

King Hall 661

Chapter 661: Soul Shaping Pill!

Mu Jinyu looked at the sword array diagram Nameless handed over, his eyes filled with confusion.

After receiving a call from Mu Hongchen, and learning that San Liu and Nameless were in trouble, he had hurriedly rushed to the location Mu Hongchen had pinpointed.

He had not learned from Mu Hongchen why they were being pursued.

Now, seeing Nameless and the others like this, could it be that this flag-like object had attracted Fallen Splendor's pursuit?

But what was it? Was it worth Fallen Splendor going to such lengths?

Seeing Mu Jinyu's confusion, Nameless also remembered that when she sought help from the Dragon King Hall earlier, due to the urgency, she hadn't managed to speak about the sword array diagram and had hastily left.

At the time, she had thought that if she mentioned the power of the sword array diagram, Mu Jinyu would most likely be drawn to come rescue them, but as she hadn't been able to convey the information about the sword array diagram, she didn't know if Mu Jinyu would come, and she did not have much confidence.

With that in mind, Nameless felt even more grateful for Mu Jinyu's arrival to help.

Mu Jinyu came to their rescue not for his own benefit, but purely for their sake. Naturally, this sentiment was far more precious than if he had come for the sword array diagram.

Without hesitation, Nameless shared all she knew about the sword array diagram with Mu Jinyu.

Without holding anything back!

"Nine Heavens Mysterious Kill Sword Formation? It can easily slaughter those in the God Realm? As long as there are enough spirit stones, it can kill as many as needed?"

After listening to Nameless's explanation, Mu Jinyu's eyes suddenly shone brightly, sparkling with excitement.

His heart pounded, thoroughly moved!

His Mountain Protection Array still lacked a core for the defensive formation and the Great Killing Formation. Mu Hongchen had been doing everything in his power to find one, but with the revival of Spiritual Energy and various exotic treasures emerging, they still hadn't found a suitable item.

He had not expected that Nameless and San Liu would be so fortunate to find such a treasure in some ruins, one that was completely adequate to act as the core link of his Mountain Protection Array's killing formation!

And because of its characteristics, as long as there was sufficient Spiritual Power, it could be deployed continuously, wasn't it perfectly suited to be the killing formation?

Given the current rich concentration of Spiritual Energy at Yinlong Mountain, there was no need for the Spirit Gathering Array in the sword array diagram, a one-month activation was enough!

They could completely manage a daily activation!

If the broken Dragon Vein were to be repaired and connected, and then let the Mountain Protection Array intersect with the Yinlong Mountain Dragon Vein, it was estimated that a daily activation wouldn't be necessary, perhaps they could activate the killing formation every minute.

It would be truly like slaying gods when encountering gods, slaying Buddhas when encountering Buddhas!

"You obtained this, and you just give it to me like this? Isn't that a bit inappropriate?"

Although Mu Jinyu was very moved, he also felt that it was somewhat inappropriate to directly take the sword array diagram they had obtained at the risk of their lives.

Nameless shook her head and said, "There's nothing inappropriate about it. If it weren't for the Dragon Master coming to save us, not to mention that the sword array diagram would have been taken by people from Fallen Splendor, we would have died long ago."

"So, this sword array diagram isn't really something we're giving you—it's something you seized from Fallen Splendor yourself."

Nameless offered a way of thinking that Mu Jinyu could accept more easily.

"This..."

Mu Jinyu indeed felt much better about it, and considering he really needed the sword array diagram, he decided not to put on airs and accepted it.

"Alright, since that's the case, I'll accept it. However, I won't leave you shortchanged. Come back with me to the Dragon King Hall later, and I'll give you some Elixirs that will be enough for you to step into the God Realm!"

Mu Jinyu made a compensatory offer.

Of course, he knew that compared to providing Elixirs that could advance someone to the God Realm level, it surely wasn't enough to compensate for the sword array diagram, but he would continue to provide them with more Elixirs in the future, which didn't need to be promised verbally.

San Liu and Nameless, upon hearing Mu Jinyu's words and initially wanting to decline, saying they didn't need it, were suddenly moved as well.

They were also eager to step into the God Realm, they'd had enough of the humiliation they faced that day!

Nameless, after feeling a stir, had her bright eyes suddenly dimmed, and then shook her head, "Dragon Master, please give my share of the elixirs to San Liu..."

"Ah? Why?"

Before Mu Jinyu could speak, San Liu asked, puzzled.

Nameless's expression wasn't quite right as she shook her head, "Haven't I told you before? After performing that secret technique, I can only be stuck at the Peak Energy Transformation for life, with no possibility of further increasing my strength!"

Having seized Nameless's body and acquired Nameless's invisibility ability, it naturally came at a price.

That price was Nameless's strength which would perpetually remain at the Peak Energy Transformation level, without any progress.

This was also why, during this time, San Liu was only a step away from the God Realm, while she remained stuck at the Peak Energy Transformation, without the slightest improvement.

"What secret technique?" Mu Jinyu was not aware of Nameless's affairs before the soul seizing, and asked out of curiosity.

Nameless had nothing to hide from Mu Jinyu, so she revealed her secret to her.

"Soul seizing? There's actually such a secret technique?"

Mu Jinyu was greatly surprised upon hearing Nameless's story, and then nodded, "No wonder, when I was treating you earlier, I always felt a kind of stagnation in your body, as if your soul was not perfectly integrated with the body. I initially thought it was because your soul had been scared away and then called back, but not properly fixed. Turned out it was because of soul seizing..."

"Yes... So, Dragon Master, please give my share of the elixirs to San Liu..." Nameless said with a sullen expression.

Mu Jinyu shook her head, "There's no need for that, I have a way to solve this problem for you, to make your soul fit with Nameless's body, enabling you to continue cultivating. Of course, it won't be perfect, so you won't be able to show the cultivation aptitude of Nameless."

"Ah? Really?!"

Nameless was momentarily stunned upon hearing Mu Jinyu's words, her despondent expression quickly turning to surprise and delight as she asked.

"Yes, I have no need to lie to you, we'll talk more when we get back," Mu Jinyu said with a smile.

"Okay, okay, okay..." Nameless nodded repeatedly, showing an unprecedented happiness.

San Liu was also very pleased. Luckily, Nameless had decided to give the sword array diagram to Mu Jinyu; otherwise, she might have never found a solution for the aftermath of soul seizing.

Afterward, Mu Jinyu led them towards Jiangnan Province.

Several hours later.

They had returned to Yinlong Mountain.

From afar, San Liu and Nameless could see the mist-shrouded Yinlong Mountain, radiating danger.

But when Mu Jinyu led them through the Illusion Array and they landed in that secluded valley, they were shocked by the spiritual energy concentration that was over ten times more than the outside world!

This was indeed a geomantic treasure, a Heaven Cave Blessed Land!

No wonder Mu Jinyu left the headquarters of Capital City's Dragon King Hall to come back to this remote forest; it was for such a place after all.

"Wait here for a moment, I'll go get the elixirs that can help you," Mu Jinyu said to them after leading them back to Yinlong Mountain. She took the sword array diagram and went back to her own room and didn't come out for a long time.

Mu Jinyu was concocting pills in her room, creating an elixir that could help Nameless break free from her shackles!

The Soul Shaping Pill!

An elixir that could reshape the soul and increase soul power!

If Nameless took it, it would be able to slightly modify her soul, making it a bit more compatible with the seized body, so that she would be able to increase her strength a bit!

Chapter 662: The Slaughter Array is Formed!

While Mu Jinyu was refining elixirs inside the house.

Su Zijin and Gu Xiyun also heard the commotion and came out of the house.

When they saw San Liu and Nameless, they couldn't help but slightly change their expressions.

Regarding these two assassins who had once waited for the opportunity to assassinate them, their impressions were deep, and the thought of it still gave them a sense of lingering fear.

"You... why are you here?"

Although Wen Rou was now a Divine Realm Warrior, her temperament hadn't changed much. Seeing San Liu and Nameless, a feeling of fear involuntarily rose in her heart.

Mei Yinxue and Gu Xiyan narrowed their eyes slightly, looking at them with an unfriendly gaze.

Not long ago, they were still stuck at the Half-Step Divine Realm, but with Mu Jinyu's successful alchemy, they had now stepped into the Divine Realm, and thus they were not afraid of these two people at all.

Of course, they were also clear about the relationship between San Liu, Nameless, and Mu Jinyu. Before the dark turmoil began, as Slaughter Redemption came under Mu Jinyu's control, they were somewhat considered to be subordinates of the Dragon King Hall.

But after the dark turmoil, they disappeared early on and could be considered to have betrayed Mu Jinyu. Now that they had come looking for them, it was unclear what the situation was, and they were hesitant to take action without justification!

"Ladies, do not be nervous..."

San Liu, seeing that Mei Yinxue and the others looked ready to attack and feeling the power of their Divine Realm, was both shocked and amazed, thus he quickly started explaining.

Fearing that if he spoke too late, they would beat him into a dead dog on the ground!

San Liu's tone was a mixture of panic and sycophancy as he said, "The Dragon King left before to save me and Nameless. We have now decided to fully pledge our loyalty to the Dragon King. We wouldn't dare cause trouble..."

"Mm," Nameless also spoke up, informing Su Zijin and the others that they could verify with Mu Hongchen.

"Is that so?"

After hearing their words, Gu Xiyan was skeptical but decided not to suppress them just yet, as they had no reason to fear them. She took out her mobile phone and called Mu Hongchen.

