Ugh!!"

Eastern War Dragon held a segment of Bone Spur in each hand, the longest segment clamped in his mouth. He stared icily at Mu Jinyu and let out an eerie roar that didn't sound human!

Then, he charged forward quickly; his figure flickered with each step as if he was about to traverse the void, not present in the mortal realm.

Meanwhile, the murderous aura emanating from him grew increasingly frightening.

"Screech!!"

"Tap, tap..."

At the same time, Eastern War Dragon seemed to be bearing enormous pressure, and the injuries Mu Jinyu had inflicted on him burst open again, blood oozing everywhere.

But he was oblivious to the pain as though it wasn't him who was hurting!

"Kill!!!"

Eastern War Dragon suddenly let out a low roar, and then executed this peculiar Three Sword Style, his figure abruptly vanished, leaving behind the shadow of endless wrong knife marks in the void.

It seemed as if he wanted to shred this entire realm to pieces!

"Such terrifying blade aura!"

"But it looks like this time he can barely manage it; he definitely won't be able to do it again!"

"Hmm, to fight to this extent, Eastern War Dragon got overzealous; he could've effortlessly kicked Mu Jinyu out of the ring, but insisted on using this move to kill Mu Jinyu, which ended up dragging himself down!"

Su Yuan, below the stage, saw Eastern War Dragon execute this terrifying blade force again, and couldn't help but shrink his pupils slightly, exclaiming.

Lin Wu and Mu Tian discussed in low voices, the regret mixed with excitement in their expressions.

They thought Eastern War Dragon was truly admirable; originally, if he just casually knocked Mu Jinyu out of the stage, saving this strike to deal with Lin Wu and Mu Tian, he would have certainly won!

But he hated Mu Jinyu so much, planned to kill Mu Jinyu to vent his anger, and directly executed this move.

After that, he's probably extremely exhausted, unlikely to maintain Peak condition.

Amid the crowd's exclamations.

Upon the first platform, Mu Jinyu appeared very calm.

His body was dripping with blood, injuries were severe, but the sole advantage of the Pureblooded Human Race was abundant Qi-Blood, recovery from injuries and Blood Essence was considerably faster than other Foreign Races, though not as fast as he once did with Life Source Energy, which could heal any wound immediately. Mu Jinyu's state wasn't as bad as others thought!

And when Eastern War Dragon executed this terrifying blade force, melding into the world, Mu Jinyu contemplated how to counter it, his eyes shimmered, and coincidentally, the Killing Character secret technique and the Secret Heavenly Calculation arose.

They showed him the flaw in Eastern War Dragon's strike.

And the way to dismantle this terrifying blade force.

Mu Jinyu's eyes shone brightly, his lips curled with a slight smile. He then gently gripped the long spear in his hand, and his step forward was uniquely bizarre.

"Whoosh, whoosh, whoosh!!"

In an instant, the sharp-bladed shadows flew precisely from various angles, smashing into the position where Mu Jinyu originally stood, along with the potential positions he might have moved toward next.

It can be said that Eastern War Dragon's strike originally completely blocked Mu Jinyu's path.

He was bound to make him perish!

But after Mu Jinyu took that step forward, he happened to step out of the blocked position unscathed, standing safely in front.

"Tap, tap, tap..."

Then, Mu Jinyu slowly stepped forward, occasionally altering a room's position, and continued walking, producing distinct footsteps.

"Boom, boom, boom!!"

And every time Mu Jinyu adjusted his position, the terrifying blade shadows and blade aura would burst at his previous location.

Created countless ruins behind him on the stage surface.

"What is going on?"

"How can he so effortlessly dodge Eastern War Dragon's attacks?!"

"Could it be that Mu Jinyu learned this move from Eastern War Dragon and knows how to counter it?"

"Impossible, right? Are my eyes playing tricks on me?"

"..."

Watching Mu Jinyu dodge Eastern War Dragon's blocked attacks each time precisely, Lin Wu, Su Yuan, and others finally realized that this was not mere luck!

This guy Mu Jinyu really knows how to counter it!

They each couldn't hold back their surprises.

Looking at Mu Jinyu's back, filled with unwillingness.

This guy, how could he cheat like this?

Shouldn't he be directly thrown out by Eastern War Dragon, preferably half-dead?

Especially Su Yuan, who had fought with Eastern War Dragon and lost to this move, felt his face burn with shame.

Feeling his face was swollen by Mu Jinyu's actions!

After all, Mu Jinyu managed to dodge Eastern War Dragon's ultimate move, but he lost to it himself.

And until now, he hadn't figured out how to counter Eastern War Dragon's move!

This gave him a sense of utter humiliation!

Meanwhile, at that moment, Mu Jinyu, who gracefully dodged Eastern War Dragon's attacks on the stage, suddenly stopped his step, raised his hand, and lightly thrust the long spear forward!

"Screech!!"

A sound as if a long spear pierced into pig meat came forth afterwards.

"Boom!!"

Eastern War Dragon's hidden figure finally reappeared before everyone.

The crowd saw Eastern War Dragon posing as if to rush forward and chop Mu Jinyu, swinging the Three Sword Style with twisted features, and his abdomen was pierced by a long spear, lifted by Mu Jinyu.

The appearance looked as though Eastern War Dragon willingly came forth to die!

It left the crowd staring in disbelief!

As Eastern War Dragon got pierced through the abdomen qi-sea by Mu Jinyu's spear, the horrifying aura emanating from him swiftly dissipated like a deflated balloon.

"Boom!!"

Then Mu Jinyu calmly flicked his hand, tossing Eastern War Dragon off the first platform!

Eastern War Dragon landed heavily on the ground with a thud.

Soon, his once tyrannosaurus-like body quickly resembled a sickly scholar, gasping for air.

The War God of the Wang Family and Eastern War Dragon's clansmen rushed forward to provide medical aid to Eastern War Dragon.

After some time, Eastern War Dragon finally was saved, out of life-threatening danger, would be fine after a period of recuperation.

Only then did the War God of the Wang Family breathe a sigh of relief, and subsequently looked at Mu Jinyu with a complex expression, announcing, "Mu Jinyu wins, earns one point; total seventeen points. Eastern War Dragon loses, deducts one point; total fifteen points!"

"Yay, Brother Jinyu wins!"

Upon hearing the announcement by the War God of the Wang Family, Chu Huaxiu immediately couldn't help but exclaim in joy.

Chu Huannian softly said, "It's not over yet!"

Sure enough, as soon as she finished speaking, Su Yuan and Mu Tian couldn't help but want to challenge Mu Jinyu actively!

And Lin Wu, having previously lost to Mu Jinyu, couldn't challenge him again, begrudgingly only able to challenge Eastern War Dragon in anger!

Chapter 1592: Righteous Opposition! Let Them Fight If They Dare! Next!

"Next, it's time for my battle with Mu Jinyu!"

"I'll go first!"

"Eastern War Dragon, let's battle!"

Su Yuan, Lin Wu, and Mu Tian, were eager to challenge Mu Jinyu and the Eastern War Dragon, fearing they might be purposely killed later, thus missing out on some points!

"These guys are despicable!"

Chu Huaxiu stared in shock at the usually proud and aloof Chu Kingdom's Heaven's Pride, now exhibiting disgraceful behavior to gain a cheap advantage, and angrily remarked.

Chu Huannian said indifferently, "It's about their future, not unexpected for them to be shameless."

After speaking, she looked at Mu Jinyu standing on the stage trembling, covered in blood, and finally spoke, "Do you all have any shame?!"

"Hmm?!"

"What's wrong with us?"

"Chu Kingdom's Warrior, don't speak nonsense, we are following the normal procedures. The rules of the competition allow everyone to challenge the other nine people once. It's not that losing once means

you can't challenge again. I've only fought six times but haven't battled Mu Jinyu yet, why can't I fight him?"

"Exactly! By the rules, Mu Jinyu needs the most points to get Dongyue Mansion's evaluation slot. He only has seven consecutive wins, not nine. We've also only lost once. If we keep winning while he loses twice, we might still get the slot!"

Upon hearing Chu Huannian's ridicule, Su Yuan, Lin Wu, and Mu Tian unabashedly admitted they intend to exploit the rules.

Chu Huaxiu was left speechless, feeling the image of the Chu Kingdom's Heaven's Pride in her mind utterly shattered!

Chu Huannian's expression cooled, and she said coldly, "The rules are indeed like this, I'm not intending to break them, but you must consider one issue first. Initially, ten people compete on five stages simultaneously. The next round only begins once the last stage finishes!"

"And now, Mu Jinyu has reached the seventh round of battles, while you two have just joined the sixth, and one is in the fifth round. What qualification do you have to challenge him?!"

"Hmm?!"

Upon hearing Chu Huannian's words, Su Yuan, Lin Wu, and Mu Tian's expressions subtly changed.

