

Leveling 311

Chapter 311

'DING'

'Quest: [Destroy the Netherworld Prison]!'

'[Accept]/[Reject]'

Yi Tianyun was a little bit startled that he got another side quest while trying to complete a quest!

He quickly accepted the quest as he knew that the quest would reward him a good amount of exp!

'DING'

'Successfully accepted the Quest: [Destroy the Netherworld Prison]!'

'Quest completion reward: 50.000.000 Exp, 100.000 CPs, 10.000 SPs, 200 PPs, 100 Command Points.'

There was no item reward, but Yi Tianyun was still satisfied after seeing that the amount of Exp and other points.

Yi Tianyun muttered while smirking, "Even the system wants me to destroy that prison."

At long last, Ye Qingxuan pointed her finger on the gate of the next area, "In front of us is the Spirit Forbidden Zone. That is the place where the Spirit Race People should be held captive. That place has the most Spiritual Energy dampener among all areas of the prison!"

Yi Tianyun nodded and asked, "Will we also get affected if we enter?"

Ye Qingxuan said, "Only those inside the cage and those who wore the Spiritual Shackle were affected, there should be no effect to those who were outside of the cage."

Yi Tianyun nodded once again, "I am ready."

Then, both of them carefully made their way inside the next area of the Spirit Forbidden Zone!

Inside, Yi Tianyun didn't feel any different than any previous areas they've been to, but he could see that the cage had some Divine Rune, which continuously absorbed the Spiritual Energy on anything inside the cage!

That method was very lethal to Spirit Race because the Spirit Race treated Spiritual Energy like sustenance for their life. Without Spiritual Energy, it could be said that the Spirit Race didn't have anything to eat or drink!

Yi Tianyun saw several of Spirit Race who were being held in the cage with their face was already pale from malnutrition, he could see that they weren't tortured, but without Spiritual Energy, it was basically the same thing!

A Spirit Race woman saw the guards walking in and quickly begged, "I beg you to spare my kid some food. He can't hold on any longer because their cultivation base was too low!"

"Haha... Do you want to eat?"

The guards laughed and waved a water bottle in front of the cage and drank all the water inside the bottle quickly, leaving the Spirit Race people inside the cage desperate!

The guards said, "If you want to eat, then join the Netherworld Empire and work for our cause!"

A Spirit Race man who was also imprisoned while holding his children said, "Don't beg to them, I believe the Saintess will save us sooner or later."

“My child...”

They silently shed tears, they were reluctant to submit to the Netherworld Empire, but if they didn't, their children would die. Even if the Saintess came, it would be pointless if their children died.

When the guards saw their attitude, he got up and banged on the cage!

“You sure still have the guts left in you!”

And then he threw the food in his hand to the floor, anger was written all over his face.

“Xu Daren, calm down, they will give up eventually!” the guard next to him stopped him before the thing went out of hand.

“I sure hope so. Otherwise, I will shove the poison pill down their throat. Too bad I don't have the key, if I do, I would've told them to fight to the death for the key.”

The other guard, Xu Chang was so kind of disappointed since they came to that prison every day to pressure the prisoner, but they couldn't torture them because they didn't have the key

Xu Daren threatened them, “I will surely report the disobedience that the Spirit Race people showed and will make sure that General Long permitted us to torture the people here even more!”

But what they didn't know was that when they turned around, a scarlet dagger immediately pierced their chest!

“You...”

Before they could even finish their sentence, they were already dead, without knowing who killed them, it all happened in the blink of an eye!

The people in the cage began to chant in excitement.

“Saintess!”

Finally, their Saintess has come to save them!

Chapter 312

The Spirit Race people who were being imprisoned began to chant the word Saintess as they saw Ye Qingxuan finally come to save them.

“That is... that is the Saintess, she will save us...”

“Really the Saintess... there is also a human race? Who is he...”

“Great, the Saintess is finally coming to save us...”

They looked at Ye Qingxuan with the eyes full of hopes for finally they were going to be released from the hell that they are forced to go through in this prison.

Ye Qingxuan shushed, “Don’t talk, you shouldn’t attract the guard’s attention!”

The prisoners nodded and became quiet all of a sudden as they also didn’t want to cause any trouble for their savior.

“I hope the key is real.”

Ye Qingxuan nodded to Yi Tianyun as the signal to open the cage of the prisoners.

Yi Tianyun quickly did so, while Ye Qingxuan was praying to gods that the Key that Yi Tianyun had could open the cage, if it couldn't open the cage, all of their hard work until that moment would be useless!

But as Yi Tianyun had predicted, the key unlocked the cage smoothly!

"Great!"

"I already said everything is okay."

Ye Qingxuan on the side was glimmering in excitement; she was glad that they could open and finally save the Spirit People that were imprisoned here.

But she knew that was just the beginning; she still had to make sure that all of those people arrived safely on the Spirit Race Sanctuary!

Yi Tianyun quickly signaled for the people inside the cage to come out as the cage was already opened widely.

"Take these pills, make sure all everyone restores their energy." Yi Tianyun passed many medicinal pills.

"Thanks!"

