Chapter 411

Was he fighting against two people at once? It wasn't fair, but there was hardly anything fair in a battlefield! With his Evil Dragon Suit, Yi Tianyun has confidence that he would be able to block any of the Void Spirit's attack, as it increased his Defensive Power by 20 times!

While the soldiers from both sides were shocked to see Yi Tianyun's explosive power, the battle still ensued. Even though Prime Minister Long had lost his General, he still pushed through relentlessly! Yi Tianyun's dragon army kept killing the enemy's soldier everywhere, which made the Heavenly Dragon's side have a much easier time on the war!

Yi Tianyun felt satisfied as he got so many Exp, Cps, and the most important thing to have new overpowered equipment, the Sin Points!

Ren Long on the side also felt motivated and quickly joined the battle as well, even though he couldn't fight against Prime Minister Long or the Imperial Preceptor, he could still fight against the soldiers up to the Core Transformation one!

"Wow, 2 v 1 seems unfair! But it's okay with me!" Yi Tianyun sneered at Prime Minister Long while holding the Dragon Divine Sword on his hands.

"How dare you! I will kill you, bastard!" Prime Minister Long said as he gritted his teeth in irritation. He still couldn't believe that Divine General Long Tian was killed easily like that, he was a Void Spirit Expert!

At the same time, the Imperial Preceptor summoned several Divine Runes on the sky, and a big Great Array appeared on top of Yi Tianyun.

"Divine Thunder!" Imperial Preceptor shouted coldly.

Yi Tianyun smirked as he knew that a thunder attributed attack wouldn't work on him, he immediately pulled out the Heavenly Thunder Divine Pearl that he got from Old Ancestor Heavenly Thunder of Divine Runes Mansion and absorbed the thunder that the Imperial Preceptor's great array has summoned.

“What!? Where did the thunder go? What did you do?” Imperial Preceptor said, baffled by the scene in front of him.

“Well, I will not take what is not mine! So, here you go, you can have it back!” Yi Tianyun said as he pointed the Heavenly Thunder Divine Pearl toward Imperial Preceptor and released the stored thunder.

Prime Minister Long was startled as he happened to stand near Imperial Preceptor, but he wasn't as fast as the Imperial Preceptor, and now he was in the direct path of the thunder!

“Heavenly Dragon Battle Secret Art!” Prime Minister Long shouted, and his body was immediately covered with a thick dragon scale. He immediately screamed, and suddenly a Netherworld Divine Palm immediately appeared to block the incoming thunder.

Everyone was shocked once again as what Yi Tianyun had said earlier was true!

Prime Minister Long was part of the Netherworld Empire for quite a long time!

There was no way that he could master the Netherworld Divine Palm, which was the Netherworld Empire's Martial Art if he hasn't joined the Netherworld Empire that long!

As the Divine Palm collided the thunder, loud noise and dazzling light burst on the skies, turning everyone's attention towards Prime Minister Long and Yi Tianyun.

“That's a Netherworld Divine Palm! You really are a spy from Netherworld Empire!” Ren Long said furiously. He let Prime Minister Long stay inside the Empire for a long time, he even treated him like a father figure on the past!

But he was a traitor all along, and now all Ren Long felt was just anger!

The soldiers from Heavenly Dragon also felt angry toward Prime Minister Long as they didn't want to believe that he was from the Netherworld Empire all along. Even some of the soldiers on the Prime Minister Long's side also showed anger and disappointment toward Prime Minister Long!

Yi Tianyun smirked as his goal was to expose Prime Minister Long in front of everyone, they surely have known that Prime Minister Long had some kind of relationship with the Netherworld Emperor, but they didn't know how deep his relationship was so that Prime Minister Long's move completely exposed his identity.

The effect was as clear as day, Yi Tianyun could see that some of Prime Minister Long's generals and soldiers were having a second thought of this battle. Some generals even shouted to Prime Minister Long that he was a liar and that they didn't sign up to help the Netherworld Empire!

Some of them began to surrender to Ren Long, saying that they didn't want to fight anymore!

But Prime Minister Long had a completely different thought, he immediately killed those that surrendered immediately!

"You are all idiots! Did you think the Heavenly Dragon Empire would accept you back just because you surrendered? You will be killed or imprisoned there! You're better off fighting for me, or else I would be the one killing you myself!" Prime Minister Long said confidently.

The rest of his army looked at him in fear as they didn't want to die, but they also didn't want to fight this battle anymore. They looked over to Ren Long in hopes that he would help them out.

Ren Long noticed this and immediately stepped forward.

"Put down your weapons and surrender back to your empire! I promise you that I will not kill or imprison you for you are tempted by a man that you have trusted for a long time!" Ren Long said charismatically.

