Chapter 151: All Extinguished

Yi Tianyun appeared in front of them with menacing look.

“You are that Yi Tianyun?” Elder of Wind Pavilion said full of fear in his eyes. This confused Profound Azure Mansion’s disciple, they don’t know how strong Yi Tianyun was especially Ning Chuan who just looked at Yi Tianyun in wonders.

Suddenly, Kang Haotian felt that something was wrong, he began to look around and when he didn’t see anything unusual, he looked up, but it was already too late, a fire immediately engulfed him, he let out a high pitched scream that causing shiver run down everybody’s spine, but the fire was soon extinguished while leaving a pile of ash behind.

A roar was heard not long after the fire were extinguished, and a dragon landed right where Kang Haotian stood earlier. Everyone was surprised, what was a dragon doing in here, a divine beast normally never showed themselves up in a place like this!

“Profound Azure Mansion, I didn’t expect you to react this fast, but alas how many did I have to kill now?” Yi Tianyun said coldly to Ning Chuan,,

“Kill all of them, Black Dragon!” The Black Dragon roared one more time and immediately whiped his tails at the nearby Profound Azure Mansion’s disciple, killing them instantly. The dragon kept on attacking them with its tails and claws.

They became exp for Yi Tianyun!

“Ho, How did you control a black dragon?” Ning Chuan asked to Yi Tianyun with fearful eyes.

“Who are you to think that I would answer your question?” Yi Tianyun said while his eyes trained to Ning Chuan, he quickly slapped Ning Chuan in the face, throwing him to the side with a broken tooth. He quickly helped Zhu Yuwei back on her feet and said,

“I know that you already went out of your way to escape that place, but she still loves you and asked me to deliver this to you.” While taking out the Jade Pendant given by Zhu Yuxuan and give it to Zhu Yuwei.

When she laid her eyes on the pendant, she was surprised. she became teary once again remembering her sister.

“You saw my sister?” she asked.

“Yes, we will talk about it later, ok?” Yi Tianyun said and he immediately shifted his attention to the Wind Pavilion’s elder earlier.

“What would you like to do with him?” he asked Zhu Yuwei. The elder just stared at them with a pale face, he didn’t have the slightest courage to escape after looking at the dragon killing everyone.

“Pavilion Lord Zi, please spare me! I don’t want to die!” the elder hurriedly begged Zhu Yuwei. Before Yi Tianyun came he wanted to kill Zhu Yuwei personally, and now when the tides has turned he just begged, Zhu Yuwei was really disgusted by his behavior.

“Earlier you wanted to kill me yourself, and now you want me to spare you? When I have something you want, you began to act nicely. But if you have someone better at your disposal, you immediately turn away! Young Master Yi, help me catch him!” Zhu Yuwei said coldly.

“I am vey happy to help!” Yi Tianyun smiled, he immediately rushed toward the elder and kick him in the stomach, throwing the elder to the side. The elder vomited some blood when he tried to stand up again. Yi Tianyun dragged the elder’s body to face Zhu Yuwei again, she immediately pulled out her sword and look at the elder coldly.

“You have been a torn on my side for so long, now I can get rid of you!”

“Please Pavilion Lord Zi, spare me! We treated you well, didn’t we? We help you out when you are homeless and broke!” the elder kept on persuading Zhu Yuwei to let him live.

“True! But all you did was for your own benefit isn’t it? You want me to marry the sect master of Wing Sect don’t you? If the person has some use to you, you will give them good things and when they don’t have any other use to you, you discarded them like garbage. Young Master Yi here already received that threat didn’t he? What a disgusting human you are!” after she said all her mind, she quickly swung her sword and stabbed the elder, immediately killed the elder. She looked a bit relieved as if a heavy burden was lifted off her chest.

“Kills whoever tries to escape!” Yi Tianyun shouted, and the black dragon could be heard roaring once more. All the disciples from both side was stunned on their spot. The Black Dragon released its own killing intent, making all of them literally froze on the spot from fear.

Yi Tianyun quickly headed over Ning Chuan and glared at him,

“What information do you have when you came here?” Yi Tianyun asked coldly.

“What do you mean? Did you think.... AAAAAH!” Ning Chuan was completely engulfed in flames when Yi Tianyun didn’t hear what he wants.

‘DING’

‘Successfully kills Ning Chuan’

‘Reward: 120.000 Exp, 2000 Crazy Points, High Grade Spirit Tool, Netherworld Hook, 20 Sin Points.’

“Hear me out, I will ask you a question, if you don’t give me the answer truthfully I will burn you to death! And now, you! What information do you have?” he asked to one of Profound Azure Mansion’s disciple.

“I, We don’t know anything! AAAAHH!” he too was burnt alive.

“What about you?” Yi Tianyun asked to another disciple.

“I know something! We didn’t hear anything for a long time from Elder Wei and the others, so something must have happened to them. So someone was sent to investigate it and immediately they reported that Jade Palace already evacuated, and the elders all speculated that Jade Palace must have something to do with the incident, and they immediately sent people over.” The disciple said, looking afraid of what Yi Tianyun wants to do.

“How many people was dispatched?” Yi Tianyun asked.

“Basically all the elders and a bunch of disciple were sent.” The disciple said in a hurry, he’s afraid he’ll be burned to death as well.

“How about Mansion Lord? Did he come as well” Yi Tianyun asked.

“Yes, he should be coming as well!” said the disciple.

“Where are they now?” Yi Tianyun asked, now becomes anxious.

“They went straight to Heavens Immersing Ancient Ruins, someone saw that Jade Palace going in and out of that place.” The disciple explained in a hurry.

Yi Tianyun becomes more restless, he didn't think that Jade Palace would be discovered this fast!

