Chapter 281

Yi Tianyun kicked Li Hao straight at the chest, flinging him away from the lady.

The lady was visibly surprised to see Li Hao was done in like that and that the one who saved her was none other than the young man who was kind enough to sell her some of his Jade Spirit Stones!

“What are you doing here! Don’t you know that is Li Hao from the Netherworld Empire?” The lady said with a shock on her tone.

Yi Tianyun didn’t care about the lady’s warning, killing Li Hao was one of his goals, and now it would be easier as he has the reason to.

Li Hao quickly got back up and took a medicinal pill to recover from the damage of Yi Tianyun’s kick.

Li Hao quickly sneered to Yi Tianyun after his recovery, the killing intent was brought to the roof!

“Brat! It seems that you didn’t value your own life! You think that you are a hero from saving this lady! How dare you attack me out of nowhere!” Li Hao said angrily while also activating a divine rune on his body!

Li Hao rushed over to Yi Tianyun as he felt his injury was already recovered.

The lady quickly dragged Yi Tianyun to evade Li Hao’s attack! She thought that Yi Tianyun wouldn’t be able to deal with Li Hao at the moment.

Li Hao smirked as he knew that the lady wouldn’t be able to stop him from reaching Yi Tianyun.

Yi Tianyun sighed as he knew that the lady was doing something wasteful, he quickly blocked Li Hao’s attack with one hand as Li Hao reached their position.

Li Hao thought that Yi Tianyun has already given up as he thought that there was no way Yi Tianyun could block his attack.

Li Hao quickly collided with Yi Tianyun, but Yi Tianyun threw his own punch, meeting Li Hao's fist in the middle where a cracking sound was heard!

Li Hao quickly bent over while holding his hands and screaming in pain! His hands were shattered, it was visibly crushed, and his blood was flowing out like a fountain from his hand!

"What is this? I only throw a mere punch, and your hands cracked like that! What a wimp!" Yi Tianyun said in a degrading manner.

The young lady was shocked to see that Yi Tianyun easily overpowered Li Hao like that. She thought that there would be no way Yi Tianyun could have a higher Cultivation base than Li Hao as Yi Tianyun was so young.

But now, she knew that Yi Tianyun was definitely more powerful than Li Hao!

Li Hao was immediately enraged by Yi Tianyun's taunt and quickly burned his blood qi to assert more power.

"Be careful! He would be more powerful after burning his blood qi!" The lady said, warning Yi Tianyun on Li Hao's power up! Yi Tianyun knew that, and he didn't really care as he knew that there was no way that Li Hao could overpower him.

Li Hao quickly took a divine talisman and threw it to Yi Tianyun.

As soon as the Divine Talisman reached Yi Tianyun, it blew up! Its firepower was equal to a 5th Layer Core Transformation cultivator's attack!

For someone like Li Hao, that power was already amazing enough.

But for Yi Tianyun, who had already seen so much more powerful attack, that fire Divine Talisman was nothing special.

But as Yi Tianyun was shrouded with the flame, Li Hao laughed heartily. He thought that there was no way Yi Tianyun could be alive after that!

“You fool! Did you think this amount of power was enough to kill me?” Yi Tianyun said while laughing at Li Hao.

Yi Tianyun quickly rushed forward from the flame and kicked Li Hao with a powerful kick and punched Li Hao’s head as hard as he can.

Li Hao couldn’t evade any of Yi Tianyun’s attack and died from all the damage Yi Tianyun gave him.

‘DING’

‘Successfully killed Li Hao!’

‘Reward: 150.000 Exp, 4.300 CPs, 500 Divine Rune MP, Trace Confusion Step Martial Art, Heavenly Wind Palm, Ruined Clouds Stroke, 5th Grade Divine Rune (random), Tyrant Rune Paper.’

Li Hao was easily defeated even though Yi Tianyun didn’t activate the Crazy Mode! Yi Tianyun quickly searched for Li Hao’s storage ring and then felt satisfied with his discovery after looking at the storage ring.

The lady looked at Yi Tianyun in wonder. She didn’t believe her eyes that Yi Tianyun actually killed Li Hao, the traitor!

A few men who were trying to capture the lady earlier were shaken and quickly fled the scene as they screamed that Yi Tianyun and the lady would be dead after the Netherworld Empire knew what they had done!

Yi Tianyun sighed and rushed towards the escaping men as he didn't want to give Star Pavilion an extra burden!

Chapter 282

Yi Tianyun's overbearing power really shocked the lady and Li Ya, who was secretly watching the fight from afar.

They also had a feeling that Yi Tianyun wasn't afraid of angering Netherworld Empire.

They know that killing Netherworld Empire Chief Divine Rune Master would cause some disturbance on the Netherworld Empire authority and, therefore, will cause unnecessary trouble.

Li Ya saw Yi Tianyun in a different light now.

She didn't expect Yi Tianyun to be that powerful, but she couldn't invite Yi Tianyun to join after all that, as she knew that if what happened there was leaked to Netherworld Empire, Star Pavilion will be in trouble.