The rules were certainly as stated.

But to reach the seventh round, Lin Wu and Su Yuan, the two who lost to the Eastern War Dragon and Mu Jinyu, must first fight among themselves, winning before challenging the Eastern War Dragon and Mu Jinyu!

This way, cheap advantages can be gained.

However, concerning the final slot, Lin Wu and Su Yuan clearly wouldn't yield to each other, letting their opponent maintain strength to easily crush Mu Jinyu or the Eastern War Dragon. They wouldn't let a rival benefit like this.

But in this manner, their battle would be as hard-fought as one against the Eastern War Dragon and Mu Jinyu.

With this buffer time, the Eastern War Dragon and Mu Jinyu might regain strength, making it hard for them to take advantage!

As for Mu Tian, since he stopped fighting in the fifth round, to exploit the Eastern War Dragon and Mu Jinyu, he must also combat Su Yuan and Lin Wu!

Thus, his plan to conserve strength and easily seize victory was unfeasible.

Su Yuan, Lin Wu, and Mu Tian's expressions varied, their eyes gaining annoyance when looking at Chu Huannian.

This woman, obviously a person of Chu Kingdom, was unwilling to help them, instead aiding a foreigner. Truly, what was in her mind was foul!

Just as Lin Wu and Su Yuan decided to fight quickly, then exploit Mu Jinyu and the Eastern War Dragon's weakened state...

Mu Jinyu on the first stage suddenly spoke weakly, "No need, don't waste time, Su Yuan, come on stage directly. We haven't fought. After defeating you and then Mu Tian, that's nine consecutive wins. No need to waste time waiting anymore!"

"This..."

Chu Huannian didn't expect Mu Jinyu to refuse her assistance. She was adhering to the competition rules, not engaging in shady dealings. Chu Huannian couldn't comprehend why Mu Jinyu wouldn't rest, but press on!

Raising her eyes to meet Mu Jinyu, Chu Huannian saw a resolve and fierce fighting spirit in his gaze. She moved her lips slightly, but the counsel didn't emerge, instead, she nodded lightly.

Hearing Mu Jinyu's words, Su Yuan first felt joy, surprised that Mu Jinyu would act recklessly, rejecting the rest Chu Huannian had secured, intending a prior battle with Lin Wu to injure and then encounter him, enhancing their balanced opportunity but was denied by him.

Yet afterward, Su Yuan's expression darkened.

Because Mu Jinyu seemed to dismiss him.

Thinking though gravely injured, defeating him remains easy, so he forgoes wasting time, allowing him and Mu Tian to queue up, hand over points, making all submit to him!

"This is your choice!"

Though Su Yuan was extremely enraged at Mu Jinyu, an Early Divine Transformation Realm individual daring to belittle him, a Late Stage of Fanxu Realm master, he wouldn't miss an opportunity, compromise reputation to raise failure chances, and lose the evaluation slot.

Thus, he angrily shouted and leapt onto the first stage.

The War God of the Wang Family saw Mu Jinyu choose to give Chu Kingdom's Heaven's Pride a chance at the wheel battle. Though internally deeming it incorrect to rules, under the silent directions of Chu Kingdom's aristocratic leaders and the Chu Kingdom Sovereign, he ultimately didn't oppose!

"The eighth battle begins!"

The War God of the Wang Family declared.

"Kill!!!"

As his words fell, Su Yuan, previously defeated by the Eastern War Dragon but now recuperated, immediately activated his Guiyuan Clan bloodline, merging with the void, unseen!

Aiming to secretly launch a deadly assault on Mu Jinyu!

Mu Jinyu stood with his spear, unconcerned, instead closing his eyes, seemingly giving up struggling entirely.

However, Lin Wu and Mu Tian below the stage knew this was Mu Jinyu seizing time to recover his body, not completely yielding for slaughter!

"Whoosh!!"

Right then, Mu Jinyu suddenly opened his eyes, swiftly raising his spear forward!

"Thunk!"

In a scene similar to before, Su Yuan, akin to the Eastern War Dragon, again had his body pierced by Mu Jinyu's Spear Edge, as if voluntarily offering himself to Mu Jinyu for thrusting!

Most critically, Mu Jinyu impaled him precisely at his vulnerable spot, rendering Su Yuan powerless to counterattack!

"Bang!"

Mu Jinyu casually flung him out of the stage, his face pale and his eyes filled with disbelief, saying lightly:

"Next!"

Chapter 1593: Nine Consecutive Wins, Unstoppable! Suddenly Enlightened?

"Next!"

Mu Jinyu's tone was very calm, as if he hadn't just defeated one of Chu Kingdom's top Heaven's Pride with a single spear, but rather slaughtered a pig.

This bizarre scene left everyone at the venue dumbstruck.

Everyone watched, gaping, their eyes almost popping out of their sockets.

They initially thought that the battle between Mu Jinyu and Su Yuan would either be a one-sided beatdown with Mu Jinyu being thrashed by Su Yuan or a fierce battle where Mu Jinyu retained some strength, leading to a brutal stalemate fight, ultimately having Su Yuan win brutally!

Some even considered that maybe Mu Jinyu might win!

But the victory would undoubtedly be an extremely hard-fought one, even more tragic than the battle against the Eastern War Dragon.

Even Chu Huaxiu, who greatly admired Mu Jinyu, hadn't imagined that Mu Jinyu would defeat Su Yuan effortlessly with a single spear, achieving victory!

For a moment, Mu Tian felt a chill, not daring to challenge Mu Jinyu lightly!

The War God of the Wang Family forgot to announce Mu Jinyu's victory and the beginning of the next battle!

Thrown heavily to the ground by Mu Jinyu, Su Yuan lay there with blood constantly flowing from his breach point where Mu Jinyu's spear had broken through, forming a pool of blood around him.

His eyes were filled with undying anger and despair, mumbling in disbelief, "How could this be?! It's impossible!"

Mu Jinyu saw that the War God of the Wang Family hadn't announced his proud victory, but he did not rush, merely casting a disdainful glance at the reality-denying Su Yuan and coldly said, "If the Eastern War Dragon can defeat you, and I can defeat the Eastern War Dragon, could I possibly let you defeat me?!"

Saying this, Mu Jinyu pointed the spear edge towards Mu Tian, who was below the stage with a face full of shock, and scoffed coldly, "You too!"

"Defeated by one of my subordinates, you dared to think of sparring with me?"

"Come up and taste defeat!"

Mu Jinyu's tone was filled with contempt and disdain, completely disregarding Mu Tian.

"You?!"

Mu Tian had decided since Mu Jinyu had won eight consecutive victories, even if he won again, he might not win against the Eastern War Dragon and Lin Wu. He was contemplating giving up so as not to let it benefit Lin Wu!

But hearing Mu Jinyu speak so contemptuously to him, he was instantly filled with rage, deciding to favor Lin Wu, not Mu Jinyu.

Defeating Mu Jinyu himself and then voluntarily admitting defeat to Lin Wu, Lin Wu need only defeat the heavily injured Eastern War Dragon and Su Yuan to achieve eight consecutive wins as well.

By then, Mu Jinyu would face Lin Wu again, letting them bite each other like dogs!

Furious, Mu Tian immediately leaped onto the arena, attacking Mu Jinyu recklessly before the War God of the Wang Family could announce the start!

"Bang-bang!"

"Boom!!"

"Bang!!"

After a round of exchanges, almost in peak condition, Mu Tian was also blasted out of the arena by Mu Jinyu's spear.

He lost!

Mu Jinyu, nine victories in a row!

With an Early Divine Transformation Realm Stage Cultivation, he fiercely suppressed all of Chu Kingdom's top Heaven's Pride!

The crowd, witnessing Mu Jinyu stand alone atop the first arena, his body drenched in blood, fell silent!

This man was terrifying!

Even those originally unwilling to admit defeat to Mu Jinyu like Wang Huan, Fang Han, Fifth Loner, and other Heaven's Pride of Chu Kingdom, though silent now, had all accepted it in their hearts.

Switching it up, no way could they defeat Lin Wu and then beat the Eastern War Dragon, Su Yuan, and Mu Tian again!

This was simply not a feat achievable at the Late Stage of the Fanxu Realm!

Nor was it possible for a young cultivator at the Early Divine Transformation Realm Stage!

In comparison, when they lost to Mu Jinyu before, fighting to a standstill, it was almost glorious!

How could they not accept it with open heart and mind?

The War God of the Wang Family gazed blankly at the scene of Mu Tian being blasted off the arena by Mu Jinyu, taking a long time to snap out of it before rolling his throat several times and difficultly announcing:

"Mu Jinyu wins, earning two more points, totaling nineteen points, claiming the crown!"

"Yay, Brother Jinyu won, he really won!!!"

