

Leveling 101

Chapter 101: Bandits

After saying his farewell to Shi Xueyun, Yi Tianyun began his journey to Xiao Lian's home where he wants to help her regarding her father's condition and do his best to help her family too. He already made plans about the next move he will make after visiting Xiao Lian, which is to buy materials and keep forging and refining new weapons and pills.

He would sell the weapon he makes to earn Crazy Points that he would later use to level up his lucky aura. He realized the importance of the lucky aura after the previous war, he really needs the lucky aura to help him improve faster.

"If I have enough materials, I would experiment a bit, I want to know if I can make myself divine tools as well, which would help me earn more Crazy Points."

As of his ability to make Soul Tools now only on 10% chance of success rate, even with Luck Aura at most the success rate is 20%, so rather than risk it he'd rather forge Peak Grade Spirit Tools.

He immediately arrived in the vicinity of Wind City, but he is not here to enter the city. Xiao Lian's home is located in a remote place far from the city but it still in the same direction of the city.

"I have to find this Gong Village, I need to ask for directions!" Yi Tianyun already know the name and somewhat the directions of her village, but he still didn't know how far and the accurate direction into her village.

After asking around a little bit and passing a few mountains as he goes, Yi Tianyun finally sees the outline of a village in the distance although he is not entirely sure is it the Gong Village or not. As he starts walking in the directions of the village he notices a commotion in the village entrance.

"Hmmm, this is quite a sight!" he thought to himself as he notices that a group of people is currently robbing something from villager. After observing for a while, he notices Xiao Lian in the villager crowd, this immediately change his plans about how to approach the event.

“Sir Yun, we already handed the money you want three months ago, don’t we have to pay once in six months time? Please Sir Yun, we don’t have enough money to get by if you still take the money from us this fast, at this rate, the villager will be starved to death!” Wu Liqun, the head of Gong Village, trembling as he speak and beg to the group of people in front of him.

It seems to Yi Tianyun that the group of people in the entrance is a villager and the next group is a bandit. He proceeds to use his Appraisal eye to the group of bandit to find out more. He immediately notice that the head of the bandit group is named Yun Tiansheng, with a cultivation at Second level spirit refinement, and the people behind them is far more superior than him at Fourth level spirit refinement. This group of bandit’s cultivation is definitely not bad but they didn’t have the required innate ability and intention to join any sect, as far as their concern is to have as much freedom as they can and get as many resources as they hand can get. And they for sure don’t want any sect to control their way of living.

“Who said that I would take the money every 6 months? I said I would take them whenever I want to! Now who is smart enough to say that I’m wrong here? Small village like yours better do what I say!” Yun Tiansheng said with a loud voice. There is nothing the villager can do, there is no strong enough cultivator to fight them and there are too many old people and children in the there.

“But sir, we really have no money to pay you right now, could you at least give us more time so that we can earn more money to pay you?” Wu Liqun kneels and begs to the bandits.

“If you can’t pay me, that’s fine, I see you have few strong men in your village, I will have them for now!” Yun Tiansheng immediately gave gesture to his man to grab the man from the village. The men from the village that he mentioned sure look strong, but they are still in their teen, around 16 to 18 of age.

This threat scares Wu Liqun and he immediately said “No, Stop! We will give you your money!” he immediately signaled the rest of the villager to give the bandit the money they want. They handed the bandit 52 silver coins, one would say that this is not that much of a money, but if situated in a village like this, that much money would be a fortune.

Yun Tiansheng stared at Wu Liqun and quickly kicks Wu Liqun with enough power to send the old man flying. This move really set the villager off, they are angry before but now they are furious. Weng Dechuan rushes to Wu Liqun side to check his condition.

“How could you still hit him even after we pay you money!” he shouts at the bandit while hugging Wu Liqun who keep coughing and vomit a little bit of blood.

“Why? Well, he said that the village doesn’t have money but eventually still gave the money after some threat, what would you say to that? Basically he is saying that the village has more money but won’t give it to me. Now, I’m really hurt of this kind of treatment, I’ve been trusting you guys this whole! I haven’t even burned a house, and you still lie to me?” Yun Tiansheng talk with sneers “Oooh, yeah. I almost forgot the beautiful girl is back isn’t she? And I heard she brought with her much silver from her sect isn’t she? Now, bring her to me now. Don’t bother try to hide her, I will make sure to search this entire village if I have to!”

All villager suddenly becomes pale, they didn’t know how this kind of information can reach the bandit, who the hell in their right mind wants to reveal this kind of information to the bandits! “Oh, you don’t want to speak all of the sudden? It’s okay with me, you just made it easier for me. I will start beheading one of you every several minutes no one speak where she is, and I will start with your incompetent village head” Yun Tiansheng point at Wu Liquan and took out his long sword.

Wang Dechuan immediately blocked the bandit who would drag Wu Liquan to Yun Tiansheng feet, “If you want to kill the village head, you need to take him over my dead body!” Wang Dechuan said with enough confidence.

“Hoo, we have our self a makeshift hero!” Yun Tiansheng sarcasm is really made every villager on their toes with fury.

“Fine, we will start with you.” Yun Tiansheng points to Wang Dechuan with bored face.

Wang Dechuan was dragged into Yun Tiansheng’s feet, and Yun Tiansheng without hesitation make a move to cut down Wang Dechuan Head! Immediately sound of a sword hitting something hard echoing through the village. Yun Tiansheng frown, it’s unusual to meet resistance in this village, wang Dechuan was saved before the sword could make it through his head.

“You bandits! Here I am no need to continue this sick game of yours!” Xiao Lian comes out and glared at the bandits, she couldn’t hide knowing someone would die just for her.

“Xiao Lian, why would you come out here?” Wu Liquan asks while trembling from the previous impact.

"I don't want anybody to die just for me while I'm hiding like some coward!" Xiao Lian speaks with anger clearly on her voice.

"Oh, Feisty! I like it!" Yun Tiansheng licks his lips and said "I also heard you brought with you an extra amount of gold and some pills right? If I were you I would just quietly obey and comes with me, I guarantee your safety and everyone you care about, how about that? Interested in my offer?" Yun Tiansheng backed Xiao Lian into a corner while talking to her.

Xiao Lian reached her limit just listening to his nonsense.

Chapter 102: Rebels

Yun Tiansheng doesn't really care at this point whether this village will retaliate against them or not, because Xiao Lian has quite a lot of fortune with her, besides he didn't exactly 'protect' them because there's no threat around there except for themselves

"In your dream! Sister Xiao Lian won't go with you!" Wang Dechuan stood up for her, holding a wooden stick, but that wooden stick is basically a toy for them, they could even send him flying with one finger due to the gap of their cultivation.

Yun Tiansheng ignored him completely, he just said to Xiao Lian. "Hurry and make your choice. If you don't want to i will kill the villagers one by one in front of your eyes. If you agree, i will exempt this village from the tax for three years, not a bad deal i would say."

It's not like Xiao Lian is weak, but the gap between them is too huge, she realized this when she tried to parry Yun Tiansheng's strike.

Xiao Lian bit her lips, she basically doesn't have any choice but obey Yun Tiansheng because she's not strong enough and if she refused, Yun Tiansheng will kill the villagers one by one until she's the only one remain and drag her with him anyway.