She immediately turned around and left the scene as she didn't want to be associated with Yi Tianyun for the moment.

Yi Tianyun quickly took the lady to fly away towards her hideout, while on the way there, the lady couldn't help but asked about Yi Tianyun's power earlier, how could he not receive any damage from the fire that Li Hao threw to him earlier.

"It didn't really matter if you really want to know more, you must be interested in me!" Yi Tianyun said while smirking to the lady.

"No, that is not what I mean! I am only curious for you already that strong while still seems so young!" The lady said while blushing profusely.

“I got my strength through hard work and relentless effort, the same as any other strong man out there!” Yi Tianyun said while smiling warmly.

The lady blushed once again as she felt embarrassed for asking such a question.

Not long after that, they arrived in the vicinity of a forest that the lady told that they have to walk from there.

The lady told Yi Tianyun to come with her to kill some time while she was laying low for a while.

Yi Tianyun said that he would be fine with that as he said that since he wasn't afraid of those Netherworld Empire bunch, he could handle them all!

But she kept insisting as she said that she would like to introduce Yi Tianyun to her elder as to thank Yi Tianyun properly.

Yi Tianyun didn't have any reason to turn the lady's offer down and therefore agreed to come with her for a while.

While they were walking through the forest, the lady once again asked Yi Tianyun if he had any grudge towards the Netherworld Empire while smiling lightly.

“No, I never hated them, but I strongly dislike the way they act towards others. So, I will try my best to destroy them!” Yi Tianyun said confidently.

“You didn't have to feel anxious around me, I don't have any bad intention towards the Spirit Race!” Yi Tianyun said while smiling lightly.

In fact, he had a friend who was one of a Spirit Race too.

She said her sorry for being so cautious around Yi Tianyun, but it was necessary as there were so many people who wanted to exploit the Spirit Race due to their Divine Rune Mastery.

Yi Tianyun nodded his head in understanding; it was true!

For a race that excelled at Divine Rune Mastery, Spirit Race was exploited continuously by various strong factions, and Netherworld Empire took the reign for the vilest out of all those factions.

They turned the Spirit Race into a slave for the Netherworld Empire's own benefit. Once the Spirit Race has already become a slave, Netherworld Empire made sure that the only thing they'll be doing for the rest of their life was engraving Divine Runes!

Not long after that, the lady quickly pulled Yi Tianyun towards a clearing, saying that was the way towards the Spirit Race hideout.

Yi Tianyun was confused for a while, but he soon realized that there must be some sort of Divine Rune mechanism used to conceal the hideout.

Yi Tianyun quickly activated his Heavenly Eyes and saw that the place was filled with so many Divine Runes.

There was no way that place could be found without proper instruction or a specific skill like his Heavenly Eyes.

The lady soon stopped in front of a tree and said that they have arrived, she hoped that Yi Tianyun could find comfort in that hideout.

"Right, who is your name?"

Yi Tianyun, who felt that he still couldn't trust all of the Spirit Race completely and decided to give a fake name to the lady, he said, "My name is Yi Yuntian."

Chapter 283

The lady nodded her head after hearing the name that Yi Tianyun gave, she quickly introduced herself as she said that her name was Ye Wan'er.

Yi Tianyun smiled and nodded his head knowingly. He didn't think that she was related to Ye Qingxuan, and he still couldn't say that he knew Ye Qingxuan casually considering Ye Qingxuan's current situation.

Ye Wan'er then proceeded to walk inside the tree as to inform her elder of Yi Tianyun's arrival.

While waiting, Yi Tianyun thought over what he has done ever since he was reincarnated inside that body; there was so much that he had already done in a year's time!

He had destroyed a few Faction in that short amount of time, there was Profound Azure Mansion, Wang Family from the Star Pavilion, many small factions in the Earthly Border Continent which also attacked Heavenly Jade Mansion, Divine Runes Mansion, and the factions that joined the Netherworld Empire at the time also fell as they lost most of their power after losing their Mansion Lord and some of their executives.

Not long after that, Ye Wan'er came back, followed by her elder.

"Big Brother Yi, this is our Third Elder." Ye Wan'er introduced to Yi Tianyun.

"Greetings Third Elder." The Yi Tianyun nod said.

"Have you saved Wan'er from those people? You have such cultivation base, at your young age can kill Li Hao." Third Elder Jiang Yi is taking a look at him up and down, carefully is observing him, then asked, "Which faction are you come from?"

"I just rogue cultivator, I don't come from any faction." Yi Tianyun said with a light smile.

“Un, rogue cultivator?” Jiang Yi narrows the eyes to focus on him, a rogue cultivator can as strong as this, it was rarely happening, “Wan’er said that you have a grudge with Netherworld Empire?”

“Yes, absolutely! It was not that he hated the Netherworld Empire in particular, but he strongly disagreed with the way they acted towards other factions.” The Yi Tianyun mentioned several points.