Chapter 152: Start The Slaughters

Yi Tianyun knows the ins and out of the Heavens Immersing Ancient Ruin, he didn't expect that place to be found this quick. But if they really saw some disciple going in and out of that place, it can't be helped.

"Good answer! Now you can go." Yi Tianyun said to the Profound Azure Mansion's disciple he interrogated.

After the disciple was freed, he trembled from the fear and walked back a few step and fled. The other disciple also followed after him, trying to flee, but before they even took a few steps, the black dragon swoop in from above and burn all of them to cinder.

The scream of pain and agony from the disciples as they were burnt can be heard from a mile away! The disciple that Yi Tianyun just let go earlier, fell down on his knees, seeing the horror that Yi Tianyun displayed in front of him.

"I never say they could go." Yi Tianyun said indifferently.

"Are you really gonna let that guy escape?" Yi Tianyun said to the disciple of Jade Palace. They all quickly snapped back from their trance, and quickly took their sword out and immediately chase after the guy Yi Tianyun freed before.

"Hmm, I surely did let you go, but I can't say the same about others." Yi Tianyun said indifferently.

The disciple of Jade Palace soon caught up to the guy, and his scream was heard by Yi Tianyun who smirked on the side line.

Yi Tianyun immediately walked toward Elder Great Elder Mo Yu's direction, seeing her body rest on the tree. He immediately took out a medicinal pill and stuffed it inside her mouth. The pill took effect almost immediately, allowing her to recover for a little bit.

“Great Elder, you did well holding for this long, rest for a while. Now, what is the situation in the ruin?” Yi Tianyun asked as she finally could move her body.

“Finally, you are back! They all are supposed to be fine, we’ve been out for only a few days, the last time we were there, all of the disciple and the Palace Lord was fine. But the ruin is being sieged by now. I am afraid that it can’t hold on for much longer.” Great Elder Mo Yu coughed up a few times, and she was so pale.

“You don’t need to worry anymore, as long I am here, I will not let them do whatever they want!” Yi Tianyun said assuring Great Elder Mo Yu.

“Thank You, Young Master.” Great Elder Great Elder Mo Yu said while visibly relaxed. He let go of her and told several disciple to take care of her. He turned his attention to Zhu Yuwei.

“Your sister asked me to tell you that you don’t need to go back to Zhu family, and she was sorry.” Yi Tianyun said to Zhu Yuwei solemnly.

Zhu Yuwei’s tears instantly fell down from her eyes, “Did my sister really say all that?” she asked.

“Yes, she said all of that. Did she let you escape?” Yi Tianyun asked.

“Yes. I don’t want to go at first, I want to become strong like my sister and marry the man Stars Pavilion need for the backing, but my sister lied to me and force me to go find my happiness. But that doesn’t matter, I will go back there to see her soon.” she said in tears and sobbed.

“Don’t bother yourself, after I destroy Profound Azure Mansion they will lose the reason to sacrifice you like that! Let’s go there again after i settle things up.” Yi Tianyun said smiling brightly. He was still a bit startled that Zhu Yuxuan’s word was actually true. Now he perfectly understood that Zhu Yuxuan really wanted Zhu Yuwei to be happy.

Yi Tianyun also knew that Zhu Yuwei have become an independent woman, she didn’t easily show weakness in front others and she also returned the favor to whoever that helped her.

Zhu Yuwei nodded and said, "My sister pushed herself too hard, she shouldered all the family's burden." Yi Tianyun sighed deeply, he hated himself for doubting Zhu Yuxuan.

"She did everything for you, very admirable" Yi Tianyun said.

After hearing Zhu Yuwei's confession, he turned his attention to all disciple of Jade Palace and Zhu Yuwei, "Now, find a place to hide. I will resolve the fight in Heavens Immersing Ancient Ruin myself." They all nodded, they know that they would become a burden to Yi Tianyun if they come with him.

Great Elder Mo Yu blinked for a few times and said, "Be careful, don't get yourself killed, we can't afford to lose you. I don't care if Jade Palace is gone, but you should survive for the future!" Great Elder Mo Yu believed that Yi Tianyun would become a significant individual in the future. And not only her, everyone from Jade Palace thought so.

"Jade Palace will not be destroyed as long as I am around!" Yi Tianyun smiled lightly and fly off with the black dragon.

All the women watched Yi Tianyun flew off to the horizon, they prayed for Yi Tianyun's success. They once again witness Yi Tianyun growing more powerful. This time he even tamed a black dragon!

"Young Master Yi, please be careful!" Zhu Yuwei prayed as she watched Yi Tianyun disappear through the horizon.

Yi Tianyun quickly flew to Heavens Immersing Ancient Ruins. When he was close enough, he quickly jumped off from the black dragon and unsummon the black dragon as he didn't want to lose his element of surprise. He secretly observed the situation outside the Heavens Immersing Ancient Ruins, and planned out the ambush. After all, he can't blindly charge a large army like that.

So to be more efficient, he used his sneak skill to observe and find more information about the enemies. The slaughter has just begun!

Chapter 153: Surrounded

Yi Tianyun carefully approached the Heavens Immersing Ancient Ruin's entrance as not to be seen. As he got closer, he noticed that the door has been bombarded by the enemy forces. Enemies kept bombarding the door, leaving a dent here and there from their attack!

He observed the enemy group as stealthily as he could, he saw that the group the closest to the entrance consisted of eight Spirit Core Expert that ranged between second to eighth level Spirit Core, the Mansion Lord being the highest level cultivator among them.

Behind them were the Core Condensation Expert group, with about 30 cultivators in that group. The Spirit Refinement group was right beside them, this group was even bigger than the Core Condensation, spirit refinement group had hundreds of Profound Azure Mansion's disciple in it.

