

Leveling 111

Chapter 111: Investigation

Yi Tianyun is feeling really enthusiastic about summoning a black dragon himself. If he really can summon the black dragon as a pet, he can fly with it, which is a very good means of transportation and battle strategy.

A normal cultivator can fly on their own, but the thing is the ability to fly is a basic ability for Core Transformation cultivator, and he still has a very long way to reach that level. But after a clear inspection of the requirement he notices that he lacks a black dragon soul to summon the beast!

“Where can I find this Black Dragon soul? I should have used lucky aura before I killed the old man, I certainly saw that Black Dragon Soul is listed in the droppable items for killing him!” Yi Tianyun frowns from his own realization, he should have done everything he can to receive as many rewards from the old man as he can, and now he is very disappointed by himself for not doing so.

“What would I do now? Is there anyone else out there who has this black dragon soul beside the old man? Now that the old man is already dead, will I ever get this black dragon soul?” He’s really devastated from the fact that the old man is already dead as he doesn’t know for sure where else can he obtain Black Dragon Soul.

“Old Ancestor Hei Hun is dead... Old Ancestor Hei Hun is dead!! Great, Old Ancestor Hei Hun is dead!!”

Yi Tianyun heard a mumbling not too far from his spot. He approaches the directions of the voice. He was a little bit shocked to see that there is still a lot of bandits alive. And strangely enough, they are smiling, throwing Yi Tianyun off a little bit.

“It seems that a lot of you escape from my earlier purge, but now that I see you it won’t happen again!” Yi Tianyun prepare himself to once again attack the bandits in front of him, but as he charge at them, they fell to the ground and kneel to Yi Tianyun.

“Hero, we thank you from the bottom of our heart for killing Old Ancestor Hei Hun, you basically saved us! I hope you can find it in you to spare us, we are forced to join Dragon’s Treasure Stronghold, he threatened to kill our family if we refuse! We have no choice but to obey him, we never go outside of

this place as we are tasked to do cleaning, cooking, and other daily chores.” They all are shouting the same thing at the same time at Yi Tianyun. They keep kneeling as they afraid Yi Tianyun would kill them.

Yi Tianyun stops his attacks as he stare at them, what they blab at him makes sense. It impossible to have this much of people without having anyone to do the cleaning and stuff, but he is not sure that’s not the case for all of them.

“Whether what you said is true or not that is not my position to judge, but if one of you do something funny, don’t blame me for instantly kill you on the spot!” Yi Tianyun proceeds to gather all of the bandits and lead them to walk outside.

In the outside, Xiao Lian already gathered everyone from the village and do everything she could to make everyone comfortable, as she sees Yi Tianyun walks out the stronghold, she smiles, but quickly she change her looks after seeing the bandits following Yi Tianyun.

“Young master, what are they doing here?” Xiao Lian clearly doesn’t like what she sees, doubting every move the bandit makes.

“They told me that they are brought here and forced to join the bandit against their will. But I doubt all of them have the same circumstance, so I hope for all the villager in here to filter those who are actually here against their will from all of these bandits.” Yi Tianyun said explaining things for the villager.

Soon enough the villager are all shouting one after another claiming some of the bandits as their family. At some point, one of the villager recognize one of the bandit to be one of the bad guys that join the bandits voluntarily.

Hearing the accusation, the bandit mentioned quickly try to reach one of the villager to be held hostage, but Yi Tianyun is much faster than him and quickly kills the evil bandit by throwing him out at the rocky exterior of the wall.

“Continue, I hope all of you can work together to recognize all of them, as no more bad thing can happen to the village.” Yi Tianyun said indifferently.

All the villagers continue to do so, after a while these crowd of bandits naturally lessen and eventually only a few of them left, they instantly try to run away some of them kneel in front of Yi Tianyun begging for mercy, but Yi Tianyun doesn't show them any mercy, he knows that this bandit do all this cruel thing in their own accord and that reason itself is enough to not show them any mercy. After all the evil bandits all are dead, there is nothing left for Dragon's Treasure Stronghold. The place is already in ruin.

[Quest Completed]

[Reward: 150.000 Experience, 10.000 Crazy Point, 100 Prestige]

The Quest message popped up, proving there is no more bandits left anywhere.

The villagers are ready to go back to the village, and Xiao Lian quickly said: "Young master, come on, let's go back." Yi Tianyun seems to be thinking for a little while and quickly said: "You can go back first with the rest of the villager. I still have something to do here." Xiao Lian frowns a little from Yi Tianyun's response, but quickly nodded her head and said: "Then I will wait for your return at the Gong Village, be careful young master." Yi Tianyun quickly nodded and Xiao Lian quickly follows the rest of the villager returns to Gong Village.

Yi Tianyun immediately return inside the Dragon's Treasure Stronghold, exploring every nook and cranny possible of the place. He wanted to find the Black Dragon Spiritual Vein and see for himself the extent of its power.

Soon he found himself in front of a luxurious house in the center of the Dragon's Treasure Stronghold, there is no doubt that this house belong to the Old Ancestor Hei Hun himself.

After entering the house, he notices that the house is already been looted. This is not surprising as he himself is the one that suggest that the villager should loot the place down, they have rights, it's their own money to begin with.

In those time the villager looting the place, he senses some unknown power emitting from this place and know after he carefully searches this place, he finds a trap door that hidden carefully on the ground. He tries to open it and suddenly a burst of evil power washes through him.

He immediately walks down the stairs behind the trap doors and the deeper he goes, the more powerful the wave is. as he finally reach the bottom of the stairs, a huge stone door blocks his path, he quickly pulls the door open and the wave of power hit him harder this time, hes realize that this power must be emitted from the Black Dragon Spiritual Vein.

“Is this the Black Dragon Spiritual Vein? I wonder if i can find Black Dragon Soul in here? I hope this thing have it so I can summon my black dragon.” Yi Tianyun said excitedly, he really is looking forward to have the Black Dragon Soul and summon his own Black Dragon.

Chapter 112: Black Dragon King

The door was easily opened as Yi Tianyun push it a little bit, behind the door itself lays a dark passageway, it's not entirely pitch black, but the light that shimmer in the end of the passageway is so faint that the path to it seems so dim. After Yi Tianyun walks through the door, a seductive voice can be heard so close to him.

“Do you want power? Would you like to be the strongest among all living creature?” The voice says so sultry, and it also says “If you want power, come over to me, accept me, and I will make make you the strongest!” This voice kept on tempting Yi Tianyun, and he is clearly a bit tempted as well.

The power itself is very strong, he himself already figured that out as he fought against Old Ancestor Hei Hun, so without any hesitation he walks forward to see what is waiting for him at the end of the passageway.

After he reaches the end of the passage, he sees a dragon head sitting on a pedestal. The dragon head is surrounded by the black power, more potent than the one Hei Hun used beforehand. He inspects the head immediately and sees detailed information about the head. The detailed information is immediately presented: Black Dragon's head, cultivation base None, Weakness None. Possible drop items : Black Dragon Soul, Black Dragon Skeleton, and Black Dragon Spiritual Vein Crystal!

“Black Dragon Soul!” Yi Tianyun's eyes lit up with excitement, he's finally able to find something else that would drop a Black Dragon Soul.

