

Leveling 1011

Chapter 1011

The Thunder and Lightning in the clouds condensed and hit the ground like a spear tumbling down the sky! The pressure on the crowd side was even more intense as they sensed their cultivators would be eliminated as the thunder hit the ground.

While Elder Gou Huang said that the test wouldn't result in death, if the cultivator themselves failed to recognize the power of the thunder, the damage might become fatal! A personal assessment had to be taken seriously, and the cultivators had to know when to give up.

Now, Yi Tianyun was among the cultivator that could withstand the 6th Level, although he might do it easier than most.

Like a thunder god spear itself, the thunder exploded and tried to nail as many cultivators on the ground as possible. The ground itself began to tremble before the thunder even hit the ground!

As the thunder hit the ground, the thunder created a huge crater. It was like a meteor had fallen where the thunder had struck. Everyone couldn't see the situation in the arena as the dazzling light blinded them. However, they could certainly feel some strong existence in the arena.

The white light quickly disappeared, and the total of 150 cultivators quickly became 90. Of the 90 cultivators, more than 50 were severely injured as their body was covered in blood.

Among the remaining 40, some were slightly injured, while several others weren't even harmed. The ones that were not really bothered by the thunder were Yi Tianyun and Earth Monarch Tian Qing. Still, Yi Tianyun was clearly on the top here, as there was not even a scratch on his skin.

Everyone was still surprised when they observed Yi Tianyun as they noticed that Yi Tianyun still withstood the thunder with his bare skin!

"He has some skills, alright!" Earth Monarch Yao Tong said sinisterly. He thought that the best Yi Tianyun could do was defend. He was confident that he would come on top if he fought Yi Tianyun.

Meanwhile, the five elders nodded at each other as they acknowledged Yi Tianyun's ability. They weren't shocked by Yi Tianyun's skill, but clearly, they were a little bit surprised. They were used to this kind of scene, so it no longer shocked them.

"This young human is interesting. I haven't seen any strong human for quite a while." Elder Gou Huang said as he looked at Yi Tianyun. He then shifted his attention towards Earth Monarch Tian Qing. "Meanwhile, this one can control Sacred Fire! It is amazing to see everything got incinerated before hitting her!" Elder Gou Huang said excitedly.

"The Human Race is indeed a good cultivator, but compared to the owner of the Sacred Fire, he seems to fall short. He has a good Defense, but if he would fight the Sacred Fire owner, I doubt he could do anything." The other elders said while nodding their heads. They clearly favored Earth Monarch Tian Qing more than Yi Tianyun.

An explosion occurred again while the five elders discussed their own opinion while the Heavenly Tribulation was still fiercely striking down to the arena.

The white light that came with the thunder kept blinding everyone, and the explosion continued to occur, with the spectator unable to see what was happening in the arena. The cultivators were being culled one by one, and after a while, only 50 people were left in the arena.

The cultivators regularly took their medicinal pills and quickly recovered themselves to stay in the arena.

"The thunder is too horrifying, I almost can't take it!" One of the cultivators said to the cultivator beside him.

"Yes, it's too intense! It feels like I would get killed anytime!" The cultivator on the side said with a frown on his face. They were worried that the 6th Level was probably the furthest they could get. Now, at this moment, only 46 cultivators were left in the arena, which meant those that could withstand the 7th Level would be the center of attention!

From over a hundred thousand cultivators to 46 cultivators left. It was a harsh truth that the 2nd Stage of War of Ascension wasn't some easy walk in the park.

Elder Gou Huang didn't say anything about the reward of the 2nd Stage, but everyone knew it would be something amazing! Still, the better the cultivator's performance, the higher their chance of being selected as a new disciple of the elders.

There was more 2nd

Grade God Domains out there, but these 5 God Domains were currently the only 2nd Grade God Domains that accepted a cultivator from Mortal Domain to become their disciple.

The only way for a cultivator to be accepted as a new disciple of the 2nd Grade God Domain right now was to advance in the War of Ascension. There was no other way to get in right now.

"The 7th Level is about to begin. There is no way to guarantee your life in the next Level, and therefore, proceed with caution as we wouldn't be responsible for anyone's death." Elder Gou Huang reminded everyone in the arena.

The 7th Level was different from other Levels, and the power would definitely be more destructive than in the previous Levels.

"I am out!" Someone immediately surrendered without any hesitation. Clearly, he felt like he was about to die in the 6th Level, and he didn't want to try out his luck on the next Level.

"I am also out!" someone else also surrendered without any hesitation. No one laughed at them as everyone knew how hard it would be to withstand the thunder!

After a while, there were only 26 cultivators left in the arena.

"How do you feel this time? Can you withstand the next Level?" Yi Tianyun asked Xiao Murong as she still chose to stay in the arena.

"I can still continue!" Xiao Murong said confidently.

“That’s good, if you can’t withstand it any longer, just fall to the ground.” Yi Tianyun said with a smile on his face. He didn’t persuade Xiao Murong to stop as he knew that he wouldn’t be able to change Xiao Murong’s mind. So, it was better to support her choice instead.

Ling Yunfeng, on the other hand, had also persisted as he thought he could still withstand the 7th Level!

Chapter 1012

The 7th level is ready to start! Elder Gou Huangs voice echoed throughout the entire arena. The sky once again showed a yellowish color as the thunder sparked inside the cloud. This time, the Heavenly Tribulation also contained the Earth Power, so the pressure from the sky was so intense that it felt like bending peoples bodies.

They doubled the power with the power of the Earth! Yi Tianyun said as he inspected the Heavenly Thunder with his Appraisal Eye and saw that it had around 40 million Star Power right now.

This was remarkable as the previous one was only at the tens of thousands. With this much power, not even the ordinary Heaven Monarch cultivator could withstand this kind of power. What would happen with the Earth Monarch here?

The huge God Spear was ready to strike from the clouds, and once everyone realised what they would have to endure, their face turned pale. If they couldnt withstand this thunder, they would surely die!

I am out! The cultivators shouted as they chose to give up immediately before the Heavenly Thunder struck.

You cant give up right now! Unless you lose consciousness after the first attack, you will have to endure the Heavenly Thunder that comes your way! I already told you before that the thunder this time would be different, but you ignored my warning. Elder Gou Huang said coldly.

The cultivators face immediately became paler as he heard Elder Gou Huangs word. They now realised that they had to endure at least one blow from the Heavenly Thunder!

Yi Tianyun just shook his head as he saw the situation around him. It was like entering a dangerous zone where people weren't sure that they would survive. Still, they have to be responsible for their choice. They chose to stay, so they have to grit their teeth and endure the Heavenly Thunder now.

The Territory Lords that watched them from the observer seat couldn't help but shake their heads as they thought that they would lose a cultivator right here. The Territory Lords that had already praised their cultivators earlier couldn't help but look down as they would about to lose their proud cultivator!