The thing that baffled Yi Tianyun was the amount of people Profound Azure Mansion dispatched for a first level faction, this is just too much! Yi Tianyun observed the entrance after he saw all the Profound Azure Mansion's forces. He realized that the door couldn't hold much longer under enemy attack. He couldn't let them breached the door, for that he needed plan.

"Prepare another round of attack!" A middle aged man shouted from the Spirit Core group, the man seemed to be the highest level cultivator, which mean that he was the mansion lord himself, Qing Tianxun!

"I believe that this door wouldn't hold out much longer." While smirking.

"They wouldn't get away for killing our elder! Did you think you are safe in there? I didn't attack you earlier because of the stupid rules, now that you have killed our elder, I have a good excuse to ignore it! Hahaha!" Qing Tianxun laughed as he stated his reason.

There is a set of rules in Heavenly Borders Continent about Earthly Borders Continent, the factions on Heavenly Borders Continent may not attack the faction in Earthly Borders Continent as they please.

This is because the gap of cultivation between the continent is too big it wouldn't be fair. But, Heavenly Borders Continent faction can send one or two people to make a demand for some faction in Earthly Borders Continent to become a part of their faction.

This is merely a display of power from the more powerful faction. This rule has a little chance of breaking, because if the faction didn't have a good excuse they could receive sanction from all faction in Heavenly Borders Continent!

This is the case now, Profound Azure Mansion had a good excuse to launch an attack here as their elder has been killed here. Many factions from Heavenly Borders Continent already knew this reason, which was why they didn't interrupt Profound Azure Mansion to come here.

The elder of Profound Azure Mansion that become the reason of attack can be said a martyr, as he died, the door to invade were now opened!

Suddenly, the Heaven Immersing Ruins Door slowly opened, making Qing Tianxun raise his hand to stop the attack of his man. After a little gap opened, a figure can be seen from outside the door.

"Aunt!" Yi Tianyun said while gasping, Shi Xueyun didn't look good! She was holding a bloody sword, her face was pale and her aura was fluctuating, clearly she received an injury while fighting earlier on. Seeing his aunt in this state infuriated Yi Tianyun more than before, now he would be sure to spare no one from Profound Azure Mansion!

"Finally! You came out! Are we too noisy that we interrupt your slumber in there?" Qing Tianxun said while smirking at Shi Xueyun.

"Anyways, Palace Lord Shi, your sect killed one of our elder. As a payback, you have to kill the perpetrator or hand them to me and you have to become my wife! As Jade Palace is, it's obvious that Jade Palace would become our subsidiary sect here in Earthly Borders Continent!

The mansion lord was still obsessed with Shi Xueyun, he didn't want to let go a strong woman! It's one of his many hobbies, conquering strong woman. Shi Xueyun just stood there, pondering what she would do next.

"I will go with you, but you have to let Jade Palace go!" she said thoughtfully.

"Like I said before, first you need to kill the person that killed our elder! After that may we negotiate other things!" Qing Tianxun said coldly.

“Think wisely lady! Did you think this place would stop us? This door would be destroyed in a day or two!”

Qing Tianxun clearly had an advantage here, he obviously had no intention to negotiate anyway. As long as the status quo was not balanced, there was no way he wants to negotiate!

“Then I will choose death!” Shi Xueyun shouted while expanding her aura. Any place that came in contact with her aura froze instantly!

“Don’t come out from the ruins!” Shi Xueyun shouted to those inside the ruins.

“Palace Lord no! don’t go!” Changyun screamed from inside the ruin, while the door are slowly closing again. There was so many expert in front of Shi Xueyun, which mean there was a little to no room to escape them.

In the distance, Yi Tianyun already thought of a plan that will ensure him to rescue Shi Xueyun.

“Wait for me aunt!” He said while he began to make his move.

Chapter 154: Sneak Attack

Qing Tianxun saw Shi Xueyun’s action and laughed at her meaningless attempt, he immediately ordered his man to capture her.

“How stupid, giving herself out like this. Capture her! don’t harm her too much!” he said while ordering his Spirit Core Expert.

Shi Xueyun immediately getting flanked, the spirit core expert surrounded her with ease despite her ice cold aura she emitted.

The old ancestor and elder of Jade Palace just watched as she was surrounded, they really wanted to help her out but they knew that they didn't stand a chance out there.

Even though they have cultivated decently for the past month, a spirit core expert is too much for them.

"She would get through this! she will awaken her innate potential power and kick their asses!" said one of the old ancestor.

"I doubt that she will live! There is simply too much Spirit Core Expert surrounding her! But alas, she would create a time for Heavens Immersing Ancient Ruins to recover!" Another old ancestor solemnly said.

Shi Xueyun has the same thought on her own mind. She definitely wouldn't have a chance to survive against this many opponent. She was just stalling for the ruins to recover, until then she would do her best to delay the enemy's attack.

"You really think that I don't know that you're just stalling?" Qing Tianxun said while keeping his emotions indignant.

Shi Xueyun knew that she had to at least injure Qing Tianxun somehow, she immediately forced her blood qi out and quickly integrated her blood qi to the Cold Ice Soul Jade, the result is instantaneous, she immediately reached the second level of Spirit Core.

The cold temperature turns colder, and her sword was completely covered in ice! This newfound power she displayed struck fear into a few of her opponents, they took a step back. Even Qing Tianxun frowned seeing the intensity of Shi Xueyun's power.

This was actually a forbidden method to increase cultivation in cultivation world. This method didn't go without risk either, she needed to constantly consume her own blood qi to keep herself alive until the aura was balanced and she was back to normal.

However, she successfully fended off some of the Spirit Core Expert surrounding her, they all screamed from the chill Shi Xueyun's aura created!