"Hello, Aunt Mu, it's like this..."

Once the call connected, Gu Xiyan asked in a polite tone.

After getting confirmation from Mu Hongchen's mouth, Gu Xiyan exchanged a few more words with her and then hung up the phone.

"So what's the situation with Jinyu? Why did she go back to her room and not come out as soon as she returned?"

Gu Xiyan, barely believing their words, still asked with curiosity.

She now had quite a psychological shadow regarding Mu Jinyu's rescues; every time he went to save someone, he would exhaust himself to death.

She feared that this time, Mu Jinyu had gotten himself seriously injured while saving these two, which was why he immediately hid inside a room upon return, avoiding seeing anyone.

San Liu explained, "When the Dragon King returned to his room, he said he was going to prepare something for Nameless to resolve her post possession sequelae. I'm not very clear on what he is doing, but I can assure you, the Dragon King returned completely unharmed this time."

The last sentence was emphatic and forceful!

"Post possession sequelae? What's that?" Gu Xiyan asked.

San Liu didn't dare hide anything from them and honestly explained Nameless's condition.

"Such a thing happened?"

Hearing San Liu's words, Gu Xiyan and the others looked towards Nameless with eyes full of shock and doubt, their depths revealing a touch of fear.

As for such successful cases of soul seizing, how could they not fear it?

Nameless could see their worry and explained, "You don't have to fear me. The secret technique of soul seizing can only be used once in a lifetime, that is, once per soul seizing. I've already used it, so I could not possibly seize any of you again."

"Sigh... I see..."

Wen Rou and the others felt much more at ease upon hearing Nameless's explanation.

Who wouldn't feel uneasy knowing there's an unsteady person by their side who might snatch their body at any moment?

And although they weren't sure whether Nameless's words were true, they felt they should be, as such heaven-offending and life-destroying soul seizing methods, if continuously deployed, would be too unreasonable.

During their conversation.

"Creak."

Mu Jinyu's door opened, and he stepped out from inside.

"Alright, Nameless, take this elixir. Your condition should improve, though of course, it's impossible for your talent in cultivation to be as strong as the original owner's."

Nameless, the one whose body had been seized, had an extremely strong talent for cultivation. She had reached the peak of Energy Transformation in her twenties and also possessed the special ability of invisibility. How could she not be considered Heaven's Pride?

However, the current Nameless had not made any progress in her cultivation for five years due to the problem with body possession, and even with the help of his Soul Shaping Pill, she could at best continue to cultivate, but she could never again demonstrate the original owner's kind of talent.

"Thank you, Dragon Master..."

Nameless, upon hearing Mu Jinyu's words, didn't mind the loss of her great talent, and with much excitement, she held the elixirs that he handed over with both hands.

Then, she opened her mouth to swallow the pills and sat down cross-legged, beginning to refine the medicinal power for cultivation.

Watching Nameless's actions, Mu Jinyu withdrew his gaze and turned to San Liu, tossing several small porcelain bottles to him.

"Here, your elixir."

San Liu caught the elixir, paused momentarily, then understood this was the elixir Mu Jinyu had promised earlier, which would help them step into the Divine Realm.

Suddenly, he too was excited and, following the example, uncorked a bottle, took out an elixir, swallowed it, and then sat down cross-legged for cultivation.

Generally speaking, with Nameless already immersed in cultivation, he should not be cultivating alongside but should be protecting her, ensuring her safety.

But that's under normal circumstances. Right now, they were in Yinlong Mountain. San Liu did not believe Mu Jinyu and the others would do anything to him and Nameless. If they truly wanted to kill them, there was no need to waste elixirs.

Therefore, San Liu was very at ease as he cultivated alongside, eager to step into the Divine Realm sooner!

"Xiaorou, Xiyan, you two keep watch over them. I'm going to improve the formation," said Mu Jinyu, seeing that San Liu was also cultivating.

"Oh, alright," nodded Wen Rou obediently.

Mu Jinyu returned to his room, took out the Nine Heavens Mystical Murder Sword Formation Map, and, under the watchful eyes of Su Zijin and the others, he left the secluded valley to go to the Mountain Protection Array's heart, where many layers intertwined.

He began to integrate the Sword Formation Map into the heart of the Great Killing Formation within the Mountain Protection Array!

As time slowly passed.

Five hours later.

Mu Jinyu had finally managed to refine and integrate the Nine Heavens Mysterious Kill Sword Formation Map, which could easily slay Divine Realm Warriors, into the Great Killing Formation!

"That's finally done!"

Mu Jinyu clapped his hands, stood up from the ground, and wiped the sweat from his forehead with his wrist, feeling it was indeed no easy task!

"Let's try out the effects of this Killing Formation!"

Mu Jinyu said with a smile as he formed a sword gesture.

"Clang!!"

The clangor was deafening.

Immediately afterward, countless cold and sharp swords surged from the nine Dragon Veins surrounding Yinlong Mountain, like a myriad of swords returning to their source, densely covering the sky.

The scene was spectacular!

"Swift!"

Mu Jinyu manipulated the spell with his left hand, throwing a terrifying bolt of Purple Lightning that could wipe out an early-stage Divine Realm Warrior into the sky, and then with his right hand, he manipulated the sword shadows, directing them to collide against the Purple Lightning!

He wanted to see if the Nine Heavens Mysterious Kill Sword Formation was as effective as San Liu and others had claimed, capable of easily slaying those in the Divine Realm!

Chapter 663: Above the God Realm!

"Boom!!"

The purple thunder imbued with the life-destroying force clashed mightily with the Nine Heavens Mysterious Kill Sword Formation, resonating with a sound that shook heaven and earth.

Just as expected.

The purple thunder did not confront the Nine Heavens Mysterious Kill Sword Formation as an equal.

The moment they collided, the sword shadows completely obliterated the purple thunder!

Mu Jinyu stared at this scene, momentarily stunned, then gradually, a smile spread across his face.

"Hehehe... Hahaha..."

At first, he merely chuckled, but his laughter grew louder and more triumphant as he continued.

In an instant, it alleviated the worries that Mu Jinyu had harbored in his heart for the past month.

"With this sword formation in place, what does it matter if Ye Wushuang shows up? Even Li Zhexiong, the top of the Divine Rankings, probably couldn't withstand this single strike of mine!"

Mu Jinyu finally felt completely at ease.

"Now, only the core treasure is missing from the defensive formation; then the Mountain Protection Array will essentially be complete. Once I finish repairing the Dragon Vein, blending the Mountain Protection Array with the geomancy of Yinlong Mountain, the formation will be as solid as gold!"

Mu Jinyu muttered to himself.

However, he didn't feel the same urgency about the defensive formation as he did with the killing formation.

"Swoosh! Swoosh! Swoosh!!"

At that moment, Gu Xiyan and Wen Rou, worried by the noise of the earlier clash between the sword and the thunder, flew over to check on the situation.

"Jinyu, what was that noise? Are you all right?"

"Little Mu, are you okay?"

Mu Jinyu turned to look at them and said apologetically, "It's nothing, I was just testing the power of the killing formation. Sorry for startling you all. Did you run into any trouble?"

"No, we weren't cultivating just now; we were protecting San Liu and the others," Wen Rou explained, knowing what Mu Jinyu was worried about.

Mu Jinyu sighed in relief and said, "That's good..."

He felt deeply apologetic about what had just happened. After refining the Nine Heavens Mysterious Kill Sword Formation and perfecting the killing formation, he didn't check if Gu Xiyan and the others were cultivating. He had just deployed the techniques to test the power of the killing formation!

If Wen Rou and the others had been in deep cultivation, startled by the noise, it could have led to severe consequences, such as them falling into demon, their souls shocked out of alignment—an immense trouble!

Just as he breathed a sigh of relief, Mu Jinyu's scalp tingled as he remembered something else and quickly asked, "If you all are fine, how about San Liu and Nameless?"

"Wushuang and I are also fine!"

Wen Rou was about to explain when a hearty voice followed.

Mu Jinyu glanced over and saw San Liu flying up clumsily from below.

"Congratulations!" Mu Jinyu said with a sigh of relief and congratulated San Liu.

Since San Liu said this, it was clear that Nameless had not been cultivating just then, and they had gotten rid of the aftereffects of soul seizing.

Nameless not being disturbed by the earth-shattering noise earlier eased Mu Jinyu's worries significantly, otherwise, not only would Nameless have lost all previous efforts, but his life might also have been at risk because of the Soul Shaping Pill!

And from the way San Liu was flying awkwardly, it was clear that he had just broken through to the Divine Realm and was still getting accustomed to the nuances of the Divine Realm.

This was also why he couldn't keep up with Wen Rou and the others!

Once San Liu landed and steadied himself on the mountaintop, he looked at Mu Jinyu skeptically and asked, "Dragon Master, was that noise really from the sword formation diagram we gave you?"

He found it incredible; though he and Nameless had activated the Nine Heavens Mysterious Kill Sword Formation before and had escaped being killed in Fallen Splendor because of it,

the power when they activated the sword formation diagram had never been as earth-shattering as what Mu Jinyu had just demonstrated!

Could it be that the offensive power of this sword array diagram depends on the cultivator's level of cultivation? Does an Energy Transformation Warrior somewhat lack the power, while a Divine Realm Warrior possesses even greater strength?