The prisoner thanked Yi Tianyun gratefully as they finally could save their children from the malnutrition of having their Spiritual Energy depleted.

After doing all that, Yi Tianyun's Spirit Race Favourability went up to over a hundred!

Ye Qingxuan whispered, "Giving the prisoner your pills was a good move. That way, they will support you if he really wants to be the Spirit King!"

Yi Tianyun shrugged his shoulder helplessly, he actually gave the Medicinal Pills out of his humanity, not to get support from those poor prisoners.

Yi Tianyun immediately helped the Spirit Race Prisoner to unlock their shackle, as it also depleted their Spiritual Energy, the same as the cage.

“Where is the Old Ancestor?” Ye Qingxuan asked.

One of Spirit Race people told her, “The Old Ancestor were taken to the next area, we don’t know the Old Ancestor’s situation as we can’t hear what is happening there and the guards never mentioned anything about the situation there.”

Ye Qingxuan nodded, “Wait here and restore your energy. I will go with him to save Old Ancestor.”

They all nodded and quickly tried to meditate to make sure that the Medicinal Pills weren’t wasted!

Yi Tianyun and Ye Qingxuan immediately rushed over to the next area, and after a few corners, they heard an agonizing scream.

They quickly rushed over to check the sound and saw that the Old Ancestor was being tortured by one of the Spirit Race Traitor!

The traitor didn’t realize the presence of Ye Qingxuan and Yi Tianyun yet, and he said, “You are really stubborn, You didn’t lose consciousness even after being poisoned and tortured like that, worthy of Spirit Race’s Old Ancestor!”

It was a shame that he couldn’t kill the Old Ancestor just yet as he was told not to by General Long!

“Feng Wuyun! You are dead to me! I can’t find any forgiveness for what you have done to the Spirit Race! I will not let myself lose consciousness, for I will not let you use the Soul Searching Technique on me! I will not let the Netherworld Empire have my memories!” The Old Ancestor said confidently.

Yi Tianyun could see that the Old Ancestor was a Void Spirit Stage cultivator, he concluded that the Old Ancestor might have been a Spirit King Stage cultivator in his prime, but it seemed the old age caught upon him.

Feng Wuyun, the traitor, laughed as he said, "I don't believe that you can hold on for much longer."

Feng Wuyun quickly took a bottle of poison and prepared to force the poison into the Spirit Race Old Ancestor's mouth!

"Feng Wuyun, you dare!"

At that time, Ye Qingxuan quickly stepped forward and coldly activated her aura to make sure that Feng Wuyun knew her presence as she walked to the cage.

She noticed that the Feng Wuyun and the Old Ancestor were locked inside, she quickly signaled Yi Tianyun to come closer and open the cage as she will make sure that Feng Wuyun couldn't torture the Old Ancestor any further!

Chapter 313

Feng Wuyun was shocked to see that Ye Qingxuan came to the prison unchained!

His first reaction was to hide behind something that could protect himself, but as he realized that he was inside a cage that must be opened with a special key, he smirked at Ye Qingxuan and taunted her.

"Saintess... Get out of here before General Feng coming, you can't open the cage without the key." The Old Ancestor shouted at Ye Qingxuan

Feng Wuyun silenced him as he said, "It was too late to get out."

He took the Jade Pendant and said, "I can crush the pendant to make sure that everyone in Netherworld Prison knew there was an intruder."

Feng Wuyun added, "Watch me preparing the poison that I will force the Old Ancestor to drink."

Ye Qingxuan shouted, "Stop it, you traitor!"

But it seemed that it had the opposite effect.

Feng Wuyun said, "Come in if you want to stop me."

But even if she could come in, all he had to do was just crushed the Jade Pendant to signal General Long that there was a problem inside the Netherworld Prison!

"Hahahaha..."

Feng Wuyun then laughed as he thought that Ye Qingxuan was desperate to save the Old Ancestor.

"Who said I couldn't come in?"

Suddenly, Feng Wuyun's arm that was holding the Jade Pendant was cut off, and he was kicked to the side by none other than Yi Tianyun because Feng Wuyun was too focused with Ye Qingxuan, he didn't realize that Yi Tianyun was already inside the cage!

"You!" Read more new novels on Listnovel.com

Feng Wuyun was shocked once again, seeing that the helper that Ye Qingxuan brought was inside the cage.

"How could you come inside?"

Ye Qingxuan and The Old Ancestor was a little bit surprised themselves.

They didn't see Yi Tianyun enter the cage at all!

Ye Qingxuan first thought that Yi Tianyun was using his teleportation ability, but she knew that there was no way that the cage would allow anyone to teleport inside it!

But, despite questioning it, she knew that Yi Tianyun had done it!

He has already taken care of Feng Wuyun!

"I just walk in with this."

Feng Wuyun was startled to see that Yi Tianyun really got the key, he knew that the only one who qualified to hold the key to the Spirit Race Prisoner was General Long and the Emperor, so how could Yi Tianyun have one!

It was impossible to kill the Netherworld Emperor, so he speculated that General Long had been killed!

Feng Wuyun then leaped with all his might and started to run towards the exit, but Yi Tianyun was much faster than him, Yi Tianyun quickly pulled him back and kicked Feng Wuyun's chest once more!