But as strong as she was, she couldn't overcome the side effect of her technique. She already reached her limit, her face became pale, without a hint of blood on it.

The elder inside then slowly closing door of Heavenly Immersing Ancient Ruins all shouting for Shi Xueyun to go back inside. They didn't want Shi Xueyun to die at enemy's hands so easily.

When Shi Xueyun tried to stand up and walked back into the ruins, she found her body completely heavy. When she tried to look around, she found that her body was completely tied up by some thin wire.

"I already said it didn't I? You will not run away from me again this time!" Qing Tianxun smirked at Shi Xueyun. He came over to Shi Xueyun and place his foot on Shi Xueyun's back.

But suddenly, a scream broke out Qing Tianxun's smirk. He quickly turned around and ask, "What the fuck is going on?" When he completely turned around, he became quite shocked himself, a lot of the cultivator he brought with him was lying on the ground without any clear reason. He didn't feel any killing intent or threatening aura from anywhere nearby!

"What is going one? What happened to them? Half of my force was defeated just like that?" he asked one of his subordinate.

They looked around silently, without a slightest idea.

So many spirit refinement and core condensation expert have fallen! When they were distracted looking for the perpetrator, suddenly a figure rushed forward very fast toward Qing Tianxun and made a move to stab Qing Tianxun.

Qing Tianxun sensed his life was in danger immediately used his hand to protect himself from the attack, but he was a tad too late, the dagger quickly pierced his palm and pierce his chest although it was pretty shallow.

Blood gushed out of his hands and chest, the attacker realized he failed to finish him off and bounced backwards and spin through the air toward the other Spirit Core Experts and slice them in two!

People began to scream due to this commotion, nobody ever thought that someone would be able to kill a spirit core expert so easily! The figure began moving toward Shi Xueyun and when he was beside her, the figure immediately cut the wire tying Shi Xueyun up.

"I am sorry I am late, aunt!" the figure quickly embraced Shi Xueyun in a familiar hug, his voice also familiar with familiar scent too.

"Yeah, its okay." Shi Xueyun said while nodding gently. Her pale face still showing a beautiful smile.

Chapter 155: 2.450.000

'Ding!'

'Killed Profound Azure Mansion Elder'

'Reward: 580.000 Experience, 11.000 Crazy Point, Martial Art Netherworld Step, Serpent Slaughtering Sword Material, 5 Times Experience Card'

'Ding!'

'Level up to Fifth Level Spirit Core'

Yi Tianyun was killing many Profound Azure Mansion disciple before he saved Shi Xueyun. With his stealth ability and the scarlet set it became super easy to kill someone before they got the chance to protect themselves. He even used the Crazy Mode with 20x Exp card and 3x Crazy Point Card so the amount of exp and Crazy Point he got skyrocketed!

Initially, he wanted to save Shi Xueyun quickly, but there were so many enemies here, he couldn't jump there knowing that it would be dangerous if the enemies decided to attack at the same time. So instead, he made his way through by killing the enemies starting from the weakest!

Everyone was shocked to see a young man could kill several core condensation expert and one of their elder.

“Who are you?” Qing Tianxun asked with a shocked expression written all over his face.

“Heh, I am the one you’re looking for!” Yi Tianyun said while putting Shi Xueyun down and letting her go back into the Heavens Immersing Ancient Ruins.

“You are the one who killed elder Wei?” all the Profound Azure Mansion troops were shocked hearing Yi Tianyun’s confession.

“Yes, it’s me! You Profound Azure Mansion is too greedy! You think the entire Earthly Borders is yours? You even want to control our Jade Palace and make all of our disciple yours too? This is already going too far, I will personally annihilate you all now!” Yi Tianyun said with a sneer.

Disciples of Jade Palace inside the ruins was relieved after sensing Yi Tianyun’s aura, their morale was back now. With Yi Tianyun on their side, they will not be easily defeated now!

“Elder Yi is so powerful! He just left for a month and now he’s already at Spirit Core!” the disciple of Jade Palace said, while whispering to themselves in the ruins.

“Impossible! You are too young! What faction did you came from?” Qing Tianxun said feeling humiliated. He already lost so many disciples, there was no way that Profound Azure Mansion could recover from this damage in the near future!

“I am an elder of Jade Palace, I belong to Jade Palace!” Yi Tianyun said coldly, “Today is the day you die! Don’t try to escape if you want a painless death!” Yi Tianyun waved his hands in the air and the black dragon immediately descended from the sky. It landed on the remaining Core Condensation expert and blasted them with its huge body!

“This is, this is a black dragon! A Divine Beast!” Qing Tianxun was shocked once more.

At the same time, Snow Wolf walked limping towards Yi Tianyun while whimpering quietly.

Yi Tianyun was surprised to see the snow wolf to be in such a state, it was obvious that the beast tried his best to defend Jade Palace.

“Good boy! Now take a rest, I will handle this. after we’re done here you will come with me!” Yi Tianyun said while giving Snow Wolf a recovery pill and petting its head. The snow wolf just whimpered lightly and walked back toward Shi Xueyun.

“If it is not because the snow wolf, we would’ve been caught! It blocked many attacks from them so the ruins could hold on for this long.” Shi Xueyun said while petting the wolf’s head.

Yi Tianyun just stared at the Snow Wolf, it made sense that it could block so many attack, it was already at the second level Spirit Core. Even if he was far away from the wolf, the wolf still received the shared exp.

“Well, I need to end this quickly then!” Yi Tianyun immediately drew his Sword Of Endlessness. This is the only sword that he never used, because there was no reason to use this sword before this, the effect was just too strong for casual use.

The blade was radiating a strange light as Yi Tianyun gripped it firmly in his hand.