"Sister Xiao Lian, i'll fight! even if i die trying it's better than letting these scums do whatever they want!" Wang Dechuan made his resolve to stand his ground. He is afraid of death, but more than that, he's so furious at these bandits.

“Oh, how inspiring! but go ahead and ask her, whether your futile resistance really amounts to anything” Yun Tiansheng gave him a condescending look.

“We would rather die than let Xiao Lian go with the likes of you!”

“You held my son captive. I have nothing else to lose, I’ll fight!”

“Yes, I’ve had enough of this crap!”

At this time, everyone else was inspired by Wang Dechuan and decided to stand up and oppose this tyranny. They are afraid of death, but living like this is basically the same as dead.

“Don’t be hasty. We should listen to Sir Yun’s words and let Xiao Lian and Sir Yun go to avoid further casualties. I’m sure it would be an honor for Xiao Lian to sacrifice for this village!” A man said from the crowd while running to Yun Tiansheng. “Besides, we’ll be exempted from protection fee for three years. This would’ve been unthinkable before! If it is not for Sir Yun’s protection, we would’ve fallen prey to demon beast long ago!”

“Niu Zhi, what are you talking about!” Wang Dechuan said with anger: “Protect us? From what exactly? There is no demon beast nearby, we don’t need their protection!”

“Yes, Niu Zhi, how can you side with that scum... don’t tell me you’re the one who leaked the information about Xiao Lian.....” Someone suspected him as the one who leak the information.

“Information?” Niu Zhi said with a sneer: “Xiao Lian brought back lots of things, but barely gave us any!”

The villagers can’t believe what they just heard, and Xiao Lian is so furious. It’s true that she didn’t give everything she brought to the villagers since she has her needs as well, but she already gave most of what she brought here.

She was not that familiar with Niu Zhi, yet she still bother to give him some of her fortunes! Only to be stabbed on her back!

“You’re a traitor...” Wu Liquan was so furious he never expected one of the villager would become a traitor and side with bandit.

“Traitor? I’m doing this for this vilage’s sake as well!” Niu Zhi said with a sneer: “the most logical decision to make is to obey Sir Yun. You think you can defy Sir Yun?”

There is no doubt that he is the traitor, no wonder Yun Tiansheng already return here even though it’s still 3 months from the previous extortion.

“You, you... I will kill you!” Wang Dechuan screamed and about to smash Niu Zhi’s face with a wooden stick, but was quickly stopped by Xiao Lian.

“Hold it, you can’t fight them ...” Xiao Lian was also full of anger. It’s been a while since her last return to her village and she gave the villagers a lot of things. But somebody snitched on her just because he’s dissatisfied with what she gave him.

There’s no point in saying anything now, Yun Tiansheng and his men is too strong for her.

“At least you understand that much, last chance to make your choice, before i’m running out of patience.” Yun Tiansheng looked at her full of disdain.

Xiao Lian looked back at the villagers and finally grits her teeth and said: “Alright, I promise you...”

She has no choice but to accept. If she refused Yun Tiansheng will kill the villagers one by one, and she can’t fight them all.

“Xiao Lian, do not go with them, these son of a bitch will kill you!” At this time one man on a crutch came out of the house, limping.

After a few steps, he fell to the ground.

Xiao Lian ran and propped his father. “why did you come out, you have to rest”.

“I didn’t expect you to be her father. I did remember injuring your leg. I’m sorry, if i know you’re her father, I will definitely show my mercy.” Yun Tiansheng smiled cruelly, showing no remorse at all.

“However, since you agree to come with me, then I will leave some healing pills.”

Xiao Lian trembled, she thought that the cause of her father’s injury is a serious illness, turns out it’s Yun Tiansheng’s doing!

“Old Liu, It’s an honor for your daughter to go with Sir Yun, why do you get in her way?” Niu Zhi chuckled, villagers are disgusted seeing his wretched expression.

“You traitor, leave at once!” Old Liu said with anger: “Don’t let me see you again, or i will kill you!”

“No hard feelings, i just choose side based on logic, and I will go with Sir Yun, how can I stay in this poor village?” Niu Zhi doesn’t look sorry at all, as Yun Tiansheng promised to take him in, so he’s not worried at all.

The villagers just looked at Niu Zhi with contempt, having a scum in Gong Village is really embarrassing and frustrating!

“It’s about time, let’s go.” Yun Tiansheng said solemnly.

Xiao Lian immediately signaled the other villagers to come and help her father to return to the house. Instead they immediately walked to Yun Tiansheng.

“Sister Xiao Lian, don’t go!”

“Xiao Lian, come back!”

“Don’t go, i’ll fight!”

At this time, Yun Tiansheng’s men quickly pushed them back. They could not resist due to their lack of strength.

“Take care...” Xiao Lian is about to cry, all she could is a small sacrifice.

Yun Tiansheng enjoyed this kind of scene unfolding before his eyes, to tear apart someone from their loved ones.

“Who dares to take you?”

At this time, a familiar voice fills the air, and everyone looked somebody blocking Yun Tiansheng’s path with his cold eyes.

“Young Master...” When Xiao Lian saw Yi Tianyun, she instantly shed tears.

Chapter 103: Instant Kill

Xiao Lian was very surprised when Yi Tianyun showed up in the village. She knows how busy Yi Tianyun is thus she never tells about her village conditions. Now that Yi Tianyun can see the situation himself, she hopes that Yi Tianyun can help her village. She looks at Yi Tianyun with tears on her eyes, Yi Tianyun always comes at such critical moments, before in Jade Palace, and now right when she’s about to be taken captive.

Yi Tianyun looks at the bandits with cold eyes, he already knew everything he needs to know about these bandits. Fortunately he comes to the village in time, or Xiao Lian would’ve been taken by these bandits.

[Random Quest: Xiao Lian – Protect Gong Village]

[Reward: 50.000 Experience, 30 Prestige, 50 Liu Menglian's Favorability, 100 All Gong Villager's Favorability]

"Accept!"

He didn't even read the quest description, all he heard was something about protecting Gong Village and Xiao Lian, then he quickly accepted it without any hesitation.

"I suggest that you all scam from this place and never return again, or you will be facing a dire consequence. All the bandits and the villagers are all shocked by Yi Tianyun's sudden appearances, while the villager are all grateful for a hero's coming, the bandits are all sneering when realizing it's just a little boy playing a hero.

"I thought a real hero with amazing cultivation made his grand entrance, but it turns out to be a titty-sucking kids who doesn't even know how to pee. Boy! You shouldn't play hero when you don't know the real situation you are in." Niu Zhi said with much venom in his words. Yun Tiansheng at the side also feels the same way as he adds "I don't know anything about you but you come at the right time to show these people what happen if anyone crossed me. Xiaobai show him what the afterlife looks like!"

Immediately one of his men reached out for a knife and quickly rushed over to Yi Tianyun's position, with a slightest hint of hesitation he positions himself to stab Yi Tianyun on the heart. That slight hesitation makes it easier for Yi Tianyun to counter him, and Yi Tianyun immediately kicks the man's chest, sending him flying into the forest, and never to return again. Yi Tianyun doesn't like this situation at all, killing this small fry doesn't increase his experience nor his mastery, they are all just a waste of time. but he sure does hate the people who made his loved ones cries, he will make sure to kill every single one of these bandits with a gruesome ways.

He walks over to Yun Tiansheng very slowly, as he's still pondering about how to finish every single one of these roaches.