“Netherworld Empire is indeed overbearing! Thank you for rescued Wan’er. Spirit Race was also one of the Netherworld Empire’s victims.” Jiang Yi smiled.

“This is very normal, somewhat had heard something, should investigate rigorously, feared that will mix in the traitor within.” Yi Tianyun said with a smile.

Jiang Yi said, “Spirit Race was supposed to be hospitable towards any outsider who came to become their guest, but now that the Netherworld Empire had put a bounty for anyone who could capture any member of Spirit Race, they acted towards outsider also changed.”

“Please cover your eyes before you enter the hideout. Sorry for the inconvenience.” Jiang Yi took out a black satin ribbon, told Yi Tianyun to tie up.

“No problem.” Yi Tianyun nodded his head in understanding of the Spirit Race’s situation, and thus agreed of the elder condition that Yi Tianyun had to cover his eyes before he could enter the hideout.

Ye Wan’er quickly blindfolded Yi Tianyun using a piece of cloth that she has prepared beforehand and then led Yi Tianyun carefully towards their hideout!

Even if a thick cloth covered his eyes, thanks to the Heavenly Eyes, he could still see many Divine Runes scattered throughout the place.

Throughout the way to the Spirit Race hideout, he also noticed the intense Spiritual Energy covering the place, he was sure that the Spiritual Energy of the hideout would be very suitable to cultivate his own cultivation.

Soon enough, Yi Tianyun heard many curious voices, and some of them were also judging Ye Wan'er as a fool as they didn't trust any outsider.

Yi Tianyun sighed as he needed to be able to control his own emotions there. He knew that wasn't their fault; it was because they were constantly betrayed by an outsider who wanted to exploit their ability for themselves!

He noticed many eyes were on him at the moment and some voices which tried to convince others that Yi Tianyun wasn't a bad person and that Yi Tianyun had killed Li Hao, one of the traitors who defected to the Netherworld Empire.

After the said fact was revealed, Yi Tianyun could hear them breathed a sigh of relief all over the place.

In the meantime, Ye Wan'er could relax a little bit, knowing that her own people didn't completely reject Yi Tianyun's arrival!

Chapter 284

Ye Wan'er explained to Yi Tianyun that the Spirit Race never accepted any visitor with a vague origin, but Yi Tianyun was an exception because he had a common similarity to them, which was the grudge to the Netherworld Empire.

With Yi Tianyun killing Li Hao, a traitor of Spirit Race, he was immediately trusted.

Yi Tianyun looked over at the center of that place and saw a high tower that was immensely different than the others.

It emitted a light wave from the top of it.

Yi Tianyun immediately asked Ye Wan'er about the origin of the tower.

Ye Wan'er said, "The place was called Spirit Pagoda, the light that you see was an Array that covers this place up and conceal this place from the outer world. That place was also the house of the Saintess and Elder. The Array needs Jade Spirit Stone to work, so that is why I am almost desperate to get my hands on those Jade Spirit Stones earlier. The Array is quite powerful. The elder said that even a Spirit King wouldn't be able to find this place."

Yi Tianyun nodded his head in understanding. He now knew the urgent that Ye Wan'er mentioned earlier was for that Spirit Pagoda so that they could keep their whereabouts a secret from their enemies.

But after hearing that the pagoda was the house of a Saintess, Yi Tianyun couldn't help but thought that if that was where Ye Qingxuan lived now.

Ye Wan'er quickly shouted in excitement as she removed her mask, revealing her true face.

Yi Tianyun knew that Ye Wan'er was using a mask as she didn't want to reveal her identity to the outside world, he didn't expect Ye Wan'er to be that beautiful.

After observing Ye Wan'er's face for quite a while, Yi Tianyun realized that she must be connected to Ye Qingxuan, Ye Wan'er kind of resemble her in a way.

Ye Wan'er immediately waved her hands in front of Yi Tianyun's face as she saw that Yi Tianyun was quite surprised by her change of appearance.

"Sorry, I am a bit startled for your change of appearance. I don't know that you are such a beautiful girl." Yi Tianyun said with a smiling face.

"Don't worry about that. My sister is much more beautiful than I am." Ye Wan'er said casually.

Ye Wan'er then led Yi Tianyun around so he could have a closer look at that place, but she couldn't bring Yi Tianyun to the Spirit Pagoda as that place was off-limit to the outsider.

Yi Tianyun nodded in understanding again. He knew that place retained the Spirit Race's secret and therefore needed to be guarded carefully.

As they walked around, many girls approached them to hear the story of Yi Tianyun's fight against Li Hao.

They heard that Yi Tianyun killed Li Hao with only a couple of punches.

Many of them also flirted with Yi Tianyun openly, while some of them weren't even interested and asked Ye Wan'er about her experience outside of the hideout instead.

Yi Tianyun was polite throughout the way as Ye Wan'er kept teasing the girl about her experience and that they could do it too when they were a bit older.

