

King Hall 1751

Chapter 1751 1751: The Life-and-Death Battle Begins! Entering the Stage Together!

"Have you heard? Someone is about to fight to the death on the Life and Death Platform!"

"How is that possible? Dongyue Mansion hasn't had a Life and Death Platform battle in over ten years!"

"Yeah, I haven't heard of anyone holding a grudge against someone else lately!"

"I heard it's that guy Ji Fei, bullying the new students who just joined the academy. It seems like he wanted to take something from them, and one of the junior students couldn't take it anymore and challenged him to a life-and-death battle!"

"So that's what happened. This guy really has a terrible character, bullying junior students..."

"But to be fair, isn't the application for the Life and Death Platform battle only allowed between those with similar cultivation levels? It doesn't seem like the junior students who've just joined this year have a Void Breaking Realm cultivation level. How did they get the application approved to fight Ji Fei?"

"That's true. Although Ji Fei is a scumbag, he's also quite strong. It's not an issue for him to become a Senior Student with some more patience. Bullying junior students aside, he shouldn't be able to have a life-and-death battle with them, right?"

"I don't know. But, I heard the application has already been approved!"

"I know some information."

"What information? Tell us..."

"Among the newly admitted students this year, isn't there one who gained fame with Divinity Transformation Realm, beating a group of Unity Realm peers? I've heard his actual cultivation isn't Divinity Transformation Realm, but Peak Hedao Realm. After a trip last month, he's stepped into the

First Layer Void Breaking Realm, so he dared to challenge Ji Fei. The application for their life-and-death battle got approved!"

"Wow, that's explosive news!"

"Exciting! Let's hurry over to watch!"

"..."

When Ji Fei went to the mentor to apply for a life-and-death battle with Mu Jinyu, some news quietly spread around Dongyue Mansion.

The students at Dongyue Mansion usually feel quite bored with their daily training. Now that a life-and-death battle has appeared, it instantly captured their attention and interest.

At this moment, whether it's the newly joined Beginner Students of Mu Jinyu's year, or the original Beginner Students, or even the Intermediate Students of Ji Fei's year, all swarmed towards the square where the Life and Death Platform is located.

In the shadows, there were even some Senior Students observing, though this wasn't known to others.

At twelve noon.

In the bustling Martial Arts Arena.

Suddenly, someone exclaimed, "Ji Fei is here!"

As soon as this exclamation sounded, a crowd immediately turned their gaze to an aisle that had been cleared, and they saw a feminine youth in blue Intermediate Student attire, slowly walking over.

Seeing Ji Fei's appearance, most of the Beginner Students secretly curled their lips in contempt.

They thought this guy was truly disgusting, bullying junior students—a complete scumbag.

However, although they looked down on Ji Fei's character, Ji Fei was indeed very strong, and he shamelessly bullied junior students, so they really didn't dare to provoke or insult Ji Fei.

If Ji Fei noticed them and decided to bully them after his life-and-death battle with someone else, what would they do?

So they didn't dare to show their dissatisfaction towards Ji Fei.

However, another portion of the Beginner Students didn't have as much sense of justice, because the news about the Heavenly Mysterious Ice Spirit Marrow was spread by them.

Their mentality was if they can't have it, they'll destroy it, ensuring Mu Jinyu doesn't have a good time.

Yet, they also didn't expect Mu Jinyu's actual cultivation to be at the First Layer Void Breaking Realm, and that his previous Divinity Transformation Realm cultivation was just a façade.

As a result, because Chu Huannian and others were bullied by Ji Fei, his real cultivation was directly exposed, and he decided to fight Ji Fei to the death!

This really frightened them.

After all, Ji Fei targeted Chu Huannian because he heard about the Heavenly Mysterious Ice Spirit Marrow from them, so he kept picking on Chu Huannian.

If Mu Jinyu didn't die at Ji Fei's hands, they could be in big trouble.

They might not have peaceful days ahead.

So, having already offended Mu Jinyu, they naturally hoped Ji Fei could successfully kill Mu Jinyu on the Life and Death Platform, eliminating their troubles forever.

If that happened, they wouldn't have to worry anymore.

Thus, this portion of Beginner Students, upon seeing Ji Fei's arrival, couldn't openly cheer for him due to his lack of popularity.

But in their hearts, they continuously cheered for Ji Fei, hoping he could successfully kill Mu Jinyu and rid them of future troubles forever!

"Da da da..."

Ji Fei is a very self-centered person, completely ignoring what these people think or how they view him, walking straight through the crowd and quickly stepping onto the Life and Death Platform.

The Life and Death Platform is two meters high, fifty meters long, and fifty meters wide, enough to engage in intense combat and fight to the death on it.

The platform is forged from unknown material, having endured hundreds of years and dozens of battles, without any damage, with traces of dark brown bloodstains, enough to show the brutal battles it has witnessed.

"Is that guy not here yet?"

Standing on the Life and Death Platform, Ji Fei swept the crowd with his Divine Sense, not spotting any sign of Mu Jinyu and his friends, and frowned while muttering.

"He's here, he's here!"

Just as Ji Fei was about to send someone to notify Mu Jinyu to come and die, someone in the crowd who knew Mu Jinyu started to call out excitedly.

"Swoosh!"

Ji Fei's eyes emitted an electric flash, looking directly at the place filled with murderous intent.

He also saw Mu Jinyu, walking over with an indifferent expression, accompanied by Chu Huannian and others.

"Finally here to die, are you?"

Upon seeing Mu Jinyu, a cruel smile appeared at the corners of Ji Fei's mouth, and he chuckled softly.

"Jinyu, be careful, this guy has a strong bloodline..."

Accompanying Mu Jinyu, Chu Huannian expressed some concern and reminded him worriedly.

"It's okay!"

Mu Jinyu didn't wait for Chu Huannian to reveal Ji Fei's bloodline, directly striding towards the Life and Death Platform!

His Human Race Bloodline, now tempered through the "Humanity Path Sutra" from all aspects, although he hasn't started practicing the "Marrow Nourishment Chapter" yet, is already no less than the bloodlines of the Ten Great Powerful Races.

Why would he fear someone with only half a Foreign Race Bloodline?

Even if the opponent had Divine Race Bloodline, he had the confidence he could crush Ji Fei!

"Mu Jinyu..."

As Mu Jinyu passed through the crowd, walking towards the Life and Death Platform.

In the crowd, someone with a complex look in their eyes watched him.

This person was Lan Yi, who had briefly teamed up with Mu Jinyu during the Secret Realm training in the academy!

She didn't expect Mu Jinyu's cultivation to be Void Breaking Realm instead of Divinity Transformation Realm.

Added with the current rumors that Mu Jinyu had obtained Heavenly Mysterious Ice Spirit Marrow in that Secret Realm, a large portion of which was given to Chu Huannian and Chen Qinglian.

This made her feelings complicated, wishing she hadn't separated from Mu Jinyu back then.

If she hadn't, she could also have received some of that Heavenly Mysterious Ice Spirit Marrow, gaining the benefits of increased bloodline concentration!

And not ultimately having all the benefits of their hunt of the Sky-devouring Ice Jiao seized by Mu Jinyu's group, gaining nothing.

Even their academic credits didn't rank in the top three!

Right now, Lan Yi's heart was immensely complicated and regretful.

After all, had she not made the wrong choice back then, she would have gained considerable benefits.

Now, even if Mu Jinyu might die at Ji Fei's hands, it still wouldn't have anything to do with her!

"Da da..."

Mu Jinyu quickly reached the Life and Death Platform and at this time, a weak cheering voice came from the side.

"Go, Jinyu big brother..."

Mu Jinyu found the voice familiar, turned his head to look, and saw it was Chen Qinglian, who had previously teamed up with them.

The other party was quite severely injured, comparable to Chu Huannian before, apparently also bullied by Ji Fei.

Chapter 1752 1752: Terrifying Power! What Is His Bloodline?

Upon witnessing Chen Qinglian's miserable state, Mu Jinyu's heart, already ablaze with anger, was instantly ignited once again.

"Humph, did you see that? You will be even more wretched than them!"

Ji Fei naturally noticed Chen Qinglian as well, seeing Mu Jinyu glaring at him with eyes that seemed to spit fire, he disdainfully turned his lips and let out a mocking laugh, directly fueling the fire.

"Hehe, I hope someone collects your corpse!"

Mu Jinyu looked at Ji Fei with cold eyes, deciding to grind him into paste later!

"Are you all ready?"

At this moment, the void twisted, and the female instructor who came to check on Mu Jinyu before appeared above the Life and Death Platform, asking them.

"Hmm, I can't wait!" Ji Fei stared at Mu Jinyu, sneering grimly.

"We can start!" Mu Jinyu said calmly.

"Then..."

Hearing their words, the female instructor nodded slightly and then waved her hand, "Begin!"

The words fell.

"Boom!!"

Immediately, Mu Jinyu was enveloped in a blood glow, like a ferocious beast launching an attack, and punched directly at Ji Fei!

Actually, Ji Fei's cultivation was just at the Fourth Layer of the Void Breaking Realm, if Mu Jinyu wanted to kill him, there was no need for the Earth Emperor's Tome, a single swing could split him alive.

But this guy had treated Chu Huannian, Chen Qinglian, Ji Xiaoyun, and his other friends so cruelly before. How could he give him a quick death with just one stroke?

Of course, he would properly torment him on the Life and Death Platform, and finally send him on his way!

Otherwise, how could he repay his kindness?

