

# Cultivator in the Last Days

## #Chapter 161: Unwanted Visit (2) - Read Cultivator in the Last Days Chapter 161: Unwanted Visit (2)

*Chapter 161: Unwanted Visit (2)*

Xiao Mao didn't know when it actually started.

It was not like Yu Shi Lan had that kind of hobby... but perhaps an easy death could also be considered an easy escape. That's why Yu Shi Lan would not kill the people whom she hated directly.

Instead, she would torture them beforehand.

Such a habit was really...

Xiao Mao sighed.

"Meow." <If this is a story, I think you're more suitable for a villain role, Miss.>

Xiao Mao said this sincerely. Because she felt that if there was any protagonist like Yu Shi Lan, the readers will run away first. Such an annoying woman who couldn't even control her emotion and had strong desire to take revenge... will there be anyone who liked her?

Even Xiao Mao felt that it wouldn't be surprising for someone to want to kill Yu Shi Lan.

After all, she had watched personally how Yu Shi Lan grew from a girl who was forced to the end into a cold blooded killer who could kill people without batting an eyelids.

Though, there were also many people who wanted to kill her without any reason whatsoever.

Just because she was at the wrong place and wrong time.

It was outrageous.

"Shut up." Yu Shi Lan's face darkened and she rubbed Xiao Mao's head in annoyance. "Just stay in the pocket and don't do anything unnecessary."

"Meow~." <I know~.>

Xiao Mao didn't want to make trouble either.

Yu Shi Lan came back to her apartment after buying some things again in the mall. The base's supplies became more and more comprehensive and it seemed that the people here wouldn't have any trouble living at all.

'But I remember that many people died during this cold period of time.'

Just as Yu Shi Lan was thinking about it, she raised her head and looked at the sky.

"Meow." <It's snowing.>

This time, Xiao Mao chose to come out of the pocket once again and stretched her tongue to taste the snow falling outside.

But before the snow could fall on her tongue, Yu Shi Lan had already pushed her back inside.

"Don't drink it."

"Meow?" <Why?>

"Because the pollution level on the Green Planet had caused the rainwater to contain many things that are not good for consumption," Yu Shi Lan said calmly.

She didn't know how it was in other cities, but in this city that was half dominated by these rich families and the other half was dominated by officials, the matter of pollution was extremely severe.

So much that she heard that some people fell sick because of drinking the rainwater.

Yu Shi Lan definitely didn't want Xiao Mao to get sick just because of her curiosity.

"Meow?!" <But I'm a Soul Spirit Cat!>

Xiao Mao felt that she was about to collapse after hearing Yu Shi Lan's words. It was one thing for her master to treat her like a child and didn't allow her to eat too many foods, insisting for her to drink milk. But Xiao Mao felt that Yu Shi Lan had completely forgotten that she's not an ordinary cat!

Ahh!

When could she recover?

Xiao Mao felt that if this continued, she would be the same as ordinary cats.

This is unacceptable!

Yu Shi Lan saw Xiao Mao's angry expression and shook her head. "Your current body is still nothing more than an ordinary kitten. If you insist on eating, you might end up having a stomachache."

Xiao Mao wanted to protest, but in the end, she could only sulk on the side.

Yu Shi Lan shook her head in amusement while thinking that it would take some time for her to advance.

Anyway, since Su Wan Rou had come looking for her, the other people from the Wang Family should come soon.

Hmm?

"Su Wan Rou... is she from the Su Family?" Yu Shi Lan muttered to herself. There were many people with similar surname, so she had never thought of this possibility before. Besides, Su Wan Rou was stupid and didn't seem to come from any influential family or anything like that.

Because of this, Yu Shi Lan had never actually suspected Su Wan Rou coming from the Su Family.

But since the Lian Family purposely targeted her...

Does it have something to do with Su Wan Rou?

Yu Shi Lan frowned and thought about it for a while before tossing to the back of her mind. Even if Su Wan Rou was related to the Su Family, she couldn't investigate it nor using it for anything.

This information would be nothing more than some additional information that was put on the back of her mind.

Nothing more, nothing less.

Because no matter whether it was Su Wan Rou or the Su Family, she will deal with them in the future. The former was because of Su Wan Rou's torment to her in her life and the latter is because of the grudge she formed in her previous life.

These people hadn't done anything yet.

