

Leveling 331

Chapter 331

With the Old Ancestor at the helm of the Great Array, the Dragon Soldier began to be separated from one another, making them vulnerable to surprise attack!

One of the Dragon Soldier tapped the Divine Rune on his hands, but nothing happened, "What is going on? This thing doesn't work? Imperial Preceptor said that this Divine Rune would nullify the Trace Confusion Great Array!"

They were frustrated by the Great Array as they couldn't walk forward without hitting a big tree!

They wished that they could fly as it would be a lot easier to avoid the Trace Confusion Great Array!

Suddenly, a voice was heard from the fog, "How can random Divine Rune nullify our Trace Confusion Great Array?"

"Who is it? Show yourself!" The Dragon Soldier quickly looked over the voice source but didn't see anyone, he panicked and shouted.

Once again, the voice was heard, "On your back."

The rider quickly looked behind and once again couldn't find anybody there!

He ordered his Earth Dragon, "Find the voice!"

Even the Earth Dragon was confused that it couldn't sense the voice anywhere!

The rider quickly shouted while stabbing randomly into the fog, "Whomever you are, come out and stop hiding!"

Yi Tianyun quickly said, "I really behind you."

The rider quickly turned around only to find that a Scarlet Dagger has already stabbed him in the chest!

Yi Tianyun smirked and immediately pulled the knife only to behead the rider!

Yi Tianyun took his time and played with the Dragon Soldier a little bit, he found that the Trace Confusion Great Array was fascinating, the enemy couldn't see him even if he stood right in front of them!

"Roar!" The Earth Dragon was confused as it lost its rider, but Yi Tianyun quickly touched the Earth Dragon, and immediately the Earth Dragon was enveloped with white light!

After the light disappeared, the Earth Dragon successfully became one of his pets!

'DING'

'Congratulation to the host for successfully tamed an Earth Dragon!'

'Reward: 100.000 Exp, 100 Beast Taming Proficiency.'

"Old Ancestor can use the Great Array to its maximum potential. It became more powerful compared to when Elder Yan was the one controlling it! With the current situation, I can even create my own army of Earth Dragon with ease!"

He quickly stored the Earth Dragon into his pet bar, that pet bar was a feature that he got with the Beast Taming skill, he could store the beast that he has already tamed inside that feature, and he could instantly summon them again whenever he needed them!

He quickly moved to the next one and restarted the process all over again, he killed the rider playfully and then tamed the Earth Dragon with ease!

Meanwhile, Ye Qingxuan didn't play around like Yi Tianyun did, she quickly killed the rider and left the Earth Dragon for later as she couldn't kill the beast easily.

But in the next moment, she saw Yi Tianyun jumped to the Earth Dragon, whose rider was already killed by Ye Qingxuan and saw that a white light enveloped the Earth Dragon!

After the lights disappeared, she was surprised to see not only that the Earth Dragon was still alive, but Yi Tianyun also stroked the Earth Dragon's head playfully.

"This... how did you convince it?"

"I just touch it."

That was the sign of a Beast Tamer!

Yi Tianyun never ceased to amaze her!

She quickly said, "I don't expect that you are a beast tamer too!"

Yi Tianyun rubbed his head and nodded his head and said, "I want to tame all the Earth Dragon that the Netherworld Empire Army brought this time. Make sure that you don't kill any of them later."

Ye Qingxuan nodded and said, "You really have a good plan. I want to see the expression that the Dragon General once he sees that a stranger easily tamed all Earth Dragons that the Netherworld Empire had worked hard to cultivate!"

"It must be fun!" Yi Tianyun smiled as he wanted to see the Dragon General's face after knowing that information too!

Ye Qingxuan and Yi Tianyun quickly rushed forward to kill the Dragon Soldier and tamed their Earth Dragon again!

Chapter 332

Note: Dragon General changed to General Long.

“Damn, how can the Divine Rune of the Imperial Preceptor have no effect? ??Who else in the spirit can have this ability?”

General Long’s expression became gloomy as he realized that the Divine Rune given by the Imperial Preceptor wasn’t working like it was supposed to be.

He realized that the Spirit Race must be controlling the Great Array manually, but who could do such a thing! He knew that the Old Ancestor was poisoned and shouldn’t be able to do that kind of thing.

“Is it controlled by the saintess?” General Long really couldn’t think of who would control it except her.

His expression hardened as he didn’t think that the forest’s Great Array would be able to trap him! He once again used the Divine Talisman on his hands to burn the forest! He knew that once the sacred tree was destroyed, this Trace Confusion Great Array would lose its power!

The problem at hand was that the sacred tree wasn’t just one tree!

General Long was starting to become desperate as the fire wouldn’t last long in such heavy rain, he quickly pulled out his Red Dragon Spear and attacked the tree with brute force, “I don’t believe it, this broken forest can trap me!”

He successfully put a big hole in it, but the tree itself wasn’t knocked down from the power! But that hole in a tree still proved that the Trace Confusion Great Array wasn’t invincible!

