

Leveling 261

Chapter 261 Overbearing Power

“Even if you are from the Netherworld Empire, killing us will be your downfall!” Old Ancestor Heavenly Thunder said coldly.

Heavenly Thunder immediately released his aura, raising his combat power to 8.6 Million!

Completely overshadowed Yi Tianyun’s combat power!

This Old Ancestor was so much more powerful than the minister of the Netherworld Empire.

At that time, Yi Tianyun noticed that his cultivation wasn’t high enough, even if he used the effect of Crazy Mode, he still won’t be able to reach the Combat Power of those Old Ancestors.

“You will die here right here, right now!” Heavenly Thunder said coldly.

He immediately attacked Yi Tianyun with a long spear with lightning imbued on its tip.

Old Ancestor Heavenly Thunder was very fast!

Yi Tianyun saw that Heavenly Thunder’s combat power was still rising at the very moment of launching his attack to 11 Million!

Yi Tianyun immediately took out his Ice Cold Divine Bow from his inventory and pulled the bowstring to the maximum and activated the Bow’s special effect, The Ice Cold Fury!

That effect would double the power of his next attack, which Yi Tianyun used to its full potential!

Ice Cold Divine Bow shone with light blue color as the arrow was gradually materialized.

He immediately released the arrow as he finally reached the combat power of 15 Million!

The arrow made a chirping noise as Yi Tianyun shot and unleashed it with extreme speed!

Old Ancestor Heavenly Thunder's complexion changed.

He felt that if he was hit by that arrow, he would be dead instantly!

Feeling the foreboding sense, he switched into a defensive stance as he didn't have any time to dodge the attack.

Old Ancestor collided with the Ice Cold Fury with a thundering sound bellowing from the impact.

As the lights dissipated, the scream of Old Ancestor Heavenly Thunder was suddenly heard.

His body was frostbitten, the most serious being his arm, which already turned black from the extreme frostbite.

At the same time, three more Ice Arrow flew through the air toward the Old Ancestor Heavenly Thunder.

That attack wasn't the Ice Cold Fury as it had a cooldown period, but that wasn't an attack one could take lightly.

It had the combat power of 7.5 Million compacted in each arrow!

Old Ancestor Heavenly Thunder immediately blocked off the arrow with ease as Old Ancestor Thunder Tyrant moved towards him to help.

Old Ancestor Heavenly Thunder immediately pushed away Old Ancestor Thunder Tyrant as he said he was fine and will definitely kill the boy with his own hands!

Thunder Tyrant nodded his head in understanding.

He knew that the Old Ancestor Heavenly Thunder had to do this himself, or he would be ashamed that he couldn't deal with just a boy on his own.

Old Ancestor Heavenly Thunder immediately activated the Divine Rune on his body, increasing his combat power rose to 13 Million!

The power of the real Core Transformation Expert was really amazing!

Yi Tianyun could hardly keep up with his own power now!

He knew that if he didn't do anything at that moment and waited for Old Ancestor Heavenly Thunder to attack, he will be done for!

So, he immediately opened his inventory and then equipped the Heaven Holding set that he got from killing Minister Lin Hao of Netherworld Empire.

'DING'

'Successfully equipped Heaven Holding Divine Armor!'

'Effect: X5 defense power, negate 1 fatal attack!'

'DING'

'Successfully equipped Heaven Holding Leg Guard!'

'Effect: X5 movement speed on the ground, X10 Movement Speed when injured.'

'DING'

'Successfully equipped Heaven Holding Giant Sword!'

'Effect: X3 Combat Power. Special Effect – (Combo Star): continuously attacking an opponent will increase the power of the attack, maxed at X5 Combat Power.'

'DING'

'Successfully equipped Heaven Holding Set!'

'Effect: X5 Combat Power, X2 Attack Speed, X2 Defence Power. Special Effect – (Heaven Holding's Anger): Needs 5.000 Crazy Point to use!'

After equipping all of the Heaven Holding Set, his combat power soared to 13 Million!

That new set was really on a whole different level!

Chapter 262 Holding Anger!

After his combat power soared, Yi Tianyun noticed that Old Ancestor Heavenly Thunder's combat power wasn't that far off from him.

He became confident of killing Old Ancestor Heavenly Thunder.

Yi Tianyun taunted the Old Ancestor Heavenly Thunder to attack, which he saw had no effect seeing that the Old Ancestor was still surprised to see the Heaven Holding Giant Sword!

Yi Tianyun then decided that he needed to strike.

First, he swung the Heaven Holding Giant Sword in his hand to strike Old Ancestor Heavenly Thunder!

The old man immediately blocked Yi Tianyun's attack with his long spear, and as the two weapons collided, a violent noise was heard!

With that single clash of weapons, Old Ancestor Heavenly Thunder instantly realized that Yi Tianyun was very powerful.

He guessed that the boy was probably at Core Transformation Peak Stage!