"Humph, petty tricks, dare to show off!"

Ji Fei saw that Mu Jinyu did not take out the Life and Death Divine Weapon, nor did he display any Divine Skills or activate his bloodline, and he couldn't help but say disdainfully.

"Boom!"

After which, he immediately began to mobilize his own Bloodline Power, finally blooming with a soft white glow all over his body when Mu Jinyu punched.

"Bang!!"

Then, a shield formed of eerie white bones appeared motionless in front of Ji Fei, taking the punch from Mu Jinyu.

"Bone Demon Clan's bloodline!"

"A major species born from the combination of the Bone Tribe and Devil Clan, two of the Ten Great Strong Races, although the union of these two strong races did not create a stronger bloodline, instead somewhat declined, causing the Bone Demon Clan to fail to rank in the top ten or even top twenty among the Ten Thousand Clans, but it did rank within the top fifty!"

"With such a bloodline, Ji Fei, if he cultivates well, could potentially step into the Life and Death Realm in the future, manifesting even more formidable potential!"

Standing in the void above, the female instructor, watching Ji Fei activate his bloodline, nodded secretly in approval.

Then, she turned her gaze toward Mu Jinyu, slightly frowning.

She also felt bizarre. With Mu Jinyu's cultivation reaching the First Layer of the Void Breaking Realm at such a young age, she assumed his bloodline must be strong.

But why couldn't she discern exactly what Mu Jinyu's bloodline was?

"So it's the Bone Demon Clan!"

Mu Jinyu's punch struck the Bone Shield manifested by Ji Fei, failing to hit Ji Fei's chest, leaving him slightly disappointed.

But shortly after, recognizing the foreign race bloodline of Ji Fei, he couldn't help but chuckle contemptuously, suddenly increasing the strength of his fist.

Instantly...

"Crack, crack, crack..."

The crisp sound of cracking bones began echoing in the Martial Arts Arena where the silent crowd was watching the life-and-death confrontation.

"How could it be..."

"Without using Bloodline Power, just with Physical Strength, to destroy Ji Fei's Bone Shield?"

"This guy... no wonder he dared to challenge Ji Fei on the Life and Death Platform!"

"..."

Several intermediate students familiar with Ji Fei's strength heard the sound of cracking bones and couldn't help but change their complexion, exclaiming in shock.

They realized that Mu Jinyu's shown formidable strength might soon allow him to advance to intermediate student status, becoming a formidable foe for them.

Even those seldom appearing senior students might fear Mu Jinyu's potential!

"Bang!"

"Boom!"

Finally, the Bone Shield standing in front of Ji Fei could not hold for even three seconds, shattering with a boom, scattering bone spurs and fragments flying everywhere.

"Shishishi!!"

"Hehehe..."

However, amid Ji Fei's cold, grim laughter, all these airborne bone spurs and fragments neatly coordinated, charging at Mu Jinyu aggressively!

Like locusts descending, making one's scalp tingle!

"Slup slup slup slup!!"

Meanwhile, Ji Fei did not cease his divine skill's display, a surge of Bone Dragon and Bone Phoenix, accompanied by world-destroying divine might, compressed within the bone fragment storm, assailing Mu Jinyu!

"Explode!!"

Mu Jinyu softly muttered, driving Blood Essence to its limit; he still didn't take out his firewood knife to combat Ji Fei but decided to rely solely on Physical Strength, utilizing Ji Fei to test the strength he cultivated in the Humanity Path Sutra!

Compared to the strength acquired previously by absorbing nature's Spiritual Energy while cultivating the Green Emperor Wood Emperor Scripture, which is stronger?

"Boom!!"

With a soft shout, Blood Essence surged to its peak, his whole body's Qi-Blood roared like a tidal wave, booming outwards from him as the central point, scattering in all directions!

Like a blood-colored sphere blooming locally.

"Bang!!"

"Sizzle sizzle!!"

As Blood Essence erupted, all the bone spurs, fragments charging towards, and the Bone Dragon and Bone Phoenix raging, were mercilessly crushed into powder by his Blood Essence!

"What a terrifying strength!"

"What Bloodline Power is this?"

"Being able to effortlessly pulverize Ji Fei's Bone Vein indicates his Bloodline Power ranks at least within the top thirty of the Ten Thousand Clans!"

"Did the academy manage to recruit yet another genius of this level this time? If this junior student survives today, those senior students might face a formidable adversary!"

"Yet it's very strange; I wouldn't say I am familiar with all the species in the Canglan Realm, but I'm quite knowledgeable about those bloodlines ranking among the top five hundred strong species! Why can't I identify which species' bloodline belongs to this junior student?"

"I am as puzzled, and when his blood glow burst just now, I felt a strange sense of kinship; I don't know why. It seemed like my body shares similar bloodlines... But my bloodline ranks only at one hundred and thirty; how could he belong to this bloodline?"

"Hey? Did you feel this kind of affinity too? I felt it as well; I thought it was my illusion!"

"What? You all felt it too?"

During the battle observation, those intermediate students were discussing, marveling at Mu Jinyu's powerful bloodline.

Believing Mu Jinyu's potential significant, possibly becoming a formidable opponent to those senior students in the future.

But as they continued discussing, they suddenly realized that all of them sensed a familiar kinship with Mu Jinyu's erupting bloodline.

It was quite incredible since they were aware that their own foreign race bloodlines were distinctly different.

If one or two felt the sensation, it could be possibly mistaken for an illusion.

Yet almost every one of them experienced the feeling.

Thus, only one possibility remains...

Since all of them are of the Human Clan, besides holding those powerful foreign bloodlines, they also have the most core, frustrating, and disdainful Human Clan Bloodline!

Mu Jinyu's powerful erupting bloodline...

Could it be the recognized most garbage bloodline of the Human Clan Bloodline?

Everyone felt their conjecture profoundly incredible and absurd, yet besides this, there seemed to be no other explanation to clarify the sensation!

Chapter 1753 1753: Blasting Apart the Life and Death Divine Weapon with One Punch! The Human Clan Bloodline Finally Revealed!

Chu Huannian listened to the group's discussion.

He couldn't help but furrow his brows inwardly.

Feeling that Mu Jinyu was really careless.

How could he just expose this secret directly?

This way, he might very likely be expelled by Dongyue Mansion.

After all, the students that Dongyue Mansion wants to recruit are geniuses with strong foreign race bloodline.

At that time, he didn't know how he fooled them with his human bloodline, but if he's found unqualified again, he would probably truly be driven away from Dongyue Mansion.

However, Chu Huannian then thought again, and felt that it didn't seem to matter.

After all, Mu Jinyu's initial goal in taking the Dongyue Mansion test was to come to the Eastern Region Center, instead of being in that corner where he couldn't even find a suitable cultivation method.

Now he had successfully mixed in, and judging by the looks, he had managed to get the "Humanity Path Sutra" in the past month, thus elevating his cultivation to the first layer of the Void Breaking Realm.

In this regard, whether or not he stays at Dongyue Mansion no longer matters.

After all, Dongyue Mansion's mainstream teachings are still centered around various foreign race bloodlines, although there are many resources, but they do not fit him.

So he no longer cares about revealing his true bloodline, right?

Perhaps, he did it deliberately, wanting to arouse the crowd's curiosity and importance towards human bloodlines, so they wouldn't continuously covet foreign race bloodlines.

Wanting to erase the prejudice and contempt towards human bloodlines.

Let them see clearly that the human bloodline can also crush Heaven's Pride with the top fifty foreign race bloodlines!

Thinking this way, Chu Huannian instantly felt relieved.

Meanwhile, she also considered whether to give up on the path she had painstakingly walked, forsaking the bloodline power of the Fighting Spirit Tribe.

And to walk the path of humans with Mu Jinyu?

She started to fall into a tangle!

"Boom!!"

On the Life and Death Platform, Mu Jinyu was fully immersed in the deadly fight, not minding others' thoughts and discussions.

His blood erupted, directly blasting away the bone vein divine skills that Ji Fei had used with the Bone Demon Clan's bloodline, then strode towards him again!

"Damn it!"

"How is this kid so strong? He's clearly only at the first layer of the Void Breaking Realm, yet he can break my bone vein without external aid?"

Ji Fei saw Mu Jinyu charging towards him, the look in his eyes showing intense envy and even a trace of fear that he hadn't noticed himself.

"Hah!"

Then, he let out a furious cry, not daring to fight purely with his bloodline traits like Mu Jinyu but instead wielding a divine weapon.

"Clang!"

A long white bone spear, seemingly made from the spine bone of a flood dragon, was instantly grasped by Ji Fei, making his aura surge dramatically.

"Sizzle Sizzle!!"

"Boom Boom!!"

After that, Ji Fei's palm cracked, segments of white bone spread out, entangling the white bone spear in his grasp, also casting an evil glow upon it, greatly increasing its power!

"Sizzle!"

"Bang!!"

Ji Fei lightly swung the white bone spear in his hand, instantly cutting traces of cracks in the void, the Heaven and Earth Laws becoming perturbed and difficult to mobilize!

Then, seeing Mu Jinyu rushing to the front, a punch came blasting at him, fist strength wild, blood light intimidating, he also coldly thrust his spear at him!

"Bang!!"

Fist and spear collided, instantly producing an earth-shaking explosion, like Mount Tai collapsing or the Yellow River bursting its banks, causing the entire Martial Arts Arena to sway three times, tremble three times.