The black dragon on the side already being surrounded by a few spirit core cultivators, but it should be okay. The dragon’s scale was too thick for them to penetrate.

“5x Exp card activate! Crazy Mode: Damage x8 activate!” Yi Tianyun shouted. His aura immediately bursted, his combat power was raising like crazy!

200.000!

300.000!

600.000!

800.000!

900.000!

1.300.000!

2.450.000!

In the end, his combat power stopped at 2.450.000.

This numbers was much larger than a normal spirit core cultivator!

Qing Tianxun was only at 670.000 when he observed the man with his appraisal eye before.

This number Qing Tianxun currently had already included his armors and accessories and also his weapons!

There was no way Qing Tianxun could win against him now!

Chapter 156: Unilateral Surface Suppression

Shocked was not even close enough to describe Yi Tianyun's feeling right now, he just overturned the combat power of Mansion Lord dramatically!

2.450.000 combat power was unnatural for Spirit Core, with this much Combat Power who could stop him from annihilating Profound Azure Mansion?

The difference before and after leveling up this Crazy Mode was absolutely divine! If he could level it up again and gain the effect of damage x16 that would be godly!

“Profound Azure Mansion, you are too arrogant! Today, I am just a tool to drag you down to earth again, but I can’t say that you will not be squashed upon reaching the ground!” Yi Tianyun said while walking toward Qing Tianxun and the other Spirit Core expert.

Qing Tianxun and his Spirit Core Expert are all became pale and terrified, never did they encounter such overwhelming aura! They speak to themselves hectically, “This is not a Spirit Core Aura! This is already a Core Transformation aura!” One said.

“He is so young! How can he be a Core Transformation already? This is madness!” another said.

“We, we have to escape! We can’t win against him!” another one said while trembling profusely beside their Mansion Lord.

Qing Tianxun that just stood still, he didn’t know what to do, so hearing one of the disciples’ idea, he shouted, “Go!! Escape! Run for your life!” and he didn’t waste any time to escape as fast as possible.

Qing Tianxun fled faster than anyone else! Yi Tianyun sighed as he had to make effort again for the inevitable.

He caught up with one of the elder in a blink of an eye and swung his sword to split the man in two!

The elder sensed his impending doom, attempted to block Yi Tianyun attack with his own sword. This reflex of his, will be proven fatal! As his sword clash with Yi Tianyun it instantly exploded, killing him immediately!

‘DING!’

‘Successfully Killed Profound Azure Mansion Elder!’

‘Reward: 680.000 Exp, 12.000 Crazy Points, 30 Sin Points, Netherworld Step Martial Art, Heavenly Star Palm Technique, Violent Flames Blade, and Blast Shoe!’

Yi Tianyun was shocked with happiness! With the crazy mode and exp card, he can get almost 700.000 exp in one go from just an elder!

He basically excited to kills some more, and he even more exited to see how much he would get from killing a mansion lord!

He quickly chase another elder and caught up with him easily. He immediately stabs the elder with his Sword of Endlessness, but the elder tries to resist!

The sword hit an armor that glowing once the sword become close to it, but this is all for naught! The sword still pierce the elder like butter, the elder let a chilling scream as his life fade away.

‘DING!’

‘Successfully Killed Profound Azure Mansion Elder’

‘Reward: 700.000 Exp, 13.000 Crazy Points, 35 Sin Points, e.t.c’

Killing an elder became si easy, the gap of power was just too overwhelming! Black Dragon on the side also did a proper job, killing all the Core Condensation Expert that scattered when Yi Tianyun came out.

Now, all that’s left was a few elders and a mansion lord! There is no way Profound Azure Mansion could ever recover after this.

“This power... this is too overwhelming!” an elder of Profound Azure Mansion elder screamed while running away. They have never been in this position before, they were always the hunter, not the hunted!

“Like I said before, don’t think about it too much!” Yi Tianyun said while piercing the said elder’s heart, instantly killing him.

"It's sink or swim!" Qing Tianxun said while running as quickly as he possibly can. His heart was aching, how many elders has fallen until now, how could he recover from this heavy loss!

"One down three more to go." Yi Tianyun said leisurely. Yi Tianyun looked around and assessed the distance of the two elders and mansion lord with his position.

He chose to attack the closest one for now and immediately chase the elder down!

When he almost caught up with the elder, suddenly a red cloud formed on the sky ahead of him. A baleful aura and strong killing intent could be sensed from it.

"Old Ancestor is coming!" Qing Tianxun screamed with a little joy and relief in his voice.

"Old Ancestor?" Yi Tianyun was startled. With the amount of baleful aura and killing intent from the red cloud direction there was no question that the said old ancestor must be a terrifying cultivation expert!

"How much exp will I get for killing Old Ancestor?" Yi Tianyun said to himself while grinning maniacally. There was no fear in his eyes whatsoever!

Chapter 157: True Core Transformation Power!

The menacing aura from afar immediately covered the area in an instant. A deep pressure instantly enveloped Shi Xueyun.

"This pressure, this is from a Core Transformation Expert!" she said while standing up, she felt fear crawling upon her mind.

"This is an aura from the Old Ancestor of Profound Azure Mansion. Only them has this kind of power at their disposal." The old ancestor of Jade Palace said gloomily.

Not long after that, a pair of Water Crystal Coffin flew out through the air and land in the middle of the area. The menacing aura seeping out from the coffin incited fear to Jade Palace's disciple in ruins.

“Welcome, Old Ancestor Blood Fiend.” Qing Tianxun said while bowing his head to the old man that came out from the coffin.

“Welcome...” Yi Tianyun said while stabbing his sword towards the old man. The sword of endlessness shone brightly, and the Water Crystal Coffin was sliced down, causing the old man to jump out from his place.