Hearing the announcement from the War God of the Wang Family that Mu Jinyu obtained the last spot in Chu Kingdom for Dongyue Mansion's assessment, Chu Huaxiu couldn't help but cry with joy, cheering loudly.

Meanwhile, Chu Huannian looked at Mu Jinyu on stage with his thin clothes stained with blood, yet still holding himself upright, his eyes a mix of heartache and relief.

Apart from the Chu Huannian sisters, no one else in the venue felt genuine joy at Mu Jinyu's victory.

Although they all agreed that Mu Jinyu's victory was well-deserved, he wasn't from Chu Kingdom; they weren't familiar with him, so how could they cheer for Mu Jinyu's triumph?

With the War God of the Wang Family's announcement, apart from Chu Huaxiu's jubilant voice, the venue was frighteningly silent!

Quickly causing Chu Huaxiu's cheering to come to an abrupt halt.

"Did I finally win?"

Though injured and pale, Mu Jinyu's eyes remained bright, even frighteningly so, only relaxing when the War God of the Wang Family announced his ultimate victory. He then exhaled softly, slightly swaying before nearly falling.

Seeing this, Chu Huannian hurriedly went onto the stage to support Mu Jinyu.

Then escorted him off the stage.

"My Sovereign, Jinyu's not well, I'll take him back first."

Chu Huannian spoke to the stiff-faced Chu Kingdom Sovereign.

"Ah...this..."

The Chu Kingdom Sovereign's expression shifted, his gaze at Mu Jinyu filled with reluctance, about to say something.

But Chu Huannian directly took Mu Jinyu and her sister away from the great hall.

She had simply announced her departure to the Chu Kingdom Sovereign, not seeking permission to leave.

Naturally, she wouldn't care what the Chu Kingdom Sovereign thought!

As for this celebration banquet for her to eradicate Ancestor Chiji, she hadn't wanted to stay anyway; borrowing the excuse of Mu Jinyu, she was all too glad to leave.

Chu Huannian escorted Mu Jinyu out of the great hall and then led him away from the Imperial Palace to her own Guoshi Mansion.

Finding a guest room for Mu Jinyu to rest, Chu Huannian arranged for water for him to bathe, changing out of those tattered and blood-stained clothes.

During the wait, seeing Mu Jinyu's condition improve, though not quite rosy, much better than before, she couldn't suppress her curiosity and asked, "I didn't see you use any Healing Medicine, how are you recovering so fast?"

Mu Jinyu smiled and replied, "This, perhaps is a major advantage of the Pureblooded Human Race. If Qi-Blood is ample, injuries recover quickly, and the depleted Blood Essence can be replenished, so enduring battles and relay battles don't really mean much to me!"

"Oh, I see!"

Chu Huannian nodded with understanding, then curiously asked, "Didn't you struggle in the battles with the Eastern War Dragon before? But after dealing with the Eastern War Dragon, you suddenly could easily defeat Su Yuan and Mu Tian?!"

She felt Mu Jinyu's change was odd, like a fool suddenly gaining wisdom!

Chapter 1594: Night Assassination! Chu Huannian Poisoned! Drink My Blood!

Mu Jinyu answered: "It's not that I suddenly had an epiphany, but that I suddenly comprehended some Heaven and Earth Laws, knowing how to easily defeat those below the Unity Realm Stage."

Hearing Mu Jinyu's answer, Chu Huannian rolled her eyes at him and said irritably: "You're only at the Early Stage of Divine Transformation Realm Stage, how could you comprehend Heaven and Earth Laws? This has nothing to do with you! Even I, who just stepped into the Unity Realm, dare not claim to comprehend Heaven and Earth Laws, let alone master them skillfully. If you don't want to say, then forget it!"

After saying this, Chu Huannian saw that the bath water mixed with Healing Medicine and Qi-Blood supplementing herbs was ready and asked the maid to help Mu Jinyu bathe, then left the room.

Mu Jinyu helplessly shook his head, opened his mouth to let the maid withdraw, took off his broken Blood Robe, and then lay down in the bathtub, quietly and comfortably enjoying the pain and pleasure of his wounds rapidly healing.

He hadn't deceived Chu Huannian just now; what he said was all true.

It's just that Chu Huannian didn't know he was once at the Peak Ninth Layer Unity Realm Stage, only a step away from the Void Breaking Realm.

Even though he cut his Divine Dragon Bloodline himself, causing his foundation to completely ruin, preventing him from returning to the Unity Realm, and completely falling to the Divine Transformation Realm Stage, his vision and perspective remained.

With the help of the "Killing Character Secret Technique" and "Secret Heavenly Calculation," he had once leaped several layers of Unity Realm Cultivation, which led to his mastery of Heaven and Earth Laws being not pure. Many uses of those laws were only half-understood, but now he finally grasped some key elements!

This is what allows him to, when facing the concealed, with no void fluctuations, Eastern War Dragon and Su Yuan, strike with a spear, attacking through the laws both had merged into, and then defeat them!

And this reasoning, Chu Huannian who just entered the Unity Realm, did not understand!

When Chu Huannian reaches his realm in the future, she will naturally understand that he didn't deceive her today, nor did he brush her off!

Lying in the bathtub, Mu Jinyu couldn't help but sigh. When he cultivated on Earth, although his cultivation speed was fast, much to others' amazement, in reality, his foundation was not as solid as he thought.

Now, he's just barely mastering some later-stage capabilities of the Unity Realm!

But due to his cultivation level decline, he's destined not to easily defeat Unity Realm cultivators anymore!

Indeed, the Path still must be cultivated step by step, only then can it be more stable!

Mu Jinyu soaked in the bathtub for half an hour.

It's clear that Chu Huannian used the top-grade medicinal herbs, after this medicinal bath, the injuries left from his battle with Eastern War Dragon were practically seventy to eighty percent healed.

Just as Mu Jinyu was getting up to change clothes.

"Bang!"

Suddenly, a nearby window was destroyed, followed by a shadow charging into the room, with a sword slicing towards Mu Jinyu's neck!

"Whoosh!"

In an instant, all the lights in the room extinguished!

And that sword coming fiercely was completely pitch-black, difficult to see its position in the dark!

However, Mu Jinyu had long been able to see in the dark; this sudden shocking change couldn't affect him!

"Hmm?!"

Mu Jinyu's eyes slightly narrowed, then drew out a superior Spirit Treasure level spear from the storage bag, and blocked the sword edge!

"Boom!!"

"Clang!!"

Mu Jinyu blocked with the spear, yet immediately the Spirit Treasure spear couldn't withstand the black sword edge and shattered straightaway.

Moreover, the fragments of the spear shaft were infused with the enemy's Energy, emanating a terrifying destructive force attacking Mu Jinyu!

"Heaven-reaching spiritual treasure?! Unity Realm!?"

Mu Jinyu instantly discerned the enemy's strength and the grade of the Magic Treasure!

This couldn't help but sink his heart!

Currently, although he can defeat Late Stage Fanxu Realm cultivators, facing Unity Realm cultivators who mastered some Heaven and Earth Laws is very tough.

Especially since the enemy holds a very high-quality Heaven-reaching spiritual treasure to kill him, which makes it even harder for him to cope!

Who wants to kill him?

Mu Jinyu doesn't know, but guesses it's definitely related to Chu Kingdom Sovereign and the Chu Kingdom's Proud Sons.

After all, he secured victory and according to the rules, obtained the admission assessment quota for Dongyue Mansion. If they want this spot, Chu Huannian wouldn't dare to act, so they would only kill him to make the quota available!

"Boom!!"

"Bang!!"

As Mu Jinyu's thoughts swirled, he continuously deployed the "Killing Character Secret Technique," twisting his body into a bizarre shape, narrowly avoiding the enemy's Slaughter Sword's absolute kill!

Then, Mu Jinyu seized the opportunity, loudly howled for Chu Huannian to rescue him, and began continuing to evade the enemy's attacks!

"Boom!!"

In just a few moves, Mu Jinyu's guest room collapsed with a roar.

Although Mu Jinyu narrowly avoided the absolute kill every time, his recently recuperated injuries were again filleted by the enemy's attacks, bleeding profusely, skin ripped and torn!

"Who dares cause trouble in my mansion?!"

Ten seconds felt as long as a day for Mu Jinyu, and at this moment, having heard the commotion, Chu Huannian finally shifted through the void and arrived!

"Sigh..."

A quiet sigh echoed, and the shadow twisted its shape, disappearing from Chu Huannian's mansion.

"Are you okay?!"

Seeing this, Chu Huannian did not pursue the other person, but worriedly supported Mu Jinyu, asking with concern.

"Sizzle!!"

At this time, Chu Huannian's hand, stained with Mu Jinyu's fresh blood, suddenly emitted a corrosive sound.

She raised her hand urgently and saw her hand had turned pitch-black, and that black Qi continuously climbed upward.

Quickly, her entire jade-like arm turned inky black, emitting a nauseating stench!