Ren Long seize this opportunity to weaken the enemy's morale and reduce their fighting power, but he will keep his word, he will let the enemy surrendered, but he will not allow them to serve the empire again, he couldn't accept a traitor to work under him ever again!

Ren Long's word worked like a charm!

Many general and soldier from Prime Minister Long's rank surrendered to the Heavenly Dragon Empire and stopped fighting altogether.

Prime Minister Long began to panic as he knew that he was losing the battle.

"Stop! If you surrender, I will kill you right now with my own hands!" Prime Minister Long said nervously.

"How will you plan to do that, if you're going to die right here, right now!" Yi Tianyun said coldly as he used the Ice-Cold Fury towards Prime Minister Long.

As he released the powerful arrow, worth as much as 60 million combat power towards Prime Minister Long, the Ice-Cold Bow cracked, it seemed the bow was no longer able to contain Yi Tianyun's tremendous power!

Prime Minister Long immediately released his aura in full power and immediately used the Netherworld Divine Palm once more, but this time, the powerful arrow shot through the Divine Palm like it was nothing and hit Prime Minister Long directly! Prime Minister Long immediately tried to shake off the large ice that was formed outside of his body, but he immediately realized that the freezing arrow wasn't all there was to it!

"Murdering Dragon Poison? Shit! How dare you do this to me, brat!" Prime Minister Long said as his face became paler.

Yi Tianyun knew that the Ice-Cold Fury wouldn't be able to hold Prime Minister Long down for long, so he used the poison that he got from killing the assassin in the forest earlier. He covered the tip of his arrow with the poison so that once it landed, Prime Minister Long wouldn't be able to regenerate fast enough to join the battle.

But suddenly, Imperial Preceptor appeared behind Yi Tianyun and already prepared to attack! But Yi Tianyun wasn't one that could be killed sneakily like this! He instantly teleported to the back of the Imperial Preceptor and immediately impaled the Imperial Preceptor with the Red Dragon Divine Spear!

"You better learn again how to sneak attack on people!" Yi Tianyun said coldly.

Chapter 413

Imperial Preceptor was attacked!

Furthermore, it was a sneak attack by Yi Tianyun!

All of the soldiers from both sides were shocked by this fact!

Yi Tianyun continued to drive the Ren Dragon Spear further inside the Imperial Preceptor's body, killing him on the spot!

But unfortunately for Yi Tianyun, this was not the Imperial Preceptor's real body, as the body that Yi Tianyun stabbed turned into a log.

Yi Tianyun was quite surprised as he didn't expect to kill a fake!

"This is why I couldn't detect him properly before. I didn't expect he could use this kind of technique earlier!" Yi Tianyun said as he felt a little bit annoyed by the Imperial Preceptor.

At the same time, Imperial Preceptor was taken aback by Yi Tianyun's technique!

He saw that Yi Tianyun was using teleportation!

Now all of his strategies have gone in the drain as he knew that none of them would work as long as Yi Tianyun had the power to teleport away anywhere he wanted!

But the most unexpected thing was that Yi Tianyun successfully destroyed his clone, he made the clone with so much preparation that once it was destroyed, he felt a tremendous backlash!

Yi Tianyun then turned into the evil dragon in order to end things with Prime Minister Long before the Imperial Preceptor could intervene again.

Everyone except for Ren Long was all shocked as they saw a tremendous dragon appeared in the sky, blocking the sun from their sight!

Yi Tianyun then roared and immediately attacked Prime Minister Long with his dragon claw, he was ready to kill Prime Minister Long in one fell swoop!

Prime Minister Long was frightened and immediately tried to escape, but the murdering dragon poison in his system prevented him from moving as fast as normal.

“Imperial Preceptor! Save me!” Prime Minister Long shouted.

The next moment, Imperial Preceptor quickly intercepted Yi Tianyun’s attack with a divine rune that created a shield on the air.

But Yi Tianyun immediately forced the shield down, crushing it in one go!

With his dragon form, Yi Tianyun’s combat power had reached 78 million points, there was no way anyone there could stop him!

Yi Tianyun didn’t want the battle to drag on any further, so he intended to end it quickly!

Imperial Preceptor’s complexion changed considerably, his defensive divine rune was useless, and now, with Prime Minister Long on his back, he wasn’t sure that he could block Yi Tianyun’s attack anymore!

So, Imperial Preceptor immediately activated his last resort divine rune!

His body began to glow while his clothes were shredded, revealing a divine rune that was also glowing brightly. His body began to enlarge to three meters tall, exerting a powerful aura in all directions.

Imperial Preceptor also pulled out a long sword that was also three meters long, with many divine runes engraved on it. He quickly looked over to Yi Tianyun and immediately swung the sword towards Yi Tianyun.

With his swing, a phantom shadow appeared, also attacking Yi Tianyun with the long sword!

The attack was devastating! It could destroy anyone who was weaker than the Imperial Preceptor for sure, as the power of the attack reached 84 million points!