"You have some skills, but I advise you to beg for mercy as you already succeeded on killing one of his men, I am sure you will immediately face the wrath of sir Yun!" Niu Zhi doesn't stop kissing ass in front of Yun Tiansheng. As Yun Tiansheng himself was slightly intrigued by Yi Tianyun now, there is not much people have the power to defeat someone with one move like that.

“It seems that you have a decent cultivation base, with a little practice I am sure you can get stronger, but still as of now, you are no match for me. Let me give you a chance to use your life better, join me! And I would give that girl to you, I have much more beautiful woman than her, in fact if she doesn’t satisfy your need you can discard her when you get tired of her.” Yun Tiansheng says with smirk on his face.

“What do you say again? Care to repeat it for me? I don’t think I hear you quite right.” Yi Tianyun sarcastically says to Yun Tiansheng, his heart becomes furious hearing every word Yun Tiansheng spill out of his mouth.

“Hoo, you still have quite the fire, it’s better to accept the offer now little boy, there is not that many chance that you can have a better life like this. The influence of Dragon’s Treasure Stronghold is quite big you know, you can have a better future than to live it off in this shit stained little village.” Niu Zhi keeps on giving a compliment to Yun Tiansheng while encouraging Yi Tianyun to take the offer.

“I will give you one last chance! Join me or die!” Yun Tiansheng says with all seriousness on his voice.

“Despite a contrary belief I am not merciful enough to let you live!” Yi Tianyun says with venom.

“You sure got guts, I can tell you that. But as you have chosen your path there is nothing in it for me anymore. Now you die!” Yun Tiansheng immediately take a stance and release his aura of Spirit refinement cultivation and immediately rushed over to grab Yi Tianyun’s head with his Eagle Claw Martial Arts Technique.

Yi Tianyun is just standing there waiting for Yun Tiansheng, this move he choose is considered to be stupid by the people who watch him, either the villager or the bandits.

“Haha, This kid is really asking to die, not accepting Sir Yun proposal.” Niu Zhi laughed at Yi Tianyun as he thought Yun Tiansheng surely would kill Yi Tianyun in one move. The villagers are all scared to look as Yun Tiansheng gets closer to Yi Tianyun.

“Die!” Yi Tianyun screams loudly when Yun Tiansheng is in his reach. He immediately reach and grab Yun Tiansheng wrist and slams him to the ground, stunning him by the shock of the slams. The power of the slams itself is amazing, as it almost kills him. He is still alive for now, but he knows that several of his bones are already broken by the impact.

“You have a garbage cultivation and even more shitty martial art and you dare to threaten me!” Yi Tianyun says with furious look on his face and a potent killing intent.

Yun Tiansheng himself doesn't know how exactly he got his martial art, but all he know is the martial art gives him a quite good cultivation base, while the martial art itself is not quite reliable as most martial art he sees an expert use, but it still meets his needs.

“You, Your cultivation base...” Yun Tiansheng now knows that he's up against an expert, but he still needs to do something to escape from death. He immediately stands up and punch Yi Tianyun on the chest just to hurt his own hand.

“Hoo, you sure are a fighter. Doing completely useless shit despite knowing you can't win!” Yi Tianyun quickly grabs Yun Tiansheng hand and twists it forcefully resulting in Yun Tiansheng's painful screams!

On the side Niu Zhi gasps seeing what happened in front of him.

Chapter 104: Eliminate

“Where is that arrogance you show me earlier?” Yi Tianyun steps on Yun Tiansheng's hand.

“Aaah... I beg you, let me go master! It's my pride talking! Please master, let me go! I am a nobody, there is no point on killing me master! You will gain nothing!” Yun Tiansheng says while screaming in pain.

The pain itself is unbearable and enough to make him faint, but Yi Tianyun never let that happens so Yun Tiansheng can 'enjoy' the pain as he constantly inflicted to other people throughout his life.

“Then nobody, you are nothing more than a dust in the sand, your life is pointless as a small ant lost in the desert!” Yi Tianyun immediately stomp on Yun Tiansheng's arm and cut it off immediately! This act of cruelty shocks everyone, they never imagine a teenager is able to do this kind of cruelty.

After his hand is cut off, Yun Tiansheng screamed so loud that make people in the vicinity having chills down their spine. Niu Zhi on the side is shaking from fear from what he is currently witnessing.

“Now its your turn, are you guys ready?” Yi Tianyun looked cold.

Yi Tianyun’s word scared all the bandits, as they began to flee while pissing their pants. They know if they don’t escape, they’ll meet the same fate as Yun Tiansheng. To them, live with no arms is just the same as death!

“Why so eager to leave?” Yi Tianyun’s eyes were cold, he buried his feet in the ground to build momentum and chase after them, his first target is Niu Zhi. When Niu Zhi senses a murderous aura catching up with him, he was scared shitless, his foot began to numb as he is taken over by his fear. Due to this, he eventually falls down as his feet refuse to move, he immediately beg for his life to Yi Tianyun as Yi Tianyun walks ever so slowly to him.

“I am sorry! Please forgive me! Spare my life master! We were wrong, we will not trouble anybody else after this! I beg you, spare my life!” Yi Tianyun doesn’t seem to care about the man begging in front of him, he kicks Niu Zhi into the villager directions, because he thinks that Niu Zhi it would be more appropriate to leave his punishment to the villagers. He immediately set his pace to catch up on the rest of fleeing bandits.

Not long after he kicks the bandit one by one into the direction of the village but didn’t really hold back his kicks as the system keeps giving him notification as he kills someone.

Eventually, Yi Tianyun goes back to the villager and see that Yun Tiansheng is still cowering from pain in front of the villager.

“Please let me go master...” Yun Tiansheng begged again as he knows his life can be decided on a whim by Yi Tianyun.

“When you disregard Xiao Lian as a human being before, doesn’t you know that everything you said have consequences? You garbage, I can’t control my anger when I see you, better to dispose of you before you infested another human with your disgusting way of thinking!” Yi Tianyun said with cold stare and venomous word.

“I, I am only joking master...” Yun Tiansheng feels remorse after all his done, there is nothing he can do now, but he surely doesn’t want to pay it with his life.

“Oh, you are only joking, hahaha that joke sure is funny!” Yi Tianyun hit Yun Tiansheng head with his palm, lift his body and take him to the villager.

“I am Yi Tianyun, sworn brother of sister Xiao Lian, I came here to help her solve some of her problems. Now these two idiots are yours to judge, it is not my place to kill them in this situation.” Yi Tianyun said with confidence.

“Younger Brother?” All the villager looked into each other as they didn’t understand the meaning behind Yi Tianyun’s word, they don’t think that Liu Menglian ever had a brother! However they focus soon turn to Niu Zhi and Yun Tiansheng. The anger in their eyes and weapon in their hands tells everything that they want these two to be judged.

“Everything i did is for the sake of the village, there is nothing...” Niu Zhi stops talking after he saw Wang Dechuan holding a long stick, he began to tremble as he believes this is the end for him, his previous action just can’t be forgiven by the villagers.

“I suspect there’s already a spy long before Xiao Lian’s return, like how they always find out when we’re about to collect spirit herb, making the money needed for this non sense protection fee even harder to get. But I never thought that it would be you!” Wang Dechuan said angrily.

“you two really made my day a living hell!” Wang Dechuan adds.