"What a terrifying poison!"

Chu Huannian was shocked, her expression suddenly turning uncertain and suspicious.

Then, a flash of determination crossed her eyes, and she prepared to sever her poisoned arm!

Seeing this, Mu Jinyu realized he was poisoned too, and immediately cut his uninjured left-hand finger, then handed it to Chu Huannian, saying: "Quick, suck my blood, my blood can detoxify!"

Chu Huannian was startled upon hearing this, hesitated for a moment before acting.

Due to poisoning, she started suspecting Mu Jinyu was colluding with others to harm her.

And even if not, Mu Jinyu at this moment was a source of poison himself, merely touching his wound and getting some blood had poisoned her to this extent.

Now, severing her arm could save her life; if she drank Mu Jinyu's blood, who knows if she'll die on the spot?

"Trust me, don't hesitate!"

Mu Jinyu immediately urged: "See, am I not living well?!"

Upon hearing this, Chu Huannian seemed to recall something, her eyes flashed, then noticing the poison had already spread to her right side, she had no choice but to open her mouth and take Mu Jinyu's finger, drinking his blood!

As she consumed Mu Jinyu's blood, Chu Huannian found the poison in her body indeed rapidly dissipating.

This made her feel very surprised!

Although Mu Jinyu was wounded by a poisoned sword, covered with poison, and touching him could be fatal, his blood turned out to be detoxifying!

What kind of blood does he have?!

It's simply Divine Blood!

Chapter 1595 Five Days Until the House Admission Exam! Waiting for the Assassins' Return!

As Chu Huannian continuously absorbed Mu Jinyu's blood, her entire body was instantly purified of the toxic gas, and the ink-black color on her right arm, which emitted a foul stench, also dissipated.

Very soon, Chu Huannian's arm returned to its fair and jade-like appearance, smooth and delicate.

Seeing this, Mu Jinyu withdrew his finger from her mouth and slightly channeled his Qi-blood, immediately healing the wound on his injured finger.

Chu Huannian looked at Mu Jinyu with astonishment and couldn't help but ask, "What is this? Why is it that you were poisoned and nothing happened to you? When I touched you, I almost died, but after drinking your blood, the poison was cured?"

Chu Huannian felt it was incredible.

Mu Jinyu replied, "It's very simple. My physique is immune to all poisons. They tried to poison me, but they can't. The toxins left on my wound wouldn't be purified immediately, so when you touched my wound, you naturally got poisoned. But when I fed you my blood from my uninjured, unpoisoned hand, it naturally cured the poison for you."

"Is that so?" Upon hearing this, Chu Huaxiu was greatly surprised, marveling at Mu Jinyu, "The pureblood human race's blood has such a wonderful use? Aren't you then a walking antidote?"

"It's not that exaggerated..." Mu Jinyu brushed off the topic nonchalantly.

His explanation to Chu Huannian was actually half-true and half-false.

He did have an immune physique to poison in the past, but that was on Earth, where Mu Shao'ai used various medicinal herbs to cover him.

But how could his physique still be practical in the Canglan Realm?

After all, there are many poisonous plants here that don't exist on Earth, and his immune physique has long lost its effectiveness.

Therefore, while he was feeding Chu Huannian his blood, he was also using a trace of the Divine Dragon's Blood he expelled to detoxify her.

What a powerful bloodline is the Divine Dragon's Blood? It's far more powerful than the so-called Divine Race, Immortal Clan, or Devil Clan, making it effortless to cure this seemingly terrifying poison that is insignificant in the whole Canglan Realm.

The reason why he was unaffected by the assassin's poisoned sword strike wasn't due to his pureblood human nature, but because, despite having self-slashed the Divine Dragon's Blood, a part of its traits still remained in him, sparing him from harm.

Thinking of this, a trace of ruthlessness flashed in Mu Jinyu's eyes, and he said, "The opponent is really vicious. To kill me, they sent an assassin of Unity Realm level and used a top-grade Heaven-reaching spiritual treasure. Yet, they even used such poison, truly intending to kill me!"

"It's a pity that I didn't have time to pursue them because I was checking your condition!"

Upon hearing this, Chu Huannian also flashed a look of anger; an assassin came to her territory to assassinate her guest, which made her extremely angry!

Mu Jinyu shook his head and said, "It's good that you didn't pursue. If you had gone to chase, I might not have been able to save you!"

At that moment, Mu Jinyu wasn't aware of the severe poisoning in his body. If Chu Huannian pursued the assassin, he wouldn't have followed for support, and if she got injured and poisoned there, she would surely die.

Upon hearing Mu Jinyu's words, Chu Huannian knew he was speaking the truth, but she still felt awkward.

She was a master at the early stage of the Fusion Realm. Yet in this early Divine Transformation Realm stage young cultivator's presence, she seemed even more fragile, which naturally didn't make her happy.

Mu Jinyu didn't care, pondered for a moment, and asked, "Which families in the Chu Kingdom have powerful beings at the Unity Realm stage?"

Chu Huannian shook her head slightly and said, "I'm not sure. I remember there aren't many of them in the Chu Kingdom; otherwise, they wouldn't be suppressed by Ancestor Chiji!"

Upon hearing this, Mu Jinyu thought that those assassins were probably hidden masters behind Su Yuan, Lin Wu, and Eastern War Dragon, the proud sons of the Chu Kingdom.

Smiling, Mu Jinyu said, "It's okay not to find the culprit temporarily. Yet, since they failed to kill me, they probably won't give up easily. Just wait."

Saying that he glanced at Chu Huannian and asked, "When does the Dongyue Mansion entrance examination begin?"

"In five days," replied Chu Huannian.

"Five days, huh? Well, these five days are going to be busy!" Mu Jinyu chuckled lightly, not minding at all.

Then, he looked down at his clothes torn by the sword wounds and helplessly said, "Sigh, just finished bathing, now I have to bathe and change clothes again."

"But this time my injuries aren't that severe, so there's no need to prepare those medicinal ingredients for a bath!"

"Then I'll help you change the bathwater,"

Upon hearing this, Chu Huannian looked at Mu Jinyu without any shyness or embarrassment and said naturally.

As the female War God of the Chu Kingdom, she had seen all kinds of scenes and wasn't shy like a little girl.

Then, Chu Huannian glanced at the guest room behind Mu Jinyu, which had already collapsed, and led Mu Jinyu to another guest room.

Chu Huannian prepared a bucket of bathwater for Mu Jinyu again and said, "Take your time washing, I'll be outside keeping watch."

"Okay." Mu Jinyu nodded. Watching Chu Huannian leave the room and close the door for him, only then did Mu Jinyu remove his clothes and re-enter the tub.

As his body entered the tub, immediately, the entire tub of clear, clean water turned pitch black, emitting a thick, foul stench.

"This poison is truly fierce! Oh well, I need to change the water again!"

Mu Jinyu helplessly rose from the tub and called outside, "Huannian, please change the water for me again!"

"What's wrong?"

Came the astonished sound of Chu Huannian from outside.

Clearly, she was puzzled. Hadn't she just changed a bucket of bathwater for Mu Jinyu? Why did he need to change the water again right after entering the bathroom?

Mu Jinyu explained, "The poison I have now is too potent; the bathwater turned black immediately, so I can't wash anymore. Please change another bucket for me."

"Is that so!"

Hearing Mu Jinyu's explanation, Chu Huannian hesitated for a moment and then said, "Then catch this, change it yourself."

As she spoke, there were two swooshes.

Two Jade Bottles, the size of Jade Purifying Bottles, flew into the bathroom.

Mu Jinyu hurriedly extended his hand to draw them close and caught them.

At the same time, Chu Huannian's voice came through, "These two bottles, one contains fifty pounds of hot water and one is empty, capable of holding a hundred pounds of water. Use it to hold the dirty water!"

"Okay."

Upon hearing this, Mu Jinyu understood how to operate.

Then, Mu Jinyu used the empty bottle to collect the pitch-black poisoned water from the tub and replaced it with fresh bathwater, entering the tub again to wash off the toxic liquid from his body!

After changing and washing with ten tubs of water, finally, when Mu Jinyu entered the tub, the water remained clear and clean.

The poison was gone from his body!

Comfortably washed up, Mu Jinyu put on clean clothes and then left the room.

"Finished?"

As Mu Jinyu left the room, Chu Huannian looked up at him and said, "Done? I'll wash now too. You keep watch for me."

Although Mu Jinyu had just detoxified her, she still felt unclean and wanted to wash.

But, just now, because she was protecting Mu Jinyu, she hadn't gone to find a bathroom herself.

And now, she worried that Mu Jinyu going outside might face another assassination, so she decided to let him stay and protect her, ensuring she could react quickly to any situation.

"Alright."

Mu Jinyu naturally understood Chu Huannian's intentions, feeling a bit awkward upon hearing her request. Yet, considering Chu Huannian didn't mind and was straightforward, what would it seem like if he hesitated?