“Human! Do you want a superior power?” the head flashed a bright light as a voice can be heard speaking to Yi Tianyun, but the head itself didn't move.

"I guess no need to rush things? You need to talk? then talk! I will listen for a while." Yi Tianyun says, as he didn't really need to rush down here. He will listen to whatever the head would say and then determine his next move after that.

"Very good! A wise choice for a human like you. I already sensed your power upstairs, you are clearly very strong, if you combine my power into yours, you will be stronger than everyone." The head speak with such eagerness that Yi Tianyun actually started to believe it a little bit.

"What about the old man from before? Isn't he with you? I think he is weak!" Yi Tianyun says as he remembers the Old Ancestor Hei Hun is not as strong as the head said.

"That trash is too weak to withstand my full power, if I gave him more power he would explode!" The black lights by the head continue to flash as the voice keeps coming.

"So what condition do you need to get this power?" Yi Tianyun ask, as he always knew accepting something like this would always have the catch!

"There is no need for any conditions whatsoever. All you have to do is accept me by fusing with me and keep offering me sacrifice so I can make you stronger forever." At this point, it's clear for Yi Tianyun that the one actually speaking to him is the black light.

"If you keep accepting sacrifices and I am to be fused with you, what is the effect of that stuff for me?" Yi Tianyun keeps asking a hard question to the head.

"There is no effect for your body, all it gives is unparalleled strength beyond everyone else, reaching spirit core stage will be easy and core transformation stage is not that far fetched." The black light keeps tempting Yi Tianyun to accept him.

"It sounds good." Yi Tianyun says while walking over to the head.

"What should I do now?" Yi Tianyun says while inspecting the head a little bit more.

“You don’t need to do anything, just relax your body and let my energy enter your body. All will be over soon after that.” The black light says excitedly.

“That sound easy enough, all you have to do is give me energy?” as soon as he asks Yi Tianyun grabs the dragon head and use his Absorbing Stars Great Technique.

“Like This?” Yi Tianyun says while smirking.

“Aaaaah! What are you doing?” the black light flashed wildly, screaming voice continued to ring as he absorbs the head’s spiritual energy.

“You said it yourself that you want to fuse with me by giving me energy. So I will just do something easier for you, so we will not waste our time” Yi Tianyun is still smirking.

“No! I don’t mean it like this! It needs to be from my own power! It’s not gonna work like this!” the black light keep flashing wildly.

“Yeah, but I like it better this way.” Yi Tianyun says innocently. The Black Dragon Strength aura that so potent in the room is continuously become thinner as Yi Tianyun keeps on absorbing it with incredible rate.

Hearing that Yi Tianyun would not let him go, the black light flashed brightly and the area began to tremble and the ground shaken, like it’s gonna collapse anytime soon. Immediately, countless black energy like the one used by the Old Ancestor Hei Hun starts to appear and tied themselves to Yi Tianyun to forcibly pull him away from the head.

But Yi Tianyun easily counters it by using his Dragon God Bloodline and quickly his body is covered by the dragon scale. With Absorbing Stars Great Technique active, and instead of pulling him away from the head, the energy is absorbed by Yi Tianyun.

After absorbing exp like crazy, Yi Tianyun finally leveled up!

[Level ups to Peak Core Condensation!]

“Finally, I am already at the Peak Core Condensation! I can’t wait to reach Spirit Core stage now!” Yi Tianyun says excitedly.

“You evil. . . release me at once! Please let me go!” Yi Tianyun immediately looked at the black light again, he was not paying any attention to the thing before, he doesn’t bother to, and he knows that the head can do nothing to stop him. The area is becoming far darker than before, the faint light that keeps the area not completely in total darkness becomes dimmer and dimmer in every each passing moment. It seems that the light is connected to the black dragon head ‘s power.

It’s relevant with how quick Yi Tianyun is absorbing the spiritual energy from it.

Yi Tianyun doesn’t listen to what the Black light is saying, he will not miss this chance to have easy exp. The Black Light itself becomes dimmer as Yi Tianyun keeps absorbing its spiritual power, it seems to be dying any time soon.

“Human! Please! I beg of you to let me go! You won already, I will give you all of the martial arts I have, I will pass it all to you. . .

“The Black Light is begging for mercy from Yi Tianyun, it is his last soul, if it’s gone, he will be dead permanently.

Yi Tianyun grins, there is no way he would comply to it, and he continues to absorb the spiritual energy from it without care.

Chapter 113: Pet Black Dragon!

The voice of the Black Dragon King is getting weaker in every passing minute as the wave of aura from the Black Dragon Strength dissipates.

“I beg you human, let me go! Stop absorbing my strength, I will die! I know a lot of secret, treasure and stuff. Let me go and I will tell you everything!” Black Dragon King keep begging Yi Tianyun to let him go.

“Unfortunately for you, I don’t have interest for that stuff. Plus, all you want is to fuse with me so that you can take over my body and mind, forcing me to give you sacrifice for your resurrection, am I right? I see whatever it is you are doing to the old man Hei Hun from before. His body is done for, there is no way he would live long enough with that amount of corruption in his body.” Yi Tianyun said while smirking.

Yi Tianyun saw through this trick, he knows that Old Ancestor Hei Hun is also aware of this fact, but because normal cultivation method is just too slow, Yi Tianyun believes the old man let himself fall for the power.

It is extremely risky to resurrect just by using the body it possess, that’s why it relies heavily on sacrifices to slowly store the power necessary for resurrection, the sacrifices is there to mitigate the negative effect or it can be said that the sacrifices is there to make the resurrection successful without harming the body of the host.

The Black Dragon King needs his host to be at the very least in legendary Saint King stage of cultivation, so the body can withstand the amount of power he will receive. There is no mistaken to reach that stage, countless sacrifices is necessary.

This fact alone is all Yi Tianyun needs to kill this thing, there is no way his conscience will be okay, knowing if he let this thing go, he would be responsible for the death of many innocent lives.

“I don’t need you to do anything for me, just... just let me go, yeah.” Black Dragon King whispered and begged at the same time.

“hahaha, you are funny! There is no way that I will let you go, you already killed too much, it’s time for you to be put in your place!” As Yi Tianyun finishes his speech he smashes the dragon skull that he held.

“Ahh.. I curse you forever!” the Black Dragon King screams as he reach his end by Yi Tianyun.

[Ding, successfully killed Black Dragon King soul, earned 100,000 experience, 5,000 Crazy Point. Get Black Dragon Soul, Black Dragon Spiritual Vein Crystal!]

He successfully obtain the Black Dragon Soul and Black Dragon Spiritual Vein Crystal in addition after killing the Black Dragon King, He smiles a little bit, but he quickly realizes that at this point the Black Dragon Strength that waving across the room is all gone. There is no trace of wicked power left at all.

“Yes, I got it! I got the Black Dragon Soul!” Yi Tianyun just doesn’t care about this place anymore, he jumps back into his enthusiast to receive the last piece from summoning his own Black Dragon.

While he jumps up and down from his excitement, Yi Tianyun feels the ground began to shake, he quickly starts running outside the underground passageway, as he reach the top of the stairs, the tunnel behind him began to collapse, he starts running again to escape from the collapsing building.

He just reach the entrance as the building completely folded inside leaving no trace whatsoever of the previously big building.