But Yu Shi Lan couldn't let them go for what they had done in her previous life.

Not to mention the Su Family also collaborated with the Lian Family and made her life miserable.

Yu Shi Lan stayed in her apartment, relaxing.

But her peace didn't last long because she heard the guard called her, stating that someone had come looking for her. Thanks to the stack of candies that Yu Shi Lan gave to the guards, they were now very respectful to her.

It was more like they wanted to curry favor because they wanted more food.

"Who is it?" Yu Shi Lan asked.

"His name is Lian Lei Xu," the guard replied.

Lian Lei Xu

Yu Shi Lan repeated this name and arched her eyebrows. She thought that Lian Lei Xu would send someone else to kill her, but he actually came in person.

What is he actually planning to do?

While Yu Shi Lan was confused, she still said, "I'll go down."

*Chapter 162: Arguing*

"Meow!" <Miss, you don't have to see him. Just kill him directly!>

Xiao Mao felt that there was no need for Yu Shi Lan to pay attention to Lian Lei Xu. It would be best if she could just kill the other party.

"I won't kill him in public or the Lian Family will chase after me directly," Yu Shi Lan replied.

She had no problem defeating individual in various battles. But if she has to fight continuously and even faced the barrage of bullets...

Yu Shi Lan felt that it would be better not to do it.

She might be brave, but she didn't want to be a stupid reckless woman who couldn't see when she shouldn't make a move.

Her revenge is important.

But so is life.

She didn't want to lose her life just to enact her revenge, especially because her current life is hard won and it was thanks to Xiao Mao that she could go back to the past.

Seeing the weak Xiao Mao, Yu Shi Lan felt distressed and didn't want to waste her effort.

She had to live well.

Not only living well, she wanted to reach higher realm than ever before.

So for this clown...

She would just try to see what that b\*stard wanted to say. Whether she will kill him or beat him up later would depend on what Lian Lei Xu said.

Tep.

It didn't take long for Yu Shi Lan to come down and she quickly saw Lian Lei Xu, who was waiting impatiently. It was obvious that the young master had never been asked to wait by others before, so his current temperament was not very good.

There was a dark aura around him.

The guards were also looking at Lian Lei Xu unkindly, but they didn't dare to step forward and made trouble.

They all knew that Lian Lei Xu came from the Lian Family and that family will definitely not forgive them if they dared to hurt the young master from the Lian Family. So no matter how the guards were annoyed, they didn't do anything to Lian Lei Xu in the end and still maintained some politeness in front of him.

It could be said that their self control is pretty good.

"You're finally here." Lian Lei Xu frowned when he saw Yu Shi Lan coming. He was already getting impatient and it was only after seeing her that he knew that she still listened to his order.

"Oh." Yu Shi Lan looked at Lian Lei Xu calmly and then said, "I have no business with you, Lian Lei Xu."

At this moment, she didn't even bother calling him young master anymore like she did in the past. Besides, there would never be any trace of respect even if she called him that way.

At most, she would mock him.

Not openly but discreetly.

Lian Lei Xu's expression changed when he heard Yu Shi Lan's words. He glared at Yu Shi Lan and said, "Is this how you treat your boyfriend?"

Boyfriend?

Thinking about the rhetoric that Lian Lei Xu always used, Yu Shi Lan felt anger in her heart.

"Do you think that you're not shameless enough Lian Lei Xu? You're not my boyfriend and I'll never agree with you."

"Don't speak nonsense. You're my girlfriend and I want you to follow me." Lian Lei Xu raised his chin arrogantly and the bodyguards who followed him immediately moved to surround Yu Shi Lan.

It was obvious that he didn't consider that Yu Shi Lan would reject him. Even if she did, Lian Lei Xu would simply force her.

Anyway, the Lian Family was powerful enough.

There were many people who died every day in this special situation and adding one more Yu Shi Lan would not make any differences.

That was in Lian Lei Xu's mind.

Yu Shi Lan sneered. "I have told you that you're not my boyfriend, Lian Lei Xu. Do you really want to use forceful means?"

She's not afraid and her phone had already been prepared to play the record once again. She felt that Lian Lei Xu was really tiring and talking with him for a long time would only increase her annoyance.

"Meow." <Let me poison him to death if you don't want anyone to find it, Miss>

Xiao Mao was hiding in Yu Shi Lan's pocket, but she could hear what Lian Lei Xu said and did. Seeing these bodyguards were ready to take action, she was also getting impatient. If it was not because her master told her that she didn't want to attract attention, Xiao Mao would have done it a long time ago.