Chapter 1596 Chu Huaxiu's Change of Heart! You and Your Sister, Come Together!

"Splash!"

Mu Jinyu listened to the sound of flowing water coming from the room, his expression calm and unaffected.

His mind was without any endless, extravagant, and amorous imaginations.

After all, he didn't like Chu Huannian, and the two could only be considered friends, so why would he think recklessly?

Mu Jinyu felt that the reason he could remain so calm, without his Qi-Blood surging, was because he had severed the Dragon Bloodline, allowing him to maintain a peaceful mindset.

After all, dragon nature is inherently... well, you know.

And now that he no longer had the Dragon Clan's Bloodline, he could naturally be like a normal person.

After waiting quietly for over ten minutes, the sound of water in the bathroom finally stopped.

After a while, Chu Huannian came out dressed in a white dress.

"Very well-behaved!"

Chu Huannian walked out, looking at Mu Jinyu with a teasing smile, saying, "I thought you'd be dishonest, I'd even prepared to teach you a lesson."

Mu Jinyu shook his head slightly and said, "Women are just like that. I already have a wife, so naturally, I'm well-behaved."

Having said that, Mu Jinyu felt that discussing this topic with Chu Huannian wasn't quite appropriate, so he asked, "What should we do tonight? Should we squeeze in here to sleep, or in the room next door?"

"You can sleep here, I'll just cultivate here too. After all, I don't really sleep much, so it doesn't matter where I cultivate." Chu Huannian replied.

"Okay, then I'm going to sleep. Good night, and call me if you need anything."

After saying that, Mu Jinyu yawned, lay on the bed, and soon fell into a deep sleep.

"Really fell asleep?"

Chu Huannian listened to Mu Jinyu's soft snores and felt a bit helpless.

She touched her own cheek, feeling its smooth, delicate texture like fine jade, yet this gave her no confidence, instead, it made her doubt her own appearance and charm.

She started to feel that she wasn't worthy of being called the First Beauty of the Chu Kingdom.

If she really were beautiful and charming, would Mu Jinyu have fallen asleep so easily?

Though Chu Huannian had no intention of seducing Mu Jinyu, after all, Mu Jinyu was someone her sister liked, even if she knew that Chu Huaxiu and Mu Jinyu were unlikely to be together, she couldn't take the initiative to do anything to Mu Jinyu.

However, faced with Mu Jinyu's indifference, she couldn't help but feel her confidence take a hit.

Slightly shaking her head, Chu Huannian ultimately decided not to overthink and instead took out a meditation cushion, placed it next to her, and sat cross-legged, starting to cultivate silently.

The night passed without incident.

The next day.

Mu Jinyu got up, only to see Chu Huannian had already opened the door, standing outside the courtyard, facing the rising sun and absorbing the East-coming Purple Qi for cultivation.

"Awake?"

Chu Huannian exhaled a long breath of turbid Qi and lazily stretched her body. In her white dress, under the morning sunlight, her hair was covered in a fine golden light, exuding an elegant charm, like a dream or a painting.

She turned to look at Mu Jinyu, her gaze carrying a hint of strangeness.

After all, a man who could sleep so soundly in the same room with her was rare, making her really wonder if Mu Jinyu was actually a man.

"Hmm, morning, should we eat now? I'm hungry."

Mu Jinyu smiled as he greeted Chu Huannian and then asked where the dining hall in her house was.

He did not treat himself as an outsider at all.

Chu Huannian was speechless for a moment and said, "I'll take you there."

At this time, Chu Huaxiu came over, and seeing them together, she couldn't help but ask in shock, "Sister, did you sleep here last night?"

Her eyes were full of shock and sadness, her voice a little trembling.

This morning, she wanted to find Mu Jinyu to eat together, but felt shy to go alone, so she went to Chu Huannian's room to find her sister first, but didn't find her, and the bed was cold, showing no signs of anyone returning overnight.

She didn't think much at the time, then came to find Mu Jinyu, only to be shocked to find that the guest room Mu Jinyu stayed in had collapsed, then saw Chu Huannian cultivating amid the morning glow in the opposite guest room, and next, witnessing Mu Jinyu coming out yawning.

This was a heavy blow to Chu Huaxiu, and she couldn't help but ask about the situation.

Chu Huannian saw her sister coming over and calmly explained, "Don't overthink it, here's what happened!"

She then described how Mu Jinyu was attacked by a Unity Realm Stage expert last night, and fearing that the assassin might return, she cultivated in Mu Jinyu's room for protection.

"Is that so?" Chu Huaxiu heard this and looked at the two, asking worriedly, "Are you both alright?"

"We're fine." Mu Jinyu smiled and said, "Can't you see I'm perfectly okay now? Let's go, I'm a bit hungry, after fighting nine rounds last night and eating some food to recover Qi-Blood later, but your family's food should be better! Hehe..."

Mu Jinyu didn't tell Chu Huaxiu the details of how serious the poison they encountered last night was, to save her from worrying.

"Oh, then let's go eat." Chu Huaxiu quickly said.

Afterward, they went to the dining hall to eat.

Chu Huannian and her sister's appetites weren't as big as Mu Jinyu's, and they finished breakfast quickly.

Meanwhile, Mu Jinyu was still enjoying himself at the table, eating so much that the cook was a bit scared, almost unable to keep up with his pace.

Seeing this, Chu Huaxiu quietly pulled Chu Huannian aside and said, "Sister, if... if Brother Jinyu really ends up with you, don't worry about my feelings, and hide things from me, I won't be mad. I'll also bless you both, I know it's basically impossible for him and me, but since you both will probably be cultivating at the Dongyue Mansion, it's better for you to be together than with someone else."

Chu Huaxiu believed her sister's earlier explanation and knew nothing had happened between them last night.

But this morning's scene made her realize that perhaps one day, Chu Huannian might be with Mu Jinyu, so after thinking about it, she feared her sister wouldn't accept Mu Jinyu due to her, and thus initiated this conversation.

Chu Huannian was left speechless at her sister's words, shaking her head, "You don't have to think so much about it. That guy is just thick-headed. Last night I even tried to test him a bit, but he was so well-behaved, I really wonder if he's okay."

"I don't have any intentions toward him, not because you don't have any, but rather, he most likely doesn't have any towards me, so you don't have to think so much."

Chu Huaxiu whispered, "But I think, sister, you being with him would be quite good, and with you at the Dongyue Mansion, taking care of him feels better than anyone else."

Chu Huannian replied helplessly, "Alright, I get it. If I truly develop feelings for him, I'll know what to do, but if I don't like him, I won't disregard my lifelong matters just to be with him for your sake."

"Hmm, that's fine." Chu Huaxiu nodded.

She wasn't forcing Chu Huannian to be with Mu Jinyu but instead made it clear beforehand that if they end up together, she wouldn't stand in the way or hold them back.

She would not oppose them.

Meanwhile, still at the table, Mu Jinyu was unaware of the sisters' conversation. After finishing his meal, he began wandering around Chu Huannian's Guoshi Residence.

Waiting for the assassin's return.

However, until the evening, he did not encounter any assassin attacks again.

After dinner, Mu Jinyu looked at Chu Huaxiu, pondered for a moment, and said, "Ah-Xiu, why don't you join your sister in my room tonight as well?"

As soon as he said this, all the maids in the dining hall looked at them in astonishment.

Chapter 1597 Peaceful Days! Finally Arrived!

The maids were very surprised by Mu Jinyu's words, and what's more terrifying was the implication he revealed...

The maids quickly reacted, full of panic and fear, worried that knowing this astonishing secret would lead Chu Huannian to kill them to silence them.

Chu Huannian was initially indifferent upon hearing Mu Jinyu's words, but then she heard the maids' exclamations, saw their shocked and uneasy expressions, and immediately realized they had misunderstood.

However, she couldn't scold the maids, so she frowned and glared at Mu Jinyu, cursing, "What nonsense are you spouting?!"

"What?"

Mu Jinyu also realized, promptly explaining to them, "Ha, sorry, I misspoke, don't misunderstand, it's just that there was an assassin attempting to kill me yesterday, the Chu Kingdom's Warrior feared I might encounter danger again, so they stayed with me to protect me, and I brought Ah-Xui along too, worried the assassin might ambush her, so she came along to be safer..."

As he spoke, Mu Jinyu explained that this morning they weren't cleaning up the small courtyard in the North Courtyard that had collapsed due to the assassin's attack?

Upon hearing Mu Jinyu's words, a few maids believed his explanation.

But some of the maids couldn't help but think, was it that he and Chu Huannian were "fighting," causing the house to collapse?!

Still, the maids only dared think this to themselves, afraid to reveal even a hint of such thoughts.

