

Leveling 131

Chapter 131: Triple Level Up

'DING'

'Successfully Kills [Giant Walrus]'

'Reward: . . .'

Yi Tianyun and Black Dragon of his continues to kill many monsters in the island, it's a little bit of a shame that Snow Wolf didn't come with him, because if the Snow Wolf is also here killing these monsters would be so much faster, but nonetheless it is still a quick kills for him and the Black Dragon.

After each kills Yi Tianyun stored the Demon Beast into his storage ring, the Star Pavilion would make a good use of it later on.

After a while finally Yi Tianyun successfully leveled up!

'DING'

'Congratulations to player [Yi Tianyun], successfully Breakthrough to first level Spirit Core!'

Yi Tianyun felt power surging inside his body, he immediately checks his fighting power in his status and sure enough, it rose quite considerably! Before it was around 390.000 and now it rose to 500.000 Combat Power.

Of course, this is all because of his other buff that he activated, like Crazy Mode and Dragon God Bloodline, rising his combat power that high.

He immediately tried to kill a couple of demon beasts in his current power, and much to his surprise, the demon beast are all smashed like a paper, it is so much easier to kill each demon beast in his current combat power.

“This is the power of Spirit Core? This is too strong! I never expect my combat power to rise this high just by improving my cultivation.” Yi Tianyun says in awe with his own power. But there is still something that is not quite right in Yi Tianyun’s mind right now. With his breakthrough to Spirit Core, his own aura surely would be getting more powerful than before, but the demon beasts on this island still ferociously tries to attack him without any fear at all.

“This is very odd! Have all this demon beast lost their senses?” Yi Tianyun wondered, It’s a common knowledge that a demon beast didn’t have a high intelligence but they still have their own instinct like wild animals. They supposed to still know fear, as they would try to run and hide from something that is much more powerful than them.

“Well, I suppose that’s not important, it saves me trouble from finding them anyway.” And there’s no end to these demon beasts, they keep coming from the sea as soon as one of them in the island is dead.

After killing the demon beasts in the island for roughly an hour, the effect of the 10x Exp card and Crazy Point card is gone. He re-activated them again by buying them from the System shop and continues to kill them off. Awhile after that he checks on his status and Black Dragon’s status, he saw that the Black Dragon level is already at Seventh Level Core Condensation.

Not long after that he get notification about his own level up!

‘DING’

‘Congratulations to Player [Yi Tianyun], Successfully breakthrough to Second Level Spirit Core!’

He kept on killing all the demon beast as fast as he can, he doesn’t want to waste time as he wants to use his 10x Exp Card and Crazy Point Card as effective as possible. But as the time goes, he notices that the demon beast is not as many as there are before. However, as the hour mark of his 10x Exp Card and Crazy points Card timer is almost up, he successfully leveled up again!

‘DING’

‘Congratulations to Player [Yi Tianyun], Successfully breakthrough to Third Level Spirit Core!’

Yi Tianyun didn't expect to level up once again, but he is happy nonetheless. Now that the demon beasts on the island already diminished, he felt his body become a little bit heavy.

He quickly kills off the remaining demon beasts that's still circling the island, at the time he finished all of them the island shore is covered in blood.

Not long after, the sound of thunder can be heard not far from their location, and it began pouring, sweeping all the blood in the shoreline into the ocean.

Yi Tianyun looked around himself and saw that there was no more demon beast around. With the quiet atmosphere along with the rainfall, Yi Tianyun finally feels the fatigue of fighting for 2 hours straight. His arm is a little bit numb for holding the heavy axe for so long.

He can't help but feels a little bit disappointed, the amount of exp he received is a little less than what he expected, it's too slow, at least that's what he thought. He decided to check on his status at the moment.

He received a lot of materials from the demon beasts on this island, but he didn't get any other kind of item from them, the likes of weapons, armor, or any other items is nowhere to be found! But the one thing that caught his attention is his exp needed for leveling up, it is close to 15 million Exp!

No wonder it takes him quite a while to level up, given this amount of exp needed!

Chapter 132: Sin Shop

Seeing his own status, he kind of understands the difficulties to level up. There is opponent many enough for him to level up faster. But after carefully investigating his status he found something unusual.

“Wait, what is this Sin Points? I never seen this one before.” Yi Tianyun notices the Sin Points in his status. He proceeded to investigate it as he wanted to know what kind of parameter it was.

Sin Points: With the current level of the user, Novice Protection has been turned off, successfully activated Sin Points System. As long as the user kill any life form, Sin Point would be rewarded as an additional reward. The higher the Sin Points, the easier it is to attract any hostile life form. The more wicked life form the user kill, the higher Sin Points would be rewarded. Sin Points can be used to redeem Crazy Point, Mastery, Experience Point and purchase items from Sin Shop.

“What? I am still in Novice protection this whole time?” Yi Tianyun was a little bit shocked, he didn’t know he was still in Novice Protection all this time, with that fact, he concludes that reaching Spirit Core is the lowest requirement to move from Novice level in the Crazy Leveling System.

He wonders how high is the system standard, Spirit Core should already be a high cultivation level, but no! the system seemed to regard it as intermediate level. But he didn’t dwell on it too long, he is more excited about the Sin Shop.

He got another shop, he hoped this shop didn’t turn out to be a complete rip off like the Crazy Shop. Before checking into the Sin Shop, he considered opening the Level 31 Gift Pack first.

“Open Level 31 Gift Pack!” Yi Tianyun says, commanding the system to open his long-awaited leveling reward.

‘Successfully opened Level 31 Gift Pack, get 20x Experience Card (1 Hour), 3x Crazy Point Card (1 Hour), 4x Mastery Card (1 Hour), Level 41 Gift Pack, Sin Shop Opening Permission.’

He was very satisfied with the items he got from the gift pack, especially the 20x Exp Card! He can combine the Exp Card effect with lower ones, multiplied it even more!

“This is great, I can’t wait to hunt again! But what is this Sin Shop really is? What is the difference with Crazy Shop?” Yi Tianyun wondered to himself, and proceeded to open the Sin Shop.

After the Sin Shop opened in front of Yi Tianyun, he feels stupid for expecting something out of the Crazy Leveling System. The shop only consists of one category only, the Sin Shop only sells Suit! And it is ridiculously expensive too!

He investigated the Suit in the shop directory and saw that only 2 suit that met his requirement for now.

‘Evil Dragon Suit’

‘Requirement: Lv30’

‘Effect: Power x10, Defense x20, Flight, Phagocytosis, Suit can turn the user into a huge Evil Dragon with 100 meters high.’

‘Price: 10.000 Sin Points’

‘Sword Master Suit’

‘Requirement: Lv30’

‘Effect: After equipping the [Sword Master Suit] the user will be given the ability to control sword array. Sword Array would give the user the power to control any Long Sword within the rank of High-Grade Spirit Tool and below. The user would be able to control up to 10.000 Long Swords at a time.’

‘Price: 10.000 Sin Points’

“Great! Another godly equipment with unreasonable prices!”