Otherwise, Yi Tianyun won't be able to block his attack!

If that was the case, how did the Netherworld Empire have such a genius on their rank was unknown!

It was clear that the boy in front of him wasn't a regular genius either, it could be said that he was a genius among the genius!

Yi Tianyun didn't care about any of that, and so, he relentlessly attacked Old Ancestor Heavenly Thunder!

The old man could sense that Yi Tianyun's attack became more powerful with each attack!

That was due to the special effect of the Heaven Holding Giant Sword, the Combo Star!

With each strike, Old Ancestor Heavenly Thunder felt that his hands become numb from the shockwave of repetitively blocking a powerful attack like that.

Realizing that he will no longer have enough power to block Yi Tianyun's attack, Old Ancestor Heavenly Thunder immediately called Old Ancestor Thunder Tyrant to help him.

The old man who was itching to join the fight from the beginning immediately rushed over and parried Yi Tianyun's attack with his spear.

"You are getting ahead of yourself, brat! I will be your opponent now!" Old Ancestor Thunder Tyrant said coldly.

Yi Tianyun's complexion suddenly changed, he knew that he will not be able to handle both of them at the same time. Yi Tianyun immediately activated the Heaven Holding's Anger and consumed 5.000 Crazy Points! His combat power once again soared to 18 Million!

He immediately flashed over toward Old Ancestor Heavenly Thunder and stabbed him with the Heaven Holding Giant Sword right through his chest!

Old Ancestor Heavenly Thunder immediately screamed in agony as his body was shining from the berserk Divine Rune.

Old Ancestor Thunder Tyrant shouted for his brother and tried to rush over to his position to help, but it was all too late!

As the Divine Rune on Old Ancestor Heavenly Thunder's body lost its power from the constant damage of the Giant Sword, Yi Tianyun split the old man's body in two!

'DING'

'Successfully killed Heavenly Thunder Old Ancestor!'

'Reward: 3.100.000 Exp, 50.000 CPs, 2.000 SPs, 10.000 Divine Rune MPs, Thunder Sound Flash Martial Art, Heavenly Thunder Art, Thunder God's Gun, God Killer Great Array, Heavenly Thunder Divine Pearl.'

'DING'

'Successfully killed an Elite Enemy!'

'Reward: 30.000.000 Exp, 100.000 CPs, 1.000 SPs, Enhanced Lottery Roulette ticket.'

Yi Tianyun immediately swapped the sword with the Ice-Cold Divine Bow and immediately used the Ice-Cold Fury towards Old Ancestor Thunder Tyrant!

This time however, he didn't charge it that long, it was only slightly more powerful than the regular shots.

Old Ancestor Thunder Tyrant immediately blocked the arrow with his spear, causing the arrow to explode.

But because Old Ancestor Thunder Tyrant was much more powerful than Heavenly Thunder, he didn't receive the same amount of damage as Heavenly Thunder.

His hands still received some frostbite damage, but it was negligible.

"You dare killed Heavenly Thunder! You are a dead meat!" Old Ancestor Thunder tyrant said furiously.

Old Ancestor Thunder Tyrant immediately released his aura and activated the Divine Rune across his body.

After all that, his combat power rose to 17 Million!

Which made him the strongest opponent Yi Tianyun has ever fought so far!

Chapter 263 20 Millions!

“I don’t care who you are or where you from! You will atone your sin for killing Old Ancestor Heavenly Thunder by dying in my hands!” Old Ancestor Thunder Tyrant bellowed as he released his aura, and his combat power was multiplied by 3.

Yi Tianyun was a little bit uneasy with his sudden increase in combat power.

“Well, say no more! I will be the one destroying this corrupted Mansion to the ground!” Yi Tianyun said confidently while once again taking out the Heaven Holding Giant Sword!

“We will see at the very end, who will prevail and who will be six feet under!” Old Ancestor Thunder Tyrant said furiously.

He concentrated a huge amount of his Spiritual Energy into the tip of his spear and legs.

He suddenly rushed over to Yi Tianyun like a thunderstrike while pointing the tip of his spear to Yi Tianyun’s head!

Yi Tianyun didn’t want to defend the old man’s attack passively.

Therefore he rushed forward using the Thunder Sound Flash that he got from killing Old Ancestor heavenly Thunder earlier.

He immediately blocked off the old man’s attack with the Heaven Holding Giant Sword.

But doing so, made the Old Ancestor Thunder Tyrant angrier!

He immediately fenced another stab to Yi Tianyun’s direction!

Which Yi Tianyun blocked off with all his strength!

With a loud thundering sound from the clashing weapon, Yi Tianyun built up his Combo Star effect to increase his probability of winning against Old Ancestor Thunder Tyrant!

Feeling frustrated that all his attack was blocked, Old Ancestor Thunder Tyrant concentrated his spiritual power on his hands.

With tremendous strength, the old man swung his spear to Yi Tianyun's sword, immediately blew Yi Tianyun to the side!