Even though they tried their best to disguise their thoughts well, Chu Huannian could still see that Mu Jinyu's explanation was only making it worse, leading them to misunderstand even more!

Chu Huannian was very angry, wanting to rip Mu Jinyu's mouth apart!

If she wasn't sure that Mu Jinyu meant nothing inappropriate towards her, those words truly were a careless mistake.

She would believe Mu Jinyu was deliberately saying this to make others misunderstand their relationship and to sway her emotions.

"Huff huff..."

Chu Huannian took several deep breaths, thinking to herself that she was about to leave the Chu Kingdom anyway, so even if the maids spread these words around, causing rumors to swirl, it wouldn't affect her much, and she didn't bother explaining further or arguing with Mu Jinyu.

"Let's go!"

Chu Huannian shouted somewhat displeasably and then left the dining hall, heading towards the guest room where Mu Jinyu was residing.

Once they left for a few minutes.

The maids began to whisper and discuss among themselves.

"Oh my goodness, did we hear wrong earlier, who would have thought both young ladies would fall for Mu Jinyu!"

"Don't talk nonsense, they explained it's just a slip of the tongue, be careful not to speak recklessly and cause trouble."

"Truth or falsehood, let's not spread rumors or say it outside, but honestly speaking, that Mu Jinyu does somewhat match with our young lady!"

"Yes, even in the Early Divine Transformation Realm Stage now, he's already capable of overwhelming Chu Kingdom's Proud Sons, who knows how impressive he'll become in the future!"

"Oh, what do you know? I heard someone say he's just a Pureblooded Human Race. He might be impressive in early cultivation, but when he hits a dead end, he'll be useless! How could he match with the young lady, let alone both young ladies together?"

"..."

Mu Jinyu, feeling embarrassed, followed behind the disgruntled Chu Huannian, expressing his apologies to Chu Huaxiu beside him, "Sorry, I didn't mean to damage your reputation..."

After thinking, he reconsidered: "How about I stay in a neighboring courtyard, so if I'm attacked, your sister can come and help me timely."

Chu Huaxiu, who was eager to stay in the same room with Mu Jinyu, quickly persuaded him, "No need, we don't care about such minor things; everyone's safety is most important."

As Mu Jinyu and Chu Huannian's time to attend Dongyue Mansion's entrance test and then leave the Chu Kingdom drew nearer, Chu Huaxiu cherished their time together more and more.

Mu Jinyu certainly wouldn't just stay recklessly because of Chu Huaxiu's willingness; he thought it necessary to ask for Chu Huannian's opinion as well.

Afterward, he looked at Chu Huannian, who exuded a cold aura ahead, feeling somewhat nervous to approach, finally mustering the courage to step forward and speak softly: "Sorry, I truly didn't mean it. How about I stay in the adjacent courtyard so they won't continue misunderstanding us?"

Chu Huannian gave Mu Jinyu a cold glance and replied icily, "Do you think that will work? Won't they just imagine you sneaking over the wall at night?"

Seeing that Mu Jinyu wanted to say something, Chu Huannian interrupted, "Forget it! We're leaving soon anyway, so even if rumors flood the city, it doesn't matter!"

Seeing Chu Huannian say so, Mu Jinyu chuckled awkwardly, and refrained from speaking further.

Back at the small courtyard, after entering the room, Mu Jinyu dared not say anything more to Chu Huannian and her group, quickly pretending to sleep.

Though Chu Huaxiu was eager to speak to Mu Jinyu, knowing he was pretending to sleep, she refrained from seeking him out given the somewhat cold atmosphere, and instead spoke softly to Chu Huannian.

The night passed quietly.

No assassin came to attack Mu Jinyu again.

As if the person behind the scenes had completely given up.

Four days passed, with just one day left until Dongyue Mansion's entrance assessment began, and Mu Jinyu remained safe.

"Should we collect the quota now?"

On that day, Mu Jinyu thought about something and asked Chu Huannian.

Chu Huannian slightly nodded and answered solemnly, "Yes, I estimate they'll make their move once we get the quota!"

Chu Huannian didn't underestimate those behind the scenes, especially given their potent poison—she fell for it directly when caught off guard. Once she received the quota, they might plan to take care of both of them!

Now, Chu Huannian had begun to suspect whether the ones who targeted Mu Jinyu that day were backed by Chu Kingdom's Heaven's Pride, or if they failed to secure the quota elsewhere and decided to snatch it in Chu Kingdom.

After the initial ambush failed, realizing Mu Jinyu's quota hadn't been claimed, they might have temporarily given up?

Soon, Mu Jinyu and Chu Huannian arrived at Chu Kingdom Royal Palace, meeting with the Chu Kingdom Sovereign.

Though reluctant for Chu Kingdom's second quota to end up in Mu Jinyu's hands, ultimately, the Chu Kingdom Sovereign handed two tokens engraved with "Dongyue" to Mu Jinyu and Chu Huannian.

The tokens had a unique texture, neither stone nor jade, feeling cool to the touch, and the speed of Heaven and Earth Origin Qi moving towards them increased.

Later, Mu Jinyu and Chu Huannian bid farewell to the Sovereign and left the palace.

Just as they exited the palace and arrived at a lane entrance in their carriage, suddenly the weather turned gloomy.

"Swoosh swoosh!!"

At this moment, two assassins, clad in black, each wielding long knives coated in black varnish, eyes cold, lunged towards the carriage!

"Boom!!"

The carriage instantly shattered, with Chu Huannian's cold voice sounding:

"You've finally come to meet your end? Then I'll fulfill your wishes!"

Chapter 1598: A Formidable Enemy Presses the Attack! Feel the Pain! Invading My Sea of Consciousness?

"Clang!"

Chu Huannian gripped her spear, her eyes brimming with murderous intent, and fiercely charged at the two black-clad figures before her!

Her entire body exuded a raging murderous aura, utterly unrivaled, enveloping both of them with a single thrust.

Mu Jinyu, on the other hand, did not interfere. After all, it was a duel between three Unity Realm Stage fighters. As an Early Divine Transformation Realm Stage young cultivator, it was difficult for him to get involved.

However, he believed that even facing two opponents, Chu Huannian could definitely suppress them!

After all, the Chu Kingdom's God of War, whose prestige dominated the land, was not someone to be easily underestimated.

"Kill!"

"Boom!!"

As expected, with Chu Huannian's fierce attack, her spear edge was ferocious, and the two black-clad attackers immediately fell to a disadvantage!

Completely suppressed by Chu Huannian.

It wasn't just because their strength was slightly inferior to Chu Huannian's, but more importantly, they had to conceal their identities, fearing that revealing their bloodline power would alert Chu Huannian to who they were!

"Boom!!"

Murderous aura permeated everything, causing the void to tremble. Chu Huannian, wielding her spear, fought more frenetically, like a madwoman, leaving the two assassins with hardly any strength to fight back!

Mu Jinyu could see the astonishment and disbelief in the eyes of those two black-clad assassins.

It was apparent that this was their first encounter with Chu Huannian. Though they had heard of her formidable reputation, they hadn't realized her terrifying prowess!

In the end, a fierce glint flashed in their eyes, and they were prepared to risk it all!

"Watch out!"

Seeing this, Mu Jinyu hurriedly warned Chu Huannian.

"Boom!!"

As soon as he spoke, one of the black-clad assassins' aura surged to its peak, the dark long blade in his hand flickering with radiant electric arcs, an incomparable Qi force rising up to the skies, stirring up turbulent winds and thunder from all around!

The other black-clad assassin's eyes glowed with a ghostly light, his figure gradually becoming ethereal, as if turning into a shadow, then disappearing completely!

"So it was you, courting death!"

With the two of them unleashing their bloodline power, Chu Huannian immediately recognized their identities.

Her eyes, wide open in fury, radiated anger and killing intent!

"Boom!!"

The electrifying, attacking black-clad assassin remained silent in the face of Chu Huannian's reprimand, evidently determined to annihilate Chu Huannian to prevent her from ever speaking again. Holding his dazzling electric blade, he viciously slashed forward!

"Boom!!"

A brilliant four to five-meter-long blade arc shot out from the long blade, fiercely crashing towards Chu Huannian, followed by cloud rolls in the sky like serpents, abruptly unleashing blinding light, pouring down endless thunder light from the heavens!

It bombarded towards Chu Huannian!

At that moment, Chu Huannian seemed almost engulfed in a sea of lightning!

Under this world-ending thunder tribulation, she was as insignificant as an ant!

"Sizzle!!"

Meanwhile, the other assassin, turned into a shadow and hidden in the void, suddenly appeared behind Mu Jinyu, swinging his blade towards Mu Jinyu's head!

His movements were bizarrely swift, the sound of the blade almost imperceptible, and under the deafening roar of thunder at that moment, completely concealed.