The Heavenly Thunder immediately struck the ground and hit the cultivator in the arena without any exception. Five people were immediately killed from the first strike, a testament to how powerful the Heavenly Thunder of the 7th Level really was.

If they just surrendered at the end of the 6th Level earlier, they could've continued to the 3rd stage after this, but no! They instead became a slave of their own pride and tested their might on the 7th Level just to die trying!

No one really sympathised with this kind of people as it was the price they had to pay themselves.

Yi Tianyun took a glance at Xiao Murong, and he noticed that a green light was released from her body, and now she had turned into a giant tree. Even if her defense power was enhanced by her transformation, the thunder still posed a threat to her life.

The first strike alone caused so many injuries to her body.

Yi Tianyun smiled as he saw that Xiao Murong could still keep going. She was really amazing to keep trying like this, although the Heavenly Thunder posed a threat to her life.

Earth Monarch Tian Qing and Earth Monarch Teg also withstood the Heavenly Thunder that came down to the ground. Earth Monarch Teg was the one that owned the Evil Spirit Race Bloodline, and he used his weapons to counter the Heavenly Thunder, which was normal at this Level.

Although he hadn't shown his power until now, people began to have their doubts about him as it seemed he was hiding his real strength. Yi Tianyun also suspected that Earth Monarch Teg was hiding his power as he sensed the terrifying power inside Earth Monarch Teg's body.

Still, Yi Tianyun knew this information thanks to his Appraisal Eye, and there was almost no way for others to detect Earth Monarch Teg's true power. Right now, if Yi Tianyun had to guess, Earth Monarch Teg was no doubt among the strongest cultivator in the arena!

As for the other cultivators, they were nothing compared to Earth Monarch Teg. Even Earth Monarch Yao Tong and Earth Monarch Yun Lei definitely fell short!

Finally, the 7th Level of Heavenly Thunder was concluded. Yi Tianyun still withstood the Heavenly Thunder with his bare skin while the others used various means to resist the Heavenly Thunder's power. Now, only a dozen or so cultivators were left in the arena!

It's finally over! The cultivator said as they sighed relievedly as they quickly recovered their injury by consuming several medicinal pills. At this point, the ground was already blackened from the constant strike of the Heavenly Thunder.

Congratulations to those that withstand the 7th Level. Now you have the option to stay or leave! Elder Gou Huang's voice was heard once again. This time, some people choose to leave immediately, and Xiao Murong is among these cultivators.

Now a dozen cultivators were reduced again to 8!

Brother Tianyun, I am leaving first! I think I have reached my limit! Xiao Murong said as her face was pale. Ling Yunfeng also chose to leave at this moment too.

Now, among the 8 cultivators that chose to stay were Earth Monarch Tian Qing, Yi Tianyun himself, Earth Monarch Yao Tong, Earth Monarch Yun Lei, and Earth Monarch Teg. Yi Tianyun didn't know the other three cultivators, but they certainly proved themselves to be capable cultivators.

Everyone was at the 7th Layer Earth Monarch Stage cultivator, aside from Earth Monarch Tian Qing, who was at the 8th Layer Earth Monarch Stage.

Now, the 8th Level is here! The power of the Heavenly Thunder would be amazing! Your power is already within the realm of Heaven Monarch; however, it was only at the early Level! Elder Gou Huang said with a smile on his face.

Everyone immediately realised that Elder Gou Huang was barely getting started.

Chapter 1013

The cultivators immediately turned paler as they heard Elder Gou Huang's word. If this was only the beginning, then what have they been doing all this time? Could they still join the 2nd Grade God Domain in the end?

My word isn't a law! I am just saying that in terms of our God Domains standard, you are just getting started! Elder Gou Huang said with a smile on his face. Everyone's standard is a little bit different, so it doesn't necessarily mean you don't have a chance! Everyone has the same opportunity to join our Faction! This is just the quickest way to do so. Elder Gou Huang explained.

Elder Gou Huang didn't explain it with pride as he wanted everyone to know that he meant well. Then again, Elder Gou Huang declared that after passing the 5th Level, they could continue to the next Stage, but now Elder Gou Huang said that if they passed the 7th Stage, they were barely on the 2nd Grade God Domains Level!

Now, the 8th Level is about to start! Elder Gou Huang said without saying anything else. The thick clouds of Heavenly Tribulation rumbled once again, signaling to the cultivators below that the thunder was about to strike!

A touch of green now changed the hue of the thunder once again as the thunder was filled with Vitality Energy this time. But not like normal Vitality Energy, the Vitality Energy inside this thunder would strip the Life Energy within the cultivators' body!

Now it is the Wood Energy! Yi Tianyun said as he observed the Heavenly Tribulation. He also guessed that the next Level's Heavenly Tribulation would be tinted with Water Energy! Clearly, the theme for this Stage, in addition to the Heavenly Tribulation, was the Five Elements! The energy from the five elements was gradually getting stronger inside the clouds, powering the Heavenly Thunder strike immensely.

Now, the combat power that the thunder contained had risen again as it was more than 1.8 million Star Power right now. It wasn't on a scale that an Earth Monarch should be able to handle anymore.

Elder Gou Huang really didn't lie at all. It wasn't really a kind of power that would surprise the Five Elders, so it wasn't something extraordinary for them. They weren't being too strict from their own perspective here, as it was the standard that they had to comply with. Otherwise, they would be posing the risk of weakening their 2nd Grade God Domain later.

Now, will that brat still be able to withstand the thunder with his bare skin? A lot of people began to speculate about what Yi Tianyun would do. As the power of the five elements was getting stronger, if it managed to hit his body, the thunder would definitely cause severe irreparable damage!

If he still tries to withstand it with his skin, your Heavenly Edict Divine Territory would lose one more cultivator! Nine Domain Territory Lord said while laughing mockingly.

You don't have to worry about that, Nine Domain Territory Lord. I believe he could judge it for himself whether he could withstand it with his bare skin or not. Heavenly Edict Territory Lord said indifferently.

Did you not hear what Gou Huang was saying earlier? He doesn't want them to be proud of what they have achieved this far! If he only withstands the thunder with his bare skin to draw people's attention, he might have done it, but this is not the time to play around! Nine Domain Territory Lord said while shaking his head.

Well, I couldn't tell him what to do from here, so I'll leave it to his decision. At the very least, he reached the 8th Level. In comparison, what happened to your cultivator? Heavenly Edict Territory Lord said indifferently.

Indeed, my cultivator couldn't withstand the Heavenly Thunder for too long, but it didn't mean that my cultivator was less skilled than yours! Still, once your cultivator that you are so proud of withstands the next thunder with his skin, he would be dead! Nine Domain Territory Lord said mockingly.

Everyone saw that Yi Tianyun was still not doing anything in particular to defend himself. Yi Tianyun was still meditating without care. Meanwhile, Earth Monarch Tian Qing increased the intensity of the fire that surrounded her body.