Yi Tianyun was shocked after seeing the suit effect. Although only 2 suits that met the minimum requirement, the effect is completely above any other items he ever encountered, but it comes with a purely hard to get prizes.

To have 10.000 Sin Points he must kill 10.000 demon beast! And he doesn't know how much he could get for killing cultivator. But one thing is certain, he can't just go killing anyone he wants.

If the person isn't a bad person, he wouldn't get any Sin Points, moreover he's afraid that he would get a reverse effect on killing innocent people.

He was afraid his Sin Point would be subtracted as penalty or worse! His level could drop as his Sin Points reached zero!

Even if he can get Sin Point for killing any ordinary people, he won't be able to do it! After all, he had his own moral compass.

He wouldn't be able to do such a cruel thing to anyone who didn't wrong him or anyone under his protection.

"I have 2 option of Suit in here that I can buy, but the question is how could I afford 10.000 Sin Points?" Yi Tianyun was thinking while frowning, he knew he didn't have any option on how to earn a big amount of Sin Points now.

He snapped out as he suddenly sensed something coming from the skies. He immediately unsummoned the Black Dragon, and walks away from the shore line so making it seems like nobody is here.

Not long after, Yi Tianyun notices that 2 Giant Eagles flew into the island direction, pulling a familiar looking feather car. Yi Tianyun raises his brows, clearly not expecting the familiarity of the car.

"Those Feather Car looks awfully familiar! Is it . . . No, there is many other sects using a feather car, there is no way that is them!" Yi Tianyun said to himself, trying to assure himself of what to come. The sect that owns a feather car is not uncommon in this land, it's not like only Profound Azure Mansion could afford it.

Soon enough, the feather car arrived at the shore of the island, and a luxurious young man comes out from the car wearing a luxurious clothing while holding an umbrella. With one glance, Yi Tianyun can see that at least the young man is almost at Spirit Core stage.

Yi Tianyun can't help but admire the young man a little bit, he sure looks very handsome and elegant with a friendly face. But as Yi Tianyun really observed the young man, his face fell, he noticed the young man's clothes embroidered with Profound Azure insignia. He sighed and immediately used his appraisal eye to get information from them.

'Name: Qing Liuyun'

'Cultivation: Eighth Level Core Condensation'

'Equipment: Lower Grade Soul Tool soft golden armor, Lower Grade Soul Tool Heavens Level umbrella'

'Martial Arts: Transforming Heaven Palm, Netherworld Step, etc.'

'Combat Power: 400.000'

Of course no need to read until the end to know that this young man belonged to Profound Azure Mansion!

?Chapter 133: Meets Again

"Slow down now, Little Shi!" he walks back to the feather carriage's side and gave his umbrella to someone inside the carriage. But, that person didn't take the umbrella from him and just walked out on her own.

The one who walked out from the carriage is a beautiful young lady with a hard and cold expression on her face. She didn't seem to like this Qing Liuyun much. A voice was also heard from the carriage right after the young lady got off the carriage.

"It's alright, I can come out by myself." The voice came from another young lady exiting the carriage.

The lady from before that Yi Tianyun saw with his appraisal eye with the name Yu Shiqian, look at Qing Liuyun and coldly said "Why did you tag along anyway? We're here to gain some experience by fighting demon beasts! There is no need for you to follow us here!"

Qing liuyun just smiles at the young lady and said "I am here because I am a little worried about your safety, if Little Shi and Little Yu get injured, I would be sad!"

"There is no demon beast here! Are you blind look around yourself!" the person called Little Yu went ahead and look around proving her point when she noticed Yi Tianyun was on the outskirts of the woods watching them.

"Who are you? How come you arrived here earlier than us!" Little Yu said to question Yi Tianyun.

Qing Liuyun quickly turned his attention to Yi Tianyun and asked "Hey you! When and why are you here?" Qing Liuyun shouted at Yi Tianyun.

Yi Tianyun decided that he didn't have to pay attention to any of these people and ignore the question. Then, another person shouted at him from inside the carriage, that person slowly got off the carriage.

"Big Brother asked you a question, why didn't you answer him out! Are you stupid?" this person walks out from the carriage wearing the clothes of Profound Azure Mansion proudly.

Seeing that all of these people have a high cultivation, Yi Tianyun knows that they are the genius young generation of Profound Azure Mansion. Yi Tianyun just watched them with empty eyes, too bored to answer their stupid question.

"Young Master, you came here earlier than us, did you see any demon beast around here?" Yu Shiqian talks to Yi Tianyun with a mannered attitude.

"There certainly are demon beasts here, but they are already dead by my hands." Yi Tianyun answered the lady's question with almost no interest.

The last person that walked out from the carriage who Yi Tianyun came to know as Xiao Jianren said to Yi Tianyun "You killed them all? Are you serious? Hahaha. Where is your proof? There is no demon beast corpse seen here, now tell me who really did it, or the old man from Star Pavilion is just a lying old man!" he didn't believe Yi Tianyun even one bit.

Yi Tianyun just looked at this person with slant eyes, he's not obliged to tell him anything anyway.

"Believe it or not, it doesn't matter to me." Yi Tianyun turned away from them and proceeded to walk into the center of the island.

He wanted to investigate what caused the demon beast from earlier acting all weird, there is something more to this island than just a large amount of demon beast.

Plus, he didn't want to kill these young ones from Profound Azure Mansion, clearly they come here with other sect's disciples knew where they were going to, if he kills them here, he would attract unnecessary attention.

"Hey you! Don't you dare walk away!" Xiao Jianren shouted at Yi Tianyun and went after Yi Tianyun, but he was soon stopped by Qing Liuyun "Don't be impulsive, there is Little Shi here with us now, it will not look good if we spill some blood here!" he whispered to Xiao Jianren.

"Okay, okay! I will hold back for now." Xiao Jianren said coldly.

"Qing Liuyun turned his attention to Yu Shiquan and said "Little Shi, let's look around the island for now. Perhaps we can find some demon beast around here. There is nothing else we could do, not even a trace of treasure either here." Qing Liuyun said heartily.

Yu Shiqian didn't look that happy hearing Qing Liuyun and snapped "Please be more respectful of people around you, don't get all chummy with me!"

She quickly went after Yi Tianyun afterwards, and Xiao Yu followed her swiftly. Qing Liuyun seemed insulted by Yu Shiqian's word but he can't lash out at her.

He looked at Xiao Jianren and they went after Yu Shiqian. Yi Tianyun who walked toward the forest first, didn't see anything except for a stone tablet inside a circle in the middle of the forest, so he chose to come back into the circle after he found nothing else in the jungle.

When he arrived back at the circle, he saw that the four Profound Azure Mansion disciples he encountered in the shoreline is now here in the circle, staring at the stone tablet.

This stone tablet can be seen from afar as it was a tall structure, but Yi Tianyun felt that he must get close to inspect it further.

When he walked toward the stone tablet, the 4 people mentioned before became aware of his presence.

"You, why are you here?" Xiao Jianren said to Yi Tianyun full of dissatisfaction. Qing Liuyun immediately stopped Xiao Jianren before he did anything in front of Yu Shiqian.

