Chapter 401

"I will leave my child in your care! Please, take care of her!" The phoenix said as she gradually disappeared, the Fire Phoenix Tree was slowly disintegrating along with the disappearance of the Phantom shadow.

The little phoenix was immediately awoken as she sensed that the tree that held her body was disintegrating.

She quickly stood, but she wobbled and almost fell to the ground due to her current condition, she chirped to the tree, and her eyes were filled with tears.

Yi Tianyun understood as the Fire Phoenix Tree has been a mother figure to this little phoenix.

"Goodbye, my child!" The phoenix phantom shadow said to the little phoenix.

Yi Tianyun immediately sighed and tried to comfort the little phoenix by.

But the little phoenix immediately pecked Yi Tianyun's hands and turned hostile.

But Yi Tianyun wasn't mad about the little phoenix's rude behavior, it just lost its mother!

So, Yi Tianyun immediately pulled out the Immortal Flames and let the little phoenix basked in its aura.

"Look, I will do you no harm! Your mother has told me everything I need to know about you, and she also told me to take care of you, this is what your mother left me." Yi Tianyun said with a warm smile on his face.

The little phoenix immediately calmed down after feeling the aura from the Immortal Flame, and Yi Tianyun immediately used this opportunity to hug the little phoenix and stroke her feather.

Yi Tianyun immediately noticed that the little phoenix enjoyed his gentle approach, as it may have been lonely this whole time.

Yi Tianyun also took out some medicinal pills to strengthen spiritual power and gave it to the little phoenix.

Smelling the medicinal fragrance from the pill, the little phoenix chowed down the pills without a fuzz.

“Your cultivation is too low! I will refine an advanced level Body Refinement Pill for you next time!” Yi Tianyun said as he petted the little phoenix a little.

Yi Tianyun couldn’t give anything else to the little phoenix at the moment as the phoenix’s cultivation level was indeed a bit too low. If he forced the phoenix to eat more medicinal pills, the phoenix might get sick!

The little phoenix happily bounced to Yi Tianyun’s arm as its favourability increased after seeing the Immortal Flame aura and being fed by Yi Tianyun.

“Now, little one, you have to enter my pet bar for a while, I am afraid that you might get injured outside!” Yi Tianyun said affectionately.

The little phoenix didn’t seem to mind, and therefore, Yi Tianyun immediately put the phoenix inside his Pet Bar.

“Great, now it is time to leave!” Yi Tianyun said as he walked toward the hole once again.

But as he got close to the hole, an explosion suddenly happened in the back of the room.

“I finally destroyed the Great Array that protected this place! I swear there must be treasure here!” A voice shouted excitedly.

“Yeah, I found a Phoenix Crystal nearby, there must be a phoenix here!” another voice was heard among the rubble.

A few figures immediately entered the cave with curiosity on their face, but they soon saw Yi Tianyun standing in the opposite direction as them, surprising them completely.

Yi Tianyun noticed that one of them was Xu Jian, one of the people he met inside the Coiling Dragon Cave!

“You again?” Xu Jian said angrily.

Yi Tianyun on the side was relieved that he got to the little phoenix first. Otherwise, the little phoenix would be taken away and probably sold to an auction!

“Long time no see, how are you doing? You are from the Coiling Dragon Cave, right?” Yi Tianyun said casually.

Yi Tianyun noticed that the two other people who came with Xu Jian had pretty high cultivation, while the highest was at the 6th Level Core Transformation Stage!

“Do you know this guy?” Liao Yunguang asked Xu Jian curiously.

“He is the guy that beat Big Brother Liao inside the Coiling Dragon Cave earlier! He was the bastard that beat up your younger brother!” Xu Jian said towards Liao Yunguang.

“So, he was the guy who was brave enough to stand against Liao Family!” Liao Yunguang said coldly.

Yi Tianyun just shrugged his shoulder indifferently as he didn’t even consider these guys as a threat!

Chapter 402

Xu Jian was with Core Transformation Expert, but they weren’t a challenge to Yi Tianyun. Because of that, Yi Tianyun couldn’t take them seriously.

“So, what would you do? If you ask me, I suggest that you leave and just forget about everything!” Yi Tianyun said indifferently.

“Everything will come with a price, and I am afraid you wouldn’t like any of it!” Yi Tianyun said, adding his threat even more.

“I agree, everything surely comes with a price! And it’s due time for you to pay back what you have done!” Liao Yunguang said coldly.

“Big words for a small person, no?” Yi Tianyun said tauntingly.

“How dare you! I will break your leg myself!” Liao Yunguang said while releasing his aura.

“Big Brother Liao, please wait! We should ask about the treasure inside this place first! We still don’t know what is in this place!” Xu Jian said with a whisper.