“Phew, that was close!” Yi Tianyun said while swiping his sweat.

After resting for a little while, he makes up his mind to summon his dragon. He took out the Black Dragon Strength, Black Dragon Spiritual Vein Crystal, and the Black Dragon Skeleton, as he already gathered all three, the option to fuse the item appears in front of him.

With almost no hesitation, he clicks the fusion button, the three items quickly merged together. At first, all Yi Tianyun can see is just a black vortex, but after a while, the black vortex shapes itself into a three meter tall black dragon.

It has all the characteristic that is needed to be a dragon, it has a huge wing in its back, it has a huge and sharp claw, and it also has a black scale covering its entire body. And Yi Tianyun just gasp in the side while looking at the dragon in awe.

Black Dragon: First Level Core Condensation, the whole body scale is comparable to the Lower Grade Soul Tool Rank, indestructible; the claw is equal to the Lower Grade Soul Tool Weapon Rank, unbreakable! The potential is fifth-class Rank. As the cultivation base gets stronger and stronger, the body will become bigger and bigger, and the flame breath will become more powerful.

“Very powerful!” Yi Tianyun smiles brightly, he has a bright future ahead of him with this kind of familiar. He now has two familiar, the Snow Wolf that has the second class potential, and now the Black Dragon that has a fifth class potential. But that potential level really bugs Yi Tianyun a little bit.

“How come a dragon has a fifth class potential in tenth potential rank system?” he can’t help but wonder, what kind of monster that have a tenth class potential are.

“Roar!”

The Black Dragon roars as he sees Yi Tianyun and quickly rubs its head to Yi Tianyun’s, clearly showing a familiar bond.

“Okay, okay, you are my pet now, you are gonna help me with everything that I need you to do, and I will make sure all your needs is fulfilled.” Yi Tianyun said while patting the dragon’s head. The Black Dragon just whimpers and nods a bit showing its willingness.

Yi Tianyun smiles and feels very satisfied by the outcome, he really needs more familiar to aid him fighting against a large group of enemies in the future.

Now he needs to make sure that the Black Dragon cultivate efficiently so that it also would be a huge help for him in the future.

After the Black Dragon is content, Yi Tianyun quickly open his status and inventory windows, he needs to organize all the weapon and martial art he got from the previous fight.

He got a lot of earth level martial art that he immediately sold, he felt that he doesn’t need to level up his Dark North Divine Art as of now it’s sufficient to leave it at the current level. After selling the Black Dragon Divine Secret Art, he opens his status windows.

When he saw the experience needed for the next level, he sighed, how long would it take to accumulate a total of 8.5 million EXPs!

“Phew, forget it, all I need to do is just do anything step by step, I don’t need to rush things. And now I need to get back to sister Xiao Lian, I don’t want to worry her for because I took too long to get back.”

Yi Tianyun proceeds by gesturing the Black Dragon to take a kneeling position and then Yi Tianyun climbs the dragon’s back and said: “Let’s go back! Now fly!” The Black Dragon quickly flaps its wing and flew up into the sky. The speed is much faster than riding the Snow Wolf, but the comparison is a little bit unfair as flying didn’t have any terrain obstacle.

Chapter 114: Re-Enters Wind City

With the speed of Black Dragon, Yi Tianyun arrives at Gong Village at an incredible pace.

He doesn’t bring the Black Dragon in to the village, he choose to stop at the nearby forest and unsummon the Black Dragon. It’s for the safety of the Black Dragon and the people around him. He doesn’t want some advanced sect to come steal his dragon or do something worse to acquire it.

Just like Snow Wolf, Yi Tianyun can summon it whenever he wants which can be used for surprise attack. After doing what he must do, Yi Tianyun walks into the village with a smile, but as soon as he enter the village, he still can see that some of the villager still has a sorrowful look in their faces.

Yi Tianyun quickly understands that it’s a given that not everyone managed to return to their family back in the village. There is still a family member that didn’t return with the group earlier, but it is clear for anybody else what that means, they are all already dead.

“Young Hero is back!” Yi Tianyun can hear a shout the moment he stepped into the village. The entire villager is quickly flocking into his direction, whether to be grateful or to be remorseful, the later make Yi Tianyun a bit uncomfortable.

They are bowing their head to Yi Tianyun while said: “Young Hero, we don’t have anything in this village to give you for your reward, if it’s not for you we would’ve died. We are truly sorry from the bottom of

our heart. The least we can do is to make you our elder, so that we can worship you with our own way. This is our only request to you, we hope that you're okay with this!" The entire village falls in to their knees in front of Yi Tianyun, including Xiao Lian.

"Young Master, this is all we can do to repay your kindness." Xiao Lian says while kneeling down.

Yi Tianyun feels helpless of the current situation, in one way, he doesn't want to be treated like this, but at the same time, he can't reject them because it's the same as not appreciating their effort.

After he lets them express their gratitude toward him, he let them stand back on their feet. He still sees everyone smiling gratefully toward him.

On the dusk, every villager of the gong village already is busy with their own task at hand to prepare a banquet for Yi Tianyun.

They took out all their provision like rice, chicken, ducks, and cows to the slaughter house. They cook it all to make this banquet satisfying enough for Yi Tianyun.

Sacrificing livestock and food stock doesn't deter them, they already get many treasures from looting the Dragon's Treasure Stronghold, they can compensate the food stock and livestock later.

Yi Tianyun saw this atmosphere with smiles, he was happy that everyone in the village is already appeased enough from the bandits attacks.

In the morning, the atmosphere of happiness from before quickly changed. It is time for Yi Tianyun and Xiao Lian to go back to Jade Palace.

There is no more reason for Yi Tianyun to remain here, he already did what he can for Xiao Lian. He also healed the leg injury of Xiao Lian's Father, meanwhile the village is already in good condition to stand on their own, with all that treasure they looted.

Yi Tianyun doesn't want them to move out from this village to follow him. They rely from the mountains to live, they're already a farmer and hunter for as long as they know, there is no way they could get used

to new place that easily. Besides, no more bandits left, they no longer live in fear from the bandit attacks.

However, he did leave some Human Level Martial Arts to some of the young cultivator that has some degree of innate ability, so that in the future they can defend themselves.

“Xiao Lian, Young Hero Yi is a good person, he has my blessing to take your hand as my son in law.” Old Liu, Xiao Lian’s father says with satisfied grin on his face. This word, however make Xiao Lian blush, coloring her face into a deep shade of red.

“Father! Stop that, there is no way I am worthy enough for young master.” Xiao Lian says as she longingly looks toward Yi Tianyun.

“Xiao Lian, you are worthy of what you make effort of, you already join Jade Palace with your own effort, there is no greater honor than to value your own effort.” Old Liu says with a smile.

Xiao Lian has his eyes red from unshed tears, she knows that this is her father’s way to encourage her to do what she wants.

To make efforts for what she wants in life and don’t be discouraged from anything.

“I promise I will work hard!” Xiao Lian nods to her father directions, finally looking at him in the eye.

“Hey, look at that, you grew more and more like your mother with each passing day. If by any chance she is still here with us, there is no way that she wouldn’t be proud of what you have become.” Old liu says with now red eyes too. They quickly hug, as they don’t want this father-daughter moment to finish yet.

