

1156

Caera used it, and she gently pushed his huge, thick glans up against her asshole, before rubbing it around against the squeezing flesh. It wasn't long before the skin was soaked, and she pushed his length up against her ass harder. She was having trouble keeping it steady.

"Yeah, it's a pain." Licking her lips, Jes crawled on her knees down to David's legs, got between them behind the tiger lady, pushed Caera's huge tail aside, and grabbed his cock with both of her hands. "K, I got him."

Nodding, the tiger lady leaned forward a bit, put her hands on the ground around David and Dao, and lowered her ass back toward Jes. David was forced to either stare at the huge pair of tits hanging in front of his face, or look down Caera's abs to where her lower half hid what was happening. He tried to do both, but eventually couldn't do either, his eyes closing as Caera's tight, thoroughly lubricated ring of muscle spread around his glans. Whether she squeezed like a vise to make him squirm, or because she couldn't help it, he didn't know, but she did. Judging from the grunting noises she made, she was having a hard time fitting him.

Eventually her clenching muscle slipped around his glans, and he sucked in a breath as Caera did the same.

"You... are so... fucking... fuuuck." She knelt up straight again, long thighs not tall enough to keep some more of his cock from slipping into her ass as she took the new position. A few inches pushed into her, and David stared at her hard, firm stomach, as a small bump pushed out against her lower abdomen. Caera stared down at it, and a purring rumble of pleasure bubbled in her throat as she wiggled her big ass a little, and sank herself down a little further.

Jes came back around, put her hands on David's side, and watched Caera's stomach as the big tiger lady wiggled a little more. Caera's huge tail swayed and shook with the motion, and she grabbed her own thighs as she groaned. The distension pressed out further against her abs, and reached higher and higher as she got lower, until the tiger lady stared down at her body more than him. She kept going, a purring groan escaping her and growing louder the further she got.

Chuckling, Jes reached between Caera's thighs.

"Hey!" Caera grabbed Jes's wrist and moved her hand away, but it was too late. Chuckling, Jes showed her claws to David, and the juices that soaked them. Caera rolled her eyes and gave Jes another shove, but gentle, maybe worried about her wing and ankle. Or maybe she liked the idea of Jes showing David just how aroused she was, considering the subtle grin she had on.

Her insides felt amazing, and so very different. Things squeezed on his length, but not like a vise, all around his length, like the inside of Jes or Dao's pussy. Instead, Caera's ass's entrance squeezed tight around his girth, sinking deeper around him, but her insides didn't squeeze the same way, wrapping his length instead of getting stretched out, and taking more of him deeper and deeper into her insides.

"Rearranging... my fucking... guts..." Caera groaned louder as she ran her hands up her legs, up the bulge on her stomach, to her breasts, and then higher, grabbing her own horns with elbows raised. Her breasts trembled, her chest jutting out as she shivered, and another heavy, predatory groan vibrated through her as her large, muscular ass finally pressed against his thighs.

All he could through any of this, was stare.

"David, the fuck is this?" Jes reached out again, and pressed a hand against Caera's belly, straight onto the bulge along her abs marking his length. Delicious, hot pressure engulfed his cock where she pressed, and he gulped as he watched the gargoyle's hand. "Did your cock seriously get bigger? The fuck?" Her hand slid higher, and pressed against the highest part of the bulge where it touched the base of Caera's sternum between her breasts.

"I... I uh..." That did look a little bigger than it had when he'd been with Dao and Jes.

Dao clicked excitedly, nodding and gesturing with her good arm.

Caera, still shivering as she got comfortable on him, leaned back and put her hands on his knees behind her. With her body arched, everyone stared at how her tight, muscular stomach showed off the way her heavy breasts rested on top of her hard body, and how her abs distended around the length and girth of his cock.

"Okay," Caera said, voice wavering. "Normally if something's got a cock this big, they're big, and they'd be manhandling and pinning me down and ramming it into me." She looked down at her body, her stomach, and swayed her hips back and forth. "But I just wanna... fucking... grab you and fuck you." **WwW.0vε(1)00rM.c0m**

"I--" He sucked in a breath as she picked up speed, still leaning back. Her knees spread out more, and her empty slit spread a too, just enough he could see the pink and red flesh better. She really was soaked. **ww.0vεLW0rM.0o(m)**

Her purrs turned into surprisingly feminine moans, when Jes pressed on Caera's abdomen again, right above her pubic bone.

"Oh you bitch," Caera said, but she didn't stop the gargoyle. She tightened her grip on his knees behind her, and fucked him, pushing her hips back and forth, each joined by a small rise and fall. Each thrust had her huge breasts swaying back and forth along her chest, and he could feel her large ass ripple with them too, jiggling and hitting his thighs. Her moans turned into hungry grunts, and her purrs grew into growls deeper in her throat and chest.

She came. David stared, unable to look away from the eight-foot-tall demon tiger lady quivering on his cock, her ring of muscle squeezing the base of his girth while her tail twitched behind her. With a heavy groan, she leaned forward again, planted her hands on the ground around him and Dao, and looked down at him with dreamy, half-closed eyes as she shook. Something hot and wet dripped from her pussy onto his pelvis. She'd cum hard, and was still cumming, whole body shivering and tail shaking with random twitches and spasms as she clenched on him. **www.0vε(1)00rM.c0m**

"That's..." Caera purred, deep in her throat and chest, and ground her body around and around, hips swaying, muscles clenching. She wanted more. "That's not fair." **ww.0vε(1)wδ(1)m.(c)0M**

Dao clicked a few times, her claws still tracing lines up and down his chest.

"I know," Jes said. "It's way too easy to cum with this kid. Imagine the ego he has now." Nodding, Jes reached out, scooped up one of Caera's hanging breasts, and lightly bounced the huge thing in her palm over David's head. David's jaw dropped as he looked up, and watched the heavy pillow jiggle and fill Jes's palm, which of course just made Jes laugh. "He's so fucking cute, you just wanna fucking pin him and ride him until he sees stars."

Dao reached up with her good arm, and cupped Caera's other breast. She clicked a couple times, and smiled down at David before licking her tight lips.