Liao Yunguang immediately realized that their goal was none other than finding a treasure from this place, and they must know about it first!

Yi Tianyun heard them whispering and immediately sighed treasure?

“Did you believe this place would have a treasure? You can look around! This place was barren!” Yi Tianyun said toward Xu Jian.

“Look around all you want, but I have to go now!” Yi Tianyun said indifferently.

As he walked toward the exit, the three of them immediately surrounded Yi Tianyun.

“Not so fast! If you want to leave, you must hand over the treasure first! You will not be able to fool us! There is no way a place hidden inside a Great Array would be barren!” Xu Jian said while sneering towards Yi Tianyun.

"A great array surely makes it seem like this place had some treasure in it, but if you don't believe me, you could search this place for any trace of treasure." Yi Tianyun said indifferently.

"We don't believe you! You better hand the treasure you found to us right now, or your life will end today!" Xu Jian said coldly, he was confident as he thought that Liao Yunguang could deal with Yi Tianyun. Otherwise, he knew that he wouldn't be able to deal with Yi Tianyun alone!

Yi Tianyun felt annoyed as he really wasn't in the mood to deal with these guys.

"You're really pulling my leg over here! If you don't leave me alone, don't regret what happened to you later!" Yi Tianyun said coldly.

"Stop boasting! You don't hold a candle to Big Brother Liao here!" Xu Jian said to Yi Tianyun.

"Big Brother, it seems that he doesn't want to cooperate, maybe we have to force him a little!" Xu Jian said with a smirk to Liao Yunguang.

"It's boring if I'm the one doing it, he'll die instantly! Let's play a little, Ji Long, you go first!" Liao Yunguang said to the other guy on their group.

"Yes, Big Brother!" Ji Long said excitedly. Ji Long was at the 2nd Level Core Transformation Stage, which was too far from Yi Tianyun's cultivation!

Ji Long immediately pulled out a Tiger Claw and immediately grabbed Yi Tianyun and threw him to the air. He immediately jumped to the air and turned into a real tiger while aiming his claw to Yi Tianyun's head. His intimidating aura filled the air.

Yi Tianyun sighed again in the air, as he couldn't seem to solve anything in peace. He immediately kicked Ji Long in the air, and the force from his kick immediately sent Ji Long flying to the wall!

After Ji Long fell to the ground, his body was completely still, dead!

“Now, who’s next?” Yi Tianyun asked indifferently.

Yi Tianyun was calm, He emitted no aura nor his killing intent, but Xu Jian started to realize that Yi Tianyun was more than they could chew!

Xu Jian immediately ran toward Ji Long to check his condition, and immediately shocked to see that Ji Long was dead!

How could he die just after one hit?

A sense of fear and danger immediately enveloped him!

“Big Brother Liao, Big Brother Ji is dead!” Xu Jian shouted nervously.

“You really want to die, you brat!” Liao Yunguang shouted at Yi Tianyun in a fury.

“I already warned you not to provoke me, didn’t I?” Yi Tianyun said while shrugging his shoulder.

Chapter 403

“Now, you have done it! I will kill you for what you have done!” Liao Yunguang said coldly.

“Well, it’s good if you have the power to do so! But sadly, you lack power!” Yi Tianyun said tauntingly.

“You will see power when I am done with you!” Liao Yunguang said furiously.

“Xu Jian, let’s attack him together!” Liao Yunguang said confidently.

“Two against one? Not fair!” Yi Tianyun said teasingly.

Liao Yunguang and Xu Jian immediately released their aura simultaneously.

“There is nothing fair in the battlefield, brat! You better learn about it in the afterlife!” Liao Yunguang said as he pulled out his weapon for himself.

“Then I better get a helper for myself too!” Yi Tianyun said playfully as he summoned the Red and Black Dragon at the same time.

The dragons immediately filled the room with their powerful aura, shocking both Liao Yunguang and Xu Jian.

These two dragons were a level higher than Liao Yunguang and thus made both of Yi Tianyun’s current opponent trembled in fear.

“Divine Beasts?” Xu Jian said in shock, his feeling was correct!

Yi Tianyun wasn’t someone they could fight!

“Now, there are two of you and two of my dragons. The battle becomes fair in a sense, no?” Yi Tianyun said teasingly.

Liao Yunguang was left speechless as he didn’t know what to do, and so he immediately ran away, followed by Xu Jian right behind him. But Yi Tianyun wouldn’t let this stand, and therefore ordered the dragons to bring the two of them back!

The dragons immediately obeyed and flew toward the retreating Liao Yunguang and Xu Jian.

The dragons then coiled their tail like a snake to capture Liao Yunguang and Xu Jian, but the strong tail also broke some of their bones, injuring them to the point that they couldn’t move freely any longer.