"What? You have a problem?" Yi Tianyun said indifferently.

"of course, you shit! We asked you a question and you just walked away ignoring us!" Xiao Jianren said with anger.

"Why would I answer all your stupid question? It's not like I'm obliged to answer it anyway, so I don't!" Yi Tianyun said still sounded nonchalant about Xiao Jianren who spoke to him.

"Oh, quite arrogant aren't we?" Xiao Jianren said while walking toward Yi Tianyun, Qing Liuyun again holded Xiao Jianren before he acted rashly.

"Don't bother with him, we need to observe this stone tablet first!" Qing Liuyun said to calm Xiao Jianren. Xiao Jianren suppressed his anger and do as he was told, ignoring Yi Tianyun.

Yi Tianyun didn't care what they do in the first place, and turned back his attention to observe the stone tablet in front of him.

“Oh you’re also looking at the stone tablet? Did you have the ability to understand such complex structure?” Xiao Jianren said, can’t hold back his mouth, when he saw Yi Tianyun looking around the stone tablet it upset him even more.

“Is there any problem if I look at it?” Yi Tianyun said lazily.

“You are an eyesore, stop pretending you can understand these runes!” Xiao Jianren shouted at Yi Tianyun.

“Oh so you have the ability to understand it?” Yi Tianyun said indifferently.

“I didn’t have the ability to comprehend it but my big brother here can do it!” Xiao Jianren said pointing at Qing Liuyun proudly. The two young lady from before is a little bit surprised by Xiao Jianren’s statement. If Qing Liuyun was really able to comprehend this stone tablet, he really was a genius.

“The content on this Stone Tablet is great, I’m still trying to comprehend it, i haven’t completely understood it, but as far as I can see, its content would be greatly benefitting me!” Qing Liuyun said full of confidence, with the two young lady watching him, there’s no way he will say he can’t comprehend the stone tablet.

The two young lady bought Qing Liuyun’s words, and looking at Yi Tianyun with a smug.

Yi Tianyun didn’t care about Qing Liuyun showing off and all, he can understand the stone tablet just fine on his own and it was not some extravagant stone tablet with powerful secret, it was a tombstone!

Chapter 134: Taunt

Yi Tianyun looked at him mockingly, this young man was supposed to be a genius disciple of Profound Azure Mansion. But he couldn’t even read this engraving on the stone tablet, now he is lying in front of these two girls to show off. This man is a fraud and a trash.

“Can you really tell us what is written in here word by word?” Yi Tianyun knocked on the stone tablet indicating the row of word in the stone tablet for Qing Liuyun to translate.

“Did you understand it yourself for you to be so brave to challenge me?” Qing Liuyun said with spite to Yi Tianyun.

Yi Tianyun just looked at Qing Liuyun with a bored expression and said “Shame on you! Not only I can understand this kind of thing, I can even tell you the content of this one.”

Yu Shiqian and Zhao Yu became excited knowing Yi Tianyun could decipher the stone tablet for them. Qing Liuyun was a bit surprised by Yi Tianyun’s statement, but he suspected that Yi Tianyun was just saying things to demean him.

“Well then, would you be so kind to explain what engraved here then!” Qing Liuyun said with a slight smirk.

Yi Tianyun smiled knowingly and said “This is easy, the text used on this stone tablet is not a regular rune used for the usual stone tablet, this text used the Spirit Race language. The content is nothing so extraordinary either. It is just a headstone for a tomb, the name is Huan Qin’s Tomb, and the name of the expert who wrote it was called Lei Yun. There is nothing you would obtain from this stone tablet.” Yi Tianyun didn’t bluff on the stone tablet’s fact.

He studied the spirit language as Jade Palace have a similar stone tablet with spirit language written on it too.

“Nonsense! Clearly you are lying!” Qing Liuyun was basically shouting, his face was completely red from embarrassment. He will not admit that he didn’t know anything about this stone tablet in front of the two young lady behind him.

“Now I’m the one who talk nonsense? if you want to waste your time trying to get something from this stone tablet, then be my guest. Although this place is renowned as a dangerous zone, that doesn’t mean no one was ever here. The Spirit Language sure was rare and complex, but there was still some people left who can understand it. If you really were able to find something from this tombstone, then you are a real genius, would you prove yourself?” Yi Tianyun said sarcastically.

Hearing Yi Tianyun’s explanation, Yu Shiqian and Zhao Yu felt more reassured and at the same time wondered, what did Qing Liuyun expect from lying to them?

“Wow, you are good! Clearly you are clever, but do you think any of us would believe you?” Qing Liuyun said in anger.

“if nobody believes that is fine. It’s not like I am waiting for approval from any of you anyway.” Yi Tianyun said, he’s too lazy to argue with Qing Liuyun.

Qing Liuyun surely felt anger rushing in his body with the way Yi Tianyun completely disregard him. Qing Liuyun turned his attention to Yu Shiqian and tried to smooth talk her.

“Don’t listen to that man’s word, little Shi. The Stone Tablet is not a tombstone at all, its. . .” He can’t seem to find a good word.

“It’s fine, it doesn’t matter. All I need to do is find some Spirit Language expert later. Junior Zhao let’s go, we need to search the island for demon beasts. It’s strange not to find any Demon Beast around here.” Yu Shiqian walks away with Zhou Yu in tow, leaving behind Qing Liuyun and Xiao Jianren without looking back at them.

Qing Liuyun frustrated that his plan didn’t work because of Yi Tianyun, he just bit his lips in frustration as he saw the two young lady walked away from him. He saw Yi Tianyun walked away with a cold eye full of killing intent.

“Big brother, I am sorry that I can’t help you earlier.” Xiao Jianren said while watching Yi Tianyun walked away with anger in his eyes.

“There is nothing you can do, sometimes people are too busy meddling other people’s business that they don’t know when to stop! Now you go around him, we will let him know what’s the consequence of messing with us.” Qing Liuyun said to Xiao Jianren with a killing intent.

Yi Tianyun arrived at another area, walking around reading many engraving along the path.

“It seems that the runes are indicating there’s a cemetery on the island, but where is it?” Yi Tianyun wondered, as he keeps walking forward. After awhile he felt something ahead of him and he shouted “Stop hiding and come out!” He said slightly shouting.

“It seems that you’re not all talk!” Xiao Jianren said, showing himself in front of Yi Tianyun. Qing Liuyun also came from behind, completely blocking Yi Tianyun’s escape.

“What is the matter now?” Yi Tianyun said while raising one of his brows at them.

“There is nothing serious, it is just you succeed in provoking us!” as soon as Qing Liuyun stops talking, Xiao Jianren immediately attacked with a short sword in his hand “Heavenly Tiger Stamp!” He shouted, a bursting energy can be seen in his feet which slightly shook the ground a bit. Xiao Jianren immediately rushed forward with his technique to attack Yi Tianyun. He leaped around the ground like a sprinting Tiger!