Yi Tianyun and Ye Qingxuan saw the General Long’s action, they knew that they had to face him in the end, if they failed, the Spirit Sanctuary could be destroyed!

Yi Tianyun has had many Earth Dragons as his pet, he wondered if he could take the General Long on at the moment as he has already increased his level.

Ye Qingxuan, who was also watching General Long on the side, said, "General Long was too strong! We will have a hard time dealing with General Long for sure. We must stop General Long soon, we shouldn't let General Long destroy the trees!"

Yi Tianyun nodded his head and said, "I would try to tame the Red Dragon that ridden by General Long!"

Yi Tianyun has set his sight on the Red Dragon for a while, if he could get his hands on the Red Dragon, what will General Long's face look like?

Yi Tianyun was sure that General Long would go crazy over losing his Red Dragon!

Ye Qingxuan was surprised to hear that Yi Tianyun wanted to tame the Red Dragon! She quickly reminded Yi Tianyun, "The Red Dragon's cultivation isn't low, it won't easy to tame it."

Yi Tianyun smirked and said, "It's okay. I will try first as we will never know without trying, you should stay put for a while!"

Yi Tianyun immediately rushed towards the Red Dragon without waiting for Ye Qingxuan's answer and quickly activated his Dragon God Bloodline and Xuan Tian Divine Art!

The Red Dragon still didn't feel Yi Tianyun's presence, and Yi Tianyun quickly slammed his fist to the dragon's body!

Yi Tianyun noticed that the Red Dragon become confused as it didn't know what just happened!

"Roar!" In its confusion, Yi Tianyun quickly enveloped the Red Dragon in white lights.

"Tame!" But unfortunately, the white lights that surrounded the Red Dragon quickly dispersed, signing that Yi Tianyun failed!

“Damn, failed? Is Middle Level Beast Taming not enough?” Yi Tianyun frowned. He felt that the Red Dragon’s cultivation and loyalty towards General Long had many things to do with his failure!

“This is interesting. I don’t believe that I can’t tame you!” Yi Tianyun blinked and was ready to try again.

Chapter 333

Yi Tianyun relentlessly rushed toward the Red Dragon, failure after failure didn’t deter Yi Tianyun from taming that Red Dragon! He figured that at the very least, he had to injure the Red Dragon a little bit before he could successfully tame it.

The Red Dragon screeched and spewed its flame toward Yi Tianyun, trying to burn him to a cinder.

Yi Tianyun didn’t really care as he could absorb the elemental attack using his Absorbing Stars Great Technique.

As the flame was dissipated, Yi Tianyun quickly punched the Red Dragon to the ground and immediately used the Absorbing Stars Great Technique on the Red Dragon to weaken it.

After a while, Yi Tianyun quickly used his Taming skill again, and this time, the white light engulfed the Red Dragon completely.

“Finally!” Yi Tianyun watched with a satisfied smile as he thought this time he finally succeeded.

“You, get away from my Dragon!” General Long roared with the Red Dragon Spear in his hands and rushed toward Yi Tianyun with the intent to kill.

‘DING’

‘Taming failed, received 100 Taming Skill Proficiency.’

“Tch, another failure!” Yi Tianyun said with a frown on his face. It seems that the Red Dragon was quite loyal toward General Long, making the taming difficulties quite high!

Yi Tianyun thought over his action and assumed that maybe he needed to inflict greater damage to the Red Dragon to make it easier.

At the same time, General Long was already fuming in anger. He really felt disgraced by Yi Tianyun as he was the only one who could escape his clutch so easily.

“You will not get away again!” General Long said as he used his ultimate technique, which increased his combat power to more than 30 million!

General Long also slammed the Red Dragon to the side as it was blocking his path to kill Yi Tianyun.

The Red Dragon roared in pain as it didn’t expect to be attacked by its own master, but General Long didn’t think much over his action and charged toward Yi Tianyun in anger.

“Did you know what you just did?” Yi Tianyun said casually.

“You really don’t care about your own pet?” Yi Tianyun added as he smirked happily.

“No matter! It will gladly accept your body for its next meal!” The Red Dragon said sarcastically.

“Wow, your pride is really making your head grow bigger! You still can’t catch up with me, yet you already talked about my dead body! Well, I suppose I have to thank you for what you had done!” Yi Tianyun said while smirking sarcastically.

Yi Tianyun quickly disappeared toward the fog while General Long frantically stabbed randomly through the fog in search of Yi Tianyun.

“Damn it! I lost him again!” General Long said in frustration.

The Trace Confusion Great Array was really in his way from searching Yi Tianyun this time.

But once again, a white light was seen from the Red Dragon, drawing the General Long's attention. He saw that this time, Yi Tianyun was still near his Dragon!

"Hey, did you see what your master just did? He doesn't really care about your well-being, it's better for you to come with me! I will treat you to spicy food later!" Yi Tianyun said toward the Red Dragon.

While the Red Dragon couldn't talk, it was blessed with considerable intelligence, it could understand Yi Tianyun's word. After hearing Yi Tianyun's word, it no longer resisted and accepted it that he would be better off with Yi Tianyun.