Mu Jinyu saw San Liu's confusion and answered with a smile, "It was indeed the noise from your sword array diagram, but it's not quite what you think. The main reason is that I integrated it into the Great Killing Formation within my Mountain Protection Array, which is why it could exert such an effect."

"I see," San Liu said, enlightened, nodding his head.

He had heard of the Mountain Protection Array but hadn't expected that integrating the sword array diagram into it would enable it to exhibit such terrifying power, even capable of slaying Divine Realm warriors.

Thinking this, San Liu couldn't help asking, "Then, Dragon Master, initially my sword array diagram could slaughter Divine Realm warriors. Now that you have incorporated it into the Great Killing Formation, is it possible to slaughter even higher realm warriors?"

"A higher realm?" Mu Jinyu pondered and then shook his head, saying, "I'm not sure if there are realms above the Divine Realm, but there might be. However, I don't think this Killing Formation can pose a threat to those beyond the Divine Realm..."

Pausing for a moment, he continued, "Originally, you and Nameless activated the sword array diagram and could slaughter Divine Realm warriors. I guess the Divine Realm warriors you killed were at the early stage. As for the mid to later stages of the Divine Realm, I'm not sure if this sword array diagram still has that clear and decisive power, but I think the possibility is quite small!"

"After I made it the core of the Great Killing Formation, its power has obviously increased significantly. I can only guarantee that it will easily slaughter mid to advanced stage Divine Realm warriors. As for the peak Divine Realm warriors, I am not confident about defeating them unless they stand still!"

Mu Jinyu's tone did not reveal any reckless arrogance.

Because the longer he cultivated in the Divine Realm, the clearer he understood the potential of the Divine Realm!

At this moment, he had successfully entered the mid-stage of the Divine Realm.

And his strength, compared to when he first entered the Divine Realm and the early stage, was many times stronger.

This gap was like an ordinary person, without any martial arts knowledge, facing a Grandmaster at the peak of Energy Transformation!

He could easily kill Divine Realm warriors at the early stage!

Thus, the later stage of the Divine Realm would obviously be much more dominant and extraordinary than the mid-stage!

Mu Jinyu was confident that the current Mountain Protection Array could easily slay mid-stage Divine Realm warriors, and for the later stages, having not encountered them, felt he had a seventy percent chance of defeating them!

But regarding the peak of the Divine Realm...

Truthfully, Mu Jinyu wasn't very confident; he felt a bit unsure!

And Mu Jinyu's previous full confidence also included the assumption that Ye Wushuang and Li Zhexiong were at most in the mid or later stages of the Divine Realm, and certainly not at the peak of the Divine Realm or the even higher realms that he had never encountered!

If Ye Wushuang really belonged to a higher realm than the Divine Realm, then if he attacked them, breaching the mountain gate with just a few strikes, Mu Jinyu would have no choice but to admit defeat!

"Is that so?"

Upon hearing Mu Jinyu's words, San Liu didn't think as much as Mu Jinyu and merely nodded slightly, already quite satisfied with the power of the sword array diagram.

"Let's go back," Mu Jinyu said, shaking his head slightly, telling everyone to stop thinking about realms beyond the Divine Realm.

"Yes."

Gentle and Gu Xiyan responded softly, then flew down the mountain with him toward the Secluded Valley!

Returning to the Secluded Valley, Mu Jinyu immediately saw Nameless, who was standing by the lake, adapting to the changes in his body.

"How is it, does your body feel easier to use than before?" Mu Jinyu asked with a smile.

Nameless, having seized the body of the former Nameless, naturally felt some awkwardness; it wasn't as streamlined as his original body!

It was like doing needlework with gloves on, ultimately not as handy.

And the Soul Shaping Pill that Mu Jinyu had refined for him, although it couldn't make him experience his body the same as before, it did make the gloves thinner, thus providing a better experience!

If Nameless were to encounter further fortuitous circumstances, he might be able to completely remove these gloves and truly occupy Nameless's body!

"Yes, I feel much more comfortable, kind of like taking off a mask to breathe,"

Nameless turned around upon hearing Mu Jinyu's words and replied with a smile.

After conversing with her for a few moments, Mu Jinyu suddenly asked, "By the way, would you mind sharing the secret technique of soul seizing, and the fortuitous encounter that allowed you, an ordinary person, to advance to the peak of Energy Transformation?"

Chapter 664 Digging above Tai Sui's Head!

Nameless was slightly stunned when he heard Mu Jinyu's words, then he smiled and said, "Sure, there's nothing presumptuous about that."

"Thank you," Mu Jinyu expressed his thanks.

Nameless then brought over some paper and pen, wrote down the Soul Snatching Secret Technique and the details of the Land of Creation, and handed them to Mu Jinyu. He hesitated for a moment, then

cautioned, "However, Dragon Master, unless it's absolutely necessary, you should refrain from using this Soul Snatching Secret Technique."

"Yes, I understand," he replied.

Mu Jinyu nodded and said, "I'm just keeping it as a backup. If I ever find myself in a situation where it's a choice between death and soul snatching, I guess I would choose soul snatching."

"Hmm," Nameless saw that Mu Jinyu was certain and did not persuade him further.

Mu Jinyu then took the paper and started studying the Soul Snatching Secret Technique.

The technique was quite obscure, and Mu Jinyu found it somewhat difficult to understand.

It was inevitable; after all, it involved entrusting one's soul in another's body and taking over that body. It wasn't something one could just learn casually.

Nameless must have pondered long over how to use this Soul Snatching Secret Technique when he first acquired it.

Now, since someone who understood the specific methods of using the Soul Snatching Secret Technique was present, Mu Jinyu naturally saw no need to figure it out all by himself and directly sought guidance from Nameless.

Nameless, grateful for Mu Jinyu's rescue, was naturally willing to teach everything he knew without hesitation.

Thus, it only took half an hour for Mu Jinyu to understand how to apply the Soul Snatching Secret Technique.

After learning it, Mu Jinyu turned to Gu Xiyan and the others and said, "Would you like to learn it too?"

"No, no..."

Wen Rou and Gu Xiyan, upon hearing Mu Jinyu's words, turned pale and shook their heads repeatedly, showing their reluctance.

It was quite normal; which girl would want to learn such an evil technique to take over someone else's body?

Mu Jinyu said, "Give it a try. I'm not asking you to commit soul snatching, just giving you an additional way to save your lives. Who knows, it might come in handy later?"

He sighed, "Rather than seeing you die accidentally, I'd prefer you to survive in a different body, even if it's a monster."

"You probably think the same, don't you?" Mu Jinyu looked up at Wen Rou and the others.

Hearing Mu Jinyu's persuasion left Wen Rou and the girls stunned on the spot. After their expressions changed a few times, they finally gritted their teeth and said, "Fine, we'll learn."

They now understood that the Soul Snatching Secret Technique, in the hands of someone with ulterior motives, was indeed very evil, but if used to save lives by taking over an enemy's body, while not exactly noble, it was still an opportunity to save their own lives.

Seeing that they were willing to learn, Mu Jinyu smiled in relief.

Standing on the side, San Liu chimed in, "I want to learn it too."

So, Nameless started teaching the Soul Snatching Secret Technique to them.

Some of them grasped it quickly, while others were a bit slower; therefore, Nameless spent more than three hours before they all mastered the technique.

During this time, Nameless was nearly frustrated to death!

"Dragon Master, if there's nothing else, it's getting late, so we will take our leave," Nameless said, feeling a bit tired after drinking a cup of tea.

"Yes, go ahead. You've worked hard today," Mu Jinyu nodded, feeling a bit embarrassed.

Then, Nameless led San Liu and left the secluded valley.

Of course, they did not leave Yinlong Mountain but decided to reside on the outskirts of the mountain.

This secluded valley is indeed the core region of Yinlong Mountain, occupied only by Mu Jinyu, his mother, and his wives. Naturally, it was impossible for Nameless and San Liu to also live there.

Almost a month had passed since Mu Jinyu had instructed Mu Hongchen to build the new headquarters of Dragon King Hall at the outskirts of Yinlong Mountain, which was now almost completed, only lacking some final decorations.

Many members of Dragon King Hall lived there, beginning to absorb the spiritual energy of Yinlong Mountain, which was far superior to that of the outside world.

Nameless and San Liu officially became subordinates of Mu Jinyu, and living at the headquarters was quite suitable for them.

He watched as the two of them left.

Mu Jinyu then took out the note that Nameless had just written to him.

It contained not only the Soul Snatching Secret Technique but also the location where Nameless had attained her fortuitous encounter.

Rong City, Maitreya Rock, a pool under the mountain.

"I wonder, with the revival of spiritual energy, whether the fortuitous discovery once made by Nameless will once again come to life?"

Mu Jinyu mused softly as he looked at the note.

The reason he had Nameless write down the location of her past fortune was that he thought, the Land of Creation that had allowed Nameless to transcend ordinary limits from a commoner to a Martial Arts Grandmaster at the Peak of Energy Transformation...

Although according to Nameless, the pool had completely dried up after her fortuitous encounter and had never recovered, this was also why she had chosen to seize Nameless's body as a way to repay San Liu, rather than letting San Liu attain the fortune himself and personally killing a Realm Master.

But perhaps, with the revival of spiritual energy, the pool might once again surge with the waters of creation?!

If that were the case, he might be able to advance to the Advanced Divine Realm even faster!

