Chapter 51: Big Haul

Yi Tianyun took out the ultimate weapon Torrential Pear Blossom Needle!

The effect is is within a hundred meters radius, cultivators within Spirit Refinement Realm or below will instantly die! There are a bunch of people nearby at the moment which means when he used Torrential Pear Blossom Needle all of them will die!

“I’m giving you one last chance, either scram or die!” Yi Tianyun held Torrential Pear Blossom Needle and looked at them with intimidating manner.

He already gave them a chance, if they don’t heed the warning it’s their loss. It’s not that he doesn’t give the opportunity, but they are idiots who are determined to die!

“Hey, what is that thing, small and exquisite, it’s not a weapon?”

“He took some treasures inside the palace now he thinks he’s the boss?”

“What a joke, capture him, and find the treasures he hide in his body!”

They rushed toward Yi Tianyun like a hungry vultures, completely ignoring Yi Tianyun’s warning, even though the most dangerous treasure is the one on his hand.

They don’t care about Yi Tianyun. As long as they get the treasure, they will become stronger and they will be able to enjoy prosperity!

“Crazy Mode, activate!”

“Consume Five Times Exp Card!”

“Luck Aura, activate!”

Then, Yi Tianyun activated Torrential Pear Blossom Needle, a silver light from this small iron box burst out, and countless golden needles burst forth, the closest cultivators were instantly stabbed in the heart.

When he looked his surrounding, they already fell to the ground, lifeless. Everyone around him began to collapse one after another! Like domino effect, they fell down one by one, blood spread everywhere.

The one further on the back realize what’s going on and tried to escape, but it was too late, golden needle already pierce through them just like piercing a tofu. Then they fell.

A small needle maybe not dangerous, but if there are thousands of it, then it’s a different story, it can wipe everyone out!

『Ding, successfully killed Liu Yun, obtains 3800 exp, Recovery Medicinal Pill, 80 Crazy Point.』

『Ding, successfully killed LongTianyang, obtains 15.000 exp, double Experience Pill, 600 Crazy Point!』

『Ding, successfully killed Wang Tiancheng, obtains 8700 exp, Quick Wind Sword, 200 Crazy Point!』

『Ding, successful.....』

He got so much exp, Crazy Point and other items the notifications just won’t stop, halfway Yi Tianyun didn’t even pay attention anymore.

This is basically one chance to massively kill people and almost in an instant too. Some ran out of the 100-meter range and fortunately survived.

There are very few who survived, and it’s only about four people. He was surrounded by too many people earlier yet now only four of them remained.

Therefore, only a few people stood quite far from Yi Tianyun. There are a few people with low cultivation as well who wanted to see what happen and when something goes wrong, they immediately escape.

They looked at Yi Tianyun and all lifeless body lying before them, and their eyes were filled with fear. They hastily fled.

“Ghost, demon, devil!!”

“This is terrible, it’s so terrible...”

They ran desperately, hating their parents for not giving them one more leg when they gave birth them, so they could run faster. They probably won’t ever forget this scene in their life. Even if Core Condensation Realm are strong, they can’t kill this instant and this much. In a blink of an eye, a large group of people died. Although he didn’t confirm one by one whether they are alive or not, it is so savage!

When they fled, Yi Tianyun felt the surge of power entering his body and heard the notification.

『Ding, congratulation, host successfully breakthrough to Tenth Level of Spirit Refinement Realm!』

『Ding, congratulation, host successfully breakthrough to First Level of Core Condensation Realm!』

『Ding, congratulation, host successfully breakthrough to Second Level of Core Condensation Realm!』

『Ding, congratulation, host successfully breakthrough to Third Level of Core Condensation Realm!』

Well it’s not that much, he only breakthrough 4 level. But for other cultivators, it’s super crazy. It was so easy for him to breakthrough to Core Condensation Realm, and reached Third Level of Core Condensation Realm!

“It’s wonderful. No matter how many times i experience this, this Crazy Leveling System is just awesome...”

Yi Tianyun looked at the empty shell in his hand. It was no longer useful. He just dropped it and looked down at bodies on the ground. At this point they began to slowly shed blood and permeated through the ground.

He didn’t care, he just left. Although he is now at 3rd level of Core Condensation Realm, but other Core Condensation expert may come, it is not easy to deal with.

Now that he’s pretty far away from Dragon God Palace, he stopped to confirm the rewards. This time he killed so many cultivators and didn’t know how much.

『Quest Purchasing Materials Back to Jade Palace Completed.』

『Reward: 10.000 exp, 2000 gold, 1 Lottery Ticket, 20 All Favorability.』

Yi Tianyun is stunned, how did he suddenly complete this quest, and immediately thought, probably because An Ling and Qin Xue already arrived at Jade Palace, so it doesn’t have to be him to deliver the materials to Jade Palace to complete the quest...

“Quest completed, it seems that they arrived at Jade Palace safely...” Yi Tianyun is relieved. He is responsible to bring back the materials along with his two sisters, but considering his current situation he can’t go back.

Immediately he opened the status window.

All item: 20 Recovery Medicinal Pill, 10 Double Exp Pill, 1 Lottery Ticket, Gift Pack Lv21

There are a lot of things he got earlier, even some skills, weapons and armor, but they are all common items, not worth mentioning. The most important thing is to level up. His Crazy Point is almost 30.000!

This time it's a really big haul, and it's a lot more than killing a boss.

“Very good, the more Crazy Points I have the better... but my cultivation is still not enough!” Yi Tianyun's eyes are cold, his cultivation is still too weak. For facing a faction, it is still far from enough.

Chapter 52: Shop Mode

His cultivation has improved a lot, but that is still not enough for him.

“I will open the free lottery now.”

“Luck Aura, activate!”

After activated the Luck Aura, he immediately opened the lottery roulette and used his free lottery. Soon the roulette wheel turned wildly, and the pointer continued to jump between the various areas, after some times passed the pointer slowed down indicating it soon will stop.

“Divine Ability, Divine Ability...” Yi Tianyun kept chanting, wishing that the pointer will follow his wishes.

Finally the wheel stopped, and the pointer was landed on the consumables... Even if he using the Luck Aura, he still couldn't get a good things. Which is why he was not willing to spend his crazy points on lottery. Often neglecting it for the next time he gets the free ticket again, sure its possible getting a high price item but in the end, his chance for getting more common item is much larger.

『Ding... Congratulations on getting a Third Level Spirit Core.』

Third Level Spirit Core is much better than a Recovery Pill obtained by killing demon beasts. It is a rare item. Still this item is not worth the thousand points he would spent without the free lottery ticket.

“Third Level Spirit Core, I will stop doing this lottery now, even though I still can do this for many more times, but its not worth the price.”

30.000 Crazy Point is enough for him to draw 30 times more. It is still not certain that he would get a divine ability or a heavenly weapon from it, so he thinks better of it to uses it for leveling up his arsenal than lottery!

“I almost forgot, there is a Gift Pack Lv21 that is not opened yet.” When Yi Tianyun saw the package on his inventory, he felt really excited. This is due to the fact that a gift packs, up until this point never disappoints him. And now, he doesn’t know what will come out now.

“Open Gift Pack Lv21!”

After Yi Tianyun issued the order, Gift Pack Lv21 was opened, voicing the content inside.

『Open Gift Pack Lv21, Ten Times Exp Card (one hour), Double Crazy Point Card (one hour), Double Mastery Card (one hour), open Shop Mode, Gift Pack Lv31』

He baffled by the content inside. Finally, there was a Double Crazy Point Card, and there was a Double Mastery Card. On top of that he got a ten times exp card. After opening Gift Pack Lv21, he feels his excitement increased even more.