The dragons then released them in front of Yi Tianyun.

“Where did you want to go? Our games were just about to start, no?” Yi Tianyun said with a smirk on his face.

“I am sorry, please let me go Big Brother! I swear I will make sure my younger brother reflects on his rude behavior toward you later!” Liao Yunguang said nervously. He didn’t want to die, at least not now, and because of such a trivial mistake!

“Why would I do that? Didn’t you say that you will kill me earlier?” Yi Tianyun said teasingly.

Knowing that he couldn’t escape Yi Tianyun’s grip without a fight, Liao Yunguang immediately descended into rage, “Then I will kill you as you wanted!”

He said as he released all of his aura, but Yi Tianyun only smirked at Liao Yunguang as he was amused at Liao Yunguang’s struggle.

Yi Tianyun raised his hand towards Liao Yunguang and immediately interfered Liao Yunguang’s power release, making Liao Yunguang feel the strong feedback of Spiritual Energy failure.

Yi Tianyun also tossed a small immortal flame towards Liao Yunguang’s hands, although the flame was small, the effect immediately showed itself!

Liao Yunguang screamed as the fire immediately burned his arm, but no matter how hard he tried, he couldn’t extinguish the flame!

He rolled on the ground, extinguished it with sand, even tapped it off with his shirt, but nothing worked!

He immediately remembered the water hole inside the cave and jumped into the water to put it off. But after a while, he floated completely out of life!

‘DING’

‘Successfully killed Liao Yunguang!’

'Reward: 390.000 Exp, 4.600 Cps, 150 Sps, Rupture Palm Martial Art, Sweep Divine Leg Technique, Recovery Medicinal Pill, 10.000 Exp Pill, 5x Exp Card.'

Yi Tianyun was satisfied with the flames' power after it was leveled up, the immortal flame could even burn a 6th Level Core Transformation Expert with ease!

On the side, Xu Jian trembled on the ground, while looking at Yi Tianyun frightenedly.

"Don't kill me please! I will do anything you want! I will never betray you!" Xu Jian said while kneeling in front of Yi Tianyun.

"And why would I do that?" Yi Tianyun asked coldly.

"I know, I found a Phoenix Crystal nearby, there must be a phoenix around here!" Xu Jian said nervously.

"You mean this beauty? I already found it! I don't need your help with that!" Yi Tianyun said as he summoned the small baby phoenix.

"How could this be!" Xu Jian said in disbelief, not only Yi Tianyun had two dragons with him, he also had a phoenix! That was simply enchanting!

Chapter 404

Xu Jian was left speechless! He didn't have anything to offer as he thought that information about a phoenix would be enough to set him free.

"Please, I beg you! Please spare me! I will never cause trouble for you again!" Xu Jian said pleadingly.

"Do you really think that I would believe anything you said?" Yi Tianyun said coldly.

"You know, I can't let anyone know about this phoenix, and the best person to keep a secret is a dead one!" Yi Tianyun said coldly.

Yi Tianyun then de-summoned all his tamed beasts and immediately burned Xu Jian to ashes with his Immortal Flame!

After killing Xu Jian, Yi Tianyun sighed in relief and immediately searched for the storage ring left behind by the three idiots!

“Well, today was a great haul! I will definitely raise this phoenix for Aunt later!” Yi Tianyun said excitedly as he flew back toward the imperial city.

...

“Brother, where have you been? I can’t find you anywhere!” Ren Zhirou said worriedly.

“But well, I see that you are safe and sound, so save the story for later, you need to go to Brother Long’s location, he has something for you!” Ren Zhirou said excitedly.

Yi Tianyun nodded his head and immediately followed Ren Zhirou to the hall inside the palace.

Yi Tianyun noticed that many people have gathered in the hall, and it seemed that these people were those who supported Ren Long as their emperor!

These people were of high nobility, and therefore they had some sort of power within the Empire.

Yi Tianyun noticed that Hua Xiyi was one of these people, but as she was surprised to see Yi Tianyun, the rest of the general, family representatives and ministers of the Heavenly Dragon that gathered in the hall were looking at Yi Tianyun in annoyance.

“What is this brat doing here?” A man said, stating his annoyance.

A murmur was immediately heard throughout the hall, as so many of the people gathered here didn’t like the idea of Yi Tianyun attending the announcement!

“Brother Ren, what is going on? Why am I here?” Yi Tianyun asked Ren Long curiously.

“Where have you been? Zhirou couldn’t seem to find you anywhere!” Ren Long said with a smile.

“Let’s save It for another time, brother, but I didn’t expect to be here, so do others!” Yi Tianyun said with a slight embarrassment on his face.