Of course, Mu Jinyu wouldn't just steal Nameless's opportunity. If the pool really did begin to gush forth water again, and while Nameless's seized body couldn't absorb it to increase her cultivation for now, he would bring San Liu along for cultivation.

Shaking his head slightly, Mu Jinyu didn't dwell on it any longer and decided to take San Liu with him to visit Min Province the next day to see the situation.

After all, it was already getting dark, and although it didn't affect him much, he also needed to cultivate with his wives.

...

A night without words.

The next day.

Mu Jinyu got up, greeted the East-coming Purple Qi of the morning sun for his morning exercise, and then called San Liu to ask if he wanted to visit the Maitreya Rock in Rong City, where Nameless had once obtained her fortune.

San Liu naturally had no objections.

Mu Jinyu told him to hurry and eat breakfast, then they would take a plane there later.

Afterward, Gu Xiyun and the others also gradually woke up. Mu Jinyu had breakfast with them, and after finishing, was just about to go find San Liu.

Then Mu Hongchen called again.

"Hello, Aunt Mu, what's up? I hope it's not another problem with someone again,"

As the call connected, Mu Jinyu spoke half-jokingly and half-helplessly.

"Not at all." Mu Hongchen's voice carried a trace of excitement and agitation, saying, "Dragon Master, it's good news. A treasure has appeared that perfectly meets your requirements to serve as the core nexus of the Defensive Formation!"

"Oh? What exactly is it?"

Upon hearing Mu Hongchen's words, Mu Jinyu instantly perked up and eagerly inquired.

Mu Hongchen answered, "It's a rock, currently named 'Tai Sui.' It's indestructible and possesses a strong counter-injury ability. The first few martial artists who discovered it were fighting over several spiritual

medicines found near 'Tai Sui.' Unintentionally, they touched 'Tai Sui' and almost half of them died instantly. At first, they thought they were ambushed, but later realized it was 'Tai Sui' that caused the mischief!"

"But when they invited a Master of Energy Transformation to try to destroy the stone, he ended up dying on the spot as well. So, thinking it was a curse for disturbing 'Tai Sui,' they named it 'Tai Sui'..."

Chapter 665: Departing for Luo City!

"Tai Sui?!"

When Mu Jinyu heard Mu Hongchen's account, his eyes twinkled with interest.

If even an Energy Transformation Warrior could severely damage himself without any harm, then this Tai Sui, just from the narrative, was already a remarkable treasure!

And once he saw Tai Sui with his own eyes, its capacity might be far beyond just this!

Thinking this, Mu Jinyu asked, "So what's the situation now, who has the Tai Sui now?"

Mu Hongchen replied, "The place where it was found is in Luo City, and the Tai Sui is still there, not taken by anyone. However, more and more people are becoming aware of it, and many have already rushed to Luo City!"

"I heard they are planning to have a contest, and whoever wins can take the Tai Sui with them!"

"Oh, when does the competition start?" Mu Jinyu curiously asked.

Mu Hongchen said, "Tonight at seven o'clock."

"That soon?" Mu Jinyu was slightly shocked, feeling it was a bit too quick!

He had just been planning to take San Liu to explore the pond by Maitreya Rock in Rong City before contending for Tai Sui, but now, he had to make a choice.

Mu Hongchen's tone carried a hint of apology as she explained, "I'm sorry, Dragon Master, this was my oversight. Actually, this Tai Sui appeared over ten days ago, but I didn't pay attention until today when it was announced that the final duel was happening... I just realized it."

Mu Jinyu reassured her, "It's alright, Aunt Mu, don't blame yourself, it's not your fault. I guess the powers in Luo City originally planned to suppress this matter and deal with Tai Sui internally, which is why we were unaware..."

"The current situation is likely due to some defeated force in Luo City leaking the information. But that's also good, as it favors us. Although we are short on time, it doesn't mean we are completely without hope."

Mu Jinyu smiled and said, "Aunt Mu, can you book me a plane ticket? I'll head over now."

"Okay," Mu Hongchen sighed in relief and agreed with a smile.

Having heard their conversation, Su Zijin, once Mu Jinyu ended the call, couldn't help but ask curiously, "If time is of the essence, why don't you fly directly instead of taking a plane?"

Mu Jinyu explained, "Since it starts at seven tonight, there's still plenty of time, it's not too urgent. Besides, since it's a contest for the Tai Sui, there's bound to be a big fight. What if Divine Rankings top ten warriors are attracted and I've used up a lot of True Yuan during the flight, unable to defeat them?"

He smiled and continued, "So, it's safer to take a plane."

"Oh, then be careful," Su Zijin nodded in realization, then couldn't help adding, "Since that's the case, should Wen Rou and Xiyun join you? They are now Divine Realm Warriors, so they should be able to help you."

"Yes, Jinyu, bring us along too. We've been stuck in Yinlong Mountain for the last half month. Although the scenery is suitable for a peaceful stay, it's quite suffocating," said Gu Xiyan, her eyes lighting up as she quickly chimed in.

Wen Rou also said, "Yes, Little Mu, take us with you. We won't hold you back, and it would be nice to see something different."

Mei Yinxue didn't speak but merely looked calmly at Mu Jinyu. Whether or not he wanted to take them, she wouldn't object.

Because, from her perspective, if the Tai Sui attracted top ten Divine Rankings warriors, then they might indeed slow Mu Jinyu down.

Hearing the women's persuasion, Mu Jinyu smiled and nodded, saying, "Alright, I'll take you with me. However, Linglong, Qiaoxia, Qingya, you three needn't come along. You haven't cultivated to the Divine Realm yet, and too many people could complicate things in case of an emergency. I might not be able to look after everyone, but just a few should be no problem."

In his heart, he didn't take the competition for Tai Sui too seriously, which was why he dared to bring Gu Xiyan and the others along.

After all, his interest in Tai Sui was mainly as a component for the Mountain Protection Array, an essential need, but others might not see it the same way.

Especially those among the top ten of the Divine Rankings, they might not even need this Tai Sui.

Of course, just in case, Xu Qingya and those who have not yet started their cultivation should not go.

If they encounter danger, without them, he would be able to withstand those among the top ten in the Divine Rankings, helping Wen Rou and others who are also in the Divine Realm to buy time to leave. However, Yu Linglong and her group are still ordinary people who would obviously hold them back.

"Yes, we understand. We will continue to cultivate with mother at Yinlong Mountain and strive to break through to the Divine Realm soon."

Xu Qingya, Lin Qiaoxia, and Yu Linglong, upon hearing Mu Jinyu's words, although somewhat disappointed, still nodded in understanding.

"Go change your clothes and get ready, we are leaving soon." Mu Jinyu comforted Xu Qingya and the others, then spoke to Gu Xiyuan and the others.

"Yes, yes."

Upon hearing this, Gu Xiyuan and the other women went back to their rooms to change.

Mu Jinyu then made a phone call, notifying San Liu that the trip to Rong City the find Nameless's Land of Creation mentioned just now would be postponed. They would go together after resolving the Tai Sui issue, or he could go ahead if necessary.

San Liu, upon receiving Mu Jinyu's message, expressed understanding and mentioned that he would wait for Mu Jinyu to go together.

Why didn't Mu Jinyu take San Liu along?

Because San Liu had just stepped into the Divine Realm yesterday. Although he had abundant combat experience, he was not yet accustomed to the capabilities of the Divine Realm and might even be less adept than Wen Rou.

Mu Jinyu hung up the phone and turned around, noting that the doors of Gu Xiyuan and Wen Rou's rooms were still closed, indicating that they were still dressing up.

As for Mei Yinxue, she had casually changed her clothes and didn't bother with makeup before coming out to wait.

Mu Jinyu thought to himself, praising silently, "Indeed, it's still the efficiency of the Jianghu 'Big Sister' of the past."

He wondered whether Gu Xiyan and Wen Rou would take another half hour to get ready.

Then, Mu Jinyu saw Jian Ruyan's room open, and she too had changed into combat attire and came out.

"Oh, Little Yanzi, are you going too?" Mu Jinyu curiously asked.

"What else?" Jian Ruyan, carrying her sword, rolled her eyes at Mu Jinyu impatiently.

"Oh, you actually don't need to go," Mu Jinyu said.

Jian Ruyan glared sideways at Mu Jinyu and questioned, "Why don't I need to go? Am I not a Divine Realm Warrior? Am I not a Sub-hall Master of Dragon King Hall, and am I not free of tasks at the moment? Then why can't I go?"

Mu Jinyu, rendered speechless, nodded and said, "Alright, alright, then you should go too."

He thought to himself that since Jian Ruyan was also going, this trip would be even more secure. With five Divine Realm Warriors going, what could possibly go wrong?

...

Luo City, Ancient Capital of the Thirteen Dynasties.

Dan Pavilion.

Conference room.

The Pavilion Master of Dan Pavilion slammed his hand on the table, his face full of rage as he shouted, "Again with this, how is our Dan Pavilion so unlucky this month? First, our Alchemy was usurped a week ago, and now the news about Tai Sui is spreading unchecked!"

"How are things at the Ancient Elder's side? Can he come back in time?"

Wang Mao said, turning his head toward the silent Elders below and asked in a deep voice to a particular Elder.

Chapter 666: Xiao Yang!

The Elder heard Wang Mao's inquiry, his heart trembled, and he lifted his head with a pale face to look at him, shaking his head, he said, "The Ancient Elder said he would return but might be a bit late, he should still be able to make it..."

"Sigh..."