However, if you think about it carefully, the double crazy point and the double mastery card are for the best now. If the system gave it in the early stage, it will be a waste. 100 Crazy Point he got on early levels are doubled only to 200, now if he kill advanced level demon beast, he can successfully get more than 800, after doubling it, 1600 will be the bare minimum of crazy point he received. this will be the item that surely make his climb on cultivations easier.

“If there was such a thing before I kill all of this trash, it would be so much better.” Yi Tianyun shook his head and felt quite saddened for this fact. He already kill a bunch load of cultivators earlier, under this Double Crazy Point Card, the amount he got would be not more than 30.000, but more than 60.000!

“What is this Shop Mode?”

After Yi Tianyun opened the Shop Mode, many classifications listed in order. There is a Weapons Category, Defensive Equipment Category, Martial Arts Category, Cultivation Techniques Category, Consumables and Treasures Category.

The classification is very complete, but after he opens it, his excitement fell, all of these items are not new to him, and the prices are quite high too! To put it bluntly, he can get all of them by lottery, killing demon beast or killing cultivator, this item is that common for him.

“No new goods, what does this mean?” Yi Tianyun shook his head, he looked at it, the Frost Fist is also in it, the price is purchased with Crazy Point.

The price of the Frost Fist is 5000 Crazy Point. He felt a little bit relieve, he spent a thousand crazy point for this frost fist with the lottery draw, he feels that he is not wasting any crazy point. Among them, Double Exp Card, Ten Times Exp Card, and Double Crazy Point Card are all in it too.

This fact makes Yi Tianyun somewhat feels gratified, but at a glance, the price is too expensive. Ten Times Exp Card require 50.000 Crazy Point. Double Crazy Point Card also requires 50.000 Crazy Point, the price is obnoxiously high.

“It seems that this shops are made for urgent matter, so the item would be directly used” Yi Tianyun shook his head, and immediately he realize he still got time from his exp buff cards: “There is still a little time left, I should continue to kill all demon beasts I can see, earn exp and continue to level up!”

With his earlier usage of exp card surely killing a demon beast will worth his time. But he need to find and hunt them fast!

“Partner, let’s go!”

He rode the snow wolf immediately. At this time, the cultivation of the snow wolf has already risen to First Level Core Condensation! Under crazy exp he got from killing all those cultivators earlier, the snow wolf seems to get the effect too. The level rose quite high, and also the wolf itself terrifying the passerby they passed through.

Immediately he invests his time to killing all demon beast he could find, no matter how strong the beast is, he fights it. He didn’t have the luxury to choose the demon beasts he wants to fight because clearly that would be wasting time.

『Ding, your Five Times Exp Card time has ended...』

『Ding, your Ten Times Exp Card time has ended...』

The time limit is very short, after searching everywhere he could, he only found three demon beasts and that amount is really too few. The higher the demon beast cultivation levels, the more likely that they would be alone, so it is impossible to kill a lot on a short amount of time.

“Unfortunately, the amount of demon beasts in this area is too few for my liking.”

The current exp needed to level up is 500.000. This amount is sure not so easy to obtain. If there is more demon beast in this vicinity surely that will help him get the extra exp that he needs.

“Time’s up, I need to get back to Jade Palace to assess the situation, there is not much time left to enter the Heavens Immersing Ancient Ruins.”

Yi Tianyun already thought about staying here on the mountains, but there is no more profits that he could make staying out on this mountains. Riding his snow wolf to get to Wind City, and go back to Jade Palace, naturally it is a necessity to go through Wind City. The city itself is in his path towards the Jade Palace, and he wants to see the situation in the city too.

“Oh...”

The speed of the snow wolf has been greatly improved. It run out of the forest in matter of minutes and rushes to get into the city.

In a moment, he arrived near the city gate, and he unsummons his snow wolf, for he doesn’t want to attract many attentions in this city.

In the city, near the wanted board, there is a teenager standing on the edge of the wanted posters and looking at the posters above. He couldn’t help but smile. “This bounty is really high, capture Yi Tianyun and obtains 12.000 gold, upper level spirit sword, in addition a pill that can promote cultivation.”

Standing next to this wanted bar is Yi Tianyun who has changed his face. He can’t help but smile when he looks at his wanted message. “I am really worth it.”

Chapter 53: Meet Yan Lingxue Again

Yi Tianyun looked at his wanted poster, and the portrait were very similar, but now he has Hundred Transformation Mask, although he can't switch gender, everything else is changeable. Unfortunately, he can't copy other's face, if he can it would be perfect.

“Man, do you want to catch this kid? How about teaming up with me and split the reward by half?” At this time a man pat his shoulder, but Yi Tianyun evade it, well the man didn't think much of it. He continued to look at the wanted poster, and the reward make everybody exited.

Yi Tianyun looked at him, his cultivation just First Level Spirit Refinement. Moreover, that's only recently. And he dare to capture him?

“Not interested.” Yi Tianyun ignored him, turned away and left him.

The man glanced at him and shrugged his shoulders. He immediately asked another person next to him: “Man, do you want to catch this kid? How about teaming up with me and split the reward by half, this is 10.000 gold we're talking about, you can live the rest of your life without worry!”

“Go by yourself, I heard that Yi Tianyun is not weak, I don't want to die yet.”

“Yes, I heard that he has slaughtered the entire Wind Pavilion. At that time, the blood flowed into the river and he robbed all of their treasure!”

“You're exaggerating, If you catch him, you'll get the reward along with the treasure he stole right?”

“Like hell it will be that easy! Without Core Condensation cultivator how can you capture him? I don't want to die... “

There are a lot of people around, hearing their chattering he remained silent, not only killing people from Wind Pavilion but also Deacon from Wing Sect. This is really exaggerating and the news spread really fast!

These words become more and more exaggerated, which makes him feel helpless.

However, he completely ignored it. This is nothing unusual. Anyway, he needs to gather information anyway despite these exaggerated news.

Then he passed through Wind Pavilion and Rain Pavilion. Things here are as usual as well no notable changes. Although Wind Pavilion lost several deacons and Pavilion Lord, they have replacement, so they are slowly recover their business.

Although Rain Pavilion is not as good as Wind Pavilion, ever since their cooperation with Yi Tianyun they make a name for themselves. Therefore, Wind Pavilion don't mind Rain Pavilion this time. They directed their anger to Yi Tianyun.

Coincidentally Zi Yuwei came out, she looked sad and worried. She didn't recognize Yi Tianyun because he used Hundred Transformation Mask, but she looked toward Wind Pavilion with eyes full of anger before finally get back inside.

“Seems like nothing else will happen. it is time to go back.”

When Yi Tianyun was about to leave, a familiar face approach him with an old man. They looked at each other, he didn't expect to meet an acquaintance here.

“Young Master Yi?” The nature that came over was Yan Lingxue.

“Young Master Yi?” The old man suddenly looked up. When he saw Yi Tianyun's face, he suddenly breathed a sigh of relief. The tight expression gradually loosened. He thought it was Yi Tianyun.

As everyone knows, it is indeed Yi Tianyun, but using Hundred Transformation Mask, no one can recognize him.

“Miss Yan, what a coincidence. How about the Dragon Tail Grass the other day?” Yi Tianyun is quite polite toward her. At least she is really honest, and her attitude towards him is really polite.

“The effect is good enough, but it still can’t completely cure the illness... The pharmacist said Dragon Tail Grass alone is not enough.” Yan Lingxue smiled but obviously she is helpless.

“But even knowing that is quite a progress so it’s okay for the time being. I didn’t expect to see Young Master Yi again, after you leave i just go back and unable to thank you, thank you for the last time!”