As they kept walking, Ye Wan'er pointed to a cabin while saying that the cabin was her and her sister's place. She invited Yi Tianyun inside as he could rest for a while. Yi Tianyun nodded, and they entered the cabin.

Inside, Yi Tianyun noticed that the place was tidy and clean. He also noticed that one of the bedrooms was clean, but it seems like no one used the room for quite a while. He asked Ye Wan'er whether that was her room or not, to which she said that the room wasn't hers, but her sister's!

She also said that her sister hasn't returned in a long time and that she didn't know when she will be back.

Yi Tianyun felt bad after hearing Ye Wan'er's disappointment that her sister hasn't returned yet, and he quickly comforted Ye Wan'er while saying that her sister definitely will return eventually.

Ye Wan'er suddenly became excited as she said that she wasn't disappointed about her sister, there was no helping about it since her sister was busy fighting for Spirit Race's freedom, for she was the Saintess of Spirit Race!

From what Ye Wan'er had said, Yi Tianyun knew that Ye Qingxuan had returned and successfully brought hope to the Spirit Race once again.

The proof would be the constant needs of the Jade Spirit Stone for the Spirit Pagoda because if the saintess never returned, they will not waste their resource to buy the Jade Spirit Stone like that.

But as much as Jade Spirit Stone they could have, it will eventually be exhausted.

The only way for them to have the peace and freedom that they wanted would be by destroying the Netherworld Empire!

Yi Tianyun nodded his head as he now understood the true nature of Spirit Race's struggle.

'DING'

'Heavenly Jade Sect successfully annihilated a thief's nest!'

'Reward: 5.000.000 Exp, 100.000 CPs, 1.000 SPs, 100 Prestige Points, 1x Enhanced Lottery Roulette ticket.'

Yi Tianyun was a little bit startled by the system's notification; he didn't expect to get a reward for something that the Heavenly Jade Sect accomplished. He now knew why the Snow Wolf kept getting stronger while he didn't specifically order it to hunt.

Ye Wan'er noticed that Yi Tianyun was smirking to himself found it a little bit weird.

Yi Tianyun snapped back from his thought as he noticed Ye Wan'er stare.

"Brother Yi, what's wrong?" Ye Wan'er asked Yi Tianyun was there anything wrong.

Yi Tianyun immediately dodged by saying, "Nothing, where are we going?"

“Big Brother has saved me, I must repay you!” Ye Wan’er smiled, “Although I can’t bring Big Brother to the Spirit Pagoda, there is still a place that Big Brother could still visit, and I think that the place would be great for Big Brother.”

Yi Tianyun became curious, “Where is it?”

Ye Wan’er said while smiling excitedly, “The place was named Jade Water Deep Pool. It is a place with rich spiritual power, and that Big Brother could cultivate faster there!”

Yi Tianyun was surprised to hear that the Spirit Race had a pool with a high concentration of spiritual energy like that. She explained that the pool was made for a guest of the Spirit Race, so therefore Yi Tianyun would be allowed to enter.

They soon left the house and walked towards the forest, Yi Tianyun noticed that the pool wasn’t that big, but it was fairly decent for several people to cultivate there. He also saw that the place had a fair amount of people who were meditating to improve their own cultivation.

But as Yi Tianyun was an outsider, as soon as he entered the place, all cultivators on the scene laid their gaze towards Yi Tianyun.

The Spirit Race cultivators in Jade Water Deep Pool began to talk curiously, and some of them were disgusted over why an outsider was there.

Ye Wan’er immediately explained that Yi Tianyun was the one who saved her when she was about to be captured by Li Hao earlier and that Yi Tianyun was the one that killed Li Hao too.

After hearing Ye Wan’er’s explanation, some of their gazes began to soften as they found it very relieving after hearing that one of the traitors had been killed!

But some of them still looked at Yi Tianyun in distrust and alerted. He knew that there was no helping it, after facing so many troubles, it was a good thing that they simply distrusted an outsider!

A young boy immediately stood up and said, "You should leave the Jade Water Deep Pool, we don't know you, and therefore we can't trust you."

They didn't care even if Yi Tianyun was really the one who killed Li Hao; they still knew nothing about Yi Tianyun.

The young boy also said, "There was no guarantee that you aren't actually one of the spies that Netherworld Empire had sent!"

The young boy's words got many supports from the people around him.

But, Ye Wan'er quickly said, "Big Brother isn't like that, and I must repay Big Brother's kindness. I can't allow myself to be an ungrateful girl who left without doing anything!"

The rest of them were silent as Spirit Race was taught never to be ungrateful toward anyone who helped them.

They let Yi Tianyun enter the pool, and then Ye Wan'er said that Yi Tianyun could cultivate.

Yi Tianyun sat at one corner of the pool and then tried to see the pool's detailed description with his appraisal eye.

'Jade Water Deep Pool: A pool of powerful Spiritual Energy, the pool has a rare Soul Accumulating Grass at the bottom of it. Cultivating while in the vicinity of the pool would increase the cultivation speed by thirty percent.'