'DING'

'Successfully tamed a Red Dragon!'

'Reward: 500.000 Exp, 1.000 Taming Skill Proficiency points.'

As soon as he tamed the Red Dragon, Yi Tianyun quickly pulled out his Ice-Cold Divine Bow and immediately used the Ice-Cold Fury toward General Long!

"Die!" Yi Tianyun shouted as he released the overpowered arrow!

"Stop dreaming, you fool!" General Long said as he slammed the ground and pounded the arrow with many falling debris.

The area was instantly frozen as the Ice-Cold Fury exploded.

General Long was affected by that freezing cold, but as he was already prepared, he wasn't as affected as Yi Tianyun thought, but it was enough!

Once General Long broke through the ice, he realized that Yi Tianyun and the Red Dragon has already disappeared.

Chapter 334

“Red Dragon, come here at once!” General Long shouted, but to his dismay, the Red Dragon never came.

“Don’t be stupid! The Red Dragon is already mine!” Yi Tianyun said from the fog without revealing his whereabouts.

General Long gritted his teeth in frustration and attacked the spot that he thought he heard Yi Tianyun’s voice was coming from, but once again, all he hit was just a tree.

“Impossible! I already tamed the Red Dragon! I already spent years on that beast! There is no way you could take it for yourself!” General Long shouted in anger.

“Haha, what a fool! You know that Dragon is proud, right? Did you know you can’t treat it with disrespect like what you just did a few moments ago?” Yi Tianyun said tauntingly.

“Respect? Stop joking around! You don’t respect a beast! Only a fool like you has that kind of idea!” General Long said in contempt.

“Red Dragon, if you don’t come over right now, don’t blame me if I get rough!” General Long shouted again.

But as he didn’t see the Red Dragon anywhere, he pulled out a horn and immediately blew it, creating a high-pitched noise.

The Red Dragon immediately ran toward General Long while screaming in pain.

Yi Tianyun saw that a Divine Rune was glowing in the Red Dragon's body. He immediately knew that the Netherworld Empire engraved an imprisonment Divine Rune on the Divine Beast's body to control them!

"Red Dragon, come here!" Yi Tianyun said casually.

The Red Dragon that was trembling in pain immediately ran toward Yi Tianyun, and he quickly stored the Divine Beast inside his Pet Slot.

"I didn't expect the Red Dragon to really listen to you! Are you a beast tamer? But a tamer wasn't supposed to be able to tame the beast that fast!" General Long said curiously.

"That is not something you need to know!" Yi Tianyun said indifferently.

"That is not your decision to make!" General Long said as he blew the horn one more time.

The horn's sound immediately resulted in the Red Dragon hopping out of the Pet Slot in Yi Tianyun's system while groaning in pain.

Yi Tianyun was shocked to see that the Pet Slot feature that he had didn't protect the Red Dragon from the horn's effect.

"Good, now become a good boy and hold still!" General Long said as he threw his powerful spear with all his might toward the Red Dragon.

"Damn it!" Yi Tianyun said angrily as he must protect the Red Dragon. He quickly pulled out the Heaven Holding Sword and immediately used the Heaven Holding Anger toward the incoming spear.

The huge sword immediately turned massive, and Yi Tianyun immediately blocked the spear with the sword's body, resulting in him being thrown out into the tree.

"Tianyun! Are you okay?" Ye Qingxuan said as she rushed to Yi Tianyun's aide.

"I am fine!" Yi Tianyun said angrily.

With his defensive power, Yi Tianyun received almost no damage at all, but the anger he felt toward General Long is new! He didn't expect General Long to attack the Red Dragon instead of him!

"Look at you, beast! This time you aren't dead! But you will be severely punished for betraying me!" General Long said toward the Red Dragon while kicking the Dragon to the side.

"You've really done it now! You are one person who succeeds in thoroughly anger me! Red Dragon was a loyal pet up until now, but you treat it like shit! Now, I will save the Red Dragon by killing you!" Yi Tianyun said confidently.

"Did I hear it, right? Do you want to kill me? Are you alright? Is the impact just now too much for your stupid brain?" General Long said sarcastically.

"But no matter, as I will be the one to kill you first!" General Long said as he rushed toward Yi Tianyun once again.

"Qingxuan, leave me! I will kill this bastard!" Yi Tianyun said toward Ye Qingxuan confidently.

Seeing that Yi Tianyun has made up his mind, Ye Qingxuan quickly disappeared into the fog.

Yi Tianyun's cultivation was far below General Long, even if he used the power from the Crazy Mode, he still doubted that he could deal with General Long with ease. But he knew that he had a chance as the equipment and the martial arts that he currently had were of high quality!

And Yi Tianyun still had something that he hasn't tried yet! He knew that was the right time to see what Sin Point could offer. From killing so many Dragon Soldier, he currently had three hundred thousand Sin Points!

Yi Tianyun quickly opened the Sin Shop and immediately thought of spending the 300.000 Sin Point that he had on the best equipment in the shop.