This attack itself has already surpassed Yi Tianyun's power, but then again, Yi Tianyun smirked as he saw the Imperial Preceptor's attack!

Chapter 414

The powerful attack was Imperial Preceptor's last resort. This was the best that he could do without burning his Blood Essence, but on the other hand, he used all his Divine Rune!

However, Yi Tianyun didn't try to dodge Imperial Preceptor's attack, and therefore he extended his hands to counter the powerful attack with his own attack!

As his claw collided with Imperial Preceptor's attack, a tingling sensation ran through Yi Tianyun's body, indicating that he was starting to lose the power struggle.

But as he was about to burn his blood essence, a system notification suddenly beeped.

'DING'

'Congratulation to host for successfully breakthrough to Core Transformation Peak Stage!'

His combat power immediately increased to 85 Million points!

Yi Tianyun smirked and immediately repelled the attack, breaking it into countless light dust.

But unfortunately for Yi Tianyun, Imperial Preceptor used this opportunity to escape with Prime Minister Long on his arm.

They both witnessed Yi Tianyun destroyed Imperial Preceptor's attack and getting shivers from the raw power that Yi Tianyun had exerted!

But Yi Tianyun also knew that this was all because of the Evil Dragon Suit that he wore. Without it, he wouldn't have the confidence to take Imperial Preceptor's attack head-on.

But that wasn't all, it was also because of his upgraded Dragon God Bloodline that further enhanced his defensive power!

Yi Tianyun was also surprised to see that Imperial Preceptor was also capable of increasing his power beyond the power that his cultivation should have as Yi Tianyun knew that the attack that Imperial Preceptor just launched was at least comparable to the 8th Level Void Spirit Stage, while the Imperial Preceptor himself was still at 6th Level Void Spirit Stage!

But this was common in the higher level as equipment, and other items could possibly increase their power beyond their own cultivation level.

Yi Tianyun believed that the attack Imperial Preceptor just launched earlier was exceptionally powerful because he used all his Divine Runes at the same time!

At the same time, the Imperial Preceptor was trying his best to carry Prime Minister Long to escape from Yi Tianyun.

"That brat freaks me out! How could a teenager like that had that kind of power!" Imperial Preceptor said nervously.

"Yeah, I didn't expect a strong backer like that in the Heavenly Dragon Empire myself!" Prime Minister Long said while still showing a painful expression.

Imperial Preceptor had no choice but to withdraw from the battle as he had no other means to win against Yi Tianyun at the moment.

Prime Minister Long was also poisoned and therefore couldn't continue fighting, Imperial Preceptor also issued the order to retreat for his troop as they would be massacred if they stayed in the battlefield any longer!

"Drop your weapon! If you surrender, you will live, but if you choose to run, you will be chased and killed!" Yi Tianyun said coldly. He would never let any enemy escape ever!

To further prove his point, he ordered the Black Dragon to burn the soldiers who tried to run from the battlefield!

The troops from both the Imperial Preceptor's rank and Prime Minister Long's rank immediately dropped their weapons and got down to their knees. They really didn't want to become cinders just yet!

Yi Tianyun was satisfied for now and immediately chased after Imperial Preceptor!

With the effect of the Phoenix Wings, he could catch up with the Imperial Preceptor in a short amount of time!

"Where did you want to go? Our fight is not yet done!" Yi Tianyun said as he got close to Imperial Preceptor.

Imperial Preceptor and Prime Minister Long were shocked to see Yi Tianyun already got so close to them, even though they were sure that they were far enough from him before!

"Damn you, meddling brat!" Imperial Preceptor said as he used the Netherworld Divine Palm to attack Yi Tianyun and prevent him from getting any closer.

But Yi Tianyun was much stronger now, even though this Divine Palm was stronger than the one Prime Minister Long used earlier, it wasn't as strong as Yi Tianyun right now!

So, without any further effort, Yi Tianyun broke the Divine Palm attack and slammed both Prime Minister Long and Imperial Preceptor down to the ground!

But as Imperial Preceptor hit the ground, the divine talisman on his neck shone, and he quickly flew away quickly, faster than Yi Tianyun right now!

Chapter 415

“Tsk, A heavenly speed divine talisman, huh?” Yi Tianyun said. He was annoyed as he wouldn’t be able to catch Imperial Preceptor like he intended to.

“Brother Long, I will avenge you!” Imperial Preceptor shouted as he got away from the battlefield.

As Imperial Preceptor left the battlefield, the banner that he used to trap Yi Tianyun’s heavenly dragon dropped to the ground, releasing Yi Tianyun’s Heavenly Dragon. The banner itself was a treasure, the Imperial Preceptor was so nervous about fighting Yi Tianyun that he had to leave his treasure behind!