Yi Tianyun bid farewell to the entire villager, now he is just waiting for Xiao Lian to show up so that they can return to Jade Palace.

After a while, Yi Tianyun finally sees Xiao Lian bouncing towards him with beautiful smile on her face.

“Young master, I am ready to go!” Xiao Lian says as she stops in front of Yi Tianyun.

“You are awfully happy, is there something going on I must know?” Yi Tianyun says with smile and slight teasing. Xiao Lian just shrugged and says yes to Yi Tianyun question. This mood Xiao Lian in definitely amuses Yi Tianyun.

“Now, onward to Wind City, we have to buy a batch of materials before we go back to Jade Palace.” Yi Tianyun says with smiles.

“Of course, Yeah Let’s go!” Xiao Lian says while looking into Yi Tianyun eyes while smiling brightly.

They reach the Wind City Outpost in just a few hours, the Wind City is not that far away place from Gong village after all. One of his goals here is to earn Crazy Point, he doesn’t have any idea about how to earn this Crazy Point quickly.

With the amount he has now, there is no way it’s going to suffice his needs, there is just too many abilities and martial arts that he has to level up right now. He makes his way into the Rain Pavilion, as there is no more Wind Pavilion, all of Wind City’s market is now under direct control of Rain Pavilion.

With so many changes around, there is no more hostility towards him, he can enter the place with ease now, but that doesn’t change that some guards still recognize him.

“Yi, Yi Tianyun!” says one of the guards. For a while, all of the guard in Rain Pavilion went into panic mode, some of them doesn’t know what to do while fidgeting around, while some of them rushes upstairs and to the back to find someone. As it undoubtedly will be, Zi Yuwei. She quickly rushes downstairs after hearing her guard about who is coming to her front door.

When she arrives at the door, she looks at Yi Tianyun with complicated feeling. She feels a little bit guilty and ashamed about her hesitation to Yi Tianyun back then.

“Pavilion Lord Zi, long times no see.” Yi Tianyun says with smile, with no hint of hate or grudge in his voice, he also wave at Zi Yuwei. He knows that the action Zi Yuwei do in the past is justified. Rain pavilion didn’t have the power to fight back, nor do they have a good backup. He doesn’t blame Zi Yuwei at all, but it’s clear to Yi Tianyun that, he can’t have a close relationship with Rain Pavilion, when he

forged a High Grade Spirit Tool in here back then, Rain Pavilion doesn't choose to keep him as their blacksmith or anything, Zi Yuwei even barely talks about that with him at that time.

So, all Rain Pavilion going to be to him is just a partnership for buying or selling an item.

However, this fact also proves that Rain Pavilion also feels somewhat remorseful from the past circumstances. They've heard about Yi Tianyun's inhuman cultivation pace, they know that it's too late to have a close relationship with Yi Tianyun, there are so many regrets from the people of Rain Pavilion, but this is not the case for Zi Yuwei.

Chapter 115: Face

With the good relations between Zi Yuwei and Yi Tianyun, Rain Pavilion's Headquarter gave Zi Yuwei a permission to keep her pavilion lord title, even grant her more authority than before so that she can assist Yi Tianyun in the time to come, or at the very least prevent the shameful circumstances like the one in the past.

Even with that much power, Zi Yuwei still find it a little bit pointless, she already knew that Yi Tianyun's cultivation already reach the point where he doesn't need the help from small pavilion like Rain Pavilion anymore, Yi Tianyun even managed to suppress the Wind Pavilion, which is much larger than Rain Pavilion, alone.

Helping him now doesn't mean anything to him anymore.

"Young Master Yi, you are here!" Zi Yuwei doesn't have a word to say to Yi Tianyun, she never expects Yi Tianyun to come here again.

"I am here to buy some materials, I wonder if i can get some discount?" Yi Tianyun said with small smirk on his face clearly teasing Zi Yuwei.

"Yes, yes, of course there is, in fact you don't have to pay at all!" Zi Yuwei replied with a touch of nervousness in her voice. Seeing this display of emotions by Zi Yuwei slightly disappoint Yi Tianyun a little bit, he expects that Zi Yuwei could be able to become his friend or at least act normal around him.

“Hahaha, I am only joking, there is no need for that anymore, just sell them to me with their normal price.” Zi Yuwei just smiles a little hearing Yi Tianyun words, she’s clearly still nervous in front of Yi Tianyun.

After looking around and picking up materials he needs, Yi Tianyun ask Zi Yuwei for certain materials he doesn’t seems to find.

“Do you have Soul Tools materials” Yi Tianyun asks politely.

“Soul Tool Material? Hmm, I don’t think we have it anywhere in the city, but we’ll see if we can get our hands on some of it later on.” Zi Yuwei quickly replies with rush as she was shocked to hear Yi Tianyun asking for something so advanced.

The ability to forge soul tools class weapon is in Master Level, even in that level, the success rate is still crap, the Rain Pavilion doesn’t even have Master Level Blacksmith, it’s pointless to stock the materials needed to forge a soul tool.

There’s barely any blacksmith who can forge something as advanced as a Peak Grade Spirit Tool around here. Blacksmiths capable of forging above this level will only be found in third level faction and above.

“Okay then, I guess I will buy all of these materials now.” Yi Tianyun said with a defeated look on his face. There’s nothing he can do about this, most faction around here are low – level factions , so most pavilions only provide low level materials as well. It would be a different story if there’s a third level faction or above around here.

He bought off all of the materials Rain Pavilion has that can be used to forge Peak Grade Spirit Tools, which in this region is already shocking enough to have.

“I will buy off all materials used for Peak Grade Spirit Tool, how much is it?” Yi Tianyun said with a smile.

“Oh, okay. Wait a minute young master.” Zi Yuwei quickly her men to gather all of the materials needed by Yi Tianyun, afterwards, she immediately put it into a small inventory ring and gave it to Yi Tianyun.

Yi Tianyun immediately checks the content of the ring, and he is hit again with a wave of disappointment. The materials collected didn't have the quantity he wants, it's too few to forge for literally a faction.

He can't blame this on Rain Pavilion, he knows that the person who can forge a Peak Grade Spirit Tools, is so scarce in this region, therefore the materials needed for forging it lose its value, due to lack of demand.

"Is this all you have?" Yi Tianyun said not even hiding his disappointment.

"We are sorry Young Master Yi, this is all we have for the time being. We can bring more later from the headquarter if you like." Zi Yuwei hurriedly replies.

"Well, if it's not an inconvenience to you, I would like that idea. I will take all of the materials you can provide for me, that includes materials for refining pills too, the higher the grade the more quantity I will buy. But as of now, I don't have that much gold yet, how about we strike a business deal here. I will forge and refine a batch for you, I will say 1 weapon for 2 materials? Is it good enough? Of course this includes pills as well." Zi Yuwei can't help but to be surprised beyond belief.

The business proposition that Yi Tianyun just mouth off just now, is undeniably a cost effective deal!

The Blacksmith she usually ask to forge a Peak Grade Spirit Tool didn't have the confidence Yi Tianyun shows right now, normally forging a Peak Grade Spirit Tools will only successful in 1 out of 4 or 5, and Yi Tianyun only needs 2 materials for his room of error, which basically said, he can only fail once for him to basically have a profit.