“Can’t cured by Dragon Tail Grass? What kind of spirit herb can cure it?” Yi Tianyun frowned, unless the patient suffers from other illness, it’s supposed to be very effective for psychedelic.

“Yes, Master Kong Liang said that he still needs Soul Returning Grass, combination of those two, can achieve the perfect effect.” Yan Lingxue said.

“Soul Returning Grass?” Yi Tianyun frowned, calmly said: “Soul Returning Grass mixed with the Dragon Tail Grass indeed can amplify the effect, but if the effect is too much, I fear will it cause permanent damage to the soul. The patient’s mind is quite unstable now, right?”

He is a Third Level Alchemist, he still has no problem with this medicine.

“Actually, the one who receive the treatment is my father. Recently, he has been cultivating excessively, which led to cultivation deviation. Now he is still in coma. He only wakes up occasionally then unconcious again.” Yan Lingxue thought about it.

“As far as i know, there is no need to use Soul Returning Grass in this situation, using Dragon Tail Grass alone is enough. Be cautious, he may fall into a coma forever, and he can’t wake up again!” Yi Tianyun’s words are not exaggerated. This is judged based on his knowledge.

“That is my judgement, is there something wrong with it? From what faction are you again?” Kong Liang brow wrinkled, Yi Tianyun judged his judgement, he’s really dissatisfied.

“i’m just stating my opinion, what’s the problem?” Yi Tianyun looked at Kong Liang and felt very uncomfortable. Hearing a surname of Kong, Kong Shengfeng immediately popped up in his mind, plus Wind Pavilion, made him feel irritated all of a sudden.

“Of course, there are problems. I am a Third Level Alchemist, pharmacist, who are you to question my judgment?! This old man dares to bet. Nothing can cure Yan Family’s Head except this method!” Kong Liang also emphasized his status as Third Level Alchemist, that is, who generally calls himself a pharmacist.

There was a silent rage inside Yi Tianyun: “If the situation of Yan Family’s Head is as what Miss Yan said, then you must not use Soul Returning Grass!”

“Stop joking, who’s the pharmacist here? You or me?” Kong Liang said unhappy, he does not believe what Yi Tianyun said.

“I am also a pharmacist!” Yi Tianyun calmly said: “Miss Yan, take me to your father, as long as the situation is exactly as what you said, I only need Dragon Tail Grass to cure it, no need for Soul Returning Grass!”

Yan Lingxue was stunned, watching Yi Tianyun silently, then she said: “Okay, then come with me and have a look.”

『Random Quest: Cure Yan Family Head.』

『Reward: 10.000 exp, 100 Yan Family’ favorability, 30 Yan Lingxue’s favorability, 20 Prestige.』

Another random quest emerged. Yan Lingxue is really a heaven sent, similar quests are constantly emerging.

“Accept!”

For the time being no matter what reward, Kong Liang really pisses him off! That’s the reason he accept the quest this time!

Chapter 54: Wrong?Method

Kong Liang didn't expect that Yi Tianyun is really a pharmacist, with his age, he would be an apprentice at most. There is no way he already become a pharmacist at this young age, Kong Liang thought to himself.

The most shocking thing that happened is that Yan Lingxue listened to Yi Tianyun's words, and willingly take him back with her. Kong Liang can't stand the fact that Yan Lingxue would listen to Yi Tianyun's words, whom doesn't seem like an alchemist at all.

"If you really are an alchemist, in what level are you?" Kong Liang was mad, a teenager who just came out of nowhere claiming to be a pharmacist, this kid must be lying!

"Third Level Alchemist, is there a problem?" Yi Tianyun said indifferently.

"You? A Third Level Alchemist? If you are Third Level Alchemist, then I am Fifth Level Alchemist!" Kong Liang doesn't believe Yi Tianyun's words.

Yan Lingxue is so excited to hear this truth, if Yi Tianyun really is a Third Level Alchemist, then Yi Tianyun have a totally limitless potential in the future.

"Miss Yan, are you sure to ask this kid to cure Yan Family's head?" Kong Liang immediately angered, blowing fumes and said: "If he makes a mistake and the family head never wake up again, how will he take responsibility?"

Yan Lingxue hesitated, if something went wrong, Yan Family will be in trouble. Yan Family is not a big family, if the Family Head is dead, no one else in the family can maintain the family to survive.

"Are you joking? What I'm about to do wouldn't cause any negative effect. Did you forgot that I will use only the Dragon Tail Grass? I will not give him anything else other than that, even if he eats it raw, it would cause him no side effect." Yi Tianyun said wisely.

"Young Master Yi, if you only use the Dragon Tail Grass, can he recover completely?" she pondered after listening to Yi Tianyun's words, she thinks that it's okay for Yi Tianyun to try, in the end if it still not enough she could add the Soul Returning Grass later.

“There should be no problem, as long as the condition is not worse than what we think it is.” Yi Tianyun said.

“Let’s go back to my place now, then.” Yan Lingxue start to head back to her household, and immediately said to Kong Liang: “Master Kong Liang, you can rest for now, we are going to try Master Yi’s way. If it doesn’t work, we will try your method.”

After Yi Tianyun explained the effect of soul returning grass earlier, she becomes more cautious, that the effect had a great side effect. If Yi Tianyun is really saying the truth, then Dragon Tail Grass alone would be enough. She is not a fool to swallow anyone words without considering the effect she will have later.

Kong Liang is furious by this turn of event. He said: “I will say this again, i dare him to cure the family’s head, I doubt that he can do it anyway. I would like to see this kid try to cure the family head, after insulting my treatment method, but if the treatment failed, I will still treat family’s head but the payment would be doubled than what we agreed before.

“Rest assured, if the treatment failed, I’ll pay you double myself!” Yi Tianyun looked at him coldly.

Kong Liang said: “Okay, good! I want to see if you really have the ability of a Third Level Alchemist!”

With Yan Lingxue leading the way back to Yan Family household, they arrived immediately. Yan Family’s background is good, the guards respected them when they arrive, this would have been an indication the family is loved by their own people. When he entered the room that family head located, he immediately smells a strong medicinal smell.

Yan Family’s Head was laid down in bed, unconscious and really pale. Yi Tianyun knew immediately that this is not something caused by injury, this is surely what cultivation deviation would cause and that surely would cause a trauma to his soul.

Family’s head paleness is different than the average paleness caused by some injury or normal sickness. This is the paleness caused by a damaged soul. The soul is the most fundamental thing, once it is damaged, it could render a cultivator powerless for their whole life. A broken arm could regenerate but a broken soul would be irreparable.

But as anything else in cultivation world, something irreparable such as soul, could be healed by someone that has a power to do so, someone that defy the heaven itself.

Yi Tianyun observed the family head condition, and he affirmed: “Well, cultivation tempering indeed would cause this effect. Forcefully breaking through the cultivation, if you are not careful and hasty this would happen. But this is not a big problem as long as we have the Dragon Tail Grass. How did you treat him before? How come he is still unconscious after you treat him with Dragon tail grass?”

He glanced at Kong Liang and assessed his behavior.

“Are you really a third level alchemist? You don’t even know how to use this and you call yourself one?” Kong Liang dismissed: “The Dragon Tail Grass is indeed the medicine for this sickness but there is another way to make it more effective, it is to use the Soul Returning Grass!”

“You do it just like what I’m doing right now?” Yi Tianyun said indifferently while continued to make the medicine.

“Is there other way to make a medicine using Dragon Tail Grass?” Kong Liang frowned.