As he got close to Yi Tianyun, a Tiger can be seen behind Xiao Jianren, the short sword in his hand sparkling from the light of the tiger behind him. Yi Tianyun looked at Xiao Jianren lazily, he didn’t even try to dodge Xiao Jianren’s attacks.

“Die!” Xiao Jianren shouts as he was in range to attack Yi Tianyun.

“Down, boy!” In a flash, Yi Tianyun slammed Xiao Jianren’s head down into the ground. His power shook Xiao Jianren’s body, rendering him incapable of moving. With his new cultivation level, Yi Tianyun didn’t have to go all out against this kind of opponent, there is no need to use Dragon God Bloodline, as his level was already high enough to deal with them.

Chapter 135: Reminder

Xiao Jianren was easily pinned down to the ground. Xiao Jianren had a decent cultivation but Yi Tianyun was much more powerful.

Yi Tianyun twisted Xiao Jianren’s arms while pinning him down on the ground, making Xiao Jianren scream so loudly from the pain. It’s definitely fractured from the sound of the bones cracked in Yi Tianyun’s palm.

“AAAAAAHHHH!!! My arm! Get off me!” Xiao Jianren screamed and shouted while also struggling to break free from Yi Tianyun’ grip.

Yi Tianyun is starting to get fed up from the struggling of the boy pinned beneath him, quickly grabbed Xiao Jianren's short sword that fell as soon as he was pinned down and stabbed Xiao Jianren right on his heart.

Xiao Jianren fell into silence with wide eye, stared at Yi Tianyun in disbelief.

Soon enough, his eyes lost its light and his body stopped moving.

'DING'

'Successfully kills [Xiao Jianren]'

'Reward: 68.000 Exp, 1.700 Crazy Points, Transforming Heaven Palm [Earth Level Martial Art], Netherworld Step skill, Recovery Pill.'

Yi Tianyun feels a little strange when he realized everyone from Profound Azure Mansion that he killed was using exactly the same martial art, but it's still Earth Level Martial Art nonetheless so he didn't complain much about it. He can sell it or fuse it for mastery, in the end earth level martial art still has some good value.

Yi Tianyun quickly turned his attention to Qing Liuyun, who was already in a stance to attack Yi Tianyun.

"Its your turn now!" Yi Tianyun said playfully. Qing Liuyun feels threatened by Yi Tianyun's power, he got scared after seeing what Yi Tianyun was capable of doing. The long sword in his hand was shaking because his hand was trembling.

"You killed my junior brother! Do you know who we are!" Qing Liuyun said with disbelief on his eyes and scared at the same time.

He knew there's no chance he could defeat Yi Tianyun in 1 on 1 duel, he wasn't that foolish for not realizing the difference between their power.

He honestly thought that Yi Tianyun was just some mouthful brat that passing by this island, he didn't expect that Yi Tianyun would be this strong.

"Now you threaten me using your sect? Is that wise? I certainly know from what sect you are if you flaunt it everywhere on your clothes. Did I care? Profound Azure Mansion doesn't scare me. Even your Elder Wei and Inspector Ge is already dead by my hand, don't you think you are an easier prey compared to them?" Yi Tianyun said in mocking manner.

Hearing Yi Tianyun's word, Qing Liuyun was shocked in disbelief, "Elder Wei and Inspector Ge is dead? How can this be?"

He knew, in fact every disciple of Profound Azure Mansion knew that Elder Wei is at Spirit Core Cultivation, if he was killed by Yi Tianyun, then just how high is Yi Tianyun's cultivation? Yi Tianyun already expected this kind of reaction from Qing Liuyun. The news about the death of Elder Wei and inspector Ge didn't come all the way to their headquarter.

"Of course, he is dead. He came all the way to Jade Palace demanding us to surrender and force our Palace Lord to become your Mansion Lord's concubine, so I kill them as a punishment for being disrespectful. They act like Profound Azure Mansion is invincible, how pathetic. Hahaha." Yi Tianyun laughs heartily remembering the time he killed Elder Wei.

"I didn't want to kill you, you seem like a gifted youngster, but you force my hand. Don't blame me, blame your own bad luck and bad attitude for your own death." Yi Tianyun added.

"Jade Palace? You are THAT rumored person constantly being spoken about? So, when you said you killed all the demon beast in this area you didn't lie?" Qing Liuyun trembled after knowing who Yi Tianyun really was. He wondered how Jade Palace had such a strong expert with them.

"I have been telling the truth all along but you decided to not believe what I said, now that you finally realize it all, it is already too late!" Yi Tianyun rushed at Qing Liuyun with an unbelievable speed, Qing Liuyun unable to react fast enough to defend himself.

Qing Liuyun swung his sword randomly as he panicked seeing Yi Tianyun's Speed. Yi Tianyun didn't even care about Qing Liuyun's futile struggle, he moved Qing Liuyun's hands which holds the sword to the side and hit Qing Liuyun with his shoulder.

This move by Yi Tianyun easily thrown Qing Liuyun to the nearby trees with such a force that his body almost split the tree in half.

"Stop! I don't want to die, I don't want to die!" Qing Liuyun's expression was full of horror. He was still young, there was still so much thing he wanted to do.

"You don't want to die? Why don't you think about that before trying to kill other people? Now, regret for making me your enemy, nothing can save your life." Yi Tianyun said with a cold tone. He picked up Qing Liuyun's sword that fell close to his feet and stabbed Qing Liuyun with it. Qing Liuyun's eyes widen from the shock and the disbelief he felt.

"You! Old Ancestor of Profound Azure Mansion would avenge me, you will see!"

'DING'

'Successfully Kills [Qing Liuyun]'

'Reward: 72.000 Exp, 1.800 Crazy Points, Transforming Heaven Palms [Earth Level Martial Art], Netherworld Step skill, Flowing Clouds Long Sword [Lower Grade Soul Tool]'

"Revenge? Hah, there will be no revenge as I will come destroy them myself!" Yi Tianyun said after he checked Qing Liuyun and Xiao Jianren's belongings for something valuable, and proceeded to burn their corpses with immortal fire.

Their bodes turned to ashes, leaving no trace behind for someone to discover anything. He then continued his search around the island for in case there's something extraordinary left. While he was wondering around, he crossed path again with Yu Shiqian and Zhao Yu.

"Young master still hasn't left yet?" Yu Shiqian said to Yi Tianyun with a slight smile in her face.

"I still have something to do here, what about you? Found any demon beast?" Yi Tianyun said while also smiling to Yu Shiqian.

"I didn't find any, and be aware of Qing Liuyun, you provoked them when we last cross path, and I assume they are now looking around for you, if you stay here any longer, they could find you and it may be get bloody." Yu Shiqian kindly reminded Yi Tianyun.

"Thank you young lady for kindly remind me, but I still have many things to do in here, so I am afraid that I can't leave just yet." Yi Tianyun smiled and he was relief that there was still some decent human being in the Profound Azure Mansion.

"In that case, I can only pray for your safety, and be cautious for both of them." Yu Shiqian proceeded to walk toward the shore line where they first come.

"Let's go, there is nothing to do here, we should probably go back." Yu Shiqian said to Zhao Yu.