Many people, caught off guard for a moment, almost failed to keep their balance and awkwardly fell.

"Crack, crack, crack..."

"Boom!!"

Then, an unbelievable scene occurred.

Seeing Mu Jinyu's fist clash against Ji Fei's spear edge, surprisingly suffering no injuries. No, it wasn't that there were no injuries, rather, not only was he unhurt, but he even shattered Ji Fei's long white bone spear, with cracks like a spider web spreading from the spear edge to the spear rod's tail, even extending to the white bone emerging from Ji Fei's palm.

Then with a "boom," this long white bone spear of Ji Fei shattered into fragments and crumbs under Mu Jinyu's fist, turning into powder!

"Ah!!"

Ji Fei screamed miserably, his bone vein also being shattered with this collision, making him vomit blood, his whole body flying out like a cut kite!

"What happened?!"

"Isn't this too strong?"

"Ji Fei's white bone spear was made from the spine bone of a fierce flood dragon at the Life and Death Realm, a real Life and Death Divine Weapon, how could it be broken against Mu Jinyu?"

"This guy's physical body, could it have been forged into a Life and Death Divine Weapon level?"

"..."

Seeing Ji Fei's white bone spear shattered, bone vein broken, his whole body vomiting blood and flying out, the crowd in the Martial Arts Arena couldn't help but exclaim in surprise.

Previously, Mu Jinyu relying on his own Qi-Blood to smash apart Ji Fei's bone vein divine technique had already greatly surprised and astonished them; unexpectedly, Ji Fei even took out his Life and Death Divine Weapon.

Yet it couldn't break Mu Jinyu's fist, instead shattering the Life and Death Divine Weapon!

The Life and Death Divine Weapon contains the Life and Death Law, under normal circumstances, it is difficult to be shattered, unless the opponent also possesses the Life and Death Law.

But Mu Jinyu isn't a powerhouse of the Life and Death Realm, how could he contain the Life and Death Law?

This left everyone feeling very puzzled!

"I understand!"

Now, an intermediate student about to advance to being a senior student stared fixedly at Mu Jinyu and suddenly exclaimed in realization.

"Senior Han, what's going on?"

"Yeah, what do you understand? Help us figure it out?"

Hearing this senior's realization exclamation, a group of junior students, even students of his same class, were all curious and questioned him.

"Mu Jinyu, this person, he probably hasn't cultivated foreign race bloodline, but walks the path centered around humanity abandoned by predecessors, from blood tempering, bone tempering, tempering muscles and membranes, to refining the five viscera and six bowels, nurturing bone marrow, unlocking human cosmic mysteries!"

"Therefore, he was able to use physical strength to blast the Life and Death Divine Weapon!"

Upon hearing this Senior Han's words, the entire arena couldn't help but exclaim.

They never expected, in this age, there would still be someone daring to walk this path proven to be impossible.

Even if some actually tried, he still managed to go more than halfway, elevating his cultivation to the Void Breaking Realm, terrifying and unparalleled!

Even Ji Fei, who inherited the Bone Demon Clan bloodline, isn't his match!

"Eventually, it's still discovered..."

Listening to the crowd's exclamations, Chu Huannian thought somewhat helplessly.

Though she had long prepared, the fact that Mu Jinyu's secret was really exposed still made her a bit nervous.

"So it was like this..."

Standing suspended in mid-air, observing the fierce fight between Mu Jinyu and Ji Fei, the charming female mentor, upon hearing that Han Surname student's analysis, couldn't help but nod secretly.

Then she lowered her head to continue observing Mu Jinyu, also thinking that his analysis was basically correct.

Mu Jinyu truly walks this path!

At the same time, she could see farther than Han Surname student, knowing that purely cultivating "Humanity Path Sutra" is not enough to rely on physical strength to break the Life and Death Divine Weapon.

As the saying goes, without containing the Life and Death Law, it's impossible to shatter the Life and Death Divine Weapon!

And since Mu Jinyu could break it, it indicates he likely had other encounters, refining his physical body or muscles and bones to contain parts of the Life and Death Law, enabling him to shatter Ji Fei's Life and Death Divine Weapon with such brutal force!

Chapter 1754 1754: Human Emperor Seal! Someone Interferes in the Life-and-Death Battle! Ji Fei Dies at Last!

"Boom!!"

While the crowd at the Martial Arts Arena marveled and discussed Mu Jinyu's cultivation path, Mu Jinyu, having just smashed Ji Fei's Long White Bone Spear with a punch, seized the moment and struck Ji Fei's chest with an aggressive punch.

As this punch landed, Mu Jinyu's fist was not only surrounded by a blood light, but also faintly emitted a hint of golden light from the bone, fiercely powerful!

"Bad!"

Ji Fei knew something was wrong as soon as his Divine White Bone shattered and felt he might not be Mu Jinyu's match. He hurriedly attempted to deploy the Space Domain.

However, just then, Mu Jinyu's fist brazenly slammed in.

With one punch, Mu Jinyu forcibly shattered the space domain Ji Fei had just managed to build.

Immediately afterward, the unstoppable fist struck directly at his chest.

"Bang!!"

Ji Fei took Mu Jinyu's punch head-on, and his whole body instantly vomited blood and flew backward, spilling blood onto the Life and Death Platform, and gently landed like a kite with a broken string.

"Kill!"

Although Ji Fei was heavily injured by Mu Jinyu's punch, once a black and white light flickered across his body, his injuries quickly stabilized.

Afterward, he suppressed his injuries, leaped up fiercely, and shouted out loud, beginning to unleash his full domain power.

"Crack, crack, crack..."

"Boom!!"

Instantly, sections of white bones surged out from Ji Fei's body, and in no time enveloped the entire Life and Death Platform, making it temporarily impossible for outsiders to see the fight inside!

This was the strongest domain Ji Fei could deploy with his cultivation at the Fourth Layer of Void Breaking Realm.

"Ha!"

Seeing Ji Fei deploy his last resort, Mu Jinyu showed no fear and was even delighted.

Had it been before Mu Jinyu entered the Void Breaking Realm, encountering Ji Fei's Domain World, he might have had to use the Firewood Chopping Saber Technique to open the other party's domain!

But now, there's no need!

With a soft exhale, Mu Jinyu forcefully manipulated the surrounding Space Law, seemingly transforming into a long blade, fiercely chopping towards the concentrating White Bone Domain!

"Boom!!"

"Crack, crack..."

"Crash!"

Mu Jinyu's Void Blade sliced through, instantly severing the Space Law Ji Fei invoked, causing countless white bones to collapse at once, like dominoes, completely falling apart!

"This..."

"Impossible!"

Seeing this, Ji Fei immediately despaired!

If Mu Jinyu could shatter his Life and Death Divine Weapon with a punch, perhaps relying on some treasure power hidden beneath the skin, achieving such a stroke of luck.

But this domain clash was a real test of their respective mastery over the Space Law!

Why did he, a genius of the Fourth Layer of Void Breaking Realm, in this domain clash get directly shattered by Mu Jinyu, a newcomer to the Void Breaking Realm?

Doesn't this mean he's inferior to Mu Jinyu?!

He couldn't accept it!

"Pff!!"

As Ji Fei's hair scattered and appeared frenzied, his constructed White Bone Domain finally collapsed entirely, and he also suffered backlash, vomiting violently, his aura plunging to the lowest point!

"Die!"

Mu Jinyu dispelled the incoming Space Blade, strode forward, and punched Ji Fei's chest again with great force.

"Crack, crack, crack!"

Immediately, Ji Fei's chest bones and ribs broke into dozens, yet as the black and white qi on his body flickered, these injuries continued healing.

Mu Jinyu saw this situation again, knowing it's the special effect of a Life and Death Divine Weapon worn by Ji Fei, able to invoke Life and Death Qi to heal the host and keep them alive.

But does it help?

Mu Jinyu sneered, forming a Fist Seal, and a Sage Phantom appeared behind him, standing proudly in the world, majestic and solemn, also forming a Fist Seal.

This was Mu Jinyu's construct of the Human Emperor Seal, inspired by the Earth Emperor Phantom he'd seen.

"Bang! Bang! Bang!!"

Mu Jinyu, forming the Human Emperor Seal, forcefully and fiercely punched Ji Fei's chest and abdomen repeatedly, breaking his ribs and smashing his five viscera and six bowels into pulp, only to be constantly restored by the effects of his Life and Death Divine Weapon, leaving Ji Fei in torment, wishing for death!

At this moment, the pain Ji Fei felt was far more intense than the hundreds and thousands of times he'd bullied Chu Huannian, Chu Huaxiu, and Ji Xiaoyun previously.

"Ah!"

"Bang!!"

Finally, under Mu Jinyu's bombardment, the somewhat special Life and Death Divine Weapon on Ji Fei's body couldn't bear the burden any longer and shattered.

This meant Ji Fei's constantly healing injuries lost their support, with Mu Jinyu's strike instantly shattering his organs and belly, penetrating straight through.

"Swish, swish, swish..."

Blood poured out continuously at once, with various colorful intestines revealed outside, making the scene extremely brutal!

"Wow!"

Ji Fei's complexion was utterly bleak, as Mu Jinyu's punch shattering his head left him like a Bronze Man cultivating the Golden Bell Cover, having his fatal point broken, and with no more strength to fight back.

"Such a pity, Ji Fei is going to die!"

"Another genius is rising in Dongyue Mansion."

"That's not necessarily true!"

"Yes, don't forget, the path he takes ends here."