Yi Tianyun was quite surprised to see that the pool had Soul Accumulating Grass at the bottom of it.

No wonder that place could gather so much Spiritual Energy like that!

Yi Tianyun also knew that if that Soul Accumulating Grass were known to the outside world, that place would be ransacked to get their hands on that grass!

Chapter 286

Yi Tianyun noticed that several people seemed to be following him and Ye Wan'er from afar.

Yi Tianyun knew that was just because the spirit race couldn't trust Yi Tianyun just yet.

Yi Tianyun decided to ignore them and instead looked around the place. He noticed that the place had a really good cultivation atmosphere; it was no wonder that the Spirit Race had a good cultivation.

He knew that even with such a supportive environment, Yi Tianyun knew that the Spirit Race still couldn't fight the Netherworld Empire.

The problem was not the level of cultivation that they had, more like the quantity of manpower that they had.

He put the thought away as he saw that Ye Wan'er was already meditating, cultivating her own Spiritual power.

Yi Tianyun immediately tried to absorb the Spiritual Energy for himself and was quite surprised to see the amount of Exp that he got. He got around 8.000 to 9.000 Exp per second!

He wondered what the difference between that place and other cultivation places that he has already tried so far was. He wondered if the Soul Accumulating Grass on the bottom of the Jade Water Deep Pool had something to do with it.

He tried to see the data of the Soul Accumulating grass with his Appraisal Eye and couldn't find anything unusual from it!

He tried to look around for any unusual Divine Rune that was engraved somewhere that maybe help speeding up the cultivation process of anyone around the pool, but he couldn't find any.

Yi Tianyun decided to try to absorb the Spiritual Energy with his full absorption power.

Yi Tianyun activated the Dark North Divine Art, and suddenly the Spiritual Energy was beginning to spiral towards him, creating a whirlpool of Spiritual Energy!

The amount of Spirit Power he got was reaching 35.000 per second! He didn't even use the Crazy Mode just yet!

The situation around the Jade Water Deep Pool began to become unusual as Yi Tianyun continued to absorb a large amount of Spiritual Energy for himself.

The trees around the pool began to shake like they were being pulled into the pool.

People began to stop meditating as they didn't get the amount of Spiritual Energy that they need.

They saw that the Spiritual Energy surrounded Yi Tianyun and that it was so strong, unlike anything that they have ever seen before.

Ye Wan'er, who was sitting next to Yi Tianyun, was surprised and didn't know what to say, but as she knew that the look from her people was like pressure to her, she decided to stop Yi Tianyun.

"Take it easy, Big Brother..."

Yi Tianyun immediately asked, "What's wrong?"

"Your absorption speed is so fast, even faster than elders." Ye Wan'er shook him a little.

Yi Tianyun saw that Ye Wan'er was trembling a little bit, and other people who were cultivating in the pool looked scared of Yi Tianyun.

However, instead of scaring of Yi Tianyun, Ye Wan'er was excited to see Yi Tianyun's amazing cultivation speed.

Yi Tianyun asked, "Does this disturbing others?"

Which he got his answer as the people around began to complain that Yi Tianyun has slowed down their cultivation.

Ye Wan'er once again pleaded to her kind, "Please, this is the only thing that I can give to Big Brother, I need to repay him as he already saved my life. In exchange for my apologies since I already disturbed everyone's cultivation, I will gladly help you guys if you ever need my help in anything."

Yi Tianyun immediately patted Ye Wan'er's head in humor and said, "You don't have to do any of that. It is better to look around while enjoying the scenery, let's leave the pool."

"But..." Ye Wan'er seemed to be reluctant to leave.

"Let's go." Yi Tianyun once again invited her to leave with a smile on his face. He already had the necessary information to increase his cultivation speed anyway; it was rude of him if he insisted on cultivating inside the Jade Water Deep Pool anyway.

He couldn't help but wondered if the Soul Accumulating Grass had the same effect as the Exp card if he ate them.

If it were true, he would purchase a large amount of them to quicken his own cultivation speed!

Chapter 287

Yi Tianyun had a rough idea on where he should buy the rare Soul Accumulating Grass, he doubted that the Star Pavilion would have any, but maybe there will be one on the auction like before.

However, Ye Wan'er beside him still felt guilty because she couldn't repay Yi Tianyun properly.

“Hey, it is okay! This place was beautiful! I feel lucky enough to get a chance to come here!” Yi Tianyun said while trying to reassure Ye Wan’er. He said it with great honesty, as he doesn’t know any information about the Soul Accumulating Grass before coming here!

“No, I felt useless! If you could enter the Spirit Pagoda, you will benefit more than the Jade Water Deep Pool!” Ye Wan’er said while feeling a little bit sad.

“Come on, you clearly don’t mean anything to go like this, it wasn’t your fault.” Yi Tianyun said while smiling warmly.

Suddenly, a group of cultivators walked toward Ye Wan’er and Yi Tianyun.