Feng Wuyun's cultivation was not that low. He was at the 5th Level Core Transformation Stage!

But before Yi Tianyun's overwhelming power, he couldn't do anything!

"Where are you going now? Are you still going to force the Old Ancestor to drink this poison?" Yi Tianyun said sarcastically while forcing Feng Wuyun to drink the poison.

"Aaaargh!"

Feng Wuyun screamed out as the pain from the poison began to take effect, he writhed on the floor and kept slamming his head on the floor, as he couldn't handle the pain from the poison!

Seeing that scene in front of him, Yi Tianyun put some respect on the Old Ancestor of the Spirit Race!

It was clear that he had a strong will to be able to speak through the pain from the poison!

Yi Tianyun told Ye Qingxuan, "I am done. You can do anything you want to him."

Ye Qingxuan reacted by taking out her Silver Whips and quickly whipped Feng Wuyun with it!

With every whip, Feng Wuyun's body began to freeze and finally tie up his body.

She didn't kill Feng Wuyun, making Yi Tianyun confused about what she wanted to do, but left it alone as it was no longer his problem.

Ye Qingxuan quickly helped Yi Tianyun removing all the shackles that tied the Old Ancestor. She noticed that the Old Ancestor's aura had been severely weakened for having been tortured for a long time!

Chapter 314

"Old Ancestor, how do you feel?" Ye Qingxuan quickly asked.

The Old Ancestor said, "I am fine. You must leave before a big trouble comes."

If she hung around there much longer, it would be problem.

"You should leave me behind as I am not useful anymore. I will die soon. No one can help me!"

"But..."

Ye Qingxuan knew the Old Ancestor's ordeal.

She knew that the poison must have really taken a toll on the Old Ancestor's body.

"I will take care of you and find a great alchemist to make the antidote!"

But once again, Old Ancestor shook his head.

"The poison is a trademark of the Netherworld Empire. There is no way to make the antidote as any alchemist outside of the Netherworld Empire won't know how to make one."

"This..."

Ye Qingxuan stood up and walked to Feng Wuyun, she quickly shook the dying Feng Wuyun, "Give me the antidote!"

Feng Wuyun didn't say anything but smirk seeing Ye Qingxuan's desperation, Ye Qingxuan then took Feng Wuyun's Storage Ring and immediately rummaged it to find the detoxification pill for the Old Ancestor, but all she found was the detoxification pill for Feng Wuyun's personal use, it seemed that he was also one of the victims of Netherworld Empire's control.

"You will not find any detoxification pills for the old coot in there! The real detoxification pill was in the hands of the Imperial Preceptor, if you want it, go get it yourself!" Feng Wuyun said while smirking widely.

Ye Qingxuan was a little bit startled, hearing that new information.

There was no way that she could take the detoxification pills from the Imperial Preceptor, they were more powerful than General Long, and they'd stay at the Netherworld Imperial City almost 24/7!

Yi Tianyun then stepped forward and told Ye Qingxuan not to worry as he will try to refine the detoxification pills for the Old Ancestor himself!

He quickly activated the Appraisal Eye to analyze the poison inside the Old Ancestor's system immediately.

'DING'

'Unable to analyze the toxic material!'

"Level up Appraisal Eye!"

Yi Tianyun didn't hesitate and quickly level up the Appraisal Eye without thinking twice.

'DING'

'Consumed 500.000 CPs, successfully upgrades the [Appraisal Eye] to level 3!'

'Next Level Require 10.000.000 CPs!'

'DING'

'Appraisal Eye can now be used to acquire the information about the additional profession, racial details, detail of the martial arts, details of the divine rune and great array, Medicinal Pills.'

'DING'

'Successfully identified the toxic substance with the name [Soul Devouring Poison]!'

'Detoxification material: 1x Love Flower, 1x Human Grass, 2x Heart Erosion Grass.'

“Found it!” Yi Tianyun said as he became confident of his ability to make the antidote for the poison.

He quickly pulled out the Purple Fire Divine Furnace and started refining the necessary ingredient to make the antidotes, fortunately, the ingredient wasn't some rare material that he didn't have on his storage.

After a while, he finally finished the antidote and gave it to Ye Qingxuan.

Feng Wuyun was laughing as he said, “It was impossible to make the antidote on a whim, if you give Old Ancestor the antidotes that guy made, the Old Ancestor would probably die instantly.”

Yi Tianyun said, “It was true, the pill isn't the perfect antidote, but the pill would relieve the Old Ancestor of the poison for a little bit. Therefore the poison will no longer threaten the Old Ancestor's life!”

Ye Qingxuan nodded, and without hesitation, she administered the pill to the Old Ancestor.

After taking the pill that Yi Tianyun refined for him, The Old Ancestor's complexion began to turn somewhat better.

He even could absorb the Spiritual Energy little by little as the poison's effect has already subsided.

“I feel much better! We should leave this place and save every Spirit Race in this prison!”

They all nodded while Feng Wuyun was lying there looking like an idiot, he didn't expect the pill to be extremely effective like that!