It was an unfair comparison as Yi Tianyun didnt have such a powerful innate flame.

The thunder kept rumbling inside the cloud while Yi Tianyun was still meditating, ignoring everything around him.

The thunder finally struck, and the cultivators in the arena did whatever they could to withstand it. Meanwhile, even until the last moment, Yi Tianyun didnt seem to pull off anything noticeable to defend himself.

The thunder struck, and the arena was covered with smoke. The observer above couldnt help but try to see closer as they couldnt see anything from the smoke. They especially wanted to see what happened to Yi Tianyun in this round.

But they were immediately shocked as they saw that Yi Tianyun only received a slight bruise on his arms, but there was no other injury anywhere else.

What? How did he withstand it so easily? the observer from above was shocked to see Yi Tianyun just fine. They all wondered how Yi Tianyun could withstand the thunder without receiving any damage.

Yi Tianyun indeed felt minor damage, but it was only superficial. His defense was too high for the thunder to really injure him. Yi Tianyun has always been proud of his defensive power, and now, he could prove that he indeed had the best defensive power among everyone else in the War of Ascension.

This is not over yet! I believe that brat would keel over at the next Level! Nine Domain Territory Lord shouted while gritting his teeth. He couldnt accept Yi Tianyun passing the 8th Level so easily like this.

Yi Tianyun didnt know what happened up there, but he was satisfied by the amount of Exp he got by absorbing the thunder. The last thunder was too strong for him to absorb fully, but he had already absorbed more than half of the energy inside that thunder!

From the Exp he got in the 2nd Stage alone, Yi Tianyun had almost breakthrough to the 7th Layer Earth Monarch Stage! He needed a little bit more Exp, but still, in this case, a little bit more was more than a billion of Exp.

Elder Gou Huang stared at Yi Tianyun, and the other 4 elders behind him also did the same thing. They thought that Yi Tianyun wouldn't resist the thunder with his bare skin anymore, but they were wrong once again!

The elders couldn't help but acknowledge Yi Tianyun's defensive capability!

Chapter 1014

Yi Tianyun withstood the thunder with his bare skin and shocked everyone as he exceeded their expectation again.

"I feel pretty good right now!" Yi Tianyun said as he quickly absorbed the energy that lingered around him. Still, Yi Tianyun, fortunately, didn't bring anyone to his Core Planet. Otherwise, the people he brought would turn to ashes by now as the Heavenly Thunder that he absorbed also entered his Core Planet.

Nevertheless, Yi Tianyun repaired all damaged areas on his Core Planet, and that was all.

People were still shocked by Yi Tianyun's display of power, and they couldn't help but envy him for what he could do. They saw Yi Tianyun just sat there meditating, but he could withstand every Heavenly Thunder so far.

"Could he withstand the last Heavenly Thunder with his bare skin?" someone wondered.

"There is no way, right? The last Stage must be more powerful than any other Heavenly Thunder we have seen so far. It is impossible for him to withstand it with only his skin!" Another cultivator said with worried eyes. But no one doubted Earth Monarch Tian Qing's sacred flame ability to burn the last Heavenly Thunder at all.

While Earth Monarch Tian Qing also sat in the arena, meditating, she had Sacred Fire to defend against the Heavenly Thunder. Meanwhile, Yi Tianyun didn't use anything at all.

Earth Monarch Tian Qing finally paid attention to Yi Tianyun. "Interesting, I thought I would be alone on the final level of this stage!" Earth Monarch Tian Qing said with a smile on her face.

Earth Monarch Teg also looked at Yi Tianyun with Dark Eyes. No one knew for sure what he was thinking about.

Earth Monarch Yao Tong was also shocked by Yi Tianyun's situation as he knew how powerful the 8th

Level was, but clearly, it wasn't something that Yi Tianyun had to worry about!

"No wonder he didn't even think twice to antagonize me, his skill is the real deal!" Earth Monarch Yao Tong said while he released so much killing intent. Meanwhile, Earth Monarch Yun Lei just stared silently at Yi Tianyun.

Only 5 of them remained as the other 3 cultivators were eliminated in the 8th Level. Now, the 5 of them were the top 5 of the entire War of Ascension, but their rank would be determined after the end of the 2nd Stage.

"This is great!" Heavenly Edict Territory Lord shouted excitedly while the rest of the observant didn't say anything.

"This is the best result that our Heavenly Edict Divine Territory ever got!" Nian Ciyu said excitedly. Their result was always at the bottom of the War of Ascension ranking, but now it was the other way around as a Super Genius named Yi Tianyun joined their rank.

"Now, it is time for the 9th Level!" Elder Gou Huang announced. "This is the last Stage, and if you can withstand it, you will earn the greatest honor that we can give you! Even if you don't participate in the 3rd Stage of War of Ascension, you can always join our Five Great God Domains!" Elder Gou Huang said excitedly.

The group of people that were already eliminated earlier suddenly felt upset as they didn't expect that the end reward of the 2nd Stage would be the instant pass to be one of the Five Great God Domain's disciples! They thought that the reward this time was definitely unfair.

Was the 9th Level of the Heavenly Thunder so powerful that those who passed it didn't have to partake in the 3rd Stage of War of Ascension?

“The difficulty of the 9th Level is the highest as it was unprecedented and many times stronger than the 8th

Level! I solemnly remind you that if you give up now, we won’t force you to stay! You can always get what you want from the 3rd Stage later!” Elder Gou Huang reminded the participants solemnly once more.

“That was obvious, Please just give up! It is better than dying!” The eliminated cultivators earlier said mockingly.

“Is there anyone that would like to give up now?” Elder Gou Huang asked.

The five cultivators in the arena remained silent as they didn’t have any intention of giving up.

“Very well! The 9th Level starts now!” Elder Gou Huang said as the clouds began to rumble once more, and this time, a tint of blue hue filled the clouds. Clearly, it was from Water Energy!

As the water energy was imbued into the Divine Tribulation, it started to merge with the other energies that already existed inside the Divine Tribulation. The clouds began to get thinner as time went by, and everyone was surprised to see it, as the Heavenly Tribulation wasn’t supposed to look that way.

The Heavenly Tribulation itself started to get solidified in the air, and once it was solidified enough, a huge array of 5 elements formed in the air. The 5 elemental energies inside the Heavenly Tribulation began to interlock and condense together, creating a huge overcast on the ground.

A huge phantom shadow appeared, and it was Elder Gou Huang’s Phantom Shadow! Everyone was shocked once more as they didn’t expect the Heavenly Tribulation to be part of Elder Gou Huang’s personal power.

Elder Gou Huang’s Phantom Shadow fused together with the Heavenly Tribulation Clouds, and a sound of thunder was heard booming inside the clouds. It reverberated through the entire arena, and everyone believed that the entire plane of War of Ascension could definitely hear that thunder!