Yi Tianyun noticed that the one who led the group was none other than Ye Qingxuan!

Apparently, she came there to check on her sister, for she has just returned.

Ye Qingxuan didn’t recognize Yi Tianyun because of his mask, and Yi Tianyun noticed that Ye Qingxuan didn’t change much except that she was visibly paler than when Yi Tianyun saved her from the cave.

Ye Wan’er waved excitedly while grabbing Yi Tianyun’s hands and dragged him to her sister.

Once they were in front of her sister, Yi Tianyun bowed a little while Ye Wan’er was visibly blushed as her sister saw that Ye Wan’er was holding Yi Tianyun’s hands.

Ye Qingxuan immediately shook Yi Tianyun’s hand and said, “Thanks for saving my sister, I will do anything to repay you as long as it was within my capabilities to do.”

She also scolded Ye Wan’er, “And you, never do that again. I already made the rule which stated that anyone not allowed to leave the hideout on their own, at least they must bring along one partner.”

There was no guarantee that a Spirit Race could stay under the radar while the Netherworld Empire was constantly looking for them, plus the traitor could be lurking around searching for them.

“Sister! I only do a thing that would benefit the Spirit Race! I want to help too, you know!” Ye Wan’er said, defending her action.

Ye Qingxuan was visibly getting angrier facing Ye Wan’er’s stubbornness.

However, a man approached Ye Qingxuan with a nervous face and reported, “Saintess, our people who tried to buy a medicinal pill had been spotted. Therefore their frequent pavilion will no longer sell us any medicinal pill.”

Ye Qingxuan was surprised to hear that report, “No longer sell to us? Oh, it seems Netherworld Empire puts pressure on them, so no one dares to sell their medicinal pill to us.”

The Spirit Race was in dire need of those medicinal pills, and now they were in deep trouble if they couldn’t find any!

‘DING’

‘[Rescue the Spirit Race!] Quest was available!’

‘[Accept] [Reject]’

Suddenly the quest prompt popped out! Yi Tianyun accepted the quest without hesitation!

‘DING’

‘Successfully received the quest [Rescue the Spirit Race!]’

‘Reward on completion: [Spirit Race King] Title!’

'DING'

'*1st Step: [Overcome the Medicinal Pill shortage!]

'Reward: 5.000.000 Exp, 50.000 CPs, 5.000 Pill Refining MPs, 50 Spirit Race Favorability.'

Yi Tianyun was in shock after seeing the reward of the quest! He would become the king of Spirit Race! If he did it right, turning Heavenly Jade Sect into a 3rd Grade Faction would be so easy!

Chapter 288

"You will refine the medicinal pills for us?" Ye Qingxuan and the other Spirit Race Member said surprisedly.

"Yes, as long as there is enough material, I will refine as many as you want. 4th Grade Medicinal Pills are not a problem." Yi Tianyun said confidently.

"If what you said is true, I need you to refine a group of medicinal pills now. We need it urgently!" Ye Qingxuan said quickly.

"Saintess! Is it wise to let a stranger come with us to refine us a medicinal pill?" An elder of Spirit Race asked confusedly.

"Well, did you have any other option?" Ye Qingxuan said toward the elder.

The elder was quiet as he didn't have any other solution himself.

No one wanted to offer help for the Spirit Race.

Yi Tianyun said, "Anyone who can't trust me can watch me refine the pill as long as they wanted!"

Everyone was surprised to hear Yi Tianyun's suggestion; everyone knew that alchemists never showed how they refined medicinal pills to hide their Pill Refining techniques.

Ye Qingxuan's eyes shone in excitement! She knew with this suggestion from Yi Tianyun himself. They won't have any choice but to accept Yi Tianyun's help.

"Come to the Spirit Pagoda with me! All the materials you need is already there!" Ye Qingxuan said excitedly.

"Would you also come with me?" Yi Tianyun said toward Ye Wan'er.

Ye Wan'er instantly looked at her sister for an agreement that she could follow them to the Spirit Pagoda.

Even though she was from the Spirit Race, she couldn't enter the Spirit Pagoda without special permission.

Ye Qingxuan nodded her head in amusement and then led the way to the Spirit Pagoda.

As soon as they arrived at the Spirit Pagoda, the residents of Spirit Pagoda raised their brows as they were confused for the outsider has entered the Spirit Pagoda somehow!

Yi Tianyun noticed that the place had many Divine Rune engraved to its wall and that the Divine Rune glimmered in power, meaning that it was a high-grade Divine Rune.

There was no doubt that if that place was destroyed, Spirit Race would lose a considerable amount of power!

No one in the Spirit Pagoda was higher than a Void Spirit stage!

He also noticed that place had a higher concentration of Spirit Energy than any other place that Yi Tianyun had ever visited before!

He saw that place also had many Jade Spirit Stones on the side, and on the wall, it seemed that those Jade Spirit Stones were used to concentrate the Spirit Energy inside the Spirit Pagoda and didn't leak out outside.