At the same time, Prime Minister Long was lying weakly on the ground, his body was receiving the full effect of the murdering dragon poison, and that rendered him unable to move. He could only watch as Yi Tianyun descended in his dragon form and walked towards him. Yi Tianyun then transformed back to his human form as he got closer to Prime Minister Long.

“Now, I would be happy if I can kill you, but it wasn’t my place to do that! I will turn you to Brother Ren as he was the only one that you betrayed the most!” Yi Tianyun said coldly.

Ren Long and Ren Zhirou arrived at the scene and immediately walked toward Prime Minister Long.

“We treat you like family, and instead, you pay us back by spying on us. Furthermore, you caused so much damage to the Heavenly Dragon Empire!” Ren Long said coldly.

“Hahaha, that is because you are too stupid to see what is in front of your own eyes! Just kill me now, but for your information, the Netherworld Empire would never let you live peacefully!” Prime Minister Long said while smirking tauntingly.

“You won this time because of him! You are lucky to have such a strong aid at the right time!” Prime Minister Long said as he pointed his finger towards Yi Tianyun angrily.

Yi Tianyun only looked at the dying man indifferently, as he didn’t care about what he thought.

“Rest assured, if the Netherworld Empire didn’t attack us, we would be the one coming after them!” Ren Long said confidently.

“You are delusional! You don’t even know how much power that the Netherworld Empire has!” Prime Minister Long said while laughing painfully.

Yi Tianyun has had enough and immediately drove his sword right in the Prime Minister’s heart.

“It’s okay, even if they have the power beyond our imagination, we just have to keep trying!” Yi Tianyun said confidently.

‘DING’

‘Successfully killed Prime Minister Long!’

‘Reward: 64.000.000 Exp, 50.000 Cps, 5.000 Sps, Netherworld Divine Art, Netherworld Divine Palm, Dragon God Bloodline (4th grade), Heavenly Dragon Battle Armour, Heavenly Dragon Divine Sword, Heavenly Dragon Battle Boots, Netherworld Heavenly Book, Netherworld Passage Chart.’

Yi Tianyun also got a lot of Exp from the dragon army that he sent to deal with the escaping enemies. But there was no particular reward that piqued his interest. He was a little disappointed too because he thought that Prime Minister Long had to be an elite enemy, but the system didn’t think so.

In the meantime, Ren Long ordered the army to kill all the remaining Netherworld Empire’s soldiers on the battlefield, and because of that, The Netherworld Empire’s soldiers immediately ran away, trying to save their life!

The scream was heard throughout the battlefield as soldiers obeyed Ren Long’s command. But it didn’t take long to finish off all the remaining Netherworld Empire’s soldiers.

‘DING’

'Successfully completed 'Assist the Imperial Goddess to resist Prime Minister Long's invasion!'

'Reward: 50.000.000 Exp, 100.000 Cps, 50 Heavenly Dragon Empire's favourability.'

'Successfully killed Prime Minister Long, doubling the quest reward!'

'Reward: 100.000.000 Exp, 200.000 Cps, 100 Heavenly Dragon Empire's Favourability.'

All the reward was immediately doubled from the initial amount, Yi Tianyun immediately was at least satisfied after seeing the amount of reward that he got! he was excited to level up to the Void Spirit Stage!

Chapter 416

Heavenly Dragon Empire has won the battle!

The news spread across the continent that Netherworld Empire finally was no longer undefeated!

Furthermore, it was an army led by none other than the Imperial Preceptor himself!

The news didn't stop there!

Heavenly Dragon Secret Treasure could be controlled by three people was also a hot topic by almost every faction across the continent. That meant the Heavenly Dragon Empire has become so much stronger!

The news about the defeat of the Netherworld Empire's army and the death of Prime Minister Long also reached Netherworld Emperor's ear. He could no longer contain his anger as Prime Minister Long was his brother!

Imperial Preceptor cowered in fear!

This was the first time after a long while that he felt this carnal fear from the Netherworld Emperor as this was his mistake too!

“I am sorry, Great Emperor! The power of the one that helped the Heavenly Dragon Empire was beyond my expectation. I was caught off guard!” Imperial Preceptor said apologetically.

“Can’t you fight with all your power? Aren’t you the number two person inside this empire!” Netherworld Emperor said angrily.

“I can, but I got there underprepared, my lord! There is little I can do to defend against his tremendous power over there!” Imperial Preceptor said as he tried to make an excuse.

“Now that it has come to this, I have to be the one to face that man myself!” Netherworld Emperor said angrily.

“Great Emperor! You can’t leave yet! think about your hard-earned cultivation, if you leave the palace now, it will all be for naught!” Imperial Preceptor said worriedly.

“Brother Long is my younger brother! Did you expect me to set his revenge aside?” Netherworld Emperor said coldly.