His timing was impeccable, coinciding with the instant Chu Huannian was struck by the thunder knife, the ten thousand thunder tribulations crashing upon her, causing everyone watching to lose focus and tremble with fear, unaware of the impending danger.

But, Mu Jinyu was not an ordinary person.

Though worried about Chu Huannian's situation, he was even more aware that there was another assassin hidden, likely not fleeing, but lurking in the shadows, waiting for the right moment to strike.

Upon seeing Chu Huannian being bombarded by such a large-scale divine skill, he immediately understood that the other assassin would not attack Chu Huannian again, as it might harm him as well, leaving only one target—himself.

Therefore, he paid extra attention to his surroundings.

And as soon as the barely audible sound of the blade reached his ears, Mu Jinyu's eyes grew cold, and he abruptly turned, throwing a water ball with his hand!

"Divine Luo Heavenly Conquest!"

As Mu Jinyu threw a water ball that appeared devoid of any elemental Qi fluctuation, uttered the technique's name in a cold, indifferent tone, the shadow assassin was taken aback, thinking it was a fearsome killing move, and quickly slashed at the water ball with his blade!

"Splash!!"

The water ball shattered, immediately unleashing a stench-filled vile wind, boundless foul-smelling black water bombarding towards the opponent!

"What is this..."

"Ah!!"

The shadow assassin caught a whiff of the foul smell, his expression changed drastically, revealing sheer terror and panic, he attempted to abort his attack and retreat to the shadows for safety!

Yet, he was a step too late, and ultimately, his face and neck were splashed with a significant amount of the foul water!

In an instant, he let out a miserable cry of agony.

Then, visibly, black vapor rapidly began to corrode his entire body.

Seeing this, Mu Jinyu smirked coldly, "Savor the pain well!"

The water ball he threw, naturally, contained a powerful poison he was attacked with a few days prior. After taking countless baths, he finally rid himself of it, but the numerous barrels of water were all transformed into poison!

Initially intending to dispose of the poisonous water, Mu Jinyu decided to keep it, thinking it might come in handy in the future.

Now, dousing the opponent's face with bathwater, the opponent indeed fell for the trick, and the poison spread throughout his body within seconds!

This situation is unlike that of Chu Huannian back then, who was merely touched on her hand. If she had immediately severed her arm, there might've still been hope!

But as for the opponent, his face and neck were drenched—he couldn't possibly chop off his own head to save himself, could he?

Thus, this moment of hesitation quickly allowed the poison to spread throughout his body!

And begin to erode his Dantian Qi Sea and Zifu Knowledge Sea!!

"Ah!!"

Finally, with a scream of anguish, the shadow assassin instantly liquefied into a pool of thick fluid, exuding an overwhelming stench.

"Die!!"

Afterward, a voice filled with endless venom and resentment resounded, and Mu Jinyu saw a soul figure dashing towards him.

This was because the opponent realized his complete downfall and managed to have his soul exit his body in time, escaping even after the poison reached his knowledge sea!

The opponent did possess courage akin to a warrior severing an arm to survive!

But did he really take him to be just an Early Divine Transformation Realm Stage young cultivator?

So, after his soul left his body, he didn't think to flee but sought revenge instead, possibly to seize his body?

"Heh!"

Mu Jinyu chuckled disdainfully, allowing the opponent's soul figure to enter his sea of consciousness!

"Kill!"

"Damn it!"

The soul figure's face twisted, exuding sky-high hatred and malice, ready to obliterate Mu Jinyu's soul in one fell swoop and occupy his body!

However, upon witnessing the massive, golden light-filled soul shadow even larger than his own soul figure, he was dumbfounded.

His aggressive advance abruptly halted, and he quickly turned tail, akin to a stray dog, attempting to flee Mu Jinyu's soul!

He realized that Mu Jinyu's divine soul power was at least at the Late Stage Hedao Realm, much stronger than his, especially as they were within Mu Jinyu's sea of consciousness.

Trying to devour someone's soul in someone else's domain, attempting soul seizing, was nothing short of delusional!

Without hesitation, he aimed to escape!

However, would Mu Jinyu let him escape after letting him into his sea of consciousness?!

"Ah!!"

With a piercing scream of unwillingness and despair, the soul figure was ultimately obliterated by Mu Jinyu, and the relatively abundant soul power was not consumed by Mu Jinyu, but rather given to the Little Tree seed!

Chapter 1599: Turning Their Own Scheme Against Them! Proving His Identity!

"Sizzle!!"

Mu Jinyu transferred the soul source power of the Shadow Assassin to the seed of the Mystical Little Tree, which was quickly absorbed completely.

However, the seed still appeared shriveled, seemingly unchanged.

No matter, Mu Jinyu was prepared to spend a long time reviving the Mystical Little Tree.

Then, Mu Jinyu opened his eyes and continued to watch the battle between Chu Huannian and another assassin!

The fight between him and the Shadow Assassin seemed intense and prolonged, but in reality, only a few dozen seconds had passed.

Chu Huannian was still bathed in the sea of lightning, struggling to resist.

Her whole body was bathed in thunder light, her hair danced, each strand flashing arcs of electricity, she was simply like the mother of electricity!

Meanwhile, the black-clad assassin had fully activated his bloodline, sprouting a pair of bat-like wings from his back, but they bore threads of silver lines, carrying both evil and holy auras.

"Kill!"

"Bang bang bang!!"

"Crackle!"

Chu Huannian's eyes were icy cold, she wielded a long spear, crazily striking the Batwing Assassin, enduring the pain of lightning strikes. Her skin, which was not protected by armor, had many spots charred by thunder, yet she did not let out a single groan.

The Batwing Assassin, seeing the lightning sea about to dissipate, yet unable to take down Chu Huannian, urgently shouted at Mu Jinyu, "Hurry up and help!"

"Huh?"

Upon hearing the shout, Mu Jinyu's expression changed slightly and quickly inferred that the other party presumed he must have been soul-seized by the Shadow Assassin after managing to poison him, given he was merely an Early Divine Transformation Realm Stage young cultivator.

Is he asking me to help him take care of Chu Huannian?

Mu Jinyu's mind moved swiftly, deciding to play along!

He didn't speak, but reached out to grab the fallen dark blade of the Shadow Assassin, then watched as the lightning sea grew weaker.

He then soared skyward, quickly closing in on the two in fierce combat!

Seeing Mu Jinyu approaching, Chu Huannian's eyes were cold, filled with murderous intent, her heart heavy, her eyes showing some sadness.

Even though she hadn't known Mu Jinyu for long, they had experienced quite a bit together, and she considered him somewhat of a friend. Now, Mu Jinyu was dead, soul-seized, and coming to kill her, making her feel quite complex.

The most important thing was, Mu Jinyu, before dying, had greatly helped her, causing the Shadow Assassin to fall from Unity Realm Stage strength to only being able to display Fanxu Realm battle power!

Being soul-seized, he might not even be able to exert Mu Jinyu's battle strength, only Divine Transformation Realm Level battle power!

This made Chu Huannian feel both guilty and grateful towards Mu Jinyu!

"Chop!!"

Just as Chu Huannian braced herself to resist both the Batwing Assassin's attacks within the lightning sea and the "Shadow Assassin's" assault,

Mu Jinyu, who they thought was the "Shadow Assassin," suddenly focused his gaze and slashed towards the Batwing Assassin's wings!!

"Clang!!"

Mu Jinyu's blade struck the opponent's wings, producing a clashing sound of gold-iron, and his arm felt a bit numb!

"Ah!!"

Though Mu Jinyu's strong strike didn't sever the opponent's wings, it still injured him, the blade deeply embedded into the wings, revealing a terrifying wound deep enough to expose bone!

This made the Batwing Assassin let out a heartrending scream!

"Huh?!"

Chu Huannian, seeing this, narrowed her eyes, a surge of joy washing over her heart.

She knew, most likely Mu Jinyu hadn't been soul-seized by the Shadow Assassin, he was still himself!

Even if it was indeed the Shadow Assassin, not knowing what trick he was up to by attacking the Batwing Assassin, the current situation was favorable for her; Chu Huannian wouldn't foolishly pass it up!

"Hah!!"

"Boom!!"

Chu Huannian's eyes flashed with cold electricity, she swung her spear, concentrating vigorous Qi, fiercely piercing through the Batwing Assassin's chest!

"Bang!!"

Vigorous Qi exploded, instantly blowing open half of the Batwing Assassin's chest, blood splattered, and meat scattered!

"Ah!!"

The Batwing Assassin let out another heartrending scream, knowing the situation was beyond saving, he could no longer kill Mu Jinyu and Chu Huannian, he endured the intense pain and gave Mu Jinyu a venomous look, before flapping his wings and flying skyward!

"Crackle!!"

Arcs of electricity flickered on his wings, suddenly speeding him up several times, disappearing before Mu Jinyu and Chu Huannian in an instant!

"Ran away? His speed sure is fast!"