Soon they walked into a Pill Refining Room where he saw a few Alchemists was refining some Medicinal Pills.

He noticed that those alchemists didn't have that high of proficiency in Pill Refining.

They were only at 3rd Grade Pill Refining Master!

"Saintess."

When Ye Qingxuan entered the room, they immediately bowed their head and greeted her with respect!

She immediately said, "He is Yi Tianyun. He will help us to refine the medicinal pills needed for the Spirit Race."

They frowned a little bit as they saw that the helper was a boy and that he was an outsider too.

They began to complain, "He will only slow us down and that we can't really trust an outsider. "

Ye Qingxuan said, "There is nothing to worry about, Yi Tianyun is a 4th Grade Alchemist and that you can watch him refine the Medicinal Pill if you can't trust him."

The Spirit Race Alchemist was a little bit surprised that a young man like Yi Tianyun could be a 4th Grade Alchemist and that they could watch the way he refined!

One of the deacons reluctantly stood, "I will prepare the alchemy furnace and the fire to use."

Yi Tianyun quickly told him, "No need, I have my own alchemy furnace and fire."

Once again, Yi Tianyun's word surprised everyone.

No one even thought that a young man like Yi Tianyun would have all of the equipment for refining.

They were once again shocked as they saw that the alchemy furnace and the fire that Yi Tianyun had were of a high-grade one!

Chapter 289

"This..."

Everyone was shocked to see the fire that Yi Tianyun used was a high-grade fire.

They saw several powerful fires at their time, but none of them was as pure as Yi Tianyun's.

All of a sudden, they expected something from Yi Tianyun's ability!

"Now, what medicinal pills should I make first?" Yi Tianyun said casually.

"Oh yeah, it was the 4th Grade Medicinal Pills, Life Continuing Spirit Pill! Is it okay to start with a high grade Medicinal Pill?" Ye Qingxuan said curiously.

"It is okay, may I get the material for it? The more, the better." Yi Tianyun said casually.

With his Pill Refining Proficiency, he already got the recipe for the Life Continuing Spirit Pill and many other Medicinal Pills, the recipes that he didn't get were the rare ones, like the Spirit Congealing Pills!

Ye Qingxuan immediately ordered the Deacon to gather the materials and gave it to Yi Tianyun excitedly.

When the Deacon came back and piled the materials in the room, Yi Tianyun began to select the material he needed and then tossed it to the Purple Fire Divine Furnace without even looking at the furnace.

As he did so, he lit the furnace with his fire, melting the material all at once and removing impurity from them.

Those who saw what Yi Tianyun was doing, frowned all at once as they knew that this was not how to refine a high-grade pill properly!

“What is it? Is he really make a pill? I feel he is going to fail...”

“Is he really 4th Grade Alchemist? I am afraid he isn’t...”

“Too bad a fire like that is in his hand.”

They started to feel pity for the material that Yi Tianyun had used, it was clear that the material was wasted. Some of them were even afraid that the furnace would blow up!

Some of them even felt pity for the fire that Yi Tianyun was using. They thought that it was a shame for it to be in Yi Tianyun’s hands.

Ye Qingxuan frowned too, but she didn’t say anything as she had to see the finished product first.

Ye Wan’er, however, was prepared to take the blame if anything bad happened there.

Even though Yi Tianyun was lying about that entire Pill Refining thing, she would make sure that he would get out of there unscathed!

Yi Tianyun was still the one who helped her break free of Li Hao's grasp.

But Yi Tianyun baffled everyone once again as he finished the first batch and handed the Life Continuing Spirit Pills that he refined to Ye Qingxuan.

"Done."

They were all dumbfounded and looked at Yi Tianyun completely at a loss for words.

Ye Qingxuan immediately checked the pills and saw that the Medicinal Pills were well made and that the pills oozed rich fragrance that was very refreshing.

There was no doubt in her mind that those Life Continuing Pills were of a high-grade refinement rank!

They started to look at the pills themselves and were shocked to see the high ranked pills to be made in such a short time.

Some of them knew that this was at least 3rd Refinement Rank 4th Grade Medicinal Pills!

Medicinal Pills were divided into nine ranks, the more impurities removed, the stronger the effect would be, and the higher the refinement ranks would be.

Even though it was still at the lower end, 3rd Refinement Rank Medicinal Pills were already great, as it was rare to see any medicinal pills at that rank.

"Is there any problem with the pills?" Yi Tianyun asked curiously.

He watched as everyone was silent and guessed that maybe they thought that he poisoned the pills but were embarrassed to say it out loud. So, Yi Tianyun took one random pill and immediately swallowed it without fear.

'DING'

'Taking a Life Continuing Spirit Pill!'

'+10.000 Points to Vitality!'

Vitality was the point he needed to strengthen his defensive power. But as of now, he didn't really need it as his defense power was already high enough to withstand a Core Transformation Peak Stage cultivator's attack!