At this moment, Elder Gou Huang was like the Thunder God itself!

“The the last level is definitely scary!” Yi Tianyun said as he looked at the sky with his Appraisal Eye. The Heavenly Tribulation power level soared through the roof as it contained more than 2 million Star Energy!

This was already a power of several 4th Layer Earth Monarch Cultivators. No wonder the Five Great God Domain would instantly accept those that withstood this kind of power!

The cultivators that passed this Stage couldn’t be measured with pure logic!

Chapter 1015

The last level’s power was immediately presented in front of everyone, and even the Territory Lords, who were observing the arena from above, were shocked! Everyone definitely thought that the 2nd Stage was too difficult as of now as there was no way anyone at Earth Monarch stage could survive without a scratch against that kind of power.

Yi Tianyun squinted his eyes as he saw the 9th Level Divine Tribulation through his Appraisal Eye. Its power kept rising, and it didn’t seem to be stopping anytime soon. Earth Monarch Yao Tong, on the side, was completely pale as he doubted he would survive the thunder this time.

His cultivation level was quite high, but it didn’t mean he was invincible. Clearly, he regretted not opting out earlier. They were just tempted by the reward of the 2nd Stage as they could just skip all the other Stages after that!

“It seems that some of you are frightened by the intensity of the Divine Tribulation, but don’t worry! We will teleport you out if you are stunned by the thunder!” Elder Gou Huang said with a smile on his face. It seems they weren’t cruel enough to kill off the 5 most talented cultivators on this War of Ascension.

Earth Monarch Tian Qing also stood up. Clearly, she knew that she had to take this seriously as the thunder would be a powerful one. Everyone started to look at Yi Tianyun as they wanted to see what he would do.

Yi Tianyun himself also stood up as he realised that even though he had a strong physique, he wouldn’t be able to completely block the thunder without sustaining a good amount of damage. However, that

was only the case if he didn't use his Crazy Damage Mode. Still, Yi Tianyun didn't want to sustain unnecessary damage.

Everyone sighed in relief when they saw Yi Tianyun making his move. Clearly, if Yi Tianyun still sat there meditating, everyone would lose their mind.

"Why don't you keep withstanding the thunder with your bare skin again? Is it too much for you now?" Earth Monarch Yao Tong said tauntingly. He wanted to annoy and irritate Yi Tianyun. If Yi Tianyun took the bait, Earth Monarch Yao Tong was convinced that Yi Tianyun would be injured or, better yet, die from the Divine Tribulation!

"When did I ever say I will withstand the thunder with my bare skin? Besides, I withstand the 8th level of Heavenly Thunder with my bare skin, but what about you??" Yi Tianyun challenged Earth Monarch Yao Tong instead.

Earth Monarch Yao Tong was dead silent as he couldn't say anything back to Yi Tianyun. He could only wish Yi Tianyun was killed by this thunder!

Elder Gou Huang's Phantom Shadow held a Divine Thunder and began to move. It slammed the Divine Thunder right in the center of the arena instead of directly striking each of the cultivators individually.

It was like Elder Gou Huang knew that none of them would be able to endure the thunder directly! After the Divine Thunder exploded in the center of the arena, the dense elemental energy separated, creating a ring that swayed back and forth from the middle of the strike zone.

"It's coming!" Everyone shouted as they felt the danger coming towards them quickly. They quickly took out their weapon to repel the incoming danger.

Earth Monarch Yao Tong put all his power to the maximum to defend against the thunder, and it transformed him into a giant python with thick scales that released a cold aura. His aura met the Heavenly Thunder, and an explosion immediately occurred. A column of black light appeared at Earth Monarch Yao Tong's spot, and once the light subsided, everyone could see that Earth Monarch Yao Tong failed to withstand the thunder and lost consciousness. Therefore, he was teleported out of the arena right away.

The emergency team that Elder Gou Huang had prepared beforehand came to Earth Monarch Yao Tong's rescue right away. It was clear to everyone that Earth Monarch Yao Tong lost badly to the thunder.

Another figure was also doing their best, Earth Monarch Yun Lei, that has the Heavenly Thunder Body, was already barely hanging, but the Divine Tribulation of the 9th

Level clearly proved to be too much for him as he could no longer block it, and the Heavenly Thunder hit his body directly!

Although his situation is far better than Earth Monarch Yao Tong, he still failed to withstand the 9th Level Heavenly Thunder. Just like that, 2 Earth Monarchs were defeated instantly.

"Burn it down!" Earth Monarch Tian Qing raised the intensity of her flames and created two additional rings of flame that surrounded her. The flame now covered her entire body, leaving no gap for the thunder to break through. The flame itself created an illusion as if she was being surrounded by glowing red petals!

The five elemental thunder constantly hit the petals, and once it was hit, the petal began to wither instantly. The thunder created so many holes in the petals that the petals grew useless to defend against the thunder.

Earth Monarch Tian Qing clapped her hands many times as she quickly repaired her petals without any rest.

Earth Monarch Teg releases a black light all over his body that worked like a black hole that devoured all the Thunder energy into his own body. His martial arts were so bizarre that everyone began to pay attention to him.

The five elders knew that Earth Monarch Teg's martial arts belonged to the Evil Arts, but it wasn't unusual to see someone practicing Evil Arts in this huge world. As long as he got skills, the five elders didn't mind inviting him in as a disciple.

Earth Monarch Teg and Earth Monarch Tian Qing showed their own superb ability, unlike Earth Monarch Yao Tong and Earth Monarch Yun Lei that were already eliminated.

Yi Tianyun himself wasn't playing around either, he wouldn't fall behind these two cultivators, and it was already a given!

"Activate, Evil Demon God Suit!" Yi Tianyun turned into a huge Evil Demon God, and intense lightning slammed the Heavenly Thunder down!

Everyone was shocked beyond measure as they clearly never anticipated something like this. The Heavenly Thunder was burned before it could get close to Yi Tianyun in his Evil Demon God transformation!

Yi Tianyun looked at his body and didn't feel any pain, which meant he withstood the Heavenly Thunder without any problems.

Chapter 1016

Earth Monarch Tian Qing demonstrated her power, and obviously Yi Tianyun would also do the same thing. The Evil Demon God Suit's power was activated and along with Desolate Ancient set and Dragon God Bloodline, Yi Tianyun's power was off the chart!

Yi Tianyun's Star Power now easily reached 2 millions points! His power rose after he breakthrough his cultivation base earlier. Otherwise, it would be difficult for Yi Tianyun to withstand the Heavenly Thunder right now.

Over the time, the thunder became more intense, constantly puncturing the black flame that Yi Tianyun released around his body. Although the thunder that punctured his defense was not that strong, it still damaged him, and for Yi Tianyun, it was quite annoying.

"It seems I have to do something!" Yi Tianyun said as his eyes flashed and send the Sky Dawn Divine Spear to the sky. It quickly turned into a lightning rod and attracted all the thunder near Yi Tianyun. He now could withstand the thunder better than before as it didn't come from all direction like earlier.