"Deal, we agree with your terms." Zi Yuwei quickly said.

"Nice, if that's the case, I would like to go now, when you have procured the materials needed for our agreement earlier, you can transport it to Jade Palace for forging, and when it's finished, you can your men to pick up the goods." Yi Tianyun said indifferently.

The materials he just bought already depleted all his gold, he doesn't have the amount needed for the next transactions, and therefore the business deal he just suggested comes to mind.

He certainly will have the amount of Peak Grade Spirit Tools he needs for Jade Palace to advance with this method.

“Of course young master, we will immediately collect the materials needed from the headquarter and immediately transport it to Jade Palace!” Zi Yuwei said excitedly.

“Now that everything’s settled, this is my payment for the materials I just buy.” Yi Tianyun takes out all the gold he has in his inventory in the middle of the room.

He never uses gold for anything before this, so that is his entire gold from the time he can use Crazy Leveling System.

After handing off the money, Yi Tianyun starts to walk away, Zi Yuwei doesn’t make any effort to stop Yi Tianyun this time. The elder behind Zi Yuwei quickly shouted: “Master Yi, please wait a moment.”

Yi Tianyun immediately stops and said: “Yeah? Is there anything else I can help you with?”

“Yeah, that is. I just want to say that we are sorry that we didn’t extend our hand to help back then, actually we want to help you, but our Rain pavilion is weak, so please I ask for your understanding from our positions.” The elder said while looking remorseful.

Yi Tianyun just smiles to the elder explanation.

“I don’t blame Rain Pavilion for anything. I understand where you’re coming from. As of now I don’t really care.” This word from Yi Tianyun relieves the pressure from the elder, but the elder immediately added: “Oh, what about the thing about you become our Honorable Guest?”

“Honorable Guest? I thought i’m already one, I already promise you to become your Guest Official in the past, I am not going back with my word now. But I am sorry if the time of my visit is short. I have other responsibility to uphold now.” Yi Tianyun said with smiles. He then proceeds to walk out without looking back. This word from Yi Tianyun stuns the elder, making his face pale, Yi Tianyun’s word earlier is basically soft rejections. The elder quickly turns to Zi Yuwei to help him.

“Palace Lord Zi, hurry up, help me persuade him to stay. Are you not in good relations with him?” the elder said anxiously.

“Elder, he will come again if he needs something to buy, I can’t persuade him for anything, and I will lose his respect for doing that. Sometime, we have to let go what we already miss.” Zi Yuwei said while sighing deeply.

With Rain Pavilion’s shortcoming to help Yi Tianyun at that time, Zi Yuwei is amazed that Yi Tianyun still wants to step his foot in here. Rain Pavilion should be glad that Yi Tianyun comes to buy stuff from them.

The elder hearing Zi Yuwei word is left speechless, he sure feels terrible right now. What is a Honorable Guest if the host can’t protect them at all. Even from Yi Tianyun’s understanding for their situation, there can’t be anything more from him for Rain Pavilion.

Chapter 116: Profound Azure Mansion Arrive

Yi Tianyun and Liu Menglian soon returned to Jade Palace without any problem, Yi Tianyun’s well known cultivator around these parts now. Besides, ever since the complete annihilation of Three Great Faction, there’s no other faction strong enough to pick a fight against Yi Tianyun.

In terms of faction level, Jade Palace, although being a First Level Faction, has surpassed most Second Level Faction and almost comparable to Third Level Faction. However ‘almost’ is not as close as everyone thought, Third Level Faction is far superior compared to Second Level Faction.

Because the condition to become Third Level Faction is having at least three Spirit Core Experts, and more than ten Core Condensation Experts. And this is merely primary condition, of course an actual Third Level Faction will have more powerful cultivators, even having Core Transformation cultivator is possible, and to be promoted to Fourth level Faction the condition will be even more difficult, but so far there’s no Fourth Level Faction around here.

“Next is Main Quest. With this many Pill, I’m sure reaching Second Level Faction is not impossible!”

Reaching Third Level Faction will be difficult for now, but Second Level Faction won't be a problem, that's what Yi Tianyun thought.

"Young Master, we are finally back to Jade Palace." Liu Menglian said with a smile.

Yi Tianyun nodded. The moment they enter the gate. They could see several luxury feather carriage, and several big footprints on the ground which belongs to several restless giant eagle.

"This, this is the giant eagle..." Liu Menglian cry out in surprise, she was shocked when she saw this giant eagle.

Yi Tianyun squinted at these luxury feather carriage, and this giant eagle is at Eighth Level Spirit Refinement, this is already a level of a demon beast. Their specialty, of course, is flying, they're the one pulling the feather carriage, although they're not that much faster than normal carriage.

As the name suggests, this carriage is filled with feathers, and it is engraved by Divine Rune, which makes the whole carriage light and sturdy.

"It seems like we have a visitor ..."

The fact that these two belonged to them means they're not from an average faction. even Second Level Faction can't afford these. It's undoubtedly expensive.

He quickly rushed inside with Liu Menglian, he can hear voices vaguely, it seems like there's a discussion.

"Palace Lord Shi, please reconsider, if you join our Profound Azure Mansion and become our affiliates, you'll acquire lots of benefits. Even just being our subsidiary, you're already considered a Third Level Faction. I see no problem." The voice is very aloof and condescending. Although this is a discussion, it's more like he's just the one throwing opinion.

"Inspector Ge, I'm sorry, our Jade Palace has no intention to be a subsidiary of any faction for the time being. We will maintain our status and respect the will of our Old Ancestors." Shi Xueyun euphemistically refused.

Inspector Ge frowns, there are not that many guests coming, three in total, but all of them is Core Condensation cultivator, in fact Inspector Ge is at Seventh Core Condensation, at the same level as Shi Xueyun. Although their cultivation base is the same, he is stronger than Shi Xueyun. As a member of Profound Azure Mansion, obviously he possessed several high level Martial Arts.

Of course Third Level Faction have more Earth Level Martial Arts compared to Second Level Faction, although not that many.

“Hey! Are you sure really refusing an invitation from a Third Level Faction?” Inspector Ge is extremely dissatisfied: “No factions ever refuse us, in fact so many of them ask to join under our wing, yet they can’t! But today we trouble ourselves coming to this remote place and you refuse? If you refuse our invitation don’t ever think you can even become a Second Level Faction!”

Shi Xueyun raised her eyebrows. Inspector Ge just keeps going on and on with no intention of stopping, although she herself already had a clear image of Jade Palace’s future. And becoming Second Level Faction definitely won’t be a problem.

When she’s about to say something, Yi Tianyun who just entered the room quickly interrupted: “How is it impossible?”

Yi Tianyun walked in with Liu Menglian and looked at Inspector Ge. Of course compared to Profound Azure Mansion, Jade Palace is still like a little bird. They have more than ten Core Condensation cultivator, and there are a few Spirit Core cultivator. That’s why they looked down on lower level faction

Inspector Ge frowns looked at him and was very dissatisfied with his sudden interjection: “Palace Lord Shi, is this one of your disciple? Isn’t it rude to suddenly come and just say whatever he wanted?”

When Shi Xueyun saw Yi Tianyun coming in, she smiled and immediately said to Inspector Ge, of course with an indifferent tone : “He is Elder of Jade Palace and is qualified to discuss this matter.”