“Get ready to escape. I will lead the way.”

If General Long came, it would become a difficult situation.

Yi Tianyun could run, but others from Spirit Race couldn't.

Chapter 315

Ye Qingxuan quickly killed Feng Wuyun as they prepared to get out of that area to meet up with the rest of the Spirit Race People in prison.

'DING'

'Successfully killed Feng Wuyun!'

'Reward: 730.000 Exp, 4.500 CPs, 250 SPs, 1.500 Divine Rune Proficiency Points, Heaven Spirit Step Martial Art, Spirit Breaking Finger, Soul Breaking Stroke, Tyrant Rune Paper.'

Yi Tianyun didn't need to kill Feng Wuyun himself as he already knew that once Ye Qingxuan killed him, he will get the reward anyway!

"This Tyrant Rune Paper is awesome!"

He felt a little bit excited that he got another Tyrant Rune Paper, he knew that Rune Paper was different from the other Divine Rune Paper that people normally used, it could enhance the effect of the Divine Rune Paper that was engraved on it up to three times the normal value!

Very simple but strong effect!

Whatever kind of Divine Rune was engraved on it would be enhanced by three times the normal effect!

It paired very well with a high-grade Divine Rune. He was tempted to make a Damage Divine Rune now as he thought that it wouldn't take long, and with the Tyrant Rune Paper, the effect would surely explode!

But the most important thing at the moment was time!

He couldn't stop for a minute just because he wanted to portray a Divine Rune, so he needed to do it while moving!

Yi Tianyun quickly pulled out the Soul Breaking Stroke and the Tyrant Rune Paper and began to engrave the Damage Divine Rune on the paper.

Ye Qingxuan and The Old Ancestor were a little bit startled to see Yi Tianyun was engraving a Divine Rune of all things.

She quickly asked, "Why are you doing such a difficult task in the middle of a difficult situation?"

Yi Tianyun casually said, "I need Divine Rune for my weapon because I don't have any. I need to enchant my attack power."

He planned to use the Damage Divine Rune on the Ice-Cold Divine Bow as he knew that it was better to use the Damage Amplifier on the ranged attack.

Ye Qingxuan asked, "You need us to wait?"

Yi Tianyun shook his head, "No need to wait. I will be done soon!"

Yi Tianyun then activated his Crazy Mode, speeding up the process of drawing the Divine Rune so that he could finish faster.

Ye Qingxuan and the Old Ancestor were once again startled to see Yi Tianyun's speed on engraving the Divine Rune; in no time, he has already finished engraving 5th Layers 3rd Grade Divine Runes on the paper!

But Yi Tianyun still continued to draw the Divine Rune and on the process to engrave the 6th Layer Divine Rune!

His success rate to engrave the 6th Layer Divine Rune was eighty percent!

That was also one of the benefits of using the Tyrant Rune Paper; it could also increase the success rate of the Divine Rune that was being portrayed.

Ye Qingxuan and the Old Ancestor were looking at Yi Tianyun in awe. They know that the Divine Rune That Yi Tianyun made was at least a Master Level Divine Rune!

“This is 6th Layer Divine Rune!” Ye Qingxuan speechless.

The Old Ancestor even praised him, “He is better than Spirit Race in portraying a Divine Rune! There aren’t many people who can draw the Divine Rune that fast! Where did you meet him?”

“It is a long story...” Ye Qingxuan didn’t know where to start.

“He is really amazing... if only he is a Spirit Race...”

Yi Tianyun was slightly excited for getting the recognition from the Old Ancestor, with the Old Ancestor on his back, he would get the Spirit King Title easier than trying to get it himself!

Once he was done portraying the 6th Layers 3rd Grade Divine Rune, he looked at the 7th Layer and stopped right there, the 7th Layer’s success rate has dropped to fifty percent!

Yi Tianyun was sure that if he used the Heavenly Eyes, the success rate would increase, but he decided not to as the Old Ancestor was watching his every move!

Ye Qingxuan and the Old Ancestor tried to take a look at Yi Tianyun’s Divine Rune that he just made and were startled to see the damage amplifier that the Divine Rune gave, it was 210 percent Damage Amplifier!

It was triple the normal value of the same grade!

Yi Tianyun quickly pulled out the Ice-Cold Divine Bow and pasted the 6Layers Damage Divine Rune on it; he saw that the bow's special effect was enhanced!

With Damage Divine Rune, it currently had the effect of 4 times damage multiplier instead of 2 times damage multiplier!

After all that, Yi Tianyun picked up his pace while saying they needed to go faster to Ye Qingxuan and the Old Ancestor.

As they got close to the previous area where they left the Spirit Race People behind to save the Old Ancestor, they heard a fight.

Yi Tianyun quickly moved forward and saw that the Spirit Race People were barely able to withstand the attack of the guards!

“Let me open the way!”

Yi Tianyun quickly pulled the string of the Ice-Cold Divine Bow and released the Ice-Cold Arrow while aiming it at the Guards!

The amazing power of the Ice-Cold Divine Bow was quickly shown, the arrows Yi Tianyun shot pierced the guards and hit other guards behind them and completely freezing them solid!