Everyone was still surprised by what Yi Tianyun could do, but Earth Monarch Teg also gave everyone a surprise as no one really thought much of him from the beginning.

“These Three are really something else! They would better off becoming our disciple!” One of the Territory Lords said hopefully.

“Well, they are a foreign aid that was invited to join the War of Ascension, there is no way their God Domain nurture those powerhouses themselves.” Another one chimed in.

“Is that really true? I remember that Yi Tianyun cultivator wasn’t foreign aid for his Heavenly Edict Divine Territory!” Another one of the Territory Lords said the information he heard earlier.

Nian Ciyu ignored it all as her eyes were glued to the arena. She was anxious about Yi Tianyun’s well-being as she hoped he was alright. But she also looked forward to the time when Yi Tianyun passed the 2nd Stage and joined the 2nd Grade God Domain!

This kind of reward was unprecedented in War of Ascension!

“Be sure to hold on, Tianyun!” Nian Ciyu had a hopeful look on her face as she kept observing Yi Tianyun. If Yi Tianyun joined the 2nd Grade God Domain, their Heavenly Edict Divine Territory would accomplish so much! At the very least, their status would be elevated and no one would take them lightly again.

Elder Gou Huang was very surprised with the performance of the participants inside the arena right now.

“These newcomers are very strong! It seems this isn’t even the limit of their ability!” Elder Gou Huang commented amazedly.

“Yes, you are right! Especially that human boy! His power looks really strange, but strangely, he could he catch up with the others despite not being born and raised in God Domain,” Elder Heavenly Punishment said with a surprised look on his face. It was natural if they questioned such a thing as a cultivator born in Mortal Domain usually received less Spiritual Energy to cultivate. But nevertheless, the five elder didn’t even know what Yi Tianyun’s cultivation was!

“But still, it wasn’t the end of the 9th

Level yet!” Elder Gou Huang looked at the arena with a smile on his face.

At the same time, the power of the thunder suddenly increased and it was strengthened even further. The thunder was like a galloping horse that rushed towards the participant and left a black mark on the ground.

“It’s not over yet?” Yi Tianyun was surprised to be pressured by the thunder again. “This is the best, surely the 9th Level won’t be so easy!” Yi Tianyun said while laughing out loud.

He manipulated the Sky Dawn Divine Spear to block and attract the thunder with his hand, but still, the pressure of the thunder kept intensifying. Every lightning bolt came stronger than the previous one and Sky Dawn Divine Spear started to bend under the constant pressure.

Earth Monarch Tian Qing still could handle her own. The three petals that shrouded her body allowed her to withstand the incoming thunder. In contrast to her, Earth Monarch Teg was in a bind. His power seemed to go awry as the thunder intensified. If he didn’t do something about it, he might fall in the next attack!

“Can you still hold on under such pressure?” Nian Ciyu wondered to herself as she saw the thunder intensify. She thought that Yi Tianyun would surely pass the 2nd Stage, but now she couldn’t say for sure anymore.

Earth Monarch Teg still wanted to keep his low profile and started to dodge the thunder as he didn’t want to reveal his power anymore than he already had.

“Just admit defeat already and walk out!” Yi Tianyun said as he braced himself against the thunder. Yi Tianyun knew that Earth Monarch Teg was still hiding power, but it didn’t seem he would use it anytime soon.

Yi Tianyun then ignored Earth Monarch Teg as he focused on the thunder. Although the thunder kept on intensifying, it didn’t matter for him as long as the thunder didn’t suddenly increase in power!

Meanwhile, Nian Ciyu prayed that Yi Tianyun could get through this stage. She also worried about Yi Tianyun’s well-being as the thunder seemed to be too much to handle for an Earth Monarch cultivator.

But as the time went by, the thunder's power weakened, and finally, it was over! When the clouds finally dispersed, Yi Tianyun and Earth Monarch Tian Qing were the only ones left on the arena!

They were the champions of the 2nd Stage!

Chapter 1017

The final level is over! Elder Gou Huang finally announced as the clouds dispersed. All of the contestants were stunned by the intensity of that round, even the energy of the final thunder strike was still lingering on the arena, like it would burn off everything in the arena to ashes.

No one dared to mock Yi Tianyun now as they knew how powerful Yi Tianyun really was.

Damn it! Earth Monarch Yao Tong shouted out loud as he still saw Yi Tianyun standing up on the field after he woke up. He didn't expect to lose to a human race like this. The same was true for Earth Monarch Yun Lei who also felt ashamed and frustrated. After all, Yi Tianyun was now free to choose any 2nd Grade God Domain to join!

Earth Monarch Tian Qing was still very calm as her petals of fire slowly disappeared. Her beautiful appearance and elegant demeanor remained as no injury could be seen on her beautiful skin. Compared with Yi Tianyun, it was really a world of difference!

Yi Tianyun took the chance to recover from his injury. His body was black from the thunder's strike, but it was only damage to his skin. He wasn't hurt internally, but his condition was way worse than Earth Monarch Tian Qing. Regardless of that, he already passed the 2nd Stage perfectly!

He really passed! Nian Ciyu grabbed the arms of Heavenly Edict Territory Lord excitedly. He passed, Territory Lord! He really passed! Nian Ciyu shouted excitedly. Heavenly Edict Territory Lord himself was also excited as finally, someone from his God Domain was able to join the 2nd Grade God Domain!

Nine Domain Territory Lord was losing his mind, how could such a good opportunity escape their clutch and fall to Heavenly Edict Divine Territory instead? Now, his cultivators had to participate in the 3rd Stage to be selected to join the 2nd Grade God Domain, but even so, it wasn't even certain that his cultivator could pass the 3rd Stage, while Yi Tianyun's qualification to join the 2nd God Domain has been decided and it wouldn't change!

Congratulation to both of you for passing the 9th Level of Divine Tribulation! Youve proven yourself capable and your potential is extraordinary! Now, you can choose one of us, which God Domain would you want to join? Elder Gou Huang said as he looked at the other 4 Elders behind him, each representing a different 2nd Grade God Domain!

The five Elders nodded as they truly wanted Yi Tianyun and Tian Qing in their God Domain as both of them were comparable if not even stronger than the cultivator on their side.

Join our God Domain and we promise to give you better treatment and a better cultivation place!

Obviously, our God Domain is better as we have a lot more resources than the others!

The five elders began to appeal to Yi Tianyun and Tian Qing as they wanted both of them to choose their God Domain. But nevertheless, it was obvious that Elder Gou Huangs God Domain was the strongest God Domain among the five Elders! If they wanted to choose the strongest God Domain, then it would definitely be Elder Gou Huangs God Domain!

All the other cultivators are envious of Yi Tianyun and Tian Qing for receiving such treatment from the five elders, but there was nothing they could do as they were too weak to pass the test. Everyone had the same opportunity, but they werent good enough!