“Impudent child!” the old man said. Yi Tianyun noticed that a constant blood qi was flowing to the old man from everywhere.

The old man quickly raised his hand towards Yi Tianyun and in an instant, shot a powerful wave of aura towards Yi Tianyun. But as the attack hit Yi Tianyun, it disappeared as quickly, the sword of endlessness apparently capable of absorbing the energy wave.

“This power...!” the old man could not believe what he just saw.

He quickly charged toward Yi Tianyun in anger, “DIE!” he said.

Yi Tianyun quickly swung his sword in mid air, creating a blade wave, forcing the old man to dodge. The wave hit the Water Crystal Coffin once again and was blown to pieces.

As the old man stops charging at him, Yi Tianyun used this opportunity to look at the old man’s status with his appraisal eye.

‘Name: Old Ancestor Blood Fiend’

‘Cultivation: Second Level Core Transformation’

‘Equipment: Middle-Grade Soul Tool’

‘Combat Power: 1.300.000’

‘Martial Arts: Blood Fiend Demon Palm, Blood Fiend Divine Art, etc.’

‘Weakness: Water Attribute attack that can weaken the opponent’s attack.’

He is in a second level core transformation rank. His combat power sure was amazing, but it was still nowhere near Yi Tianyun. However, Yi Tianyun noticed that the old man had not released his full power just yet.

“Such a young age and you already reached this level, no wonder Tianxun asked for my help. It seems that I must settle personally.” Old Ancestor Blood Fiend said, and suddenly, his eyes turned blood red, and he absorbed blood qi faster than before.

At this time, Yi Tianyun realized that the old man’s combat power has increased by 30.000 points.

This Old Ancestor Blood Fiend is worthy of his title. Apparently, he could prolong his life span by absorbing blood qi from others. But this forbidden technique wouldn’t last long.

Basically, there are two ways to prolong one’s life. The first one is to take a life fruit, this fruit can extend life expectancy, but it couldn’t be consumed in large number, and it was so scarce that hoping to find one was almost impossible.

The second way was to breakthrough the cultivation level, which was the simplest way but also the hardest. It was clear to Yi Tianyun that this old man was stuck!

He couldn’t breakthrough to the Third Level Core Transformation. People around the old man apparently failed to notice that the old man was continuously stealing their blood qi, but if the old man didn’t find a life fruit soon, he would be dead eventually.

That is why he used the water crystal coffin, which could contain his energy inside so that he wouldn’t die as fast as he should.

“You really need to teach your sect some manner. Just look at your sect! invading a small sect and in the process, bring an end to themselves!” Yi Tianyun said coldly.

“You have no say whatsoever about how we maintain our sect delusional brat! Just because you’re still young, you think you can do whatever you want? As long as our old-timer didn’t kick the bucket just yet, it’s still not your time!” Old ancestor Blood Fiend said, sneering at Yi Tianyun.

As soon as he said that, the old man’s body gradually transformed. His muscle and skin became tauter, and his complexion became more smooth and lively.

The Old Ancestor Blood Fiend became younger! The menacing aura from before multiplied as Old Ancestor Blood Fiend combat power rose!

1.500.000!

1.600.000!

1.700.000!

2.100.000!

This is the real power of the Second Level Core Transformation Expert! He sealed his power earlier, now that he released it, he became this powerful! Yi Tianyun became more excited seeing this transformation, “What would happen once I finish this old man? What will I get afterward?” Yi Tianyun mumbled to himself in excitement!

Chapter 158: Powerful Suppression

The surge of power coming from the Old Ancestor Blood Fiend didn’t deter Yi Tianyun, unlike everyone else, especially Shi Xueyun, she was anxious about Yi Tianyun.

This was a real Core Transformation Expert, although Yi Tianyun also demonstrated a powerful aura comparable to Core Transformation, but everyone else thought that he wasn't stronger than the Old Ancestor. Qing Tianxun, on the side, felt giddy after seeing the real power of his Old Ancestor.

"Old Ancestor Blood Fiend sure is strong!" He said excitedly.

"Kill him, Old Ancestor, he has already killed many of our disciple and elder!" he shouted, cheering his old ancestor.

He began to bloat as he thought that his old ancestor would win against Yi Tianyun for sure.

"Is that it? Is that your real power?" Yi Tianyun asked indifferently. He thought that the Core Transformation's power was not that far off from Spirit Core, but seeing the power of the old man before him made him realize that was not the case! Without using the effect of crazy mode, he would surely lose!

However, he also knew that Old Ancestor Blood Fiend paid a hefty price for releasing his full power. If he didn't do it, he wouldn't be able to beat Yi Tianyun. With that in mind, it was already clear the difference between them.

"I'm a little bit rusty compared to my peak. But this is more than enough to get rid of you!" Old Ancestor Blood Fiend sneered at Yi Tianyun.

The old ancestor quickly made a move, he took a step forward and released his menacing aura in a wave towards Yi Tianyun. Being hit by the aura head-on would be devastating. It could affect one's mind, robbing them of their sanity or, worse, turned them into a mindless living corpse!

"Yi Tianyun, be careful of that aura!" Shi Xueyun screamed, warning Yi Tianyun.

"It's too late! You will not be able to escape my aura field!" old ancestor Blood Fiend smirked.

"I will suck out all your blood qi!" He shouted, thinking that he would easily win.

“Is that so? Well, I have a similar plan! Let’s see which of us could suck more.” Yi Tianyun said, sneering.

Yi Tianyun quickly changed his weapon to Frost Fist, and activated his Absorbing Stars Great Technique to absorb all the Spiritual Power and experience from the old man!

With the Absorbing Stars Great Technique and Crazy Mode activated, now he could absorb as much as 32 times the initial absorption rate!