“I want you all to see this young man in front of you! I want you to respect him like you respected my family and me! He is officially my brother now, and therefore he was the prince of the Heavenly Dragon Empire!” Ren Long said excitedly.

The entire hall fell silent as the announcement really surprised everyone inside.

“What? What are you talking about Great Emperor! You couldn’t decide something like that on a whim!” A minister said, stating his objection.

The entire place began to get noisy, as everyone also stated their objection.

“Great Emperor, we wouldn’t object your decision to make him your brother, but we couldn’t agree with your decision to make him the prince, as you may know, we don’t know him yet, we can’t entrust a total stranger to control the Imperial City to his liking!” Minister Xu said worriedly.

Minister Xu was the father of Xu Fei, and therefore Yi Tianyun could see the similarity between the two.

“Then what would you suggest?” Ren Long asked curiously.

“He should start by earning our trust, let him build his own reputation worthy of the title Prince of Heavenly Dragon Empire! Furthermore, he must have the necessary strength and power to be the prince!” Minister Xu said wisely.

Almost everyone agreed with Minister Xu’s word.

“Isn’t it enough that he saved me when I was trapped inside Coiling Dragon cave?” Ren Long asked curiously.

“I am sorry Great Emperor, but that is not enough! A guard also saved Princess Zhirou on several occasions, but we don’t see them become the princess’ consort for that!” Another minister said confidently.

However, everyone was a little bit surprised to hear that Yi Tianyun was the one who saved Ren Long from the Dangerous Area!

“Brother, show them the power you got earlier!” Ren Zhirou said after sighing a little bit.

Yi Tianyun shrugged his shoulder and reluctantly stepped forward, he immediately created a shield around himself, stunning everyone once more!

This shield was part of the Heavenly Dragon Secret Treasure’s power, which means, if Yi Tianyun could control it, it was the same as being a great emperor or being the next heir!

On the side, Ren Zhirou chuckled to see Ren Long, and the rest of the people inside the hall were shocked beyond belief!

Chapter 405

“You can control the Heavenly Dragon Secret Treasure?” Ren Long said in disbelief.

“Well, I thought Zhirou already told you that, I am sorry to surprise you like this!” Yi Tianyun said sincerely.

“Sister, you really are...” Ren Long said while sighing.

“I am sorry, big brother, I don’t expect to reveal Big Brother Yi’s power like this either, but I was a little bit annoyed that they questioned Big Brother Yi!” Ren Zhirou said while puffing her cheek cutely to her brother.

But Ren Zhirou was smart, she knew that if Yi Tianyun's capability to control the Heavenly Dragon Secret Treasure was announced, there would be no problem for him to be the new prince of Heavenly Dragon Empire!

"So, Little Brother Yi, would you like to become the Prince of Heavenly Dragon Empire?" Ren Long asked Yi Tianyun with a big smile on his face.

"That would be an honor, Big Brother Ren!" Yi Tianyun said as he bowed his head a little to show respect to Ren Long.

"From today onward, Little Brother Yi would become the Prince of Heavenly Dragon Empire. see to it that a new palace will be built for Little Brother Yi's residence in the north of Heavenly Dragon Imperial City!" Ren Long said commandingly.

"Right away, Emperor! Long live Prince Yi!" Everyone in the room said as they began to chant Yi Tianyun's name.

"Now that we have Prince Yi to help control the Heavenly Dragon Secret Treasure, we don't have to worry about Prime Minister Long's attack. With the three of us controlling the Heavenly Dragon Secret Treasure, the Imperial City would be invincible!" Ren Long said confidently.

"Are you sure the Prime Minister would attack? Why would he do this? Isn't he the Emperor's uncle?" One of the ministers asked as he couldn't comprehend Prime Minister Long's goal.

"Yeah, there is no way he would collude with Netherworld Empire too, right? He has already killed so many Netherworld Empire's soldiers!" Another minister said, stating his concern.

"You all know that Feng Long Brothers were under the direct supervision of Prime Minister Long, and they are the one who entrapped me inside the Coiling Dragon Cave, this knowledge is enough to give him a death penalty! The law can't be broken only because he is my uncle. If he betrayed the Heavenly Dragon Empire, then death is the only thing that he deserved!" Ren Long said confidently.

When everyone still had so many questions, a guard suddenly rushed inside the hall.

"I am sorry to interrupt, My Emperor! Prime Minister Long and Netherworld Imperial Preceptor is already on their way toward the Imperial City!" The guard reported.

Everyone was surprised to hear that the Netherworld Imperial Preceptor was also in the mix to attack the Imperial City.

"The Imperial Preceptor? Are you sure about this?" Ren Long asked for confirmation.

"There is no mistake, My Lord! The flag of the preceptor and the Netherworld Empire's flag was there between Prime Minister Long's flag!" The Guard said confidently.