“No, Great Emperor! That’s not what I mean! You are already at the final step, if you got the Dark Dragon Power, Heavenly Dragon Empire wouldn’t stand a chance! You could exact Brother Long’s vengeance at that time!” Imperial Preceptor said as he tried to reason with Netherworld Emperor.

“Damn it! You are right! Brother Long, I will avenge you! Just you wait!” Netherworld Emperor said as he gritted his teeth and sat at his throne again, finally calmed down.

Originally Prime Minister Long was to sneak into Heavenly Dragon Empire and create a chance for Netherworld Empire to attack and occupy the Heavenly Dragon Empire, but it would result in the destruction of the Heavenly Dragon Empire, and that was not the goal of the Netherworld Empire.

But now, Heavenly Dragon Empire could fight back because of just one guy!

One person completely foiled years of planning!

“This is our negligence! I will make sure it wouldn’t happen again. If the Great Emperor gets the Dark Dragon Strength, Netherworld Emperor could ascend into the Divine Nation status!” Imperial Preceptor said confidently.

“You are right! We will destroy all of them when the time comes!” Netherworld Emperor said coldly.

At the same time, Yi Tianyun has just finished helping the Heavenly Dragon Empire getting rid of the corpses in front of the Imperial City as the battle ended. He was a little bit disappointed that the quest he had didn’t have any follow up quest, even though Ren Zhirou wasn’t a goddess just yet!

“Brother Yi, what are you doing here?” Ren Long said as he saw Yi Tianyun stood in the lobby alone.

“Nothing, I am just checking the situation outside, and I notice everything has calmed down once again.” Yi Tianyun said casually.

“Yeah, but I still don’t know what the Netherworld Empire planned next, I think the Netherworld Emperor himself will lead his army to attack Heavenly Dragon Empire next!” Ren Long said as he tilted his head, wondering what the Netherworld Empire would do next.

“Brother Ren, you don’t have to think about it so hard! Is there something else bothering you? I am here if you need to talk about something, you know!” Yi Tianyun said as he saw that Ren Long was thinking too hard.

“I am still not sure! You are far more powerful and competent to be the next Emperor than myself, the truth is, I don’t really want this position as the Emperor myself! I prefer to go on an adventure without any worry, you know!” Ren Long said sincerely.

Yi Tianyun was a little bit startled by Ren Long’s honesty, he didn’t know what to say to Ren Long at this point.

Chapter 417

“I am honored that you spoke highly of me like that, but I am not sure about becoming the emperor myself! Isn’t it better to let Zhirou become the new empress? She could become the goddess in the future.” Yi Tianyun said sincerely.

“That little girl! I almost forget about her! You are right, but she still needs a few more guidance, but I believe she could become the goddess in the future!” Ren Long said as he smiled happily to Yi Tianyun.

Yi Tianyun shook his head at Ren Long with amusement.

“You know, if she heard that you forgot about her, I believe she will make you suffer!” Yi Tianyun said as he laughed a little bit.

“Yeah, just don’t let her know! I will make an excuse later, but I am sure she would catch on that I really want to travel the world!” Ren Long said casually.

“Poor little Zhirou, she has no other choice but to accept her brother’s weird demand later!” Yi Tianyun said teasingly.

“Well, I wouldn’t force her, if she doesn’t want to do it, then I will stay. But maybe I will travel quite a lot to another continent!” Ren Long said while smirking to Yi Tianyun.

Yi Tianyun laughed as he knew that Ren Long would do whatever he wanted regardless of his position.

“Well, I will meet Zhirou now, better ask her now than later! Oh yeah, I almost forgot, your little Xu Fei was rushing towards Qin Family Mansion earlier. I am afraid that he might be avoiding you.” Ren Long said casually.

“Is that so? I will check on him later!” Yi Tianyun said a little bit disappointed.

“Hey, don’t read into it too much, it may just be because of your new status was far too high for him to be comfortable to brazenly meet you. I suggest you meet him yourself!” Ren Long said as he turned and searched for Ren Zhirou.

Yi Tianyun fell silent for a while and immediately made up his mind before he went back to Heavenly Clouds Mansion, he had to meet with Xu Fei first!

Yi Tianyun then immediately rushed towards the Qin Family Mansion without any more hesitation.

At the same time, at Qin Family Mansion, Xu Fei was shouting for Qin Xue to meet him outside her door.

The door was finally opened, revealing many people from the Qin Family who were annoyed by Xu Fei's persistence.

"Why are you still here? Just give it up! Our family has decided to marry Qin Xue to Fu Family! We couldn't marry her to you while you don't even have the blessing of your own family!" Elder of Qin Family said coldly.

"Qin Xue, I am here to pick you up!" Xu Fei shouted as he ignored the Elder of Qin Family.

"You brat! I will personally throw you out the gate myself!" Elder of Qin Family said annoyedly.