On the Life and Death Platform, while Mu Jinyu continuously beat Ji Fei, the intermediate students below shook their heads quietly, all believing there was no saving Ji Fei.

Some believed Mu Jinyu would rise dynamically after this battle, becoming one of the strongest Heaven's Pride in Dongyue Mansion.

But more didn't think this possible, as Mu Jinyu's path is different from theirs, confirmed as an unfinishable Humanities Path.

All cultivation techniques left by the sages mostly reach Void Breaking Realm, with few Heaven's Pride using them to further reach Perfection, breaking barriers into Life and Death Realm.

But after that, there's really no continuation!

How will Mu Jinyu continue?

Create a path himself?

If that were indeed possible, why would the former Human Race sages eventually abandon this path?

Hence, they didn't see Mu Jinyu's potential, feeling that although he's monstrous now, he wouldn't remotely compare with them in the future!

"Bang, bang, bang!!"

On the Life and Death Platform, Mu Jinyu punched Ji Fei, now defenseless, shattering his body into pieces, extremely miserable.

If he wanted to kill Ji Fei, he could have long done so.

But he didn't, intending instead to ruthlessly torment him, letting him savor what he once inflicted on Chu Huannian and the others!

"Ha!!"

Eventually, Mu Jinyu grew tired of hitting Ji Fei and didn't want to waste more time on him, yelled angrily, and punched towards Ji Fei's head!

"Stop!"

A suddenly enraged voice came from afar.

Next, Mu Jinyu felt his body heavy, somewhat difficult to exert strength!

Someone dared to interfere with the Life and Death Platform's battle?

Mu Jinyu was shocked, mostly enraged!

After all, the rules of the Life and Death Platform were set by Dongyue Mansion, neither persons nor instructors could break them.

Now someone interferes, too daring indeed!

"Ha!"

At this moment, the female instructor atop their heads felt this pressing aura, her expression turned grim.

With a loud roar, suddenly, the pressure binding Mu Jinyu dissipated completely.

"Humph!"

"Who dares interfere in a Life and Death decisive battle!"

The female instructor shouted with no courtesy, eyes gleaming and filled with fighting spirit!

Mu Jinyu, fearing prolonged delay, originally intended to kill Ji Fei, showed no mercy and fiercely punched away, with the Human Emperor Phantom barely visible, punching together with him.

With a bang, Ji Fei's head exploded completely!

The joy and expectation just lifted on his face was frozen entirely on it.

Chapter 1755 1755: The Demon Academy's Dean! Deliberate Trouble! I Am Pureblooded Human Race!

"Boom!"

Ji Fei's head was blown apart by Mu Jinyu's punch, blood bursting in a stunningly tragic scene.

"You?!"

From afar, the direction from which a powerful aura was pressing came a voice of angry shouting.

"Whizz!"

Afterward, a black streak cut through the sky, rolling like wolf smoke.

When the black demonic flame dispersed, a middle-aged man was revealed, wearing a crown and dressed in Dongyue Mansion's teacher uniform, looking somewhat agitatedly at the female teacher.

He was clearly also a teacher.

And judging by his attire, not just an ordinary teacher, but a director of an academy!

Indeed, he was the director of the Demon Path academy, named Zhao Donglai; Ji Fei was technically his student, one he particularly valued.

"Xuu Lin, why did you block me?!"

Zhao Donglai appeared, directly raging as he questioned Xuu Lin.

Xuu Lin, the female teacher responsible for the life-and-death battle between Mu Jinyu and Ji Fei, hadn't expected that the one trying to prevent Mu Jinyu from killing Ji Fei was Zhao Donglai.

Seeing him, her aura stalled.

But she still replied calmly, "Director Zhao, since you are aware of the rule that once a battle on the Life and Death Platform begins, one must separate life and death before interfering, why did you knowingly break that rule and try to intervene just now?"

"Are you disregarding the rules of Dongyue Mansion?!"

Backed by her own director, Xuu Lin was not really afraid of Zhao Donglai, but to prevent Zhao Donglai from acting out, she directly accused him.

In truth, it wasn't really an accusation, because Zhao Donglai had indeed done what she accused him of.

"Hmph, who said I disregard Dongyue Mansion's rules?"

Zhao Donglai snorted coldly and changed the subject, "Their battle itself did not comply with the rules, of course I had to intervene!"

With that, he looked down at Mu Jinyu, his gaze cold, then said to Xuu Lin, "This kid not having Strong Clan Bloodline, only Human Clan Blood, walks the cultivation path of Absolute Path. It's clear he doesn't meet the qualifications for admission to our academy, so why was he ever allowed to join?"

"Moreover, he himself is already in the Void Breaking Realm, yet deliberately concealed his cultivation, using Divinity Transformation Realm cultivation to deceive others. He engaged in various actions during the practical training in the Secret Realm, ultimately winning the first place and a reward of a hundred points!"

"These things clearly do not comply with the rules and need thorough investigation!"

"So I intervened to prevent someone not meant to be a member of Dongyue Mansion from killing one of our academy's excellent students!"

With that, Zhao Donglai glared at Xuu Lin with hatred, as if lamenting, "Because of your reckless actions, Ji Fei, such a talented student, has been sacrificed. Aren't you foolish?"

After hearing Zhao Donglai's barrage of accusations.

Xuu Lin couldn't help feeling a bit bewildered.

She felt Zhao Donglai's words were clearly nonsense, full of evasions, forcefully explaining away his rule-breaking behavior, but upon careful consideration, his words seemed to have no issues!

If that's truly the case, then Mu Jinyu clearly shouldn't have become a student at Dongyue Mansion and should be expelled, sent away from Dongyue.

In that case, letting him kill Ji Fei would indeed be a loss for Dongyue Mansion.

Mu Jinyu at this moment said, "Director, since you said you should have intervened, then if during my battle with Ji Fei just now, I was at a disadvantage, my life in danger, would you have stepped in to stop the fight? Preventing someone not meant to be at Dongyue Mansion from dying at the hands of a Dongyue Mansion student, violating the rules?"

"Of course!" Zhao Donglai's face was thick, saying this without a hint of embarrassment.

Mu Jinyu said, "In that case, I have nothing to say, imagining that once I'm expelled, leaving Dongyue Mansion, Director Zhao wouldn't target me, right?"

Hearing Mu Jinyu's words, Zhao Donglai's expression froze; this kid crafted his statement to trap him!

However, considering his stature, he couldn't possibly allow Mu Jinyu to leave Dongyue Mansion lightly.

Seeing Mu Jinyu turning to leave, Zhao Donglai commanded sternly, "Stop!"

"Hm? What now?"

Mu Jinyu halted his steps, looked back at Zhao Donglai with confusion, as if perplexed by his call to stop him.

Zhao Donglai said coldly, "The matter isn't over; you need to cooperate with the investigation, to see if you are indeed a traitor sent by enemies into Dongyue Mansion!"

He was confident that during the investigation, Mu Jinyu would incriminate himself, then he could solve the problem!

Upon hearing Zhao Donglai's words, before Mu Jinyu could speak, Xuu Lin couldn't help herself, "Director Zhao, what do you mean? The person is ready to drop out on his own, why bother making it difficult for him?"

Zhao Donglai replied icily, "Didn't I make it clear? He must cooperate with the investigation; I must know if he's an enemy traitor sent into Dongyue Mansion. Otherwise, why would he start strong in cultivation, only to break Humanity Path later on? Why hide his cultivation when joining the academy? I can't let Ji Fei sacrifice in vain, die unclear and unreasoned!"

His words were truly righteous!

Mu Jinyu originally did not wish to argue much with this man.

After all, upon joining Dongyue Mansion, he encountered the Goatee teacher, Teacher Chen, and the black-faced teacher, the long-bearded teacher he met at the ruins—all were good people.

This left Mu Jinyu with a good impression of Dongyue Mansion, understanding that the appearance of a few wrongdoers within an academy was normal, not wanting his perception of the entire Dongyue Mansion to be diminished due to one Zhao Donglai.

Yet now, seeing Zhao Donglai endlessly entangle him, Mu Jinyu also became angry.

Mu Jinyu asked in a deep voice, "If you must say so, let me ask you a few questions!"

Without waiting for Zhao Donglai to respond, Mu Jinyu directly questioned, "Does Dongyue Mansion have a rule that forbids admitting students whose cultivation exceeds Void Breaking Realm?"

He knew they wouldn't believe he ascended from Divinity Transformation Realm to the First Layer of Void Breaking Realm in such a short time, and thus was negligently unwilling to explain further, simply assuming he originally was in Void Breaking Realm, merely concealing his cultivation.

"No!"

Zhao Donglai didn't respond, but Xuu Lin did, directly saying.

Someone like Mu Jinyu, clearly a young man under thirty years old, with cultivation at Void Breaking Realm, joining Dongyue Mansion was an incredible prospect. No way Dongyue Mansion would refuse him for that reason!

Mu Jinyu continued asking, "And does Dongyue Mansion have a rule prohibiting those following the Humanity Path from joining the academy?"

"No, not again!"

Xuu Lin shook her head.

Dongyue Mansion certainly didn't have such a rule, considering they admitted students of various Foreign Race Bloodlines.

However, generally, those who tread this path do so because their Strong Clan Bloodline isn't sufficiently potent. Even if they wish to join Dongyue Mansion, they often fail the initial test at the entrance—the bloodline test.