Hearing the Elder's words, Wang Mao felt deflated and lay back powerlessly in the chair, his eyes listlessly staring at the ceiling light.

He was vexed and aggrieved, unable to vent the resentment bubbling inside him, feeling as though he was about to explode with frustration!

A week ago, he was full of high spirits, wanting to take advantage of the current revival of Spiritual Energy to leapfrog the competition by using Alchemy, with the aim of propelling their Dan Pavilion past the Dragon King Hall to become the supreme organization in Huaxia.

Unfortunately, the Alchemy technique that they had so much hope in was ultimately snatched away by the Dragon King Hall!

At that time, he contacted the Ancient Elder, who was at the bottom of the Divine Rankings, hoping to get his assistance in reclaiming the Alchemy technique, but unfortunately, the Ancient Elder was at that moment in search of a Rank Four Spiritual Medicine and decided to deal with Mu Jinyu later on.

This delay was already extremely annoying to him. Subsequently, when he learned that a Tai Sui had appeared in Luo City, he planned to secure it first and then use it against Mu Jinyu, so he wouldn't need to ask for help from the Ancient Elder.

Once they retrieved the Alchemy technique, they would make the Ancient Elder regret and pay respect to them!

Who would have thought, just when their Dan Pavilion was about to obtain the Tai Sui, suddenly several forces equally powerful as theirs appeared out of nowhere. After a standoff of several days, the damn news about the Tai Sui leaked out!

"Huff..."

All sorts of chaotic thoughts echoed in Wang Mao's mind; finally, he let out a long sigh, realizing that there was nothing he could do. The situation was out of control and, with the Dan Pavilion's strength alone, it was impossible to conquer the Tai Sui. Only if the Guest Elder Gu Xunchao stepped forward would there be a chance to seize the Tai Sui!

He murmured in a low voice, "We can only hope that the Ancient Elder returns soon, and may the powerhouses on the Divine Rankings not notice this Tai Sui..."

...

Six o'clock in the evening.

Luo City, Baiyun Mountain, on the summit of the Jade Emperor Peak.

At this moment, nearly four to five hundred people had gathered!

After having dinner, Mu Jinyu, accompanied by Wen Rou and a few other ladies, leisurely made her way to the top of Jade Emperor Peak. Seeing the tense and oppressive scene, she was quite surprised.

The four to five hundred people who had come to vie for the Tai Sui were at least at the level of Dark Energy in their cultivation, with the strongest being those who were sneakily hiding at the back - Divine Realm Warriors at the Early Stage!

And the majority, who were Masters of Energy Transformation Grandmasters, amounted to over three hundred people!

What terrifying numbers these were!

Although most of these Energy Transformation Warriors were just at the Early Stage of their mastery, one could imagine just how thriving the martial world was following the revival of Spiritual Energy!

You must understand, in the past, putting all of Huaxia's Masters of Energy Transformation Grandmasters together, it was questionable whether there were even a hundred, but now, just a small treasure appearing in the minor city of Luo saw the rush of more than three hundred such Grandmasters and a dozen Divine Realm powerhouses!

Mu Jinyu knew that, although there were many Energy Transformation Warriors present, it certainly wasn't the case that all of Huaxia's Energy Transformation Warriors had rushed over upon hearing the news.

There were definitely many more Energy Transformation Warriors cultivating in other cities.

So, in Huaxia today, there must be over a thousand Martial Artists at the Energy Transformation level!

"That's true. The Spiritual Energy Revival has been going on for a month now, and some people from the True Martial Hall received great opportunities at the start, creating quite a number of Energy Transformation Warriors. It's not surprising that there are so many now,"

Mu Jinyu thought to himself.

"Hey, brother, are you a tourist here to visit Baiyun Mountain? There's a big event at Jade Emperor Peak today, and there might be trouble later. You should hurry and take your friends down the mountain, it wouldn't be good if they got involved in an accident!"

As Mu Jinyu was leading Gu Xiyan and the others, getting ready to find a place to rest, a man who seemed quite sunny approached and warned him.

He glanced at Gu Xiyan and Wen Rou who were behind Mu Jinyu, his eyes showing a bit of amazement and appreciation, and then his face filled with worry.

Hearing this, Mu Jinyu took a look at the sunny young man and figured he was about twenty-five years old, with a Cultivation that had reached Great Achievement in Dark Energy.

At this age, to have stepped into the Dark Energy level would have been considered a Martial Arts prodigy before the Spiritual Energy Revival, but now, it could only be regarded as somewhat talented.

Realizing the young man's strength in Dark Energy, Mu Jinyu understood why he would say such things. How could a Martial Artist at the level of Dark Energy possibly see the abilities of a Divine Realm Warrior?

Of course, he thought the five of them had no Qi Force in their bodies, assuming they were just ordinary people coming to Baiyun Mountain for fun, not fellow Martial Artists coming to contest for the title of Tai Sui!

With this in mind, Mu Jinyu shook his head slightly, and with a smile said to the sunny young man, "It's fine, we'll just watch the excitement before we leave."

"Eh, why won't you listen to the advice?"

The sunny young man, named Xiao Yang, frowned upon hearing Mu Jinyu's words, his gaze swiftly scanning the Martial Artists around them who were eyeing Gu Xiyan and the others with different expressions. He continued to urge them:

"It's really dangerous here. How should I put it? Simply put, the Martial World people have gathered for a grand meeting here, fighting for a treasure. Once the battle starts, you ordinary people, being vulnerable, might accidentally become collateral damage!"

As he spoke, Xiao Yang lowered his voice and continued to caution, "Especially since each of your friends is so beautiful. You know how it is in the world these days. With the dark turmoil just ended, and order not fully restored yet, they are in even greater danger."

Xiao Yang couldn't possibly recognize many of the Martial Artists present, but he knew that with a large crowd, there were bound to be a few beasts among them. Seeing women as beautiful as Gu Xiyan and Wen Rou, who were just ordinary people, they would definitely not mind making a move on them.

He, out of an appreciation for beautiful things and admiration for beautiful women, truly did not wish to see Gu Xiyan and the others—should they survive the Martial Arts tournament's contest—suffer at the hands of those who would cruelly destroy beauty, causing their fragrance to fade and their beauty to perish...

This was why he came to warn Mu Jinyu, to leave before the Martial Arts tournament began.

After hearing Xiao Yang's warnings, Mu Jinyu nodded lightly, his expression serious, and said, "Mhm, I know, but I am a Divine Realm Warrior, and so are my wives. We're not afraid."

Gu Xiyan, Wen Rou, and Mei Yinxue also reservedly smiled at Xiao Yang, adding, "Mhm, you can rest assured. We are all from the Divine Realm. Whoever dares to mess with us, we'll make sure they regret it."

Meanwhile, Jian Ruyan at the back frowned, looking at Gu Xiyan and the other two, recalling what Mu Jinyu had just said, and a flare of annoyance rose in her beautiful eyes!

This guy, he's secretly flattering himself again!

If Mu Jinyu knew Jian Ruyan's thoughts, he would definitely cry foul—he was referring to the three women, Gu Xiyan, not her.

Upon hearing their words, Xiao Yang, who initially wanted to say, "Come on, you're Divine Realm Warriors?" suddenly paused, his eyes full of surprise and uncertainty as he asked, "You... are all his wives?"

"Yes," Gu Xiyan nodded frankly without her earlier coyness, "Is there anything strange about that?"

Chapter 667 - Scared the Pee Out!

"What's so surprising about that?"

Xiao Yang listened blankly to Gu Xiyan's justified words, feeling utterly perplexed about the state of the world. How could it be?!

Such several beautiful women, not fighting or arguing at all, willing to follow the same man, and even seeming to get along so harmoniously!

Xiao Yang came back to his senses, and the look in his eyes towards Mu Jinyu was filled with envy!

Mu Jinyu shrugged his shoulders, feeling somewhat helpless.

If Xiao Yang knew that Gu Xiyan and the likes were his wives and he still had three more, he wondered if Xiao Yang would spit blood from anger...

However, he was not the type to show off women, and that's why he wouldn't tell Xiao Yang about his three other wives.

"Xiao Yang, what are you dilly-dallying here for?"

At this moment, a fairly attractive woman walked over and said impatiently, "My parents are calling you over."

Approaching closer, the woman saw Gu Xiyan and the others, her expression changing slightly several times, her eyes flitting with a touch of jealousy and inferiority. Then she twisted Xiao Yang's ear and scolded:

"Good for you, Xiao Yang, trying to flirt with other women while I'm not paying attention? If you have the guts, just divorce me; don't eat our Liu family's food on one hand and disgust me on the other!"

Xiao Yang's ear was twisted in pain, and he cried out with a grimace: "No, Qingqing, I was just telling them they are ordinary tourists and advising them to hurry down the mountain..."

"Ouch ouch ouch, Qingqing, let go..."

While Xiao Yang explained to Liu Qingqing, begging her to stop, he was still dragged back to his in-laws by the ear.

"You just stay here honestly and protect my parents. If any danger arises, you better sacrifice your life to shield them and save them at all costs, got it?!"

"I got it..."

Mu Jinyu and Gu Xiyuan watched from afar as Liu Qingqing twisted Xiao Yang's ear and led him away, overhearing their conversation and exchanging glances with each other.

"That's one seriously henpecked husband."

Mu Jinyu murmured to himself.

