

Kryptonian 51

Chapter 51 Qilin

Qilin couldn't withstand Luther's attack, agreed to have dinner with Luther, and then hurriedly drove him away.

Colleagues smiled and congratulated Qilin, while some were sad that a flower in the police station was picked.

Luther found it very interesting, especially before Angel Yan came, this was the only thing Luther could do.

You can't reveal your identity and say that you are a Kryptonian from the Kryptonian civilization and want to join the Super Seminary and become a scholar, right?

What a waste of time. It is impossible for the Super Seminary to hand over important knowledge and technology to Luther right away.

Although super genetic technology is now said to be the foundation of god-making civilization, this foundation lags behind more than 99% of civilizations in the entire known universe.

Even though the plot of the Super Seminary is so outrageous that three generations of gods have come out to become cosmic mercenaries, the technology of the divine body and the god-making project are still the top priority.

Therefore, it is better to make a deal with Angel Yan directly.

Qilin changed into casual clothes after getting off work.

When she's not at work, she doesn't wander around in her police uniform.

"Qilin."

Luther drove to the police station to pick her up.

"Let me tell you first, I won't go to expensive places to eat."

Qilin got in the car and said.

"I know, I'm afraid that others will say I bribed you, right?"

Luther said with a smile.

"That's not what I meant. I've just never been to a very high-end place to eat, so I'm not used to it."

Qilin shook her head. With her family background and the fact that there were so many people in their family, it wouldn't be a problem for Qilin to go to a high-end restaurant or even a restaurant only open to club members.

After all, Qilin's father, Qi Lingfeng, is the chief of the Juxia City Police Department!

And Qilin's police rank is two bars and three stars, first-class police inspector, which is already a very high level.

It takes 24 years to reach this level after graduating from the police academy, and you must be good enough. This level corresponds to a deputy at the division (bureau) level to a full-time job at the (bureau) level.

But Qilin is only 26 years old and has been a police officer since she was born. This is of course impossible.

So the background and relationship are hard.

It's just that Qilin thinks that kind of place is too artificial, and it's just for eating, so there's no need to spend so much money.

So Luther took her to a medium-sized restaurant and asked for a private box.

Qilin didn't refuse. The fact that she agreed to go out for dinner with Luther meant that she didn't mean anything to Luther, but Qilin felt that she still had to observe.

"Let's make an agreement first. I will only pay for what I eat for this meal."

Qilin followed.

"It doesn't matter, you can do whatever you want."

Luther looked at Qilin with a smile.

"...Don't keep staring at me like this..."

Qilin was originally serious, but when a handsome guy of Luther's level stared at her like this, even Qilin was a little unable to resist.

"But there are only two of us here. What else can I see if I don't see you, Qilin?"

Luther said softly.

"I haven't agreed to date you yet, we are just friends now!"

Qilin said helplessly.

"I know, so I will try my best, Qilin."

Luther nodded.

"Don't go to the police station in the future. That will only make me think you are troublesome. You can come to me after get off work. I hope we can start as friends. Otherwise, the time is too short and I haven't gotten to know you well. Lu De."

Qilin said seriously.

"Well, I understand. I'll find you again after you get off work."

Luther did not refuse. Qilin was not the kind of little girl who was easily coaxed. She had passed the ideological education and had such upright views. She was very sensible and knew what she wanted.

Such a good girl is almost impossible to find with a lantern.

Qilin looked at Luther strangely, was he so obedient?

The two finished their meal quickly. After the meal, Luther did not take Qilin anywhere, but sent her home.

"You are already very tired after a busy day today. Take a good rest."

Luther said to Qilin.

"Am I being that obvious?"

Qilin was surprised that Luther would do this. This showed Luther's thoughtfulness and attentiveness. Otherwise, he would have taken her to the movies or shopping.

So after being touched by Luther's attentiveness and consideration, Qilin asked sheepishly.

"No, you performed very well, but I know that police officers are very hard and tired, and you should be no exception."

Luther explained with a smile.

Qilin's affection for Luther has increased a lot. It feels good to have a person who understands and cares about the police so well.

She will become a police officer. On the one hand, she is influenced by her father and has been influenced by her since she was a child. On the other hand, it is also because she wants to serve the motherland. Qilin knows that many people now think about the police, but she feels that these are all misunderstandings and walking five-year-olds. Shi Wan deliberately caused trouble.

Qilin would certainly be curious about what Lutherans thought of the police profession and professionals.

Now she had the answer from Luther.

This made Qilin's affection for Luther deepen.

"goodbye."

Qilin says goodbye.

"goodbye."

Luther nodded.

Then Qilin returned home and found that her parents were looking at her with a smile on her face.

"That was Luther just now. I didn't expect to send you back. How do you feel?"

"When will you take me home for a meal?"

Qilin was ashamed.

"What are you talking about? We are just friends now!"

"Oh, just friends, then it should be soon."

"Qilin, don't rush into this kind of thing. See clearly what kind of person the other person is first."

Qilin's father Qi Lingfeng gave his daughter a very calm advice. After all, he was an old father. Seeing a pig trying to steal his cabbage, it was good enough that he didn't have a shady attitude.

Even though the blind date was arranged by them, Qilin's father was still a little reluctant.

"I know, Dad, but Luther doesn't have such a negative view of us policemen."

Qilin couldn't help but say to her old father.

"Really? What did he say?"

Qilin's old father Qi Lingfeng was a little surprised.

"I thought he would invite me to dinner, and then take me to the movies or shopping. I didn't expect him to say that I should rest and then send me back."

Qilin said briefly.

Qilin thought for a while and looked at Qilin again.

Even his old father couldn't see that Qilin was a little tired, and Luther obviously couldn't see it either, so the other party seemed to really care about the profession and attentiveness of the police?

"Well, he might be pretty good."

In fact, Qi Lingfeng didn't know his daughter's personality. If she really wasn't interested, she wouldn't go out to dinner with Luther.

So, as a father, he could only help his daughter keep a close eye on him.