“No, but your approach is wrong. No wonder he was not cured, you don’t even know how to use the Dragon Tail Grass!” Yi Tianyun snorted: “If we actually do it your way by adding Soul Returning Grass, the family’s head surely would be dead by now”

“What a joke! If you insist on saying i don’t know how to make the medicine why don’t you show me how you make one” Kong Liang became furious of Yi Tianyun mockery of his knowledge.

Yi Tianyun has lost interest to exchange another insult with him, instead he said to Yan Lingxue: “Miss Yan, forgive me for being a little bit rude.”

“Hmm?” Yan Lingxue wondered.

She saw Yi Tianyun lifted the arm of Yan Family Head and poking the fingertip a little, and a few drop of blood fell into the empty jade bottle. This move make the two of the observer confused, what will he do with a few drop of blood?

“If you want to cure Yan Family’s head in this situation, you must first use the patient’s blood to refine this pill, which is the most correct methods, this is the only way to completely cure the patients. Many alchemists didn’t know this method, not that they are stupid, but they rarely encounter this situation, and they don’t know how to adapt with the situations at hand”Yi Tianyun said: “The most terrible thing an alchemist would do is despite their lack of knowledge on how to solve the situation, they act like they know how to solve it, making everything else worse.”

“Who are you talking crap about now!” Kong Liang ready to blow up, his pride is cracked by Yi Tianyun’s words.

“Did I even mention your name? I am going to do my alchemy now, please refrain yourself from ruining my focus, if something happen to the family’s head because you ruin my concentration, how will you take responsibilities.” Yi Tianyun’s words completely stun Kong Liang.

When Kong Liang wanted to say something, Yi Tianyun took out a pill shell that he already made before and throws it in to the air.

The sound of wind immediately resounded in the room, and Immortal Fire immediately wrapped around the pill and the dragon tail grass. Not needing any pill furnace, just like that! This scene instantly shocked Kong Liang and he continued to stare Yi Tianyun speechless.

Generally, there will be different kind of fire in every person’s body, this fire is wild, as the power needed to control it is not easily obtained. This boy can already do it, and he doesn’t even need any pill furnace to do alchemy!

Yi Tianyun’s alchemy level is far more advanced than what he can do.

Originally he wanted to say some remark, but his own tongue stuck in his throat, cannot say a single word, scared by the scene unfolding in front of his eyes! This is so unbelievable, just with this scene alone he already humiliated himself!

Yan Lingxue was shocked, holding her own small mouth, she has never seen this kind of alchemy technique before!

Chapter 55: Alchemy Furnace

Generally, alchemy does not need a pill furnace, there are only two kinds of people, the stupid kind, and the other is a powerful alchemist with extraordinary fires!

Yi Tianyun is undoubtedly the latter, he is not a fool, but a high level alchemist! His technique alone is enough to render Kong Liang speechless, without any pressure, they are not at the same level.

Under Immortal Fire, Dragon Tail Grass melted rapidly and turned into a liquid. At the same time, Yi Tianyun quickly took out the blood in the jade bottle, and mix it with the Dragon Tail Grass which has melted into a liquid. In this thick green, there is a touch of red.

With his superb control, the medicinal drug quickly condensed and formed a medicinal herb and falling into his palm.

『Ding, successfully refining Second Level Dragon Tail Pill, gaining 1000 exp and a 50% increase in mastery.』

After the successful refining, exp and mastery were increased.

“Yes.” Yi Tianyun said faintly.

“Yes...”

Their eyes widened, can't say anything, they just looked at the pill in Yi Tianyun's hands. This is different from Kong Liang's refining. Although he mixed Dragon Tail Grass with something else, theoretically it's not other foreign things but Family's head blood itself. The most important thing is Yi Tianyun which is beyond their imagination. Even if he add Soul Returning Grass, they would still believe in him.

“Miss Yan, give this pill to Yan Family Head, and then he will wake up.” Yi Tianyun handed over.

Yan Lingxue took it with excitement. Without any doubts, he took the medicinal herbs to the bedside. After checking with her spiritual power, she gave it to her father.

“Is there something you want to say?” Yi Tianyun looked at Kong Liang who is too speechless to say anything.

Kong Liang’s face is glum, seeing how Yi Tianyun Refine earlier, he can’t say anything back except : “we’ll see!” he snorted

He simply won’t admit the fact that Yi Tianyun is a better alchemist than him.

After a while, Yan Family Head moved a little, and then he woke up and wondered, “Why are there so many people?”

“Ah, you woke up!” Yan Lingxue was so excited that this pill already show its effect. It didn’t take long to cure Yan Family’s head and make him conscious again.

“Well, I feel much better. Dragon Tail Grass is really effective. The quality of the pill that pharmacist Kong Liang refined is really good.” After Yan Family’s Head got up, his mental state seems stable, although he’s not fully recovered yet, at least he regain his consciousness.

Kong Liang felt awkward. This pill is not what he refines. It is completely refined by Yi Tianyun.

“Oh, this Dragon Tail Grass is not refined by pharmacist Kong Liang, Young Master Yi next to him is the one that refine it. I did not expect that the normal refinement is not enough, turns out the Dragon Tail Grass must be mixed with your blood. Luckily Young Master Yi know this and refine the pill this way, because wee really have no idea!” Yan Lingxue is so excited seeing her father is getting better.

“It’s not pharmacist Kong Liang’s pill...” Yan Family Head stunned and immediately looked at Yi Tianyun. When he saw such a young pharmacist, he didn’t believe it at first. He thought Yi Tianyun was an apprentice brought by Kong Liang.

Things are not looking good for Kong Liang, Yan Family's Head seems to be in a good state of mind, even though he had just regained his consciousness, after persisting that much that Yi Tianyun won't be able to cure Yan Family's head. Now he's undoubtedly regained his consciousness and it's all thanks to Yi Tianyun.

"Since Yan Family Head has regained his consciousness, I will take my leave!" He has no face to remain here, then, he turned away and did not say anything.

Yi Tianyun didn't say anything, just saw him walk out with shame. Yi Tianyun doesn't really care, as long as he doesn't provoke him, there's no need to complicate this matter even further.

『Random Quest Completed.』

『Reward: 10.000 exp, 100 Yan Family' favorability, 30 Yan Lingxue's favorability, 20 Prestige.』

The quest was completed flawlessly, it's safe to say that it was very easy to complete.

"It turned out that this Brother Yi helped me out. I am really grateful. If you didn't help me, who knows for how long i would be in a coma." Yan Family Head stared at Yi Tianyun, such a young pharmacist. He respected him even more.

"It's nothing i simply help anyone in need." Yi Tianyun laughed.

"Young Master Yi is also the one who helped me find this Dragon Tail Grass!" Yan Lingxue added.

"I see he even helped you find Dragon Tail Grass. Even though you didn't think much about it, it really helps us a lot." The Yan Family Head smiled gently and immediately said to Yan Lingxue: "If that is the case, we must show him our hospitality, receive him at the hall. I will come along later."

"Hey, you have to rest well!" Yan Lingxue said.

“Yeah, what you need the most now is a good rest, don’t cultivate for a while, concentrate on recovering. It’s because the one that’s damaged is your soul that resting is the best medicine for now.” Yi Tianyun persuaded him.

“This is so embarrassing...” Yan Family’s Head thought about it, and said: “Say Yan’er, what will you reward this Brother Yi?”

“Hmmm... I even forgot to reward him from last time!!” come to think of it Yan Liangxue haven’t even rewarded him for his help to search Dragon Tail Grass, and now he even helped refine the medicine for her father.

“Since we haven’t rewarded him yet, retrieve that thing at home and give it to Young Master Yi.” Yan Family Head smiled.

“Hey, you mean that thing...?” Yan Lingxue stunned and didn’t get it right away.

“Yes, definitely.” Yan Family Head nodded and confirmed it once.