Yi Tianyun was sure that with that bow in his hand, his path would be easier!

Chapter 316 Kill

Yi Tianyun quickly killed every guard who was engaged in battle with the Spirit Race People.

The Spirit Race was surprised to see that the guards were killed in a short amount of time!

“It is the Old Ancestor!”

They were surprised once more when they saw their Old Ancestor came into the room!

They were relieved to see their Old Ancestor was fine, making them sighed in relief after knowing that the worst case scenario didn't happen.

Yi Tianyun then rallied the Spirit Race by saying, “We, together will fight against the guards and take back our freedom!”

“Kill the guards!” The Spirit Race then shouted in excitement.

They began to chant freedom as they prepared themselves to escape the prison.

Ye Qingxuan and Yi Tianyun quickly led the way to freedom as the Old Ancestor acted as their rear vanguard to protect the backline.

Yi Tianyun quickly killed every guard that came his way.

“How did you came out?!”

Those guards were shocked as there was no indication that the prisoner was escaping.

Some of them even attempted to call for help, but sadly Yi Tianyun and his Ice-Cold Divine Bow didn't allow any of them to escape!

‘DING’

'Successfully killed Netherworld Prison Guard!'

'Reward: 250.000 Exp, 3.000 CPs, 150 SPs, Dragon Soul Martial Art, Heavenly Soul Knife, Imperial Soul Armor.

The notification kept ringing after that, indicating the exp gained and other rewards after killing many people.

"Call help!"

"Call help!"

The guards began to shout, no one could escape Yi Tianyun's Ice-Cold Divine Bow!

They were killed one by one.

Yi Tianyun finally arrived at the area where he saw the people being tormented earlier, he quickly told the Spirit Race behind him to check for the Cage Key among the guards' belonging and opened all cage to free everyone inside.

While the Spirit Race began searching and unlocking the cage, Yi Tianyun was busy killing any guards who waltzed towards the area.

He also threw many medicinal pills to Ye Qingxuan while saying that she should give it to any Prisoners that needed them.

"Thank you."

"Thanks!"

The prisoners were all grateful for Yi Tianyun's kindness.

They never thought that a day where they could see the sun again would come!

Yi Tianyun quickly shouted, "Don't say it now! We must escape from here first!"

They weren't safe yet!

Those who could fight quickly followed Yi Tianyun to fend off the guards that came towards their way.

But those who were tortured the most and couldn't fight stayed behind, closely following the main group as not to make themselves the target of the guard's attack!

But their eyes still burned in hatred towards the Netherworld Empire, there was no doubt that once they escape this prison, they would return the favor to Netherworld Empire!

"Finally, I escape! Yours truly will destroy the Netherworld Empire!"

"Yes! I will destroy the Netherworld Empire in this life!"

"Since I was caught. I always thought when I escape from here, I will destroy the Netherworld Empire!"

They were filled with hate.

Yi Tianyun then gave the order to those who could fight to save all of the prisoners in the Netherworld Prison while also giving them many Medicinal Pills to help the prisoners that they were about to set free.

They all nodded, including many of the Prisoners that they released earlier.

They knew that at the moment, the prisoner was their closest allies to fight off the Netherworld Empire!

Soon enough, the army of Prisoners was formed, and many of them were eager to rush towards the main gate of the Netherworld Prison to breathe the fresh air!

“Kill all the dog from Netherworld Empire!”

“Kill!”

Yi Tianyun let them rush out as he needed the distraction too, but he still provided cover by shooting the Ice-Cold Arrow to every guard that he saw.

“Open the cage! All cages!”

He kept shouting to open all the cages and made sure that every prisoner had a chance to escape.

“This hero, thank you! I, Wang Hu, pledge my loyalty, and will listen to you in the future!”

“Me too! My life is yours from now!”

“Thanks! Thanks!”

Many of the prisoners that Yi Tianyun freed saw him as a hero, many of them even pledged loyalty to Yi Tianyun.

“Let’s talk about anything later after we escape from here.”

Yi Tianyun smirked a little bit. He knew that those prisoners were captured unjustly by the Netherworld Empire. Therefore he could use them to bolster the amount of cultivator in Heaven’s Top Mansion and Heavenly Jade Sect to finish his main quest faster.

“Kill the guards!”

Yi Tianyun shouted once again that they couldn't let their guard down just yet, and they needed to take up arms to save themselves from that wretched place!

All prisoners shouted bravely as they saw that Yi Tianyun was someone that they could follow!

Chapter 317

Yi Tianyun cautiously killed all the guards inside to evade the reinforcement from the Netherworld Empire, but clearly, some guard caught on that there was some disturbance in the prison and call for some more guards.

“What happened?”

In the hall, as many guards come over, they were shocked to see that so many prisoners have already escaped the prison.

“Catch them all!”

“Don't let them escape!”

“Inform General Long, this is an emergency!”

They rushed to try to capture each of the prisoners back to their cage.

Some high-ranking guards crushed the Jade Pendant to signal the whole Netherworld Empire.

Yi Tianyun knew that the Netherworld Empire must have so much problem as of the moment, for the reason that the Dragon General was nowhere to be found.