Unfortunately, he only saw two sets of equipment in the Sin Shop at the time. He knew that the shop was supposed to have more equipment, but maybe he had to do something first before it all unlocked.

He looked at the two sets of equipment and saw that there was nothing bad about them. The first one was really intriguing for him as it could be used along with his Dragon God Bloodline.

Evil Dragon Suit:

Level Requirement: 30 (Spirit Core Peak Stage)

Effect: Attack Power x10, Defence Power x20, build-in flight, build-in regeneration.

Special Effect: Turn the user into 100-meter Evil Dragon.

Price: 100.000 Sin Points

While the second was not that bad either.

Sword Master Suit:

Level Requirement: 30 (Spirit Core Peak Stage)

Effect: Control all the sword up to High Grade Spirit Tool rank in 10 Km radius in conjunction with the Sword Master Suit special effect.

Special Effect: Special skill Sword Array.

Price: 100.000 Sin Points

Those two suits were top level!

Yi Tianyun had difficulties in selecting which suit he should pick first! He finally set his choice to the Evil Dragon Suit as he wanted to test it with his Dragon God Bloodline.

'DING'

'Deducting 100.000 Sin Points for redeeming Evil Dragon Suit!'

Yi Tianyun immediately equipped the suit without hesitation, and once he did, he could feel overflowing power surged through!

But the suit still didn't include any weapon in it, meaning that Yi Tianyun could find any weapon that he wanted without the hassle of equipment sets!

General Long, at the same time, was irritated to see Yi Tianyun was only standing there while laughing, completely disregarding General Long's existence.

"You dare to mock me in the middle of battle, you scum! Die, you foolish ingrate!" General Long immediately shouted and rushed with his Red Dragon Spear ready to stab Yi Tianyun.

The Red Dragon on the side immediately rushed over in an attempt to rescue Yi Tianyun from the attack and Ye Qingxuan was shouting at Yi Tianyun on the side, telling him to dodge the incoming attack!

None of them expected Yi Tianyun to stand still in the middle of the battle while laughing happily.

The next second, Yi Tianyun's body was covered with a black scale!

The black scale tightly covered his skin, emphasizing Yi Tianyun's strong physique!

That is not the only thing that was happening.

A black aura immediately swirled around Yi Tianyun, the aura was so dark and evil!

Ye Qingxuan was shaken by that aura as she never truly felt something that evil!

General Long didn't have the time to halt his attack and decided to increase his power for the attack instead!

The next scene shocked him to the core as the spear couldn't even pierce the thick scale that covered Yi Tianyun's body!

General Long was sure enough that his attack will easily bulldoze the giant tree in that forest to the ground, but Yi Tianyun didn't even budge from his spot!

"How could this happen!" General Long said in bewilderment.

"Now, kneel before me!" Yi Tianyun said as he slammed the long spear down, making General Long staggered to his knee.

This time, along with the suit's effect, Yi Tianyun also activated his Crazy Mode! His Combat Power was already reaching a staggering 43 Million!

Yi Tianyun hasn't even activated his other martial arts just yet! That combat power was pure raw power!

Yi Tianyun smirked in satisfaction as he had the combat power beyond the power of that of Void Spirit Expert!

The strongest attack that General Long had done so far was the Twin Dragon attack that he used earlier, which was 41 Million Combat Power!

“Now, what do you have to say?” Yi Tianyun said tauntingly.

“Did you have anything to eat this morning? How could you be this weak?” Yi Tianyun said sarcastically.

“How come you become this strong? Is it because of that armor?” General Long said shamelessly.

“Like I said before, that is none of your concern!” Yi Tianyun said while immediately punched General Long!

As a sense of foreboding came, General Long quickly released the Red Dragon Spear on his hands and quickly took a defensive stance. But that was a mistake he soon regretted!

The heavy punch connected with his defensive stance and he was flung to the giant tree behind him. His body trembled from the sheer amount of impact that he received! His arm that received the punch head-on was already numb and couldn't move, while blood freely flowing out of them.

“What is this power!” General Long mumbled as he started to lose his consciousness.

“What's the matter? Are you already down from one of my casual hits? How can you be this weak?” Yi Tianyun said sarcastically while walking over to General Long weakened body.

Chapter 336

“You dare to defy the Netherworld Empire like this! Die! You foolish brat!” General Long shouted as he burned his Blood Qi, his power was greatly increased while his body was immediately covered with the dragon scale.

General Long wasn't from the Dragon Clan, but his blood qi had absorbed so much dragon aura. That was why once he burned his blood qi, his body took the traits of the Dragon Clan!

General Long in addition, instantly recovered from the injuries that Yi Tianyun has dealt before. The recovery speed was so fast that his bleeding arms were instantly healed. His combat power also increased to such a tremendous level, while looking at Yi Tianyun with strong killing intent.

But Yi Tianyun was still surprised to see that his Combat Power was still higher than General Long's!

With the Crazy Mode activated, he easily reached 40 Million Combat Power, but General Long had around 34 Million Combat Power only after he burned his own Blood Qi! He was surprised that the equipment from the Sin Shop could do something like this!