Everyone was embarrassed after seeing that Yi Tianyun proved it to them that there was nothing bad mixed into the pill!

Yi Tianyun asked them once again if there was anything wrong with his Medicinal Pills.

Ye Qingxuan quickly ordered the Deacon to give the pills to the injured Spirit Race on the sickbay.

"You are really awesome! You must be a genius to have such strong power and high level ability!" Ye Wan'er said while jumping to Yi Tianyun's embrace.

Yi Tianyun was a little bit flushed by Ye Wan'er's act; he doesn't want any of them to think of anything inappropriate about him!

Chapter 290

Ye Wan'er was excited that the man she brought after saving her life was useful for Spirit Race, and he was really strong too!

This fact made Ye Wan'er a little too excited that she forgot that she has been hugging Yi Tianyun for quite a while.

After she realized that she was holding on to Yi Tianyun, she blushed a little bit and let go at once while saying, "S-sorry!"

Yi Tianyun laughed and patted Ye Wan'er's head like a little kid; she flustered the moment Yi Tianyun patted her head.

Ye Qingxuan said, "I am sorry for doubting you and for my people's behavior."

"I understand. I am already aware of the situation that the Spirit Race was currently in." Yi Tianyun said to Ye Qingxuan.

"I would continue to refine the 4th Grade Medicinal Pills until you said otherwise or if I am already used all of the materials for it!" Yi Tianyun said while smiling slightly.

"Okay, that is all we need for now! Thank you for your kindness!" Ye Qingxuan said gratefully.

"As the sense of urgency was overcome, I will take my time to refine each batch of medicinal pills now." Yi Tianyun said confidently.

Ye Qingxuan nodded and said, "Okay, I have something else to do. You can tell Wan'er if you need any help."

Yi Tianyun looked at Ye Qingxuan as she walked away and wanted to tell her that he was the one who saved her on the cave before, but decides not to as he barely knows anything about the Spirit Race's situation at the moment.

He was afraid that if he exposed himself, he could endanger the Spirit Race more than they already were.

He began to refine the 4th Grade medicinal Pills scrutinously, making Ye Wan'er and the other Alchemists reluctant to talk to or even bother him.

Even though he said that he would be making the Medicinal Pill at a much slower pace, he still made a batch of Medicinal Pills faster than a normal alchemist.

The alchemists in the room looked at Yi Tianyun with envy; they wanted to have Yi Tianyun's skill too!

While Tianyun took a little rest, Ye Wan'er quickly asked, "Is it okay for you to be watched by the other alchemists since they may figure out your secret?"

Yi Tianyun laughed and said, "it's okay, they could even ask me for that, and I will teach them if they could keep up with me."

Ye Wan'er said, "Big Brother is so amazing, you are so strong and smart!"

Ye Wan'er also asked, "What kind of Divine Rune you want to portray with Jade Spirit Stone that you bought early? You are amazing Divine Rune Master too, right?"

That question aroused the deacons' curiosity; they happened to overhear their conversation.

They didn't expect Yi Tianyun to be able to portray a Divine Rune, they thought that he was already an incredible Pill Refining master, and Ye Wan'er suddenly said that he was also a Divine Rune Master?

"Yes, it is for portraying the huge array in my place. I will use it immediately after I am done helping here." Yi Tianyun said casually.

"I could help you with that! I am a 5th Grade Divine Rune Master myself! If it's not higher than that, I would definitely succeed!" Ye Wan'er said confidently.

"I would think about it!" Yi Tianyun said while laughing a little bit.

As they were conversing casually and joked around, Yi Tianyun finally returned to making another batch of Medicinal Pills.

Ye Wan'er watched Yi Tianyun refined one after another Medicinal Pill as she didn't know what else to do to kill some time, she couldn't walk around the Spirit Pagoda casually as she only got permission to stay in that room.

After a few hours had passed, Ye Qingxuan came back to ask Yi Tianyun, "Can I get another batch of Life Continuing Spirit Pill? All of the first batches had been used."

Ye Wan'er quickly gave her all the Medicinal Pills that Yi Tianyun had made that are made into the stockpile.

"This..." Ye Qingxuan was surprised to see the piling medicinal pill and then said, "This is enough for the time being, you should rest for now."

'DING'

'Reward on completion: 10.000.000 Exp, 100.000 CPs, 10.000 Divine Rune Proficiency points, 50 Spirit Race Favourability points.'

"Wan'er come help me to fix the Divine Rune around the Great Array." Ye Qingxuan said.

Ye Wan'er immediately agreed, "Okay, no problem."

Yi Tianyun also asked, "Can I help too?"

After receiving the quest, Yi Tianyun was eager to help, so he needed permission to go with Ye Wan'er to help out.

"This..." Ye Qingxuan hesitated for a while but quickly nodded, "Okay, please come with me."

Yi Tianyun was happy that his quest progress wouldn't be halted, but he knew that even if his offer was rejected, he could always reveal his real identity to Ye Qingxuan to make everything a lot easier!