Yi Tianyun's combo star didn't have any effect on the old man's attack, as the attack still blew him away.

At the same time, Old Ancestor Thunder Tyrant also took out his Thunder God's Gun and immediately shot out a Thunder Dragon's Bullet which pierced through Yi Tianyun's defense!

The Heaven Holding Divine Armor effect activated instantly, negating the damage from the bullet!

"What? Why is the bullet fended off like nothing just now? What have you done kid?" Old Ancestor Thunder Tyrant said coldly.

Yi Tianyun smiled, using the fact that Old Ancestor Thunder Tyrant was shocked due to his attack being nullified, he immediately flashed to the old man's spot and immediately swung the Heaven Holding Giant Sword to the old man's direction!

Yi Tianyun relentlessly struck the old man's spear with his sword, increasing his combat power closer to the old man's combat power.

At the same time, everyone who watched the fight was shocked to see that their strongest Old Ancestor was being fended off by a much younger man!

Blow after blow, Yi Tianyun noticed that his attack finally had an effect on the old man, he clearly saw that the old man's hand began to tremble from constantly blocking Yi Tianyun's attack.

This numbness on his hand made Old Ancestor Thunder Tyrant a little bit panicked, he for a second thought that Yi Tianyun might beat him!

Having enough of Yi Tianyun, the old man immediately activated all the Divine Rune in his body, raising his combat power exponentially.

Yi Tianyun knew that was a desperate move from the old man.

Old Ancestor Thunder Tyrant burned his own Blood Essence knowing that he couldn't beat Yi Tianyun with his normal power.

"You have pulled my last straw kid! I admit that you are strong. You will definitely become a powerful figure in the future! But it will not happen as you will be dead right here, right now!" Old Ancestor Thunder Tyrant said coldly.

After burning his Blood Essence, his combat power reached 20 Million!

Yi Tianyun felt great pressure from that old man.

Unlike any previous fight he has engaged so far, the power gap at the moment was too far apart!

Chapter 264 Angry

Facing the raging Old Ancestor Thunder Tyrant, Yi Tianyun activated the Heaven Holding Anger.

While he was still preparing himself, the old man already flashed over to his position and threw a powerful blow with his spear to Yi Tianyun's direction.

Yi Tianyun was a bit startled by the old man's attack, but thanks to the Heaven Holding Divine Armor, once again the damage was negated, however by that moment, the Armor has already used up all its charge for today, meaning that it won't be able to negate any other damage for the rest of the day!

Old Ancestor Thunder Tyrant tried to attack once more with all his strength.

Yi Tianyun immediately instinctively sensed the impending danger, he knew that if he took it head-on, he would lose his head! So, in the middle of the old man's attack, Yi Tianyun quickly teleported away to safety!

Old Ancestor Thunder Tyrant was a little bit shocked to see that Yi Tianyun was able to escape from his grasp.

But as he was still shocked and confused, Yi Tianyun flashed over and slammed down his sword in the Old Ancestor Thunder Tyrant's directions.

Yi Tianyun's attack caught Old Ancestor Thunder Tyrant off guard, lopping off one of the old man's arm.

Old Ancestor Thunder Tyrant was once again shocked that Yi Tianyun managed to hit him yet again, he immediately took some distance from Yi Tianyun, fearing the second attack from Yi Tianyun's Giant Sword!

Yi Tianyun immediately took out his Ice-Cold Divine Bow and quickly shot three arrows heading straight to the old man.

He still couldn't fire the Ice-Cold Fury because it was still on cooldown.

It needed a couple more minutes before it was usable again.

Old Ancestor Thunder Tyrant saw the arrow coming, he quickly fended off the arrows with his spear once more.

But unlike last time, the cold effect successfully affected the old man!

His arm was frostbitten!

The old man still thought for the better of it, he knew that he will be having a hard time while fighting Yi Tianyun at close range.

But here, in the distance, he still could control the tide of battle.

The old man became cautious about Yi Tianyun's every move.

He needed to really see everything in detail as to not let Yi Tianyun got the upper hand again!

"You son of a bitch! Don't get cocky for hitting me once!" Old Ancestor Thunder Tyrant said coldly.

"Chill, that won't be the last!" Yi Tianyun said casually while repetitively shooting three arrows three times.

"Fuck you, this attack won't do anything to me!" Old Ancestor Thunder Tyrant said furiously.

"Shameless old man, you don't have the skill to fight me up close, and now you don't have the skill to fight me in the distance, and so what would you do now? Give up?" Yi Tianyun said coldly.

With this repetitive attack from the Ice-Cold Divine Bow, the old man's body was frostbitten bit by bit.

Because of the freeze damage, he slowly felt his body was heavy and realized that he suddenly had trouble flying.

He immediately realized that if that went on, he would be dead soon!

In the middle of preparing his next attack, Yi Tianyun heard voices from below, which bad-mouthed him and planning to attack Yi Tianyun when he let his guard down.