"You are good. No enemy was able to force me to release my full power like this in a long time! But now it's over, I will make sure to remember you later!" General Long said as he prepared himself to attack Yi Tianyun. He knew that he must end the fight quickly, he couldn't burn his Blood Qi for too long, as it would cause tremendous damage to himself.

"Thanks for remembering me, but you know that dead people couldn't think, right? Well, I will forget you not long after this." Yi Tianyun said sarcastically.

"Pretentious asshole! Die!" General Long screamed as he rushed to attack Yi Tianyun with all his might. His combat power was once again rising to 40 Million, the same as Yi Tianyun with his Crazy Mode activated!

Now Yi Tianyun knew that Void Spirit Stage was powerful because of their explosive combat power!

Ye Qingxuan screamed on the side as she thought that the current power of General Long was too powerful! She thought that there was no way Yi Tianyun could evade the attack on time! Visit our

Yi Tianyun looked at General Long and smirked, he saw that General Long's appearance was already close to that of a dragon, but he still didn't look exactly like a dragon.

"You imposter! Let's see how you fare against a real dragon!" Yi Tianyun said with a smirk while he activated the Evil Dragon Suit's Special Effect!

Yi Tianyun's body immediately flashed black as his body began to transform into a dragon!

Yi Tianyun roared, shaking the entire forest with his powerful roar. He immediately slammed General Long with his strong tail, flinging General Long once again toward the giant tree.

General Long was quick enough to defend himself from Yi Tianyun's attack, but he still received heavy damage from the attack!

"Is Tianyun from the Dragon Clan?" Ye Qingxuan wondered as she saw that Yi Tianyun has transformed into a 100-meter-tall dragon.

The people from the Spirit Race Sanctuary also saw that giant behemoth as it stood tall in the forest!

They were shocked to see something so majestic was in their forest right now!

That was the first time that they had seen such a creature that close!

"Impossible! There is no way that you are from the Dragon Clan!" General Long shouted while gritting his teeth.

"Does it matter whether I am from the Dragon Clan or not?" Yi Tianyun's voice was clearly heard from the Evil Dragon.

Yi Tianyun's combat power didn't really change that much from before, but his range of attack increased tremendously, and now he even had the claw of the dragon that was more powerful than swords!

Yi Tianyun immediately tried to attack General Long with his claw, he aimed General Long's head so that he could finish the fight in an instant!

General Long realized he didn't have the time to dodge Yi Tianyun's attack, so he tried to block it instead!

Unfortunately for General Long, Yi Tianyun's power was too strong, and his attack dealt huge damage, covering a huge area as well! He couldn't block the attack effectively!

General Long was slammed to the ground hard, and he immediately spat out a lot of blood from the impact!

Even though the armor that he used was one of the strongest defensive armor that the Netherworld Empire had, it did nothing to stop Yi Tianyun's attack!

General Long desperately tried to survive the attack as he looked at the dragon in front of him.

"Is this the real power of a dragon?" General Long said while heaving in blood.

Chapter 337

This Evil Dragon Suit was strong!

That was the fact that Yi Tianyun thought at that moment, he could easily overpower the Void Spirit Expert with that suit!

Although it was only a level 30 equipment, Yi Tianyun found it better than any equipment that he had on the Core Transformation stage.

Ye Qingxuan, on the side, was still shocked to see that Yi Tianyun was a Dragon Clan all along, at least she thought Yi Tianyun was one.

"Arrrrrrgh, I really want to kill you! damn it all!" General Long said as he struggled to get up.

"Did you expect to kill me with that amount of strength? Dream on bastard!" Yi Tianyun said while sneering toward General Long.

Yi Tianyun then used the absorption skill that the Evil Dragon possessed, it had the same trait as the Dark North Divine Art but with a bigger range. He focused on absorbing the Spiritual Energy from General Long!

'Received: 31.000 Exp, 35.000 Exp, 40.000 Exp, . . .'

"What are you doing to me? My power! Stop!" General Long said in a panic. He felt that his power was gradually leaving his body, while the effect of burning his own blood qi quickly vanished.

Yi Tianyun continued to devour General Long's Spiritual Power without a care in the world.

An idea immediately popped on his mind as he thought that what would happen if he also activated the Dark North Divine Art at the same time. So, without further ado, he quickly activated the Dark North Divine Art, and the absorption speed increased by several folds!

'Received: 100.000 Exp, 110.000 Exp, 105.000 Exp, . . .'

Yi Tianyun smirked as he was satisfied by this outcome, he now could receive exp at a faster rate than before!

"My power! Stop!" General Long said weakly, he didn't have any more strength to speak as loud as he did before.

Eventually, his Spiritual Energy was drained, while his body became sickly pale, and he even looked thinner than before.

Yi Tianyun immediately transformed back to human form and found that transforming into a dragon was more exhausting than he thought it would!

Yi Tianyun quickly picked up the Red Dragon Spear that was lying around his feet and made his way toward General Long.