Gu Xiyuan and Wen Rou frowned as well, finding Liu Qingqing a bit excessive. What did she mean by 'sacrifice your life'? Was her husband's life so worthless?

Mu Jinyu snapped out of it and looked at Gu Xiyuan and the others, feeling delighted inside, thinking that his wives were indeed wonderful, never saying anything about him risking his life to save his in-laws.

Damn it, wasn't his life a life too?

And the key issue was, with so many wives, deciding which father-in-law to save would be a big problem!

Mu Jinyu looked at Xiao Yang with sympathy, then averted his gaze and didn't look any further.

After all, it was someone else's family matter, and their own decision. They were mere strangers, and he had no place to stand up for Xiao Yang.

Besides, what if Xiao Yang actually enjoyed it? If he intervened, he might end up being mocked by Xiao Yang, which would be utterly repulsive.

"Hey, big sister, come over here to brother, it's very dangerous there. That sissy next to you definitely won't be able to protect you when the time comes, but brother can."

At this time, a rough voice suddenly erupted nearby.

Mu Jinyu, hearing the noise, turned his head and saw a scruffy-looking man with a beard, grinning oddly as he ogled at Gu Xiyan and the others.

Hmm?

Was that guy the one who just spoke?

And the 'sissy' he mentioned, could he be referring to himself?

The thought flashed through Mu Jinyu's mind, and he felt both annoyed and amused; this was the first time he had been called a sissy!

"Scram!"

Mei Yinxue saw the undisguised desire in the bearded man's eyes and had no intention of being polite. She coldly spat out a single word.

"Huh? Little wench, really too arrogant, do you actually think I'm someone easy to provoke?!"

The bearded man looked at Mei Yinxue as she disdainfully told him to scram, and his expression changed before he finally burst into an annoyed and embarrassed curse.

As he spoke, he reached out towards Mei Yinxue's snow-white arm, attempting to grab it!

At the same time, he said, "I am a Master of Energy Transformation, do you really think you're a warrior from the God Realm? Ridiculous!"

The bearded man's action and curse naturally caught the attention of some nearby people.

They had already noticed Gu Xiyan and her companions, who were all exceptionally beautiful, and had kept them in mind, planning to see if they should kidnap them after dealing with Tai Sui.

But they hadn't expected the bearded man to act so quickly and impatiently.

"Old Wang is really impatient this time, but then again, their beauty is indeed striking; I can barely hold myself back!"

"There are quite a few warriors from the God Realm here; we Masters of Energy Transformation may not be able to win Tai Sui, we're basically just onlookers. Maybe... we should also let loose like Old Wang?"

"..."

Mei Yinxue saw the bearded man reaching for her arm, and her pretty face turned ice-cold, brimming with a murderous intent.

Then, overhearing several similarly sleazy-looking men appraising her and Gu Xiyan, the killing intent in her eyes grew even stronger.

"Hmph!"

Without any hesitation, Mei Yinxue let out a cold snort and reached into her pocket, pulling out a dagger. She infused it with True Yuan and slashed directly toward the bearded man's arm, which was as thick as that of an orangutan!

"Slash!"

A barely audible sound rose, and the bearded man's entire arm suddenly fell from his shoulder.

Because the dagger was so sharp and the cut so swift, not a single drop of blood came out at first. It took a full three seconds before blood gushed out profusely!

The bearded man hadn't even realized that his arm was gone, and he hadn't felt the pain yet; his face turned deathly pale, beads of sweat appeared on his forehead, and he stared at Mei Yinxue in shock, his eyes filled with terror!

To be able to sever the arm of a Master of Energy Transformation so easily, this woman must be a warrior from the God Realm!

They weren't joking just now!

My God, such a young warrior from the God Realm?!

While he was internally panicking, Mei Yinxue was about to finish him off with her dagger when Mu Jinyu stopped her.

"Why won't you let me kill him?" Mei Yinxue frowned, expressing her dissatisfaction.

Mu Jinyu replied indifferently, "Let me do it. He insulted me and spoke foul words towards you; if I don't take action, what kind of man am I!"

His tone was light, yet filled with endless killing intent!

Saying this, Mu Jinyu then reached out towards the bearded man's neck!

At this moment, the bearded man came back to his senses; his heart thumping wildly, he immediately thought of running away!

But then...

He discovered that his legs wouldn't obey his commands, unable to take a step to leave Jade Emperor Peak!!

"Crack!"

As the bearded man was frantically trying to lift his legs, Mu Jinyu's hand had already reached his neck and squeezed his throat, making a breaking sound!

The bearded man didn't even know what happened and just dropped dead.

Mu Jinyu grabbed his neck and, without looking at him, tossed him off Jade Emperor Peak like a rag doll.

Afterward, he looked up at those who had spewed vulgarities and thought to act along with the bearded man when he offended Mei Yinxue, before saying to the three ladies:

"Well, these few, I'll leave them for you to handle."

Upon hearing Mu Jinyu's words, the several men, whose complexions had already changed due to the bearded man's inexplicable and tragic death, were almost scared out of their wits!

Chapter 668 - The True Dominance!

They nearly wet themselves in fear and regretted mindlessly badmouthing Mei Yinxue and her companions earlier when watching the spectacle.

As they saw Mei Yinxue and her companions turn their cold eyes towards them, they shuddered, and the first thought that came to their minds was to run away.

Such a pity.

All of them were mere beginners in the stage of Energy Transformation, and with Mu Jinyu right there, even if they had been at the peak of Energy Transformation, what of it?

The moment the thought of fleeing dawned on them, they were eager to act on it, yet their legs were as if nailed in place, completely immobilized!

"What's happening?!"

"Why can't I move?"

They wanted to cry out in alarm, only to discover they couldn't even speak.

They could only roar madly in their minds.

After hearing Mu Jinyu's words, the chill on Mei Yinxue's face dissipated, and only then did she, holding a dagger, slowly walk towards them.

"Da da da..."

The crisp and clear footsteps were not at all noticeable in the noisy, bustling square at the top of Jade Emperor Peak, but to these men's ears, it sounded as if King Yan was tolling their death knells, relentlessly ringing.

With desperation entwining their hearts, they glared with eyes wide open, staring intently at Mei Yinxue as she approached step by step, internally screaming:

"Don't come any closer!!"

Unfortunately, Mei Yinxue couldn't hear their voices.

After a dozen steps, Mei Yinxue finally reached them and then raised her arm to seize their necks, twisting their heads around in a full circle.

"Crack crack crack..."

The sound of their neck bones breaking was surprisingly crisp and pleasant.

Their eyes bulged, blood oozed from their mouths and noses, and their breaths were faint; they were not going to survive.

However, Mei Yinxue, after all, was not fond of bloodshed, and so she did not twist their heads off completely. She simply dragged them to the side of the mountain road, flicked her wrist, and threw them down from the kilometer-high sky!

"Swish!"

The ones who badmouthed before numbered three. Mei Yinxue had dealt with two and there was one left. She had intended to turn back and send him on his way later.

But Jian Ruyan simply stepped forward and ran him through with her sword straight into his heart, then dragged him over to toss outside the mountains!

Seeing this, Mu Jinyu sighed softly, "Such a pity."

"What a pity?" Gu Xiyao asked from the side, her voice unintentionally trembling.

Although she had experienced the dark turmoil and witnessed many bloody scenes, Gu Xiyao had never personally killed anyone. Watching Mei Yinxue and Jian Ruyan killing now, she still felt some discomfort.

Mu Jinyu said, "I was going to leave someone for you to kill, but unfortunately, Little Yanzi snatched the kill."

Gu Xiyao, upon hearing this, was speechless and quite exasperated.

Mu Jinyu said, "Wen Rou has already killed someone; it is only you who haven't yet. I'll give you another chance to kill when there's an opportunity."

"Ah?" Gu Xiyao had no idea that the mild Wen Rou had actually broken the killing taboo. She was startled at first but then said firmly, "Okay."

If Wen Rou dared to kill, what was there for her to be afraid of?

She understood that Mu Jinyu, who had always protected them and kept them from seeing too much bloodshed, was now gradually getting them to break the killing taboo—not to disgust them, but to let them adapt in advance to the upcoming crueler new era!

During their conversation.

The nearby Martial Artists at the Dark Energy stage and the Energy Transformation stage, upon seeing them kill four Energy Transformation Warriors in a few moves, all looked at Mu Jinyu and her companions with caution, subconsciously keeping their distance!

They all realized that, although Mu Jinyu and his four comrades might not be Divine Realm Warriors, they were definitely Peak Energy Transformation Experts and not to be trifled with.

Those four beautiful women, despite their charming appearances, were like flowers with thorns, completely untouchable.

Mu Jinyu paid no mind to the reactions of the people around him; after all, they hadn't harbored any ill intentions or disrespect towards Gu Xiyun and the others from the beginning. He would not go on a killing spree just because they glanced at his wife.

If that were the case, wouldn't he spend all day doing nothing but killing people?

The conflict here, although it made the martial artists nearby wary of Mu Jinyu, was actually insignificant to the nearly five hundred people present.

It counted as nothing more than a minor scuffle.

And not many paid them much attention.

Because since the time Mu Jinyu had brought his people over, there had already been numerous conflicts, and plenty of martial artists who had just entered the Early Energy Transformation Stage had died, becoming outrageously arrogant.

Mu Jinyu also noticed that Mei Yinxue's killings did not attract much attention from the hundred or so people present. However, his intention for having Mei Yinxue kill was not to establish dominance, so he did not pay much attention to these details either.