"True, no rule exists, but those taking this path evidently lack sufficient Strong Clan Bloodline, compelled to take this route, failing to pass the bloodline test. So then, what method did you use to pass the test?!"

Zhao Donglai finally spoke, directly interrogating.

Mu Jinyu replied calmly, "Because I'm a pureblooded human, with not a trace of Foreign Race Bloodline within me, therefore, upon cultivating the Humanity Path, my Bloodline Power is sufficient to rival the Ten Great Strong Races and naturally pass the bloodline test!"

Chapter 1756 1756: Making a Scene! The Mansion Master Appears! Truly a Pureblooded Human!

Upon hearing Mu Jinyu's words, Zhao Donglai immediately shook his head and said:

"Impossible, how could there still be a pureblooded Human Race in this world? Even if there were, pureblooded humans would be weaker and couldn't possibly pass the bloodline detection! You're lying!"

Mu Jinyu looked at Zhao Donglai with eyes of pity and disdain, shaking his head and sighing: "Do you despise the blood flowing in your veins so much? A person like you is unworthy of being a mentor! Do you still consider yourself part of the Human Race? You might as well join the Devil Clan and be a devil's lackey!"

"You?!"

Hearing Mu Jinyu's reprimand, Zhao Donglai felt a mix of shame and anger rising within him.

No junior had ever dared to scold him like this.

Furious to the brink of losing control, he was ready to attack Mu Jinyu immediately!

"Stop!"

As Xuu Lin heard Mu Jinyu's words, she thought in dismay how dare Mu Jinyu be so audacious, and upon seeing Zhao Donglai about to go berserk and attack, she hurried to intervene.

Mu Jinyu saw Zhao Donglai's furious attempt to attack, yet remained unfazed and shouted: "Look, he's desperate, you can see he's desperate, and you still say you're not a Devil Clan traitor?"

"A dog like you, do you even deserve to reprimand me, doubting the pure Human Race blood of this fine young man? Do you?!"

Mu Jinyu righteously scolded.

"You?! You..."

Zhao Donglai was nearly driven to madness by Mu Jinyu's words.

All the students witnessing this scene at the martial arts arena were stunned.

Nobody expected the situation to escalate so quickly.

Just a moment ago, Mu Jinyu was overwhelming Ji Fei, and with Zhao Donglai's appearance, they thought Mu Jinyu was doomed.

Nobody anticipated Mu Jinyu would completely disregard Zhao Donglai, directly counterattacking Zhao Donglai's malicious suppression, and turning the accusation around, calling Zhao Donglai a Devil Clan traitor and lackey!

It was infuriating!

They never thought Mu Jinyu could be so audacious!

In contrast, the principal of the Demon Academy seemed lacking!

No! It wasn't just lacking, it was utterly lacking!

"What is this chaos?! Is this appropriate?!"

As Xuu Lin was desperately stopping Zhao Donglai, who was longing to kill Mu Jinyu, a cold, stern voice suddenly rang out.

Like a thunderclap on a clear day!

The sound was so overwhelming it felt like it could cause a concussion, making every ear in the arena buzz.

Zhao Donglai's face instantly turned pale, too scared to act rashly.

Xuu Lin also turned pale, but she sighed in great relief.

Because the one who had spoken was Wei Qiankun, the Mansion Master of Dongyue Mansion!

Mu Jinyu also felt a jolt throughout his body, sensing a formidable enemy approaching.

Faced with Zhao Donglai, whose cultivation was at the Life and Death Realm, Mu Jinyu felt no fear because he was confident he could handle it with the Firewood Chopping Saber Technique.

Even if the Firewood Chopping Saber Technique failed, he could still find an opportunity to trap him with the Earth Emperor's Tome.

But the Mansion Master of Dongyue Mansion, Mu Jinyu felt an overwhelming and intimidating pressure.

Far stronger than Zhao Donglai of the Life and Death Realm.

Similar to Qingli, who had recently broken through to the Creation Realm from the Life and Death Realm.

Even stronger than Qingli by far.

Mu Jinyu guessed that the Mansion Master's cultivation must be between the late stage and the peak of the Creation Realm, with a small chance of being beyond the Creation Realm to the Chrono Light Realm.

Although it's rare for anyone in the Human Race to reach the Chrono Light Realm due to the influence of foreign bloodlines, it's not entirely impossible.

The Mansion Master of Dongyue Mansion, with just a single sentence, left a profound and formidable impression on Mu Jinyu!

"Swish!!"

As Mu Jinyu felt slightly tense, the void shuddered briefly before a handsome young man dressed in azure robes and a feather crown appeared above the martial arts arena.

He was none other than Wei Qiankun, the Mansion Master of Dongyue Mansion.

"Mansion Master!"

"Mansion Master..."

Seeing Wei Qiankun's arrival, everyone present paid their respects and greeted him with reverence.

Mu Jinyu did not perform any grand gestures like the others, merely nodding slightly as a greeting.

Wei Qiankun found Mu Jinyu quite interesting, noting his individuality and looked at him a few more times.

"Mansion Master, here's what happened..."

Zhao Donglai, after showing his respect, glared at Mu Jinyu begrudgingly and recounted the conflict's origin to Wei Qiankun.

He did not embellish the details or omit anything to favor himself.

He dared not engage in petty manipulation in front of Wei Qiankun.

Nevertheless, he expressed his suspicions, firmly believing he wasn't wrong.

Mu Jinyu did not fit, and they should not let someone like him harm the academy's students.

After Zhao Donglai's report, Wei Qiankun nodded slightly, not saying much, his expression unchanged as he looked at Mu Jinyu and said: "You claim to be a pureblood Human Race? Your strong bloodline concentration enabled you to pass the entry bloodline test?"

"Mm!"

Mu Jinyu nodded without arrogance or fear.

"Would you mind if I examine this?" Wei Qiankun inquired with a gentle tone.

Mu Jinyu hesitated briefly, then nodded and said: "Okay."

Hearing Wei Qiankun converse with Mu Jinyu like this, Zhao Donglai's heart skipped a beat, sensing something amiss.

"Buzz!"

Wei Qiankun, rather than physically examining Mu Jinyu's body and bloodline, took out a crystal orb-like bloodline detector.

"Go!"

The bloodline detection crystal floated to Mu Jinyu's front.

Seeing this, Mu Jinyu gently pressed his hand against the crystal orb.

"Boom!!"

As Mu Jinyu's palm touched the crystal orb, a faint Human Race bloodline imprint within it shone brightly, emitting a powerful glow.

Afterward, this crimson glow enveloped the entire martial arts arena, coloring it blood red.

"Blood-Colored Mirroring Rivers and Mountains!"

Witnessing this change, Wei Qiankun's eyes lit up, nodding slightly: "Indeed, it is a pureblood Human Race, with a special bloodline, possessing phenomena! A rare talent!"

Even among pureblood humans, not everyone's aptitude is the same, just as some possess the Fire Spirit Root, while others have the Ice Spirit Root, inherently attuned to these elements.

Among pureblood humans, there are naturally differences in aptitude and special bloodlines and constitutions.

The manifestation of Mu Jinyu's bloodline is a distinct special bloodline.

If he were born in the ancient era most ideal for Human Race cultivation, with his unique bloodline, as long as he didn't die, becoming a Human Emperor might not be guaranteed, but becoming a Human King had potential.

Unfortunately, he was born in this desolate ancient era, where the environment is no longer conducive for Human Race cultivation.

The world's Human Race mainly relies on foreign bloodlines to barely cultivate.

It's no wonder he ultimately chose this path centered on humanity.

"Mm, this special bloodline is indeed extraordinary, comparable to the Divine King Body of the Divine Race, the Demon God Body of the Devil Clan, and the Monster God Body of the Demon Race, surpassing even the bloodlines of the Ten Great Strong Races, no wonder it passed the bloodline detection!"

Wei Qiankun evaluated.

Zhao Donglai's face couldn't help but change at these words.

Wei Qiankun continued: "Alright, since your bloodline's uniqueness has been verified, though we're uncertain of your future potential, our Dongyue Mansion will not revoke your student status; you remain our student!"

Zhao Donglai, seeing this, stiffened and said: "Mansion Master, but he clearly has Void Breaking Realm cultivation, yet hid his cultivation during the academy entry assessment, there's definitely something wrong, please don't be careless!"

Wei Qiankun cast a cold look at Zhao Donglai and said dismissively: "He didn't hide his cultivation, the Dao Rhyme flowing around him tells me that his Fanxu Realm Cultivation, Unity Realm Stage Cultivation, and Void Breaking Realm Cultivation were all breakthroughs made within this month!"

"Boom!!"

This statement!

The entire arena shook!

No one expected Mu Jinyu to be so miraculous, soaring from Divine Transformation Realm Cultivation to the Void Breaking Realm in just one month!

This is simply monstrous!

There was no doubt about the truth of Wei Qiankun's words.

The Mansion Master would not speak carelessly on such matters!

Chapter 1757 1757: Mu Jinyu's Explanation! Nothing More to Say! Come with Me!

"How... is this possible?!"

Although everyone believed that the Mansion Master wouldn't joke about this matter, advancing from the Mid Stage of Divine Realm to the first layer of Void Breaking Realm within a month was simply too far-fetched.

This made them somewhat disbelieving.

The crowd looked at Mu Jinyu with eyes filled with suspicion and uncertainty.

Wei Qiankun smiled and said to Mu Jinyu, "Would you mind explaining how you managed to ascend through so many realms in a single month?"