“You are the one who managed the Netherworld Prison, I don’t know how many cultivators had been killed by your hands, but it will end here right now!” Yi Tianyun said coldly.

“Hahaha, kill me! The repercussion is that the Netherworld Empire will make sure to crush you and your Spirit Race! I am sure they will even destroy the Heavenly Border Continent in my name!” General Long said while laughing madly.

“Don’t you worry, I will destroy the Netherworld Empire before any of that happens!” Yi Tianyun said as he lifted the Red Dragon Spear and stabbed it straight to General Long’s heart!

“Don’t worry. I will send the entire Netherworld Empire to accompany you in hell!” Yi Tianyun said coldly.

‘DING’

‘Successfully killed General Long of the Netherworld Empire!’

‘Reward: 4.000.000 Exp, 5.000 CPs, 1.000 SPs, Heavenly Dragon Secret Art, Tyrant Soul Spear Secret Art, Red Dragon Battle Armour, Red Dragon Divine Spear, Red Dragon Boots, Dragon God Bloodline, Red Dragon Fragment.’

‘DING’

‘Successfully killed an elite enemy!’

‘Reward: 50.000.000 Exp, 500.000 CPs, 10.000 SPs, 1x Enhanced Lottery Ticket.!’

‘DING’

‘Congratulation to the host for successfully breaks through to 6th Level Core Transformation Stage!’

The reward was explosive! He even leveled up to the 6th Level Core Transformation Stage from the fight! He didn't expect a Void Spirit Expert to give this kind of reward!

"Tianyun! You really did it! you defeated General Long!" Ye Qingxuan shouted excitedly on the side. She was incredibly excited to know that a 17-year-old young man could defeat a Void Spirit Expert!

"I already said that I would, didn't I?" Yi Tianyun said teasingly.

Yi Tianyun smiled a little as he was grateful that he had the necessary amount of Sin Points to redeem for the suit, if it weren't for that suit, he was sure that he had to play cat and mouse all the time until General Long was exhausted.

Chapter 338

Yi Tianyun completed his personal mission to kill the last surviving General Long of the Netherworld Empire! All he had to do was burn all the bodies of the enemy so that the world wasn't surprised that one of the most powerful man from the Netherworld Empire had been killed!

Yi Tianyun knew that sooner or later, the Netherworld Empire will find out about that, but he still couldn't quite guess what the Netherworld Empire would do for that information! But pondering about many of them he had to kill was just a waste of time, as he will surely kill them all!

After cleaning up the forest, Ye Qingxuan and Yi Tianyun returned to the sanctuary and received so many cheers from the villagers as they knew that General Long had been defeated!

Yi Tianyun's Prestige in Spirit Race had reached its limit, as the entire Spirit Race thought that Yi Tianyun was the strongest existence and already became the Protector of the Spirit Race!

Yi Tianyun and Ye Qingxuan quickly returned to the Spirit Pagoda and saw that the Old Ancestor was waiting for them with a smile on his face.

But the Old Ancestor's complexion has become pale for using so much spiritual powers in his weakened state.

"You really managed to do the impossible as you killed General Long and saved the entire Spirit Race! My choice to make you our Spirit King wasn't wrong at all! with your power I am sure that the Spirit Race would once again attain glory!" the Old Ancestor said confidently.

"You are exaggerating it, Old Ancestor. I am not that strong." Yi Tianyun said while smiling warmly to the Old Ancestor.

'DING'

'Successfully completed [Protect the Spirit Race, Repel General Long's attack!] Quest!

'Reward: 60.000.000 Exp, 250.000 CPs, 10.000 SPs, 100 Spirit Race Favourability.'

'DING'

'Successfully took an Ultimate Quest [Become the Spirit King!]

'Reward on completion: 100.000.000 Exp, 300.000 CPs, 10.000 SPs, 10.000 Divine Rune MPs, [Spirit King] title.'

Yi Tianyun received a lot of rewards from completing the quest chain, and he even got the ultimate quest to become the Spirit King! He knew that at that moment, the Heavenly Jade Sect had a surmount gap with the Spirit Race.

Unfortunately for Yi Tianyun, the Spirit Race couldn't leave that forest just yet, for without the Spirit Race there, the Trace Confusion Great Array would immediately fall!

“I didn’t exaggerate anything! As I said before, as long as you could hold your ground with General Long, the trial should be easy for you! After a few days, I will announce that you will become our new Spirit King and that you will undergo the Smelting Trial soon!” the Old Ancestor said reassuringly.

“Okay, I will leave those matters to you, Old Ancestor.” Yi Tianyun said while bowing his head slightly in respect.

The Old Ancestor nodded and immediately made plans to have a meeting with all the higher-ups of the Spirit Race, making a foreign race become the Spirit King was an abnormality.

The Old Ancestor had to make sure that none of the Spirit Race opposed to that decision.

Not long after that, the news of General Long died in action was spread through the Heavenly Border Continent, many presumed that General Long died after several secluded experts came to aid the Spirit Race, while some were not even sure that General Long died in action!