"Hmm? There are only a few Divine Realm warriors present, and they all seem quite weak. Should I take advantage of the fact that not everyone is here yet and snatch the Tai Sui Stone first?"

Mu Jinyu shook off the influence brought by the Bearded Man and his group. Instead, he turned his head to survey the top of Jade Emperor Peak, where the stone known as Tai Sui lay.

Before he could locate that Tai Sui Stone, suddenly, the crowd began to stir.

"Make way, make way, Immortal Master Lin is here!"

Mu Jinyu followed the commotion and saw a lean middle-aged man dressed in a Zhongshan suit, ascending the stone steps to the Jade Emperor Peak, surrounded by a host of Energy Transformation Warriors.

From the aura he emitted and the fluctuations of nature's spiritual energy he caused, it was clear that this man was a Divine Realm Warrior.

"Looks somewhat familiar?"

Mu Jinyu thought the man in the Zhongshan suit looked familiar. After thinking for a while, he finally recognized his identity.

Lin Xiao, the one at the very bottom of the Divine Rankings!

In the era of the Spiritual Energy Revival, his strength had even approached the Middle Stage of the Divine Realm, making him much stronger compared to the other Divine Realm warriors present!

The group of Energy Transformation Warriors following him, some at the initial stage of Energy Transformation, some at Early Energy Transformation Stage, and a few at Completion Stage, seemed to be his disciples. They must have gained considerable fortune following him during this period, their strength advancing by leaps and bounds.

"And he calls himself an Immortal Master, heh..."

Mu Jinyu chuckled softly and shook his head in secret.

Lin Xiao, commanding a host of Energy Transformation disciples, arrived at the Jade Emperor Peak and instructed his disciples to push through the crowd, making way for him. He said in a deep voice, "Alright, now that I am here, there's no need for everyone to fight over it anymore. Hand over the Tai Sui Stone to me."

As soon as these words fell.

The complexion of everyone present changed drastically.

The newly advanced Divine Realm warriors, aware of Lin Xiao's reputation among old Divine Realm Warriors on the Divine Rankings, were also on high alert!

Thinking to themselves that they might not be a match for Lin Xiao one-on-one, but if they joined forces, what would Lin Xiao count for?

"Master Lin, we agreed on a martial contest for the stone, yet you intend to take the Tai Sui Stone by force as soon as you arrive, isn't that a bit too overbearing?", one of the Divine Realm warriors immediately stepped out, making his way through the crowd towards Lin Xiao and spoke up.

Following this person's lead, about a dozen other newly advanced Divine Realm experts also silently stepped forward towards Lin Xiao.

Clearly, Lin Xiao was much stronger than they were. If they really followed the rules of martial contest for the stone, it was very likely that Lin Xiao would take the Tai Sui. Instead, they seized the opportunity to join forces, suppress Lin Xiao first, and then continue their contest slowly!

"Heh... is this overbearing?"

Lin Xiao heard the Divine Realm warrior's words and saw the actions of the others, scoffed with utter disdain and said arrogantly!

Once he saw that the man had come within three meters of him, without any hesitation, he threw a punch directly at him, "Then let me show you what true overbearing looks like!"

Chapter 669: Gathering of the Strongest in the Divine Rankings!

"Boom!!"

As soon as Lin Xiao's voice fell, his fist strength suddenly erupted, producing a thunderous sound like a sky-shattering roar. The surrounding nature's spiritual energy was also stirred and surged toward the direction of his seemingly ordinary punch!

"Bang!!!"

Without any warning!

The man, who was confident that he could engage Lin Xiao in a few moves and hold him off until other Divine Realm Warriors could join in and secure a victory, had his face frozen in an unexpected shock, and was directly blasted into pieces by Lin Xiao!

"What?!"

"Impossible!"

"How can he be so strong?"

The dozen or so Divine Realm powerhouses watched in dismay as the man failed to withstand even a single move from Lin Xiao and was directly pulverized, their expressions filled with shock and fear!

At that moment, some began to have thoughts of retreat.

Others, however, exchanged looks, their eyes revealing a resolute intent to kill, as retreat was no longer an option.

The former, either hesitated to make a move or prepared to leave the area.

The latter, however, roared the command, "Kill!"

Then they all attacked together, advancing toward Lin Xiao with murderous intent!

"Boom!!"

Four or five Divine Realm powerhouses attacked at once, instantly causing the winds to surge and clouds to roll over Jade Emperor Peak. The spiritual energy was drawn in, leading to a visible vortex of spiritual energy forming in the void!

"Hmph, nonsense!"

Seeing that only four or five Divine Realm Warriors were attacking him, Lin Xiao wore a contemptuous expression and arrogantly said, then turned to his disciples behind him, "You all, step back for now!"

"Yes, Master!"

Lin Xiao's disciples, their faces slightly pale and hearts trembling in fear, glanced at the Divine Realm Warriors gathering the spiritual energy to start battle with their master, and without hesitation, turned around and descended the mountain!

Because they had no way to retreat!

Once his disciples had left, Lin Xiao also began to gather his own energy, competing with his opponents for the tidal wave of spiritual energy, brewing a devastating killing move!

As they made their departure, Lin Xiao also continued to prepare his killing move, and those at the center of the battle finally realized and shouted loudly:

"Retreat fast!"

"Dodge, dodge, dodge!!"

New comers among the Energy Transformation Warriors, having witnessed the might of Divine Realm powerhouses, dared not think about muddying the waters.

After recognizing the situation, they moved swiftly to the side, not daring to linger where the two parties were clashing.

Lest they die without a place to seek justice!

However, some were faster in reacting and had earlier fled the battlefield when things looked bleak, but many were slower and still remained in the battlefield, and so...

"Sky Breaking Fist!"

"Overturning Sky Palm!!"

"Wind God Leg!"

"..."

Lin Xiao looked down disdainfully at them, executing their respective killing moves. As he moved nonstop, like performing Tai Chi Fist, his hands drew circles in the air. After a few rotations, as they made their moves, he fiercely brought his hand down in a hammer strike, like dunking a basketball!

"Boom!!"

The people who hadn't managed to flee the battlefield were directly hit by the terrifying True Essence Power erupting from both sides!

Alas, their end was utterly tragic!

"Roar!!!"

As the thunderous noise continued incessantly, the martial artists who had scattered to the sides, standing atop Jade Emperor Peak, also felt a violent tremor. Some, whose stances were unstable, even staggered and fell to the ground!

And some who were near the edge of the cliff were directly shaken off the mountain!

Even though they were Energy Transformation Warriors, falling from a thousand miles up in the sky meant there was no path to survival!

"Hiss, hiss!!"

As the cannon fodder in the battle was blasted into fragments, the fresh, relatively undamaged killing moves violently collided!

Contrary to the expectations of the few Divine Realm Warriors daring to resist, their combined killing move, when faced with the surging True Essence Power of Lin Xiao, was instantly destroyed like rotting wood, and then it ferociously attacked them!

"Terrible!"

"It's over!"

They watched helplessly as Lin Xiao's killing move easily dismantled theirs, and then, without losing momentum, it devastated them, leaving them without any power to retaliate!

"Boom!"

No miracle occurred, and they were directly blasted into bits of flesh by Lin Xiao!

"Hmph, like a mantis trying to stop a chariot, ridiculous and pitiful!"

Lin Xiao exhaled and finished his technique, glancing at the remains on the ground, and scoffed.

After speaking, he turned his head and surveyed the over a hundred Martial Artists, who were silent as cicadas in winter, and spoke in a deep voice, "Now, does anyone else have objections?"

No one made a sound.

Including the few living Divine Realm Warriors.

Seeing their peers, who were previously equals, utterly crushed before Lin Xiao, they dared not contend with him.

They silently lamented in their hearts, indeed, a powerhouse from the Divine Rankings is a true powerhouse!

Seeing this, Lin Xiao waited a few seconds and then scoffed, "I've told you before, once I arrive, everything becomes mine. There's no need to waste breath or energy fighting, but if you insist, now you've lost your lives, are you happy?"

After speaking, Lin Xiao cast a disdainful glance at the few surviving Divine Realm Warriors, shook his head, and then looked towards a moss-covered Green Stone quietly standing in the middle of the square!

'Is this the Tai Sui? It does look quite extraordinary!'

Lin Xiao, as a Divine Realm Warrior, let his Divine Sense flow out to probe the Green Stone, only to find that he couldn't see through it completely, as if it was shrouded in endless mist.

Lin Xiao's face showed a bit of interest as he started walking towards the stone named Tai Sui!

"Da da da..."

His feet stepped on the bloody, muddy tiles, seemingly indifferent to the blood stains.

"Not taking action?"

Gu Xiyan's face was very pale. After taking the Pill that Mu Jinyu gave her, she no longer felt nauseous, but she still didn't dare look at the blood-strewn battleground!

Mei Yinxue, Wen Rou, and Jian Ruyan, although they had killed people before, in that bloody carnage just now, they appeared not as frail as Gu Xiyan but were equally pale-faced and extremely uncomfortable.

Mu Jinyu, during Lin Xiao's intimidation of everyone earlier, stayed silent because she was taking care of Gu Xiyan and others.

Hearing Gu Xiyan's words, Mu Jinyu said, "It's alright, we can still watch a bit more of this drama."

"Huh? What do you mean?"