Yi Tianyun and Tian Qing won fair and square and they were the only two cultivators that passed the 2nd Stage among hundreds of thousands of other cultivators! This was the harsh truth of the War of Ascension. Even though they had the 3rd Stage to fall into, the 2nd Stage had already eliminated most of them.

Yi Tianyun glanced at Five Great God Domain as he hadnt considered any one of them himself. But he knew that Elder Gou Huang is undoubtedly the strongest among the Five Great Elders.

But Yi Tianyun wasnt sure whether Elder Gou Huangs God Domain was good for him as good resources alone wouldnt do, he also needed a good environment. Now for Yi Tianyun in particular, a friendly environment is the key to further increasing his cultivation. He needed a God Domain that didnt discriminate against his race!

Junior didnt have the answer for that yet, Great Elders! I promise to give my answer after I finished the test on the 3rd Stage! Earth Monarch Tian Qing said immediately. Everyone was startled as they didnt understand Tian Qings decision. Elder Gou Huang already said that the cultivator that passed the 9th Level of the 2nd Stage didnt have to participate in the 3rd Stage!

Earth Monarch Tian Qing, I already said that you dont have to join the 3rd Stage! Elder Gou Huang repeated his word.

Junior knows, but Junior wants to take the 3rd Stage to prove her strength! Earth Monarch Tian Qing said with a smile on her face. The look on the other cultivators faces told everyone what they were thinking. Obviously, they knew that Tian Qing was too strong for them to handle and there was no way they would win against her!

They didnt understand why Tian Qing would do something like this. Did she want to beat someone that badly? But it was her decision, and thus no one could refute it!

Elder Gou Huang was startled by Tian Qings decision as he didnt want to break the balance too much. Elder Gou Huang knew that with her ability, Earth Monarch Tian Qing would crush anyone she went up against.

Well, thats alright! Its already within the plan anyway! Elder Heavenly Punishment gave his permission.

Alright then! Elder Gou Huang nodded as a signal that Earth Monarch Tian Qing was free to join the 3rd Stage. What about you? Do you have God Domain that you want to join? Elder Gou Huang asked Yi Tianyun.

While Earth Monarch Tian Qing chose to participate in the 3rd Stage, Yi Tianyun didnt have to do the same as they didnt share the same option.

When Yi Tianyun was about to give his answer, Earth Monarch Yao Tong suddenly interjected. Dont choose just yet! Even if you could withstand the 9th Level, it doesnt necessarily mean that you are powerful! Fight me and I will prove to everyone that you are just a weak human cultivator! Earth Monarch Yao Tong challenged Yi Tianyun.

Thats right! You are no more than a weak human cultivator! Earth Monarch Yun Lei also shouted at the side as he didnt want to watch Yi Tianyun join the 2nd Grade God Domain.

Earth Monarch Tianyun, I think you will stay for a fight, Are you not? Earth Monarch Tian Qing smiled at Yi Tianyun.

Yi Tianyun looked around for a second and he saw that the direction of where Earth Monarch Tian Qing was going was the same area where Earth Monarch Teg was waiting!

Chapter 1018

Yi Tianyun was a little surprised as he saw Earth Monarch Tian Qing also observed Earth Monarch Teg. He wasn't so sure whether Earth Monarch Tian Qing observed Earth Monarch Teg because she noticed Yi Tianyun observed Earth Monarch Teg from afar or if she just took a precaution!

"Alright! I will participate in the 3rd Stage!" Yi Tianyun said with a smile on his face. Yi Tianyun now planned to stop Earth Monarch Teg from achieving his goal. Although Yi Tianyun didn't really know what Earth Monarch Teg really was, he didn't want anyone with a trace of the Evil Spirit Race to join the Five Great God Domain!

Nian Ciyu on the observer stand was surprised as she saw Yi Tianyun miss a great opportunity to skip the 3rd Stage like this. She was curious why Yi Tianyun even did something unnecessary like this.

"Alright, but no matter what happened later you still have the choice to join any God Domain you want. We will not take back our promise regarding the rewards that we gave you here." Elder Gou Huang said while nodding approvingly.

Nian Ciyu immediately heaved in relief as she heard Elder Gou Huang's words. So, whether Yi Tianyun lost or won at the 3rd Stage, it wouldn't change the fact that Yi Tianyun could already join the 2nd Grade God Domain!

But, Nian Ciyu knew that there was a chance that Yi Tianyun would die in the 3rd Stage, and naturally, it was impossible to join the 2nd Grade God Domain if he died!

‘DING!’

‘Successfully accept a new Side Quest [Take the 1st Place of God Domain’s War of Ascension!]

‘Reward: 1 trillion Exp, 10 million Cps, 10 million Mastery Points, 1 God Domain Lottery Ticket.’

Yi Tianyun smiled as he saw the Side Quest. It has been a long time since he got a side quest as he had only Main Quest for so long now. Yi Tianyun was happy that he would get an extra reward for just achieving something that he would do.

“It seems that you are concerned about my situation.” Yi Tianyun used a sound transmission to talk directly with Earth Monarch Tian Qing.

“Yes, I saw that you are very concerned about Earth Monarch Teg for some reason. I’m also concerned as I have a bad feeling about him. He just makes me uncomfortable for some unknown reason.” Earth Monarch Tian Qing replied. “But still, I want to fight you as I am interested to see how strong you really are.” Earth Monarch Tian Qing added.

“Is it possible that you are staying for the 3rd Stage just to fight me?” Yi Tianyun asked helplessly.

“Don’t flatter yourself. I am just a little curious, that’s all! I have my own reason and sometimes, knowing too much isn’t a good thing for a Human Race like you.” Earth Monarch Tian Qing said harshly.

Yi Tianyun frowned a little bit due to Tian Qing’s harsh words, but it didn’t really matter for Yi Tianyun as he was focused on maintaining his 1st Place position. But as he thought about it some more, he realised that Earth Monarch Tian Qing must have aimed for the same spot! The first place!

Yi Tianyun roughly guessed the situation and whoever ordered Earth Monarch Tian Qing to join the War of Ascension might want her to achieve 1st Place too! It was very likely that they wanted to glorify their God Domain even more.

Yi Tianyun then looked up at the Spirit Heart God Territory where Earth Monarch Tian Qing was from, but he saw that none of the elders there showed any expression on Earth Monarch Tian Qing’s decision.

“What’s up with this God Domain?” Yi Tianyun frowned as he couldn’t figure out what they want. It seemed that they were excited that Earth Monarch Tian Qing successfully joined the 2nd Grade God Domain, but they didn’t seem as excited as Nian Ciyu.

As for Nian Ciyu, she was so excited about the success, but she wasn’t too happy about Yi Tianyun’s decision to join the 3rd Stage.