Now, the strongest guards in that prison were several Core Transformation Experts that come as soon as the guards called for reinforcement.

But the expert was not enough, as Yi Tianyun blew them out one by one using the Ice-Cold Divine Bow.

The arrow from Ice Cold Divine Bow pierced through without any hitch no matter what kind of armor those experts used.

No guards from the Netherworld Prison expected that kind of resistance.

They didn't know that the one helping the prisoners was someone so strong that he could kill a Core Transformation Expert with a single blow!

Yi Tianyun, on the other hand, casually fired one arrow after another as he saw fit!

With the Damage Divine Rune, now he didn't have to activate his Crazy Mode to increase the damage dealt, at least for the time being!

"What a terrible power!"

"We can escape with this hero's power!"

The guards weren't the only ones who were shocked to see Yi Tianyun's power.

Ye Qingxuan and the rest of the prisoners, including the Old Ancestor, were all shocked to see Yi Tianyun killed a Core Transformation Expert in a single blow!

The prisoner becomes excited and hopeful as they saw Yi Tianyun killed the guards with such ease.

Yi Tianyun himself really liked the way the situation turned out too. He collected every Storage Ring of the fallen guards as soon as he killed them.

“This guy still doesn’t forget to collect money...”

Yi Tianyun’s behavior was seen by Ye Qingxuan, and she quietly frowned as she found it a little bit disturbing.

Old Ancestor, who also saw it, just laughed and told Ye Qingxuan, “It’s okay, the owners were dead anyway, and he surely needed many resources to be that powerful!”

“Okay...” Ye Qingxuan nodded, but her frowns were still there, she couldn’t say that Yi Tianyun’s behavior was wrong as the Old Ancestor’s words were sound right.

Ye Qingxuan, however, kept looking at Yi Tianyun in awe as he killed the guards easily.

Yi Tianyun quickly led them all the way to the exit as the guards were no match to Yi Tianyun’s overwhelming power.

Yi Tianyun quickly shouted, “The gate to the outside world is in front of us!”

He also told the prisoners that they could go out as they see fit, Yi Tianyun wouldn’t demand anything for helping them escape the prison.

“Open the door!”

“Help the hero!”

“We will help!”

Many of the prisoners quickly rushed forward and pushed the gate open.

As soon as the gate was opened, they all shouted victoriously while some of them even knelt down thankfully.

“We finally come out!”

“Freedom!”

But that victorious cheer didn't last long, as suddenly a loud vibrating roar was heard from inside the prison.

Ye Qingxuan who knew that something bad would come, immediately shouted for the prisoners to quickly leave the prison, with those many prisoners trying to escape, evacuation will surely take time!

At the same time, a few huge beasts suddenly rushed out of prison.

The beast looked like a dragon with no wings, but still covered in thick dragon scale!

“Earth Dragon!”

Some prisoners began to shout Earth Dragon was coming as they tried to escape from the prison!

Chapter 318

Yi Tianyun looked at the mighty beast in awe.

Even without wings, Yi Tianyun knew that type of dragon would be useful for the defensive measure.

The beast itself was still underdeveloped as he noticed that it was still on the Spirit Core Rank Demon Beast!

The Dragon Tamer of the Netherworld Empire itself was at the Core Transformation Stage Expert. He quickly ordered the Earth Dragon to kill all the escaping prisoners as it would be better to kill them than letting them escape.

“Hurry up!”

Ye Qingxuan’s complexion changed as she realized that the tamer would kill everyone without any second thought, she quickly took out as many Blast Divine Runes as she got and hurled it towards the rampaging beast!

“Boom!”

It attached successfully and exploded on impact; unfortunately, the Blast Divine Rune didn’t kill the beast; it only stopped the beast on its track and injured it a little.

Yi Tianyun immediately realized the true potential of the beast. Its defense power was really exceptional!

For a Spirit Core rank Demon Beast to withstand that many Blast Divine Runes was really something.

The Dragon Tamer quickly sneered at Ye Qingxuan while saying, “Your effort is futile. No attack will be capable of injuring the Earth Dragon!”

“It’s Dragon Soldier!” Someone shouted.

Dragon Tamer was a unit serving the General Long, they tamer always had a dragon with them at all times, making them sort of an unbeatable army in a way.

Although the Earth Dragon wasn’t really a Divine Beast, its power was already close enough to that of the real Dragon Clan, the number of Earth Dragon also outnumbered the real Dragon Clan by a large margin, so they could be used as an army for a defensive position.

The Netherworld Empire was the only one who used the Earth Dragon as an army as they had the Dragon Tamer with them.

The injured Earth Dragon quickly swiped its tail towards Ye Qingxuan and instantly flung Ye Qingxuan towards the wall.

The Old Ancestor quickly rushed towards Ye Qingxuan as he said, "We must get out immediately, I will hold that Earth Dragon."

Ye Qingxuan ignored the Old Ancestor and threw the Blast Divine Rune relentlessly towards the beast while saying that the rest of the Spirit Race had to get out of the prison first for her to get out.

The Earth Dragon ignored Ye Qingxuan's Blast Divine Runes and quickly rushed towards her at full speed.