“Stupid child! You think you could absorb my menacing aura?” Old Ancestor Blood Fiend made a gesture with his hand, and the menacing aura once again accumulated around his hands and turned into a giant red palm.

“DIE!!” Old Ancestor Blood Fiend said while thrusting the giant palm towards Yi Tianyun!

The aura exploded from impact, covering the surrounding with dust, preventing anyone from seeing what happened. A moment later, a whirlpool of aura could be seen where Yi Tianyun stood before. But it was quickly dissipating, leaving Yi Tianyun in the middle of it with a smug on his face as he was unscathed!

“Thanks for the snack!” Yi Tianyun smiled smugly.

Yi Tianyun always welcomed a free exp! But he wasn’t in a hurry. He needed to absorb every single exp from the old man to the last bit! He still had another half an hour before his exp card expired.

“How can this be!” Old Ancestor Blood Fiend was shocked seeing his attack had no effect on Yi Tianyun.

“There is nothing impossible here. Even if I am much younger than you, it doesn’t mean I am much weaker than you!” Yi Tianyun smiled once again, and he immediately rushed toward the old ancestor, and activate the frost fist’s effect.

“Burst!!” he shouted, and suddenly the effect of frost fist took effect. The area around them was immediately frozen, including the old ancestor, as well!

The effect of the frost fist wasn't entirely effective against the old man. It couldn't wholly freeze him, he was struggling, causing the ice that encased him to crack everywhere.

It seemed that a mere second more, he will be released from the ice. But, a second was more than enough!

Yi Tianyun immediately wrapped himself around the old man's back and slammed the old man to the ground, incapacitating him and quickly used his Absorbing Stars Great Technique to absorb all the exp he could get from the old man!

A tremendous amount of experience flowed through Yi Tianyun, at this rate, he will be able to level up in no time! As the ice encasing the old man shattered, he has already been at Yi Tianyun's mercy. He immediately struggled as he sensed his Spiritual Power constantly left his body.

"Let me go!" Old Ancestor Blood Fiend said as he struggled to break free from Yi Tianyun's clutch, he released his aura in waves again toward Yi Tianyun, but this was proven useless as soon as the aura leaves his body, it was absorbed instantly by Yi Tianyun.

"Don't you want to suck my blood qi dry? Come on now, you can do better than this, right?" Yi Tianyun said tauntingly, he kept absorbing the experience out of the old man at really fast.

This situation left him wondering if he upgraded the Absorbing Stars Great Technique once more, the absorption rate surely would increase.

This suddenly came to his mind because he knew this old man's Spiritual Power was as vast as the sea, it would take a while before he could completely absorb his Spiritual Power.

Qing Tianxun was shocked and stunned, the thought of Old Ancestor Blood Fiend would be suppressed by Yi Tianyun this quickly never crossed his mind. He was utterly unable to move because of his fear for Yi Tianyun!

Chapter 159: Double Eruptions

Old Ancestor Blood Fiend was unable to move! His Spiritual Power was continuously extracted out of his body by Yi Tianyun. This put a humiliation to the prestigious old man pushed to this extreme by a young boy.

“Let go of our old ancestor!” Qing Tianxun shouted as he ran toward Yi Tianyun. The two elders who were alive followed their Mansion Lord’s example, running toward Yi Tianyun to attack.

Sensing the attack coming, Yi Tianyun released his clutch against the old ancestor and stood up to finish off the remaining enemies.

However, before he left the old ancestor completely, he slammed the old man’s head to subdue him a little.

Seeing Yi Tianyun focused his attention on them, the elders changed their direction and tried to run once again, but this time, their fear toward Yi Tianyun slowed their reaction.

“Come on now? Why would you run after I give you my attention?” Yi Tianyun said playfully. He quickly rushed over and punch the 2 elders simultaneously, killing them instantly.

‘DING’

‘Successfully Killed Profound Azure Mansion’s Elder’

‘Reward: 670.000 Exp, 11.000 Crazy Points...’

‘DING’

‘Successfully killed Profound Azure Mansion’s Elder.’

‘Reward: ...’

Now only Qing Tianxun left, the Mansion Lord of Profound Azure Mansion. He was running too, but the slowing effect of Frost Fist didn't affect him. He didn't want to be near Yi Tianyun, as he didn't want to die! With his position as a mansion lord, his potential was huge!

"Brat! You really annoy me this time!" Old Ancestor Blood Fiend growled from behind.

Immediately, the menacing aura from before came back full force, this time old ancestor blood fiend draws out bone blade that he immediately used to draw a little bit of blood from his wrist, the blood that splattered into the blade creating a blood-red divine rune that glowed menacingly.

As the glows became brighter, his combat power increased as well!

This is the last resort the old man had to fight Yi Tianyun, this technique he used was called burst mode.

This technique would burn the user's blood qi, reducing the user's life span significantly. This technique was a taboo for a cultivator, but it seemed that the old man didn't care anymore as long as he could kill Yi Tianyun!

2.200.000!

2.300.000!

2.500.000!

4.000.000!

The old man's combat power rose to 4 million! He overshadowed Yi Tianyun in an instant! "Core Transformation expert sure is amazing! to have this ace hidden in his sleeve as well." Yi Tianyun said while smirking.

He knew the technique the old man used was very taxing, he was burning his own life span!

Yi Tianyun thought that this old man has gone senile for doing this. He proceeded by activating his Dragon God Bloodline. His body was covered by a dragon scale in an instant, raising his own combat power in the process!

2.500.000!

2.600.000!

2.800.000!

Knowing that even with Dragon God Bloodline, he was nowhere near the old man's combat power, he quickly changed the frost fist to Sword of Endlessness once again.

