

Last Days 176

Chapter 176 Chase

Amelia headed back to see the situation of the others.

Mr. Jones looked around and saw his three children. Sean was staying with Joan to help with the injured as some magic beasts managed to climb over the walls and it was hard to use guns to deal with them. They had to use their swords or other weapons to kill these magic beasts.

Amelia was rushing over to help carrying these magic beasts' corpses. Arnold was standing not far from her, also helping the soldiers to do their cleaning up work.

Mr. Jones: "..."

He shook his head and looked around, trying to find Samuel but find his first son missing.

Thinking about his son's vengeful personality... Mr. Jones had the feeling that Samuel should be looking for those people from the Magic Association to settle their accounts.

Even before, his son would not be willing to eat dumb loss for nothing.

Mr. Jones sighed deeply and rubbed his forehead.

Leave him be.

His first son was no longer that young anymore and should know sense of proportion. Back then, Mr. Jones also left the matter of the company in the hands of his first son. After all, he knew very well that his first son was very capable.

'But why did he become so much impulsive now?'

Mr. Jones sighed again and then walked towards the people from the Martial Arts Association. If he wanted things to get better, then he should go and ask for help from the Martial Arts Association.

Otherwise, it would be difficult for them to settle this matter.

...

Swish!

Riya dashed through the street. Any magic beasts she encountered were killed easily and their corpse were sent to her world, in the areas where time was frozen.

She would deal with them later.

Part of them would be used for that white tiger...

Swish!

roar?

The white tiger looked at Riya in confusion. He was just napping after eating when he felt a pull and then came out.

Riya smiled brightly and said, "You'll be my mount now."

...roar

The white tiger crouched down weakly and let Riya climb up. After that, the white tiger rushed in the direction that Riya pointed at.

"You're too slow." Riya silently used her formation on the white tiger, allowing it to rush faster. The white tiger felt his body hurt a bit but it gritted its teeth and continued to rush forward. With its current speed, it could rush faster than most cars.

Moreover, those cars that the people from Magic Association used were not exactly speed type cars.

In that situation, it would be difficult for them to outrun this white tiger.

Moreover, the white tiger has been pampered by Riya to the point that it was able to absorb a lot of mana. Looking at it carefully, the white tiger was already a rank 1 magic beast.

With how much Riya gave food to him, it was estimated that this white tiger will be able to grow even faster soon.

Thinking about this, Riya smiled kindly on the white tiger.

When the white tiger become rank 3 magic beast, she could use it as her tank.

How great!

The white tiger shivered as he felt chills but didn't dare to look back. For some reasons, he was sure that Riya was planning something bad for him.

However, for the next period of time, he would be given a lot of meat to eat.

Just when the white tiger felt happy and complacent, he realized that his life was arranged as a mount and meat shield.

White tiger: "..."

But that was for the future.

Right now, Riya was still hunting the few magic beasts around and after killing them, she put them into her world. Thankfully, she didn't have to touch these magic beasts' corpses directly after killing them or it would be inconvenient.

She could directly put them inside with a thought.

Time passed slowly.

Riya took out a poached egg, some rice and then started eating while riding the white tiger. It was already past the time for dinner but she couldn't help it. It was not that easy to eat while they were traveling like this

Those people seemed to be going quickly.

'Hmm?'

"Stop here for a moment."

roar

The white tiger stopped while Riya jumped down and looked at the crack nearby. The corner of her lips curled up and she wanted to laugh. This was the crack where she made the killing formation some time ago and now the formation was broken.

Riya jumped inside and then looked at the pile of magic beasts' corpses that had turned bad and shook her head. She decided to just bury them all in her world to be used as a nutrient.

Swish!

The entire pile disappeared.

What left was nothing more than some blood markings.

After looking around for a moment to ensure that there were no other magic beasts around, Riya climbed up again and then looked at the white tiger.

"Come on."

roar

With that, Riya continued her journey and rushed over to the Business District's Base. After some time, her eyes were locked on the group of people at the front.

'They dared to stop?'

Riya jumped down from the white tiger and patted it to put it into the special space again.

'Eye of Sight.'

With enhanced vision, Riya could see that these people were cleaning up one of the buildings there. They truly planned to take a break here.

The Business District's Base should still be a distance away and it was dangerous to walk around at night.

So they chose to stop to rest.

Riya looked around for a moment and then froze. Standing not far from her was Samuel, who was walking with his sword in his hand. He arched his eyebrows and looked at Riya in surprise.

The two of them stood a few meters away from each other and looked at each other in silence.