Though he could see Mu Jinyu's cultivation realm had surged within this month's time.

But he was also genuinely curious, how Mu Jinyu had accomplished it.

After all, Mu Jinyu was taking an extraordinary, very difficult path - the Humanity Path, where breakthroughs in cultivation were already extremely challenging.

And yet in a month, he ascended from the Divine Transformation Realm to the Void Breaking Realm.

This was as unimaginable as people from the Foreign Bloodline Cultivation Path advancing their realm from the Divine Transformation Realm to the Chrono Light Realm within a month.

Even Mu Jinyu was surprised that the Mansion Master could see his cultivation progression, because initially, nobody believed that he could advance his cultivation realm from Divine Transformation to Void Breaking within a month, so when questioned by Zhao Donglai, he directly admitted to concealing his true cultivation.

Now that the Mansion Master had spoken up, Mu Jinyu didn't mind explaining.

"Phew..."

With a gentle breath, Mu Jinyu slowly said, "It's like this: I used to follow the Foreign Bloodline Path, but I had very little foreign bloodline within me, so I relied on various means to enhance my foreign blood, and then started cultivating, eventually reaching the Void Breaking Realm!"

"But once I reached this stage, I found it extremely difficult to further elevate my cultivation. So, given that my Human Clan Bloodline was the most prevalent and my foreign bloodline was insignificant, and both paths were equally difficult, why not take the Humanity Path?"

"Thus, after making up my mind, I self-severed my cultivation and bloodline, reduced myself to an ordinary mortal, and started cultivating the Humanity Path Sutra. I barely stepped into the Divine Transformation Realm, but without subsequent techniques, I was stuck at the Divine Transformation Realm without any advancement."

"This is why my combat capability demonstrates a level to battle against the Unity Realm."

"Later, without further techniques, I attended the entry assessment for Dongyue Mansion and eventually joined Dongyue Mansion, where I learned a more complete version of the Humanity Path Sutra which helped me improve my cultivation!"

"Then, during the past month, while outside, I collected some materials to aid cultivation, allowing my realm to formally recover to the Void Breaking Realm!"

After finishing, Mu Jinyu looked at Wei Qiankun, not speaking further.

What he said contained both truths and lies, with many questionable aspects, such as how Dongyue Mansion's Humanity Path Sutra was also incomplete; how could he break through to the Void Breaking Realm just by learning the new sutra and gathering materials?

However, he gambled that Wei Qiankun, the Mansion Master, hadn't studied the Humanity Path Sutra from Dongyue Mansion's Scripture Pavilion.

Now, if someone goes to check the Humanity Path Sutra afterward, he could use the excuse that it was complete at the time, and it became incomplete and obscure after he finished reading it.

Moreover, even if Wei Qiankun knew the situation about the Humanity Path Sutra in Dongyue Mansion's Scripture Pavilion, Mu Jinyu had a hunch Wei Qiankun would help him cover it up.

So he decided to take a chance.

In any case, things had reached this point, there was no choice but to gamble.

"So that's how it is, he already had the Void Breaking Realm cultivation, no wonder he ascended to the Void Breaking Realm so swiftly!"

"Indeed, it's not like he cultivated his way up; he merely restored his cultivation."

"Is the Humanity Path Sutra so impressive? Suddenly, I'm somewhat tempted to self-sever my cultivation and try cultivating that technique..."

"Don't! The Humanity Path Sutra isn't that easily cultivated; it's dangerous and challenging. Most importantly, it's not something ordinary people can cultivate. Can't you see he possesses the phenomenon 'Blood-Colored Mirroring Rivers and Mountains'?"

"Exactly, he's of the Divine Body, King's Body within the Human Clan physique, comparable to the Ten Great Strong Races. You can't measure him as an ordinary person. We surely can't cultivate at his speed!"

"Right, one shouldn't attempt lightly; after all, he mentioned he originally had sparse foreign bloodline, which was purified by various means, so self-severing the bloodline had little effect! While our bloodline concentration at least covers half of our body, self-severing cultivation would be truly severe!"

"Moreover, one mustn't try casually; if we self-sever the cultivation and bloodline and can't cultivate the Humanity Path Sutra, then we have no way back, can't return to the Foreign Bloodline Path..."

Upon hearing Mu Jinyu's explanation, everyone present understood why Mu Jinyu was able to attain the Void Breaking Realm so quickly.

Later, some people began to stir, seeing Mu Jinyu's rapid cultivation and formidable combat power, some entertained thoughts of cultivating the Humanity Path Sutra.

But soon, under the sensible persuasion of some calmer individuals, everyone realized such attempts could lead to a dead-end, complete ruin.

Self-severing cultivation and bloodline always required immense courage!

"Indeed, in that case, it makes sense that given your talent, taking the Humanity Path is better than the Foreign Bloodline Path..."

After listening to Mu Jinyu's explanation, Wei Qiankun nodded slightly, showing no doubt, then turned to Zhao Donglai, whose expression was unpleasant, and asked, "Director Zhao, do you still have any questions?"

"No more."

Although Zhao Donglai still felt Mu Jinyu's words were filled with inconsistencies, he wasn't foolish; he could tell Wei Qiankun was intent on protecting Mu Jinyu, so naturally, he wouldn't go against the Mansion Master.

He could only bow his head.

"In that case, this matter is settled then!"

Wei Qiankun directly announced.

After speaking, he looked at Mu Jinyu and said, "Follow me for a bit, alright?"

"Alright."

Mu Jinyu felt a bit nervous, unsure of what the Mansion Master wanted with him.

But he could tell the Mansion Master's intent to safeguard him, pondering that if Wei Qiankun truly wanted to harm him, inside Dongyue Mansion's Secret Realm, he likely couldn't escape either. So eventually, he nodded in agreement.

Later, Mu Jinyu gestured with his eyes toward Chu Huannian and Ji Xiaoyun, then stepped forward to follow the Mansion Master from the Martial Arts Arena.

In the crowd, Chen Qinglian and Lan Yi, among others, had complex feelings.

Chen Qinglian felt rather fortunate about her fairly decent relationship with Mu Jinyu.

While Lan Yi harbored endless regret.

If she had known Mu Jinyu was so strong before, she wouldn't have chosen to separate from Mu Jinyu.

Nor would she have allowed her subordinates to spread rumors about Mu Jinyu possessing the Heavenly Mysterious Ice Spirit Marrow.

She wasn't sure whether Mu Jinyu would hold her accountable for these matters...

Lan Yi's heart harbored genuine fear!

Chapter 1758 1758: A Reminder! A Certain Secret Realm! It's a Must!

Mu Jinyu followed Wei Qiankun out of the Martial Arts Arena and soon arrived at a Baiyu Pavilion on a mountain peak, resembling an Immortal Palace.

This should be Wei Qiankun's residence.

"Recently, it's rumored among the major noble clans that a Heaven's Pride from the War Clan led companions to forcibly borrow the 'Humanity Path Sutra.' Is the protagonist you?"

After bringing Mu Jinyu here, Wei Qiankun gestured for Mu Jinyu to sit down at a white jade table, brewed a pot of tea for him, and casually asked with a smile.

Although such incidents among the major noble clans are not something they are willing to disclose, to avoid becoming a laughingstock.

But as the Mansion Master of Dongyue Mansion, how could Wei Qiankun not know about these things?

Initially, he thought it was just two War Clan people wanting to peruse the 'Humanity Path Sutra' and 'Armament Martial Scripture' for reference.

But from Mu Jinyu's earlier recounting, he learned that Mu Jinyu had cut off his cultivation and bloodline for the 'Humanity Path Sutra' and came to Dongyue Mansion. He also knew the state of the 'Humanity Path Sutra' in his own Scripture Pavilion, and instantly linked it to the events that happened among the noble clans this month.

He surmised that Mu Jinyu somehow used some method to get that War Clan Heaven's Pride to borrow the 'Humanity Path Sutra' from the Human Race's noble clans for him.

Thus allowing him to restore his cultivation to the Void Breaking Realm within this month!

Mu Jinyu, who sat down and was about to take a sip of tea, was shocked upon hearing Wei Qiankun's words.

But he quickly calmed down and replied calmly, "Yes, that's how it is..."

He didn't expect Wei Qiankun to truly understand the situation of the Scripture Pavilion in Dongyue Mansion and know that the 'Humanity Path Sutra' in Dongyue Mansion was incomplete.

However, it wasn't a big issue, as Wei Qiankun indeed seemed to have the intention of safeguarding him, so he wasn't afraid.

"You don't need to be nervous. I mean you no harm. I quite admire you; it takes a lot of courage to walk the Humanity Path Cultivation Path! At least, I wouldn't dare..."

Seeing Mu Jinyu a bit tense, Wei Qiankun waved his hand and smiled.

"Well, Mansion Master, what do you want to say? Are you asking why that War Clan person helped me?"

Mu Jinyu calmed down and speculated on why Wei Qiankun brought him over.

The seemingly complete 'Humanity Path Sutra' would appear to be of little significance to him, and with Wei Qiankun's status, he should also be able to see the complete version of the 'Humanity Path Sutra.'

Then, the reason Wei Qiankun brought him over was likely for his Qingli?

Is he trying to probe about Qingli's situation, why she'd help him?

Or does he want him to contact Qingli to make some transaction?

Mu Jinyu speculated uncertainly.

Eventually, he directly asked.

Hearing Mu Jinyu's words, Wei Qiankun chuckled a few times and waved his hand, "No, I'm not interested in your secrets; I don't want to know why you're involved with the War Clan or why the War Clan is helping you so much..."