"That is all we need to know! Prepare for battle!" Ren Long said commandingly.

"Right Away, Emperor Ren!" All the people gathered in the hall shouted simultaneously.

They were exasperated to find out that Prime Minister Long really betrayed them, at first, they hoped that all the accusations directed to the Prime Minister were all just a false accusation!

"We will intercept them at the city gate!" Ren Long said as he commanded his troop to wait for the enemy at the city gate.

Yi Tianyun and Ren Zhirou flew toward the City Gate together, and they saw the enemy from afar, they saw that the enemy was like a group of black ants, swarming toward the city.

"Activate the Heavenly Dragon Great Array!" Ren Long shouted as he used the Heavenly Dragon Secret Treasure and covered the entire city with a shield.

"Little Brother Yi, I will deal with these rebels, I sure hope it won't turn out like this, but if it okay with you, I would like your help one more time!" Ren Long said sincerely.

"Big Brother! have you forgotten about me?" Ren Zhirou said interrupting their conversation.

“Of course not, but Little Brother Yi is new to the Heavenly Dragon Empire, and he was forced to deal with this nonsense! I just hope we don’t disappoint him too much! And furthermore, if the Imperial City was taken over, I want you to escape with Little Brother Yi!” Ren Long said to Ren Zhirou.

“Don’t you think it’s a tad too early to say anything about losing?” Yi Tianyun said excitedly for all that he saw in front of him was a large amount of Exp!

Chapter 406

Even though the enemy was far more superior in term of power than the army of Heavenly Dragon, Yi Tianyun didn’t show any fear, for he could control The Heavenly Dragon Secret Treasure and if he got a ton of Exp after killing those enemies, even Imperial Preceptor would be no match for him!

“You are right! It’s too early to talk about losing! We should let them know that Our Heavenly Dragon Empire is not to be taken lightly!” Ren Long said as he gained new confidence.

Yi Tianyun knew that Ren Long’s cultivation had dropped severely, but he couldn’t help him at the moment, as he knew that even if he gave the Blood Jade to Ren Long, he wouldn’t be able to constitute his cultivation now.

So, Yi Tianyun immediately checked the enemy ranks with his Appraisal Eye, but he didn’t see any Void Spirit Expert beside the three enemy Leaders!

That was a little bit disappointing as he didn’t get the chance to fight that many strong opponents, but surely 3 Void Spirit Expert were enough!

The first one was, of course, Prime Minister Long, and the second one was Divine General Long Tian, and the last one and the strongest of those three was the Imperial Preceptor himself, which already gave a chilling aura to the Heavenly Dragon Empire’s ranks.

Prime Minister Long: 4th Level Void Spirit Stage.

The enemy's cultivation was fairly strong, especially the Imperial Preceptor, but Yi Tianyun was sure that he could deal with them at some point.

The Minister and General's cultivation wasn't bad either, they were at Core Transformation rank expert, and the lowest soldier was at Spirit Refinement rank!

Although the soldiers had low cultivation, they made up for it with their large number!

But, as soon as Prime Minister Long had closed into the Heavenly Dragon Imperial City gate, he stopped.

"Long time no see nephew! I thought you were dead!" Prime Minister Long said tauntingly.

"Relax uncle, I will not die just from something that trivial." Ren Long said taunting back.

"But, my first decree after I took the Heavenly Dragon Empire's Emperor seat back was to remove you from your position as Prime Minister of Heavenly Dragon Empire, and you will be given death penalty right away for your betrayal towards the Empire and collusion with the Netherworld Empire!" Ren Long said commandingly.

"I am sorry, should I care? I would become the new Heavenly Dragon Emperor after I killed you!" Prime Minister Long said coldly.

"I should've become the Emperor when your dad left, but because of that stupid Heavenly Dragon Secret Treasure, I couldn't become the new Emperor! What a joke!" Prime Minister Long said coldly.

"I'm well aware that it's a bit unfair for you! But becoming the Prime Minister should've already compensated for that! But you still choose to betray us and collude with the Netherworld Empire of all people!" Ren Long said furiously.

"Prime Minister is not the same as an Emperor! I am much stronger than you, this is all because I didn't absorb much of that Dragon Essence! I will kill you and absorb your dragon essence so that I would be able to control that damned secret treasure too!" Prime Minister Long said angrily.

"You know, the problem isn't because you didn't have enough Dragon Essence in you, but your corrupted heart! Heavenly Dragon Secret Treasure is a Divine Tool grade item, and therefore it's quite sensible on choosing its master. I believe if you were to become the Emperor at that time, maybe you've already sold Heavenly Dragon Empire to Netherworld Empire, right?" Yi Tianyun said as he interrupted Prime Minister Long and Ren Long's conversation.