After Wang Dechuan finished speaking, all the villagers holding a wooden stick wave their weapons and immediately pummel both of the criminals in front of them, they both die painfully in the chaos. Yi Tianyun choose this moment to come and talk to Liu Mengyan or more known by Yi Tianyun by the name of Xiao Lian.

“Sister, it seems that there are still things you hide from me, you never mention about this village’s circumstances!” Yi Tianyun huffed at Xiao Lian, he really feels that Xiao Lian didn’t trust him enough.

“I, I saw that young master was busy with stuff, I didn’t dare to make this your problems too.” Xiao Lian keeps rubbing her eyes from the tears that she shed a while ago. After awhile she couldn’t hold her emotions any longer and hugged Yi Tianyun while thanking him over and over again.

“If you happen to be taken by the bandits, what would you think aunt would do. She surely would be devastated by that news you know.” Yi Tianyun adds as he envision his aunt enraged by the news.

“Next time I don’t want you to hide your problems like this anymore. I told you over and over again that we already saw you as a family, don’t you ever dare do this again!” Yi Tianyun said with a bit frustration in his voice. He quickly adds “what if next time you do this and i am not coincidentally nearby? What would happen to you then?”

“Young master, I am very sorry, I will tell you the next time I have a problem, would you forgive me?” Xiao Lian’s tears poured out from her strong emotions.

[Random Quest Completed]

[Reward: 50.000 Experience, 30 Prestige, 50 Liu Menglian’s Favorability, 100 All Gong Villager’s Favorability]

The reward comes out almost immediately, while he receive the reward from the quest his heart wasn’t happy, all this quest do was pointing more profoundly that Gong Village was attacked!

Chapter 105: Dragon’s Treasure Stronghold

Wu Liqian comes over and saw Xiao Lian still in Yi Tianyun’s arms. Based on Yi Tianyun’s act before, he is definitely a trustworthy person.

“Xiao Lian, can you tell us a little about our young hero? Who is he?” Xiao Lian immediately rose to her feet and her face become red from the embarrassment caught in Yi Tianyun arms.

“Yeah. . .” she said.

“This is young master of the Jade Palace.” Her face is all red from before and proceed to not look everyone in the eyes.

“A young master?” everyone who hear Xiao Lian word become surprised, they never had such an important person coming to this village, the one that come to this village is just a criminal at best and they all come from the Dragon’s Treasure Stronghold.

“I remember now that the Jade Palace is the sect that sister Xiao Lian joined, I never expect that one of the most important person of that place to come here and help us like this.” Wang Dechuan was mesmerized by Yi Tianyun’s fighting prowess earlier and he quickly adds, “Big brother, you are clearly a powerful cultivator, can you teach me to become strong like you? So that I would be able to defend the Gong Village.”

“What are you talking now, Wang Dechuan. It’s not easy To pass martial arts you know. You must possess compatible affinity to be able to cultivate it!” Xiao Lian said with confidence. Hearing Xiao Lian explanation Wang Dechuan is down with a frown, “I’m just saying..” Wang Dechuan didn’t finish his word as Yi Tianyun interrupt him by said “That’s alright, I will teach you later, but you must work hard, you can’t just quit halfway, because it would be bad for your own body if you did that.” Hearing Yi Tianyun agreed to teach him, Wang Dechuan become excited.

“Really? Really?! You would teach me the martial art?” Wang Dechuan said excitedly.

“Of course, would I lie about something like this?” Yi Tianyun said with poise.

“No, you are our savior, there is no way you would lie about this. Thank you young master!” Wang Dechuan said while smiling happily to Yi Tianyun.

“After all said and done, we have to get out from this village soon. We can’t let the people from the Dragon’s Treasure Stronghold to come here, if they come when we’re still around, we would be dead.” Wu Liquan said with gloom atmosphere. Everyone immediately stops what they did and began thinking with sorrowful eyes. They didn’t have any money to be able to live in another place, furthermore they have a family member being held captive in the Dragon’s Treasure Stronghold.

Yi Tianyun saw this solemn expression, and immediately suggest “Let me go to that stronghold and take back the people being held there? There is no reason to leave this place just because a bunch of fools trying to rob you from your happiness.” When the villager heard this word from Yi Tianyun they become shocked, they only know a fact that Dragon’s Treasure Stronghold is a group of violent and strong people, if Yi Tianyun is going alone what will happen to him.

“Young hero, we couldn’t let you do that, we couldn’t let you die for our sake, they have many expert in there which is far more powerful than Yun Tiansheng was.” Wu Liqun said while shaking his head.

The other villager nodded at Wu Liqun’s word, they really don’t want Yi Tianyun to die just to help them. Yi Tianyun turns his attention to Xiao Lian and ask “Sister Xiao Lian, is this Dragon’s Treasure Stronghold is really as strong as the people said it is?” Xiao Lian was a bit startled by Yi Tianyun’s question but quickly answer “I don’t really know the extent of their power, but they are definitely no match for you i’m sure! are you really gonna help us young master?”

“Of course, I am already here aren’t i?” Yi Tianyun said to clarify Xiao Lian. He adds “I would always help you if you’re in trouble like this sister, and maybe this is God’s way to tell they’ve done enough, i’ll go and end their rein.”

[Side Quest: Eliminate Dragon’s Treasure Stronghold]

[Reward: 150.000 Experiences, 10.000 Crazy Points, 100 Prestige Points]

A brand new Side Quest came out after he finishes speaking, the reward is great for an easy job, the prestige point is all he sees that is very worth the time. The effect of prestige is great by combining it with the lucky aura, the higher his prestige point is the greater the lucky aura would be.

The Villager is still not convinced enough to let Yi Tianyun do this alone, if something happens to him, they would surely felt guilty for sending him to dangerous place.

“I will come with you, young master.” Xiao Lian said with confidence. After hearing Xiao Lian many villagers also express their intention to also tag along Yi Tianyun to retrieve their family member. Yi Tianyun just smiles and shook his head at the excited villager, “Okay, I would bring several people with me, but the rest of you have to hold tight in this village. Everything will be over before you know it, I’ll make sure you’ll witness of the destruction of Dragon’s Treasure Stronghold!”

He doesn’t need to ask for another information, he already knows that the Dragon’s Treasure Stronghold is not as strong as the Three Great Factions, if it as strong as them, there is no way he never heard of it before. At most they only had several great cultivators but that would not be able to stop him for destroying the place.

Old Liu come over to Xiao Lian and said "Are you sure this is okay? It would be our fault if something bad happen to him you know." Xiao Lian just smiles at Old Liu and said "It's okay, young master is very strong, he definitely can destroy the stronghold and let us stay here."

With the assurance they got from Xiao Lian, the villager agreed to Yi Tianyun's plan to destroy the Dragon's Treasure Stronghold. But they surely have some concern left still for Yi Tianyun's safety, as far as they know the stronghold is filled with terrifyingly strong cultivator.

Chapter 106: Do Not Hope To Run

Yi Tianyun ensures everyone that comes along with him to get ready as fast as they can and quickly set off to eliminate the stronghold. Yun Tiansheng as the villager said is one of the top brass of the place, and if he doesn't come back for a long time without anyone knowing anything the enemy surely would get suspicious and Yi Tianyun doesn't want them to come to this village while he was gone. In the road Xiao Lian leads the way to Yi Tianyun to reach the stronghold faster.