"I just want to remind you, since I can guess your cultivation technique is borrowed from those noble clans, those noble clans should also know, after all, they are quite familiar with the situation at Dongyue Mansion."

"And when the Secret Realm opens in a few days, our Dongyue Mansion will select suitable students to enter, and those noble clans will also send suitable descendants inside. You must be cautious when encountering them in the Secret Realm..."

After hearing Wei Qiankun's words, Mu Jinyu was left confused again.

That's all, nothing else?

Mu Jinyu couldn't help but ask, "That's it?"

"That's it!" Wei Qiankun sipped his tea and smiled, "Were you expecting me to have other business with you?"

"No." Mu Jinyu shook his head, then inquired, "What kind of Secret Realm is it, and why would our academy's people meet those from the noble clans?"

Wei Qiankun explained, "It's likely a Secret Realm formed from the domains left by several human sages after their death, where only the Human Race can enter. The treasures inside aren't that many; the most important thing is the numerous fragments of Space Law and Life and Death Law inside. It can provide greater understanding for those trapped at this level for years; they might successfully break through to the Life and Death Realm inside!"

"Of course, there are also dangers!"

Saying so, Wei Qiankun glanced at Mu Jinyu, "With your current talent, although you might not be able to progress beyond the Humanity Path without subsequent cultivation techniques, I have high hopes for you, so I will get you a spot!"

"This..."

Hearing Wei Qiankun's words, Mu Jinyu couldn't help but be moved.

From Wei Qiankun's few words, Mu Jinyu understood the importance of this Secret Realm.

Even though it only contains fragments of the Space Law and Life and Death Law, just look at how Qingli was stuck at the Peak of the Life and Death Realm, struggling to enter the Creation Realm, and finally, it was with the Life and Death Law Fragments in the Yinming Life and Death Fruit that she broke through to the Creation Realm.

One can see how precious these Law fragments are.

If it were not only accessible to the Human Race, Mu Jinyu estimated that the Human Race would not have kept this Secret Realm safe for long.

Therefore, the opening of this Secret Realm and allowing the noble clans' princes and princesses to enter is only natural.

And the opportunity to enter this Secret Realm is indeed very precious and not easily granted.

The fact that Wei Qiankun decided to get him such an opportunity was quite unexpected for Mu Jinyu.

After all, although he currently appeared formidable, with the 'Blood-Colored Mirroring Rivers and Mountains' phenomena and breaking through to the First Layer of the Void Breaking Realm within just a month using the 'Humanity Path Sutra.'

It seemed that a monster had been born.

But others are not foolish, they all know the 'Humanity Path Sutra' only cultivates up to the Life and Death Realm, after which there's no path to follow.

So he would have to carve out his own path afterward.

However, the likelihood of him making his own path is very low.

He might be stuck in the Life and Death Realm for life.

So, he doesn't have much potential.

There is no need to specifically cultivate him.

Mu Jinyu had already prepared to walk his own path in the future, but didn't expect there'd still be someone optimistic about him, willing to cultivate him.

"Surprised?"

Seeing Mu Jinyu's surprise, Wei Qiankun smiled, "I am very optimistic about you. I think your potential might not be limited to the Void Breaking Realm or the Life and Death Realm. Since that's the case, what's a mere spot in the Secret Realm; it's nothing more, I'll just consider it an investment."

"And if my investment succeeds, and in the future you shine upon the Canglan Realm, giving our Human Race its own Cultivation Path and turning Dongyue Mansion into the strongest academy, I'll be eternally remembered. Why wouldn't I do it?"

Wei Qiankun optimistically smiled.

"Alright then..."

After listening to Wei Qiankun's explanation, Mu Jinyu gave a rueful smile and said, "Thank you, Mansion Master, for your generosity. I'll do my best not to disappoint you..."

"Not just do your best, but you will certainly not disappoint." Wei Qiankun smiled.

"Uh..."

Mu Jinyu was momentarily dazed, then firmly nodded, "Yes, Jinyu will certainly not disappoint Mansion Master!"

After that, Mu Jinyu finished the pot of tea with Wei Qiankun and then left the mountain peak.

Seeing off Mu Jinyu, Wei Qiankun stood alone at the mountain peak, overlooking the Secret Realm of Dongyue Mansion, feeling a kind of loneliness from being too high up.

Standing like a statue for a long time, Wei Qiankun softly sighed and murmured, "The Human Race has suffered for too many years. Years ago it was understood that the Path of Foreign Bloodlines wasn't suitable for our Cultivation Path, but there were hardly any pureblooded humans left, it's too late to regret, and we can only continue cultivating like this, barely surviving..."

"Now, finally, a deviation has emerged. I hope he... can break such a pattern!"

Chapter 1759 1759: Tiangan Secret Realm!? Intermediate Student! Allocation of Residence!

Mu Jinyu left the peak where the Mansion Master resided and headed towards the Beginner Student dormitory area where he lived.

Along the way, he naturally encountered many students.

Their gazes were somewhat peculiar as they looked at him, filled with envy, longing, and some fear.

At that time, the news that he killed Ji Fei on the Life and Death Platform and that the Mansion Master supported him against Zhao Donglai had already spread throughout Dongyue Mansion.

Additionally, the fact that he elevated his cultivation from the Divinity Transformation Realm to the Void Breaking Realm in just a month was regarded as a myth by many, feeling too incredible.

Mu Jinyu didn't concern himself with these people's thoughts and soon returned to the vicinity of his residence.

"Knock knock!"

Mu Jinyu arrived at the door of Chu Huannian's room and knocked on the door.

"Creak."

The door quickly opened, revealing the excited and joyful face of Ji Xiaoyun.

"Brother Jinyu, you're back?"

"Mm."

Mu Jinyu nodded, reaching out to touch Ji Xiaoyun's head.

He looked into the room.

Chu Huaxiu was already awake, her face no longer pale, much more rosy.

Chu Huannian was taking care of her.

"You're back?"

Chu Huannian turned to look at Mu Jinyu, with a touch of concern in his eyes, and asked, "What did the Mansion Master want with you?"

"Nothing much, just to encourage me to keep working hard. In a few days, there will be some Secret Realm where it's said there will be many Space Law fragments and Life and Death Law fragments, and he will help me secure a spot."

Mu Jinyu did not hide it and said directly.

"Tiangan Secret Realm?"

Upon hearing Mu Jinyu's response, Chu Huannian's eyes narrowed, and he said in a deep voice.

"Oh? Have you heard about it?" Mu Jinyu asked.

Chu Huannian nodded, "Mm, you've been away from Dongyue Mansion this month, and I've been cultivating here, naturally learning a lot."

"This Tiangan Secret Realm is indeed remarkable. It's usually contested by Advanced Students and a few Intermediate Students. With your cultivation and strength, to secure a spot, you'll still need to compete, but the problem is..."

Saying this, Chu Huannian furrowed his brows slightly in confusion, "But the problem is, 'Humanity Path Sutra' mostly stops at about the First Layer of the Life-and-Death Realm. In the eyes of Dongyue Mansion's senior members, you should be considered lacking in potential, so why would the Mansion Master secure a spot for you?"

Mu Jinyu shook his head, "I'm not sure either. He said he's optimistic about me and hopes I can forge a path, so he can earn eternal fame."

"That can't be the only reason..."

Chu Huannian shook his head with a sigh, "Forget it, it's actually a good thing for you anyway."

"Mm, so I'm also preparing to participate," Mu Jinyu nodded.

Afterward, Mu Jinyu moved to the bedside, placing a hand on Chu Huaxiu's wrist to transfer some Blood Essence, nurturing her body.

"Knock knock!"

At that moment, there came another knock on the door.

Ji Xiaoyun felt some fear and did not dare to open the door.

Earlier, she was the first to rush over to open the door when Mu Jinyu knocked, guessing it was Mu Jinyu.

But now, everyone they knew was in the room, so could the person knocking be a bad person?

"Little Yun, go open the door, don't be afraid," Mu Jinyu said.

"Okay."

Ji Xiaoyun suppressed her fear, reaching out to open the door.

The visitor was a female instructor, wearing a mentor's robe, with quite an attractive appearance and figure.

Ji Xiaoyun recognized her as Teacher Xuu Lin, who had stepped in to stop Zhao Donglai when he tried to act as an assassin against Mu Jinyu.

Seeing that it was Xuu Lin, Ji Xiaoyun felt less afraid and greeted, "Hello, teacher."

"Mm, hello."

Xuu Lin reached out and touched Ji Xiaoyun's head, then looked into the room, seeing Mu Jinyu treating Chu Huaxiu, with her eyebrows furrowed slightly, saying, "Is this girl the one wounded by Ji Fei? What a scumbag..."

Mu Jinyu turned back towards Xuu Lin, revealing a kind smile.

Upon arriving at Dongyue Mansion, he met many instructors who were quite nice; it's just that Zhao Donglai had a bit of a problem.

Though he did think that Zhao Donglai was influenced by the Demon Path, with some personality changes, which was somewhat understandable.

But understanding aside, Mu Jinyu wouldn't seek Zhao Donglai, hoping for a chance to return the disrespect Zhao Donglai showed him someday.

He believed Zhao Donglai was likely also secretly waiting for this chance!

However, for Xuu Lin, he naturally didn't have this idea.

"Teacher Xuu, it's not just her who was injured, they were all hurt by Ji Fei..." Mu Jinyu explained.