Yi Tianyun sighed and immediately shot them down with an arrow to each person, instantly turning them into an ice sculpture.

Yi Tianyun sighed.

If only they knew that Yi Tianyun's cultivation was only at the 1st Level Core Transformation stage, they would have lost their mind right now.

At the same time, Old Ancestor Thunder Tyrant got away from Yi Tianyun as he noticed that Yi Tianyun was a little bit distracted by his deacons from below.

He detonated all the Divine Rune in his body, causing bleeding all over his body.

But instead of getting weaker, his combat power rose exponentially once again!

Chapter 265 Terrifying Defense Power

Old Ancestor Thunder Tyrant seemed to be really desperate to end the battle.

He was prepared for the worst if it meant killing Yi Tianyun!

The old man's combat power kept rising uncontrollably, while his Divine Rune was activated one after another.

Yi Tianyun immediately activated his Heaven Holding Anger, he couldn't hesitate now, as that fight will be decided in one blow!

For a moment, a thunderstruck right to the position of the Old Ancestor Thunder Tyrant, empowering him even further and immediately rushed over to Yi Tianyun with incredible speed.

The long spear in his hands immediately glowed brightly like lightning that temporarily blinded Yi Tianyun.

In an instant, Old Ancestor Thunder Tyrant was already in front of Yi Tianyun and prepared himself to attack!

Yi Tianyun knew that he was screwed!

There was no way that he will be able to dodge the attack.

Moreover, the Teleport Skill was still in cooldown.

He thought over all of his current abilities and none of them could hold a candle to the old man's current combat power, he was still too under-leveled to take that attack head-on!

With no other way to go, Yi Tianyun decided that if his ability couldn't help him in that situation, then what could!

So, he immediately activated Xuan Tian Divine Art, Golden Body Secret Art, Dragon God Bloodline while also activating his Absorbing Star Great Technique.

He used the Heaven Holding Great Sword to act as a lightning rod, at least he won't get electrified!

He absorbed almost everything from the old man's attack, but there was still some that got through, giving him a slight burn on his body.

He was a little bit surprised, he didn't know that he was capable of doing something like that.

"There seems to be no effect!" Yi Tianyun said while sighing.

Old Ancestor Thunder Tyrant was shocked to see that his attack didn't do any serious damage, let alone kill Yi Tianyun!

"Impossible, how could you survive that one?" Old Ancestor Thunder Tyrant with a shocked expression.

He saw that Yi Tianyun was bleeding a little bit, but not as much as he expected.

Yi Tianyun's injury seemed to be superficial, which meant that the injuries didn't hinder him from anything.

"What is this nonsense? What did you do?" Old Ancestor Thunder Tyrant said nervously.

"What? I don't do anything special. You're just too weak for me!" Yi Tianyun said while smirking smugly.

Yi Tianyun laughed as he realized that his defense power was really high, he always tried his best to avoid getting hit, but he realized at that moment that even if he got hit, it didn't really do much!

He had the effect of the Heaven Holding Divine Armor, the Guardian Title, Xuan Tian Divine Art, the Golden Body Divine Art, and the Dragon God Bloodline!

Everything amplified his defense power to an overwhelming number.

Knowing that fact, Yi Tianyun didn't hesitate to swing his sword to kill Old Ancestor Thunder Tyrant.

He didn't fear Old Ancestor Thunder Tyrant's retaliation attack anymore, there will be no significant damage anyway!

At some point, Yi Tianyun finally hit Old Ancestor Thunder Tyrant with the Heaven Holding Giant Sword, which immediately flung the old man to the ground.

Yi Tianyun no longer put any effort to avoid his attack since his attack didn't seem to be doing any damage to Yi Tianyun.

"You fucking monster! How can you do all this? Why is it so hard to kill you!" Old Ancestor Thunder Tyrant said while gritting his teeth in frustration.

“Idiot, who wants to die easily? In fact, it is not that I’m too hard to kill, but you’re just too weak to do anything to me!” Yi Tianyun said smugly.

Yi Tianyun rushed over and immediately hit the old man with the sword’s dull edge with all his might.

The old man was once again flung out to the wall.

He couldn’t withstand the sheer power from Yi Tianyun’s attack at that time.

The survivor of Divine Rune Mansion immediately came over to check on their Old Ancestor.

“It is over! What will you do now, old coot? You can’t even penetrate my defenses!” Yi Tianyun said with a bored face.

“You fucker!” Old Ancestor Thunder Tyrant said hopelessly.

He didn’t have any more strength to fight Yi Tianyun with!

Chapter 266 Changing Constantly

Yi Tianyun quickly struck the dying Old Ancestor Thunder Tyrant with his Heaven Holding Giant Sword, while the old man could only watch as his life ended right before his eyes.

‘DING’

‘Successfully killed Old Ancestor Thunder Tyrant!’