Everyone was shocked by Yi Tianyun's word. If that was true, then it meant Prime Minister Long had long become the spy for the Netherworld Empire!

Chapter 407

Yi Tianyun's voice wasn't loud, but as he spoke, everyone couldn't help but listen!

As everyone was surprised by his words, some of them began to wonder if there was some sort of magic inside the Heavenly Dragon Secret Treasure to recognize a traitor!

But in fact, this was all just Yi Tianyun's nonsense, he said all this because he has already noticed the Netherworld Divine Palm and Netherworld Divine Art were listed on Prime Minister Long's data when he looked at him using Appraisal Eye earlier.

There was no way he could master them both in such a short amount of time!

He must've been colluding with Netherworld Empire for a long time ago!

"And who are you again, brat?" Prime Minister Long asked coldly.

“My identity is not important to you, for you are just a lowlife spy from the Netherworld Empire! From the beginning, letting you stay inside the Heavenly Dragon Empire was a mistake!” Yi Tianyun said coldly.

Prime Minister Long showed some fear after hearing Yi Tianyun’s word, he knew that everyone on the Imperial City side would hold condemn him as they heard it.

Even if he was able to seize the Imperial City, he wouldn’t be able to keep it for long, as he knew that there would be resistance later.

“It’s not the truth! Ren Family has always treated me unfairly. I just had enough! They’re always selected by that stupid Secret Treasure, not because of their capabilities but because of their stupid bloodline!” Prime Minister Long said, trying to defuse the anger towards him.

So many eyes from each side brightened as they heard Prime Minister Long’s word, they knew that the Ren Family has always been in power, but was it something bad?

“You are the one who talks nonsense! I admit that my ability is still below you, but that is because I am still young! You’ve already experienced a lot of things and cultivated much longer than I did, but in the end, there’s not that much gap between us despite your years of cultivation, which meant I have better innate ability than you do! And just in case you may ask the minister who stands beside me, did Ren Family treat them unfairly?” Ren Long said furiously.

Hua Family Lord nodded his head as he didn’t remember ever being treated badly by the Ren Family, in fact, all he remembered was the good times when he served Ren Family, of course, there was punishment, but it was clearly in accordance with the law, there’d be no punishment for those who were innocent!

“As for the Great Emperor position, it is not for us to decide. It is all decided by the Heavenly Dragon Secret Treasure because no one in this country wants to be governed by someone who can’t control the Heavenly Dragon Secret Treasure, doesn’t it? The ancestor had already thought about this, so it is not out of our stubbornness! In fact, the former emperor, my father, had already said that your ambition was too big!” Ren Long said while looking at Prime Minister Long with pity.

“So, if I never did any of this, you will give the throne to me?” Prime Minister Long said with a sneer.

“Of course, I would never want to be a Great Emperor, knowing that the empire was better off in some else’s hand! I didn’t even want the Netherworld Empire Fisherman Point’s profit!” Ren Long said confidently.

Ren Long’s word shocked everyone; they didn’t expect the Great Emperor to willingly give up his position if a peaceful way was an option!

The general and minister serving Prime Minister Long were also surprised to hear Ren Long’s word!

Prime Minister Long complexion changed because of Ren Long’s word; he only wanted to steer public opinion against Ren Long, but now it was biting him back!

“Brother Long, why bother talking with them! Just get this over with already!” Imperial Preceptor said coldly.

“Yeah, you are right! It seems that I have been here for too long, I must have become soft because of that! Let us end Ren Family once and for all!” Prime Minister Long said with a sneer.

But suddenly an extremely cold light shoot throughout the field towards Prime Minister Long and Imperial Preceptor’s rank, it was so fast that Prime Minister Long was reacting to it a little bit too late, but fortunately, Imperial Preceptor was quick on his feet!

He immediately waved his flag, and a great defensive array was instantly created.

The great defensive array exploded as it was hit by the cold light.

Everyone on their ranks was too late to respond, resulting in the death of several generals near Prime Minister Long.

They were all frozen to death!

Chapter 408

While everyone was immersed in listening to Ren Long and Prime Minister Long's conversation, Yi Tianyun has had enough, so he began to attack the enemy immediately!

"What is this! Who the hell is that brat!" Imperial Preceptor said annoyedly.

He never expected that Heavenly Dragon Empire had an expert of that caliber, he even released the defensive power of the flag on his hands, but couldn't fully contain that attack!

"I don't know, this is also the first time that I saw him!" Prime Minister Long said curiously.

"I think we better start with him first!" Prime Minister said as he pointed his finger toward Yi Tianyun.

With that, the soldiers of Prime Minister Long and Netherworld Empire began to scream and rush toward Heavenly Dragon Imperial City.