"They were all..."

Xuu Lin didn't understand why Mu Jinyu and Ji Fei ended up on the Life and Death Platform, having vaguely heard some situations. She initially thought only one person was bullied by Ji Fei, but unexpectedly, all three girls in the room were bullied by him?

Recalling the timid and panicked look of the little girl when answering the door, Xuu Lin felt an ache in her heart, realizing Ji Fei truly was a beast.

"This beast..."

Xuu Lin cursed, face filled with anger.

Was Ji Fei not already dead at that point...

She probably would have wanted to teach him a lesson.

Mu Jinyu asked calmly, "The matter has ended, Teacher Xuu, there's no need to be angry. By the way, is there something you need?"

"Oh, it's like this..."

Upon hearing him, Xuu Lin reacted and explained her purpose, "Since Ji Fei is dead, although you fought to the death on the Life and Death Platform, it's similar to challenging Intermediate Students. So now you are considered an Intermediate Student and can leave this Beginner Students' shared dormitory."

"I'm now an Intermediate Student?" Mu Jinyu was a bit surprised upon hearing this.

He remembered that to become an Intermediate Student, there should be tasks and assessments required for promotion, right?

When has it ever been a rule that defeating an Intermediate Student automatically promotes one to Intermediate Student?

However, upon thinking, he guessed that the Mansion Master arranged it this way to get him a spot in the Tiangan Secret Realm.

It would make things easier afterward.

Otherwise, a Beginner Student trying to get a spot in the Secret Realm, likely wouldn't be approved by the deans and Vice Manor Master with power.

"Alright, I understand, so... since I'm an Intermediate Student, can I have a maid allocation?"

Mu Jinyu realized and inquired of Xuu Lin.

He recalled that Teacher Chen had told him before, to bring Chu Huaxiu and Ji Xiaoyun into Dongyue Mansion as maids, required a higher student rank.

Now that he's an Intermediate Student, he should be able to, right?

"Oh? Yes, Intermediate Students have an allocation of three maids, Advanced Students have nine,"

Xuu Lin smiled.

"That's good then," Mu Jinyu seemed relieved to hear this.

He was worried that Intermediate Students might not have a maid allocation or have only one.

If that were the case, Ji Xiaoyun and Chu Huaxiu would have to stay under Teacher Chen.

And what's more, he doesn't know Teacher Chen's condition currently. If he was sacrificed in the Earth Emperor Relic, his mountain range might be reclaimed by Dongyue Mansion, meaning his maid would inevitably be evicted, causing much trouble.

Now, having three allocations relieves him of this worry.

"Mm, as for your living quarters, currently, it's arranged for Ji Fei's independent courtyard. Do you have any opinions or thoughts?"

Xuu Lin explained and inquired further.

"Ji Fei's courtyard?"

Listening to Xuu Lin, Mu Jinyu's heart stirred; wasn't this even better, perhaps he'd find many things left in his room to check after moving in!

Chapter 1760: Benefits and Limitations of Intermediate Students

"Alright, then let's choose Ji Fei's independent courtyard."

Mu Jinyu quickly made the decision.

Firstly, when he killed Ji Fei, he didn't find his Qiankun Ring.

He thought, maybe Ji Fei had already anticipated dying at his hands during the final battle, so he didn't bring the Qiankun Ring, possibly hiding it in his house.

Secondly, almost all the independent courtyards for intermediate students in Dongyue Mansion were previously occupied, essentially second-hand houses.

In that case, why should he disdain staying in Ji Fei's house?

After killing the person, taking over his house feels quite satisfying!

"Alright, come with me, I'll take you to Ji Fei's previous independent courtyard."

Xuu Lin saw Mu Jinyu was interested in Ji Fei's house, said nothing, nodded, and then signaled him to follow her.

"Okay, Instructor Xuu."

Mu Jinyu got up, said a word to Ji Xiaoyun and Chu Huannian, and then followed Xuu Lin out of the small wooden house.

Following Xuu Lin out of the shabby dormitory area for beginner students, they quickly arrived at a nicely constructed courtyard area.

Each courtyard generally occupied several acres, with rockeries, fish ponds, pavilions, and towers, far superior to the broken wooden dormitories of beginner students.

"This is Ji Fei's courtyard; from now on, it will be yours..."

Xuu Lin brought Mu Jinyu to a courtyard with the sign "Number 96" and said to Mu Jinyu.

'Number 96.'

Mu Jinyu looked at this house number, wondering if it related to strength, or was it just an ordinary house number?

"Instructor Xuu, is this house number based on the strength ranking of intermediate students?"

Mu Jinyu finally asked directly.

Xuu Lin glanced at him, nodded with a smile: "Yes, there are around five to six hundred intermediate students in Dongyue Mansion, and Ji Fei originally ranked at 96, which was pretty impressive."

"I see." Mu Jinyu nodded slightly, then asked, "So, are there any rewards for higher student rankings?"

"Yes," Xuu Lin replied. "The first-ranked intermediate student receives a monthly reward of one thousand credits, the second-ranked eight hundred credits, and the third-ranked six hundred credits. Ranks fourth to tenth get five hundred credits."

"Ranks eleven to fifty receive three hundred credits, ranks fifty-one to one hundred get a hundred credits, but the students after that receive nothing."

"A reward of one hundred credits, that's quite generous!"

Upon hearing Xuu Lin's explanation, Mu Jinyu's eyes lit up with delight.

He had joined Dongyue Mansion, expending much effort during the induction training to earn first place, which only rewarded him one hundred credits.

Yet, after becoming an intermediate student, just ranking between fifty-one and one hundred yields a monthly reward of one hundred credits.

If ranked first, it's even better, with a thousand credits every month.

How many Life and Death Divine Weapons could he buy with that?

Xuu Lin saw Mu Jinyu's slightly surprised expression, knowing what he was thinking, and recognizing he didn't fully understand the rules of Dongyue Mansion, thus reminded him: "Of course, there's no such thing as a free lunch. After becoming an intermediate student, living here, you will need to pay fifty credits each month as accommodation fees."

"Hmm?"

Upon hearing this, Mu Jinyu tilted his head toward Xuu Lin and said, "So, it's only a fifty-credit reward?"

His tone was slightly sullen, feeling that the reward Xuu Lin mentioned sounded better than it actually was.

Xuu Lin smiled gently and said, "That's for those among the top one hundred who receive at least a hundred-credit reward, it can be offset by giving fifty credits. Whereas for those ranked beyond one hundred, there's no credit reward!"

"Therefore, becoming an intermediate student is quite challenging, requiring constant tasks each month to earn credits to offset the accommodation fees!"

"Then it seems better not to become one," Mu Jinyu considered the normal intermediate students' situation, feeling they were working extremely hard to earn credits just to live here, was it not quite a loss?

It might be better to remain as a beginner student obediently.

Xuu Lin laughed: "It's not as bad as you think. Being an intermediate student has many benefits, like being allowed to recruit three maids..."

"Hmm." Mu Jinyu nodded slightly; aiming for this benefit, he must become an intermediate student, even though losing fifty credits each month left him sullen, he had no choice.

After all, to him, it was like coming for free.

Xuu Lin continued: "Besides, intermediate students don't need to attend lectures at the classroom like beginner students; instead, they can directly spend credits to have instructors teach them at their residence, to solve their doubts!"

"Of course, although this requires spending more credits than attending lectures at the classroom, the one-on-one guidance is clearly worth it, and many beginner students desire this privilege but can only attend lectures."

"Additionally, intermediate students gain access to training rooms, allowing entry into various training rooms within Dongyue Mansion by spending credits."

"There are Origin Qi Training Rooms suitable for your Foreign Race Bloodline cultivation, rooms for Sword Dao and Way of the Sword training, containing various Sword Intent, and other training rooms containing weak Law fragments; all these are accessible as long as you have enough credits."

After speaking, Xuu Lin looked at Mu Jinyu with a smile and asked, "Now, do you still think being an intermediate student is worse than being a beginner? Is spending fifty credits on accommodation a loss?"

"Not at all!"

Mu Jinyu shook his head.

Although the Origin Qi Training Room suitable for Foreign Race Bloodline cultivation was not useful to him, the other training and cultivation rooms were quite beneficial to him.

And Dongyue Mansion's policy of charging fifty credits monthly as accommodation fees likely aimed to motivate these intermediate students to earn more credits, instead of just earning some credits sufficient for their cultivation.

If they become complacent, they will soon be expelled from the intermediate student ranks, losing these privileges.

"By the way, instructor, if credits are insufficient for a period, and I can't pay fifty credits that month, will I be immediately expelled from the intermediate student ranks?"

Mu Jinyu asked.

Xuu Lin shook his head: "It's not that serious; as long as the double credits are made up next month, meaning one hundred credits, and if double credits aren't paid the following month, the third month will require another doubling over the outstanding credits. After three months without settling the credit

debt, the intermediate student qualification will be canceled; upon clearing the debt and passing further assessments and evaluations, there will be a chance to become an intermediate student again."

"Hmm, that seems reasonable."

Mu Jinyu nodded slightly.

He was truly concerned about if he had to leave for a while and didn't have time to return to Dongyue Mansion within a month, and his account had just enough credits, wouldn't he be disqualified?

Luckily, with a three-month deadline, he doesn't have to worry too much!

And if there's a legitimate reason he can't return to Dongyue Mansion for three months, he won't care whether his intermediate student qualification is revoked.