"Young Master Yi, the stronghold is just in front off that wall" Xiao Lian pointing the location of the stronghold after a walking for a while. Her eyes shone with anger as this place hold bad memories for her village. After reaching a vantage point, he can finally observe the stronghold, Yi Tianyun saw that the stronghold is surrounded by a wall of mountain, making it quite impenetrable from all side, while the main entrance is heavily guarded.

"Okay, I have seen enough, let's go!" Yi Tianyun said to everyone. Xiao Lian is a little bit confused, "We will walk through the front door just like that?" she asks. Yi Tianyun smiles, and he said in response "Yes, we walk through the front door, there is nothing we could do about it, there are no more entrance we could use to make it easier. Stay within 2 meters from me." After hearing Yi Tianyun's command, Xiao Lian just nodded and didn't say anything else, as she completely obeys Yi Tianyun.

When they casually walked into the front gate of the stronghold the guard immediately stops them, "Stop, you are entering the Dragon's Treasure Stronghold border, if you didn't know what you're walking into, turn around and leave or you will be executed immediately!" the guard's already pointing their bow and the spears to Yi Tianyun's group. Yi Tianyun doesn't falter from such a threatening glare coming from the guard, he reaches into his pocket and throw a small stone in it into the guard directions.

[Ding ,successfully killed Dragon's Treasure Stronghold guard, gaining 400 Experience, 30 Crazy Point]

This is sad he thinks to himself, the guard is too easy to kill and the reward from killing them doesn't amount to anything. Xiao Lian is at loss for words, she doesn't expect a small stone can be used to kill a person. This revelation just make Xiao Lian respect Yi Tianyun more than before.

"Sister Xiao Lian Let's go inside." Yi Tianyun wave at Xiao Lian as a signal to walk closely to him, he pulls out his Chaotic Heaven Sacred Axe. The size alone can cause other to tremble in fear. Not to mention the domineering aura Yi Tianyun emits as he pulls out the axe.

"Even an axe can be used to smash cockroaches." Everyone else was too speechless to say anything.

Yi Tianyun quickly wave the axe at the thick door serves as an entrance into the stronghold. The thick door can't handle the power of the axe and a big hole is formed on the entrance. Yi Tianyun and the villager walks inside and he can see there are many house and the people inside which is either too shocked to move or just too scared to do anything. After observing many of the people inside using his appraisal eye, Yi Tianyun immediately knows that this people poses no threat to him.

"Sister Xiao Lian!"

"It's Sister Xiao Lian!"

"It really is Sister Xiao Lian!"

Several people wave and shout at Yi Tianyun and Xiao Lian, disbelief is still clearly laced on their eyes.

"Xiao Dong, Xiao Yun..." Xiao Lian also wave at them and immediately anger took over her as she sees the condition of the people waving at her. They are full of injuries and their ankle has been chained so that they can't get away from here. The bandit guard around the place finally rush toward the area due to the commotion, quickly reach over to where Yi Tianyun is currently standing "Who are you?" as they readied their weapons to attack Yi Tianyun.

Yi Tianyun just sighs at this view and said "I am just nobody and I am here to kill you!" Yi Tianyun immediately split the guard in two with his axe, the blood splattered everywhere.

The bandit he killed is at seventh level body refinement, it's not high at all, but soon the spirit refinement cultivator comes over to check the situation but as they look at Yi Tianyun's powerful aura they realized he's not an opponent he can handle and quickly runs away while shouting "Quick! Call over the fortress lord!"

Shortly after the bells are ringing everywhere and the shouts are echoing everywhere "Intruder! Intruder!" There are many of the bandits running around either to hide or to inform the others about the situation they currently in.

Not long after, there is a booming voice comes from the house on the side shouting "What the hell is happening outside!" An old man rushed outside the house immediately after, the old man watches as his man running wildly outside his house, clearly confused.

He looks around and grab one of his man as he shout at the poor man ear "Why are you running around! What the hell is the situation!" he shout. The poor man point at the entrance of the stronghold and the old man immediately notices Yi Tianyun and Xiao Lian standing there with blood splattered everywhere around them.

"Who are you two? You dare disturbing me in my own place, you will die by my hand!" the old man screams. He releases his own aura that in sixth level spirit refinement and pulls out his long knife, he ready himself to attack Yi Tianyun.

Yi Tianyun just yawn at the old man display of power and quickly slash his axe against the air in the direction of the old man. The axe made a wave of shockwave that quickly split the old man in two.

The old man doesn't even have the time to do anything as the shockwave travels through him and ended on his house, completely destroying the house into crumble. The old man falls to the ground in two splattering blood everywhere in his vicinity.

"Don't hope any of you can run away today! I will make sure none of you bandits alive at the end of the day!" Yi Tianyun said emitting his powerful killing intends.

Chapter 107: Fighting With All Might

Yi Tianyun's aura combined with his killing freezes every bandit on their feet. There is not much they can do now after seeing their boss was cut in two. Yi Tianyun begun cutting every bandit he laid his eyes on. "Ahhhh! Run away!" "He is a demon! We have to escape!" every bandits starts to scream and shout. They scatters, but still they can't outrun Yi Tianyun.

The place turns into carnage in the blink of an eye, there is blood everywhere. There is still a few of the bandits lying around, as they didn't have the courage to face Yi Tianyun. Suddenly a girl comes out from the broken house earlier, covered with scars and quilt, obviously she was raped by the bandits. She still has the scared look on her face, she starts to look around scared and when her gaze falls upon Yi Tianyun and Xiao Lian, she suddenly stops.

"Sister Xiao Lian..."

"Meng Hua?" Xiao Lian said with disbelief. She doesn't know this Meng Hua is also captured by the bandits. Suddenly, one of the surviving bandit grab hold of Meng Hua's neck from behind and make her his hostage.

"Don't, don't come over! Or I will kill her!" The bandit was pale, holding a short sword in his hand and pointing the sword on Meng Hua's neck.

"Stop! Don't you dare!" Xiao Lian screams at the bandit, her heart thumping from anger. Meng Hua starts crying but she doesn't care about her own life. She wants Yi Tianyun and Xiao Lian to get revenge for her and the villager that was caught. "Don't worry about me! My life is already over when this bastard caught me! Just help me get revenge, and save the villagers." She said while crying. "Shut up slut!" the bandit handle Meng Hua rougher than before, halting her from talking any further. He 's afraid Yi Tianyun will prioritize killing him over Meng Hua's life. He wants to use Meng Hua as a human shield to get out of this place and escape. Xiao Lian standing beside him starts crying too, Meng Hua is her childhood friend, she can't abandon her now when Meng Hua need her the most. She wants to get closer to her, but she can't risk her safety.

Suddenly, a gust of wind drifting from the side, shocking Xiao Lian while the bandit holding Meng Hua died with a hole in his head. Xiao Lian looks at the direction of the wind and find out it's Yi Tianyun's doing. Yi Tianyun throws a stone so fast it bust through the bandit's head. "No one can escape this place, there is nothing you can do about it." Yi Tianyun reaches out his hand for Xiao Lian to take. She immediately takes Yi Tianyun hand and began to stand. "Sister Xiao Lian, you should stay here with her.

She is still shaken by what happened here, no more bandits here, so it should be safe for you, but there is still half more place the bandit could go in this fortress. So leave the rest to me.”