Direct killing would not work?

Then just poison this Lian Lei Xu.

Anyway, Lian Lei Xu has been eating a lot demonic beasts' meat these days and Xiao Mao could see that it had already affected his brain. It seemed that Lian Lei Xu ignored the consequences of eating so many demonic beasts' meat.

In the first place, there were not many demonic beasts' meat existing in the base and Lian Lei Xu had taken a large portion of it, eating it as staple meal.

With a large amount of Demonic Qi entering his body without being expelled out, it would be a miracle for Lian Lei Xu to stay alive.

Yu Shi Lan also saw this.

She could guess that Lian Lei Xu was stimulated after seeing her strength and wanted to get stronger faster.

But there's no direct shortcut for strength.

It was just Lian Lei Xu never thought about it.

How stupid.

"You're my girlfriend and I have the right to take you away," Lian Lei Xu insisted on the same statement as before.

Yu Shi Lan sneered and then clicked her phone and put it on speakerphone, putting it at the highest voice possible. She wanted to tell the entire world about how seamless Lian Lei Xu is.

Previously, the recordings of Lian Lei Xu's shamelessness had only been made known to the Lian Family.

*Chapter 163: Arguing (2)*

After all, Mu Ting Ye didn't want to provoke the Lian Family so thoroughly and only let Lian Lei Xu's black history be seen by his elders. But this was more than enough to cause Lian Lei Xu to be punished.

Yu Shi Lan had also watched that video recording.

She had to say that it was very satisfying to see Lian Lei Xu being beaten up.

And if Lian Lei Xu didn't come to provoke her again, she would not uncover this past black history kept in her phone. When she picked a new phone before coming to the base, Yu Shi Lan naturally also downloaded these things.

No way.

Who made Lian Lei Xu often came to trouble her?

Since he didn't want to let her go, then don't blame her for spreading this black history far and wide.

[ "Young Master Lian, do you really like that Yu Shi Lan?" A male voice came from the phone.]

The moment Lian Lei Xu heard this voice, he knew very well that Yu Shi Lan had already started playing the recording again. "I was not serious in that recording!"

He almost shouted out loud.

Yu Shi Lan looked at Lian Lei Xu coldly.

Did he think that she's a 3 year old child who could be tricked at all time? She knew the truth very well and will not be swayed so easily.

[ "Of course not." Young Master Lian's voice could be heard, full of laughter and ridicule. "Such an ugly girl, who would like her? I'm just using her because she's convenient. Without any parents to support her, she's perfect to be a shield for Yu'er." ]

"Ahh, you're really passionate about her. She's simply the perfect goddess..."]

Lian Lei Xu almost couldn't help it and wanted to snatch the phone away, but Yu Shi Lan moved faster than his bodyguards.

Even if they were rushing towards her, she would avoid their movements perfectly, simply dodging.

Even though Xiao Mao wanted to see Yu Shi Lan beating them all up, it didn't seem to be a good thing. Besides, the recording was set to the highest volume and everyone could hear Lian Lei Xu's voice as he talked about some unsightly things.

[ "You kept on making a huge appearance in school and pestered her. Everyone knows that you're chasing after Yu Shi Lan, but you're actually just playing around?" The other male voice sighed. "It's truly unlucky for her to be selected by you." ]

"She's just an orphan and even her brother likes to bully her. I know that even if I choose her, no one will side with her and thus, she's the most convenient target," Lian Lei Xu replied indifferently.

It was as if he was not talking about human's life but talking about some amusement.

People with ordinary three views will definitely be angry when they heard Lian Lei Xu's words.

Who would have thought that he was not done yet?

"Then how about the other girls who are chasing after you? I heard that they bullied that girl in turn."

"That's the goal." Lian Lei Xu sneered. "Those girls think that relying on their family's connection, they can enter the Lian Family, but who are they? They're nothing more than small time people who didn't worth mentioning at all. It's already the greatest kindness for me to be willing to speak with them.]

Lian Lei Xu's voice was filled with arrogance that was hard to conceal.

The onlookers gasped when they heard this big melon and some people even looked at Lian Lei Xu with unkind look.