“Elder? of Jade Palace?” Inspector Ge frowns, he can’t believe someone at this young age can become an Elder.

They just heard the rumour about Jade Palace, but they don't really know about the details so they've never heard of Yi Tianyun before.

"Yes, I am Fourth Elder of Jade Palace. So let me ask again, why can't we become Second Level Faction?" Yi Tianyun said indifferently: "I believe that in the near future we can become one, it's not that difficult."

Hearing the name Profound Azure Mansion nothing good comes into Yi Tianyun's mind. Even though they're already on friendly terms with Jade Palace, they didn't send any reinforcements back then when Three Great Factions attacked Jade Palace. And Jade Palace decided to sever their relationship with Profound Azure Mansion, now that Jade Palace gains more reputation, suddenly they wanted Jade Palace to become their affiliates, it makes Yi Tianyun sick.

Inspector Ge feels a bit uncomfortable with Yi Tianyun's question: "Even if you managed to reach Second Level Faction, the gap from Third Level Faction is too big, if you want more resources, you have no other choice but to join us. Our Profound Azure Mansion has a lot promising disciple, if they marry your disciple a promising offspring will be born, and it will strengthen our relationship, considering we become united and completely merged, and with better influence you'll have no trouble!"

"Bla bla bla, that day When the Three Great Faction attacked, why didn't you send reinforcement? now you want us to join?" Yi Tianyun coldly said.

Other Elders are having the same opinion with Yi Tianyun, as they fight that day filled with fear and no reinforcement came, and now that Jade Palace gains some reputation they want Jade Palace to join them? Is there any guarantee they'll keep their word this time?

Chapter 117: Mansion's Elder

When Tianyun brought up the situation regarding when Profound Azure Mansion didn't send any reinforcement the day Three Great Faction came to attack Jade Palace really caught Inspector Ge off guard. It's not that Profound Azure Mansion is in the wrong, but the choice of not helping Jade Palace in time of need basically means Profound Azure Mansion doesn't want anything to do with Jade Palace.

"There is nothing wrong with this decision we made, the Three Great Faction was supposed to be strong but they decisively lose to you, so there again we reach our hand for you to take, so you can become more powerful in the future!" Inspector Ge said, without remorse at all.

"I understand your reason, but we decided to be an independent faction, we didn't intend to refuse you solely due to the earlier problem, we just don't want to be reliant of another sect for now, but thank you kindly for the offer!" Tianyun responds indifferently.

Tianyun words moved the Elder's heart, they nodded vigorously at Tianyun's word, showing their agreement.

They completely agree to not join a sect that previously abandons them like a piece of trash!

It is true that Profound Azure Mansion doesn't have the obligations to help Jade Palace, but there are many Jade Palace's disciples already married Profound Azure Mansion disciple, but they don't even consider this relations.

It is a natural decision that Jade Palace chooses to not join the Profound Azure Mansion as the trust is not there anymore. Inspector Ge seeing these new found determinations just claps his hand sarcastically.

"You talk about self-reliance to us now? Are you sure you can support a sect on your own? You only succeed on defending against three small second level factions, and suddenly you think you're strong? A third level faction can kill you effortlessly!" Inspector Ge said exasperatedly.

The eyes of all elder of Jade Palace turns cold, as they heard Inspector Ge's words sounds like a threat.

"Sure, any third level factions surely would be too much for us. But if we don't do anything to provoke them, then there is nothing interesting in this remote place." Shi Xueyun said with a smile.

"Are you some new kind of stupid or what? Are we not a third level faction? I am done talking some sense into your head! You get two options, you can either obey us and join, or you can prepare yourself to be annihilated!" Inspector Ge said, clearly getting annoyed.

After he stops talking, the three men behind him release their aura, a core condensation aura fills the room, making the Jade Palace's elder steps back a little. Their aura is much stronger than the Old Ancestor that the Jade Palace fights against in the previous war.

The reasons are simple, it is because the one in front of them is still young, and they have much better equipment than the old ancestor. Tianyun looks at them with his appraisal eye to see their status.

Inspector Ge: Seventh Level Core Condensation, wearing the Peak Grade Spirit Tool armor, Synthesized Combat Power is 160,000! Weakness is Wood Attribute and can be restrained. Possible items dropped : Transforming Heaven Palm (Lower Grade Earth Level Martial Art), Netherworld Step (Lower Grade Earth Level Movement technique)...

Inspector Fang...

The data appeared almost immediately, the combat power they have is rather impressive, without a weapon their combat power already reached 160.000, with a weapon for sure it would break through at the very least 180.000.

The power of third level factions is surely something else, this much power can't be compared to the old ancestor from before.

"It seems that you already planned this from the very beginning!" Shi Xueyun said coldly.

"Yes, so stop being a stupid bitch and pledge loyalty to us! If you refuse me now, I will attack immediately! The Three Great Faction was originally the one who would merge with us, to rule this area. It is much unexpected that they are destroyed by your faction. Now if you refuse to join us, we will go to another sect, but as i said before, there will be no more Jade Palace after that!" Inspector Ge said with serious manner.

"It seems that you are underestimating us!" Shi Xueyun said while also releasing her own aura. She already broke through eight levels Core Condensation while Tianyun went to Xiao Lian's Village. But Inspector Ge is not even fazed after seeing Shi Xueyun.

"I know that you are not the one who took down the Three Great Faction Old Ancestor, so bring him here, stop wasting time already!" Inspector Ge said while sneering at Shi Xueyun. It seems that they come to Jade Palace without knowing the vital information about Yi Tianyun.

A few of Jade Palace elder hold their laugh. Inspector Ge didn't acknowledge Yi Tianyun at all, in his eyes Yi Tianyun is just a weak little boy. Tianyun doesn't care about this kind of treatment, he's already used to it.

After a few minutes that no one else shows up Inspector Ge runs out of patient.

"Where is this helper of yours! Is he afraid to come out, knowing that he will lose or is he literally not here in the Palace right now? Whatever then, whichever it is you need to decide now! Either you join us or today will be your last!" Inspector Ge said to Shi Xueyun with smirk splattering his face.

"But, Palace Lord Shi, whichever it is the decision you took, you will have to come with us, our Mansion Lord is waiting. He requested you to be his concubine, with your innate ability, your offspring with him definitely will be promising!"

As Inspector Ge ends his speech, Yi Tianyun immediately jumps to the front and slaps his face so hard that his teeth break, covering his face bloody.

"I dare you to insult my aunt one more time! Your mansion lord is a pig! There is no way he is qualified to become my aunt's partner, just tell him to partner up with a sow it seems more appropriate that way!" Yi Tianyun said to Inspector Ge that's lying on the floor holding his face, shocked by Yi Tianyun's sudden attack.

Chapter 118: Spirit Core Expert!

Inspector Ge wants to insult Shi Xueyun as she let her guest be slapped in front of her, but the powerful slap left him stunned. He can't react to it, it's not because the slap was so fast but it's because it came from the person he least expected from. And other inspectors gasped: "This boy! How dare he insults our mansion lord! Kill him!" Inspector Ge says while fuming with anger.

He quickly pulls out his Peak Grade Spirit Sword, ready to fight. But, Yi Tianyun is much faster than him, he's already in front of Inspector Ge in a blink of an eye, and slaps him some more.