When the news arrived at Netherworld Emperor’s ear, he was furious beyond measure!

“What is going on here! How can General Long die there? Didn’t the Imperial Proctor make the countermeasure to deal with the Spirit Race? How did we keep losing like this?” the Netherworld Emperor yelled madly.

“Great Emperor! The Old Ancestor of the Spirit Race was clearly poisoned, there is no way that he was the one controlling the Trace Confusion Great Array! I think that there may be foreign aid for this dire situation to happen! I think Heavenly Dragon Empire had something to do with this!” The Imperial Proctor said as he didn’t want to acknowledge his shortcoming.

The Heavenly Dragon Empire was at odds with the Netherworld Empire for so long, the two empires have been fighting for over the year and now had reached the point of truce. But it was only on the surface to appease the public, but the two empires have been fighting secretly behind the curtain.

“Heavenly Dragon Empire? That is quite a possibility! They could be helping the Spirit Race to receive the Spirit Race heart so that they could take the Spirit Race for their own! It seems that we had to build a new plan for all this trouble!” the Netherworld Emperor shouted angrily.

“So, what is our plan for now? should we keep sending people over to the Spirit Forest?” the Imperial Proctor asked curiously.

“We need to attack! That’s for sure! With General Long dead, the only one who could win over the Spirit Race should be Army General Feng! Send him over and told him to deal with the Spirit Race as soon as possible!” The Netherworld Emperor ordered.

“We couldn’t afford to embarrass ourselves any further!” He added.

“Army General Feng? Are you sure your majesty? He wasn’t done on eradicating the remnant of the Heavenly Dragon Empire, don’t you think that it would affect us in the future?” The Imperial Proctor asked curiously.

“We will deal with it later! For now, we need to deal with the Spirit Race! They already killed General Long! We couldn’t let the people think that the Netherworld Empire has grown weak!” The Netherworld Emperor said solemnly.

The rest of the people immediately were silent as they didn’t want to upset the emperor any further.

Chapter 339

After all the preparation to crown Yi Tianyun as the next Spirit King had been done, the Old Ancestor immediately gathered all the Spirit Race people in front of the Spirit Pagoda.

Some higher-ups already knew of the matter that the Old Ancestor will announce to the people while many of them were confused and curious about why would the Old Ancestor gathered them there.

“I believe that many of you were confused about why I suddenly called you all here. I have something to ask of you all about our Little Brother Yi. How much contribution did you think that he had done so far?” The Old Ancestor asked expectantly.

“He has contributed a lot for us! There is no way we could be safe if it’s not because of him!” someone said from the crowd.

“Yes, he even succeeds in killing the Dragon General alone!” someone else chimed in.

“Yes, he is too powerful, overthrowing the Netherworld Prison wasn’t a small feat at all! as long as he’s here, the Spirit Race should be safe!” someone else said excitedly.

They all began to chant Yi Tianyun’s name as they agreed on the opinion of several people earlier.

“If that was the case, I have some announcement to make!” The Old Ancestor said loudly, and soon the cheering voice began to quiet down.

“I believe Little Brother Yi had saved our Spirit Race on several occasions, if it weren’t for him, I believe many of us including me, would still be in prison, rotting, completely hopeless! As there were so many factions that turned a blind eye from our predicament, he stood bravely against all the odds! He didn’t falter to stand against the Netherworld Empire, even in front of some Void Spirit Expert!” The Old Ancestor said proudly.

“There is a question that I keep asking to myself after he saved me from the prison, what could I do to repay such a brave action? Finally, I got to the conclusion that we should crown him as our Spirit King! I believe that under his leadership, the Spirit Race will attain glory like never before!” The Old Ancestor said confidently to his people.

Many people were stunned in disbelief after hearing Old Ancestor’s speech.

They began to murmur about Yi Tianyun’s status as an outsider being crowned as their king.

Some of them praised the Old Ancestor’s choice as they agreed to make Yi Tianyun their king!

Finally, everyone began to chant their willingness to make Yi Tianyun their King!

This scene left the higher-ups, even the Old Ancestor dumbfounded.

They thought there would be many objections from the crowds, but completely to their dismay, everyone agreed!

Yi Tianyun relaxed inside the Spirit Pagoda as he found that nobody from the Spirit Race opposed him as the new Spirit King! He was grateful for the favourability point that he had for the Spirit Race! He was certain that everyone agreed because of this Favourability Point was already high enough to be trusted!

“Since there is no objection about this decision, I am here to announce that Little Brother Yi will carry out the Spirit King Smelting Trial soon! After he passed the trial, he will officially be our new Spirit King!” The Old Ancestor said proudly while smiling happily toward the crowds.

“The rules can’t be broken. Even if he has already done all that heroic deeds, he still had to pass the Smelting Trial before he could be announced as the new Spirit King, if by any chance he failed the trial, we could do nothing about it! This rule had been set in stone by our predecessor!” The Old Ancestor said solemnly.

Everyone nodded their head in understanding, every Spirit King before Yi Tianyun had passed the Smelting Trial, if by any chance the candidate failed to pass the Smelting Trial, they couldn’t become the Spirit King even if they had the strongest innate ability!