"Second Elder, please stop!" A beautiful woman quickly stopped Elder of Qin Family.

"Little Xue, you finally came out!" Xu Fei said happily as he saw the Qin Xue came out of the door.

"This time, I have come to bargain for your hand to marriage!" Xu Fei said confidently.

"You talk big, brat! What can you give for us to change our minds?!" The Elder of Qin Family said condescendingly.

"I will exchange this treasure for that!" Xu Fei said as he took out a pearl from his pocket.

“This is a Lower Grade Sacred Tool Heavenly Spirit Treasure Bead! If you use this to cultivate, you can increase your cultivation speed by several levels! At first, I wanted to use it myself, but on second thought, I’d better give it up as a betrothal gift for Little Xue!” Xu Fei said confidently.

“Interesting, I never expected a brat like you would have a treasure like that!” A new figure appeared from the mansion door. He was a representative of the Fu Family, he didn’t want to show up at first, as he didn’t want to associate with Xu Fei, but as he saw the treasure that Xu Fei held, he just couldn’t hold themselves!

Chapter 418

The Heavenly Spirit Treasure Bead as a betrothal gift, there was no family in their right mind would reject that offer!

No wonder Xu Fei was confident that he would get what he wanted with this!

“Yes, this is definitely a sacred tool rank!” The second elder said curiously.

“Yes, it is a sacred tool treasure! I intended to use it for my own, but as soon as I heard that little Xue would be married to Fu Family, I guess it is better to use this item as a betrothal gift!” Xu Fei said confidently.

Qin Xue wiped a tear that streamed down her face as all she really wanted was to be with Xu Fei, but she couldn’t disobey her family too. But a man came out from the house, interrupting Xu Fei to make another demand.

“That is not enough at this point!” The man said commandingly.

This man was none other than Qin Long, the head of the Qin Family!

“Your treasure is definitely valuable, but did you know what makes a family prosper? That is a connection with other families! If a family has many good connections with other families, they’ll receive help from so many directions! With that in mind, what would you offer to my family? Could you protect us in time of need? If you have the support of your Xu Family, maybe I could consider your betrothal with Qin Xue!” Qin Long said confidently.

Qin Long's word left Xu Fei speechless because it all made sense!

A treasure could do so much while a connection could take the family to a completely different level!

"Give me a little time, I will definitely protect Qin Family in the future!" Xu Fei said desperately.

"Time? How many years would it take for you to be powerful enough to protect us? Five years? Ten years? Now, stop your delusion, boy! Unless Xu Family backs you up, I will not let Qin Xue marry you!" Qin Long said wisely.

"Stop it father! Big Brother Xu had saved me! If it is not because of him, I would have died!" Qin Xue shouted to his father!

"Enough child! I will give him money for his help, but I will not allow him to marry you, no waste would become the groom of Qin Family!" Qin Long said coldly to Qin Xue.

But suddenly another group of people arrived at Qin's Family house.

"Xu Fei, you are really here!" Xu Zhi, Xu Family Lord said casually.

"Oh, look at that! You have a sacred tool in your possession!" Xu Zhi said sarcastically as he saw the Heavenly Spirit Treasure Bead in Xu Fei's hands.

"Father, this is my betrothal gift to Qin Family!" Xu Fei said to Xu Zhi desperately.

"Are you a fool? Why would you use a sacred treasure as a betrothal gift? This sacred treasure was way better in your brother's hands!" Xu Zhi said coldly.

"Are you saying that my daughter wasn't worth the sacred Treasure, Xu Family Lord?" Qin Long said coldly.

“Hey, I didn’t mean it that way, but Qin Family wouldn’t have any need of the sacred treasure, right? After all, you never have any.” Xu Zhi said tauntingly.

The two-family lord kept exchanging banter to one up another while Xu Fei was feeling sorrowful on the side, he didn’t expect his father would come, and on top of that, his father wanted him to relinquish his sacred tool to his brother!

“Now, give me that sacred treasure, and let’s leave this place!” Xu Zhi said as he reached for the Heavenly Spirit Treasure Bead from Xu Fei’s hands, but Xu Fei evaded Xu Zhi’s hands and immediately put it back inside his Storage Ring.

“You dare to defy me, boy?” Xu Zhi said coldly.

“This is my treasure! I work hard to get it without you or the family’s help! I don’t have any obligation to give it to you!” Xu Fei said confidently.

“Even if you didn’t receive any of our help, your treasure is still family treasure!” Xu Zhi said as he walked closer towards Xu Fei.

“And why is that? why does his treasure become a family treasure when he doesn’t have his family’s support?” A new voice joins in.

Chapter 419

The new figure was very domineering, drawing everyone’s attention towards him! But once they saw who it was, they immediately kneeled in respect and fear.