Yan Lingxue nodded, she turned to Yi Tianyun said: “Young Master Yi, please wait a moment, I will get your reward.”

“This is no need, I don’t need anything.” Yi Tianyun tried to stop her, he’s just here to complete quest and already obtained the reward.

“Please accept it Brother Yi, it will definitely be useful for you in the future!” Yan Family Head insisted.

“Well, if you insist, then I will gladly accept.” Yi Tianyun said.

Soon, Yan Lingxue came back and brought something up and wrapped it in red cloth. She opened the red cloth and turns out the content is a small dragon furnace. This is definitely a treasure, and it is a very good treasure!

“This is.... an alchemy furnace?” with a glimpse Yi Tianyun knew that the grade of this alchemy furnace is very good, at least the holy level.

A holy level alchemy furnace, the price is not low, it's rare and can't be purchased with gold. Instead, you need to exchange it with other high quality materials, or exchange precious spirit herbs instead of gold.

“Yes, this alchemy furnace is low level holy tool. We don't have any other good thing we can give you, this is all we can offer.” Yan Family Head smiled.

Chapter 56: Purple Fire Holy Furnace

Yi Tianyun did not expect that Yan Family's Head will give him an alchemy furnace, moreover it's a holy level too. If he sell it, undoubtedly he'll receive abundant amount of gold. As the price itself is considered to be around 2 million gold.

Of course that's just an estimation, considering the furnace of this level can't be sold by gold, it's really hard to determine its value.

Yan Family's Head gave it to him might be because Yi Tianyun doesn't have an alchemy furnace he could personally use. The effect and the success rate for his refinement would increase tremendously.

He can refine without the use of one, like he did a moment ago, but to refine high quality pill, it is necessary to use alchemy furnaces. Not only it can provide a better success rate, but also assisting to control the fire. Without alchemy furnace, refining high quality pills will fail unless he has a skill to back-up his confidence.

“This is a holy spirit tool, it's too expensive for me.” Yi Tianyun frowned. Although he felt honored to receive such a great reward, he feels that he doesn't deserve such reward. Today is his first time using alchemy, although he did a good job at that too.

However, with the system he had, Yi Tianyun was very sure he would not fail.

“It’s not expensive at all, this is the only reward we can give to you. Our family doesn’t have an alchemist. This Purple Fire Holy Furnace is wasted here, it’s only natural to give it to a talented young man like you.” Yan Family Head insisted.

“Yeah, Young Master Yi, it’s for you. We Yan Family is not a family of alchemist. I wanted to search for an alchemist in the future, to whom we can entrust this tool. I didn’t expect to meet you.” Yan Lingxue sighed, Yan Family has a small background, limited resources, and no high level cultivator, it’s hard to raise a young alchemist on their own.

“But this is a holy level tool, with this alone I can buy a city! To be honest, I am surprised that you can keep an item like this for so long. If somebody else knows about this, it could be disastrous.” Yi Tianyun said with an honest opinion.

Yan Family can’t keep this holy tool by themselves, this only will lead to a disaster for them. Yan Family’s strongest cultivation is Yan Family’s Head, but his cultivation is only at Tenth Level Spirit Refinement, not even in a Core Condensation. In order to breakthrough to Core Condensation, he forces himself and finally fell victim to cultivation deviation.

“Yeah, so I think Brother Yi is very suitable to receive this, I will give this to you as you surely can put it to a good use.” Yan Family Head smiled.

Yi Tianyun was silent for a while and said: “I will accept this alchemy furnace, but, as this thing is very expensive, I can’t just accept it, I will surely return the favors.”

He said that and he brings out all the gold that he has, and the room they are on, is full with gold. Looking at the mountain of gold in front of them, the Yan Family member is all stunned.

This is all the gold he gets along his journey, especially when he got surrounded by all the cultivator at the entrance of the Dragon God Palace and killing all the mountain beasts after that.

“Young Master Yi, I didn’t expect you to have this much money...” Yan Lingxue took a sigh of relief. She thought that she can reward Yi Tianyun with gold, turned out she was wrong all along.

“This is for your family’s growth. I will be staying here for a while if you don’t mind. You can buy alchemy materials and forging materials with this gold, then I will refine all the materials into pills and some spirit tools to strengthen Yan Family. This is all I can do in exchange of this tool”

Due to Yan Family’s head generosity he intend to stay here for a while and help them with refinement. Of course, it’s not like he didn’t gain anything in return, not only he’ll gain experience and mastery but also a place to stay.

“Young Master Yi, you even helped us refining?” Yan Lingxue is shocked by Yi Tianyun’s generosity, in fact, they were all shocked, they thought they misheard him.

“Yes, I can refine top quality spirit pill for you. Use this gold to buy materials.” Yi Tianyun smiled and said: “can you prepare a room as soon as possible? Because I can’t stay for too long.”

“No, no problems at all!” Yan Lingxue immediately react, this is a big opportunity for her family.

They can’t use the Purple Fire Holy Furnace, they can only give it to Yi Tianyun, they don’t expect that Yi Tianyun would refine pills for them, but it’s an undeniable fact that they need it. They don’t need the alchemy furnace as they are in dire need of resources to grow their family.

After arranging the room for Yi Tianyun, Yan Lingxue returned to the room they all gathered before and becomes excited: “Father, that is a wise move you have done there. He is a genius!”

“You figured out that I fancy him don’t you?” Yan Family Lord smiled lightly: “I observed him carefully, he already becomes an alchemist in such a young age, that is maybe because of his background status or his talent is extremely high. In any case, it is most important to befriend such talented individual. He doesn’t ask anything in return, already proving that he is not a greedy person and that is a quality a good person has, that makes it worthwhile to befriends such person! He is worth more than the holy tools we gave him, if we becomes a good friend with him, surely he can help us again in the future if we need him”

If they sell the Purple Fire Holy Furnace, they could receive a great amount of money too, but then again the money surely would diminish over time, but to make acquaintance of a genius surely would worth more!

What he is looking at is Yi Tianyun's empathy and righteousness. He even thought to marry Yi Tianyun to his daughter.

"Father, are you worried about Wang Family and Zeng Family?" Yan Lingxue asked with a bit of hatred in her voice

"Yes, I will definitely do so until the end of my life, but sooner or later they would force us to submit to them. But now that Brother Yi is here, I hope he can help us refine pills and weapons, so that we can strengthen our Yan Family and hold our ground against them." Yan Family's Head sighed, because he didn't manage to breakthrough to Core Condensation Realm, it will be more difficult to protect his family.

Yan Lingxue nod lightly to her father's words and immediately goes out to buy materials. Since Yi Tianyun already said he would do it, it wouldn't be polite to make him wait for so long.

Soon she purchased a variety of materials and brought them back to Yi Tianyun. With the help of the alchemy furnace, he refined countless medicinal consumables, and various medicinal herbs and healing remedies were used. The same is true for the forging process too. A good amount of spirit tools is being refined. After his prestige points increased, as of now the success rate is at 90%. This fact alone is great for him, as of now he didn't need to use extra amount of crazy points to use lucky aura.

In this state, his experience and proficiency in general is rising exponentially!

[Ding, successfully broke through to Fourth Level Core Condensation!]

"Eh, I leveled up? how much have I refined already?" Yi Tianyun did not know how much he refined already as he lost track of time, just focusing on refining all the materials he gets. All of a sudden, he leveled up!

This breakthrough is really is too fast, he keeps thinking about Yan Family head, he got an illness due to excessive cultivating, and he still didn't get to break through to core condensation level, yet here he is already leveled up this far without breaking a sweat.

Chapter 57: Siege

“Almost done...”