“Who you gonna kill? Did you say I insult your mansion lord? Consider that a praise for someone like him? A pig is so much better than what he actually is!” Yi Tianyun says while holding Inspector Ge’s head in his hand.

Inspector Ge wants to say something, but when he’s about to say something, Yi Tianyun quickly slaps his face. In the end, Inspector Ge can’t say a word anymore, his face is beaten to a pulp.

The two other people with Inspector Ge released from their state of trance quickly rushes to help Inspector Ge.

Shi Xueyun sees them rushing to fight Yi Tianyun off, and she quickly jumps in front of them to block them. With her cold aura weaving through the air, both of them is shaking from the sheer pressure. As this happens, suddenly there is a clap sounding from the outside of the door. As the door opens, a middle-aged man comes in while smiling.

“To think the hero would be a boy. With what I have seen, clearly you are already at Peak Core Condensation. I’m more intrigued with the fact that you become an elder here in Jade Palace, despite being a male! Is it because your exceptional talent?”

“Wei Chang Elder! Elder Wei!” Inspector Ge immediately crawls into the man’s leg. Yi Tianyun quickly analyze the old man with his Appraisal eye.

Elder Wei: Second Level Spirit Core, wearing Lower Grade Soul Tool armor, the Martial Art will be Burst Claw (Middle Grade Earth Level Martial Art), Dragon Cloud Steps (Lower Grade Earth Level Martial Art) and so on. Synthesized Battle Strength is 280,000! Weakness is good at melee attacks, and long-range attacks can disrupt their positions. Possible drop items are Burst Claw, Dragon Cloud Steps...

280,000 combat power, Second Level Spirit Core! Yi Tianyun is a bit surprised, he looks over to the people of Jade Palace and saw that all of their expression changed.

Shi Xueyun and the entire elder from Jade Palace can feel the powerful aura in the room. He finally realizes why the Inspector was not afraid of insulting the lord of Jade Palace.

Elder Wei looks at Yi Tianyun and said: "Do you still want to slap this man?" While releasing all the power he has.

Great elder Mo Yu's face contorted to a frown, she already tries everything in her power to break through to the Spirit Core, but her effort was for naught, now she hopes that Jade Palace's first spirit core cultivator would either be Shi Xueyun or Yi Tianyun.

Inspector Ge was startled when Elder Wei holding him up by his face and said: "Go on, hit him again. I have all day to play." Inspector Ge was left speechless by the elder's order.

He saw Elder Wei in the eye and see the elder was looking at him with disgust. Soon after another slap lands in his face, the power behind the slap is enough to make him flies from the elder's grips.

Yi Tianyun was the one slapping him, this move left everyone in surprise. This is really a bold move by Yi Tianyun.

"You think I am some scared child? If you want to be entertained just say so, I will be glad to give you more surprises." Yi Tianyun says while cleaning a little bit of blood from his knuckles. Elder Wei was shocked a little bit, but quickly regains his composure.

"Very good, there are not many youngster brimming with courage like you nowadays, too bad you'll have to die today!" Elder Wei slams his foot into the ground, breaking the ground like a spider web. The next moment he rush swiftly to Yi Tianyun's direction.

Shi Xueyun quickly realize that the elder doesn't play around, quickly shouts Yi Tianyun's name and leap in front of Yi Tianyun without hesitation.

She immediately release her aura at full power, creating a frozen field appeared across the room, this frozen field technique is strong, it can freeze everything in its radius, but this technique is nothing compared to the elder's cultivation.

"Such insignificant techniques, stop wasting my time!" Elder Wei turns his hands into a dragon claw and immediately slashes his way through the frozen field. He doesn't seem to stop even though Shi Xueyun is blocking his path.

Shi Xueyun already accepted the fact that she may not be able to hold this man's power, but suddenly she felt a warm palm rubbing her waist, gently drags her to safety, when she sees what is holding her, she only sees a scaly arm, but when she looks behind her, she sees Yi Tianyun smiling warmly at her.

These warm smiles make her blushes a little, and after Yi Tianyun let go of her, Yi Tianyun quickly turns to the Elder Wei Direction and slaps him across the face with a powerful energy behind it. Elder Wei was thrown out into the wall with broken teeth and bloodied face.

"I am brave, but I am not stupid enough to throw a fight I can't finish! You don't need to say anything anymore, but today is not my end, but you are!" Yi Tianyun activates his Dragon God Secret Art and Dragon God Bloodline at the same time.

His combat power is rising up explosively.

Chapter 119: Expert That You're Looking For Is Me!

Yi Tianyun isn't afraid of the elder in front of him, not even the slightest, so what if he's at spirit core. For him all that matter is how much combat power one possessed. With a slap alone, the elder was already blown away, proving no matter how high the level of cultivation is, the combat power is all that matters.

"You're pretty tough!" Yi Tianyun says while cracking his fingers, ready to strike again.

"How dare you hit me! I will kill you, you brat!" Elder Wei says while fuming with anger. He immediately takes out his weapon, a pair of claw a Lower Grade Soul Tool, and stand up again. He immediately rushes over to Yi Tianyun direction, ready to shred Yi Tianyun to pieces with his claws.

Yi Tianyun doesn't fight empty handed, he takes out his own personal weapon, the frost fist. Seeing this weapon Yi Tianyun uses, Elder Wei becomes more enraged.

"You dare to fight me using a gauntlet! How far would you underestimate your opponent boy! You will die a painful death!" Elder Wei quickly uses his technique "Burst Claw!" he screams out while slashing his claws downward into Yi Tianyun's head.

The elder wants to kill Yi Tianyun so badly, he decides to use this technique right off the bat. The extreme speed from the elder technique makes the air quaking around the claw. Yi Tianyun doesn't even flinch in front of the elder technique.

Inspector Ge on the side was looking pretty happy by the situation right now, he really resent Yi Tianyun for slapping him around and in front of enraged Elder Wei, there is no way Yi Tianyun would be able to survive.

Yi Tianyun immediately uses his froze fist special ability "Froze!" and immediately after he shouts the word, the fast Elder Wei approaching Yi Tianyun becomes gradually slower and eventually turn into an ice sculpture.

Yi Tianyun slaps Elder Wei's face again in his frozen state, making the elder's body stumbled to the side. Not very long after, the elder's body completely thawed from the frozen state he was in.

He looks at Yi Tianyun with horrified look on his face, he feels lucky that Yi Tianyun doesn't kill him while he was frozen earlier, but know he was frozen from fear, he has never seen such an overpowered technique before.

Yi Tianyun himself is not eager to end the fight so quickly, he wants to evaluate himself so he would be able to assess his next fight against an opponent in the spirit core level.

"Didn't you say that you would kill me? Are you going to stop attacking me after a few slaps?" Yi Tianyun says while smirking. He knows now the effect of the froze fist only lasted roughly 5 seconds for the elder.

He understands that the amount of time enemy would be frozen would be increased by the froze fist level, not his cultivation's level. So he made up his mind to level up froze fist again in the near future. The scene unfolded in front of everyone else in the room leaves everyone speechless, they are really surprised and equally stunned from what Yi Tianyun had done to a spirit core expert.