"That man is weird. We advise him to leave, but he refuses, I don't know which sect he belongs to, on top of that he is alone on the island, his courage sure is admirable. And how can he understand the Spirit Language?" Zhao Yu said while still looking at Yi Tianyun from afar.

"I think all he said is true. Forget it, he has his own agenda. We can't change a man determination so easily. I hope he doesn't encounter Qing Liuyun again." Yu Shiqian said while stealing a glance to Yi Tianyun direction.

Yi Tianyun walked away from the two girls merrily, he didn't have anything to be afraid of around here, he was thankful for Yu Shiqian's reminder, as he knew that she hated Qing Liuyun. But, no one knew that he already dealt with the two young man before and burned them into a pile of ash.

Chapter 136: Spirit Race Young Lady

Yi Tianyun constantly walking around the island while thinking "There has to be something valuable here, maybe it's something related to Spirit Race, or something related to why the demon beasts around the island acted weird."

Since there was a tombstone located in the island, he thought that maybe there was a battle in the island long ago, and the one who died in the island was buried here, so there would be a memorial left behind to remember them. After walking around the island for a while he didn't see anything unusual in the island.

He became a little bit disappointed "It's weird, I don't see anything weird around the island, is there really nothing here after all?"

Even after his disappointment he didn't want to give up, he chose to walk around the island one more time but this time, he intended to look for some symbolic engraving or something like that. Sure enough, he found several carving on trees around the island carved in Spirit Language.

"This carving... it's Spirit Language!" Yi Tianyun says, shocked to find it in the most conspicuous place.

He tried to read it but to no avail, he became confused after reading the sentence "The door to heaven?" after he recited the word a few times, the less makes sense it was for him.

"Is this all useless now?" He feels that the word etched on the trees was connected to some kind of teleportation array that he can't seem to understand how to use it. He tried to study the structure of the island and tried to find some clues about the array activation and the words etched around the trees on the island.

After some time, he finally found out that he was right about the great array and its activation using Spirit Language, but he already tried it and failed.

He walked to tree that stated the gate for using the array and tried to spell the activation word using the Spirit Language, but still to no avail.

After a while, he thought about releasing his aura and then spelled the activation word, he came to conclusion that maybe his Spirit Core Cultivation aura has something to do about the Spirit Language as an activation word.

As he spelled the activation words once again after releasing his aura, sure enough something magical can be sensed around the island, and the trees around him began to glow.

After a while, the lights from the tree began to envelop him and immediately after, he vanished from the spot, leaving no trace behind.

Yi Tianyun himself just felt like someone just turned off the light for a brief moment, and suddenly he was standing outside of a cave with luminous pearls illuminating the the passage inside the cave.

“Finally, this kind of thing usually leads to a treasure!” Yi Tianyun says while looking around the cave. Yi Tianyun’s eyes sparkle while imagining what treasure he can get on this place.

“This is amazing, I am very thankful to Aunt Shi for teaching me Spirit Language, this won’t be possible if she didn’t teach me Spirit Language.” He was happy for whatever circumstance that Shi Xueyun had that require her to learn the language but he was happy that she also taught him.

“I don’t know what would I find here but this place is supposed to be a graveyard. But what’s certain was this place was called Tomb of Huan Qin. And there was no information about him anywhere in the island too which was weird.” Yi Tianyun wondered for a while, but he knows that no matter what, he had to be careful on exploring the cave, there is no telling what kind of trap in there await.

Later on he found out that the place has no harmful traps, but as he went deeper and deeper inside the cave he noticed that the air becomes hotter and hotter and the space becomes larger. However, the heat doesn’t bother him at all, with his Spirit Core Cultivation he can withstand the heat no problem.

He walked in to an open space inside the cave, he was suddenly by what he saw inside the room. The room was filled to the brim by Fire Dragon Stones. This much Fire Dragon Stone would fry a normal human entering this place.

This Fire Dragon Stone vaguely looked like a real dragon, it had very rich amount of Fire Attribute Spirit Power making it famously valuable and used by mainly cultivator with fire attribute. Yi Tianyun didn’t expect to land his sight on something so amazing in here.

“Who is there!” Suddenly a woman’s shout can be heard from the center of the room. Yi Tianyun turned his sight to the direction of the voice immediately and set his sight to the cage made from the Fire Dragon Stone itself.

Yi Tianyun instantly jumped up and saw what is inside the cage, and he saw a young lady sitting delicately, but her expression was full of vigilance and anger.

“A living person? Here in the tomb?” Yi Tianyun was very surprised by this turn of event. He really thought that this place was a grave like the stone tablet on the island mentioned, he expected to find a dead body somewhere along the path, but instead he found a delicate young lady, she didn’t even seems to be older than 17 or 18 years old.

On top of that, the young lady was very beautiful, she had long silver hair. But she looked quite miserable, that can be seen from her beautiful silver eyes that was full of anger, ready to be violent once she escaped the prison.

She even had the aura of an expert emitted from her body. Yi Tianyun judged that she was at least at Core Condensation, and with her trapped inside a prison without any nourishment and above all this unusual way of imprisoning her, Yi Tianyun was certain that this young lady had much higher cultivation than what he expected her to be.

Another interesting fact supporting Yi Tianyun’s theory is the intensity of cold wave she constantly radiated that instantly freeze her surroundings, but the moment she froze the prison, it was immediately thawed from the heat the Fire Dragon Stone produced.

Yi Tianyun immediately realized that she has been imprisoned with so much effort to render her power useless. This fact made him question every information he gathered in the island before coming here, the stone tablet said that this place was a grave called Tomb of Huan Qin, which meant that she is Huan Qin, but as the name implied it was supposed to be a tomb made for a man not a woman, which confused Yi Tianyun further.

As to make it more confusing, the young lady had several runes engraved on her face, which meant that she was from the Spirit Race. This fact was known to Yi Tianyun because in the past Shi Xueyun once told him story about the great Spirit Race and their outward appearance.

He also knew that Spirit Race could enhance the effect of this runes to its limit, making them very effective runes user. But still, most of all Yi Tianyun was really surprised to find a young girl from a Spirit Race trapped here in the forgotten tomb in a very dangerous island.

Chapter 137: Quest of Reformation of The World

According to the Stone Tablet outside, this place should be a grave for someone, but intriguingly this place was not a grave for the dead, a living person was trapped in here, in fact the one trapped here was not even human at all, but a spirit race.

“You are not from the spirit race, are you?” the young lady said with a little shocked expression. She knew this for the fact that Yi Tianyun doesn’t seem to have divine runes on his face. The spirit race had a strong connection to runes, they always had runes engraved to their face. They even had strong innate ability on the divine runes.

“I am not from the spirit race, I am just a passerby. I wondered, are you the one who has been called Huan Qin? There is a stone tablet outside mentioning that this place is Huan Qin’s Tomb.” Yi Tianyun asked curiously. He looked at her and understood that living in here was probably hard for her.

“How do you know my name?” The young lady was surprised that Yi Tianyun knew her name, which confirm Yi Tianyun’s curiosity.