Yi Tianyun felt that his alchemist mastery also leveled up all of a sudden. He gave the Yan Family ten upper level spirit pill and a large number of pill. This is worths quite a sum. Of course, he himself got a lot of benefit too, besides he managed to breakthrough to 4th Core Condensation Realm, his alchemist mastery also leveled up to the intermediate mastery!

Primary alchemist mastery is relatively low, so it's quite easy to level it up to the intermediate level.

After he finished refining, he got up and walked out the door. One of the guards standing outside hurriedly bowed and said: “Master Yi, what can i help you with?”

They're here ever since Yi Tianyun began refining in case Yi Tianyun need something.

“Nothing in particular, just take me to Miss Yan,” Yi Tianyun said.

They headed to where Yan Lingxue. When they're near the hall, they heard a conversation.

“Yan Family's Head seems fine, as if you're never sick in the first place.” Zeng Family Head sitting next to him smiled, but it doesn't seem like a sincere smile.

“Yeah, I heard a few rumors about you these past few days. Now that I saw you myself i'm relieved. We are here to congratulate for your recovery.” Wang Family Head smiled: “This is our congratulatory gift. Please accept.”

Yan Family Head is sitting in the middle of the hall, Yan Lingxue is standing next to him, both of them are smiling and seem friendly.

“Thank you for your kindness. I am already grateful for the fact that you pay me a visit,” Yan Family Head smiled and did not accept the gift.

“You are welcome, you’re our friend after all..., this gift is just complementary” Wang Family Head said with a smile: “But there is one more reason we come here, we’re to ask for your help.”

“What is it? Please say it, as long as it’s still withing my power, I will help.” Yan Family Head smiled and have no idea what these two are going to ask him.

“I heard that Yan Family has a holy level alchemy furnace. I wonder if I can borrow it?” said the Wang Family’s head.

Yan Family’s Head expression changed. Yan Lingxue next to him was shocked. She wonder if someone leaked this information.

“Wang Family Head, how can we Yan Family have such luxurious item? We have a few good spirit tools though, and we’re satisfied with it.” Yan Family Head smiled.

“Hey!” The Wang family slammed the tea table next to him into pieces, he sneered then stood up and said: “can you stop pretending? We had spies here beforehand saying you have a holy level alchemy furnace. You think you can fool us? I refrain myself to do this before because I was afraid of your big brother in Qingxuan. Recently, there was news from Qingxuan’s family that your brother was killed. Now, you Yan Family, has no one to rely on!” Wang Family Head said, his earlier courtesy was just a farce. Zeng Family’s Head smiled and stood up. His smile was so creepy. He kicked the box next to him and it turned out that it was a coffin! It was a coffin, not a recovery gift at all!

“Yan Family Head, we know each other, I will give you a chance, either hand over that holy level alchemy furnace, and marry your daughter to my son as a concubine then at the very least Yan Family will not completely disappear, or from now on, there will be no more Yan Family in this city” Then he affirmed: “i bought this coffin here for you, either hand your alchemy furnace to us or you’ll be buried alive, choose one of them!”

Two of them is cultivator at Core Condensation, and Wang Family’s Head was slightly higher. He broke through to Second Level Core Condensation. To sum it up, they’re much stronger than Yan Family Head.

When Yan Family Head heard that his eldest brother was dead, his expression didn’t change, but Yan Lingxue was shocked, and her eyes reddened. Obviously this is her first time hearing that news.

“Oh, uncle...”

Her eyes were red, and she realized that her father was desperately trying to reach Core Condensation Realm. Because if there is no Core Condensation cultivator on Yan Family, they will be threatened by the siege of these two family, and Yan Family will be no more!

“Go!”

Yan Family Head pushed Yan Lingxue and signal her to escape. Yan Lingxue fled to the courtyard, and he quickly prepare for a skirmish and unleash his aura. However, compared with the two of them, there the gap is too far. Besides, he’s still not fully recovered, how can he stand against them?

Do you really think she can escape? The whole Yan Family is surrounded by our people!” Zeng Family Head sneered.

Yan Family Head’s face became pale “seems like this is the end for Yun Family...”

Actually when he regained consciousness he already planned to escape as soon as possible, but because he met Yi Tianyun, he decided to wait for Yi Tianyun until he finished refining. He didn’t expect it would take quite a while, and the news spread too fast.

“I said hand over that holy level alchemy furnace, we will let you live...”

“Are you stupid? How long do you think i’ve been a Family’s head?” only exerting this much effort to infiltrate our family and now you said you’ll let us live! You really think i’d buy that do you?”

Zeng and Wang Family will let him go? That’s obviously a big fat lie, leaving a root will cause endless trouble!

Zeng Family’s Head and Wang Family’s Head menacingly. It seems that Yan Family’s head already saw through them.

“Well, the cat is out of the bag, no point in hiding the truth then, this is the end of the road!” Zeng Family Head sneered.

“End of the road? For who i wonder?” At this time a figure came in from the passage on the side of the courtyard, followed by Yan Lingxue, standing behind him.

The teenager who walked in is Yi Tianyun!

“Who are you?” Zeng Family Head looked at him from the top of his head to the bottom of his toe, and didn’t know who it is.

“I am just a guest of Yan Family. Do you want this alchemy furnace?” Yi Tianyun take out the Purple Fire Alchemy Furnace.

Their eyes flashed a ray of light, showing ecstasy.

“This is holy level spirit tool!” They are so excited like a little boy who received a toy, this is holy level spirit tool, the general sect doesn’t have it, but this small family have it!

Yan Family’s Head saw Yi Tianyun coming in with Yan Lingxue and hurriedly said, “You, why would you come back...”

“Yan Family is in difficult situation, and I can’t just escape by myself.” Yi Tianyun smiled: “No. When I’m about to see miss Yan, I saw a group of people who were up to no good. I heard everything from outside. Yan Family Lord gave me this alchemy furnace. Did you intend to entrust the alchemy furnace along with miss Yan?”

Yan Family Head sighed and can’t say anything back. Even though someone tried to help him they still can’t escape this situation!

Chapter 58: Crush

“Yan Family Head, I did not expect you to give such an important item to a child, I don’t think you could be this stupid, are you really that gullible?” Zeng Family Head looked at Yi Tianyun, sneering like he already won: “Not only he isn’t running, but he brings your daughter back.”

“Kid, I will give you a chance, give me the alchemy furnace. Because you are not part of Yan Family, I will let you walk out of here alive!”

Both of the family head is watching Yan Family Head and Yi Tianyun with greedy smile on them, Yi Tianyun didn’t believe them at all, he feels that he doesn’t need to hold back against such an unmoral old fart like them, the key here is to make sure Yan Family Head and Yan Lingxue didn’t die at the end of all this.

“What a bullshit! Do you really think I will believe you?” Yi Tianyun sneered: “All I can see in front of me is 2 greedy old dogs! Even if I give you this alchemy furnace, I’m sure you would bite me nonetheless?”

Zeng Family Head was stunned, watching Yi Tianyun sneering at him: “It seems that you are not a stupid kid after all, but whatever, if you don’t give that item to me now, I can take it by force, you are gonna be dead anyway, the difference now is that there will be nothing left when I’m done with you!”

After he finished his sentence, he rushed in to attack Yi Tianyun. The room is immediately filled with oppressing aura of core condensation, nobody in the room couldn’t feel it!

Yan Family Head instantly jump in and blocked the attack aimed to Yi Tianyun, and he shouted: “Little Brother Yi, GO! take Yan’er with you!” He already knew that he can’t win against opponent in this level yet, all he can do is buy some time for his daughter to escape.