"Cease your futile struggle, kid! You will die soon enough!" the old man shouted as he noticed Yi Tianyun became more powerful every second.

The old man quickly swung his bone sword to Yi Tianyun's direction while shouting, "Blood Fiend Murdering the Gods!" A huge phantom-like creature appeared in the air with a massive bone blade in its hand, the phantom moved precisely like an old man and tried to smash Yi Tianyun with the massive bone blade!

"Luck Aura activate!" Yi Tianyun activated his Lucky aura to increase the critical chance of the Sword of Endlessness.

Even though the sword didn't have any critical properties, Luck Aura still enhanced the sword's power as if it had that property. He quickly parried the old man's attack!

When their attacks collide with each other, a huge shockwave was created, this shockwave threw Yi Tianyun backward a couple feet away. But the old man also suffered hefty damage as well, his phantom-like creature was destroyed, and he was shaken up pretty badly from the impact with his bone blade receiving many fractures.

Qing Tianxun, who observed from afar, was struck with disbelief.

“Impossible, he even blocks old ancestor’s attack which consumes his own blood qi!”

“Just drop dead already!” Old Ancestor Blood Fiend said furiously, this time he swung his blade recklessly at Yi Tianyun, creating many phantom-like creatures ready to attack Yi Tianyun.

Shi Xueyun at the side became more worried as she saw the old man’s reckless attack. However, Yi Tianyun didn’t feel any fear in front of this devastating attack. In fact, he was full of excitement.

“Sword Splitting the Vault of Heaven!” he shouted.

Instantly, the Sword of Endlessness began to glow as its divine rune was activated, the sword now had a double damage effect!

He quickly charged through the phantom army and dodge every single one of its attacks as it was just a reckless swing of a desperate old man’s attack!

As he got close enough, he quickly strikes the sword of endlessness through the old man’s chest.

A dazzling light immediately engulfed old ancestor blood fiend’s body.

Yi Tianyun used his appraisal eye to assess his own attack and saw that he was at 4,7 million combat power!

Old Ancestor Blood Fiend screamed a chilling scream as he was swallowed by the light that immediately leaves nothing behind!

Chapter 160: Annihilating

After a colorful light burst off into the sky, the old ancestor fell to the ground, dead! As his life left his body, he returned to his decrepit former state.

‘DING’

‘Successfully killing an elite opponent!’

‘Extra Reward: 100.000 Crazy Point, Enhanced Version of Lottery Roulette (one draw).’

Yi Tianyun was so excited after receiving so many rewards for killing a boss-level opponent. He even got two rare items! And the treasure map really piqued his interest, maybe he could find something useful!

However, everyone else on the site was utterly shocked, with their jaw wide open.

Almost nobody expected Yi Tianyun to actually defeat the old man, let alone kill him!

Qing Tianxun and one of his remaining elders looked at Yi Tianyun in horror. He could kill a Core Transformation Expert all by himself?

Without taking any damage too!

“You killed our Old Ancestor without receiving any injuries? Monster freak!” they really had a lousy time acknowledging that a mere teenager was able to kill their Old Ancestor.

“Monster? Your old ancestor was the monster! He must absorb a lot of Blood Qi from so many people all this time to stay alive.” Yi Tianyun said while sneering at them.

Yi Tianyun knew this for the fact that he received a hundred sin points for killing the old man. You must have done some bad shit crazy things to acquire that amount!

In fact, sin point only would increase if you tampered human life, whether killing them personally or not!

Qing Tianxun knew this fact that Yi Tianyun threw at him became speechless. He quickly turned away and fled, leaving his elder behind! He ran towards the giant eagle to escape this place by air.

“Mansion Lord, wait for me!” his elder shouted as he went after Qing Tianxun to survive.

“Didn’t I tell you, you can’t leave as I’m still here?” Yi Tianyun said coldly and instantly flashed near them. Seeing Yi Tianyun quickly close the distance between them, Qing Tianxun panicked! In his desperation, he grabbed his elder and threw him at Yi Tianyun.

Realizing his own Lord doing to him, the elder became hateful instantaneously. As Yi Tianyun slashed his sword to finish off the elder, the elder shouted at Qing Tianxun, cursed him for abandoning him like this.

“Die, you selfish bastard!” he swore. He couldn’t even finish his sentence as Yi Tianyun has already sliced him in two like butter!

Qing Tianxun kept running, ignoring everything at this moment, doing all he could to survive! As he arrived at where the Giant Eagle was left before they sieged Heavens Immersing Ancient Ruins, he quickly rode it to escape. But this desperate attempt of his turned to be futile as the eagle took off from the ground, it was instantly burned to death by the Black Dragon!

“At least you’re optimistic if nothing else! You think you will be able to escape this place alive? How naïve!” Yi Tianyun said as he has already stood in front of Qing Tianxun.

“Please let me go! I will give you the mansion lord of Profound Azure mansion position to you! I will be your slave if you want, but please spare me!” Qing Tianxun begged Yi Tianyun for his life.

“Not a bad offer! But nah, I don’t need that stuff! I don’t need you breathing behind my back, waiting for the right time to stab me from behind!” Yi Tianyun said while smirking down at Qing Tianxun.

“No, how can I do that to you! Please, I will do anything!” Qing Tianxun said while begging some more.

“Blame yourself for looking down at our palace lord, she is my aunt for fuck sake! It’s punishable by death, now prepare yourself!” Yi Tianyun said while swiping his sword to cleave Qing Tianxun’s body.

The sword of endlessness glowed as it pierced through Qing Tianxun’s armor like butter, ignoring all its defenses!

“Since you’ve said all you need to say, now rest in pieces. Hahaha!” Yi Tianyun said light-heartedly as he stored his sword endlessness back to his inventory.
