

THE SUPREME SOLDIER KING OF THE LADY CEO

Chapter 9: Su Qingqing's Little Secret

After spending five hundred bucks on food and drink, Ye Huan picked up his work badge at the company's front desk in the afternoon, then headed to the sales floor to report in.

I have to admit, my wife's company is impressive.

The gender ratio is seriously unbalanced, typical of a place where women outnumber men, and every female employee is stunningly beautiful. You could even call it a paradise for men.

"Hey, beautiful, can you tell me where the Sales Department manager's office is?"

"All the way at the end." The female employee said coldly, then rushed off frantically.

Not just her, all employees seemed to be very busy, working at an extremely fast pace.

When he reached the door at the end of the floor, Ye Huan was about to knock when he suddenly heard some extremely faint "weird sounds" coming from inside the office, causing his expression to change slightly.

What the heck are these weird sounds coming from the office?

Could it be that the Sales Department manager is doing something shady inside?

Damn!

Corruption! Immorality!

Doing this in broad daylight, aren't they afraid of being caught? So arrogant.

That won't do, this is my wife's company. I have to clean out these rotten apples that corrupt the company's morals!

"Bang!"

Ye Huan decisively turned the doorknob and pushed the door open.

Unexpectedly, the office was empty.

So where were those sounds coming from?

Ye Huan closed the office door and walked over to take a look, his gaze fixed on the computer screen on the desk.

Oh boy!

The computer was playing the latest Japanese film.

"Shameful!" Ye Huan cursed, then grabbed a nearby chair and started to operate...

No, he started watching the computer.

...

Tianyun International, President's office.

"Right, that's the current situation. MeiYing must halt its market launch, and we need to have those who participated in the product test receive treatment from Miracle Doctor Zhang Song," Su Qingqing revealed everything that happened in the morning with a serious expression.

Liu Tianyun and Tang Yao both furrowed their brows, looking grim.

The MeiYing series is currently Tianyun International's most heavily invested product, originally slated to launch tomorrow. The company has already spent tens of millions on a comprehensive advertising campaign. If they abruptly cancel the launch, there will be strong backlash from suppliers, raw materials vendors, and sales channels.

But there is no choice. If they don't halt the launch and more people suffer skin damage, Tianyun International could face ruin.

"Okay, we'll collect the products from our channels. You should head back now," Liu Tianyun sighed reluctantly.

Su Qingqing nodded, got up, and left.

"Wait a moment." Tang Yao called out to Su Qingqing, then went out with her.

"Qingqing, you look so pale. Are you sure everything's fine?" Tang Yao asked, worried.

Su Qingqing smiled and shook her head: "Dr. Zhang personally treated me. After drinking a bowl of medicine, I recovered. I just need two days of rest and I'll be fine."

"That's good!" Tang Yao breathed a sigh of relief, then changed the subject, "By the way, Qingqing, do me a favor. There's a new guy in the sales

department today. Give him a hard time for me, and make sure he fails the three-million-yuan performance target!"

Su Qingqing was momentarily stunned and looked amused: "Oh, little Yao Yao, you're actually targeting a man? Did he deceive your feelings or your body?"

"No such thing, stop talking nonsense!" Tang Yao blushed, "But that guy was so cheeky with me. I have to see him fail to meet his targets and willingly clean toilets to soothe my anger!"

"Cheeky?"

Su Qingqing's face immediately filled with anger: "Don't worry, your girl here is the sales department manager. I will make sure he pays the price!"

With that, Su Qingqing stomped into the elevator furiously.

The incident from the morning where she was suddenly kissed and her "heart" was pressed flashed in Su Qingqing's mind, leaving her fuming.

She had never even had a boyfriend, and now she'd been taken advantage of by a guy whose name she didn't even know? Not only was her first kiss gone, but she was assaulted too!

If she ever saw him again, she'd surely flay him alive!

Su Qingqing was raging as she walked, causing employees to dodge her out of fear.

When she reached the office door and noticed that the doorknob had been turned, her face suddenly changed.

She remembered leaving in a rush that morning, leaving the computer playing...

Oh no!

"Who, who entered my office?" Su Qingqing loudly questioned the employees in the office area.

"Re... reporting to the manager, a new employee went in and hasn't come out yet..." A female employee said timidly.

He hasn't come out? Then wouldn't he have discovered all her little secrets?

If he spread it out, how could she face anyone?

Su Qingqing's expression changed slightly. She opened the office door and quickly closed it again.

"Bang!"

"Who dared to trespass in my office?" Su Qingqing shouted angrily.

"Who are you, not even knocking before coming in?" Ye Huan raised an eyebrow.

Then they exchanged looks and were both stunned.

"You are... the beautiful lady from this morning?"

"Oh, you!" Su Qingqing sneered coldly, casually locking the office door,
"There's a road to heaven and you don't take it, yet you come knocking on my door? I was worried about not finding you, not knowing where to get you!"

Ye Huan's face darkened: "Miss, I saved you this morning. If it weren't for me, you'd have long been reporting to King Yama."

"Did I ask you to save me? You're just meddling because you're full of yourself!"

"How can you be so unreasonable..."

"You took my first kiss and you still want me to be reasonable?" Su Qingqing slammed her fist onto the desk, making a loud noise.

Then...

"Hiss!"

Su Qingqing clutched her pink fist, inhaling sharply, and stomped her foot in pain.

Ye Huan was speechless, seriously doubting that this woman had a low IQ!

"Go to hell, I'll beat you to death!" Su Qingqing shouted angrily, kicking Ye Huan.

But she was wearing high heels and lost control of her strength, causing imbalance, and her body tilted forward.

"Is this... what they call hitting yourself?"

Ye Huan's mouth twitched, but he quickly got up, catching her with a speed faster than blinking.

"Dare to harass me further? I'll kill you!" Su Qingqing, extremely embarrassed and angry, pushed forward with her body.

"Bang!"

Ye Huan fell on his butt, and Su Qingqing pushed him down onto the floor with her hands.

"Trying to best me? See how powerful I am now?" Su Qingqing looked triumphant.

"Miss, can I ask you a question?" Ye Huan asked seriously.

Su Qingqing paused and asked suspiciously: "What question?"

"Your IQ..."

Before Ye Huan could finish, Su Qingqing angrily used her left hand to cover his mouth, and her right hand kept hitting Ye Huan.

But just then...

"Knock, knock, knock."

After a few knocks on the door, it opened.

"Manager, I came to report..." as the man stepped into the office, his eyes nearly popped out of their sockets.

What's going on here!?

The speakers beside the computer were producing those sounds...

And the two of them in this position, could it be...