It was the same for Xiao Murong. Although Nian Ciyu was happy about Xiao Murong’s achievement, she wasn’t that excited as she knew that Xiao Murong would keep most of the reward for herself. After all, Xiao Murong was a foreign aid for Heavenly Edict Divine Territory, she wasn’t a legitimate disciple.

Foreign Aid was a cultivator that was paid to do something for a Faction, but the Foreign Aid wasn’t a cultivator that the faction nurtured themselves, so they couldn’t demand many things from the Foreign Aid.

Still, Yi Tianyun didn’t think about anything else right now. He had already confirmed that Earth Monarch Tian Qing had nothing to do with Earth Monarch Teg. This fact alone was enough as it meant he didn’t have to be wary of Earth Monarch Tian Qing.

“Now, I will announce the rest of the rewards for the 2nd Stage! The cultivators that got through the 7th Level are eligible to choose a Middle-Grade Rebirth Level treasure. The cultivators that got through 8th Level are eligible to choose a High-Grade Rebirth Level treasure. Now, the 2 that got through the 9th Level earlier, in addition to joining the God Domain that they want, are also eligible to enter Heaven Stealing Divine Land for a month.” Elder Gou Huang said with a smile on his face.

Everyone was surprised by Elder Gou Huang’s announcement. Although the Rebirth Level treasure was great, it held no meaning in front of the chance to go into Heaven Stealing Divine Land for a month!

“Where is Heaven Stealing Divine Land exactly?” The cultivator that didn’t understand why everyone was so shocked asked.

“You don’t know about Heaven Stealing Divine Land? As its name implies, it’s a land that has its energy by stealing from gods! It is a very amazing cultivation place! The Five Great God Domain shares that

place as a cultivation place, but they can only send a small number of disciples to cultivate there.” One cultivator explained.

“Is there really a place like that?” The cultivator earlier said unconvinced by the explanation.

“Heaven Stealing Divine Land, it sounds a bit strange.” Yi Tianyun shook his head as it seems this cultivation place was even more treasured than a High-Grade Rebirth Level Treasure. He had to fight his way to High-Grade Rebirth Level Treasure before, but now it wasn’t even the highest reward?

The temple of reward from earlier appeared once again and the cultivator that passed the 7th Level of the 2nd Stage immediately flocked in to claim their rewards. Yi Tianyun also joined in and enter the temple. He saw Earth Monarch Yao Tong standing at the doorway, obviously waiting for him to walk by.

“You are a bit strong, but don’t ever think that because you withstand the 9th Level you can win in a fight against us!” Earth Monarch Yao Tong said while sneering at Yi Tianyun.

“It seems that you know the content of the 3rd Stage. Good for you!” Yi Tianyun said indifferently.

“I know that the content of the 3rd Stage will never change! It will always be a fighting competition!” Earth Monarch Yao Tong said while looking down at Yi Tianyun. “There would be a lot of change on the battlefield later and it would reflect your true strength!” Earth Monarch Yao Tong said mockingly.

“A fighting competition?” Yi Tianyun smiled, if it were true then everything would become so simple!

Chapter 1019

Yi Tianyun thought about Earth Monarch Yao Tong’s words and sincerely believed that it was funny! The one thing that he looked forward to was in fact, a fighting competition as he wouldn’t lose to anyone.

Even if he was relatively young compared to the other cultivators here and he is a Human Race that came from the Three Realms, Yi Tianyun was confident about his combat ability!

“Yes, it is a fighting competition! In this stage, I will expose you to the entire Elders that you are nothing but a weak cultivator!” Earth Monarch Yao Tong said with powerful killing intent.

“Well, I hope you succeed in your endeavor!” Yi Tianyun smiled as he walked in, ignoring Earth Monarch Yao Tong.

Earth Monarch Yao Tong just looked at Yi Tianyun as he walked in. A serpentine look was seen on Earth Monarch Yao Tong’s face as he spat out a humanoid snake. His bloodline was snake-related and naturally, Earth Monarch Yao Tong was good with poison. The 3rd Stage participants could do a lot of things to prepare and that included the use of poison.

Earth Monarch Yao Tong believed that Yi Tianyun was better at the 2nd Stage as he had good defensive ability, but as for a duel, Earth Monarch Yao Tong believed that he was better than anyone here.

After all, he could easily kill a powerful cultivator with his toxin.

“Brother Tianyun! You are too powerful! You withstand the 9th

Level like it was nothing!” Xiao Murong walks towards Yi Tianyun excitedly.

“I am just lucky!” Yi Tianyun smiled.

“Lucky my ass! So, why can’t I be that lucky?” Xiao Murong said as she slapped Yi Tianyun’s shoulder playfully. “You successfully made many people jealous of you.” Xiao Murong said excitedly.

Xiao Murong was interrupted as Ling Yunfeng came and congratulate Yi Tianyun for achieving such an amazing feat. After talking with Ling Yunfeng and Xiao Murong for a while, Yi Tianyun walked toward the talisman section. He didn’t choose a weapon as he didn’t think he needs a weapon right now.

After everyone chose their rewards, the temple slowly faded away. At the same time, the atmosphere began to change. People started to keep their attention on Yi Tianyun as they thought that defeating Yi Tianyun would give them a leeway to join the Five Great God Domain later.

They thought that beating Yi Tianyun would be easy, but none of them dared to approach Earth Monarch Tian Qing as they thought that Earth Monarch Tian Qing was untouchable.

While Yi Tianyun was injured on the 9th Level, Earth Monarch Tian Qing wasn't hurt at all!

Yi Tianyun himself felt the eyes of everyone on him, but he simply didn't care about them.

Elder Gou Huang on the side also noticed the participants seemed to be plotting something, but as long as they didn't do something illegal, he would let it slide.

"After we Five Elders finished our discussion, the third stage is a fighting competition! This stage is always here on War of Ascension, but something is different this time. The 2 participants that have survived the 9th Level earlier choose to compete. If any of you wins against them, naturally you can choose any God Domains you want to join and also have the same reward of 1 month inside Heaven Stealing Divine Land!" Elder Gou Huang announced.

The remaining 100 participants were left speechless by Elder Gou Huang's announcement and they couldn't help but stare at Yi Tianyun and Tian Qing. But most of them stared at Yi Tianyun as they thought that they had a better chance of defeating Yi Tianyun!

"This is great! I can prove my worth by defeating him!" Earth Monarch Yao Tong said coldly. But he wasn't the only one that thought of this, even Yuan Tianyou also thought the same thing.

"It seems everyone wants to beat you now." Xiao Murong teased Yi Tianyun. "If we end up fighting, I would like Brother Tianyun to go easy on me. that way, I can easily join the Five Great God Domain!" Xiao Murong said with a smile on her face.

"If we met each other on the ring, I will definitely let you win." Yi Tianyun said with a smile on his face.

"You said it, Brother Yi! Remember to surrender immediately if we met each other!" Xiao Murong said excitedly.