'Reward: 3.000.000 Exp, 60.000 CPs, 1.000 SPs, 10.000 Divine Rune MPs, Thunder Sound Flash Martial Art, Heavenly Thunder Art, Thunder God Spear, Heavenly Thunder Armour, Heavenly Thunder Leg Guard, Thunder God Divine Rune.'

'DING'

'Successfully killed an elite enemy!'

'Reward: 50.000.000 Exp, 100.000 CPs, 1.000 SPs, 5.000 Divine Rune MPs.'

'DING'

'Congratulation to the Host for successfully breakthrough to Core Transformation.'

Yi Tianyun was excited to see that he finally leveled up!

He could level up by killing a strong opponent, especially the so-called elite enemy.

But he still thought that it took too long to level up!

He needed to level up faster, as his enemies have become more powerful.

Otherwise he would die a horrible death.

Yi Tianyun signaled the Black Dragon to wrap it up, as he wanted to leave that place quickly.

The Black Dragon burned everything faster and also chased several escaping enemies.

The enemy couldn't escape Black Dragon, even if the Black Dragon has a huge body, it was abnormally quick!

At the same time, Yi Tianyun was collecting all the treasures and resources that he could find throughout the place!

There was no doubt in his mind that once it was over, the news will spread like crazy!

The Divine Rune Mansion was in the middle of influences throughout the continent, everyone will be curious how could a faction like that be destroyed overnight!

He made sure that the Black Dragon and the talisman that summoned the Netherworld Emperor's Shadow earlier were seen by so many people in order to mislead them into thinking that the one behind everything was Netherworld Empire.

At the Star Pavilion, they all heard the news with an unreadable face.

They knew that Wang Family, which was a part of their Pavilion was annihilated by the same Black Dragon who destroyed the Divine Rune Mansion.

It was clear that whoever was controlling this Black Dragon would be really strong!

And thanks to Yi Tianyun, Netherworld Empire became more well known than before in various ways, many people wanted to know why the empire struck such a faction.

The Netherworld Empire immediately made a clear statement, saying that they weren't the ones behind the attack of the Divine Rune Mansion or Wang Family as they didn't have any reason to do that.

They don't know how the assailant got his hand on the amulet not to mention, he was also capable of using it without the emperor's knowledge.

Pavilion Lord Li sighed as he still didn't have any lead about the Wang Family Incident.

All he knew was maybe Wang Family has provoked the young expert about something that and ended up annihilated due to his own wrongdoing.

At the same time, the Netherworld Emperor sat at his chair, looking annoyed as hell.

It was clear that the problem was completely out of control.

He ordered his people to find out anything about that Young Expert with a Black Dragon.

He put a little pressure on his order to make sure they carried out his order as soon as possible!

As his people left the hall, the Emperor punched his chair in annoyance.

After a while, some of his men returned to give some information.

They said that the Black Dragon already showed up from the destruction of Profound Azure Mansion.

But they never followed it through as Profound Azure Mansion was a weak faction.

They said that they will report back as soon as they knew some other information about the assailant!

The Emperor roared that if within a month there was still no news about the assailant, they will be punished for their incompetence!

The Netherworld Empire's scout immediately left the palace with chills ran in their spine. They needed to carry out that order quickly!

On the other side, Heaven's Top Mansion was shocked to hear the news!

A young man riding a Black Dragon has leveled Divine Rune Mansion to the ground!

Some of the higher-ups, like the Great Elder and the previous Mansion Lord of Heaven's Top Mansion, knew that the young man mentioned in the news was none other than Yi Tianyun, their current Mansion Lord!

They wondered between themselves on how strong Yi Tianyun really was.

They immediately knew not to brag about this nor tell anyone who wasn't in their circle.

They knew if that information was leaked, Heaven's Top Mansion could be in danger.

Yi Tianyun didn't really care, either way, he used another identity while destroying the Divine Rune Mansion anyway.

None of the evidence will point back to him!

Chapter 267 | Belong to Heavenly Jade Sect

Yi Tianyun quickly replaced the Black Dragon with the Phoenix Wing and flew back to Heavenly Jade Sect.

Since he already reached the Core Transformation Stage, he arrived at the Earthly Border Continent in no time.

'DING'

'Successfully completed the [Destroy Divine Rune Mansion!] Quest.'

'Reward: 10.000.000 Exp, 100.000 CPs, Tyrant Rune Paper, Enhanced Lottery Ticket, 100 PPs, 1.000 SPs.'

Yi Tianyun was really satisfied with how things developed.

With his Prestige Point kept increasing from the quest he took and from the elite enemies that he killed, he was in a good mood.

He then thought for a moment if he should use the enhanced lottery at that moment or later at the Heavenly Jade Sect.

He then thought that it was better to use it right away, why bother waiting anyway.

He then activated his Luck Aura and opened the enhanced lottery panel.

He quickly spun the roulette as there was nothing to wait for.

While waiting for the roulette to stop, he began to wonder what else could he get from that roulette.