After all, they were people whom Lian Lei Xu mentioned as small time people. Perhaps it didn't sound like a big mockery, but they understood that Lian Lei Xu basically didn't care about their lives in the slightest bit.

He even said that it was his greatest kindness to for Lian Lei Xu to speak with them.

Heh.

Who does Lian Lei Xu think he is?

Swish!

As the eyes of the people turned wrong, Lian Lei Xu was glaring viciously at Yu Shi Lan. "Turn off the recording! You're slandering me! I have never said that!"

Even if he did say that, Lian Lei Xu could never admit it until his death.

When his father and grandfather scolded him, they had already reprimanded him a lot. At the same time, they taught him the consequences of his words if it were to be heard by other people.

Simply put, they couldn't afford it.

Lian Lei Xu knew that if his words were to spread out, it would make many people hated the Lian Family even more.

The Lian Family couldn't afford to be the enemies of everyone in the entire world.

So he had to stop Yu Shi Lan!

"You never said that?" Yu Shi Lan sneered. "When you spoke those words in the school, you should have known very well that someone would keep record, Lian Lei Xu."

A former classmate of theirs was also present on the scene and he shook his head when he saw this scene.

He had seen Lian Lei Xu bullying Yu Shi Lan for a long time, but he never said anything to either side. Because he felt that it was useless to side with either one of them and it would only escalate their conflicts.

Besides, it was Lian Lei Xu's fault in the first place to try finding a scapegoat for his real relationship.

The relationship between Lian Lei Xu and his fiancée was already agreed on by their family members. So why is he trying so hard to hide it?

As Lian Lei Xu's former classmate, he couldn't understand.

But he didn't want to jump forward to clarify. Because doing so would only earn Lian Lei Xu's hatred and all. It definitely wouldn't give him anything good and he was determined to be part of the melon eating group.

Swish!

Yu Shi Lan avoided the attack and then clicked on the next recording.

*Chapter 164: Exposure*

The video from the recording would continue to play, no matter whether Lian Lei Xu wanted it or not.

After all, Yu Shi Lan was not afraid at all.

It seemed that she would not stop before seeing the world was in chaos.

["Only you Lian Lei Xu can do this."

"Hahaha, of course! I'm the smartest person in the whole world."]

Lian Lei Xu and his friends' laughter came from the recording, making the onlookers feel that Lian Lei Xu had some kind of brain disease. It seemed that this was his real personality when he was staying with his real friends.

Unfortunately, none of his real friends were really good.

They all only know how to make trouble with one another.

"Yu Shi Lan! Stop it!" Lian Lei Xu screamed in anger. He remembered the following conversation from this point and he couldn't allow other people to hear about this matter.

This will affect Yu'er!

Lian Lei Xu couldn't afford to provoke the Su Family and causing the Lian Family to be embroiled in negative public opinion.

But Yu Shi Lan didn't seem to care about it.

Even if the Lian Family had a way to control the public opinion later on... it didn't matter that much. She never thought that these things would be able to shake them completely. It's enough as long as it could cause them trouble.

What she wanted to do is to kill them before leaving the base.

[ "Then how about Su Qing Lian? She has been pestering you for a long time and you can't really avoid her because of the Su Family behind her, right? " The male student's voice continued from the recording.

What followed was Lian Lei Xu's voice, "Don't worry, Su Qing Lian is stupid and she will never notice anything. After all, my real fiancée is her sister, but she always try to get close to me. Isn't it good for her to be with those people? As long as she didn't bother me with Su Qing Yu, it's the best."

"Huh? You did something to her?"

"Lian Lei Xu, you're really brave."

"If the Su Family were to know that you're the one plotting behind Su Qing Lian for the sake of Su Qing Yu, they will never forgive you."

"Who needs it?" Lian Lei Xu sounded arrogant and seemed to thinking that it was only normal. "The Lian Family is better than the Su Family by more than a notch!"

"Hahaha!" ]

What followed was the laughter of Lian Lei Xu and his friends.

Yu Shi Lan heard about this matter when she was thinking about how to reject Lian Lei Xu without making him angry.

And when she heard his words, she felt her heart turned very cold.

Because she understood that in Lian Lei Xu's eyes, everyone else but Su Qing Yu are nothing more than cannon fodder.

There was also doubts on whether Lian Lei Xu see them as human being.

And no matter what, Yu Shi Lan knew very well that if she dared to reject him openly in school, everyone would side with Lian Lei Xu and nothing good would happen.