“Since everyone already put their hopes on me, I will definitely deliver! I will lead the Spirit Race to the path of glory!” Yi Tianyun said as he came forward from the Spirit Pagoda.

“But remember this well, even if I fail to pass the Smelting Trial, I will always be an ally for the Spirit Race! Nothing will change even if I fail!” Yi Tianyun said confidently.

The crowds roared in excitement as Yi Tianyun finished his little speech, the crowds began to chant and prayed for Yi Tianyun’s success on the Smelting Trial.

“Now, are you ready for the Smelting Trial?” the Old Ancestor asked Yi Tianyun.

Yi Tianyun nodded, and without delay, The Old Ancestor led Yi Tianyun to the Trial location.

If Yi Tianyun succeeded the Smelting Trial, he would become the first Spirit King from another race and a king after a long period of vacant!

Chapter 340

After the announcement, the Spirit Race began to gather around the Smelting Trial site to watch Yi Tianyun.

“Is there any special condition for completing this trial?” Yi Tianyun asked the Old Ancestor.

“The Spirit King Smelting Trial was divided into several stages, and the condition in each stage was random! There is no telling what you would face in the trial. However, there are some special circumstances that wouldn’t change. The Smelting Trial required the participant to have a strong innate ability and high cultivation. You’ve already defeated the Dragon General, you should be fine in there.” The Old Ancestor said confidently.

“After you pass every stage, there should be a Stone Tablet waiting for you at the end, this Stone Tablet will engrave a Divine Rune on you, and that Divine Rune will be the proof that you are the new Spirit King!” The Old Ancestor said excitedly.

After hearing the Old Ancestor’s word, Yi Tianyun realized that this Smelting Trial was a trivial matter! He only had to complete that trial to receive a Divine Rune at the end of the trial!

“Isn’t this trial basically meaningless? Why would Spirit Race keep something troublesome like this over the year?” Yi Tianyun asked Old Ancestor curiously.

“Yes, you are right, but this is just another way to reassure the people that they didn’t choose the wrong person to become the new leader. But this is a must! Spirit Race predecessor always emphasized the need to conduct this Smelting Trial, but sure as that, the people need to agree before the person became a candidate in the first place!” The Old Ancestor explained.

“Okay, I will try my best!” Yi Tianyun said while feeling a little bit hopeless, without any useful information, he must be on his toes the entire time!

Soon enough, the Old Ancestor led Yi Tianyun to a hole on the forest floor, Yi Tianyun immediately felt chill on his skin from the hole, but he was still surprised to see that the trial place was something that could be seen by the public!

“Is this the road to the Smelting Trial?” Yi Tianyun asked unsurely.

“Yes, there will be a Stone Tablet containing the Divine Rune that will be the proof of you becoming the Spirit King!” The Old Ancestor said confidently.

“The place may look flimsy, but I assure you that the trial wouldn’t be easy! But I am sure that you will do well!” The Old Ancestor added while smiling.

“Don’t worry, I wouldn’t demand anything whether I pass or not, I am not the type to force my needs to others!” Yi Tianyun said solemnly.

“I believe you, now, go on ahead! You can start now if you are ready! I will be waiting for your return here, I hope you come back safely!” The Old Ancestor said hopefully.

“Good luck, Yi Tianyun! I hope you come back successfully.” Ye Qingxuan said hopefully.

“Big brother Yi, I hope you succeed! Remember that I am the one who brought you here!” Ye Wan’er said cheerfully.

Yi Tianyun smiled at the two sisters and immediately proceeded into the trial. As he walked inside, all he could see was the frozen cave wall.

That place was much colder than outside was the first thing that he felt as he entered the trial. If he was weaker, he had a feeling that he wouldn’t survive that cold!

As he walks through the passage, he finally heard a faint sound of a cry from afar.

Yi Tianyun hastily ran toward the source of the sound and immediately saw that the owner of the voice was none other than Lei Yun. It seemed that this trial cave was also the prison for Spirit Race's enemy.

"Long time no see, how've you been? It seems that you had a tough life." Yi Tianyun said sarcastically as he stood in front of Lei Yun.

"You!" Lei Yun said while shuddering from the chill.

"Me! I am here for the Spirit King Smelting Trial! It seems like I will be the new Spirit King for the Spirit Race after this, what do you think? Envy me?" Yi Tianyun said tauntingly.

"Impossible! You are a foreign race! How could they agree to this?" Lei Yun said with a trembling voice.

"Well, for a start, I have successfully released all the Spirit Race Prisoners in the Netherworld Prison and destroyed that place once and for all! The next best thing is that I already killed General Long! Now, with that accomplishment, it was expected that the Spirit Race would want me to be their leader, no?" Yi Tianyun said while smirking full of satisfaction.

"You! how did you..." Lei Yun said as he started to feel faint from the cold, he couldn't stay awake long enough in that place, the cold was really messing with his survival instinct! That place was the worst punishment that he ever went through!