The Ice-Cold Divine Bow he got last time was so good that he didn't know what else could top that.

Soon enough, the pointer stopped at Cultivation Technique!

That was the first time that he ever got his hand on cultivation technique in that enhanced lottery roulette.

As he caught the box which dropped from the roulette, he immediately opened the box to see what was inside.

Shadow Clone Art: High-Grade Earth Level Martial Art – Upgradeable.

Create three clones that looked exactly like the user with 30% of power intact.

Leveling up will increase the power of the clone.

Yi Tianyun immediately shouted in excitement.

That technique had so many potentials!

He could use a clone to disrupt the enemy's defenses or confused them.

With the level improvement, the clone can be used to attack!

It was the same as having three more of himself!

However, leveling it up might prove to be difficult, he knew that to level up a martial arts or cultivation technique, the system will demand a lot of Crazy Points!

Surely, now he had many resources in his hand that can be used to level up that martial art to a certain degree, but it just didn't make any sense to use the resources like that.

It was better to give it to the Heavenly Jade Sect or the Heaven's Top Mansion so they could improve and help him in the future.

Furthermore, he didn't have enough resources to level up the martial arts to Heaven Level Martial Art.

He assumed that it needed at least 1 million Mastery for that, and 1 million Mastery was not that easy to get!

He could use a High-Grade Level Martial Arts as a fodder to increase the mastery of the martial arts that he wanted to level up, but the problem was he didn't have that many High-Grade Earth Level Martial Arts.

Martial Arts with that level were scarce for a 3rd grade faction.

Only a few people possessed a martial art at that level.

He immediately cast the thought away, he felt that he needed to think about that problem some other time, he didn't need the martial art that much for the time being.

He should focus more on the weaponry that he had.

They gave a much higher survival rate than martial arts at that moment.

He immediately sold all the unnecessary and weak martial arts that he got from the enemy and checked the amount of the Crazy Point that he got from all that.

He received around 3 Million Crazy Point!

He was quite excited and looked around for something that he needed to level up immediately.

But after a few considerations, he decided to keep his crazy points for now as he considered leveling a perfect thing at the perfect situation.

As he was lost in his thought, he arrived at the Heavenly Jade Sect before he knew it. he immediately landed and put away his Phoenix Wing, as he sightsees that the place was considerably tidied up.

He also saw many new faces training in the new training ground outside Heavens Immersing Ancient Ruins.

As he walked closer, several female disciples that he has not yet seen before stopped him in his track and asked who he was and why he came to the Heavenly Jade Sect rudely.

The commotion attracted several other female disciples, but unfortunately, there was no one that Yi Tianyun had already known.

They began to stand side by side, ready to defend the Sect from Yi Tianyun.

One of them asked for Yi Tianyun's faction and Yi Tianyun's identity.

Yi Tianyun was impressed to see that the new disciples were this prepared.

He immediately answered that he was from the Heavenly Jade Sect itself!

Chapter 268 Bring Me With You!

"You are from here? Don't bother trying to fool us! We never saw you anywhere, and this place doesn't even recruit a male disciple!" One of the new disciples said while looking at Yi Tianyun carefully.

Suddenly there was a new voice asking that didn't they know that one of their elders was a male, and they have been curious to identify and meet the elder.

The voice soon walked to the front and hugged Yi Tianyun tightly.

"Welcome back, Young Master Yi!" Liu Menglian said excitedly.

The rest of the new disciples seemed to be ashamed to act rudely to Yi Tianyun.

They immediately apologized for their rudeness and hoped that Yi Tianyun could forgive them.

Yi Tianyun dismissed them and said that he took none of those to heart.

He knew that they were new and, therefore never seen him around.

He immediately gave a bag full of Medicinal Pill to Liu Menglian and said that she should give the pills to the new disciples as his introduction gift.

They all jumped in excitement to hear that they will get a medicinal pill to help them cultivate.

They expressed their gratitude to Yi Tianyun while he noticed that all of their Favourability Points have increased to more than a hundred.

It seemed that they already heard many stories of him to earn that much respect from them!

While he was looking at the new disciples' excited faces, Shi Xueyun's voice was quickly heard.

"Did something happen this time? Why are there no girls coming with you this time?" She said teasingly.

"Aunt! You know that I am not a player, right!" Yi Tianyun said as he immediately hugged Shi Xueyun happily.

"Aunt! Your cultivation has improved a lot!" Yi Tianyun said as he noticed that Shi Xueyun has reached 2nd Level Spirit Core!

"It is not even worth mentioning! Look at you! I must be looking weak to you!" Shi Xueyun said teasingly.

"No, don't say that! You are powerful! Don't ever think otherwise, Aunt!" Yi Tianyun said cheekily to Shi Xueyun.

"You're always like this, you really know what to say to me at the perfect moment! You are still my cheeky little Tianyun aren't you!" Shi Xueyun said teasingly to Yi Tianyun.