“Let me handle this.” Yi Tianyun gently pulled his shoulder and drag him to stand beside Yan Lingxue.

The next moment, Yi Tianyun quickly extended his hand and from his palm, comes a strong vacuum that greatly pulls the person in front of him.

“Absorbing Star Great Technique!”

The vacuum power of this ability quickly pulls Zeng Family's Head, he's shocked seeing what happened in front of him. He tries to break away from the grip of Yi Tianyun hands, but everything was already too late. His spiritual power, is already being absorbed, making him weaker overtime.

[4000 exp, 4300 exp, 4200 exp...]

With the level up version of this absorbing power, and the effect of Crazy Mode and Double Exp Pill, he receives a huge amount of exp in a short time. Zeng Family Head feels his spiritual power diminished really fast, he panicked and rushed to escape Yi Tianyun grip.

"You, what kind of demon are you!" Zeng Family Head was shocked and angry. He tried to use his other hand to send Yi Tianyun flying, but this attempt is easily foiled by Yi Tianyun!

Too bad grabbing the target with both hands doesn't accelerate the absorption rate.

Yi Tianyun smiled coldly to Zeng Family Head and continues to madly absorb the spiritual power on Zeng Family's Head.

No matter how hard Zeng Family's Head struggles, he can't break free from Yi Tianyun's grip, he's panicking and realized, that such a power only has one explanation. The kid in front of him now, has a higher cultivation than he is.

Yi Tianyun is younger than them, but he is much stronger than them? How could such a thing happened!

"Hold on, I will help you out!" Wang's Family Head will not stand silently and let this insolence continue, he quickly unsheathed his sword, and charge in to stab Yi Tianyun, the edge of this sharp sword flicker through the air, showing the fact that this sword could make a hole in Yi Tianyun's body.

Yi Tianyun is bored by this kind of situation, he quickly kicked the knees of Zeng Family Head, dropping him in to the floor. Zeng Family Head screamed and it seems that his leg is broken. Yi Tianyun equipped his frost fist, and catches the sword that Wang Family swunged at him. The fists immediately glowing in light blue, showing that it has more spiritual power than the sword. No matter how hard Wang Family's

Head tried, he couldn't move the sword at all! Although the level of the Frost Fist is only at the level of Spirit tool, it still has a high durability.

“What is this power...” Wang Family Head was shocked beyond believe. He already used all his strength to stab Yi Tianyun, but he couldn't push his sword any closer to Yi Tianyun's body, a kid stopping his attack like nothing!

Yi Tianyun drag the sword along with Wang Family's Head. This however, realizing Yi Tianyun's intention Wang Family's Head reacted quickly by dropping his sword. He already knew that he has no chance of winning against Yi Tianyun and chooses to escape, he immediately turned around and fled the scene.

“You want to escape? Not a chance, come back here!”

Yi Tianyun raised his hand, and the vacuum effect that he uses against Zeng Family's Head earlier comes out again. Wang Family's Head instantly pulled towards Yi Tianyun. He cannot escape Yi Tianyun's power, and Yi Tianyun finally got his hand on Wang Family's Head and begin absorbing his spiritual power.

Yi Tianyun feels exp surging into his body, this is such a satisfying sensation for him. It will be easy for him to break through if this keeps happening.

Yan Family's Head and Yan Lingxue, behind them, were extremely stunned. They did not expect Yi Tianyun to have such power, he doesn't even show any signs of such strength, yet all of a sudden he can overpower 2 family head easily.

“How, how can Little Brother Yi has such high cultivation?” The Yan family head's eyes widened. He couldn't believe that a teenager who was about the age of his daughter is better than 2 powerful family head.

At the beginning, he handed the alchemy furnace to Yi Tianyun, intended for the future of his daughter. He wanted Yi Tianyun to take his daughter as his wife. He thought that Yi Tianyun is a talented genius who will have a bright future, so he want his daughter to have that kind of man as her partner. He didn't expect that Yi Tianyun to be this strong too! heck, he doesn't need to wait for the development he hoped in the future, as Yi Tianyun is already helping them now.

“Young Master Yi are you a Core Condensation Realm cultivator?” Yan Lingxue surprised by Yi Tianyun power.

After a short while, the spiritual power of the two family head in front of him was completely drained, and Yi Tianyun throws them to the floor to show everyone how weak they are before Yi Tianyun. They took a massive damage on their bodies, the effect of Absorbing Star Great Technique to their soul is absolutely traumatic.

But soon after, they began to shaking as they were scared by the man in front of them. When they saw Yi Tianyun standing in front of them, their eyes become clouded by fear.

“You, who are you, where are you came from?” Two of them knew that they are walking in thin ice, as their fate now depends on Yi Tianyun. Judging from his power they thought Yi Tianyun is from some powerful faction or family, it is almost impossible to have this kind of power yet have no powerful faction behind him.

“Does it even matter?” Yi Tianyun feels no emotion against them, instead his killing intend is overpowering them, as if Yi Tianyun looking at a cockroach dirtying his house.

Chapter 59: Solution

Yi Tianyun’s cold voice made them scream. Don’t you think there’s something else more important? For example how can you survive this situation!

The two of them looked at each other and saw fear from each other’s eyes.

“Winner is hero, loser is villain anything the winner do is justified. Go ahead and kill us!” Zeng Family Head did not ask for mercy and chose to accept his fate. At least his guts is worthy of appreciation.

“I admit you’ve got some guts, too bad it won’t save you.”

Immediately Yi Tianyun threw Immortal Fire to him, the moment Immortal Fire touch Zeng Family’s Head it instantly enveloped his body. then, Yi Tianyun activated Luck Aura, double exp pill and Crazy Mode!

Then he did the same thing as Zeng Family's head, Wang Family's head screamed like crazy and rampaging on the ground trying to extinguish the fire. But just like Zeng Family's Head, with almost no spiritual power left, he also fell victim to Immortal Fire.

It's not that they're weak in terms of cultivation. It's just Immortal Fire is very powerful.

[Ding, killing Wang Family Head, got 40.000 exp, Hegemony (human level martial arts), and 1000 Crazy Point.]

He gained a lot of exp and human level martial arts, but this martial arts is nothing special, their level is too low, he is not interested at all. But since he got it for free anyway, there's no reason to throw it away

“I haven't leveled up yet. It seems that i need quite a lot of exp to level up now...”

Yi Tianyun opened his status bar.

Host: Yi Tianyun

All item: 20 Recovery Medicinal Pill, 8 Double Exp Pill, Gift Pack Lv31

“Still need another 600.000 exp to level up, no wonder i haven’t leveled up yet even after sucking them dry...”

Yi Tianyun shook his head, but realized that he can gain more exp by absorbing his opponent spiritual power first then kill them. Of course that is the ideal situation and he’d lik

e to do so to any opponent he encounter. But If there are too many enemies, then he can’t do that easily.

Absorption Star Great Technique is more suitable for dealing with a small number of enemies. If there are too many enemies obviously they will get in the way, maybe Yi Tianyun will be able to accelerate the absorption rate real fast later on if the level of the technique is really high.

After finishing these two off very easily, he turned around and saw the two people who were dumbfounded. he smiled and said, “What’s the matter? Something wrong?”

“No, of course not, I don’t know Little Brother Yi is this strong. Are you a Core Condensation cultivator?” Yan’s family asked him not believing his eyes.

“I am at Fourth Level Core Condensation.” Yi Tianyun smiled and took out the storage ring and handed it to Yan Lingxue. He said: “There are pills and weapons inside to strengthen your family. You can either leave Wind City or remain here. Made your choice. Anyway, I killed those two. Do you have any other enemies left?”