Ye Qingxuan's complexion changed once more, the only weapon she had was no use against that beast!

She quickly dodged the Earth Dragon, but as she soon as she did, Yi Tianyun came and kicked the Earth Dragon down.

The Earth Dragon screamed in pain as it couldn't withstand Yi Tianyun's kick.

"Ah... its skin so hard."

Yi Tianyun helped Ye Qingxuan to get back on her feet and told her, "Lead the rest of the prisoners out from the prison, I will handle the Earth Dragon."

Ye Qingxuan nodded and immediately shouted for the rest of the prisoner to follow her.

Meanwhile, the Dragon Tamer was a little bit surprised to see that someone could knock back the Earth Dragon that easily!

“Who is that kid? He is so strong!”

Seeing that one dragon was no match against the man in front of them, the two other Dragon Tamers quickly sent their Earth Dragons to fight Yi Tianyun.

“Kill him!”

They knew that if the General Long came and saw that they hadn't resolved the situation, they will be punished for their incompetence!

The three Earth Dragons quickly charged towards Yi Tianyun at full speed to crush him into smithereens.

The Dragon Tamer quickly ordered the Earth Dragon to enhance their physical attribute, and quickly the Earth Dragon did so as their scale thickened, and Earth Attribute began to cover their whole body.

A sharp spike began to form at their body; as a result, ready to stab Yi Tianyun to death!

The Earth Dragons began to corner Yi Tianyun and made sure that there was nowhere for him to run, but Yi Tianyun was looking at the Earth Dragon in interest!

“The beast was so strong, can I tame it?”

He found that the beast was fascinating, and thus he wanted one for himself!

He Quickly rushed towards one of the dragons and slammed the dragon with all his might towards the ground.

The rest of the prisoners who observed Yi Tianyun's fight in worry were shocked to see Yi Tianyun smashed down one of the dragons so easily!

Yi Tianyun's power was too strong. Not even an Earth Dragon could block it!

Yi Tianyun quickly landed on the downed Earth Dragon's head and enveloped the dragon in white lights!

"Tame!"

That light was none other than the Pet Capture ability that he got as he broke through to Core Transformation stage!

Chapter 319

Yi Tianyun quickly started the process of taming the Earth Dragon; he deemed that Earth Dragon, a very good demon beast to tame and to kill them, would be a waste.

The Earth Dragon struggled as hard as it could to escape Yi Tianyun, but unfortunately, Yi Tianyun was far stronger than the dragons.

"Attack him!"

The Dragon Tamer immediately noticed that something was wrong and quickly ordered the other dragons to attack Yi Tianyun, but it was too late!

Yi Tianyun has already tamed his first Earth Dragon!

'DING'

'Successfully tamed Demon Beast: Earth Dragon!

'Cultivation base 8th Level Spirit Core Stage with 3rd Grade Potential!'

'DING'

'Congratulation to host for successfully taming the Demon Beast Earth Dragon!'

'Reward: 100.000 Exp, 100 Pet Taming Mastery Point.'

As Yi Tianyun had predicted, as long as he repetitively used the ability, its proficiency will increase!

"Block it."

Yi Tianyun quickly ordered the new Earth Dragon that he just tamed to block the attack of the other Earth Dragons that were rushing towards him.

The Earth Dragon immediately blocked the charge of the other two Earth Dragons.

Under Yi Tianyun's control, the Earth Dragon's power was doubled; thus, it easily blocked the other two dragons!

That scene shocked all Dragon Tamers at the scene, as far as they knew those Earth Dragons had the same amount of power, so there was no way one Earth Dragon could block two Earth Dragon at the same time!

"What happens? What are you doing to my dragon?!"

They shouted at Yi Tianyun for what has he done to their Earth Dragon to the point that it suddenly act against their order and became stronger than before.

Yi Tianyun ignored the Dragon Tamer for the time being and quickly jumped towards the knocked down Earth Dragon and tamed another one!

'DING'

'Successfully tamed Demon Beast: Earth Dragon!

'Cultivation base 9th Level Spirit Core Stage with 3rd Grade Potential!'

'DING'

'Congratulation to host for successfully taming the Demon Beast Earth Dragon!'

'Reward: 100.000 Exp, 100 Pet Taming Mastery Point.'

He successfully tamed another one!

He quickly ordered the Earth Dragon that he just tamed to attack the last Earth Dragon that was being controlled by the Dragon Tamer.

It didn't take long before the last Earth Dragon was knocked down, and Yi Tianyun quickly tamed the last one!

"Impossible! Are you beast tamer?"

The Dragon Tamer was confused as they couldn't control their Earth Dragon anymore, they began to shout to their Earth Dragon as they thought those beasts couldn't hear their voice.

They finally realized that Yi Tianyun was a Dragon Tamer just like them and began to back out from Yi Tianyun's sight.

"Give back my dragon!"

They quickly took out their weapons to fight Yi Tianyun and shouted for Yi Tianyun to return their Earth Dragons back!

Yi Tianyun laughed as he heard Dragon Tamers' stupid demand.

"Return it? Okay, here!"

He ordered the Earth Dragon to attack the Dragon Tamers!

