

"President, I have followed your instructions and informed him to come to the company for an interview at ten tomorrow morning." Tang Yao opened the door to the back seat of the Rolls-Royce and got in.

Liu Tianyun nodded, looking apologetic, "Thank you for rushing back during your vacation."

"It's nothing." Tang Yao smiled, then asked in surprise, "But President, are you really going to marry that man?"

She felt it was unbelievable.

Liu Tianyun, the only daughter of one of the four major families in Celestial Sea City—the Liu family, and the leading beauty among the city's four beauties, is a star entrepreneur. Her figure and beauty are top-notch, and those pursuing her could line up from the east end of the city to the west end.

Who could believe she's suddenly going to marry such a scoundrel?

"It's not set in stone yet. I need to communicate more with my family." Liu Tianyun sighed, rubbing her aching forehead with her fingers.

She didn't understand what kind of impulsiveness her grandfather had. Just a few days ago, he suddenly told her that she had a childhood engagement, and that now it's about time to marry.

He also said that the other party is the Liu family's lucky star, getting him is equivalent to getting the whole world?

This man is full of lies and nonsense, completely different from what her grandfather described!

Liu Tianyun's face turned cold, "Inform the HR department to give him a hard time in tomorrow's interview, send him to the cleaning department to clean toilets."

"President, isn't that a bit too much? No matter what, he's still your fi..." Tang Yao paused, still unable to say the word "fiancé."

"Just do as I say." Liu Tianyun said indifferently, "Whatever abilities one has should dictate their position!"

Tang Yao nodded helplessly.

Liu Tianyun changed the subject, suddenly asking, "Tang Yao, you mentioned you were robbed by bandits on the bus before? Are you okay?"

Tang Yao was taken aback, recalling the scene on the bus, her face flushed with embarrassment!

She hadn't even had a boyfriend, never let a man touch her, but today she was hugged by that scoundrel, how awful.

"President, don't worry, I'm fine."

"I'll send him to the cleaning department to clean toilets, make him do it willingly, just wait and see, President!"

Tang Yao finished speaking earnestly, then opened the car door, stepped out, and swiftly left.

Liu Tianyun nodded satisfactorily, instructing the driver to start the car.

Back at the villa, Liu Tianyun directly flopped onto the bed, angrily pounding the pillow.

She thought about it all the way, still not understanding why her grandfather set up a childhood engagement for her and praised that smooth-tongued man to the heavens!

Liu Tianyun sighed deeply, carefully took out an old, yellowed photo from under her pillow.

The photo showed a boy with a toothpick in his mouth, full of arrogance, with his arm around a dirty little girl whose eyes were glistening with tears.

Liu Tianyun gazed at the photo, her eyes full of longing.

This was the only photo "big brother" left behind before leaving.

No one in Celestial Sea City knew, that the Liu family's little princess, Liu Tianyun, due to family upheaval, actually spent her childhood in an orphanage.

Back then, she wasn't the leading beauty in Celestial Sea City, nor was she a star entrepreneur, just a dirty little girl in the orphanage, often bullied by others.

She remembered, whenever bullied, she wouldn't resist, only crying loudly, which made others bully her even more.

But everything changed when that "big brother" suddenly showed up. Whenever she was bullied, he would step forward.

He was beaten until his head was bleeding countless times, yet still stood in front of her.

When she was hungry at night, he would sneak into the kitchen, enduring the principal's scolding and punishment, to steal food for her.

Eventually, he became the king of kids in the orphanage, and no one dared to bully her anymore, even saying that when she grew up, she would definitely be a beauty, and he would marry her...

But before she got beautiful, he suddenly left...

An old man came and took him away.

This separation lasted fifteen years, both the old man and "big brother" disappeared without a trace!

Liu Tianyun stroked the old photo, smiling bitterly.

"Big brother, if you don't show up soon, someone else will marry me."

...

"Salesman, three thousand a month?"

Ye Huan was dumbfounded, looking completely incredulous.

After spending a night under a bridge, he came for the interview early in the morning, only to find out it's a three thousand monthly salary salesman position?

This is too ridiculous!

"Mr. Ye, it's three thousand plus a five percent commission. Given your education and work experience, we wouldn't even assign you to clean toilets, but the President ordered us to pass you in the interview and assign you to the sales department."

The female interviewer said unemotionally, "There are countless people wanting to join Tianyun International as a salesman, so there's a strict target.

You must achieve three million in sales the first month, or you're fired. If you don't want the position, you can collect a fifty yuan transport fee and turn right when you exit."

Ye Huan's face turned dark.

Not taking the job? How would he marry his wife without it?

He neither has her contact information nor even knows her name.

"Mr. Ye, you do have another option, the cleaning department is short of a toilet cleaner, base salary five thousand plus commission."

"No, I'll go to the sales department!" Ye Huan quickly said.

"Alright, please formally join this afternoon. At that time, collect your work badge from the front desk on the first floor, and report to the sales department manager's office." With that, the female interviewer took her folder and walked out of the office.

Ye Huan felt exasperated, cleaning toilets has commission?

Ridiculous.

...

Tianyun International, top floor, President's office.

"Assistant Tang, it's done." The female interviewer smiled, "Mr. Ye has agreed to join the sales department."

"Good, you can go back."

Tang Yao said with a smile, secretly overjoyed!

A month's sales target of three million, he'll never achieve it. By then, direct him to the cleaning department, let him clean toilets!

Hmph!

For daring to harass me on the bus, this is the consequence!