“Like I said before, there is a stone tablet mentioning that this place is Huan Qin’s tomb, and on top of that this stone tablet seems to be left behind by someone called Lei Yun.” Yi Tianyun explained the situation to Huan Qin.

“Lei Yun! It seems that you are telling the truth. He puts me here, and make everyone believe that this is my grave!” Huan Qin said with a furious look on her eyes. She became a different person all of a sudden, she doesn’t look like a beautiful lady that Yi Tianyun saw before. Huan Qin snapped out of her fury though and turned her attention to Yi Tianyun once again.

“How could you enter this place? Only spirit race can enter this place! Did someone help you getting in? is it Lei Yun?” Yi Tianyun looked at her and completely understood her suspicious toward him.

“I don’t know anything about this Lei Yun fellow. I knew a little about Spirit Race language, and from what I see outside of this place. I conclude that this place must have some kind of treasure in it, so I search my way in. and here I am.” Yi Tianyun explained as simple as he could, because he was not obliged to help this girl trapped here. He didn’t know her circumstances, why she is being imprisoned in here, maybe she did something unforgivable or something. He didn’t want to jump to conclusion too quickly.

Huan Qin can’t argue with that logic, she knew that it is normal to be curious about something extraordinary.

“This is just my train of thought, no need to be defensive. Can you maybe help me out of here? I believe you, if you save me and help me out of this place, I promise to give you reasonable rewards! I will give you an earth level martial art and a lot of pills to help you cultivate! How about that?” Huan Qin thought that this reward was enough for commoners, but that was not the case for Yi Tianyun unfortunately.

The reward was reasonable, but how do I know I can trust you once I open this cage for you? How do I know that you are not some kind of monster that imprisoned here for a reason?” Yi Tianyun replied as he stated the logical reason. Huan Qin fell silent, she had no answers for Yi Tianyun’s question, all Yi Tianyun has said was very logical.

“If I am a monster then everyone else in this world is no better than a devil himself.” Huan Qin said looking desperate and vulnerable. Yi Tianyun raised his brows hearing Huan Qin’s word, he replied “Well, I barely know anything about spirit race, so I don’t know who you are and what your problem is, if you want me to save you at least you have to tell me why you are being held here.” Yi Tianyun thought that at least he can judge a character, he didn’t think that Huan Qin is bad person but at least he wanted to know the reason she was being held here.

Huan Qin watched Yi Tianyun silently, pondering whether she could trust Yi Tianyun or not. After a while, she began to tell Yi Tianyun the reason behind her imprisonment.

“The reason I’m in here was very simple. Because I don’t want to change the spirit race’s perspective. There is no way I would sell out my brethren for power! I am the next saintess of the spirit race so with me being captured and imprisoned in here, I can’t ruin Lei Yun plan.” She told her story with eye full of sorrow and anger.

Yi Tianyun observe her expression while she speaks very carefully and didn't find any sign of lie. A spirit race saintess? That title reminded him of Jiu Lingyun. was Jiu Lingyun also from the spirit race? But he didn't find any trace of spirit race from Jiu Lingyun.

"A quest for power is inevitable, even from a peaceful race such as spirit race." Yi Tianyun wondered, why would a minority race such as spirit race wanted to fight over power, wouldn't that backfired and diminish their own numbers?

"Hey you are thinking about our race as some kind of barbarians now right! It's not like that, my race is a harmonious race, this is all because Lei Yun, he became a lap dog for Netherworld Empire! Netherworld Empire wanted our race to join them, there is no way I would allow it as a saintess, so he planned all of this so that he could make decision in my place!" Huan Qin said furiously, she certainly despised this Lei Yun fellow so bad.

But, realization quickly came to Yi Tianyun, Netherworld Empire's lap dog? Netherworld Empire was a fourth level faction, which had many Core Transformation Expert, they even had Void Spirit expert on their hands.

"Netherworld Empire supported Lei Yun to become the next patriarch for the spirit race with a condition that spirit race became their vassal! Our spirit race never sided with other faction. We have been maintaining our neutrality until now, Netherworld faction only wanted us so they can rise in rank of their faction!" Huan Qin said with anger. Yi Tianyun realized now, how to quickly rise the ranks of his Jade Palace quickly.

'DING'

'Hidden Quest unlocked! [Rescue Spirit Race Saintess]'

'Description: This quest will affect the fate of the world, please proceed with caution!'

'Will you accept the quest?'

"Affect the fate of the world?" Yi Tianyun was startled by this notification. He immediately smiled, "Interesting! How can I not accept this rare opportunity, I will accept it!"

'DING'

'Quest [Rescue the Spirit Race Saintess]'

'Rewards: 200.000 Exp, 10.000 Crazy Points, 100 Huan Qin Favorability'

Chapter 138: Eradicates Seal

This is the first quest he encountered with this big impact on the world, but still it didn't mean much to him. He still didn't have that many profits in the fate of spirit race as of now. With that thought, he didn't particularly care if this quest failed, but it still intrigued him to complete this quest anyway. If he somehow could clear this quest, his relationship with spirit race would be greatly beneficial in the future. He could get support from them or at least make them an ally for Jade Palace.

"I understand now, I believe what you said at the very least, okay, I will try to break this cage now!" Yi Tianyun said with a light smile plastered on his face.

"Wait! You have to break the seal first! Once the seal is broken, I can break out from here on my own." Huan Qin said hurriedly.

Yi Tianyun became confused as he didn't know what seal Huan Qin was talking about "Seal? What seal? I didn't see any seal pattern here." He responds confusingly.

"The seal is not in here, it's the stone tablet outside, it is connected to the great array that keeping me sealed in here. As long as you break it or throw it away it would dramatically weaken the effect of the seal in here! After that, I would break out with no problem." Huan Qin said explaining the way to help her to get out.

Yi Tianyun wondered for a little bit and ask Huan Qin about the phenomenon that was happening in the island "Are you the one that keep attracting the demon beast to come to the island?" Yi Tianyun asked.

“Demon beast attracted to the island? No, it wasn’t me. I can’t affect the outside world from here. But from the look of it, you already encountered these demon beasts you’re talking about. Devil Cloud Island is very unusual, every once in a while, a group of demon beast would gather around the island and then they would die from the thunder constantly striking the island. It looks like some kind of sacrificial ritual from from what i saw. Because Lei Yun decides to imprison me here, he thinks that with demon beast constantly flooding the area, there would be little to none cultivator comes here.

With Huan Qin explanation, Yi Tianyun was somehow satisfied “Yeah, that’s still the case as we speak. Well, glad to know! With this I could finish a bunch of demon beast in a short amount of time!” Yi Tianyun glad to hear how this island worked, he can use the Exp x20 card as efficient as it can be.

“We don’t know the truth of this island yet, demon beasts aside, this island also reproduces a lot of Fire Dragon Stones, it’s ironic I would say, as I am the one who discover this place, and now I am the one being imprisoned in this place.” Huan Qin added. She looked so solemn as she thought about the ironic nature of her imprisonment.