Gu Xiyan, upon hearing this, looked up at Mu Jinyu with confusion in her beautiful eyes, not understanding what Mu Jinyu meant.

Before Mu Jinyu could explain, suddenly, several voices resounded behind them.

"Hmph, Old Ghost Lin, do you really think you can cover the sky with one hand?!"

"Lin Xiao, you, a bottom dweller of the Divine Rankings, still want to end this battle for the stone prematurely? Do you really think we don't exist?"

These voices, carrying a sense of elusiveness, seemed not to be spoken at the Jade Emperor Peak, but from afar!

"Hmm?!"

Lin Xiao, hearing these voices, his face slightly changed, and he immediately stopped in his tracks, looking up towards the eastern sky.

He saw several figures leisurely stepping through the air, covering tens of meters in one step, quickly arriving at the Jade Emperor Peak!

"Is it you?!"

Lin Xiao, upon seeing these people coming, showed deep wariness in his eyes.

These people, all of them, were just like him, powerhouses from the Divine Rankings!

Of course, all were among the lower ranks.

They were old rivals who were fairly matched.

Meanwhile, the people of Dan Pavilion hiding aside, including Wang Mao, felt exhilarated upon seeing one of the figures.

"The Ancient Elder finally arrived. I thought he wouldn't make it on time."

He kept his voice low, careful not to let others hear and provoke wrath, but his tone couldn't hide his excitement!

Chapter 670: Who Wins and Who Loses?

"Gu Xunchao! Xu Changsheng! Chen Tianlong!"

Lin Xiao looked at these three old rivals who had also come, and his expression turned somewhat unsightly as he uttered their names!

"Hmph, Old Ghost Lin, do you really think you're the only one interested in the Tai Sui capable of threatening the Divine Realm?"

Clad in green robes, the Confucian-dressed Xu Changsheng said with a faint smile.

Very robust, with muscles as defined as a fitness coach's, Chen Tianlong sighed helplessly, "I guess apart from those in the top ten of the Divine Rankings who are not very interested in this Tai Sui, everyone else would be interested; it's just that they are too far away to make it over..."

Gu Xunchao didn't bother with superfluous words and went straight to the point, "Come on, let's have a fight and not waste any more time. Whoever wins takes the Tai Sui!"

"Good!"

Lin Xiao, though very unwilling, understood that with the arrival of Gu Xunchao and the others, it was no longer realistic to expect to take away this mysterious Tai Sui easily. He had to fight them to take it back into his hands!

"So how do we fight, in a free-for-all?" Lin Xiao asked.

"There is no need for a melee; it's too easy to cause resentment. We are just four of us here; you and you have a fight, Tianlong and Changsheng have a fight, then the winners of both sides will have a final battle. The last victor can take the Tai Sui; how about it?"

Gu Xunchao suggested.

"But what if the final victor is exhausted from the fight and then people from the Divine Rankings arrive? Will they take advantage just like that?"

Lin Xiao hesitated before speaking.

Gu Xunchao said indifferently, "That's simple; the three losers will help the final victor together, ensuring our interests are protected, okay?"

"Okay!"

"Okay!"

Xu Changsheng and Chen Tianlong both nodded in agreement.

After all, as warriors at the bottom of the Divine Rankings, they both believed they wouldn't lose to anyone and were also confident, thanks to the revival of Spiritual Energy, that they could be the last ones laughing. How could they possibly disagree!

Seeing that they all agreed, Lin Xiao had no choice but to agree as well.

After they all consented,

The ruggedly handsome yet inwardly rather delicate Chen Tianlong's gaze swept toward the hundred plus Energy Transformation Warriors standing aside, as well as the three to five Divine Realm Warriors who had survived Lin Xiao's earlier attack, and spoke out,

"Shall we clear out these people first?"

When they had previously discussed how to obtain the Tai Sui Stone peacefully, none of them had taken this rabble into account. However, after deciding on their course of action, Chen Tianlong started to worry about them being on equal footing. If they ended up exhausted from fighting, wouldn't it be possible for this crowd to take advantage?

Therefore, he considered clearing out these spectators beforehand!

Everyone tensed up upon hearing Chen Tianlong's words; some people immediately fell to their knees with a plop, begging for mercy, "Immortal Masters, please spare us. I only came to watch the excitement and have no designs on the Tai Sui..."

"Plop!"

"Plop!"

As some led the way, a group of cowards quickly followed and knelt down to beg for mercy.

They all regretted coming to spectate!

But none dared to leave this place rashly for fear of being made an example of by Gu Xunchao and the others without knowing their intentions.

Seeing that most of the crowd were begging for mercy, Chen Tianlong's eyes filled with disdain. They were indeed a bunch of softies.

Yet their pleas did not move him in the slightest; he was still consulting with the other three. If they decided to massacre, he would not hesitate to join in!

Gu Xunchao frowned faintly when he heard this. He had seen the people from the Dan Pavilion among them. How could he agree to clear these people out first?

After some thought, he spoke in a deep voice, "Don't waste time with these useless beings. After we clear out, we'll start our fight. What if someone arrives in the nick of time afterward? It's better to decide the ownership of the Tai Sui sooner and leave this place!"

"All right, then!"

Chen Tianlong found some sense in Gu Xunchao's words. Protracting time would likely be disadvantageous for them!

And this rabble, even if they attacked them when their Elemental Qi was severely depleted, could they really pose a threat to them?

"So..." Chen Tianlong turned his head towards the calmly standing Xu Changsheng, his mouth twisted into a sinister smile as he said, "Let's begin!"

"Let's begin."

Xu Changsheng held a paper fan; as his words ended, it unfolded in an instant!

"Whoosh!"

.....

A sharp whistling sound rose, and a fan qi capable of splitting gold and shattering stone shot straight toward Chen Tianlong!

Completely unexpected!

But Chen Tianlong, who was well acquainted with each other's capabilities, was not at all surprised. With a loud shout, his exposed arms instantly shone with golden light, turning his entire body into something resembling a bronze man cast from gold and iron!

He was, after all, a lay disciple of Shaolin Temple, practicing the most orthodox Vajra Divine Skill, which once invoked, made him invulnerable to blades and spears!

Even if he jumped from a ten-story building, he wouldn't suffer the slightest injury!

"Clang!"

The fan qi struck Chen Tianlong's body, immediately giving off a sound like the clashing of gold and iron.

As expected, it didn't harm Chen Tianlong at all.

Xu Changsheng wasn't surprised either and continued his assault!

As they began to fight, Gu Xunchao and Lin Xiao also started to make their moves!

"Boom boom!!"

"Bang!"

The two attacked, fists clenched, striking with wide, powerful blows that shook the heavens, and the green bricks beneath their feet were crushed to powder, leaving not a single intact brick within a hundred meters!

"Pavilion Master, will the Ancient Elder win?"

Here, the people of Dan Pavilion, watching Gu Xunchao and Lin Xiao's battle, asked worriedly.

"Should be."

Although Wang Mao wasn't too confident himself, he had placed all his bets on Gu Xunchao and could only see it through to the end, "After all, Lin Xiao, having just taken action to intimidate everyone, has also spent a lot of True Yuan, and based on our Ancient Elder's higher ranking in the Divine Rankings, taking him down shouldn't be a problem!"

"Then... if the Ancient Elder defeats Lin Xiao, does he stand a chance against Chen Tianlong?"

"Should be..."

...

Elsewhere.

After Gu Xunchao and the three made their aerial arrival, Gu Xiyan understood what Mu Jinyu meant by there still being a commotion to watch.

Seeing them exchange a few words before hastily starting the fight, Gu Xiyan asked Mu Jinyu, "Jinyu, who do you think will win in the end?"

Mu Jinyu gave a light smile and said, "Of course, it's your husband here."

Upon hearing this, Gu Xiyan gave him a glance and said irritably, "I'm not talking about you, excluding you. Among those four, who do you think will win?"

Mu Jinyu said, "Gu Xunchao."

"Why?" Gu Xiyan and Wen Rou, all curious, asked.

Even Jian Ruyan looked towards Mu Jinyu.

She felt that Chen Tianlong seemed to have a slightly better chance of winning.

Mu Jinyu didn't elaborate and just smiled, "Just wait and see."

"Tell me..." Gu Xiyan coaxed.

Mu Jinyu smiled and did not answer, regardless of Gu Xiyan pulling Wen Rou along to act spoiled with him.

After a few minutes of futile effort, Gu Xiyan had no choice but to give up.

Meanwhile, the situation in the arena changed rapidly, and with a clear ring, Chen Tianlong's Vajra Divine Skill's weak spot was identified by Xu Changsheng, who then used his fan to hit precisely that spot!

"Bang!"

The seemingly invincible Chen Tianlong suddenly fell to his knees, weakened, a bitter smile on his face as he said, "Xu Changsheng, you're really ruthless!"

Although Chen Tianlong's weak spot had been struck by Xu Changsheng, draining all his vigorous qi, he wasn't actually powerless to fight back. However, unleashing such Forbidden Secret Techniques would cause him great harm, and since there was no need for him to risk his life now, he naturally wouldn't be foolish enough to use that kind of move and engage in a fight to the death with Xu Changsheng!

"You have given me the victory."

Xu Changsheng then fanned himself gently with his paper fan, smiling.

Jian Ruyan, watching this scene, was secretly amazed; the very Chen Tianlong she had most favored was the first to fall!

She couldn't help but turn her head to look at Mu Jinyu, with a complicated gaze.
