Chapter 322 Guilty Pleasure (R18)

"A...a... AHH!" Mia's moans turned my mind into a mesh. The intensity of her voice changed as I pushed the silicone stick deeper and deeper into her.

'She is so lovely,' I thought, looking down at her penis-adorned face.

Then, Mia licked her lips clean as her body trembled, making her tongue brush against my tip.

"Damn," I moaned, pulling my head to the back when the wave of pleasure assaulted me from the bottom up.

"Huh?" Mia moaned in surprise. She clearly didn't expect to get such a reaction out of me from something as little as a simple lick!

But it was pretty strange for me.

It wasn't the first time for Mia to use her mouth to pleasure me. She even gave me a damned titjob in the past! Yet, here I was, reacting to even the smallest stimuli like some kind of virgin.

'I guess even after casting away my V-card, I'm mentally still stuck with it,' I thought as I started to move my right hand to and fro, massaging Mia's insides with the artificial penis.

"Agh!" Mia continued to moan, her body tensing all over as more and more pleasure-filled her mind.

Her eyes clouded, showing that she could no longer think straight. And as if it was the requirement, she then finally paid attention to my dick that rested uneasily on top of her face.

"AGHUMGP" Our moans mixed. With Mia grabbing the tip of my dick with her mouth only to then suck on it as she pushed it deeper into her mouth, I couldn't fully control my body anymore. And when the wave of pleasure struck my mind, my hands tensed up.

Which, as a result, made me shove the dildo all the way up Mia's wet hole, as far as my hand could reach, before claspng it against Mia's crotch.

Pushing it any further would be too risky. I heard some stories about tampons getting stuck inside the girls. And I wasn't going to risk doing the same with a dildo just by letting it out of my hand.

"Mphmph!" Mia attempted to say something. Yet, with her mouth filled with my dick and her tongue busy caressing it all over, even I couldn't understand what she wanted to say.

"Don't speak with your mouth full," I gently scolded the girl, forcing my hips to the back in order to let Mia speak.

Yet, the second this damned girl felt my retreat, she brought her head up and to the side, showcasing just how unwilling she was to let go of me like that.

Her hands wrapped around my waist, only for Mia to use this newfound support to shove my dick even deeper into her throat.

And then, with her chin tickling my balls, she froze.

"DAMN!" I moaned, unable to resist the insane feeling of feeling Mia all over my thing. Her tongue swirled around my shaft. Her lips pressed tightly against the base of my dick, refusing to let it go. And then, the gentle movements of her throat as she choked on my shroom only made holding it in even harder.

"Stop it," I complained weakly.

It wasn't as if I minded Mia giving me such a great service. It wasn't as if I didn't want to feel as good as I was feeling, thanks to her depththroat.

I simply couldn't handle seeing Mia's tears messing up her beautiful face as she continued to push herself further and further, all for the sake of pleasuring me.

Mia raised her eyes and looked up. Despite the tears clouding her pupils, she still easily established eye contact, only making the moment more intimate.

'Fuck, I forgot myself,' I thought, forcing my hand to move again.

With her mouth still tightly stuck to the bottom of my shaft, Mia couldn't moan any longer. Right now, the sounds she was involuntarily attempting to make all served as yet another layer of pleasure for me, adding a strange vibration to her blowjob.

And even with Mia's body tensing all over due to my own efforts to pleasure her, she didn't break the eye contact even for a second.

"Damn it!" I moaned, hanging my head to the back in an attempt to take control of the wave of pleasure that coursed through my mind. "I'm cumming!" I shouted as if to warn the girl. At the same time, I moved both of my hands to her cheeks.

A brute would attempt to hold the girl's head as he would cum. And while it would surely feel good to manhandle Mia like that, it wasn't something that I would ever allow myself to do.

Because what was my pleasure if it would come at the cost of Mia's torture?

"Let go!" I shouted, only to clasp my teeth together in a desperate attempt to quell my built-up lust.

Yet, as I attempted to pull Mia's face away from my dick, her hold over my waist only strengthened.

Then, Mia finally gave up, allowing me to pull myself out of her throat.

'Thank God,' I thought, unwilling to as much as imagine what would happen if my self-restrained gave up even a bit earlier.

A glint flashed past Mia's eyes.

And then, she ignored my attempts to free her mouth, shoving my dick down her throat once again.

"FUCK!" I screamed out, unable to hold myself back anymore. This last push of hers was the last element that tipped the scales. "I'm cumming!" I shouted, feeling a wave of pleasurable electricity traveling up my spine as my load shot out directly into the depths of Mia's throat.

And then, for the several seconds that I needed to empty out my balls, Mia kept on looking right at my face.

Seeing how her throat moved up and down in an attempt to gulp all the sperm, I was pumping down her throat...

Just looking down at Mia's silly state forced us into a vicious circle, when every time Mia would gulp down would cause another gulp-worth of sperm to be released.

"Stop it!" I pleaded, forcing my penis out of her lips.

A wave of air struck my wrangled dick, indicating that I had managed to achieve my mission.

'That should do for the foreplay,' I thought, feeling the exhaustion ramp up in my muscles.

Whether this was intentional or not, Mia's devotion brought me over to the edge of my own rationality.

If she were to go any further than that, I would surely lose it.

"Yum," Mia commented as she brought her hand up to her face, only to gather a stray strand of my sperm from her face and bring it up her lips.

She made a face of delight when she snacked on the last bit of my cum, only for her eyes to draw towards the twitching tip of my penis again.

'How can she be so damn...' I thought, only for my thoughts to shake and cease when Mia suddenly pushed her head up, only to catch my dick with her lips again.

And then, she sucked on it with all her strength.

My own strength left my body in an instant when Mia meticulously vacuumed all the remaining cum from the insides of my dick.

I pulled myself out right in the nick of time.

"Mia!" I moaned when I looked down at the girl's face.

"Hehehe," Mia giggled a little, a satisfied look blossoming on her face. "Did you like it?" she then asked, her lips forming a small grin.

Yet, before I could even respond, Mia suddenly pushed both of her knees as far apart as she could. She then reached out to her crotch only to rest her fingers on my hand and push it away, making me pull the dildo out of her.

"It was insane," I admitted without any shame, only to ignore Mia's clear attempt to seduce me towards her wide-open legs. Instead of going for the main dish, I reached out and grabbed Mia by her waist, only to pull her into a tight embrace.

"It felt better than most of the things I experienced in my life," I whispered into her ear, only to feel her body twitch in response to my words.

But then, I pushed Mia away, just far enough to get a proper look on her face.

"No, we shouldn't kiss now!" Mia protested, misinterpreting my intentions. "At least let me water my mouth fir..." she attempted to rationalize with me.

Flick.

"AUCH!" Mia whined a little when my finger struck her forehead. She also raised her hands to cover the upper part of her face, only to look at me with puppy eyes.

'Why did you hit me?' her eyes seemed to ask.

"But I can't enjoy myself if it comes at the cost of your displeasure," I explained my real thoughts, only to pull Mia right back into my embrace. "But I can't lie. Right now, I'm so damn horny I don't think I will be able to stop myself at all."

Mia's body twitched in my arms. Then, her legs moved once again, spreading as far as her tendons allowed.

"Then what are you waiting for?" Mia asked, leaning her head to the side as she looked at me with puzzlement in her eyes. "Cut the crap and fuck my brains out!" she added cheerfully, pushing her hands against my chest only to fall down on the soft cushions of the bed.

Seeing how her love juices dripped down from her pussy, I couldn't hold myself back any longer.

"As you wish, my lady," I replied with a satisfied smile.

Now that I made my point, it was time to go back to having fun!