When he rushes forward into the enemy’s territory, he could feel a powerful killing intent comes from afar, followed by two core condensation cultivators. He raises his brows a little after knowing this fact. He doesn’t expect to be fighting a core condensation cultivator in this remote place.

“Who are you?” said Fortress Lord Long Baitian.

Meanwhile Yi Tianyun is observing them using his appraisal eye, and the information shows at once. The three of them are the Fortress Lord of Dragon’s Treasure Stronghold, they are in fact a brother by blood, and it seems the one in charge is Long Baitian followed by Long Weitian and Long Quantin.

Long Baitian: Cultivation Second Level Core Condensation, Weapons Dragon Spring Blade, High Grade Spirit Tool, Equipment Middle Grade Spirit Tool armor, combat power 18,000. Weakness left foot has been injured. Easy difficulty enemy. Killing may have obtained the Item. There are Buddha Killing Palm (High Grade Human Level Martial Art), Heavenly Wind Blade...

Long Weitian: Cultivation First Level Core Condensation, Weapon Tyrant Heaven Blade, High Grade Spirit Tool, Equipment Middle Grade Spirit Tool armor, combat power 16,000. Weakness the chest and the attack are easy to fall. Killing may have obtained the Item for Buddha Killing Palm, Heavenly Wind Blade...

Long Quantian: Cultivation Eighth Level Spirit Refinement, Weapon is...

The details of their powers are showed by appraisal eye. The weapons, the armor, the martial art, even their weakness. Yi Tianyun is clearly smirking with himself when he sees that they are not too hard to handle. He chooses to fight them head on, there’s no need to make a plan against these small fries.

“Oh, I am just a plain intruder who wants your life.” Yi Tianyun said while smirking. He immediately jumps up into the air and cleaves his axe in the three brother’s directions. The core condensation cultivator immediately jumps out into safety, but the third one who’s still on his spirit refinement didn’t have speed to dodge Yi Tianyun attack. He immediately split the Long Quantian in two. His hard armor is basically a paper for Yi Tianyun’s axe.

[Dīng, successfully killed Long Quantian, gained 32,000 experiences, 800 Crazy Point, got Buddha Killing Palm, Heavenly Wind Blade!]

“Third Brother!!”

The two brothers that dodge Yi Tianyun’s attack is shocked seeing their brother died in front of them. They’re filled with anger. “You bastard, I will personally kill you with these hands!” Long Weitian screamed, and slashes his sword at Yi Tianyun’s direction. Yi Tianyun clearly is not fazed, he just dodges it easily, taunting Long Weitian more. Yi Tianyun put some distance between them suddenly, catching Long Weitian off guard and he cleaves his axe into Long Weitian directions.

Long weitian saw what Yi Tianyun wants to do, but he can’t move to dodge Yi Tianyun’s attack, he raises his sword to try to block the axe, but that move was in faint, as the axe easily cut the sword in half and smashes Long Weitian body toward a nearby wall. Chaotic Heaven Sacred Axe is really too powerful, with this axe only, he can kills his opponent with ease, there is no point in hiding against anything as the axe will surely cut through.

Chapter 108: Black Soul Dragon Vein

“Second brother!” Long Baitian hurried over and saw that Long Weitian was dying, his face already became pale from losing too much blood, just from one strike from the axe and now he will not live for much longer. Long Baitian look at his brother with a little bit relief in his mind, at least his brother died an easy death, but death is still a sad thing to confront so he stayed at his brother’s side until Long Weitian’s eyes turned white.

“Seems that your brother’s wound is deep, he is dead no matter what you do. Now that you’re the victim, do you at understand how it feels when you take those people from their family?” Yi Tianyun said with cold and venomous word. He just can’t find mercy for them, especially after seeing Meng Hua’s condition before.

Long Baitian gritted his teeth and glances at Yi Tianyun with hateful look in his eyes and proceeds to run inside leaving his brothers body behind.

“Oh, now you want to run? You know I can catch up with you with ease right? There will be no more Dragon’s Treasure Stronghold after today you know.” Yi Tianyun said with playful smirk on his word.

Long Baitian was very nervous about Yi Tianyun was so close behind him, he quicken his pace and shout "Old ancestor! Please save me!" Yi Tianyun is a little bit puzzled.

"Old ancestor?" but he chooses to ignore it and quickly swing his axe at Long Baitian's back. Long Baitian felt this attack coming and quickly use his Dragon Spring Blade to try to resist Yi Tianyun's attack.

An iron clashing with iron sounded on the hall they were at, the axe clearly winning. The blade was cut into two like bamboo together with its master. Long Baitian's eyes bulging out from surprise and it seems that he wants to say something but his mouth doesn't make any sound. At the end of his life, Yi Tianyun saw a hint of regret in his fallen enemy.

[Ding, successfully killed Long Baitian, earned 48,000 experiences, 2,200 Crazy Point, Falling Cloud Armor (Middle Grade Spirit Tool), Soul Killing Blade (High Grade Spirit Tool)!]

[Ding, successfully killed Long Weitian, with 42,000 experience, 2,100 Crazy Point, Heaven Cloud Armor (Middle Grade Spirit Tool), Thousand Drop Blade (High Grade Spirit Tool)!]

There are no more bandits running around as he is sure that he already killed them all. He regrets his move to not activate the luck aura or crazy mode for killing those three a little bit, but in the end he sighed. It's really is not necessary just to receive a little extra.

He starts to collect the equipment used by the Long Brothers, he can sell them for a few thousand extra crazy points. When he is done collecting all he could get from the bodies, suddenly the area becomes duller and some dark aura creeping up on him. A loud shout is suddenly ringing inside the fortress.

"Where are the intruders?!" an old man voice shouting at random, he is covered with a black mist that seems to be connected with the darkness that emits from the land. Yi Tianyun is really intrigued by this old man's power. He immediately uses his appraisal eye to look at the old man's stats.

Old Ancestor Hei Hun: Peak Core Condensation, controller of Underground Black Dragon's Spiritual Vein with Black Dragon Strength. Combat powers at 210,000! With Martial Art of Black Dragon Divine Secret Art, Soul Extinguishing Palm... Weakness is the underground Black Soul Dragon Vein, breaking the connection of Black Soul Dragon Vein will reduce his power by half! Killing may rewards: Black Dragon Divine Secret Art, Soul Extinguishing Palm, Black Dragon Spiritual Vein Crystal...

“Old Ancestor Hei Hun, controller of Underground Black Dragon’s Spiritual Vein... Dragon’s Treasure Stronghold, no wonder there are so many treasures and expert here, it seems like they’re all to cover up about the Black Dragon Spiritual Vein!”

Yi Tianyun seen the details provided by the appraisal eye and immediately knew everything he need of this place. The Dragon’s Treasure Stronghold is obviously made to cover up this Black Soul Dragon Vein. But that is where his problem starts, he knows nothing about this Black Soul Dragon Vein, there is no additional information about it in appraisal eye.

“I am the intruder, who are you old man? I am just a pilgrim who granted the bandits here a salvation. What do you want to do now?” Yi Tianyun said casually, not making any move to provoke the old man, he want to see what this old man can do.

“Oh, a good Samaritans want to save those troubled people brought by the three brothers. Are you sure with that kind of personality you will survive in this kind of age?” Old Ancestor Hei Hun said with disdain in his eyes, but smirked “But you clearly had the promising skill and cultivation.