“Hail Prince Yi!” Almost all of them said at the same time. After the war, no one inside the Heavenly Dragon Empire didn’t know of the terrifying power that Yi Tianyun possess!

But Xu Fei was the only one who showed a shocked expression above anyone else!

“So, why did I get the feeling that you are avoiding me?” Yi Tianyun asked Xu Fei as he walked closer towards him.

"I am sorry, big brother Yi, but I was startled of the big gap between us, and therefore afraid that you will not need anything for me anymore!" Xu Fei said sincerely.

"Have confidence Xu Fei, you are stronger than you thought!" Yi Tianyun said casually.

"Did you really mean it?" Xu Fei asked curiously.

"Of course, why wouldn't I? So, this is the root of your problem? Not getting support from your family?" Yi Tianyun asked curiously.

"Yes, I am afraid that is the real problem for me, brother." Xu Fei said a little bit embarrassedly.

"Well then! Qin Family Lord, I am now his backing, is it enough to make him your daughter's husband?" Yi Tianyun asked Qin Long commandingly.

"It is enough, my lord!" Qin Long said as he bowed his head lower for Yi Tianyun, he immediately ordered his wife to prepare a tea to welcome Prince Yi into his house.

At this time, Xu Family was aghast when they found out that Xu Fei knew Prince Yi well, they couldn't voice anything to Xu Fei, afraid that they would somehow offend Prince Yi, after all, with the power that Yi Tianyun had shown in the war earlier, everyone knew that destroying a family was easy!

"You don't have to kneel in front of me, now get up and embrace your future husband!" Yi Tianyun said to Qin Xue warmly.

Qin Xue obeyed and immediately ran toward Xu Fei with a smile on her face. Seeing Yi Tianyun so easily dealt with his problem, Xu Fei knows that he must get stronger fast!

"I will talk with the Great Emperor later; I will make a personal request that to treat Qin Family better in the future!" Yi Tianyun said to Qin Long with a smile on his face.

Qin Long was speechless as he got more than he bargained for, so he bowed his head more and expressed his gratitude excessively towards Yi Tianyun.

“Now, you will stay safe inside Heavenly Dragon Empire if you don’t show any disobedience toward your emperor and commit any crime inside the Empire, I guess it was a reasonable request from me, so keep cultivating as best as you can. With that said, I will take my leave, and I will also take Xu Fei and Qin Xue with me.” Yi Tianyun said towards Qin Long politely.

“Yes, My Prince! Of course, and thank you once again, My Prince!” Qin Long said with his head still bowed respectfully.

“Now, you two can come with me, you don’t have to stay here.” Yi Tianyun said while smiling toward Xu Fei and Qin Xue.

“Yes, of course, Big Brother Yi!” Xu Fei said while nodding his head excitedly.

But as soon as they were about to leave the place, Xu Zhi spoke with Xu Fei for a moment.

“Please come back whenever you want, Xu Family’s door will always open for you!” Xu Zhi said to Xu Fei sincerely.

“No, I wouldn’t be back to Xu Family in my life again!” Xu Fei said confidently.

Xu Zhi’s face was enveloped in sorrow, he regretted ever isolating Xu Fei, for no one ever expected that Xu Fei would be close to the powerful Prince!

“Are you sure about your decision to leave your family behind?” Yi Tianyun asked curiously.

“I am sure! I’ve hated him since he killed my mother!” Xu Fei said coldly.

“Okay, I will respect your decision.” Yi Tianyun said casually.

But the next thing startled him tremendously.

“Big Brother Yi! I, Xu Fei, swear to follow you forever! No matter what order you gave, even if it was killing my closest person, I will follow you to no end!” Xu Fei said as he kneeled in front of Yi Tianyun, taking his vow.

Qin Xue also kneeled, even though she didn't have the same feeling towards Yi Tianyun as Xu Fei, but she will marry Xu Fei soon, and a wife always followed her husband's decision!

'DING!'

'Successfully achieved an Absolute Loyal General!'

'Reward: 100 Command Points, shared Exp, Sps, Cps, with the Loyal General!'

Yi Tianyun was surprised!

This meant that the Loyal General was another form of pet that he already had because the pet system also shared the same trait!

However, this was much better than a pet as a General had a mind of their own!

Chapter 420

Yi Tianyun checked Xu Fei's status, and he saw that Xu Fei's favourability indicated an infinity sign, meaning that favourability wasn't part of the equation anymore!

This was the first time for Yi Tianyun to see this kind of symbol inside someone's status, even though Shi Xueyun also believed in him wholeheartedly, it was still different from the loyalty that Xu Fei would be showcasing his entire life!

“I will help you cultivate as efficiently as I can think of!” Yi Tianyun said excitedly as he wanted to see the level up reward that he would get as soon as Xu Fei leveled up.