"Hey, why don't we go inside, aunt. I am a little bit tired after my adventure!" Yi Tianyun said while also grabbing Shi Xueyun's arm and ushered her inside.

“Hey, what did I say on forcing yourself too hard!” Shi Xueyun said, a little upset about Yi Tianyun’s tiredness.

“Yeah, well, I do it happily for you.” Yi Tianyun said while smiling playfully.

“Wouldn’t you bring me with you next time? I want to see you in action!” Shi Xueyun said while puffing her cheek.

“There will be opportunities for that, Aunt! I brought many resources with me this time, I hope that it could improve the Heavenly Jade Sect for the better!” Yi Tianyun said while handling Shi Xueyun a storage ring.

Shi Xueyun immediately checked the content of the ring and immediately shouted, “Oh my god! With this many resources, you must be destroying a faction!” Shi Xueyun said with a shocked expression.

“You are right! Some factions ticked me off. So, I quickly take care of them, and I brought back the spoils of war!” Yi Tianyun said casually.

“No, you should use it yourself! This is yours, from your hard work! We aren’t worthy enough to receive this!” Shi Xueyun said as she tried to give back the storage ring to Yi Tianyun.

“Don’t be like that, aunt. I already got what I need from them. Therefore all of these will be wasted on me. It is for the sake of the sect too.” Yi Tianyun said, assuring Shi Xueyun to accept his gift.

Shi Xueyun seemed to be in conflict, it was hard to accept a gift that big, knowing that the person giving the gift did so much stuff to earn it.

But finally, she sighed and accepted Yi Tianyun’s offer.

“I will use this for the good of the Heavenly Jade Sect to the best of my ability.” She said solemnly.

“It is okay, aunt! I know that you will be fair on managing the resources.” Yi Tianyun said with a smile on his face, he didn’t know that Shi Xueyun will make things that serious.

“I am doing all this to see you smile. It is so refreshing to see you smile beautifully.” Yi Tianyun said teasingly.

“Yeah, I like to see you smile too. Would you be a kid again, Tianyun? I really miss you! you know!” Shi Xueyun said, now with teary eyes.

Chapter 269 Truth

Shi Xueyun was constantly thinking about Yi Tianyun’s well being, she gladly strengthened Heavenly Jade Palace in order to help Yi Tianyun in the future as well.

She wanted that faction to be able to protect Yi Tianyun in the future!

“Aunt, I forgot that I need to ask you something. Did you know the exact story of the Heavenly Jade Palace’s Founder?” Yi Tianyun asked excitedly.

“No, I don’t know the exact story very well. I don’t even know the name of the founder!” Shi Xueyun said casually.

“We can ask the Old Ancestor, maybe they know something about it.” Shi Xueyun added.

They soon walked toward the cultivation place and saw one of the old ancestors was cultivating there.

Yi Tianyun noticed that the Old Ancestor’s cultivation already improved even though just a little bit.

Shi Xueyun immediately asked for the Old Ancestor’s insight on the founder’s name.

The Old Ancestor pondered for a while, "I don't really remember about all of that, the record was already destroyed! All that I know is that the founder left the palace and left it in the hands of his closest partner, which was a woman, and thus she finally drove out all the male disciples from the Heavenly Jade Palace, and that was all I remember." The old ancestor said while thinking hard.

"Are you sure that is all? Didn't you know the name of the founder?" Yi Tianyun said frustratedly.

"Hmm, I don't know about the name, but I think that the surname is Heavenly Jade (Tianxuan) the same name as the sect." the old ancestor said as a clarification.

Yi Tianyun instantly laughed after hearing that revelation. He now had the fact needed to merge both Heavenly Jade Sect and Heaven's Top Mansion.

Yi Tianyun immediately called Old Xuan. He knew that Old Xuan may have the next information he needed.

Old Xuan was materialized near Yi Tianyun while bowing his head in respect.

Yi Tianyun immediately asked Old Xuan for the information about the founder of Heavens Immersing Ancient Ruins. He finally told that the name of the founder was He Tianxuan, but he has forgotten many things about him.

Old Xuan immediately remembered that there was supposed to be a painting of the first master in the hall of Heavens Immersing Ancient Ruin, but the previous master has burned it with other stuff that he deemed not worthy in the hall. He said that he could create the portrait again if they wanted to see it. He could conjure the image as he saw it in the original state.

Yi Tianyun nodded in agreement.

Old Xuan immediately conjured a painting that portrayed the image of the first master of Heavens Immersing Ancient Ruins.

They were surprised to see that such a handsome man was their founder.

“If I am correct, the founder of Heavens Immersing Ancient Ruin and Heavenly Jade Sect is the same man.” Yi Tianyun said confidently.

“Old Xuan did you have any other stories regarding the owner of this place? Maybe like why did he leave the Heavenly Jade Palace.” Yi Tianyun asked in curiosity.