Mu Jinyu watched the Batwing Assassin's escape speed, squinting slightly, knowing he couldn't catch up, Chu Huannian probably couldn't either!

"Clang!!"

At this moment, Chu Huannian suddenly raised her hand, pointing the spear tip at Mu Jinyu's throat, gazing at him with a complicated expression!

Mu Jinyu looked bewildered and asked, "What are you doing?"

Chu Huannian coldly replied, "You tell me!"

Mu Jinyu, hearing this, suddenly understood; although he helped Chu Huannian, she probably feared the Shadow Assassin was up to some trick, thus wouldn't relax her guard.

Mu Jinyu laughed bitterly, "Ma'am, you can't even recognize me, I helped you for nothing!"

"Huh?!"

Hearing Mu Jinyu call her 'ma'am', Chu Huannian's forehead twitched with veins, her face turned dark, she almost couldn't resist stabbing him!

But eventually, she put the gun down and cursed, "So it really is you! Tough as nails, can't believe you survived!"

Because of calling her 'ma'am,' Chu Huannian no longer questioned Mu Jinyu's identity, confirming he was indeed Mu Jinyu, not the Shadow Assassin who had seized him!

Because the first time they met, Mu Jinyu had called her 'ma'am', something only they knew.

Even if the Shadow Assassin had seized Mu Jinyu and gained part of his memory, he couldn't have quickly thought of using this term to disguise himself!

He would definitely use another method to prove he was Mu Jinyu!

Seeing Chu Huannian lower her weapon, Mu Jinyu exhaled lightly and said, "Ma'am, you're really heartless, risking my life to save you only to have you point a spear at me, saved you for nothing!"

Chu Huannian glanced at Mu Jinyu and scoffed, "Tch, you've forgotten who they targeted at the start? Saved me for nothing? Obviously, I was risking my life to save you!"

Mu Jinyu replied, "But this time, they were clearly aiming to deal with both of us, no longer just saving me!"

Chu Huannian couldn't be bothered to argue with Mu Jinyu, "Let's go, I know that person's identity, let's go deal with him! He won't get far."

With that, she prepared to move, but triggered her injuries, scorched by electricity, and furrowed her brow.

Seeing this, Mu Jinyu noticed the patches of charred skin on Chu Huannian's face and arms, frowned, and sighed, "No hurry, let me heal your wounds first."

Chapter 1600: I Trust Your Character! The Identity of the Batwing Assassin!

"Healing?"

Chu Huannian heard Mu Jinyu's words, paused her flight, and looked back at him in surprise, saying, "Do you know the level of my injuries? Unless you produce a Fourth Grade Healing Pill, it can only recover slowly."

Mu Jinyu chuckled, saying, "You just don't know one of the great advantages of pureblooded humans."

"What?" Chu Huannian raised her eyebrows, looking at Mu Jinyu with skepticism.

Mu Jinyu smiled and remained silent, activating his Blood Essence, then walked to Chu Huannian's side and reached out to gently slide his hand over her arm, on the scorched skin.

Although Chu Huannian's sensitivity was dulled due to her injuries, she still felt goosebumps rise all over her body.

She looked at Mu Jinyu with a strange expression, doubtfully asking, "Hey, aren't you taking this chance to cop a feel?"

Mu Jinyu shrugged and replied, "If I wanted to cop a feel, why would I touch your skin that feels like grilled fish? It's so hard and feels bad to touch. Wouldn't I touch your uninjured, smooth skin directly?"

Chu Huannian considered this and thought it made sense.

Then she felt her scorched injuries, as Mu Jinyu's gentle touch passed over them, starting to feel numb and warm.

The injuries were indeed healing!

"How is this possible?!"

Chu Huannian was amazed and found it unbelievable.

Mu Jinyu hadn't fed her pills or applied any external ointment, yet just by the touch of his hands, he could heal her lightning injuries!

This would be hard for anyone to believe if spoken.

"What's happening here?"

Finally, when Chu Huannian saw Mu Jinyu peel off the scabs on her arm, revealing the still smooth and delicate skin with almost no trace of the previous burn, she couldn't help but ask.

Mu Jinyu, while reaching out to touch the scorched skin on her cheek, casually answered, "Didn't I just tell you? Because I'm a pureblood human, and I've cultivated the 'Blood Tempering Chapter' of the 'Humanity Path Sutra.' The Blood Essence I generate has the ability to quickly heal injuries, but this effectiveness depends on the quantity of human bloodline in the person. So, if the patient has a thin human bloodline, I can't really heal them. But if they have a substantial human bloodline, I can quickly restore them!"

"When it comes to the Foreign Tribe, it's completely useless!"

Chu Huannian endured the tingling sensation brought by Mu Jinyu's touch on her cheeks, unsure whether the feeling was due to her facial injuries or Mu Jinyu's action.

However, she didn't ponder over it, suppressing her thoughts and focusing intently on Mu Jinyu's words.

"So, pureblood humans have great value indeed!"

Afterward, Chu Huannian looked at Mu Jinyu with a complex expression, saying, "You just spilled such secrets to me without fear that I might tell others and they capture you as an Imperial Physician?"

Mu Jinyu's Blood Essence characteristic, although useful only for humans, was still impressive.

If this got out, even the royal clan might want to seize him as an Imperial Physician to treat their injuries.

After all, these so-called royals, though they most esteem the strong clan bloodline within them, inevitably possess some human bloodline.

Or else, they wouldn't claim themselves as royals, instead outright declaring to be pureblooded Gods or Immortals!

Mu Jinyu laughed, saying, "I trust your character; you won't spill the secret."

Chu Huannian remained silent.

She naturally wouldn't talk carelessly, disappointing others who trust her.

But thinking it over, she promised Mu Jinyu, "Later, I'll put restrictions on my own soul to lock this information. If someone attempts soul search, my soul will self-destruct, preventing you from facing any risk!"

Mu Jinyu shook his head upon hearing that, saying, "No need, it's unnecessary!"

When he arrived at the Canglan Realm, knowing there were many realms above Unity Realm Stage, Mu Jinyu recalled how the Silkworm King glanced at him, needing no soul search to fully understand his background.

So he knew Chu Huannian's soul restrictions would possibly be effective only against cultivators within Unity Realm or Void Breaking Realm. Any higher beings, if they wished to investigate, could likely glean needed information with just a glance.

However, he wasn't worried, as such powerful beings currently don't exist among the human race.

Only the Foreign Tribe would have such beings in high ranks!

And even if they learned of the pureblood humans' Blood Essence efficacy, knowing it's effective only for humans, would they specifically come for him?

Absolutely not!

Would they be so idle to capture him for the royals they clearly look down upon?

"Rip!"

Soon after, Mu Jinyu stopped, peeled the scabs off Chu Huannian's face, and said with a soft smile, "Okay, you're back to normal now, no longer a hideous witch."

Chu Huannian gave him an exasperated glare, then summoned a Profound Light Mirror to observe the changes.

She saw her face indeed restored to its original smooth, delicate state without a trace of scar.

Although Chu Huannian, having served in the army for years, wouldn't feel sad even if her beauty was permanently ruined, still maintaining her beauty elated her.

"Great, thank you!"

Chu Huannian rarely expressed gratitude to Mu Jinyu, then grabbing him, her demeanor turned cold, saying, "Let's go, it's time to settle accounts with those people!"

After that, she performed Void Shift, taking Mu Jinyu, disappearing from the remote alley.

In a mansion comparable to the Guoshi Mansion Chu Huannian resided in.

In a room in the rear courtyard, a black-clad man was struggling to have someone pull out the long blade embedded in the batwing on his back.

He was sweating coldly and breathing heavily.

Because his chest had been pierced and exploded by Chu Huannian's spear, leaving him nearly half missing, though with Unity Realm Stage cultivation, his life force was strong enough to prevent immediate death!

But this made it difficult for him to flee far.

He had no choice but to hide in his home, hoping Chu Huannian hadn't recognized his identity.

"Clang!"

Finally, the long blade was pulled out and thrown to the ground.

The Batwing Assassin's face turned even paler, devoid of blood.

"Old Ancestor! Are you alright..."

The person who pulled the blade, had Mu Jinyu been present, he would have recognized as none other than Chu Kingdom's Proud Sons, Eastern War Dragon!

"It's all right, have someone watch, if Chu Huannian comes over, we'll leave together!"

The batwing man spoke with difficulty, constantly panting while talking to Eastern War Dragon.

After failing to assassinate Chu Huannian, he realized she might recognize him, since his Bloodline Power, rare in Chu Kingdom, is of the Electric Bat Clan!

As he retreated to Eastern Manor, needing rest and healing, he also intended to take Eastern War Dragon, Dongfang house's most outstanding member, with him.

Otherwise, if Chu Huannian tracked down Dongfang house and killed Eastern War Dragon, it would spell doom for them!