“Now, if you don’t mind, I have a place for both of you in my faction, it is called Heavenly Clouds Mansion! That is if you don’t mind joining my faction.” Yi Tianyun said politely.

“Heavenly Clouds Mansion? We have never heard of it before.” Xu Fei and Qin Xue said at the same time.

“Yes, it is a new faction, the name itself comes from my real name. Yi Tianyun!” Yi Tianyun said as he explained the Heavenly Clouds Mansion and showed Xu Fei and Qin Xue his real face by taking off the mask that he always wore.

“Is this really you, big brother Yi? You look way younger than me!” Xu Fei said as he was shocked to see Yi Tianyun’s real face.

“Well, my true face is rarely known by the public, but in front of you, I don’t see any needs to cover my face.” Yi Tianyun said with a smile on his face.

After that, Yi Tianyun wore his mask once again and led them both to return to the Heavenly Dragon Imperial City.

Yi Tianyun still needed to talk with Ren Long about the next plan against Netherworld Empire.

Once Yi Tianyun met with Ren Long, they both immediately talked and prepared a foolproof plan to take down the Netherworld Empire once and for all!

Originally Ren Long intended to take down Netherworld Empire by the power of Heavenly Dragon Empire, but as soon as he heard Yi Tianyun’s plan, he immediately agreed as there was no harm on adding more assurance to the plan!

After their discussion was over, Yi Tianyun immediately summoned the Black Dragon and left toward Heavenly Clouds Mansion with Xu Fei and Qin Xue while Ren Long prepared his elite soldier to rendezvous with Yi Tianyun later.

If their plan worked smoothly, there was no need for Heavenly Dragon Empire to bring a huge army to attack the Netherworld Empire!

After Yi Tianyun arrived at Heavenly Clouds Mansion, he took off his mask once again and walked toward the gate leisurely with Xu Fei and Qin Xue followed behind him.

“Aunt! I am back!” Yi Tianyun shouted as he walked inside the gate.

He saw that everyone was already accustomed to his dragon, and therefore he didn’t see anyone that surprised anymore.

“Welcome back! This time you only brought a man and a woman with you? I almost thought that you would bring more than last time!” Shi Xueyun said as he greeted Yi Tianyun.

“Hahaha, there are not that many people who want to join me this time! But let me introduce them to you, aunt. He is Xu Fei, in the future, he will become the first General of Heavenly Clouds Mansion, and this is Qin Xue, his future wife!” Yi Tianyun said as he introduced Xu Fei and Qin Xue to Shi Xueyun.

Xu Fei looked over to Yi Tianyun gratefully and immediately showed a determined expression, he couldn’t disappoint Yi Tianyun, and thus he needed to get stronger faster.

“Welcome to the Heavenly Clouds Mansion to the both of you. I hope that you will get along well with the rest of the people here!” Shi Xueyun said with a smile toward Xu Fei and Qin Xue.

“So, what will you do next?” Shi Xueyun asked Yi Tianyun as she didn’t know what Yi Tianyun’s next plan was.

“We’re finally ready to control Heavens Immersing Ancient Ruins and move it to Heavenly Border Continent! And we would merge with Heaven’s Top Mansion as soon as we get there, completing the Heavenly Clouds Mansion as we originally intended!” Yi Tianyun said excitedly.

“Are you sure? You will completely expose us by doing that!” Shi Xueyun asked worriedly.

“Don’t worry. I’ve already made a few preparations for that. Everything is under control!” Yi Tianyun said while smiling at Shi Xueyun.

“Spirit Race Old Ancestor! Ready to launch the Great Array of flight?” Yi Tianyun said as he finally saw the Spirit Race Old Ancestor walked towards him.

“It’s all ready when you are!” The Old Ancestor said while smiling at Yi Tianyun.

Soon after that, The Old Ancestor activated the Great Array of Flight, and the whole mountain was shining brightly while a rumbling sound like an earthquake was heard all over the place.

After the bright light dissipated from the mountain, the huge temple was immediately catapulted to the sky, successfully floating in the air!

“Great, it seems we don’t have any problem with the Great Array now! Let’s fly toward Heavenly Border continent!” Yi Tianyun commanded excitedly.

The whole temple shone brightly once again and began to move towards the Heavenly Border Continent, its speed wasn’t that fast, but it wasn’t slow either, Yi Tianyun expected them to arrive at the Heaven’s Top Mansion location in a few days with their current speed.

The flying palace immediately surprised everyone who saw it as it was very rare and almost never did they saw a scene like this ever happened in the Earthly Border Continent, it was rare for even a 4th Grade Faction to have this flying fortress, and so many people began to wonder what faction did it came from!

Yi Tianyun knew that he was completely exposed now, but he didn’t really care, as soon as he arrived at the Heaven’s Top Mansion, his Main Quest would be completed, and the reward from it would level him up to Void Spirit Stage, and who could stop him then!