“I am afraid, I don’t know anything about this. but I remember that he was constantly apologizing about disappointing a woman.” Old Xuan said while trying to remember stuff.

Yi Tianyun nodded in understanding, Old Xuan has been in that place for a long time, and he was alone. There was no telling what he did in that time, it was normal to forget some stuff in that period of time.

?Chapter 270 Talent

Now, all Yi Tianyun had to do was to convey his intention to merge the two factions together. He called all the Deacon, Elder, and Old Ancestor to gather in the main hall.

“I am now a Mansion Lord of the Heaven’s Top Mansion. This Mansion was the original faction of the Xuan Tian Spirit King, who was also the founder of Heavens Immersing Ancient Ruins and Heavenly Jade Sect. I intend to merge the Heavenly Jade Sect and Heaven’s Top Mansion into one Mansion. But I don’t intend to merge the two completely. Of course, there is always a place to state your opinion about this matter and that is why we are gathering in here today.” Yi Tianyun said solemnly.

Yi Yuwei immediately spoke, “I don’t think that I would agree if the merge fully incorporated the two factions. but if we separated the two but still under one flag, I think its more manageable and wouldn’t make any problem later on.” Yi Yuwei said confidently.

“I agree with Elder Yuwei, we already have our own pride as the Heavenly Jade Sect, we want to become stronger independently. If we merge with another faction, it would be a lot better if we still have separated management.” Shi Xueyun said confidently.

“Yes, that’s what I thought as well, we would become like an alliance. We will share every resource, help each other, and quite possibly join forces in many cases.” Yi Tianyun said with a smile on his face.

“We will become a mansion with two doors, one is Heaven’s Top Sect, and one is Heavenly Jade Sect under the name of Twin Dragon Mansion. This is the best that I can think of, how about this idea?” Yi Tianyun asked for everyone else opinion.

They all nodded in agreement, they didn’t seem to find any problem with Yi Tianyun’s idea.

“So, we all agree to merge the two factions together, right?” Yi Tianyun said, asking for confirmation.

They all nodded their head, and a yes answer was heard from all the audience.

“Good, this place is no longer the Heavens Immersing Ancient Ruins. From now on, this place will be renamed the Heavenly Jade Temple! But unfortunately, I couldn’t move this place just yet. Therefore the merge would be postponed for some time until this place was ready to move.” Yi Tianyun said excitedly.

They look at Yi Tianyun in surprise, they didn’t know that place could move!

But seeing Yi Tianyun’s achievements, they knew that Yi Tianyun won’t lie about that.

As there was nothing else to talk about, they dispersed, resuming their routine while Yi Tianyun walked to find the Great Array that needed to be fixed.

The first array that he found was the one in the Heavenly Soul Tower, it was an array that collected the Spiritual Energy around the ruins and then compacted into that tower. He began to engrave the necessary Divine Rune to fix the array as he found that array was perfect for the cultivation of the disciples of Heavenly Jade Sect!

While he was lost in thought over drawing the Divine Rune, Yi Tianyun finally noticed another person standing near him, observing him!

It was none other than Jiu Lingyun!

Yi Tianyun quickly smiled and asked did she need anything from him, to which she immediately said no, she was intrigued to see Yi Tianyun engrave the Divine Rune. She saw that Yi Tianyun's Divine Rune was like a work of art! She apologized if her presence was bothering Yi Tianyun.

"No, why would you be a bother? If you want to watch, you are welcomed to do so. This great array was an array to gather the Spiritual Energy around Heavens Immersing Ancient Ruins. If this array was fixed, the cultivation's speed in this place would be increased exponentially." Yi Tianyun said, explaining the use of the array in front of them.

"You are amazing, Brother Yi! I have learned Divine Rune as best as I could for quite some time. Finally, I could engrave some Divine Rune, but it is still too small! Can you check it for me, see if there's anything is wrong with it?" Jiu Lingyun said excitedly.

"Of course, no problem." Yi Tianyun said with a smile on his face.

Jiu Lingyun immediately led the way to her room, and she immediately engraved a Divine Rune on a piece of common Divine Rune Paper, the Divine Rune that she made was similar to the effect of the Great Array on the Heavenly Soul Tower earlier, but the effect was far less effective!

But there was no doubt in Yi Tianyun's mind that Jiu Lingyun was a genius in the Divine Rune department!

"You are amazing, Sister Jiu! From now on, I will teach you how to modify and make a Divine Rune that you could use daily." Yi Tianyun said excitedly.

"Really? You will do that for me? Yay! Thank you very much, Big Brother Yi!" Jiu Lingyun said excitedly.

'DING'

'Started a hidden quest [Saintess Training Program]!'

'Completion reward: 1.000.000 Exp, 50.000 CPs, 100 PPs, 1.000 Divine Rune MPs.'

Yi Tianyun was a bit startled to see that he got another Hidden Quest, but it was so much welcomed! It seemed that teaching Jiu Lingyun to become a Saintess would be a quest on its own!