“Don’t worry about the past! No point to depress yourself thinking about that. I will get you out of here, don’t worry!” Yi Tianyun said confidently, and started to make his way outside, when suddenly Huan Qin called him out “Wait!” she said.

“What? Don’t you trust me? Or you don’t want me to leave?” Yi Tianyun said while lightly smiling at her.

“No, that’s not it! I just want to give this to you.” Huan Qin said while throwing a small bottle of pill to Yi Tianyun.

“This is some recovery pills that I said I will give as a reward, also there is some runes on the cap that would help you break the seal on the stone tablet. If you read it, you could do damage to the stone tablet!” She explained to Yi Tianyun.

“You aren’t afraid that I would run with this pills?” Yi Tianyun asked. Huan Qin just smiles and said “No I don’t think you’re that kind of person.” Yi Tianyun smiled a little at her and disappeared through the passage earlier.

After Yi Tianyun returned to the island, he immediately headed to the stone tablet and checked his surroundings, it would be troublesome if someone came while he’s breaking the seal. He didn’t sense

anyone on the island at the moment, it seems that Yu Shiqian already left the island. With Devil Sea Dangerous Zone he doubted that anyone would be coming anytime soon. He began to investigate the stone tablet and became quite mesmerized by it. He couldn't stop to think that a stone tablet as a seal was a wonderful way to throw people off from finding the truth. Afterwards, he quickly tried to destroy the stone tablet, or lift it to hurl the rock to the side. He soon found out that his effort was wasted.

"This stone tablet sure is sturdy! No wonder she stops me from going out blindly." Yi Tianyun quickly pulled out the small bottle of pills Huan Qin gave him earlier and immediately read the rune in the cap. The rune itself was a simple rune, not a complicated rune that took quite some time to understand, the runes read 'Break Divine imprint' he wondered, how could such an easy words became the word to break the seal, but nonetheless he tried again and this time he used the rune to break the stone.

He channeled all his power and tried to lift the stone as he spelled the word 'Break Divine Imprint!' and sure enough the stone was lifted ever so slowly. But as time goes on, he still couldn't lift the stone high enough for him to hurl it to the side but the seal on the rock began to regain form and the stone suddenly became heavier. Yi Tianyun was surprised for a while before he re-gain his composure and once again spell the word 'Break Divine Imprint!' while also activated his Dragon God Bloodline. With his power suddenly rising, Yi Tianyun quickly lifted the stone and hurled it to the side.

"I don't believe it! Lifting such a small stones would be this hard! If I don't have Dragon God Bloodline I would surely give up this farce." Yi Tianyun said while panting lightly. Not long after the stones fell to the side, a burst of light suddenly appeared from the initial position the Stone Tablet was placed. Yi Tianyun concluded that this light was a sign that the seal was already broken.

"I change my opinion about the spirit race! I didn't expect a spirit core cultivator as myself to have such a hard time to break it!" Yi Tianyun said while in awe of what he went through.

He suddenly remembered Heaven Immersing Ancient Ruin's great array. If his level was high enough to repair the divine runes compiling the great array, the ruin should be impregnable from the outside, but as of now, his level was too low for that.

"I have to find the time to increase my Divine Runes Proficiency, I have to fix the Heavens Immersing Ancient Ruins as fast as I could." Yi Tianyun said as he made note to increase his Divine Runes Proficiency later. He knew that Divine Runes Master have such a high regard in Cultivation World, so it wouldn't hurt to raise the skill.

After catching his breath for a while, Yi Tianyun quickly returned inside Huan Qin's Tomb to meet Huan Qin once again.

When Huan Qin saw that Yi Tianyun came back, she was grateful for meeting such a wonderful man. She whispered softly 'many thanks to you my savior!' while looking happily at Yi Tianyun.

Yi Tianyun just smiled and said "There is no need to thank me just yet. You can hurry up and break out from there, if there is no problem, then you can thank me properly." Yi Tianyun said encouraging her to break out.

"There is no need for that. I will surely break out from this damned place!" Huan Qin said coldly and prepared herself to break out.

Chapter 139: Absorb The Shackles

Without further ado, Huan Qin attempted to destroy the cage by constantly freezing the cage surrounded by Fire Dragon Stone with her ice power, and then break the cage.

But the thing is, she was obviously lacking in power. No matter how much she froze the cage, it was quickly thawed by the surrounding Fire Dragon Stone. After exerting all her power but to no avail, Huan Qin was desperate, this is her only chance!

"Not enough power..."

Yi Tianyun walked in to the cave. Once again the heat suddenly blew on him, but since this is not the first time, Yi Tianyun is used to it.

"I broke the seal, how is it still so hot in here?" Yi Tianyun frowned, in fact it's even hotter in here probably, no wonder Huan Qin was having a hard time freezing the cage, even surviving this long was unbelievable.

The moment Yi Tianyun saw Huan Qin again, she already sat on the cage looking powerless. Yi Tianyun who was worried said: "no luck huh?"

"I tried freezing this cage several times. Although Seal was lifted, I'm too weakened, in this state I couldn't break this cage... I appreciate your help but I think this is the end."

The look on Huan Qin's eyes moved Yi Tianyun.

"Can this cage be destroyed from outside?" Yi Tianyun asked.

"It can be, but it requires even stronger force to break it from outside, are you..."

"Yes, I will help you break this cage!" Yi Tianyun winked, roll his sleeve, and said with a smile: "at first I didn't want to make a move, but it's a waste just letting this energy just sit here."

"What?" Huan Qin had some doubts and didn't know what Yi Tianyun meant by letting this energy just sit here was a waste.

"Just stand back and watch."

"Dragon God Secret Art!"

Yi Tianyun mumbled, followed by a dragon-like roar, and thick dragon scale emerged from his skin, and power surged from within his body! The scale helped him resist the heat too.

Huan Qin was flinched, she didn't expect Yi Tianyun could transform, and his appearance drastically changed! how much Divine Beast Blood Essence he consumed to transform like this, that's what Huan Qin wondered.

"Absorbing Stars Great Technique!"

Yi Tianyun grabbed the cage and began to absorb. To be precise what Yi Tianyun drained was the Fire Dragon Stone, because it contained energy, and Yi Tianyun can absorb that energy.

With Crazy Mode being activated as well, the exp Yi Tianyun absorbed increased.

Two of the Fire Dragon Stone gradually dimmed as Yi Tianyun absorbed the energy.

But as it became dimmer, all of a sudden it lighted up again, no matter how much Yi Tianyun absorbed it, the Fire Dragon Stone kept emitting heat.

“You, are you trying to absorb the energy in this Fire Dragon Stone?” Huan Qin asked with amazement.

“Yes, as you said.” Yi Tianyun said with a light smile.

He came here for experience, even after killing so many demon beasts, he still couldn't reach the level he wanted. However, Fire Dragon Stone is different. Absorbing this many Fire Dragon Stone. Just how much exp can he get?

“Absorbing this much at once, are you sure about this...” Huan Qin worried, she thought there's a certain limit to how much Yi Tianyun can absorb the energy.