She knew it very well.

That was why she was depressed and felt that her future was bleak.

When Yu Shi Lan was despairing, she fell sick and then Su Wan Rou came to scold her for being lazy. She didn't want to contradict her foster mother in her previous life, so she could only come out and cook.

Unfortunately, what followed afterwards was her fainting because of fever.

She didn't know how she managed to survive in that building because the earthquake destroyed it. But in her previous life, Yu Shi Lan felt that it was nothing more than the beginning of a long two years of hell on the Green Planet.

She hated it so much.

Yu Shi Lan looked at the angry Lian Lei Xu in front of her and sneered.

In this life, none of those things will ever happen again.

She will never ever let herself be bullied by others again.

"Whoa!"

"Did Lian Lei Xu really say that?"

"How daring."

The people who gathered on the street increased. After all, this is residential areas and there were several apartments nearby. The people had already finished their work or they were working in different shifts, so they have enough free time to eat this melon.

Lian Lei Xu looked like he was about to go crazy. "You're slandering me, Yu Shi Lan! I'll sue you! Even if you're my girlfriend..."

"Call your real girlfriend over and stop assigning identities to others randomly," Yu Shi Lan yelled back in annoyance.

The laughter of Lian Lei Xu and the others could still be heard from her phone, but Yu Shi Lan had no time to care about it. The bodyguards moved again, this time with more ruthless moves than before.

It seemed that Lian Lei Xu wanted to cripple her in public.

"Su Qing Lian and Su Qing Yu will be sad," Yu Shi Lan added.

Lian Lei Xu's lips twitched and then yelled, "Shut up!"

He felt that everything was going wrong and this Yu Shi Lan was really harder to handle than before.

Before he could catch Yu Shi Lan, all of his black history will be reveled by the other party. For someone who cared a lot for their faces, Lian Lei Xu definitely didn't want such a thing to happen.

"Follow me! Don't make me repeat myself!"

"Lian Lei Xu, are you blind or deaf? I have no obligation to follow you and what makes you think that you can order others to follow you? Just because you're Young Master Lian from the Lian Family?" Yu Shi Lan sneered. "You took pride of the Lian Family behind you, but in my eyes, they're nothing more than a waste."

Lian Lei Xu was stunned and then he yelled, "You'll regret making the Lian Family your enemies!"

"Is it me provoking the Lian Family or you coming to provoke me? Don't randomly shout to girls that they're your girlfriend in the future."

Swish!

Yu Shi Lan avoided the attack from the bodyguard and looked at the people behind and there was a sneer on her beautiful face. "Otherwise, your real girlfriend will leave you."

*Chapter 165: Su Family Daughters*

Lian Lei Xu was stunned.

Hearing Yu Shi Lan's words, he wanted to retort directly but he saw that Yu Shi Lan was staring in one direction.

Even though she was agilely avoiding the attack from the bodyguards, Yu Shi Lan could still spare the time and effort to take a look at the surrounding areas, easily finding the two people whom she wanted to see.

To be honest, this is a coincidence.

After all Yu Shi Lan didn't know the itinerary of the Su Family sisters. For them to come here at this time was clearly a coincidence.

But it didn't matter.

As long as it could affect Lian Lei Xu.

"No, Su Qing Yu!" Lian Lei Xu almost cried heartbreakingly when he saw that his sweetheart was there.

And beside Su Qing Yu was Su Qing Lian who was extremely enraged. This was the second time she heard the recording from Yu Shi Lan about Lian Lei Xu. In the beginning, she did consider that Yu Shi Lan might be faking it and there was no way Lian Lei Xu would do something like this.

Su Qing Lian likes Lian Lei Xu very much.

But hearing him treating her that way and even chose her sister for that... Su Qing Lian's eyes were filled with hatred.

"Su Qing Yu!"

"Su Qing Lian, please calm down!" Su Qing Yu is a beautiful woman and even though they were all struggling here, they were still able to live so well and all, she still looked very charming.

Today, she thought that she would be able to give a surprise to Lian Lei Xu and reunited with him.

Who would have thought that Lian Lei Xu was entangled with Yu Shi Lan and even exposed his own black history?

Stupid Lian Lei Xu.

"Kyaaa!"