The three of them is now dead and all the criminal activities they do doesn’t concern me anymore. How about I offer you to be my warrior? I will give you an unlimited glory and wealth! Also you can get your cultivation progress much faster under my guidance.” Old Ancestor Hei Hun said with glorious smile “Why?” Yi Tianyun said with a light smile: “Is there any proof, all i heard is just empty words”

“Below my feet, there is a Black Soul Dragon Vein!” Old Ancestor Hei Hun said, this word surprise Yi Tianyun a little bit. This old man doesn’t bother hiding anything from a stranger he just met.

“As long as you agreed to become my warrior, I will let you absorb the Black Soul Dragon Vein as much as you like and with it your cultivation will progress in much faster rate. After we reach a higher cultivation stage, we will open a new sect, so that no one will mess with us!” Old Ancestor Hei Hun said with confidence. In his eyes there is nothing more powerful than this Black Soul Dragon Vein.

“So, what do you want me to do?” Yi Tianyun asked

“All you have to do is bring people here, whether they’re cultivator or not doesn’t matter. All of them will be sacrificed to the Black Soul Dragon Vein, this way we can produce Black Dragon Strength and with

it our cultivation speed would drastically increased.” Old Ancestor Hei Hun said with smile. Yi Tianyun was quite shocked by these revelations, anger quickly taken his approach to this old man.

“So, this is why you abducted those people! You are just a sinned old man like your weakling subordinate. Are you not afraid of the consequences that you will receive? Are you not afraid of heaven?” Yi Tianyun said exerting his powerful killing intent at the old man.

“Heaven? What heaven? In here I am heaven! No one can stand in my level in here!” Old Ancestor Hei Hun said coldly and add “Make your choice, if u choose to be my warrior take this pill, if not prepare to die!”

He held out his palm and a dark Pill appeared on his palm. Yi Tianyun looked at it with appraisal eye and instantly understood the intention of taking the pill.

“Black Heart Pill, after taking it, will have a poisoning effect after a while, in a long time will give a fatal effect.”

The pill he give is a mean to control his subordinate, the only way to hold back the effect of the poison i by continuously consuming the antidotes for the rest of their lives, and with it he can demand many things from his subordinate to do in exchange of the antidotes. If they can't do it, there are no antidotes for them, if they can't get the antidotes they will surely die a painful death.

“Are you sure you would kill me if I didn't eat this pill?” Yi Tianyun asked. Ling Hei began laughing after hearing Yi Tianyun's question “Did you think I will let you go just like that after hearing all my explanation? I will make sure to make you a great sacrifice for the Black Soul Dragon Vein!” to prove his word, he immediately emits his black qi around Yi Tianyun and suddenly a black cage appeared around Yi Tianyun blocking Yi Tianyun's path from escaping anywhere.

Yi Tianyun is a little bit shocked by the old man's power, he never expect anything of this magnitude can be find in such a secluded place.

“It seems that I am destined to level up here!” Yi Tianyun smile lightly, he doesn't seems scared at all, all he sees is a huge energy waiting for him to absorb!

Chapter 109: Swallows Crazyly

Yi Tianyun looked at the black mist trapping him from all side, unless he can fly, there is no escaping the mist. Yi Tianyun doesn't get panic over this entrapment he is dealing now, he choose to fight back. He reposition his Chaotic Heaven Sacred Axe and slams the axe against the black mist and almost instantly the ground and the mist was cleaved in two making a gap large enough for him to escape the black mist.

"All I have to do is just rely on the axe, huh." Yi Tianyun said with careless attitude.

"You have a soul tool?" Old Ancestor Hei Hun said with slight disbelief.

"Of course, who doesn't have it in this time of age?" Yi Tianyun said while smirking. Old Ancestor Hei Hun shake his head "You choose to oppose me?" Old Ancestor Hei Hun thought there's still a chance Yi Tianyun will submit to him.

"What do you think old man? Am I not defying you enough?" Yi Tianyun said while putting the axe back into his inventory and bringing out his Frost Fist, although the Chaotic Heaven Sacred Axe was much better because of the effect of the set, but the Frost Fist is far more superior than that.

"Another soul tool? It seems that you're not just an average cultivator, but don't even think that with just a mere soul tool you can fight in par with me!" Old Ancestor Hei Hun quickly wave his hand and the black mist that surrounding the room immediately forms into a countless black dragon.

"In that case, become food for the Black Dragon Spiritual Vein!" Again he wave his hand and now the black dragon rushes into Yi Tianyun attacking him from every direction. Yi Tianyun quickly rises his arms and use his Absorbing Stars Great Technique. The force of the technique makes every black dragon to change trajectory and sucked into Yi Tianyun's palm.

[Get 4000 experiences.]

"Are you done? Is that all?" Yi Tianyun said with a mocking smile. Old Ancestor Hei Hun was shocked. Although this attack wasn't his best technique but the attack at least contains 50% of his power, and sadly it did nothing to Yi Tianyun, and this fact alone makes him confused.

“It seems that you possess an evil art! But how much can you endure until the darkness swallows you whole!” Old Ancestor Hei Hun screamed, and suddenly the black dragons multiply from the ground and the black mist starts forming like a hand around Yi Tianyun, clearly purposed to entangle him. Yi Tianyun doesn’t get fazed by this amount of attack, instead he quickly uses his Absorbing Stars Great Technique and activates his Crazy Mode immediately.

“Absorbing Stars Great Technique!”

“Crazy Mode, Activate!”

When the black dragon comes close into the vicinity of the force of the Absorbing Stars Great Technique, it quickly evaporates into exp, the same could be said with the black mist that comes near him.

[Get 16.000 experience, 15.000 experience, 21.000 experience...]

Under the effect of crazy mode, he absorbed tons of exp from the old man’s power. Yi Tianyun feels that this is all he needs for now, he keeps on killing everyone too fast and that is not really efficient if his purpose is to increase his level. Almost in no time, the black mist that comes to attack Yi Tianyun already disappeared, absorbed by Yi Tianyun’s crazy technique. Old Ancestor Hei Hun was stunned in the distance, all of his energy just disappeared in an instant.

“Your power is clearly not too bad, do you still have another technique up your sleeve? This is not even enough to make me serious you know.” Yi Tianyun sneered at the old man. This word that leaves Yi Tianyun’s mouth immediately angers him, “I don’t believe you could absorb that much power so quickly! But how about I multiply it constantly?”

In an instant, Yi Tianyun is being swallowed by the amount of black mist that attacks him. The black mist is condensed around him, possibly purposed to squash him. But this attack doesn’t seem to last long enough or fast enough to completely overwhelm Yi Tianyun. The black mist that surrounds him becomes thinner in a seriously quick pace.

“Impossible! Let’s kick it up a notch shall we!” Old Ancestor Hei Hun said while screaming, giving all his strength to make Yi Tianyun succumb into his power. This attack shakes the ground, it seems the core in the underground of this stronghold is shaken by how much power is being extracted from it.

[Get 23.000 experiences, 32.000 experiences, 33.000 experiences...]

The amount of exp Yi Tianyun receive is skyrocketing through the roof! With the crazy mode activated, he receives 32.000 exp in average per second.

