

"Zhao Yongle?"

Su Qingqing's expression was indifferent as she sternly shouted, "I don't have time to listen to work reports right now, get out!"

Zhao Yongle's mouth twitched slightly, his eyes filled with anger as he looked at Ye Huan. He took a deep breath, forcing himself to calm down after a while, his face full of rage as he retreated and slammed the office door shut.

He had been pursuing Su Qingqing for a long time without any success, and he never thought he would see such a scene.

He was furious but didn't dare to act out because Su Qingqing was the head of the sales department, and he was just the leader of a small sales team!

No time to hear reports, but has time to find excitement with that man in the office?

Despicable!

"And that kid! You're new here and dare to steal my woman; I'll make you understand the consequences!" Zhao Yongle clenched his fists, burning with anger!

...

"Beauty, can you get up?"

"No way!" Su Qingqing crossed her arms, looking down at Ye Huan with a smug face, "Doesn't feel good to be pressed down by me, right? Is your ego severely bruised?"

"Not feeling good?" Ye Huan's lips curled up, he spoke meaningfully, "Beauty, you like watching that kind of thing, so you must know a lot about it too, aren't you embarrassed now..."

Su Qingqing was startled, her face turned so red it could drip blood.

Her little secret was indeed discovered by him, damn it!

No, wait...

Suddenly, a light bulb went off in her head.

"Oh, you!" Su Qingqing was the first to strike back, snorting coldly, "If you hadn't mentioned it, I wouldn't have known you were using my work computer to play that kind of movie?"

Ye Huan's face darkened, "Beauty, you're falsely accusing me, you could get executed for this!"

"What do you mean falsely accuse? I'm a dignified head of a major department, would I watch such lewd stuff?" Su Qingqing spoke clearly and forcefully.

After speaking, seeing Ye Huan not reacting, she once again looked down at him with superiority.

Noticing Ye Huan's face was full of comfort...

"Go to hell!" Su Qingqing shouted with a face full of shame and anger, got up and directly kicked towards Huan's crotch!

"Whoa!"

Ye Huan's eyes suddenly widened, quickly dodging away.

The crotch kick missed, and Su Qingqing gritted her teeth again.

Brother Huan was almost pissed off; if he had reacted slower, this man would certainly no longer be a man.

But it's better to reconcile with this woman now; after all, she seems to be the head of the sales department, and he'll be working under her in the future.

"Stop messing around." Ye Huan spread his hands helplessly, "I was also having my first kiss this morning, and it was really to save you, I had no choice."

"You... your first kiss too?" Su Qingqing looked suspicious, but her heart inexplicably felt a lot better.

His first kiss too, doesn't that cancel things out?

But is such a thing really just cancelable, why does it feel a bit weird?

"As for what's on your computer, I'll pretend I didn't see it, and we'll call it even, okay?" Ye Huan sat back in the chair, moved the mouse to close the explicit video.

"Who knows if you have a loose mouth." Su Qingqing looked displeased, sitting on the sofa next to him.

Ye Huan's lips curved up, "Are you admitting? That those videos on the computer were downloaded by you?"

"Are you tricking me?" Su Qingqing raised an eyebrow.

"Well, my lips are sealed, you can relax."

Ye Huan's gaze was firm as he handed over his employee badge, "Besides, I will be your employee from now on, daring to spill your secret would be suicidal, wouldn't it?"

Su Qingqing took the badge and looked at it, her face turning cold again, "Ye Huan? You're the new employee joining?"

"Yes."

Getting confirmation, Su Qingqing sneered.

As expected, this guy is an ultimate pervert!

Not only did he take liberties with herself, but also with Tang Yao.

"I'm the head of the sales department—Su Qingqing." Su Qingqing said coldly, "Joining the sales department, you must achieve a sales target of 10 million within a week, otherwise you'll be automatically transferred to a department with vacancies a week later. I heard the cleaning department is one short on janitors, if you don't meet your target, you'll go there."

"10 million? Wasn't it 3 million?"

Ye Huan was puzzled.

"Am I the head or are you? I say how much it is." Su Qingqing tossed back the badge, "10 million in a week, if you think you can't do it, just leave."

Leave?

That's impossible, haven't even gotten the wife yet!

Forget it, compared to a wife, 10 million is nothing.

Ye Huan took back the badge, his head full of black lines.

"Come with me, I'll introduce you to your colleagues." Su Qingqing said indifferently, got up and headed out the door.

This 10 million is definitely a retaliatory strike.

Though quite displeased, Brother Huan still thought of the bigger picture, swallowed his pride, and followed her out.

"Clap. Clap. Clap."

Su Qingqing's prestige was evidently high, with just a clap of her hands, the previously noisy office hall instantly became very quiet, and the employees all stopped their work and turned their heads to look.

"Everyone, pause your work for a moment, I have an announcement." Su Qingqing stepped aside, pointing at Ye Huan, "After several months, our sales department welcomes a new employee, this is the new addition to our sales department, Ye Huan."

All employees started clapping.

But among them, it didn't include Zhao Yongle with his cold gaze...

"Our sales department hasn't had anyone resign for months, so no sales team is short of staff. Does any team leader volunteer to take this new colleague?"

"I'll take him!" Zhao Yongle stepped forward, extending his hand, "Ye Huan, right? I'm the leader of sales group three—Zhao Yongle, pleased to work with you."

His tone was calm, but his gaze was fierce.

Ye Huan naturally saw the ill intent, a barely noticeable curve appeared on his mouth, and he shook hands with Zhao Yongle.

Sure enough, as soon as they shook hands, Zhao Yongle exerted force suddenly.

"Zhao Yongle, you said you're willing to take him?" Su Qingqing asked coldly.

The next second, Zhao Yongle didn't answer, but suddenly let out a wail, quickly retracting his hand, shaking his painful palm, clearly at a loss.

This guy indeed has some skills, no wonder he could win over Su Qingqing!

However, as long as he fails to meet the sales target, he has to get out!

By then, even if Su Qingqing is the head, she can't intervene in this matter!

This is the company's rule, no exceptions in the sales department!

"Kid, you won't get by under me without doing real work." Zhao Yongle said with a gloomy face, "Come with me!"

Ye Huan chuckled lightly, seeing through Zhao Yongle's impure motives, but didn't care.

If Zhao Yongle was tired of living, Brother Huan wouldn't mind teaching him a lesson.

Arriving at the office area of group three, a female employee stood up with a smile.

"Ye Huan, hello, I'm glad to work with you." The female employee smiled warmly.

But there was another woman, sitting in her seat without any intention to greet.

"Hello." Ye Huan smiled, shaking hands with this friendly female employee.

Unlike this female employee's friendliness.

Team leader Zhao Yongle brought over a folder, directly threw it onto Ye Huan's desk, and said coldly.

"Complete this sales task within a week, or leave Tianyun International!"