“No, we never provoke anybody to begin with, those two are just too greedy, their obsession toward Purple Fire Alchemy Furnace leads to this situation.” Yan Family’s Head felt guilty.

“You decide what to do from here on out. I already cleared our escape route, I should leave as well.” Yi Tianyun laughed.

Before he came here, he had already defeated the guards outside, otherwise Yan Lingxue won’t be able to follow him safely. It’s just that Yan Lingxue didn’t think that Yi Tianyun would be stronger than those two.

“Young Master Yi, Are you really leaving...?” Yan Lingxue wants to stop him but can’t think of any good reason.

Yi Tianyun’s strength, talent and his manner is just extraordinary, they believe that Yi Tianyun must have a strong faction as a backer, they don’t think they can stop Yi Tianyun from leaving.

“Yes, I still have something...”

When Yi Tianyun was about to say something, there was a footstep outside the door, and a group of people came in from the outside. He saw a familiar face among them, that is Kong Liang!

In addition to Kong Liang, there are two powerful expert, their fierce aura enveloped the whole room.

Yi Tianyun observe them using Appraisal Eye. Immediately, information of the leader was described: Fourth Level of Core Condensation Realm, and wearing golden leather which could easily resist attack from Spirit Refinement Realm cultivator and can resist half of attack from lower level Core Condensation, combat power is 230.000!

Judging from their appearance, it doesn't seem like they're here for a cup of tea.

Chapter 60: Frozen

“What a hero! He is so young yet so strong, he can already kill Wang and Zeng Family Head at such a young age. This is amazing. I wonder who is this little brother's teacher?” The man smiled and looked quite amiable.

“Oh, I almost forgot. I am Wind Pavilion's Vice-Chief Pavilion Lord, Yuan Ping. Pleased to make your acquaintance ”

Kong Liang, standing on the sideline, looked at the two bodies that already turned into charcoal was felt chill down his spine. He is relieved that he didn't provoke Yi Tianyun any further earlier, otherwise he could have met the same fate as these two.

“Wind Pavilion...” Yi Tianyun feels uncomfortable, not a single good memory when the word “Wind Pavilion” comes into his mind.

When he sees Kong Liang standing there, he realized this is not good, probably he returned to Wind Pavilion and telling them everything he sees. Yuan Ping probably have sent spy beforehand to monitor Yi Tianyun, otherwise he will not be coming this prepared.

“I am not interested.” Yi Tianyun's said straightforwardly, they caused many conflicts, and they want him to join them? What a joke!

“Little brother, why don't we have a talk before you decide hastily? Holy level alchemy furnace is a very good item to have.” Yuan Ping's eyes suddenly become sharper, receiving the news on why those two came, there's only one reason.

Now even his tone changed, he said “You can hold on to this item under one condition, you have to join Wind Pavilion!”

“Listening to you just now, makes me wonder, who exactly is the owner of this item? Is it you? Or me? How come you get to decide anything about it and not me?” Yi Tianyun mocked him with sarcasm.

“Don’t be stupid boy! I am giving you a chance here! Either you join us and you can hold on into that furnace or you can die here like those two” Yuan Ping said, clearly aggravated by Yi Tianyun, “Don’t get ahead of yourself just because you managed to kill those two, unlike new born Core Condensation like them, I’m already far above them, with your third level core condensation, its futile fighting me boy!”

Yuan Ping immediately released his Fourth level Core Condensation’s aura. The aura is much thicker and stronger than those of Wang and Zeng Family Head released earlier. It’s not shocking at the least to Yi Tianyun, after all Yuan Ping is a Vice Chief Pavilion Lord.

“You Wind Pavilion, has always stoop so low, not only using dirty ways, you also try to control others by force, and now you want to put your hands on other person’s treasures?” Yi Tianyun shook his head, he thought that his problems with Wind Pavilion is already over the moment he escaped Wind City, he never expect that he has to confront them again, not this fast at least.

“Boy, I will give you one last chance! Give in now, or die!” Yuan Ping’s eyes filled with killing intent.

He also brings another elder that has a similar cultivation as him. These two is far stronger than the those two family’s head before. Because of this furnace, they couldn’t control the greed in their heart, preparing to attack to take it by force if necessary.

As long as he joins Wind Pavilion everything will be okay, but if he didn’t want to, they will take the furnace by force!

With eyes like a dead fish Yi Tianyun said “And I also give you a last chance, either you fuck off or die!”

Yan Lingxue and Yan Family Head both took a sigh of relief, they already entrusted the furnace to Yi Tianyun, and they clearly don’t want it to fall to someone like Yuan Ping. They understand that holding to something as valuable like that is the same as inviting death! But they really are feeling grateful for Yi Tianyun to come to help them.

“Kid, I give you some leeway to save your face, but it seems like you’re too stubborn” Yuan Ping clearly had enough of Yi Tianyun’s arrogances “If that is what you want, then goodbye!”

When he finished speaking, Yuan Ping charged to attack Yi Tianyun. The storage ring on his hand is flashing with bright lights, revealing an upper spirit sword that he instantly grabs. He immediately took a stance to slash the sword into Yi Tianyun’s body. With his fierce swordsmanship he released all his killing intent into the tip of his sword, trying to kill Yi Tianyun in an instant.

“Frost Fist, activate!”

Yi Tianyun immediately uses the special effect of the frost fist, and the group of people in front of him, is already encased in ice. They are stuck to their place, clearly can’t move and can’t speak.

Yi Tianyun walked over and smirked.

“Crazy Mode, activate!”

“Double Exp Pill!”

He grabs Yuan Ping’s frozen arm and align him with the other people that comes with him and activated his Absorbing Star Great Technique and began to absorb their spiritual power all at once. The amount he absorbed is just crazy, because he absorbed more than one person at a time.

[10,000 exp, 10,000 exp, 98,000 exp...]

A bunch of exp is surging through Yi Tianyun’s body, and all they can do is watch like an idiots, as there are no ways for them to move and escape from Yi Tianyun.

“This effect of the leveled up the Frost Fist is very good, even Core Condensation cultivators is frozen solid!”

Yi Tianyun looked at them with a smile on his face, he feels really content with the outcome from the entire quest that he get. He got to level up his weapons and his technique. And he also thinks that the frost fist is starting to become an overpowered item.

Frost Fist (Low level Spirit weapon). Effect: Ice attributes attack, slow down enemy movement speed attacked by the fist. Special skill: completely freeze an area within 200 meters from the user, causing super freeze, can last up to five minutes, and consume Crazy Points per usage.

There is no details on the how high of a level of cultivation that can be frozen by the fist, just an indication on how long they would freeze. Based on this information alone already shows how overpowered this item is, seeing that no matter what he can freeze an opponent as long as he has enough Crazy Point for it.

Yan Family Head and Yan Lingxue were gawking at the side, all they can feel is a chilling cold, and after that Yuan Ping and the others that comes with him is stopped in their track at the same time.

Yuan Ping's eyes were shocked by this outcome, he was eager to talk to Yi Tianyun, he wanted to speak, but he couldn't move his mouth to produce a word. But in a way, how can he talk, as in this moment, he is frozen solid.

After five horrifying minutes, the spiritual power in their bodies was completely drained leaving nothing at all!

After the freezing effect is ended, they began falling to the floor, completely weakened, as they have no spiritual power left on their bodies.

"You, what kind of demon are you!" Yuan Ping was shocked. In the end, it all the same, everyone that try to fight him, were left speechless!

They have never seen anything like this before. Martial arts that can absorb the spiritual power from other persons and seeing someone that have such skill are standing in front of you! They all were terrified, and shocked.

"Am I a demon now? Does it matter now?" Yi Tianyun sneered: "Do you still want to kill me now?"