The Dragon Tamers were surprised to see their Earth Dragons were rushing towards them with all its might, they shouted, "No! Stop!"

But all of their efforts were useless as their Earth Dragon swiped their powerful tail toward them!

'DING'

'Successfully killed a Netherworld Empire's Dragon Soldier!'

'Reward: 280.000 Exp, 3.700 CPs, 150 SPs, Tyrant Cloud Torn Martial Art, Soaring Clouds Strike, Earth Dragon Spear, Earth Dragon Armour.'

'DING'

'Successfully killed Netherworld Empire's Dragon Tamer!'

'Reward: 270.000 Exp, 3.600 CPs, 100 SPs...'

The prisoners were in shock to see the Dragon Tamer to be defeated by their own dragons.

Ye Qingxuan was also shocked to see that Yi Tianyun could take over the control of the Earth Dragon.

Yi Tianyun didn't care about the awe looks that were thrown at him, and he quickly ordered the Earth Dragon to open the Prison gate as wide as they could.

Yi Tianyun called Ye Qingxuan to come, "Qingxuan control these dragons, bring all prisoners."

"How about you?" She asked Yi Tianyun for what he would do if he wasn't coming along with her.

"I am fine. I am going to destroy this prison." Yi Tianyun smiled and said that he would follow Ye Qingxuan soon enough after he destroyed the Netherworld Prison thoroughly!

That was one of the side quests that he got recently, to destroy the Netherworld Prison!

Chapter 320

"Destroy the Netherworld Prison? That was impossible if you don't destroy the Divine Rune engraved in it first!" Ye Qingxuan said knowingly.

She was worried about Yi Tianyun's stubbornness, she thought if Yi Tianyun stayed there any longer, the Dragon General would definitely come!

"It's okay, I can easily escape this place if I want to. This place will continue to imprison people as long as it's still standing. The real solution to weaken their system is to destroy this place! I can handle the Divine Rune too!" Yi Tianyun winked at Ye Qingxuan as he will be using the Heavenly Eye to do that.

Ye Qingxuan was still worried about Yi Tianyun's safety, she was afraid that he couldn't come back if he stubbornly stayed there.

The Old Ancestor patted Ye Qingxuan's head to reassure her.

The Old Ancestor then gave Yi Tianyun his memories to help Yi Tianyun destroyed the Divine Rune on the Netherworld Prison.

“Now, that is some of my knowledge about the Divine Rune on this place, may it help you achieve your goal!” The Old Ancestor said solemnly.

Yi Tianyun nodded his head and expressed his gratitude to the Old Ancestor while The Old Ancestor quickly dragged Ye Qingxuan to leave the prison ground quickly.

“I will be waiting for you! you’d better return safely, you hear me!” Ye Qingxuan shouted as she rode the Earth Dragon.

Yi Tianyun nodded and shouted back, “I will definitely come back, don’t you worry!”

The prisoners also quickly left as they were told to leave, they know that with their condition now, they wouldn’t be able to help the young man that saved their life!

Yi Tianyun walked back to the Netherworld Prison and shot the confused guard who was coming from the deeper part of the prison with his Ice Cold Divine Bow.

The guards began to panic as they realized that Yi Tianyun was coming back to the prison, they began to scatter to look for any place that was safe from Yi Tianyun’s reach to hide themselves.

Yi Tianyun sighed and immediately shot the Ice-Cold Fury towards the main hall, killing every single guard who tried to run from Yi Tianyun instantly!

‘DING’

‘Successfully killed Netherworld Prison Guard!’

‘Reward: 170.000 Exp, 2.300 CPs, 100 SPs, Heavenly Clouds Palm, Heavenly Clouds Step, Profound Iron Sword, Recovery Pills.’

The notification rang several times, indicating as many guards as Yi Tianyun killed.

The only thing that was out of ordinary that Yi Tianyun noticed after killing the guards was the Sin Points that he got were strangely high for someone at the age and cultivation level of the guards!

It was clear that they were committed too much sin in that prison!

He quickly rushed forward while using the Heavenly Eyes to examine the Divine Rune on the wall.

With the new knowledge that he got from the Old Ancestor, Yi Tianyun soon found the link between the Divine Rune and quickly destroyed it!

It was easy to break that chain of Divine Rune as The Old Ancestor was the one who made all those Divine Runes and therefore had the knowledge to destroy it too.

He quickly continued to do so while also looking out for any guards who tried to attack him on several occasions.

“What happened?!”

He noticed that the guards were coming from one direction, so he quickly followed the path, and he finally saw the guards were coming from the bottom of the prison!

It was likely that there was something that needed to be guarded in there!

“I don’t know anything like this before.”

Yi Tianyun didn’t know about that path before, he decided to quickly go down there to see what was in there while killing the guards who tried to see if there was anything wrong upstairs.

As he reached the bottom of the stairs, Yi Tianyun noticed, “I don’t expect there is a mine here!”

He remembered that one of the guards upstairs mentioned that the worthless prisoner that didn't have any use to the Netherworld Empire would be working in a mine, but he didn't know that the mine was inside the Netherworld Prison!