With the amount of energy released by the old man, Yi Tianyun is sure to receive at least a million points on his exp. However, Old Ancestor Hei Hun doesn't want to stop, he is convinced that his power will finally overwhelm and kills Yi Tianyun, but then again, the reality is not in his side.

As he keeps on adding more black mist to attack Yi Tianyun, the black mist itself keeps getting asorbed by Yi Tianyun. Yi Tianyun's absorbing rate win by big margin. This attack the old man keeps using eventually exhaust him, Yi Tianyun is smiling brighter than before.

How can he not! the amount of exp he got from this fight alone is like killing a pack of Core Condensation Cultivator at the same time! The difference in those case is that Yi Tianyun can't absorb them just like now, the more enemy he faces the harder it is for him to use the Absorbing Star Great Technique to get more exp.

He wants to keep this situation as long as possible, but it seems that it was not the case, as Yi Tianyun saw some flash coming from his side, he quickly raise his arm to try to block whatever danger it may be. And surely his instinct is reliable as usual, his frost fist suddenly blocked an attack from a sword that comes from Old Ancestor Hei Hun himself! Apparently the old man was fed up by Yi Tianyun constantly absorbing his attack and choose to attack head on himself!

Chapter 110: Really Happy

The power from the old man's attack is not weak, if the one in the receiving end is not Yi Tianyun The old man woul've succesfully pierced through them.

"Why don't you keep using the black dragon's strength? That would be much better than your sword technique." Yi Tianyun said while smirking.

Old Ancestor Hei Hun becomes quite furious from Yi Tianyun's word, he swiftly sprints toward Yi Tianyun's direction and shouted: "Black Dragon Howler!"

The surrounding black mist was drawn into the old man's body just like when Yi Tianyun absorbed them earlier.

A black dragon symbol is suddenly engraved in his sword, and his body continues to emit a more powerful wave of aura than before. The black mist that from the gap in the ground continuously strengthen him.

The average combat power of a core condensation expert is 160.000 but the old man already broke through 200.000 and now it reached 210.000!

Yi Tianyun is a little bit impressed by the amount he sees from the old man through appraisal eye.

Strong!

Yi Tianyun think to himself, this is the strongest opponent he ever face that have this amount of combat power. It seems that the Black Dragon Spiritual Vein is really capable to strengthen him to a level of Spirit Core. But Yi Tianyun isn't fazed at all.

He shouted: "Frost Fist, activate!"

He wants to show the old man what kind of move he is capable of.

A wave of powerful frozen field blasted from the Frost Fist and immediately froze everything in its path, which includes the black mist that continues to exert from the ground.

The old man is no exception, as he can't dodge the wave coming to him in a speed that shocks even him.

Yi Tianyun know that this effect would not last long for a powerful cultivator like Old Ancestor Hei Hun.

"Not bad, completely frozen solid!" Yi Tianyun said while humming at the frozen Hei Hun.

Yi Tianyun walks toward the Old Ancestor Hei Hun, and the old man can only watch Yi Tianyun without doing anything.

Yi Tianyun proceed to grab the old man's hand and then slams his body to the ground!

He continuously doing so while activating his Absorbing Stars Great Technique, he absorbs tens of thousands exp in one go!

This is really great Yi Tianyun said to himself, but just after roughly half a minute passed, the old man is already able to move, released from his frozen solid state.

"You are dead brat! I will kill you slowly!" Old Ancestor Heihun shouts and he quickly release an extra power from his black dragon strength to throw off Yi Tianyun from his back. But Yi Tianyun doesn't get fazed by the old man's strength, he choose to activate his Dragon God Bloodline, "Dragon God Bloodline, activate!"

After the Dragon God Bloodline power is activated, the dragon scale quickly covers his whole body, his power is greatly improved, at least several times higher than usual.

After using the Dragon God Bloodline his combat power is higher than Old Ancestor Hei Hun, this fact alone making it hard for the old man to escape from Yi Tianyun, he can't break free from Yi Tianyun's grasp. Yi Tianyun keeps absorbing the old man's spiritual power, making him weaker with every second passed.

"Brat, let me go! Let me go, you freak!" The old man is visibly shaking from the amount of spirit power he lost from Yi Tianyun's technique. It doesn't matter whether he has a high combat power or not, if his spiritual power is constantly leaving his body like this, it just a matter of time until he can't do anything anymore.

"Let you go? You are really stupid aren't you? Let go of you so you can attack me again? At least now you can atone your sin from doing evil deeds your entire time, consider me a punisher from god!" Yi Tianyun said while sneering at the old man.

“Stop! Get the hell off of me!” Old Ancestor Hei Hun screams out in anger. He keeps on whipping his black dragon’s power around, letting the power he hold going berserk! This kind of power surely can hurt Yi Tianyun while he in normal condition, but as of now, when he activate his Dragon God Bloodline and combined with the Guardian Title and Chaotic Heaven Divine Armor, it absolutely does nothing to him.

As Yi Tianyun keeps on absorbing more and more of the old man’s spiritual power, the old man is getting weaker and weaker by the second. The old man keeps on struggling even though his spiritual power is already drained..

As Yi Tianyun absorbed more and more, Old Ancestor Hei Hun became weaker and weaker.

“Let me go! Let me... Go! Let me...” Old Ancestor Hei Hun says while struggling.

After a while, Yi Tianyun doesn’t get the rush of exp from the old man anymore, so he said: “What happens? There is no more spiritual power left for me to take, are you not the master of the Black Dragon’s Strength? This is all spiritual power you have?”

When Yi Tianyun finished his sentences, he sees the old man’s conditions. The old man already passed out on the ground when Yi Tianyun looked at him, and the old man’s body seems to be covered in a black spot.

This is seems to be the negative effects of using the black dragon’s power carelessly, as it didn’t appear before Yi Tianyun froze the old man. The Black Dragon’s power is a form of evil art, there are consequences from using it carelessly.

After knowing the old man is already spent, Yi Tianyun has no other use for him anymore, so he proceed to slams his fist on the old man’s head, completing his intention to kill him.

“Remember to be a good person in your next life, so you don’t have to get through with me anymore.” Yi Tianyun says while smiling satisfied.

[Ding, successfully killed Old Ancestor Hei Hun, got 120.000 Experience, 3000 Crazy Point, Black Dragon Divine Secret Art (Lower Grade Earth Level Martial Art), Soul Extinguishing Palm (Lower Grade Earth Level Martial Art), Black Dragon Spiritual Vein Crystal, Black Dragon Skeleton!]

After killing the Old Ancestor Hei Hun, the reward is very good! Two Earth Level Martial Arts which can be used for fusion mastery, and he also got the Black Dragon Spiritual Vein and Black Dragon Skeleton, which is he still didn't know what it's used for.

"Black Dragon Spiritual Vein Crystal and Black Dragon Skeleton, what are these items?" He quickly checks the item with his appraisal eye, and the information quickly appeared in front of him.

Black Dragon Spiritual Vein Crystal: Black Dragon's Energy Crystal which absorbs Cultivator for cultivation, suitable for Dark Attribute cultivation technique.

Black Dragon Skeleton: Black Dragon's cheekbones, the main backbone of the Black Dragon, pair with the Black Dragon Soul and Black Dragon Spiritual Vein Crystal to summon the Black Dragon!

"What, Summon a Black Dragon?!"

Yi Tianyun is really happy by the information he gets, a black dragon as a pet companion surely would be great he thinks to himself.