“Don't worry, just leave it to me!” Yi Tianyun smiled and continued to absorb the energy.

Huan Qin saw Yi Tianyun's confident expression, she still can't believe everything Yi Tianyun did and said, but she refrained herself from interrupting.

“Activate 10 Times Experience Card!”

“Activate 5 Times Experience Card!”

After using two Experience Cards, exp absorbed turned into nineteen times!

Experience card or crazy mode didn't affect the absorption rate but the exp he gained definitely increased by a large amount.

"Damn, this is awesome, I wish I have leveled up this skill to High Grade Earth Level Martial Art, I will be able to absorb more exp."

Yi Tianyun wanted to upgrade his Martial Art, but 300.000 mastery was not a small amount. He only had a hundred thousand points so far, it's still a long way to go to reach 300.000. Unless he had so much Crazy Points and bought enough Earth Level Martial Arts to fuse as mastery, but of course that method wasn't worthwhile.

But this was so-so, the exp he gained here was just as much as killing the monsters outside anyway.

After an hour of absorbing, finally a notification!

'Level up to Fourth Level Spirit Core!'

"Good, I'll keep absorbing more!"

Once again the Fire Dragon Stone gradually dimmed, Yi Tianyun thought maybe he can get one more level here.

Seeing Yi Tianyun's persistence, moved Huan Qin, the man in front of him went this far to help her, not to mention this place is irrationally hot.

Nobody knows that Yi Tianyun is doing this for his own sake, not only to complete the Quest but also to Level Up! This is basically killing two birds with one stone, and Huan Qin was not a bad person anyway, it wouldn't hurt to help her.

Chapter 140: Heavenly Thunder Great Array

Yi Tianyun absorbed the energy continuously, earning him so much exp.

Meanwhile Huan Qin couldn't do anything except staring at Yi Tianyun with her blue eyes, at this point she didn't care anymore whether she could get out or not, but rather Yi Tianyun's well being, she thought Yi Tianyun is pushing himself too far for her sake.

"Are you sure you're okay? You can take a break you know..." Huan Qin worried.

"I'm fine really, just sit tight and I'll break you out of here in no time." Yi Tianyun smiled.

What Huan Qin didn't know was, Yi Tianyun was totally fine, in fact he was ecstatic to be able to find such abundant exp source.

Suddenly the exp he gained plummeted, which means the 10 Times Experience Card and 5 Times Experience Card's effect expired, and he decided not to buy any more for now. Because buying additional Experience Card was just not worthwhile at this point due to the price kept increasing after each purchase, 10 Times Experience Card costed 250,000 Crazy Point, and the 5 Times Experience Card costed 100,000 Crazy Point at this point, which was very costly.

"It seems that all I can use is Crazy Mode..."

Yi Tianyun shook his head, even if he kept the Crazy Mode active, the consumption rate was also quite a lot, at this level he consumed a hundred Crazy Point per minute. That's not much considering he only activated it for about an hour now, besides earning more exp is more important right now.

Obviously now that the effect of experience card expired, he gained less exp, and it will be harder for him to level up.

Experience was reduced, but since the absorption rate wasn't affected, the all Fire Dragon Stone surrounding the cage was almost extinguished.

"Already?" Huan Qin was so excited that Yi Tianyun could absorb the energy this fast and from the looks of it he seemed fine.

Yi Tianyun absorbed all the energy, all Fire Dragon Stone was extinguished, this was too easy for Yi Tianyun.

“Like I said, this is nothing.”

“Zap!”

Suddenly, a Divine Thunder immediately condensed in the air, and struck Yi Tianyun down at an unbelievable speed that Yi Tianyun can't dodge it, sending him flying toward the wall.

“Hey...” He squirmed, and there was a blood on his lips. He was slightly injured due to the thunder strike.

“Thunder strike?” Yi Tianyun felt as if his body almost split in half. He could've been killed if he hasn't reached Spirit Core, and luckily he activated Dragon God Bloodline, so the impact from the thunder strike was subsided.

His whole body was numbed, it really wasn't an easy task to break this cage.

“This, this is Heavenly Thunder Great Array, Lei Yun engraved his Heavenly Thunder Great Array to this cage!” Huan Qin said in horror: “Stay away, go! He uses the lightning of this Devil Cloud Island as the last line of defense in case something happened to the Fire Dragon Stone, if you come any closer to this cage, you will be killed!”

Yi Tianyun stood up, wiped the blood on his lips, and said with confidence : “Do you think I will give up that easily? I'm a little numb that's all, this is nothing.”

He wouldn't give up that easily, he drew more power from Dragon God Bloodline, boosting his power.

“Zap!”

Divine Thunder struck again, this time Yi Tianyun raised his hand and used Absorbing Stars Great Technique to absorb the energy of the Divine Thunder!

“Humph.....”

Yi Tianyun was sent flying once again! His absorption rate couldn't keep up with the momentum of the Divine Thunder, unless he leveled up the mastery of Absorbing Stars Great Technique, there was no way he could absorb that Divine Thunder.

“You must stop. This Heavenly Thunder Great Array will gradually become more powerful. At this rate, you will definitely die!” Huan Qin begged Yi Tianyun to stop: “I know how you feel, but just go, leave me.....”

Her eyes turned red, she wanted to get out but she couldn't let Yi Tianyun die helping her. Although she acquainted with him only recently, she couldn't bear seeing Yi Tianyun die in front of her.

“Do not worry, I can handle this, I got more tricks up my sleeve”

At this point Yi Tianyun was well aware that he couldn't take that Divine Thunder head on, so he observed the Divine Thunder for a while.

The next moment, he took out the Shadow Cloak which granted five seconds invincible!

Immediately, he rushed up again toward Huan Qin, and at the same time he looked at Huan Qin's sad eyes and shook her head, she really didn't want Yi Tianyun to come closer and put himself in danger.

That look made Yi Tianyun even more determined to save her.

“Zap!”

Divine Thunder struck again, but this time he used Shadow Cloak!

“Boom!”

When the thunder struck him, he remained unscathed thanks to the effect of Shadow Cloak.

He quickly reached the cage and grabbed the cage with both hands.

“Roar!”

Yi Tianyun made a dragon-like roar, firmly gripped the pillar of the cage and bent it to each side. A “squeaky” sound was heard as he bent it, a small crack appeared, and Yi Tianyun bent it even harder to the point that the veins in his hands are bulging!

“Crazy Mode, double power!”

Yi Tianyun screamed and tried to tear the cage open. At the same time, a Wicked Fire emerged from the stone pillar and tried to enter his body through his arm. However, since the effect of Shadow Cloak was still active, it was negated.

“This Wicked Fire was set up here beforehand...”

Yi Tianyun immediately knew what it was. Obviously, Lei Yun prepared this trap beforehand to prevent anyone from breaking the cage from outside, and in case Yi Tianyun didn’t activate the effect of Shadow Cloak beforehand, he could’ve died by now!

Turns out there were two traps in addition to Divine Thunder to prevent anyone from rescuing Huan Qian.