Screams came from the back as the two women were chasing after one another and their bodyguards were also clashing. After all, they have different bodyguards and the responsibility of the people around them were to protect themselves.

Bang! Bang! Bang!

It was chaotic.

Yu Shi Lan watched as Lian Lei Xu could no longer paid attention to her and was busy coaxing his real girlfriend.

What an annoying man.

But...

"Meow." <He'll turn crazy tonight, Miss>

Xiao Mao looked at Lian Lei Xu in the distance coldly. While avoiding the attack of the bodyguards, Yu Shi Lan was not idle as she spread out the demonic Qi inside her body. Even though on the surface she looked like an ordinary kitten, but she could still contain demonic Qi inside her body.

With the Green Planet's increasing demonic Qi's concentration, Xiao Mao's body absorbed it naturally even if she didn't command it.

In other words: she will get stronger in time.

To be honest, Yu Shi Lan envied Xiao Mao's physique several times in the past, but she also knew that it was impossible for her to be like these demonic beasts. They could grow stronger as long as time passed, which was why humans were overwhelmed and cultivators had to clean them up from time to time.

Otherwise, the entire cultivation world would have been filled with demonic beasts all the time.

Since Xiao Mao has demonic Qi in her body, she could naturally control it too. So when Yu Shi Lan was busy fighting, she let the demonic Qi entered Lian Lei Xu's body.

Cultivators would notice this operation and be wary.

But an ordinary person like Lian Lei Xu would never notice.

In fact, Lian Lei Xu's boy himself had been filled with demonic Qi, so this operation would only increase the amount, hastening his demise.

Xiao Mao could see that Lian Lei Xu was already affected by the demonic Qi and soon will become someone who couldn't sense any right or wrong.

Yu Shi Lan's lips curled up slightly. "Then that's good."

She didn't like Lian Lei Xu and was thinking of letting him be. After all, Lian Lei Xu was practically seeking death on his own by eating those demonic beasts' meat.

Now with Xiao Mao acting in advance and infused more demonic Qi inside Lian Lei Xu's body...

It's good.

Yu Shi Lan only felt a bit of pity that she wouldn't be able to watch it in person.

She went to the guards, borrowed a speaker and took another spare phone that she had downloaded those recordings and played it on the loop.

"If you keep the recording played until tomorrow, I'll give you 10 contribution points," Yu Shi Lan said.

10 contribution points?

The guards' eyes lit up and he agreed without hesitation.

That amount was a lot but it was nothing for Yu Shi Lan. Even though she had already used up a lot of contribution points to exchange for things with Mu Ting Ye, there were still more than enough left.

So after taking one last look at Lian Lei Xu, Yu Shi Lan turned around and left without hesitation.

"No, please listen to me!" Lian Lei Xu cried out, but the two women were unwilling to listen to him. Su Qing Lian was so angry by Lian Lei Xu's deception and was determined that it must be caused by her sister.

So she wanted to teach her a lesson.

Even though Su Qing Yu did use Lian Lei Xu and even made things difficult for him, it was not like she had no other intention. After all, Lian Lei Xu was a bit too popular and he himself was also a playboy.

She wanted him for her own.

So she let him deal with her sister who was very annoying and had been disturbing her.

Who would have thought that Lian Lei Xu would be so stupid that he caused himself to be recorded by others?

This was the real fuse.

"Ahhh!" Lian Lei Xu screamed loudly.

Yu Shi Lan, who was already at her apartment and leaned on the balcony, watched the show below leisurely. Her eyes flickered with killing intent, but she didn't attack directly and only watched the show downstairs.

### *Chapter 166: Crazy*

"Ahhh!" Lian Lei Xu held his head that was in pain.

The infused demonic Qi from Xiao Mao coupled with his already high demonic Qi's concentration in his body made it impossible for Lian Lei Xu to stand any longer.

"Meow." <It's faster than expected>

Yu Shi Lan nodded and silently casted a spell to let her see the demonic Qi's flow in other people's body. This spell used a lot of Qi even though the function was so simple, so she didn't dare to use it before.

Sensing that more than half of her Qi has been used up, Yu Shi Lan sighed.

But when she saw Lian Lei Xu, she could see that the demonic Qi had already penetrated deep into the organs and brain. Seeing that his internal organs were turning black and was failing at speed visible to the naked eyes, Yu Shi Lan sighed.

"At this rate, he wouldn't survive for long after becoming crazy," Yu Shi Lan muttered.