"Archer group, prepare your arrow! Be ready to shoot them down!" Ren Long shouted to the marksman.

The groups of archers immediately shouted in agreement and began to shoot the enemy from afar.

The sky was immediately covered with a barrage of arrows, raining down on the enemy!

But the enemy didn't cower, they began to block the incoming arrow, but many of them couldn't block it and fell victim to the raining arrow!

The battlefield was immediately covered with blood as the enemies fell one after another.

"Zhirou, let's go!" Ren Long said to Ren Zhirou to join the battle.

He began to attack as he activated the power of the Heavenly Dragon Secret Treasure and summoned a 30 meters tall heavenly dragon.

The dragon began to rush toward the enemy and attacked.

Ren Zhirou also activated the Heavenly Dragon Secret Treasure at the same time, but her cultivation was a little lower than her brother. Thus her dragon was a tad smaller than her brother's!

But nonetheless, it was still deadly!

The two dragons began to attack the enemy units and killed many of them who got close.

These two dragons were quite powerful, as Ren Long's dragon was at 7th Level Core Transformation Stage, while Ren Zhirou is at 3rd Level Core Transformation stage!

That was the power of the Heavenly Dragon Secret Treasure. Once a person was recognized as its master, they would be able to use its power, although another master was using its power too.

The enemy soldier began to scatter as they tried to avoid the two dragons, these dragons summoned by the power of the Heavenly Dragon Secret Treasure were a little bit unique as they couldn't die or even take any damage as long as the Heavenly Dragon Secret Treasure wasn't destroyed or the person who summoned the dragon wasn't killed!

"Did they think these two bugs would halt our progress? How impudent!" Imperial Preceptor said as he immediately threw his flag to the sky, and suddenly it split into six parts and separated into two groups and headed towards Ren Long and Ren Zhirou's dragon.

The flags immediately surrounded each dragon, and a circle of light immediately appeared and trapped the dragons inside!

While they will not be destroyed easily, that didn't mean that they couldn't be trapped!

Furthermore, if these dragons weren't destroyed, Ren Long and Ren Zhirou couldn't summon another one!

“You two thought that you could do anything you want as long as you had these two dragons, didn’t you? But sadly, your time is up. I will be the one to control those dragons as soon as I absorb your dragon essence!” Prime Minister Long said with a sneer.

“This is bad! The Imperial Preceptor was fully prepared himself to fight against our dragons, he came with the Descending Dragons Banner!” Ren Long said worriedly.

“Relax, let’s see what he would do if another dragon comes attacking their ranks!” Yi Tianyun said as he activated the Heavenly Dragon Secret Treasure himself!

A huge dragon immediately appeared, and this one gave off a powerful aura of the 1st Level Void Spirit Stage!

Surprising everyone on the battlefield.

Chapter 409

Everyone was shocked to see the appearance of another dragon, and the most shocking thing was the fact that this dragon was far more powerful than the previous two!

The dragon immediately rushed towards enemy ranks and started to kill them with his breath attack.

The terrifying blast successfully killed many enemies, especially the lower cultivation of the enemy!

‘DING’

‘Successfully killed Spirit Core General!’

‘Reward: 230.000 Exp, 93.000 Cps, 150 Sps, Violent Dragon Chop Martial Art, Flying to the Heavens Technique, Recovery Medicinal Pill, Spirit Breakthrough Pill.’

‘DING’

‘Successfully ...’

...

The Heavenly Dragon that Yi Tianyun had summoned was killing the enemy like a child throwing a tantrum!

But fortunately, Yi Tianyun had activated all the Exp Card that he had beforehand, maximizing the exp he earned. He had activated a 30x Exp Card, 20x Exp Card, 10x Exp Card, and 5x Exp Card, making his Exp reward 65 times more than normal, and that was still excluding Crazy Mode!

He also activated the 3x Cp Card and 2x Sp Card, so that he also got more Crazy Points and Sin Points than normal!

“How could this happen? Where did this dragon come from?” Imperial Preceptor said with shock still fresh on his face. He then looked over to Ren Long, Ren Zhirou, and Yi Tianyun, and he immediately thought that Yi Tianyun must be the one summoning this dragon.

At the same time, Ren Long was still in awe of the Dragon that Yi Tianyun had summoned, it was far stronger than his own dragon!

In fact, all soldiers of the Heavenly Dragon Empire looked at the dragon in such awe that they began to see Yi Tianyun with even more respect!

The soldier’s morale began to rise as they saw that the new Prince of the Heavenly Dragon Empire was so strong!

They began to fight more valiantly and thus making them looked stronger!

The enemy was startled by this change and failed to react in time when the Heavenly Dragon Empire’s soldier’s charged!