"Alright, it's settled!" Yi Tianyun smiled. He knew that the Five Elders wouldn't let things go his way and thus, he knew that the possibility of him fighting against Xiao Murong was very low.

“Then, let’s start with the match-up!” Elder Gou Huang said as he waved his hand and a token falls from the sky to the participant’s hand. This token had a number engraved on it.

“Your opponent will have the same number as you do.” Elder Gou Huang explained.

Yi Tianyun looked at the token in his hand and saw number 59 was there. He looked up and saw that his opponent was Yu Qingling! He didn’t expect that his first opponent would be Yu Qingling, the representative of Fire Jade God Territory.

Yu Qingling also noticed that Yi Tianyun was her opponent and felt that her chance finally came. “Young Master Tianyun, if you surrender this time, I will become your slave for millennia! I will do everything you want me to do as your slave!” Yu Qingling said to Yi Tianyun.

“You will serve me for a thousand years?” Yi Tianyun confirmed with a smile on his face.

“Yes, if young master Tianyun isn’t satisfied with it, you can add more time if you want.” Yu Qingling said as she wanted to seduce Yi Tianyun to let her win. She used all of her appeals to try to seduce Yi Tianyun.

“No, you misunderstood me! a millennia is too long! I feel like I won’t even able to endure one day with you serving me!” Yi Tianyun said coldly. “If you like to serve so much, just become someone else’s slave and stop looking at me with that disgusting look of yours!” Yi Tianyun released some of his killing intent.

“How dare you!” Yu Qingling said furiously. She was willing to become a slave for a thousand years, but let alone accepting it, Yi Tianyun even got disgusted by the thought!

“You will never get any woman by your side and if there is even one later, she would abandon you!” Yu Qingling said while gritting her teeth in anger.

Chapter 1020

After they all knew who their opponent was, they immediately headed toward the Fighting Arena to start the 3rd Stage.

"I got Earth Monarch Tian Qing..." one of the cultivators said as his legs trembled. He really didn't expect that he would be matched-up against Earth Monarch Tian Qing. Obviously he knew that he had no chance of winning.

Others just looked at the cultivator with sympathy. Almost all of them didn't want to encounter Earth Monarch Tian Qing themselves and most of them didn't want to encounter Earth Monarch Tianyun too. The cultivators knew that reaching and withstanding the final level of the Heavenly Tribulation stage earlier wasn't just a fluke. It was skills that they didn't have at the moment.

At the same time, the fighting arena began was divided into more than 70 small venues for the cultivators to fight on. As the fighting arena was already spacious to begin with, this wasn't even a problem to do.

"If you want to surrender, you just have to leave the arena! You also lose if your opponent somehow drives you out of the arena!" Elder Gou Huang explained some rules. "Now, in terms of the duel itself, there would be no restrictions! As long as you can win against your opponent, then nothing else matters." Elder Gou Huang said with a smile on his face.

This was what the cultivators wanted to hear about the most as they really wanted to go all out.

"Now, the reward for this stage! If you can get to the top 10, you can join our Five Great God Domain! But we will pick you ourselves, you will not have the right to pick which God Domain you would join. As for the rank 11th to 20th, if we consider you have potential, you will have the chance to get picked by us." Elder Gou Huang said solemnly.

"Now, there would be other rewards that you will get later, but it all depends on your final performance! But for now, let the fighting competition officially start!" Elder Gou Huang announced. The fighting competition officially began and each God Domain paid extra attention to their own cultivators. While some of the God Domain that had already lost all of their cultivators could only watch the event in silent.

"I feel sorry for you, your Fire Jade God Domain's representative is up against our cultivator! It's too bad that she would be eliminated in the first round." Heavenly Edict Territory Lord couldn't help but taunt Fire Jade Territory Lord a little. They had been ridiculed for so long and thus, it was refreshing to swap side like this.

“The fighting competition has just started and it’s not set in stone yet! You better not get ahead of yourself too soon, Heavenly Edict Territory Lord!” Fire Jade Territory Lord said coldly. He obviously wouldn’t just admit defeat

“It isn’t set in stone, yes! But your cultivator is already doomed!” Heavenly Edict Territory Lord said as he laughed heartily.

In the Fighting Competition, Yi Tianyun was facing Yu Qingling. A woman that earned Yi Tianyun’s disgust with her charm technique earlier.

“Charming Time and Space!” Yu Qingling said as her eyes suddenly burst into a multi-colored light. She also burned her blood essence and used all blessing available to her. In addition to that, she also took out a few Medicinal Pills and stuff it into her mouth.

It wasn’t a Violent Medicinal Pill, but Fascinating Divine Pills. It was a medicinal pill that enhanced her enchanting skills greatly. Obviously, she wanted to charm Yi Tianyun from the start of the fight.

In an instant, the space around the fighting arena they were in was covered with colorful lights.

“I am using everything to charm you to my will!” Yu Qingling said as she screamed and created an illusion to enchant Yi Tianyun. Countless beautiful women appeared out of nowhere and started to embrace Yi Tianyun while on the side, a bunch of treasures piled up.

This was Yu Qingling’s charm space and she could create anything to charm her opponent to her will.

“You will die inside your most wonderful dream!” Yu Qingling said as she saw Yi Tianyun just stand on his spot without doing anything, which led her to believe that Yi Tianyun had fallen into her charm.

“Damn, Yi Tianyun’s cultivation is too fast! Will his foundation be stable enough to resist it?” Nian Ciyu said worriedly. She was worried that Yi Tianyun would develop cultivation deviation and thus, it was easy to fall into other cultivator’s charm.

They could see that Yu Qingling was using all of her abilities to enchant Yi Tianyun and they knew that not even a Heaven Monarch Cultivator would be able to resist Yu Qingling's charm for long. Heavenly Edict Territory Lord was worried too as he didn't know how Yi Tianyun would be able to resist the Charm.

Elder Gou Huang had said that anyone who managed to defeat either Yi Tianyun or Earth Monarch Tian Qing would be eligible to join the Five Great God Domain without any condition. Now, Yu Qingling seemed to have a good opportunity to do exactly that.

"That brat definitely used some trick to withstand the Heavenly Tribulation earlier! He won't be able to escape Yu Qingling's charm! That brat would die here!" Fire Jade Territory Lord laughed as he thought that Yi Tianyun would lose here and they would reap the reward themselves.

Heavenly Edict Territory Lord just bit his lips worriedly as he couldn't do anything.

"Let me see what your inner world looks like!" Yu Qingling said as she walks towards Yi Tianyun casually. Her eyes still released a colorful lights as she worried that she wouldn't be able to control Yi Tianyun otherwise.

She still remained cautious as she didn't want to lose this match. She would kill Yi Tianyun after she satisfied some of her curiosity. But still, she thought that there was no way Yi Tianyun would be able to escape her clutches this time.