The first slap is considered a lucky shot, but the second slap clearly means to destroy the enemy's morale, it's like Yi Tianyun is blatantly stating the fact that he is more powerful than the elder in a really bold way.

Shi Xueyun on the side is looking pretty satisfied with Yi Tianyun's power, she could relax knowing her nephew would not get injured for fighting Elder Wei.

Earlier, she feels really worried by the elder's weapon, she knows if Yi Tianyun get slashed by that claw, he would be in another world by now.

"You, what kind of evil martial art did you use!" Elder Wei says to Yi Tianyun, while still shaken by Yi Tianyun's power.

"Do you really need to know? Does it concern you?" Yi Tianyun says indifferently. He already had enough of each of his opponent always asking his martial art, is not like they would be able to give that information to anybody else even if they know. They would be dead after fighting Yi Tianyun, so it's not necessary for them to know.

Elder Wei is frowning with Yi Tianyun's answer, he wants to know what kind of demon that Yi Tianyun made a pact with to receive that kind of power. He never expects Yi Tianyun is even at his level, but it's clear that Yi Tianyun is very strong cultivator.

"Are you done talking now? Then, it's my turn to attack now! So we will not waste anymore of our precious time." Yi Tianyun says while simultaneously activating his crazy mode.

His power increased exponentially, the crazy mode increase his combat power 4 times, originally he has only around 100.000 combat power, with all his equipment.

Now, after using Crazy Mode it get into 390.000 combat power! The combat power is not totally multiplied by 4 because the combat power he received from the equipment isn't multiplied by crazy mode. If crazy mode also multiplies the combat power from equipment, he would be the strongest cultivator in no time!

Elder Wei with his equipment have a combat power around 320.000, with Yi Tianyun's combat power of 390.000, it's clear that he could defeat the elder with ease.

The explosive power that Yi Tianyun show just now send chill down Elder Wei's spine, if he wasn't sure that Yi Tianyun is of Spirit Core Cultivator, he is sure now, Yi Tianyun is definitely a Spirit Core Cultivator Expert. Yi Tianyun's aura is far stronger than his own aura.

"Oh yeah, I forgot to mention that the Expert that you all wanted to know so badly is me!" Yi Tianyun says while smirking.

Chapter 120: Complete Instant Kill

Elder Wei never thought for a second that the one helping Jade palace was a young boy, furthermore the young boy mentioned have a high leveled cultivation too.

"This is impossible! You are so young! How can your cultivation be so high?" Elder Wei says while shaking from shock. He thought that Yi Tianyun undergo a normal cultivation training like others, not knowing Yi Tianyun cultivation method is nothing like others.

"That is not something for you to know! You from Profound Azure Mansion don't get the chance to blame us for doing this, you force our hand to retaliate!" Yi Tianyun says while taking a stance to attack Elder Wei.

He starts to run into the elder's directions with an aura like a dragon enveloping him.

"Dragon God Secret Art, Second Style, Dragon God Fist!" Yi Tianyun shout out his technique as he punch Elder Wei's chest. Elder Wei tries to retaliate by throwing his own attack with his claw at Yi Tianyun, but with the effect of Frost Fist constantly slowing everything on its path, Elder Wei's attack never connect.

Yi Tianyun's technique can't be blocked by Elder Wei's armor, completely piercing through his armor like butter and boring a hole in the elder's chest. The wall behind Elder Wei doesn't miss the aftermath of the punch either, cracking and breaking like brittle.

Elder Wei doesn't die immediately by Yi Tianyun's punch, while he is still alive, but then again with such a huge injury there is no way he would survive.

Elder Wei began coughing blood as the second passed, there is nothing he could do to fight of Yi Tianyun at this moment, meanwhile he is dying!

“Your body really is tough, punchin it through is not as easy as i thought.” Yi Tianyun says smirking while looking at the elder in the eye.

“Activate Luck Aura!” Yi Tianyun activates his Luck Aura as he already levels it up beforehand. With a luck aura level 2, he now has the effect of 5 times enhanced luck with a consumption rate of 100 points of crazy points per second.

This consumption rate is what makes Yi Tianyun reluctant in using this ability like before. He doesn’t know that the reward he would get on killing things would be rewarding enough to spend a high amount of his crazy points. But now, he wants to use it against such a high leveled enemy.

“Say your prayer!” Yi Tianyun says while pulling out his Blood Fiend Divine Spear.

“If you kill me, Profound Azure Mansion would not turn a blind eye for you, Jade Palace will be crushed!” after the elder ends his speech, Yi Tianyun drive his spear through the elder’s heart, instantly ending the elder’s live.

[Ding, successfully killed Elder Wei, earned 200.000 experience, 5.000 Crazy Point. Obtained Martial Art Burst Claw, Dragon Cloud Steps, Thundercloud Claw. Obtained the Stage Prop Dragon Skeleton Divine Armor, Tyrant Dragon Claw, 5 Times Experience Card, and Blast Divine Pill!]

A lot of things were rewarded to Yi Tianyun as he successfully killed the elder. Although the item was good, as his opponent was from a spirit core cultivation, but there is nothing of interest to Yi Tianyun.

“Even with this much luck there is still nothing that excites me from this list of rewards.” Yi Tianyun says while shaking his head. He turns his head and his focus shifts to Inspector Ge.

Inspector Ge was shaking profoundly, he didn’t expect Elder Wei would lose, he comes with the elder to avoid having a dire situation, but now, the elder is already dead! Now he finally believes the power of Yi Tianyun, the power of limitless potential!

“You! What are you going to do now? You killed our elder, if you still want to live, you better escape now while you have the chance! Otherwise our Mansion Lord will crush you all! But, I will give you another options, let us go, and we will try to appease the Mansion Lord for you!” Inspector Ge tries to negotiate with Yi Tianyun, clearly he’s afraid to die. But, Yi Tianyun doesn’t put off his killing intent, he makes it stronger, making inspector Ge and two other man besides him completely shaken with fear.

“Wow, did you think I am stupid? I am not a three years old kid you could deceive. What is it that you have that would reassure us to really do what you said? Did you really think that I would trust you to plead for our situation? If I let you go now, the Profound Azure Mansion would just come back with you again in just a few days, am I wrong? It’s better for you to die here, than for you to be killed in a useless war, with your dead, you get the chance to help me a little!” Yi Tianyun says while sneering at the shaken inspector.

The inspector suddenly turns pale, it is clear now that Yi Tianyun would not let any of them go.

“No, no, no you have to listen...”

Inspector Ge doesn’t get the chance to finish his sentence as Yi Tianyun’s spear pierced his heart.

[Ding, succeed fully killed Inspector Ge, earned 140.000 experience, 3.800 Crazy Point. Obtained Martial Art Transforming Heaven Palm, Netherworld Step; obtained the Treasure Heaven Breaking Sword, 100.000 Experience Pill!]

More rewards than a normal opponent, and he is lucky enough to receive an experience card from killing Elder Wei before. But the reward is still not good enough for Yi Tianyun. He can’t complain now as he knows that this enemy in front of him now is not an elite opponent. There is no way a non-elite opponent will grant a great reward.

“Now, it’s your turn!” Yi Tianyun says while shifting his sight into a trembling Inspector Fang.

There is no doubt what’s on the trembling inspector’s mind is he finally encounters a real living demon!