At the same time, Divine General Long Tian screamed and attacked Yi Tianyun's Heavenly Dragon with his strongest attack, successfully splitting the dragon in half, but this attack was a vain as the dragon immediately recovered itself and began to attack once more.

"Imperial Preceptor! We need your help with this!" Divine General Long Tian shouted desperately.

Imperial Preceptor gritted his teeth as his flag could only suppress two dragons at a time, but he knew that Yi Tianyun's dragon was far more aggressive than the other two and therefore needed to be restrained the most!

"Fine! I will take care of that one. You guys deal with this other two dragons!" Imperial Preceptor said as he released the two dragons that he previously captured and moved toward Yi Tianyun's dragon. He immediately used the whole flag to restrain Yi Tianyun's dragon, he knew that only half of the flag wouldn't be enough to restrain such a powerful dragon!

Unfortunately, after the other two dragons were free, they were held at bay by some strong cultivators as they weren't as powerful then Yi Tianyun's dragon!

"Prince Yi, it seems we have to join the war ourselves now!" Ren Long said with confidence.

"Not yet! I still have something else for them!" Yi Tianyun said as he leaped forward and summoned a bunch of Earth Dragons, the Red Dragon, and the Black Dragon at the same time!

"He is a Beast Tamer!" The enemy shouted as they began to panic after seeing a large number of dragons.

It was such a terrifying sight for them as they've never seen this many dragons in one place before!

Chapter 410

Imperial Preceptor was shocked as he saw the General Long's Dragon Legion was in the enemy's hand!

And furthermore, how could a beast tamer control so many dragons at the same time!

This was supposed to be impossible!

In the meantime, the dragons kept killing the enemy one after another as there were only three people who could deal with those dragons because they were in the Void Spirit Stage!

...

"Brother Yi, are you a beast tamer?" Ren Zhirou asked in awe.

"Yeah, but I can't keep them up that long, we need to help!" Yi Tianyun said as he began to advance toward the enemy.

The other Soldier who was staying behind also began to advance, following Yi Tianyun's lead.

"How can this be? Not only was he strong enough to fight against me, he's also a beast tamer who can control so many dragons at the same time! Where is this child hiding this entire time? Did Ren Family hide him?" Prime Minister Long said annoyedly.

Yi Tianyun smirked and began to bombard the enemy's rank with his Ice-Cold Divine Bow, forcing the enemy to retreat for a while.

The Heavenly Dragons Empire soldier's morale rose once again, they began to rally toward the enemy.

"You are really pissing me off! I will make sure you are dead today!" Prime Minister Long yelled irritatedly. He immediately summoned a Heavenly Dragon Phantom Shadow and immediately attacked Yi Tianyun with his full power!

"Heavenly Dragon Battle Roar!" Prime Minister Long shouted as he rushed toward Yi Tianyun with his sword pointed towards Yi Tianyun.

At the same time, Divine General Long Tian was also attacking Yi Tianyun with all his might, but this time he chose to sneak attack Yi Tianyun!

Ren Long and Ren Zhirou were surprised by Divine General Long Tian's attack, they wanted to help Yi Tianyun, but they were too late!

Divine General Long Tian's attack was too sudden for them to react!

"Die, brat!" Divine General Long Tian shouted as he got close to Yi Tianyun.

But Yi Tianyun could react to his attack in time and quickly grabbed Divine General Long Tian's sword with his barehand and smirked toward Divine General Long Tian tauntingly.

"You are too weak! Not even Army General Feng can injure me, you know!" Yi Tianyun said tauntingly.

Yi Tianyun then quickly pulled the sword and grabbed Divine General Long Tian's shoulder, startling Divine General Long Tian completely and threw him towards Prime Minister Long's attack that was aimed toward Yi Tianyun!

Divine General Long Tian immediately fell to the ground, covered with blood, but it was not over just yet! Yi Tianyun immediately flew toward Divine General Long Tian's position and quickly stabbed Divine General Long Tian's heart with a long sword that he took from Divine General Long Tian earlier!

"You are too weak, practice some more in your next life, you traitor!" Yi Tianyun said coldly.

He then proceeded to burn Divine General Long Tian with his Immortal Flame, burning him to cinders!

'DING'

'Successfully killed Divine General Long Tian!'

'Reward: 36.000.000 Exp, 15.000 Cps, 1.000 Sps, Descending Demon Sword Secret Art, Dragon God Bloodline (4th Grade), Dragon Divine Sword.'

The explosion of Experience that Yi Tianyun has gotten was much appreciated, he now only needed a little bit more to level up! He wanted to kill stronger enemies as not to waste the time limit of his Exp Card!

"One down, two to go!" Yi Tianyun said as he smirked towards Prime Minister Long.