She looked at Lian Lei Xu's brain and felt that the degree of destruction was even worse. Human only used a small portion of their brain and it was also because of this that Lian Lei Xu hadn't felt anything.

By the time he truly sensed something is wrong...

It would have been too late.

"Ahhh!" Lian Lei Xu's scream attracted the people's attention. The bodyguards panicked and the two women who were fighting finally stopped.

They were both worried for Lian Lei Xu.

It was obvious that they truly loves Lian Lei Xu...

"How stupid," Yu Shi Lan muttered in a low breath as she watched this scene.

Xiao Mao glanced at her master but didn't say anything in the end.

Because she was not sure whether Yu Shi Lan was saying this to Lian Lei Xu or to the two women who were fighting for her.

In truth, Yu Shi Lan was saying this to everyone involved in this ridiculous drama.

Just because a man was paying attention and tried to court a woman, she gave out her heart completely, not caring that this Lian Lei Xu was such a jerk. He played around with another woman and trampled on another woman.

Oh, he never even thought of anyone other than his sweetheart as a person.

They might not be any different from animals.

Yu Shi Lan looked at the group that slowly left before coming back inside. She figured that it would take some time for her to see Lian Lei Xu again.

Perhaps the next time she saw him, Lian Lei Xu would have long turned into a corpse.

The Lian Family might come to her.

Yu Shi Lan's eyes flickered.

If Lian Lei Xu's family members really looked for her, then it's good. She will make sure that none of them would be able to return back alive.

...

Mu Ting Ye and Lin Yuan only found out about the commotion that Lian Lei Xu made in the evening.

"That stupid Lian Lei Xu is looking for Yu Shi Lan openly?" Mu Ting Ye frowned when he heard this and was ready to go to the Lian Family.

He had already warned Lian Lei Xu just the day before and he didn't bother to listen to it.

Tsk.

He shouldn't have shown any mercy and just directly declared a war against the Lian Family.

As for the Mu Family...

Mu Ting Ye pursed his lips.

"He's really brave." Lin Yuan also frowned when he heard what Lian Lei Xu did and then decided to pay a visit to the Lian Family.

"But it's a good thing that Lian Lei Xu's attempt to use Yu Shi Lan fails miserably." Mu Ting Ye smiled brightly when he thought about this.

Yu Shi Lan has never been afraid of the Lian Family. She dared to rebuke Lian Lei Xu in public and even showed off the recordings.

Oh, right, the recordings.

"Lin Yuan, let's sell the recordings to a few other families. I think that the Lian Family will be happy to see that their proud descendant Lian Lei Xu is so humiliating," Mu Ting Ye said with a grin.

Lin Yuan's eyes lit up when he heard this. "Hahaha! I have been waiting for this for a long time. Don't worry, everyone will definitely laugh at Lian Lei Xu when the time comes."

Neither Mu Ting Ye nor Lin Yuan liked Lian Lei Xu.

They have been at odds for a long time, so even if Mu Ting Ye started selling recording containing Lian Lei Xu's black history, there would be many people who would willingly shove their money over to them.

It was precisely because of this that Mu Ting Ye was confident.

Once the matter spread among the young masters, it would be a matter of time before their elders found out.

When Mu Ting Ye was listening to Lian Lei Xu's recording, he had found many inappropriate remarks for these families.

Yu Shi Lan didn't understand.

But Mu Ting Ye understood very clearly.

Once these people found out about these... they would never let the Lian Family and Lian Lei Xu off so easily.

"Ahhh!"

As Mu Ting Ye and Lin Yuan was making their way to the Lian Family, they heard screams of the girls.

Su Qing Lian and Su Qing Yu, who were fighting over Lian Lei Xu before were screaming loudly, blood splattered everywhere. The gory scenes directly attracted many people's attention, but no one dared to step forward.

Mu Ting Ye and Lin Yuan were dumbfounded.

Because they saw that the one who stabbed these two women was actually Lian Lei Xu.

His eyes were red and his movements became fast as he attacked the women and their bodyguards.

No matter how much they screamed to him, Lian Lei Xu looked as if he couldn't hear anything.

Even when his father and brother came out...

What they saw was the crazy Lian Lei Xu.

"Lian Lei Xu! What the hell are you doing?" Lian Lei Xu's father yelled in anger when he saw what his son did.
